In April, 2012, Albany Division received information from Anchorage Division that Bill and Lorraine Currier were murdered in June 2011, and their bodies were left in an abandoned farmhouse in Essex, Vermont. Investigation revealed that the abandoned farmhouse was demolished at the end of October, 2011. Investigation further determined that the demolition debris was taken to the All Cycle transfer station in Williston, Vermont, where it was then transported to the Coventry Landfill in Newport, Vermont.

When the farmhouse was demolished, the basement of the farmhouse was filled in with the stone walls of the house. In April, 2012, investigators dug out the basement and sifted the contents, however, the Curriers remains were not recovered. Investigation at this point led to the Coventry Landfill.

Referenced serial 385 documents the consent search conducted at the Coventry Landfill from 05/07/2012 to 07/20/2012 for the remains of Bill and Lorraine Currier. The search focused on an area of trash placement on 10/26/2011 and 10/27/2011. At the conclusion of searching at the Coventry Landfill on 7/18/2012, Investigators were unable to locate the remains of Bill and Lorraine Currier.

At the conclusion of the search at the Coventry Landfill, on 07/18/2012 and 07/19/2012, a Total Station team from Boston Division ERT surveyed the search site with its Total Station surveying equipment. Additionally, on 07/20/2012, aerial photographs were taken by an FBI photo plane.

At the request of Boston Division Total Station operator SA [redacted]

Synopsis: (U) Return of Israel Keyes' Bayliner boat (1B193) to [redacted]

[redacted] b7E

Enclosure(s): Enclosed are the following items:
1. (U) FD-597 for 1B193

Details:

On Friday, September 28, 2012, at approximately 10:45 AM, the writer and SA [redacted] returned a Bayliner POGPRIS series boat (WN7470GB) and trailer [Evidence item 1B193] to [redacted] in Neah Bay, Washington. Pursuant to a phone call [redacted] with [redacted] Agents parked the boat outside the fence of the Neah Bay Water Treatment plant. During the phone call, the writer advised [redacted] that b6 b7C

UNCLASSIFIED

Title: (U) Return of evidence.
Re: 306-AN-15642, 10/01/2012

the trailer's jack had broken and was un-operable. [redacted] indicated that he had all the necessary tools to get the trailer onto his vehicle's hitch. b6 b7C

While parking the boat, a Makah Tribal employee contacted Agents and asked if [redacted] needed to sign anything, indicating that [redacted] was running late. The writer advised that he did not and that the receipt would be left in the boat's driver's side seat. Agents departed before [redacted] was able to return.

The FD-597, Receipt for Property Returned, was placed into a 1A envelope in the case file.

Synopsis: (U) To request receiving divisions' assistance in retrieving further background information on brothers of Israel Keyes.

[redacted] b7E

Details:

For background, Samantha Koenig was kidnapped from her place of employment in Anchorage, Alaska by Israel Keyes on 02/01/2012. Keyes confessed to the kidnapping and murder of Koenig and has since been charged federally with kidnapping which resulted in the death of Koenig. Koenig's remains were recovered in Matanuska Lake, Alaska.

On 03/13/2012, Israel Keyes was arrested in Lufkin,TX after using an ATM card associated with Samantha Koenig. Since being transported back to Anchorage Keyes has been cooperating with law enforcement, providing additional information about other crimes including kidnapping and murder. Keyes confessed to the kidnap and murder of William and Lorraine Currier in Essex, VT on 06/08/2011.

Title: (U) Background Information on Israel Keyes' Brothers
Re: 306-AN-15642, 10/05/2012

In subsequent interviews, Keyes indicated he was responsible for additional homicides in multiple states. The Anchorage Division is currently attempting to identify additional victims and locate their remains.

Keyes was raised in an "Amish" type upbringing and is the second oldest of nine children. Three of his brothers currently reside in Maine. At this time, there is no reason to believe that his brothers were aware of any of Keyes' criminal activities, nor were they involved. However, if in the future Anchorage Division needs to conduct interviews with the brothers, Anchorage Division would like to obtain further local background information on the brothers, to include, but not limited to, criminal history, any law enforcement contact including reports or calls for service, vehicles driven, DMV photos, their business license, current addresses, and current phone numbers. Below are the names and identifiers of the brothers and their local business:

b6
b7C
b7E

It is unknown at this time who exactly owns the business, but the brothers According to the

Details:

On 02/01/2012, victim Samantha Koenig was abducted from her place of employment, Common Grounds coffee stand in Anchorage, Alaska. The subject, Israel Keyes, has been interviewed on multiple occasions and has admitted to killing Koenig, providing details about the abduction and homicide. In addition, Keyes

FBI Records: The Vault — Israel Keyes LastKnownContact.com Part 04: Pg 86 / 475

Title: (U) Lead to Lab with Koenig evidence
Re: 306-AN-15642, 10/10/2012

admitted to abducting and killing two other individuals, William and Lorraine Currier, in Vermont, the previous year (June 2011). Although Keyes has confessed to the homicides, this case will likely be a capital case and go to trial. The current trial date is set for March 18, 2013.

The Laboratory is requested to conduct appropriate examinations on evidence items as described below.

The following evidence was found in the shed where Samantha Koenig was killed or in Keyes' house. The shed was located in the driveway of Keyes' house. Anchorage would like to determine if the hair or blood evidence is consistent with Koenig.

1B243 Barcode E5123797 Strand of hair

1B148 Barcode E5123308 Dagger and sheath

1B138 Barcode E5123280 Sponge (presumptive blood test inconclusive)

1B131 Barcode E5123273 Swabs from back wall of shed (presumptive blood test positive)

1B120 Barcode E5123262 Green rope in tote (presumptive blood test positive)

1B115 Barcode E5123257 Garden sprayer (presumptive blood test positive)

The following is being sent to obtain a known DNA sample for Samantha Koenig:

1B203 Barcode E4254810 Long bone fragment

Captioned case is restricted in Sentinel. Assigned examiners should contact SA [redacted] to advise of assignment and case access will be granted. Also please contact SA [redacted] with any questions/concerns via e-mail or on her blackberry at [redacted]

FD-302 (Rev. 5-8-10)

FEDERAL BUREAU OF INVESTIGATION

Date of entry 10/16/2012

[redacted] born [redacted] was interviewed telephonically at [redacted] After being advised of the identity of the interviewing Agent and the nature of the interview, [redacted] provided the following information:

b6
b7C

[redacted] lives in the [redacted] and takes his elderly mother to a hair appointment every Thursday morning. On February 2, 2012 at approximately 11:40 am, [redacted] was at Matanuska Lake in Palmer walking his three dogs. When he pulled into the parking lot he parked near a white construction truck. He remembered the truck had a construction company name on the side and chuckled to himself because he felt the person was having fun and not working. [redacted] got his dogs out of the car and walked near the bed of the truck which was lined with tool boxes. [redacted] noticed blood on one of the tool boxes. He was concerned and pulled out his cellphone to take a picture. At this same time, a male walked up and [redacted] put his camera away without taking the picture. [redacted] now knows the man to be Israel Keyes and based this identification on seeing him in the media. Keyes was pulling a sled that had a blue tarp on it. One of [redacted] dogs ran up to the sled and began sniffing it. Keyes told the dog to get away and appeared angry. [redacted] was going to say something to the man about his attitude but was uncomfortable and fearful.

Initially, [redacted] indicated this occurred on February 2, 2012. He later stated that it could have been a later date but it definitely happened on a Thursday. He was sure of it being Thursday and approximately 11:40 am because he always takes his mother for her hair appointment. [redacted] recalled there was snow on the ground and it was cold.

[redacted] advised he considered calling the police when he encountered the man and saw the blood. However, he stated he felt foolish doing so because it could have been from a hunting trip and he thought he wouldn't be taken seriously by law enforcement. After Samantha Koenig's body was found and Keyes was arrested he realized that he likely saw Keyes that day disposing of the body. However, he decided not to call law enforcement because it seemed they had solved the case. [redacted] stated he has been bothered by this and his failure to report for quite some time and that is why he chose to call and report the information today.

Investigation on 10/16/2012 at Anchorage, Alaska, United States (Phone)

Details:

THE FOLLOWING INFORMATION IS SENSITIVE AND SHOULD NOT BE FURTHER DISSEMINATED

Albany Division has been tasked by Anchorage Division with searching approximately 10 acres of property owned by subject Israel Keyes. The property is located within Albany Division territory at 511 Poplar Street, Constable, New York. Among other items, Albany will be

FBI Records: The Vault — Israel Keyes LastKnownContact.com Part 04: Pg 105 / 475

searching for human remains. Because Keyes property is approximately ten acres, Albany Division requests the deployment of cadaver dogs to assist with this search.

BACKGROUND

On 02/01/2012, victim Samantha Koenig was abducted from her place of employment, Common Grounds coffee stand in Anchorage, Alaska. The subject, Israel Keyes, is in custody and has been interviewed on multiple occasions and has admitted to killing Koenig, providing details about Koenig's abduction and homicide.

In addition, Keyes admitted to abducting and killing two other individuals, William and Lorraine Currier, in Vermont, the previous year (June 2011). The information provided by Keyes resulted in multiple searches being conducted in Albany Division territory. Three of the searches occurred at the Blake Falls reservoir in Parishville, New York. The Underwater Search Evidence Response Team (USERT) recovered a gun bolt and gun barrel from the Blake Falls Reservoir. Also recovered by USERT from the reservoir was a .38 caliber handgun owned by the Curriers. A land search next to Blake Falls Reservoir conducted by Albany ERT resulted in the recovery of a cache of weapons which Keyes had hidden under a rock near the reservoir. Keyes also provided the location of an abandoned farmhouse at which Keyes stated he left the Curriers' bodies. Investigation determined that the farmhouse was demolished in October 2011 and the demolition debris was ultimately taken to the Coventry Landfill in Newport, Vermont. An eleven week search at the Coventry landfill was unsuccessful in recovering the Curriers remains.

Keyes has also eluded to his involvement in other homicides over the past fourteen years, including an unidentified victim whose remains Keyes claims to have buried in Tupper Lake, New York during a trip he made to the Northeast in April 2009. During the murders of the Curriers in Vermont, Keyes claimed to have a "rape kit" with him. During interviews with Keyes, Keyes has advised agents 1) that he has weapons & cash caches, as corroborated by Albany ERT, in various parts of the

FBI Records: The Vault — Israel Keyes LastKnownContact.com Part 04: Pg 106 / 475

United States, and 2) that he has committed bank robberies, arsons and burglaries.

Keyes admitted to investigators that he robbed a bank in Tupper Lake, New York, in 2009. Investigators were aware of an unsolved Tupper Lake bank robbery which occurred on 04/10/2009. Keyes provided details of this bank robbery which were not known to the public. Investigators reviewed bank surveillance photos from this robbery and opined that Keyes is identifiable in the photos.

During interviews with Keyes, Keyes told agents that he owns property in Constable, New York, where Keyes resided for about a year prior to joining the Army. A Deed obtained from Constable, New York town offices verified that Keyes is the owner of [redacted] Constable, New York. Although the deed reflected that Keyes purchased this property on 10/23/1997 from [redacted] for one dollar, further investigation revealed the property was purchased for $15,000. The deed indicated the property contained 9.998 acres of land measuring approximately 270 feet by 1613 feet. b6 b7C

During Keyes' trips to the Northeast in April 2009 and June 2011, Keyes' stayed in hotels in the Burlington, Vermont area and then traveled to areas in New York. Keyes' Constable, New York property was not far from his likely travel routes in April 2009 and June 2011.

PRESENT

FBI Albany is seeking to obtain a search warrant for the Constable, New York property. It is anticipated that the search will take place on 10/23/2012. The Constable search will be coordinated with a search to take place in Anchorage Division territory. The search warrant for Keyes Constable property is being obtained in order to search and seize items that are evidence of kidnappings resulting in death, carjackings resulting in death/murders, and bank robberies, specifically to search for human remains, weapons, and other items believed to have been used or taken, by Keyes, during the murders of the victims, or used during the bank robbery(ies).

FD-302 (Rev. 5-8-10)

FEDERAL BUREAU OF INVESTIGATION

Date of entry 10/18/2012

The following investigative activity was conducted by Special Agent [redacted] Federal Bureau of Investigation, Los Angeles Field Office. b6 b7C

From March 30, 2012 through April 4, 2012 SA [redacted] served as the Dive Team Supervisor for an underwater search and recovery operation for FBI Anchorage Division. The following is a chronological accounting of the events relating to this operation.

On March 30, 2012 SA [redacted] received a telephone notification from Supervisory Special Agent [redacted] of a pending expedited request for dive team services from FBI Anchorage. The information provided indicated that FBI Anchorage was in receipt of information that a victim of a violent crime that it was investigating might have been placed under a frozen lake north of Anchorage and that FBI Anchorage was requesting a dive team deploy to that lake and conduct an underwater search and recovery operation.

SA [redacted] immediately began arranging the FBI Los Angeles Underwater Search and Evidence Response Team (LA USERT) for an expedited emergency deployment to Anchorage. On Saturday, March 31, 2012 SA [redacted] and the members of the LA USERT reported to the LA USERT Offsite warehouse and prepared the appropriate dive equipment and personal gear for conducting a cold weather under ice search operation.

On April 1, 2012 SA [redacted] and five additional members of the LA USERT deployed to Anchorage, Alaska. Also deploying to that location were two members of the FBI's Washington, D.C. USERT (WFO USERT) who would supplement the LA divers.

On April 2, 2012 SA [redacted] and the divers were joined in Anchorage by Supervisory Special Agent [redacted] and several personnel from the FBI Laboratory's Hazardous Materials Operations Unit (HMOU). All deploying personnel reported to the FBI Anchorage Field Office and were briefed on the case by members of the FBI Anchorage Evidence Response Team (ERT), the Case Agent, FBI Anchorage Executive Management and members of the Anchorage Police Department.

This document contains neither recommendations nor conclusions of the FBI. It is the property of the FBI and is loaned to your agency; it and its contents are not to be distributed outside your agency.

FBI Records: The Vault — Israel Keyes LastKnownContact.com Part 04: Pg 120 / 475

b6
b7C

At the conclusion of the briefing SA [redacted] and all deploying personnel then were taken to Matanuska Lake, north of Anchorage where the requested search was to be conducted. Upon arriving at the lake SA [redacted] and SSA [redacted] were shown an area of the lake where investigating personnel believed the victim had been placed. At that immediate area SA [redacted] observed an area of ice that seemed to have been disturbed and investigators advised that this was the area where it was believed a hole was cut in the ice several weeks earlier and the hole in which the victim was placed. This area had been iced over again since the victim was placed into the lake.

SA [redacted] then developed the dive operations plan which included cutting additional holes in the ice a certain distance away from what was believed to be the original hole. The first hole would be used to deploy a scanning sonar unit and a second hole would be used to deploy a remote operated vehicle (ROV). SA [redacted] then assigned personnel to begin cutting the holes, to setup the scanning sonar unit and to setup the remote operated vehicle (ROV). SA [redacted] assigned the following personnel to their respective assignments: SA [redacted] SA [redacted] and SA [redacted] to cut the holes in the ice; SA [redacted] to setup and operate the scanning sonar assisted by SSA [redacted] and SA [redacted] SA [redacted] and SA [redacted] to setup and operates the remote operated vehicle.

During this entire operation SA [redacted] was assisted by SA [redacted] of the Anchorage FBI Evidence Response Team and numerous members of FBI Anchorage and Anchorage Police Department. SA [redacted] kept SA [redacted] and the Case Agents and Detectives updated with exactly what was being done and what results were being obtained. SA [redacted] and the Case Agents and Detectives were present, at times, inside the tents to observe the images being obtained by the sonar and ROV. SA [redacted] and her ERT members assisted the dive team members in every phase of the operation including setting up tents to provide shelter for the sonar and ROV operations, transportation to and from the lakeside command post, assisting the HMOU personnel with cutting the holes in the ice and removing the large pieces of ice from those holes and other tasks necessary to conduct this operation. SA [redacted] assigned one of the FBI ERT members to take photographs to document the scene.

The first phase of the search was the deployment of the scanning sonar. Case Agents and Detectives advised SA [redacted] Upon deployment of the scanning sonar SA [redacted] advised SA [redacted] that the sonar had identified [redacted] in the immediate area of the original hole identified earlier as

the hole used to place the victim into the lake. SA [redacted] and SSA [redacted] observed the sonar images obtained by SA [redacted] Once these sonar images were mapped the remote operated vehicle was deployed with a video camera to confirm whether or not the sonar targets were human remains. SA [redacted] assigned SAs [redacted] to operate the ROV. SA [redacted] drove the ROV to the immediate vicinity of the first sonar target. Once near the target SA [redacted] operated the ROV's video camera to observe the target. SA [redacted] and SSA [redacted] observed the ROV's video screen and confirmed that the first image [redacted]

b6
b7C

Once the ROV's camera confirmed the first target as human remains SA [redacted] began transitioning the search to a dive recovery operation. A third larger hole was cut in the ice to deploy the divers and a dive station was setup near that hole. SA [redacted] assigned SSA [redacted] and SA [redacted] to conduct the dive recovery. SA [redacted] was assigned to operate the surface supplied air console and maintain voice communications with the divers throughout the dive recovery. SAs [redacted] were assigned to be the tenders for the divers. The sonar and ROV were left in place to assist the divers in locating and recovering the targets. SA [redacted] was assigned to remain at the sonar console and SA [redacted] and SA [redacted] were assigned to remain at the ROV console and to observe the ROV video camera.

SA [redacted] acted as Dive Supervisor and the divers were deployed with full dive helmets and on a surface supplied air system with full two way communications between the divers and the surface and between the two divers. One diver was deployed with a video camera mounted to his helmet. As the divers were deployed SA [redacted] could observe the helmet mounted video camera display. Once the divers were in the water they reported that they could visually observe the targets as they descended. The divers deployed with a body bag to place the victim into for recovery. During the dive the divers were observed on both the sonar and the ROV video camera. The diver's helmet mounted video camera also documented the recovery until it malfunctioned shortly into the dive. During the dive SSA [redacted] and SA [redacted] advised SA [redacted] that they had located and recovered [redacted] which were all confirmed to be human remains. Each of [redacted] were placed into the body recovery bag which was then lifted to the surface. Once at the surface members of the FBI ERT assisted in lifting the bag out of the water and placing it into an enclosed structure placed around the hole in the ice. FBI ERT members then coordinated the human remains being turned over to the medical examiners personnel on scene.

Once the human remains were at the surface SA [redacted] initiated the process of recovering the diver. The tenders recovered the divers and the divers were subjected to their post dive procedures. The recovery operation was

then terminated and all equipment was disassembled and secure for transport back to the FBI Anchorage Field Office.

On April 3, 2012 dive team personnel deployed back to the FBI Anchorage Field Office and all original images from the scanning sonar, the ROV video camera (still images) and the helmet mounted video camera (prior to its malfunction) were provided directly to FBI Anchorage personnel prior to the dive team demobilizing. Dive gear was the prepared for shipment back to the FBI Los Angeles Field Office.

On April 4, 2012 all gear was shipped and all personnel from FBI Los Angeles, FBI Washington, DC Field Office and FBI Laboratory (Evidence Response Team Unit and Hazardous Materials Operations Unit) departed Anchorage.

ADMINISTRATIVE WORKSHEET

General Information

Location	Blake Falls Reservoir - Parishville, New York
Date/Time of Arrival	Apr 18, 2012 08:10 AM
Case ID	7A-AN-15642
Latitude & Longitude	Lat. 44.46852800 Long. -74.77258300
Condition of Scene on Arrival	Unsecured reservoir and boat launch.
Lighting	Daylight
Weather	Clear
General Description	The area of the search is located on the west shore of the Blake Falls Reservoir to the south of a boat ramp. In the area of the boat ramp approximately 50 feet to the south of the boat ramp, a creek goes under Raquette River Road and empties into Blake Falls Reservoir. The GPS coordinates for the boat ramp at the no swimming sign are as follows: N 44 degrees 28.120', W 074 degrees 45.789'. Evidence listed in the evidence log was located approximately 329 feet south of the boat ramp.

ADMINISTRATIVE WORKSHEET

and/or Specialists Used (Notes/Observations)	
Crime Scene Conference (Notes/Observations)	
Final Survey (Notes/Observations)	
Narrative (Notes/Observations)	Received consent to search the premises surrounding the southern boat launch at the Blake Falls Reservoir from [redacted] Supervisor, Brookfield Renewable Energy Partners L.P. USERT SA [redacted] was present at the beginning of the search conducting a site survey for a future dive operation. SAs [redacted] searched around large rocks between the boat launch driveway and the area of the creek. Also walked the woods on the south side of the creek approximately 75 yards to the south of the boat launch area driveway. The cleared area between the road and the tree line is covered with a thick growth of tall grass/sticker bushes. There are areas of steep drop offs between the road and the tree line, however, once in the tree line, the incline is not as steep. There is a large rock approximately 6' high by 12' wide located immediately to the south side of the creek near the reservoir (see photos). At approximately 2:15pm, SA [redacted] located a large rock slab that was approximately 4' wide by 6' tall. The rock slab stood approximately 6' tall, and it was leaning against a large boulder which was mostly in the ground, but was partially exposed on the downhill side. The rock slab was in an area of relatively steep terrain. The 4' x 6' rock slab was standing on its end, and it was leaning against the large boulder at about a 70 degree angle, creating a sheltered area between the rock slab and the boulder. On the ground in the sheltered area was a pile of bowling ball sized rocks which were covered by a few broken branches. Among the bowling ball sized rocks were chunks of moss which appeared to have been placed on

ADMINISTRATIVE WORKSHEET

	the bowling ball sized rocks rather than growing there naturally. A Home Depot bucket with a lid was concealed beneath these bowling ball sized rocks. The location of the 4'x6' rock slab was approximately 329' south of the boat ramp driveway. A sketch was prepared for the area of the rock slab. In order to measure the rock slab into the sketch, measurements were taken from a power line pole to the south of the 4'x6' rock slab and from a tree on the Raquette River Road. The location of the tree on Racquette River Road was also approximately 329' from the boat ramp driveway. The tags on the power line pole were noted and photographed. The initials "TKT" were spray painted in red on the tree next to Raquette River Road. In addition, a red line was sprayed on Raquette River Road in the front of the tree with the "TKT" initials. "TKT" was also spray painted in red on the underside of the 4'x6' rock slab. The GPS coordinates of the location of the 4'x6' rock slab were as follows: N 44 degrees 28.067', W 074 degrees 45.813'. The Home Depot Bucket was carried back to the area of the boat launch where the lid was opened and the contents of the bucket were inventoried, photographed, and packaged. The Home Depot Bucket and its contents were transported by SA [redacted] and SA [redacted] to FBI Albany. The Home Depot Bucket and its contents were temporarily secured for the evening in the ERT room by engaging the combination lock to the ERT room. On 4/19/2012, the evidence was sealed by SA [redacted] and SA [redacted] and turned over to evidence control.

Reference: Communication dated August 20, 2012

Your No.:

Title: ISRAEL KEYES;
SAMANTHA TESSLA KOENIG - VICTIM;
ET AL;
SERIAL KILLINGS - VIOLENT CRIMINAL THREAT

Date specimens received: August 23, 2012

The specimens listed below were examined in the Nuclear DNA Unit:

Q216	Swab from starboard side of bow seat F (1B218, E5098231, Item 10)
Q217-Q218	Two swabs from bow side of gunnel (1B222, E0598235, Item 14)
Q221	Piece of gunnel (1B224, E5098237, Item 16)
Q226	Rope (1B215, E5098228, Item 7)
Q233	Screw (1B219, E5098232, Item 11)

This report contains the results of the serological and nuclear DNA analyses.

1 - Seattle
[redacted]

FBI Records: The Vault — Israel Keyes LastKnownContact.com Part 04: Pg 209 / 475

Results of Serological Examinations:

Specimens Q216, Q217, Q218, Q221, Q226, and Q233 were examined for the presence of blood; however, none was detected.[1]

Results of Nuclear DNA Examinations:

Specimens Q216, Q217, Q218, Q226-1 (swabbing of knotted areas of rope), Q226-2 (swabbing of the dark colored portion of rope), and Q226-3 (swabbing of light colored portion of rope) were subjected to deoxyribonucleic acid (DNA) typing by the polymerase chain reaction (PCR). The AmpFℓSTR® Identifiler® Plus PCR Amplification Kit was used for this analysis.[2]

No amelogenin and no STR typing results[3] were obtained from specimens Q216, Q217, Q218, Q226-1, Q226-2 and Q226-3.

Because no DNA typing results were obtained, the tested specimens are not eligible for entry into the Combined DNA Index System (CODIS).

No other serological or nuclear DNA examinations were conducted.

Methods/Limitations:

The following methods and limitations apply to the results/conclusions provided in the results section(s) of this report and are referenced by number in the body of the text for clarity.

[1] This conclusion is based on the result of the phenolphthalin test. Insufficient quality and/or quantity of biological material may affect the ability to detect blood.

[2] The AmpFℓSTR® Identifiler® Plus PCR Amplification Kit includes the amelogenin locus and the autosomal STR loci (from non-sex chromosomes) D8S1179, D21S11, D7S820, CSF1PO, D3S1358, TH01, D13S317, D16S539, D2S1338, D19S433, vWA, TPOX, D18S51, D5S818, and FGA. The amelogenin locus is used for sex determination. Insufficient DNA quality and/or quantity can affect the ability to generate a DNA typing result and is not an absolute determination that an individual did not come into contact with an item of evidence.

[3] Insufficient DNA quality and/or quantity can affect the ability to generate DNA typing results.

FBI Records: The Vault — Israel Keyes LastKnownContact.com Part 04: Pg 210 / 475

Remarks:

The supporting records for the opinions and interpretations expressed in this report are retained in the FBI files. The submitted items will be returned to you under separate cover. For questions about the content of this report, please contact Forensic Examiner [redacted] For questions about the status of your submission, including any remaining forensic examinations, please contact Request Coordinator [redacted] [redacted]

b6
b7C

In addition to the evidence in the case, the Nuclear DNA Unit has generated secondary evidence that will also be returned to you. The secondary evidence can be found in a package marked NUCLEAR DNA UNIT SECONDARY EVIDENCE. It is recommended that this evidence be stored in a refrigerator or freezer and isolated from evidence that has not been examined.

[redacted]
Nuclear DNA Unit

This report contains the opinions/interpretations of the examiner(s) who issued the report.

FD-302 (Rev. 5-8-10)

Original Record

FEDERAL BUREAU OF INVESTIGATION

Date of entry 10/16/2012

On 10-16-2012, agents met with ISRAEL KEYES, date of birth (DOB) 1-7-1978, at the Anchorage Jail Complex, 1300 E. 4th Ave, Anchorage, Alaska. Present were Federal Bureau of Investigation (FBI) Task Force Officer (TFO) [redacted] and FBI Special Agent [redacted]

b6
b7C

Law enforcement contacted KEYES as previously agreed to inquire if he wanted to meet with agents on this day. KEYES told the agents he was suppose to meet with his lawyer in the afternoon and for the next few days. KEYES declined to meet with agents. However, KEYES asked that agents continue to check in with him to see if he wants to meet with them., KEYES also told law enforcement he could contact them if something came up prior to agents coming to the jail. He indicated he knew how to contact the agents.

Investigation on 10/16/2012 at Anchorage, Alaska, United States (In Person)

FEDERAL BUREAU OF INVESTIGATION

Date of entry 10/16/2012

On 10-10-2012, ISRAEL KEYES, date of birth (DOB) 1-7-1978, was contacted at the Anchorage Jail Complex, 1300 E. 4th Ave, Anchorage, Alaska. Present were Federal Bureau of Investigation (FBI) Task Force Officer (TFO) [redacted] and FBI Special Agent [redacted] KEYES provided the following information: b6 b7C

Law Enforcement contacted KEYES to inquire if he wanted to meet with agents. KEYES told law enforcement that he had planned visits with his lawyers for the next several days so he didn't want to meet, however KEYES told agents to continue to check with him in the future. Law enforcement left telling KEYES that they would return on 10/16/2012 to once again inquire about meeting.

Date specimens received: October 18, 2012

The FBI Laboratory has received your request for examination. The accompanying items of evidence have been inventoried. The provided listing and description of the submitted items may be subject to change when the examination phase begins. If changes are made, they will be reflected in the Report of Examination issued by the examiner making the change.

Specimens:

Q281-Q299	Nineteen cartridges (1B180, E4824548)
Q300	Remington box (1B179, E4824547)
Q301	Tray from Q300 (1B179, E4824547)
Q302-Q401	One hundred cartridges from Q300 (1B179, E4824547)
Q402	Federal box (1B179, E4824547)
Q403	Tray from Q402 (1B179, E4824547)

FBI Records: The Vault — Israel Keyes LastKnownContact.com Part 04: Pg 215 / 475

Q404-Q433	Thirty cartridges from Q402 (1B179, E4824547)
Q434	Federal box (1B179, E4824547)
Q435	Tray from Q434 (1B179, E4824547)
Q436-Q485	Fifty cartridges from Q434 (1B179, E4824547)
Q486-Q488	Three magazines with cartridges (1B177, E4824545)

Each examiner assigned to your request will issue a separate Report of Examination that will address the results of his/her expertise. For technical questions, contact the following unit(s) assigned to your case:

- Firearms/Toolmarks Unit - [redacted]
- Latent Print Operations Unit - [redacted]

Title: (U) Coverage of Lead **Date:** 10/16/2012

To: [redacted] b6 b7C

From: DENVER
DN-CR-5
Contact: [redacted]

Approved By: SSRA [redacted]

Drafted By: [redacted]

Case ID #: 306-AN-15642 (U) KEYES, ISRAEL
KOENIG, SAMANTHA, TESSLA
ET AL

Synopsis: (U) To document coverage of Lead #31

[redacted] b7E

Reference: 306-AN-15642 Serial 356

Enclosure(s): Enclosed are the following items:
1. (U) 10SU-2269
2. (U) 08SU-2979

Details:

Based on serial number 356, lead 31 of the above captioned case Writer contacted the Southern Ute Tribal Police Department (SUPD), Ignacio, Colorado and Bureau of Indian Affairs Ute Mountain Ute Agency (UMUA), Towaoc, Colorado. Writer ascertained the following information:

Southern Ute Tribal Police Department response:

On 09/25/2012 SUPD responded and indicated that they had two missing persons during the time period in question. SUPD forwarded two reports to Writer for review. Upon review Writer ascertained that one

FBI Records: The Vault — Israel Keyes LastKnownContact.com Part 04: Pg 243 / 475

Title: (U) Coverage of Lead
Re: 306-AN-15642, 10/16/2012

of the reports, SUPD incident #10SU-2269, dated 03/08/2010 was resolved the same day. The other report, SUPD incident #08SU-2979 dated 10/28/2008 indicates that the missing person had not been heard from for two years. This places the missing person from SUPD incident #08SU-2979 outside the date range in question.

Bureau of Indian Affairs Ute Mountain Ute Agency response:

On 10/03/2012 UMUA Special Agent (SA) [redacted] responded via e-mail and indicated that UMUA was still conducting research into the request. As of 10/16/2012 UMUA has not provided the requested information. b6 b7C

FBI Durango Resident Agency Senior Special Agent [redacted] explained to Writer that she was aware of only one unaccounted for missing person from the Ute Mountain Ute Reservation, that is the victim referenced in substantive case file number 198A-DN-61060, [redacted] was last seen on 07/11/2000 and was believed to have been murdered by subject [redacted] body was never recovered. [redacted] was not prosecuted as he committed suicide during the course of the investigation.

Conclusion:

No missing persons from the Southern Ute Indian Reservation or Ute Mountain Ute Indian Reservation meet the date criteria set forth in the referenced lead. Should further information be developed from the UMUA Writer will forward that information as appropriate.

FEDERAL BUREAU OF INVESTIGATION

Date of entry 10/25/2012

On 10-24-2012, agents met with ISRAEL KEYES, date of birth (DOB) 1-7-1978, at the Anchorage Jail Complex, 1300 E. 4th Ave, Anchorage, Alaska. Present were Federal Bureau of Investigation (FBI) Task Force Officer (TFO) [redacted] and FBI Special Agent [redacted] b6 b7C

Law enforcement contacted KEYES as previously agreed to, law enforcement had told KEYES that they would contact him after the search of [redacted] home was complete. KEYES told law enforcement that he wanted to talk with [redacted] prior to meeting with agents regarding the search of [redacted] home. Law enforcement told KEYES they would return early the following week to see if he wanted to resume meeting with them, KEYES was amenable to that and the agent left.

General Records

FEDERAL BUREAU OF INVESTIGATION

Date of entry 10/26/2012

(U) [redacted] date of birth (DOB) [redacted] was interviewed at [redacted] After being advised of the identity of the interviewing Agent and the nature of the interview, [redacted] provided the following information:

b6
b7C

[redacted] served in the United States Army from 1998 until 2001. [redacted] was assigned to an Infantry Brigade in Fort Lewis, Washington in Washington State. [redacted] is currently a full time student at [redacted]

[redacted] served with ISRAEL KEYES, in the same infantry unit for approximately two years. [redacted] identified [redacted] as the Squad Leader and [redacted] as the Team Leader.

[redacted] described KEYES as socially awkward and introvert. [redacted] was not aware of any abuse of alcohol or illegal drugs by KEYES. [redacted] explained that because their unit was very small, he and his squad members, socialized and worked together frequently.

KEYES was a member of the Amish Church and according to [redacted] had a strained relationship with his family due to his military service. [redacted] was KEYES roommate at the unaccompanied housing for enlisted soldiers, also known as barracks. [redacted] also lived in the barracks for one year. [redacted] later married and moved out to an apartment outside of the military base.

KEYES was romantically involved with a black female, who later became pregnant by KEYES. KEYES was deeply upset and confused about the situation. [redacted] also believed that KEYES' girlfriend was an underage teenager. [redacted] does not know what happened to KEYES' girlfriend or her child. [redacted] was not part of the deployment to the Sinai in Egypt. However, he remembered that the platoon sergeant was court martial immediately, upon their return to the United States. [redacted] could not remember the platoon sergeant's name. The platoon sergeant was convicted of physically and verbally abusing several soldiers in the unit including KEYES roommate [redacted]

[redacted] worked in Washington State for three more years, after leaving

FD-302 (Rev. 5-8-10)

FEDERAL BUREAU OF INVESTIGATION

Date of entry 10/31/2012

On 08/10/2012, 09/11/2012 and 10/30/2012, SA [redacted] reviewed evidence item 1B 242, which consists of CD-Rs of video surveillance from LOWES, located at 10 Susie Wilson Road, Essex, Vermont, covering the time period beginning 06/08/2012 at approximately 3:00PM, and ending 06/10/2011 at approximately 1:00 PM. The purpose of the review was to determine whether WILLIAM and LORRAINE CURRIER's vehicle was seen in the parking lot for the store during the early morning hours of 06/09/2011, and to determine if ISRAEL KEYES could be seen entering or exiting the store on 06/08/2011.

b6
b7C

1B 242 consists of six CD-Rs which provide the LOWES store surveillance video for the cameras covering the parking lot, the main entrance (camera is inside store), and exit. The parking lot camera was noted to face the opposite direction of Susie Wilson Road, and does not capture the parking lot area closest to Susie Wilson Road. (NOTE: On 09/07/2012, SA [redacted] telephonically contacted the LOWES Loss Prevention Manager at that LOWES store location, [redacted] telephone number [redacted] who advised that the camera for the parking lot facing opposite of Susie Wilson Road is the only camera outside of LOWES other than the camera for the loading dock/delivery truck area, which does not capture customers or their vehicles.) The six CD-Rs for the LOWES surveillance cover the following dates and cameras:

Disk #1: 6/8/11 @ 14:59 - 6/10/11 @ 13:00 - Main entrance

Disk #2: 6/8/11 - Exit and Parking Lot (15:00 - 00:00)

Disk #3: 6/9/11 - Exit; 6/10/11 - Exit

Disk #4: 6/9/11 - Parking Lot (12:00 - 00:00)

Disk #5: 6/9/11 - Parking Lot (00:00 - 12:00)

Disk #6: 6/10/11 - Parking Lot

On 08/10/2012, SA [redacted] reviewed Disk #5 for the parking lot video surveillance on 06/09/2011, for the time period beginning at 00:00 (midnight) until 09:00. SA [redacted] did not see the Curriers' vehicle parked

Investigation on 10/30/2012 at Rutland, Vermont, United States (, Other (Review of surveillance video))

File # 306-AN-15642 Date drafted 10/31/2012

by [redacted]

306-AN-15642

Continuation of FD-302 of Review of video surveillance for Lowes in Essex, VT for 6/8/11 & 6/9/11 . On 10/30/2012 . Page 2 of 4

in, or being driven to, the parking lot area covered by this camera during that time frame. The following notes were taken by SA [redacted] during the review of this camera: b6 b7C

A. 00:41:48:72 - video shows unknown vehicle leave far corner of parking lot. Dark out. Can't identify vehicle.

B. 04:00:00 - parking lot is wet from rain

C. 04:28 - heavy rain; see sky light up from presumed lightning

D. 04:48 - white truck arrives & parks in lot next to vehicle of unknown description. Presumed to be LOWES employees arriving for work.

E. 04:54 - drivers from both vehicles mentioned above exit their vehicles, heading towards LOWES.

F. 06:38:21 - dark vehicle seen in far parking area (top/center) seen driving away. This vehicle was seen arriving in parking lot at approximately 06:30. No person seen exiting or going in to LOWES from the vehicle. Unknown vehicle, possibly black SUV or van.

G. 06:39:56 - unknown white male customer, with shoulder-length dark hair seen walking in parking lot towards store entrance, from unknown vehicle as video does not cover that area. (Male seen on left side of video screen).

H. 07:21:31 - an Unknown white male wearing a hat and has dark hair is seen walking towards the LOWES entrance then turns and heads away from the entrance. Seen on left side of screen, but can't see which vehicle male is coming from.

I. 07:38:51 - an unknown white male, with dark hair, wearing a red shirt, is seen walking in parking lot on left side of screen, coming from an unknown vehicle, and heading into the main entrance.

J. 08:03:51 to 08:06:04 - parking lot not viewable in surveillance video during this time period as the camera was zoomed in on a riding lawn mower parked in front of the LOWES store.

On 09/11/2012 and 10/30/2012, SA [redacted] reviewed Disks #1 and #2, which provide the video surveillance, for 06/08/2011, for the main entrance and exit of LOWES, starting at 14:59 (earliest time for 6/8/11 on the CD-Rs) until store closing at approximately 22:00. SA [redacted] was unable to determine, for certain, if ISRAEL KEYES entered or exited the store on 6/8/11 during the reviewed time period. However, SA [redacted] noted several

white males entering/exiting the store that have similar appearances to KEYES, as described below:

A. Disk #2/Exit camera @ 15:58:59 - a white male with dark hair, wearing a light blue or gray T-shirt, khaki shorts, was seen exiting the store. This same male can be seen on Disk #2/parking lot @ 15:59:04-06 walking away from LOWES in parking lot, and on Disk #1/Main Entrance @ 15:49:49, entering the store.

B. Disk #2/Exit camera @ 16:15:26 - a white male with brown hair, exiting the store, putting sunglasses on, wearing a gray T-shirt and tan shorts, seen carrying a red/white container, exiting the store. This same male can be seen on Disk #2/parking lot @ 16:15:57 walking away from LOWES in parking lot to an unknown vehicle (can't make out vehicle on video). This same male can not be seen on Disk #1 entering the store from 14:59 until his exit time, indicating he may have entered the store prior to 14:59.

C. Disk #2/Exit camera @ 17:17:55 - a white male with dark hair, wearing a white T-shirt, tan shorts, was seen exiting the store. This same male can be seen on Disk #2/parking lot @ 17:18 walking away from LOWES in parking lot to a vehicle that appears to be a wagon or small SUV with unknown license plate, and on Disk #1/Main Entrance @ 17:07:39 entering the store.

D. Disk #2/Exit camera @ 17:46:45 - a white male with short dark hair, wearing a blue T-shirt, carrying a red container which appears to be a gas container, was seen exiting the store. This same male can be seen on Disk #2/parking lot @ 17:46:40 walking away from LOWES in parking lot to an unknown vehicle, and on Disk #1/Main Entrance @ 17:43:06, entering the store.

E. Disk #2/Exit camera @ 19:28:18:42 - a white male with dark hair, wearing a white short-sleeved shirt and tan shorts was seen exiting the store with no obvious purchase made. This same male can be seen on Disk #2/parking lot @ 19:28:31 walking away from LOWES in parking lot to a vehicle that appears to be a wagon or small SUV with unknown license plate, and on Disk #1/Main Entrance @ 119:25:38, entering the store.

F. Disk #2/Exit camera @ 20:30:36 - a white male with short dark hair, wearing a dark blue or green short-sleeved polo shirt and tan shorts, was seen exiting the store carrying a small shopping bag. This same male can be seen on Disk #2/parking lot @ 20:30:47 walking away from LOWES in parking lot, and on Disk #1/Main Entrance @ 20:14:15, entering the store.

G. Disk #2/Exit camera @ 21:36:58 - a white male with shoulder-length dark hair, wearing a short-sleeved green or dark color shirt, jeans, was seen

306-AN-15642

Continuation of FD-302 of Review of video surveillance for Lowes in Essex, VT for 6/8/11 & 6/9/11 . On 10/30/2012 . Page 4 of 4

exiting the store with no store bags or items to indicate a purchase was made. This same male can be seen on Disk #2/parking lot @ 21:37:15 walking away from LOWES in parking lot to an unknown vehicle, and on Disk #1/Main Entrance @ 21:27:09, entering the store, while talking on a cell phone.

H. It was noted on Disk #1/Main Entrance that the employees closed and locked the Main Entrance doors at 22:00. It was noted on Disk #2/Exit camera that the last customer exited the store and the employees locked the Exit doors at 22:11.

Title: (U) Lead to AL for search of Constable property. **Date:** 10/29/2012

From: ANCHORAGE
AN-C-1
Contact: [redacted] b6 b7C

Approved By: SSA [redacted]

Drafted By: [redacted]

Case ID #: 306-AN-15642 (U) KEYES, ISRAEL
KOENIG, SAMANTHA, TESSLA
ET AL

Synopsis: (U) To request Albany Division conduct search of property belonging to Israel Keyes at 511 Poplar Street, Constable, New York.

[redacted] b7E

Details:

Anchorage requested assistance from the Albany Division in the search of property belonging to Israel Keyes. SA [redacted] talked to SA [redacted] and SA [redacted] numerous times to coordinate the search warrant affidavit and search. This lead EC is to formally follow-up with the request that was made. Anchorage appreciates Albany's assistance with this matter. b6 b7C

Background

On 02/01/2012, victim Samantha Koenig was abducted from her place of employment, Common Grounds coffee stand in Anchorage, Alaska. The subject, Israel Keyes, is in custody and has been interviewed on multiple occasions and has admitted to killing Koenig, providing details about Koenig's abduction and homicide.

In addition, Keyes admitted to abducting and killing two other

FBI Records: The Vault — Israel Keyes LastKnownContact.com Part 04: Pg 266 / 475

Title: (U) Lead to AL for search of Constable property.
Re: 306-AN-15642, 10/29/2012

individuals, William and Lorraine Currier, in Vermont, the previous year (June 2011). The information provided by Keyes resulted in multiple searches being conducted in Albany Division territory. Three of the searches occurred at the Blake Falls reservoir in Parishville, New York. The Underwater Search Evidence Response Team (USERT) recovered a gun bolt and gun barrel from the Blake Falls Reservoir. Also recovered by USERT from the reservoir was a .38 caliber handgun owned by the Curriers. A land search next to Blake Falls Reservoir conducted by Albany ERT resulted in the recovery of a cache of weapons which Keyes had hidden under a rock near the reservoir. Keyes also provided the location of an abandoned farmhouse at which Keyes stated he left the Curriers' bodies. Investigation determined that the farmhouse was demolished in October 2011 and the demolition debris was ultimately taken to the Coventry Landfill in Newport, Vermont. An eleven week search at the Coventry landfill was unsuccessful in recovering the Curriers remains.

Keyes has also eluded to his involvement in other homicides over the past fourteen years, including an unidentified victim whose remains Keyes claims to have buried in Tupper Lake, New York during a trip he made to the Northeast in April 2009. During the murders of the Curriers in Vermont, Keyes claimed to have a "rape kit" with him. During interviews with Keyes, Keyes advised agents 1) that he has weapons & cash caches, as corroborated by Albany ERT, in various parts of the United States, and 2) that he has committed bank robberies, arsons and burglaries.

Keyes admitted to investigators that he robbed a bank in Tupper Lake, New York, in 2009. Investigators were aware of an unsolved Tupper Lake bank robbery which occurred on 04/10/2009. Keyes provided details of this bank robbery which were not known to the public. Investigators reviewed bank surveillance photos from this robbery and opined that Keyes is identifiable in the photos.

During interviews with Keyes, Keyes told agents that he owns property in Constable, New York, where Keyes resided for about a year

FD-302 (Rev. 5-8-10)

FEDERAL BUREAU OF INVESTIGATION

Date of entry 11/01/2012

On 08/15/2012 and 08/21/2012, SA [redacted] reviewed surveillance video for the Rite Aid store, located at 9 Susie Wilson Road, Essex, Vermont, for the dates of 06/08/2011 and 06/09/2011 (evidence item 1B 241), for the purpose of determining if WILLIAM and LORRAINE CURRIER's vehicle can be seen outside of the store during the morning hours of 06/09/2011, and to determine if ISRAEL KEYES can be seen inside or outside of the store on 6/8/2011 or 6/9/2011.

b6
b7C
b7E

Evidence item 1B 241 is an external hard drive which contains surveillance video for three different businesses, including the Rite Aid store, in Essex, Vermont. The surveillance video for the Rite Aid store covers the time period beginning 06/08/2011 at 2:59 PM and ending 06/10/2011 at 1:00 PM, and consists of video surveillance taken by one camera, which is located inside the store and facing the entrance doors of the store, providing a limited view to the outside of the store, just beyond the entrance doors. (NOTE: On 08/15/2012, SA [redacted] telephonically contacted the store's Manager on Duty, [redacted] telephone number [redacted]

On 08/15/2012, SA [redacted] reviewed the Rite Aid surveillance video for 6/9/2011 beginning at 6:11 AM until 9:30 AM. SA [redacted] was unable to determine, for certain, whether the CURRIER's vehicle was captured in video surveillance at Rite Aid. A vehicle with a similar appearance to the CURRIER's vehicle was seen in the video, the details of which are described below. SA [redacted] was unable to determine, for certain, if ISRAEL KEYES entered the store during this time period. However, an unknown male with a similar appearance to KEYES, was seen entering the store, the details of which are also described below:

A. 07:36:30 - a female employee is seen opening the gate to the entrance.

B. 07:37 - lights turn on inside the store

C. 07:59 - Employee unlocks/opens entrance doors for customers/store opening

Investigation on 08/21/2012 at Rutland, Vermont, United States (, Other (Review of surveillance video))

File # 306-AN-15642 Date drafted 11/01/2012

by [redacted]

This document contains neither recommendations nor conclusions of the FBI. It is the property of the FBI and is loaned to your agency; it and its contents are not to be distributed outside your agency.

FD-302a (Rev. 05-08-10)

306-AN-15642

Continuation of FD-302 of Review of surveillance video for Rite Aid, Essex, VT for 6/8/11 & 6/9/11 . On 08/21/2012 . Page 2 of 3

D. 08:11 to 08:13 - no video available to view for this time period

E. 08:16 to 08:19 - no video available to view for this time period

F. 08:56 to 08:59 - no video available to view for this time period

G. 09:00 to 09:05 - no video available to view for this time period

H. 09:14:42 - A green sedan vehicle, similar to a Subaru-style vehicle, which is not the CURRIER's vehicle, was seen driving by the store entrance doors.

I. 09:15:05 - An unknown white male wearing a black shirt and blue jeans is seen entering the store. This male came from the direction where the green sedan vehicle had driven to in the store parking lot.

J. 09:15:50 - The same male described above was seen exiting the store with no apparent purchase made. Once outside, the male stands to the right of the entrance doors and then walks to the direction that the green vehicle mentioned above had traveled to in the store parking lot.

K. 09:16:36 - The aforementioned green sedan vehicle, similar to a Subaru-style vehicle, which is not the CURRIER's vehicle, was seen driving by the entrance doors in the opposite direction as before.

L. 09:18:17 - a different green sedan vehicle, similar in appearance to the CURRIER's vehicle, is seen driving by the entrance doors in the direction believed to be for exiting the store parking lot. The hubcaps on the vehicle appear similar to the ones on the CURRIER's vehicle. This green vehicle is different than the green vehicle noted above. The license plate and the driver can not be seen in the video.

M. 09:20 to 09:23 - no video available to view for this time period

On 08/21/2012, SA [redacted] reviewed the Rite Aid surveillance video for 6/8/2011 beginning at 14:59 until 16:15. SA [redacted] was unable to determine, for certain, if ISRAEL KEYES entered the store during this time period. However, a couple of unknown males with similar appearances to KEYES were seen entering the store, the details of which are described below: b6 b7C

A. 15:16:39 - a white male with a beard, wearing sunglasses, some type of hat, blue button-down collared shirt, tan shorts, flip flops and carrying a backpack, is seen entering the store. The male approached the entrance doors from the left of the doors, looking out from inside the store. (At 15:16:43, this male removes his sunglasses.)

FD-302a (Rev. 05-08-10)

306-AN-15642

Continuation of FD-302 of Review of surveillance video for Rite Aid, Essex, VT for 6/8/11 & 6/9/11 . On 08/21/2012 . Page 3 of 3

B. 15:18:45, the same aforementioned white male is seen exiting the store carrying his backpack, revealing that the backpack is two-toned, either black/green or black/gray. Once outside the store, the male turns right and heads in the opposite direction from how he arrived at the store.

C. 15:52:17 - a white male with dark hair is seen entering the store. The male is wearing painters or other type of work clothes. The male has distinctive eyebrows. This male is seen exiting the store at 15:57.

It should be noted that the surveillance video for the Rite Aid store, in the file format as it is saved to the external hard drive (item 1B 241), is not viewable. In order to view the surveillance video, SA [redacted] obtained assistance from the Albany Division's Telecom Manager (TM) [redacted] TM [redacted] determined the Rite Aid surveillance video file was saved on to the external hard drive using a file name format that was not compatible with the viewing software. TM [redacted] saved a working copy of the surveillance video file to a stand alone computer in the Rutland, Vermont Resident Agency and renamed the work copy file by removing the words "Rite Aid June 08..." from the beginning of the file name. SA [redacted] conducted the aforementioned reviews utilizing the work copy of the surveillance video. On an unknown date in September 2012, the hard drive, where the work copy of the surveillance video was saved to and reviewed from, crashed.

b6
b7C

prior to joining the Army. A Deed obtained from Constable, New York town offices verified that Keyes is the owner of 511 Poplar Street, Constable, New York. Although the deed reflected that Keyes purchased this property on 10/23/1997 from [redacted] for one dollar, further investigation revealed the property was purchased for $15,000. The deed indicated the property contained 9.998 acres of land measuring approximately 270 feet by 1613 feet.

b6
b7C

During Keyes' trips to the Northeast in April 2009 and June 2011, Keyes' stayed in hotels in the Burlington, Vermont area and then traveled to areas in New York. Keyes' Constable, New York property was not far from his likely travel routes in April 2009 and June 2011.

Lead Request

Anchorage requested the Albany Division obtain a search warrant for Keyes' property in Constable, New York. The search was coordinated with a search in Anchorage. The search warrant for Keyes Constable property was being obtained in order to search and seize items that were evidence of kidnappings resulting in death, carjackings resulting in death/murders, and bank robberies, specifically to search for human remains, weapons, and other items believed to have been used or taken, by Keyes, during the murders of the victims, or used during the bank robbery(ies).

Two photographers and two cameras were used. SA [redacted] photographed the garage and the exterior to include the outbuilding. Due to the camera's internal numbering, the photographs of the exterior are listed as #114 - #260 on the CD, however they are labeled #1-#147 on the photo log. SAS [redacted] photographed the interior of the house. The photographs of the interior on the CD match the photo log from 1-282. A separate memory card was then used to photograph items for an additional search warrant. Upon completion of those photographs, the original memory card was placed back into the camera. Therefore, photolog photograph #283 corresponds to CD photograph #308.

At approximately 10:50 a.m., the APD Bomb Squad started a structural inspection. When possible, they removed panels and insulation and used the boroscope. The bomb squad did not find anything of evidentiary value and replaced all panels and insulation they removed. One small hole behind a spice rack was created to allow access for the boroscope.

In the backyard, in the northeast corner of the yard, close to the house, a number of unattached doors were leaning against the fence. On one of the doors the following names/words were written on the surface:

[redacted]

Church of Arlington

You Must Be Born Again.org

SA [redacted] served as the evidence custodian and took custody of the evidence at the conclusion of the search and transported it to the FBI Building. A copy of the FD-597, Receipt for Property Seized, and a copy of the search warrant were left at the residence. The main body of the ERT team departed the area at approximately 5:52 p.m.

SA [redacted] and TFO [redacted] remained at the residence to wait for the [redacted] return. Additionally, SA [redacted] maintained custody of the jewelry in order to discuss the ownership of each piece. However, [redacted] did not want to meet with SA [redacted] and TFO [redacted] therefore, all jewelry was seized. SA [redacted] served as the seizing agent for these items and prepared a separate FD-597. SA [redacted] and TFO [redacted] locked and secured the residence and departed the area at approximately 6:15 p.m.

An additional search warrant was obtained by the Case Agent for other items at approximately 3:54 p.m. The results of that search will be documented in a separate report.

At approximately 7:10 p.m. SA [redacted] SA [redacted] and SA [redacted] packaged the valuable evidence in K-Pak evidence bags, heat sealed them and placed them in temporary storage for the Evidence Control Center (ECC).

The following items were seized from the residence and submitted to the FBI ECC:

Item Type	Description
1B General	(U) Pocket knife with wood grain and gold colored handle "Sheehan Pipeline Construction" Acquired On: 10/23/2012 Receipt Number: 1 Located By: [redacted] Other Locator: [redacted] Location Area: Room O Specific Location: Inside Cardboard Box

Notes

Preliminary Survey/Evidence Evaluation (Notes/Observations)	No furniture in the downstairs with most personal belongings boxed up and in the closets or garage. Owner told SA [redacted] she is remodeling the downstairs. Garage is full of furniture and boxes.
Special Situations, Conditions, and/or Specialists Used (Notes/Observations)	Three pug dogs in laundry room. Owner requested dogs stay during search and be looked after. Dogs have outside access to a dog run and water bowls.
Crime Scene Conference (Notes/Observations)	Cold morning, but clear and sunny. SA [redacted] SA [redacted] SA [redacted] and SA [redacted] at scene upon ERT arrival. APD Crime Scene Unit, APD Bomb Squad, and FBI Seattle Agents arrived on scene to provide assistance. HQ SSA and IA at scene. SSA [redacted] at scene.
Final Survey (Notes/Observations)	Third step from top of stairway to 2nd level cracked. Tape placed over step to stop others from walking on it. Photographs taken of damage. One pug shaped Christmas ornament broke during search. Photographs taken of damage. One small hole drilled behind spice cabinet to allow for boroscope access. Photographs taken.

ADMINISTRATIVE WORKSHEET

	House secured upon SA [ ] and TFO [ ] departure.
Narrative (Notes/Observations)	Two photographers and two cameras used, SA [ ] photographed the garage and the exterior to include the outbuilding. SAS [ ] photographed the interior of the house. SA [ ] and TFO [ ] maintained custody of the jewelry in order to discuss ownership with the resident's owner [ ] did not meet with SA [ ] and TFO [ ] so all jewelry was seized; SA [ ] served as the seizing agent for these items and prepared a separate FD-597 receipt.

Search Completion

Release of Scene Authorized By	SA [ ]
Release of Scene To	House unoccupied. Owner/resident informed of departure of law enforcement.
Date/Time of Scene Release	Oct 23, 2012 06:15 PM

Administrative Log

Date/Time	Log Entry
Oct 23, 2012 08:40 AM	ERT arrived at scene: SA [ ] SA [ ] SA [ ] SA [ ] SAS [ ] SOS [ ] ITS [ ] IA [ ], and SA [ ] SSA [ ] and Ofcr [ ] also arrive on scene

Title: (U) Additional SW at 2456 Spurr Lane
Re: 306-AN-15642, 11/01/2012

2456 SPURR LANE, ANCHORAGE, ALASKA, pursuant to a search warrant signed by United States Magistrate Judge John D. Roberts.

FBI ERT was already on scene executing a separate search warrant. Case Agent Special Agent (SA) [redacted] applied for and obtained a separate warrant for additional items of evidence. At approximately 3:54 p.m. ERT Team Leader SA [redacted] was notified the additional search warrant was authorized.

b6
b7C

The following personnel were present for all or portions of the search:

	Team Lead/Seizing Agents	FBI
	Case Agent/ Searcher/Finder	FBI
	Co-Case Agent/ Searcher/Finder	Task Force Officer (TFO)
	Photographer	FBI
	Searcher/Finder	FBI
	Searcher/Finder	FBI
	Searcher/Finder	FBI
	Searcher/Finder	FBI

FBI Records: The Vault — Israel Keyes LastKnownContact.com Part 04: Pg 335 / 475

Title: (U) Additional SW at 2456 Spurr Lane
Re: 306-AN-15642, 11/01/2012

	Searcher/Finder	FBI	b6 b7C
	Searcher/Finder	FBI	
	Searcher/Finder	FBI	
	Searcher/Finder	FBI	
	Searcher/Finder	FBI	
	Searcher/Finder	FBI	

Photographs of the evidence were then taken, using a separate memory card. The photolog lists the photographs as #1-25, however due to the camera's internal numbering, the CD lists the photographs as #283-#307. Entry and exit photographs were taken in conjunction with the original search warrant.

Three members of the Anchorage Police Department were at the scene, but departed at approximately 4:11 p.m. and did not participate in the execution of this search warrant. These members were Detective [redacted] Officer [redacted] and Officer [redacted]

SA [redacted] served as the evidence custodian and took custody of the evidence at the conclusion of the search and transported it to the FBI Building. The main search team departed the scene at approximately 5:52 p.m. A copy of the FD-597 and a copy of the search warrant were left at the residence. SA [redacted] and TFO [redacted] remained at the residence to wait for the owner's return. The owner did not want to talk to SA [redacted] and TFO [redacted] who then secured the residence and departed the scene at approximately 6:15 p.m.

Attorneys for the Plaintiff

IN THE UNITED STATES DISTRICT COURT

FOR THE DISTRICT OF ALASKA

In the Matter of the Search of:	)	Case No. 3:12-mj-00328-JDR
	)	
IN THE MATTER OF THE SEARCH OF 2456 SPURR LANE AND OUTBUILDINGS.	)	DECLARATION OF S/A JOLENE GOEDEN REGARDING ERRATA TO SEARCH WARRANT
	)	
	)	~~[Filed Under Seal]~~
	)	
	)	

I, Jolene Goeden, declare as follows:

1. I am a Special Agent with the Federal Bureau of Investigation, and was assigned to apply for the above-captioned warrant.

2. On October 19, 2012, I met with Magistrate Judge Roberts to present search warrant 3:12-MJ-00328. I provided Judge Roberts with an affidavit to

FBI Records: The Vault — Israel Keyes LastKnownContact.com Part 04: Pg 355 / 475

review which contained 56 numbered paragraphs. Included in the affidavit were paragraphs 3 and 4 which described the federal statutes that SA Goeden believed the target violated and were the basis for the probable cause evidence described in the remainder of the affidavit. I attach pages 1 and 2 to the affidavit provided to Judge Roberts, which contain paragraphs 3 and 4, as Exhibit A to this declaration.

3. Judge Roberts reviewed this affidavit and raised issues that required me to make minor revisions to the affidavit. I returned to my office and made the necessary revisions. It was during this process that I inadvertently deleted paragraphs 3 and 4 from the affidavit. I returned with the revised affidavit and search warrant application, and presented them to Judge Roberts a short time later. Judge Roberts signed the warrant.

4. During the execution of the warrant on October 23, 2012, it became necessary to apply for an additional warrant (Case No. 3:12-mj-00337-JDR) for the Spurr Lane residence. During preparation of this warrant, I noticed that paragraphs 3 and 4 were omitted from the earlier affidavit. During presentation of the subsequent warrant that same day (and while the execution of the initial warrant was still continuing), I notified Judge Roberts of the omission in the affidavit of 3:12-mj-00328-JDR.

FBI Records: The Vault — Israel Keyes LastKnownContact.com Part 04: Pg 356 / 475

RESPECTFULLY SUBMITTED this 30th day of October, 2012, in Anchorage, Alaska.

AFFIDAVIT IN SUPPORT OF AN APPLICATION FOR A SEARCH WARRANT

I, Jolene Goeden , being first duly sworn, hereby depose and state as follows:

INTRODUCTION AND AGENT BACKGROUND

1. I am an agent with the Federal Bureau of Investigation (FBI). I have been an agent since April 2004. I am charged with the duty of investigating violations of the laws of the United States, collecting evidence in cases in which the United States is or may be a party in interest, and performing other duties imposed by law. I have been assigned to investigate many criminal matters within the jurisdiction of the FBI, including human trafficking, child exploitation matters, kidnapping, carjacking, homicide, and other violent crimes.

2. I make this affidavit in support of an application under Rule 41 of the Federal Rules of Criminal Procedure for a warrant to search the residence located at the 2456 Spurr Lane, Anchorage, Alaska, as described in Attachment A. The items to be seized are described in Attachment B and are related to other crimes committed by KEYES unrelated to the murder of Samantha Koenig.

3. I believe that there is probable cause that evidence of the following federal crimes

FBI Records: The Vault — Israel Keyes LastKnownContact.com Part 04: Pg 359 / 475

will result from the seizure and search of this residence: Title 18, United States Code, Section 1201 (Kidnapping); Title 18 , United States Code, Section 2119 (Carjacking); and United States Code, Section 2113 (Bank Robbery); and Title 18 United States Code, Section 844 (Arson). The evidence to be collected from these seizures is described in Attachment B.

RELEVANT STATUTES

4. There is probable cause to believe that in the residence located at 2456 Spurr Lane, Anchorage, Alaska, there is evidence of and instrumentality used for violations of Title 18, United States Code, Section 1201 (Kidnapping), which provides that:

> Whoever unlawfully seizes, confines, inveigles, decoys, kidnaps, abducts, or carries away and holds for ransom or reward or otherwise any person, except in the case of a minor by the parent thereof, when the person is willfully transported in interstate or foreign commerce, regardless of whether the person was alive when transported in interstate or foreign commerce or uses the mail or any means, facility, or instrumentality of interstate or foreign commerce in committing or in furtherance of the commission of the offense;

and Title 18, United States Code, Section 2119 (Carjacking), which provides that:

> Whoever, with the intent to cause death or serious bodily harm takes a motor vehicle that has been transported, shipped or received in interstate or foreign commerce from the presence of the person or presence of another by force and violence or by intimidation, or attempts to do so.

and Title 18, United States Code, Section 2113 (Bank Robbery), which provides that:

> Whoever, by force and violence, or by intimidation, takes or attempts to take, from the person or presence of another, or obtains or attempts to obtain by extortion any property or money or any other thing of value belonging to, or in the care, custody, control, management, or possession of, any bank, credit union or savings and loan association.

and Title 18, United States Code, Section 844(i) (Arson), which provides that:

> Whoever maliciously damages or destroys, or attempts to damage or destroy, by means of fire or an explosive, any building, vehicle, or other real or personal property used in interstate or foreign commerce or in any activity affecting interstate or foreign commerce.

Evidence Drive:
Western Digital
WD5000AAKS
500GB
Serial number WMASY5815297
LBA 976,773,168
Data Mechanix Job# 27320

Drive received was a Western Digital 500GB (disk) 3.5 inch drive configured with a SATA interface. The disk was connected to a diagnostic workstation via a write blocker (ITS Image master Drive Lock solo).
The disk initially was unresponsive to any inquiry commands.

The disk was then attached to a PC-3000. The PC3000 is a specialized Hardware and Software device that allows examiners the ability to access vendor specific areas outside the user data area. The vendor specific area contains a series of files that configure and define the disk parameters and operations. Upon evaluation of the disk it was determined that one of the read/write heads inside the sealed disk assembly (HDA) was marginal and was "disqualified" by the self diagnostics upon power on sequence. Any head disqualification sets the disk to "protective mode" and will not respond to any commands. Typical disk power on protocol is a complex set of instructions to test and evaluate the health of a disk upon power up. To eliminate this "disqualification" the temporary RAM head mapping on the circuit board was altered to only qualify Head zero. Once the disk responded and displayed a "ready" status, we were able to access user data. The default head mapping was reinstated and all heads were able to read user data. At this point a sector image was created of the entire range of 976,773,168 sectors. Due to the marginal state or "compromised" integrity of one of the heads, defective sectors were found in the data area. The defective sectors totaled 26,112 and are attached in a file named "27320 Capture.txt". It is not uncommon for a disk to have thousands of defective sectors resulting from a failing head. The defective sectors are recorded in the file 27320 and are identified on the disk with a unique signature. Located at the beginning of each defective sector at an offset of 00 Hex, each defective sector is identified with a "DMXMD" signature.

The image disk and the original disk were returned to the FBI field identified above.

Regards,

[redacted]

Synopsis: (U) Search warrant 2456 Spurr Lane - Koenig specific. Search warrant number 3:12-MJ-00337-JDR.

♦♦

UNCLASSIFIED

UNITED STATES DISTRICT COURT

for the

District of Alaska

In the Matter of the Search of
(Briefly describe the property to be searched or identify the person by name and address)

2456 Spurr Lane, Anchorage, Alaska described as a blue house with an attached garage and outbuildings

Case No. 3:12-MJ-00337 - JDR

SEARCH AND SEIZURE WARRANT

To: Any authorized law enforcement officer

An application by a federal law enforcement officer or an attorney for the government requests the search of the following person or property located in the _____ District of Alaska
(identify the person or describe the property to be searched and give its location):
See Attachment A which is incorporated herein by reference

The person or property to be searched, described above, is believed to conceal *(identify the person or describe the property to be seized)*:
see Attachment Bwhich is incorporated herein by reference

I find that the affidavit(s), or any recorded testimony, establish probable cause to search and seize the person or property.

YOU ARE COMMANDED to execute this warrant on or before Octobe 26 2012
(not to exceed 14 days)

☑ in the daytime 6:00 a.m. to 10 p.m. ☐ at any time in the day or night as I find reasonable cause has been established.

Unless delayed notice is authorized below, you must give a copy of the warrant and a receipt for the property taken to the person from whom, or from whose premises, the property was taken, or leave the copy and receipt at the place where the property was taken.

The officer executing this warrant, or an officer present during the execution of the warrant, must prepare an inventory as required by law and promptly return this warrant and inventory to United States Magistrate Judge JOHN D. ROBERTS.
(name)

☐ I find that immediate notification may have an adverse result listed in 18 U.S.C. § 2705 (except for delay of trial), and authorize the officer executing this warrant to delay notice to the person who, or whose property, will be searched or seized *(check the appropriate box)* ☐for _____ days *(not to exceed 30)*.

☐until, the facts justifying, the later specific date of _____.

Date and time issued: Oct. 23, 2012 at 3:46pm

APPLICATION FOR A SEARCH WARRANT

I, a federal law enforcement officer or an attorney for the government, request a search warrant and state under penalty of perjury that I have reason to believe that on the following person or property *(identify the person or describe the property to be searched and give its location)*:
See Attachment A which is incorporated herein by reference

located in the _____ District of Alaska, there is now concealed *(identify the person or describe the property to be seized)*:
see Attachment Bwhich is incorporated herein by reference

The basis for the search under Fed. R. Crim. P. 41(c) is *(check one or more)*:

- ☑ evidence of a crime;
- ☐ contraband, fruits of crime, or other items illegally possessed;
- ☐ property designed for use, intended for use, or used in committing a crime;
- ☐ a person to be arrested or a person who is unlawfully restrained.

The search is related to a violation of:

Code Section		*Offense Description*
Title 18 USC1201	Kidnapping	

The application is based on these facts:
See attached Affadavit which is incorporated herein by reference

- ☑ Continued on the attached sheet.
- ☐ Delayed notice of _____ days (give exact ending date if more than 30 days: _____) is requested under 18 U.S.C. § 3103a, the basis of which is set forth on the attached sheet.

UNITED STATES DISTRICT COURT
THE DISTRICT OF ALASKA

IN THE MATTER OF THE SEARCH OF 2456 Spurr Lane, Anchorage, Alaska described as a blue house with an attached garage and outbuildings	Case No. 3:12-MJ-00337-JDR **Filed under seal**

AFFIDAVIT IN SUPPORT OF AN APPLICATION FOR A SEARCH WARRANT

I, Jolene Goeden , being first duly sworn, hereby depose and state as follows:

INTRODUCTION AND AGENT BACKGROUND

1. I am an agent with the Federal Bureau of Investigation (FBI). I have been an agent since April 2004. I am charged with the duty of investigating violations of the laws of the United States, collecting evidence in cases in which the United States is or may be a party in interest, and performing other duties imposed by law. I have been assigned to investigate many criminal matters within the jurisdiction of the FBI, including human trafficking, child exploitation matters, kidnapping, carjacking, homicide, and other violent crimes.

2. I make this affidavit in support of an application under Rule 41 of the Federal Rules of Criminal Procedure for an additional search warrant to search the residence located at the 2456 Spurr Lane, Anchorage, Alaska, as described in Attachment A. On October 19, 2012, this Court granted search warrant application 3:12-mj-00328-JDR, for the search of 2456 Spurr Lane, for evidence of other crimes committed by Israel KEYES unrelated to the kidnapping and murder of Samantha Koenig. Agents began execution of this search warrant on October 23,

FBI Records: The Vault — Israel Keyes LastKnownContact.com Part 04: Pg 379 / 475

2012. During the execution, agents noticed items in plain view that related to the kidnapping and murder of Samantha Koenig. Accordingly, I set forth probable cause to seize these items and the court's authorization to seize these items. I have set forth new facts justifying these seizures in **boldface type.** The items to be seized are described in Attachment B.

3. I believe that there is probable cause that evidence of the following federal crimes will result from the seizure and search of this residence: Title 18, United States Code, Section 1201 (Kidnapping). The evidence to be collected from these seizures is described in Attachment B.

RELEVANT STATUTES

4. There is probable cause to believe that in the residence located at 2456 Spurr Lane, Anchorage, Alaska, there is evidence of and instrumentality used for violations of Title 18, United States Code, Section 1201 (Kidnapping), which provides that:

> Whoever unlawfully seizes, confines, inveigles, decoys, kidnaps, abducts, or carries away and holds for ransom or reward or otherwise any person, except in the case of a minor by the parent thereof, when the person is willfully transported in interstate or foreign commerce, regardless of whether the person was alive when transported in interstate or foreign commerce or uses the mail or any means, facility, or instrumentality of interstate or foreign commerce in committing or in furtherance of the commission of the offense.

IDENTIFICATION OF THE ITEMS SEIZED

5. The items to be seized are identified in Attachment B.

6. The applied for warrant would authorize the additional seizure of evidence from 2456 Spurr Lane, Anchorage, Alaska that would be evidence of crime set forth above and corroborate information provided to law enforcement by ISRAEL KEYES to the crime set forth above.

FBI Records: The Vault — Israel Keyes LastKnownContact.com Part 04: Pg 380 / 475

7. The information contained below is from my personal knowledge and experience, information provided to me by other law enforcement personnel, or from those specific sources as set forth. I have not included each and every fact known to me regarding this investigation. I have set forth only the facts that I believe are necessary to establish a foundation to support the aforementioned request for a search warrant.

PROBABLE CAUSE

Abduction of Samantha Koenig ("S.K.")

8. On 2/2/2012 at about 12:39 Alaska Standard Time (AST), Duncan, the owner of the Common Ground Coffee stand at 630 E. Tudor, Anchorage, Alaska, contacted APD dispatch. Duncan was calling from Oregon, where he was vacationing. He reported that while viewing his internet-based security system he saw one of his employees, 18-year-old S.K., appear to be abducted. Duncan said he was contacted by S.K.'s father (J.K.) and boyfriend (D.T.), who had been unable to locate her. This contact prompted Duncan to review his security video which showed an unknown man climb through the window of the coffee stand at about 20:00 AST on 2/1/2012 while S.K. was working. The video appears to show S.K. retreat a short distance and raising her hands in an apparent sign of submission to the man who subsequently climbed into the coffee stand, robbed S.K. and escorted her away from the scene. The abductor climbed through the window into the coffee stand without any significant difficulty. He appeared to be significantly taller than S.K., who is 5'4" tall, but due to the limited lighting and quality of the video, a more accurate estimate of his height has not been made. The robber/abductor appeared to have a medium to large build and athletic movements.

FBI Records: The Vault — Israel Keyes LastKnownContact.com Part 04: Pg 381 / 475

Ransom Note and Transfer of Funds to "Ransom Account"

9. On 2/24/2012, at 19:56 AST, D.T. received the following text on his cell phone [redacted] from S.K.'s cell phone 907-884-8370 - "Conner park sign under pic of albert aint she purty". J.K. (S.K.'s father) contacted law enforcement officers and relayed the information. At the request of APD Detectives, at approximately 20:18 AST, APD Patrol Officers arrived at Conner Park located on the southeast corner of Jewel Lake Road and International Airport Road in Anchorage, Alaska. J.K.and D.T. were already present. Attached to the park sign, below a flyer for a lost dog named "Albert," was a ziploc bag which contained a folded piece of paper.

b6
b7C

10. On one side of the piece of paper, [redacted] In the upper part of the photo was an Anchorage Daily Newspaper determined to be the issue released on Monday, February 13, 2012.

11. On the reverse side of the piece of paper was a ransom note which demanded $30,000. The note included the 16-digit card number of the debit card belonging to D.T., which he had reported stolen on the night of the kidnapping, as summarized above. This debit card number is correlated to a bank account number held by D.T. and S.K. The note demanded that $30,000.00 be deposited into that account and indicated that the writer of the note intended to withdraw money at regular intervals over the coming days, and in locations other than Alaska. Specifically, it said, "I may not use the card much in ak due to small pop but as I will be leaving soon I will be using it all over." The note further gave an indication that S.K. had been moved

FBI Records: The Vault — Israel Keyes LastKnownContact.com Part 04: Pg 382 / 475

from Alaska, stating that "she did almost get away twice. once on tudor and once in the desert. must be losing my touch." I know from research, training, and experience, and discussions with law enforcement officers familiar with Alaska that there are no areas in Alaska commonly referred to and known to be "deserts." Many such areas do exist in Arizona, New Mexico and Texas. Subsequent analysis of the demand note by the FBI Laboratory revealed that it was typed with a typewriter that used a carbon ribbon, and that the aforementioned picture on the back of the demand note was printed with an inkjet printer.

12. On 2/29/2012, at approximately 16:55 AST, J.K. contacted APD Detectives and told them he was withdrawing $5,000.00 from the reward account set up for S.K. at Denali Alaskan Federal Credit Union, and he intended to deposit it in the ransom fund, which was an account held by Credit Union 1. Pursuant to a State search warrant obtained by APD Detective Joseph Barth on 02-25-2012, investigators were informed that $5,000.00 was deposited in the Credit Union 1 account indicated on the ransom note, (the account attached to the Credit Union 1 VISA debit card [VISA debit card] bearing XXXXXXXXXXXX2851, expiration 01/15 issued to D.T).at 17:45 AST on 2/29/2012).

Unauthorized use of Credit Union 1 VISA debit card

13. On two occasions between 2/29/2012 and 3/1/2012, an individual attempted to withdraw funds from ATMs in Anchorage. The individual was successful in withdrawing funds two of the three times. On three occasions between 3/1/2012 and 3/11/2012, funds were withdrawn from ATMs in New Mexico, Arizona, and Texas using the Credit Union 1 VISA debit card. Surveillance footage from the ATMs in the southern states showed an individual

FBI Records: The Vault — Israel Keyes LastKnownContact.com Part 04: Pg 383 / 475

disguised and in at least one withdrawal the video captured a vehicle which appeared to be a white Ford Focus sedan. The individual disguised his face and body during all of these ATM withdrawals. During interviews with law enforcement in March of 2012, KEYES admitted to being responsible for the above ATM withdrawals.

Stop of the White Ford Focus

14. On 03/13/2012, at approximately 11:00 Central Time (CT), Texas Ranger Steven Rayburn, while in the company of FBI Agent Deborah Gannoway, was notified by Texas Department of Public Safety (DPS) Highway Patrol Corporal Bryan Henry (Corporal Henry) that a white Ford Focus sedan bearing Texas license plate DH4N930 was observed parked at the Quality Inn & Suites (QIS), 4306 South First Street, Lufkin, Texas, which is a short drive from Shepherd, Texas.

15. On 03/13/2012, at approximately 11:15 CT, Ranger Rayburn and FBI Agent Deborah Gannoway responded to the QIS, at which time Agent Gannoway conducted a walk-by and visual inspection of the white Ford Focus. Agent Gannoway noted a bar-code sticker on the driver's side back passenger window consistent with stickers applied to rental vehicles. Agent Gannoway also noted numerous items of clothing, trash and other debris in plain sight within the vehicle, including what appeared to be a girl's or woman's pink item of clothing. Ranger Rayburn caused a Texas license plate database search to be conducted which revealed the white 2012 Ford Focus was registered to PV Holding Corporation, 9603 John Saunders Road, San Antonio, Texas. DPS Criminal Investigative Division (CID) Lieutenant Mickey Hadnot (Lieutenant Hadnot) maintained surveillance on the Ford Focus.

FBI Records: The Vault — Israel Keyes LastKnownContact.com Part 04: Pg 384 / 475

16. On 03/13/2012, at approximately 11:30 CT, Lieutenant Hadnot reported to Ranger Rayburn, who was in the company of FBI Agent Deborah Gannoway, that a white male adult exited room 215 of the QIS, placed some items into the trunk of the aforementioned white Ford Focus, and departed the scene alone, driving the white Ford Focus. FBI Agent Gannoway had previously obtained from the QIS front desk manager an "in house list" of all occupants of the QIS on the night of 03/12/2012, which reflected room 215 was rented by [redacted] for the time period 03/09/2012 through 03/13/2012.

b6
b7C

17. On 03/13/2012, at approximately 11:45 CT, Corporal Henry conducted a traffic stop on the white Ford Focus sedan based in part on FBI Agent Gannoway's suspicion that the vehicle was the same vehicle used in the Arizona, New Mexico, and Texas ATM withdrawals, as well as Corporal Henry's assessment that the driver of the vehicle was traveling in excess of the posted speed limit. Upon FBI Agent Gannoway's arrival at the car stop location, Corporal Henry provided to FBI Agent Gannoway an Alaska Driver's License bearing number 7268639, in the name of ISRAEL KEYES, which KEYES had provided to Corporal Henry prior to Agent Gannoway's arrival at the scene. Corporal Henry told Agent Gannoway that KEYES informed him he flew from Anchorage, Alaska, to Las Vegas, Nevada, on 03/07/2012, and that he rented the white Ford Focus at the Las Vegas airport, driving to his present location over the course of the ensuing week. KEYES provided to Agent Gannoway a copy of his car rental agreement, which corroborated his statement that he had rented the car at the Las Vegas, Nevada, airport on 03/07/2012. KEYES was unable to describe to Agent Gannoway the route he drove from Nevada to Texas, but stated he was in Lufkin, Texas, to attend his sister's wedding in Wells, Texas. KEYES told Agent Gannoway he "probably" paid for fuel throughout his travels from

FBI Records: The Vault — Israel Keyes LastKnownContact.com Part 04: Pg 385 / 475

Nevada to Texas with cash. Ranger Rayburn reported to Agent Gannoway that there was a pair of large white tennis shoes partially pushed under the driver's seat of the Ford Focus, which Ranger Rayburn could plainly see through the window. During questioning by Agent Gannoway and Ranger Rayburn, KEYES became increasingly agitated and uncooperative, and he refused to allow Agent Gannoway and/or Ranger Rayburn to inspect his wallet (which was in his pocket) or his vehicle. KEYES became unusually nervous and began to sweat profusely, in spite of the slightly cool weather and the tank top which he was wearing at the time. KEYES expressed to Agent Gannoway that if he was going to be kept in the area for a longer period of time, he desired to call his brother (who has KEYES' daughter in a separate car) and notify him of same. Agent Gannoway suggested KEYES make that call. A short time later, the 2012 Ford Focus was transported to and secured at the Lufkin, Texas, Police Department.

Discovery of KEYES' White Chevrolet Truck

18. APD Detectives discovered that ISRAEL KEYES listed a mailing address of 3705 Arctic Blvd. #2891 in Anchorage, Alaska, on 07-18-2011, which is the Mail Cache. APD Detectives also discovered that KEYES listed a residential address of 2456 Spurr Lane in Anchorage, Alaska, as of 07-18-2011.

19. On March 13, 2012 at approximately 10:30 AST, members of the APD Special Assignment Unit went to KEYES' home address at 2456 Spurr Lane in Anchorage, Alaska. There was a white Chevrolet pickup truck parked in the driveway of the address. The truck had a large toolbox in the bed and a ladder rack on top. The bolts securing those items were removable and appeared to have been recently added. The license plate on the truck was Alaska

FBI Records: The Vault — Israel Keyes LastKnownContact.com Part 04: Pg 386 / 475

license plate FTC990, relating to a white 2004 Chevrolet Silverado, registered to ISRAEL KEYES at 2456 Spurr Lane in Anchorage, Alaska. The white Chevrolet truck appeared to match the vehicle appearing in the Home Depot surveillance video, as summarized above. Further, Detectives eventually contacted KEYES' girlfriend and discovered that she drives a 2007 Nissan Xterra, which matched the general description of the vehicle used by an individual who appeared to attempt to use the stolen debit card on February 29, 2012, as summarized above.

First Execution of Search Warrant at 2456 Spurr Lane, Anchorage, Alaska

20. On March 13, 2012, the Anchorage Police Department obtained a State of Alaska Search Warrant (No. 3AN-12-00390) for the residence located at 2456 Spurr Lane, Anchorage. Evidence was seized from the residence to include but not limited to: trace evidence, DNA swabs of door handles, cameras, duct tape, computers, various media cards, cellphones, linens, knives, and miscellaneous paperwork. APD searched the residence at this time for evidence related to the kidnapping and murder of S.K.

Execution of Search Warrant on Ford Focus

21. On March 16, 2012, law enforcement agents in Beaumont, Texas obtained a search warrant, which authorized the search of the white Ford Focus driven by KEYES. Execution of that search warrant on March 17, 2012 revealed numerous items, including a cellular phone believed to belong to S.K.

FBI Records: The Vault — Israel Keyes LastKnownContact.com Part 04: Pg 387 / 475

Initial Interviews with Israel Keyes

22. KEYES was transported to Anchorage, Alaska and arraigned on March 27, 2012 on one count of Access Device Fraud. He was provided defense counsel at government expense. Subsequently, KEYES agreed through counsel to be interviewed by law enforcement. On March 30, 2012, two interviews with KEYES took place. In the first interview, investigators presented KEYES with a selection of the evidence and investigative actions summarized above. KEYES then requested some time to speak alone with his attorney. Several hours later, KEYES agreed through counsel to be interviewed by law enforcement. In this second interview, KEYES stated that he had abducted S.K. on February 1, 2012, and that she had been dead before he left for a vacation approximately ten hours after the abduction. KEYES indicated that S.K.'s body could be found in Matanuska Lake in Alaska, and identified the precise location at which he had dropped her remains through the ice. [redacted] b6 b7C [redacted] and that he believed that law enforcement would find his DNA when they found her body.

23. On April 1, 2012, KEYES agreed through counsel to a third interview with law enforcement. In this third interview, KEYES explicitly stated that he murdered S.K., and gave substantial details about the murder. KEYES took S.K. from the coffee stand after placing zip ties on her wrists and brandishing a gun. She attempted to run from him on Tudor Road but he tackled her and held the gun to her side.

24. KEYES stated he put S.K. in his truck parked near the IHOP Restaurant and Home Depot on Tudor Road. He drove to a park in Anchorage and used cable ties to secure S.K. to the bench seat in his truck. Keyes continued to drive around Anchorage for a couple of hours before

FBI Records: The Vault — Israel Keyes LastKnownContact.com Part 04: Pg 388 / 475

returning to his residence at 2456 Spurr Lane, Anchorage. After he felt it was late enough so as not be detected by neighbors or his girlfriend, KEYES moved S.K. from the truck to the white and green shed located in the driveway in front of his garage. Approximately two days prior to S.K.'s abduction, KEYES indicated he prepared the shed because he intended to bring a victim back there. Among other things, KEYES set up heaters and a radio.

25. Once in the shed, Keyes said he bound S.K. with zip ties and rope. Keyes stated over the next few hours he sexually assaulted S.K. [redacted] b6 b7C [redacted] **and that he gagged S.K. using a purple scarf that he retrieved from the bedroom of 2456 Spurr Lane.** After the sexual assault, KEYES stated he murdered S.K. [redacted] KEYES then went into the house and showered, called a cab, and went to the airport. KEYES flew to New Orleans with his daughter and went on a cruise.

26. KEYES returned to Anchorage on February 18, 2012. He stated he removed the cabinets from the shed and disposed of the cabinets and the items he had wrapped S.K. in by burning them in the fireplace inside his residence. He also burned S.K.'s purse and clothes. KEYES kept her makeup, cellphone, and credit card.

27. Keyes further explained how he posed S.K.'s body so she appeared alive in order to take the ransom photograph noted above. KEYES braided S.K.'s hair and placed makeup on her. **In addition, KEYES noted that S.K.'s face had slackened. To remedy this, KEYES**

FBI Records: The Vault — Israel Keyes LastKnownContact.com Part 04: Pg 389 / 475

[redacted]

b6
b7C

[redacted]

28. KEYES prepared the shed by placing **visqueen** on portions of the floor and walls and proceeded to dismember S.K. Over the course of several days, KEYES stated he disposed of S.K.'s body at Matanuska Lake. [redacted]

[redacted]

[redacted]

[redacted]

Seizure and Search of the Green and White Shed

29. On March 30, 2012, after KEYES provided the above information, KEYES gave the FBI consent to seize and search the white and green shed. He provided agents with information about the location of tools he used to dismember S.K. and items used to move her body to Matanuska Lake. KEYES also advised there was likely some blood evidence on the walls and floor of the shed and on the tools.

30. Agents from the Anchorage FBI seized the shed on March 30, 2012 and searched the contents of the shed on March 31, 2012. Numerous items were seized from the shed. Presumptive blood tests were done on stains on the wall of the shed and stains found on some of the items removed from the shed. Presumptive blood tests were positive for stains on the rear wall of the shed, green rope, and a garden sprayer that was in the shed. Many of these items have been sent to the FBI Laboratory for examination.

FBI Records: The Vault — Israel Keyes LastKnownContact.com Part 04: Pg 390 / 475

31. A follow up search warrant (3:12-MJ-00226-JDR) was executed by the FBI July 19, 2012. Additional hair and blood evidence was seized from the shed.

Discovery of S.K.'s Body

32. On April 2, 2012, the FBI Underwater Search Response Team discovered S.K.'s remains in Lake Matanuska, at the precise location identified by KEYES. SK's remains were transported to the State of Alaska Medical Examiner's office for a forensic exam and autopsy. Prior to her death and as noted in the ransom note photos, [redacted] b6 b7C

[redacted]

[redacted]

Search Warrant on 2456 Spurr Lane on 10/23/12

33. On October 19, 2012, the Court granted a search warrant for 2456 Spurr Lane in Case No. 3:12-mj-00328-JDR, for other crimes unrelated to the murder and kidnaping of Samantha Koenig. During the search of the residence, the following items were observed in plain view:

a. Visqueen with several dark colored hairs attached. Observed in a cabinet in the garage.

b. Curved suture needle. Observed in a box in the closet of the downstairs office area.

c. Ten pound fishing line. Observed in a box in the closet of the downstairs office area.

FBI Records: The Vault — Israel Keyes LastKnownContact.com Part 04: Pg 391 / 475

d. Purple scarf. Observed hanging in the master bedroom closet.

e. Fishing weights. Observed on the ground near the garage.

f. Walmart receipt dated 2/27/2012. Observed in a box in the master bedroom. This receipt appears to document purchases of fishing line, hooks, lures, and other items that Keyes apparently used to ice fish while he was disposing of S.K.'s body.

CONCLUSION

34. Based on the above facts and my training and experience, I submit there is probable cause to believe that KEYES kidnapped and murdered Samantha Koenig, as well as committed other crimes. I would like to seize the items listed in Attachment B.

FBI Records: The Vault — Israel Keyes LastKnownContact.com Part 04: Pg 392 / 475

REQUEST FOR SEALING

35. The investigation of this case is ongoing and disclosure of the issuance of the search warrant could compromise the investigation. Moreover, there is a protective order in place for the discovery material related to KEYES case. Accordingly, pursuant to the case law outlined in the governments motion to seal, I respectfully request that the search warrant, search warrant affidavit, attachments, and returns be sealed, with the exception of one copy of this warrant, application, and affidavit, which will be turned over to KEYES' defense counsel as discovery.

Further your Affiant sayeth naught.

District of Alaska

In the Matter of the Search of
(Briefly describe the property to be searched or identify the person by name and address)

2456 Spurr Lane, Anchorage, Alaska described as a blue house with an attached garage and outbuildings

Case No. 3:12-MJ-00328-JDR

APPLICATION FOR A SEARCH WARRANT

I, a federal law enforcement officer or an attorney for the government, request a search warrant and state under penalty of perjury that I have reason to believe that on the following person or property *(identify the person or describe the property to be searched and give its location)*:

See Attachment A, which is incorporated herein by reference. Agents believe it will take approximately two days to execute the search warrant. It will be executed during daytime hours but continue through the night and next day.

located in the _____ District of Alaska, there is now concealed *(identify the person or describe the property to be seized)*:

See Attachment B, which is incorporated herein by reference

The basis for the search under Fed. R. Crim. P. 41(c) is *(check one or more)*:

- ☑ evidence of a crime;
- ☑ contraband, fruits of crime, or other items illegally possessed;
- ☑ property designed for use, intended for use, or used in committing a crime;
- ☐ a person to be arrested or a person who is unlawfully restrained.

The search is related to a violation of:

Code Section	*Offense Description*
18 U.S.C. 2119	Carjacking
18 U.S.C. 1201	Kidnapping
18 U.S.C. 2113	Bank Robbery

The application is based on these facts:
See Attached Affidavit, which is incorporated herein by reference

- ☑ Continued on the attached sheet.
- ☐ Delayed notice of _____ days (give exact ending date if more than 30 days: _____) is requested under 18 U.S.C. § 3103a, the basis of which is set forth on the attached sheet.

UNITED STATES DISTRICT COURT
THE DISTRICT OF ALASKA

IN THE MATTER OF THE SEARCH OF 2456 Spurr Lane, Anchorage, Alaska described as a blue house with an attached garage and outbuildings	Case No. 3:12-MJ-00328-JDR ~~Filed under seal~~

AFFIDAVIT IN SUPPORT OF AN APPLICATION FOR A SEARCH WARRANT

I, Jolene Goeden , being first duly sworn, hereby depose and state as follows:

INTRODUCTION AND AGENT BACKGROUND

1. I am an agent with the Federal Bureau of Investigation (FBI). I have been an agent since April 2004. I am charged with the duty of investigating violations of the laws of the United States, collecting evidence in cases in which the United States is or may be a party in interest, and performing other duties imposed by law. I have been assigned to investigate many criminal matters within the jurisdiction of the FBI, including human trafficking, child exploitation matters, kidnapping, carjacking, homicide, and other violent crimes.

2. I make this affidavit in support of an application under Rule 41 of the Federal Rules of Criminal Procedure for a warrant to search the residence located at the 2456 Spurr Lane, Anchorage, Alaska, as described in Attachment A. The items to be seized are described in Attachment B and are related to other crimes committed by KEYES unrelated to the murder of Samantha Koenig. According to an online search of Municipality of Anchorage records, the residence located at 2456 Spurr Lane, Anchorage, Alaska is owned by [redacted] b6 b7C

FBI Records: The Vault — Israel Keyes LastKnownContact.com Part 04: Pg 402 / 475

was purchased in June 2009. KEYES resided with [redacted] at this residence from June 2009 to his arrest on March 13, 2012. b6 b7C

IDENTIFICATION OF THE ITEMS SEIZED

5. The items to be seized are identified in Attachment B.

6. The applied for warrant would authorize the seizure of evidence from 2456 Spurr Lane, Anchorage, Alaska that would be evidence of crimes set forth above and corroborate information provided to law enforcement by ISRAEL KEYES to the crimes set forth above.

BACKGROUND LEADING TO INVESTIGATINO OF OTHER CRIMES

7. The information contained below is from my personal knowledge and experience, information provided to me by other law enforcement personnel, or from those specific sources as set forth. I have not included each and every fact known to me regarding this investigation. I have set forth only the facts that I believe are necessary to establish a foundation to support the aforementioned request for a search warrant.

Abduction of Samantha Koenig ("S.K.")

8. On 2/2/2012 at about 12:39 Alaska Standard Time (AST), Duncan, the owner of the Common Ground Coffee stand at 630 E. Tudor, Anchorage, Alaska, contacted APD dispatch. Duncan was calling from Oregon, where he was vacationing. He reported that while viewing his internet-based security system he saw one of his employees, 18-year-old S.K., appear to be abducted. Duncan said he was contacted by S.K.'s father (J.K.) and boyfriend

FBI Records: The Vault — Israel Keyes LastKnownContact.com Part 04: Pg 403 / 475

(D.T.), who had been unable to locate her. This contact prompted Duncan to review his security video which showed an unknown man climb through the window of the coffee stand at about 20:00 AST on 2/1/2012 while S.K. was working. The video appears to show S.K. retreat a short distance and raising her hands in an apparent sign of submission to the man who subsequently climbed into the coffee stand, robbed S.K. and escorted her away from the scene. The abductor climbed through the window into the coffee stand without any significant difficulty. He appeared to be significantly taller than S.K., who is 5'4" tall, but due to the limited lighting and quality of the video, a more accurate estimate of his height has not been made. The robber/abductor appeared to have a medium to large build and athletic movements.

Ransom Note and Transfer of Funds to "Ransom Account"

9. On 2/24/2012, at 19:56 AST, D.T. received the following text on his cell phone [redacted] from S.K.'s cell phone 907-884-8370 - "Conner park sign under pic of albert aint she purty". J.K. (S.K.'s father) contacted law enforcement officers and relayed the information. At the request of APD Detectives, at approximately 20:18 AST, APD Patrol Officers arrived at Conner Park located on the southeast corner of Jewel Lake Road and International Airport Road in Anchorage, Alaska. J.K.and D.T. were already present. Attached to the park sign, below a flyer for a lost dog named "Albert," was a ziploc bag which contained a folded piece of paper. b6 b7C

10. On one side of the piece of paper, [redacted] In the upper

FBI Records: The Vault — Israel Keyes LastKnownContact.com Part 04: Pg 404 / 475

part of the photo was an Anchorage Daily Newspaper determined to be the issue released on Monday, February 13, 2012.

11. On the reverse side of the piece of paper was a ransom note which demanded $30,000. The note included the 16-digit card number of the debit card belonging to D.T., which he had reported stolen on the night of the kidnapping, as summarized above. This debit card number is correlated to a bank account number held by D.T. and S.K. The note demanded that $30,000.00 be deposited into that account and indicated that the writer of the note intended to withdraw money at regular intervals over the coming days, and in locations other than Alaska. Specifically, it said, "I may not use the card much in ak due to small pop but as I will be leaving soon I will be using it all over." The note further gave an indication that S.K. had been moved from Alaska, stating that "she did almost get away twice. once on tudor and once in the desert. must be losing my touch." I know from research, training, and experience, and discussions with law enforcement officers familiar with Alaska that there are no areas in Alaska commonly referred to and known to be "deserts." Many such areas do exist in Arizona, New Mexico and Texas. Subsequent analysis of the demand note by the FBI Laboratory revealed that it was typed with a typewriter that used a carbon ribbon, and that the aforementioned picture on the back of the demand note was printed with an inkjet printer.

12. On 2/29/2012, at approximately 16:55 AST, J.K. contacted APD Detectives and told them he was withdrawing $5,000.00 from the reward account set up for S.K. at Denali Alaskan Federal Credit Union, and he intended to deposit it in the ransom fund, which was an account held by Credit Union 1. Pursuant to a State search warrant obtained by APD Detective Joseph Barth on 02-25-2012, investigators were informed that $5,000.00 was deposited in the

FBI Records: The Vault — Israel Keyes LastKnownContact.com Part 04: Pg 405 / 475

Credit Union 1 account indicated on the ransom note, (the account attached to the Credit Union 1 VISA debit card [VISA debit card] bearing XXXXXXXXXXXX2851, expiration 01/15 issued to D.T).at 17:45 AST on 2/29/2012).

Unauthorized use of Credit Union 1 VISA debit card

13. On two occasions between 2/29/2012 and 3/1/2012, an individual attempted to withdraw funds from ATMs in Anchorage. The individual was successful in withdrawing funds two of the three times. On three occasions between 3/1/2012 and 3/11/2012, funds were withdrawn from ATMs in New Mexico, Arizona, and Texas using the Credit Union 1 VISA debit card. Surveillance footage from the ATMs in the southern states showed an individual disguised and in at least one withdrawal the video captured a vehicle which appeared to be a white Ford Focus sedan. The individual disguised his face and body during all of these ATM withdrawals. During interviews with law enforcement in March of 2012, KEYES admitted to being responsible for the above ATM withdrawals.

Stop of the White Ford Focus

14. On 03/13/2012, at approximately 11:00 Central Time (CT), Texas Ranger Steven Rayburn, while in the company of FBI Agent Deborah Gannoway, was notified by Texas Department of Public Safety (DPS) Highway Patrol Corporal Bryan Henry (Corporal Henry) that a white Ford Focus sedan bearing Texas license plate DH4N930 was observed parked at the Quality Inn & Suites (QIS), 4306 South First Street, Lufkin, Texas, which is a short drive from Shepherd, Texas.

FBI Records: The Vault — Israel Keyes LastKnownContact.com Part 04: Pg 406 / 475

15. On 03/13/2012, at approximately 11:15 CT, Ranger Rayburn and FBI Agent Deborah Gannoway responded to the QIS, at which time Agent Gannoway conducted a walk-by and visual inspection of the white Ford Focus. Agent Gannoway noted a bar-code sticker on the driver's side back passenger window consistent with stickers applied to rental vehicles. Agent Gannoway also noted numerous items of clothing, trash and other debris in plain sight within the vehicle, including what appeared to be a girl's or woman's pink item of clothing. Ranger Rayburn caused a Texas license plate database search to be conducted which revealed the white 2012 Ford Focus was registered to PV Holding Corporation, 9603 John Saunders Road, San Antonio, Texas. DPS Criminal Investigative Division (CID) Lieutenant Mickey Hadnot (Lieutenant Hadnot) maintained surveillance on the Ford Focus.

16. On 03/13/2012, at approximately 11:30 CT, Lieutenant Hadnot reported to Ranger Rayburn, who was in the company of FBI Agent Deborah Gannoway, that a white male adult exited room 215 of the QIS, placed some items into the trunk of the aforementioned white Ford Focus, and departed the scene alone, driving the white Ford Focus. FBI Agent Gannoway had previously obtained from the QIS front desk manager an "in house list" of all occupants of the QIS on the night of 03/12/2012, which reflected room 215 was rented by [redacted] for the time period 03/09/2012 through 03/13/2012.

b6
b7C

17. On 03/13/2012, at approximately 11:45 CT, Corporal Henry conducted a traffic stop on the white Ford Focus sedan based in part on FBI Agent Gannoway's suspicion that the vehicle was the same vehicle used in the Arizona, New Mexico, and Texas ATM withdrawals, as well as Corporal Henry's assessment that the driver of the vehicle was traveling in excess of the posted speed limit. Upon FBI Agent Gannoway's arrival at the car stop location, Corporal

FBI Records: The Vault — Israel Keyes LastKnownContact.com Part 04: Pg 407 / 475

Henry provided to FBI Agent Gannoway an Alaska Driver's License bearing number 7268639, in the name of ISRAEL KEYES, which KEYES had provided to Corporal Henry prior to Agent Gannoway's arrival at the scene. Corporal Henry told Agent Gannoway that KEYES informed him he flew from Anchorage, Alaska, to Las Vegas, Nevada, on 03/07/2012, and that he rented the white Ford Focus at the Las Vegas airport, driving to his present location over the course of the ensuing week. KEYES provided to Agent Gannoway a copy of his car rental agreement, which corroborated his statement that he had rented the car at the Las Vegas, Nevada, airport on 03/07/2012. KEYES was unable to describe to Agent Gannoway the route he drove from Nevada to Texas, but stated he was in Lufkin, Texas, to attend his sister's wedding in Wells, Texas. KEYES told Agent Gannoway he "probably" paid for fuel throughout his travels from Nevada to Texas with cash. Ranger Rayburn reported to Agent Gannoway that there was a pair of large white tennis shoes partially pushed under the driver's seat of the Ford Focus, which Ranger Rayburn could plainly see through the window. During questioning by Agent Gannoway and Ranger Rayburn, KEYES became increasingly agitated and uncooperative, and he refused to allow Agent Gannoway and/or Ranger Rayburn to inspect his wallet (which was in his pocket) or his vehicle. KEYES became unusually nervous and began to sweat profusely, in spite of the slightly cool weather and the tank top which he was wearing at the time. KEYES expressed to Agent Gannoway that if he was going to be kept in the area for a longer period of time, he desired to call his brother (who has KEYES' daughter in a separate car) and notify him of same. Agent Gannoway suggested KEYES make that call. A short time later, the 2012 Ford Focus was transported to and secured at the Lufkin, Texas, Police Department.

FBI Records: The Vault — Israel Keyes LastKnownContact.com Part 04: Pg 408 / 475

Discovery of KEYES' White Chevrolet Truck

18. APD Detectives discovered that ISRAEL KEYES listed a mailing address of 3705 Arctic Blvd. #2891 in Anchorage, Alaska, on 07-18-2011, which is the Mail Cache. APD Detectives also discovered that KEYES listed a residential address of 2456 Spurr Lane in Anchorage, Alaska, as of 07-18-2011.

19. On March 13, 2012 at approximately 10:30 AST, members of the APD Special Assignment Unit went to KEYES' home address at 2456 Spurr Lane in Anchorage, Alaska. There was a white Chevrolet pickup truck parked in the driveway of the address. The truck had a large toolbox in the bed and a ladder rack on top. The bolts securing those items were removable and appeared to have been recently added. The license plate on the truck was Alaska license plate FTC990, relating to a white 2004 Chevrolet Silverado, registered to ISRAEL KEYES at 2456 Spurr Lane in Anchorage, Alaska. The white Chevrolet truck appeared to match the vehicle appearing in the Home Depot surveillance video, as summarized above. Further, Detectives eventually contacted KEYES' girlfriend and discovered that she drives a 2007 Nissan Xterra, which matched the general description of the vehicle used by an individual who appeared to attempt to use the stolen debit card on February 29, 2012, as summarized above.

Execution of Search Warrant at 2456 Spurr Lane, Anchorage, Alaska

20. On March 13, 2012, the Anchorage Police Department obtained a State of Alaska Search Warrant (No. 3AN-12-00390) for the residence located at 2456 Spurr Lane, Anchorage. Evidence was seized from the residence to include but not limited to: trace evidence, DNA

FBI Records: The Vault — Israel Keyes LastKnownContact.com Part 04: Pg 409 / 475

swabs of door handles, cameras, duct tape, computers, various media cards, cellphones, linens, knives, and miscellaneous paperwork. APD searched the residence at this time for evidence related to the kidnapping and murder of S.K. At the time of this search warrant, it was unknown to law enforcement that KEYES killed anyone other than S.K.

Execution of Search Warrant on Ford Focus

21. On March 16, 2012, law enforcement agents in Beaumont, Texas obtained a search warrant, which authorized the search of the white Ford Focus driven by KEYES. Execution of that search warrant on March 17, 2012 revealed numerous items, including a cellular phone believed to belong to S.K.

Initial Interviews with Israel Keyes

22. KEYES was transported to Anchorage, Alaska and arraigned on March 27, 2012 on one count of Access Device Fraud. He was provided defense counsel at government expense. Subsequently, KEYES agreed through counsel to be interviewed by law enforcement. On March 30, 2012, two interviews with KEYES took place. In the first interview, investigators presented KEYES with a selection of the evidence and investigative actions summarized above. KEYES then requested some time to speak alone with his attorney. Several hours later, KEYES agreed through counsel to be interviewed by law enforcement. In this second interview, KEYES stated that he had abducted S.K. on February 1, 2012, and that she had been dead before he left for a vacation approximately ten hours after the abduction. KEYES indicated that S.K.'s body could be found in Matanuska Lake in Alaska, and identified the

FBI Records: The Vault — Israel Keyes LastKnownContact.com Part 04: Pg 410 / 475

precise location at which he had dropped her remains through the ice. [redacted] b6 b7C [redacted] and that he believed that law enforcement would find his DNA when they found her body. KEYES indicated that he had "lots more stories to tell," and stated that his ex-girlfriend knew nothing of his criminal activities, as he was "two different people." When asked how long he had been "two different people," KEYES immediately and specifically responded, "fourteen years."

23. On April 1, 2012, KEYES agreed through counsel to a third interview with law enforcement. In this third interview, KEYES explicitly stated that he murdered S.K., and gave substantial details about the murder. KEYES took S.K. from the coffee stand after placing zip ties on her wrists and brandishing a gun. She attempted to run from him on Tudor Road but he tackled her and held the gun to her side.

24. KEYES stated he put S.K. in his truck parked near the IHOP Restaurant and Home Depot on Tudor Road. He drove to a park in Anchorage and used cable ties to secure S.K. to the bench seat in his truck. Keyes continued to drive around Anchorage for a couple of hours before returning to his residence at 2456 Spurr Lane, Anchorage. After he felt it was late enough so as not be detected by neighbors or his girlfriend, KEYES moved S.K. from the truck to the white and green shed located in the driveway in front of his garage. Approximately two days prior to S.K.'s abduction, KEYES indicated he prepared the shed because he intended to bring a victim back there. Among other things, KEYES set up heaters and a radio.

25. Once in the shed, Keyes said he bound S.K. with zip ties and rope. Keyes stated over the next few hours he sexually assaulted S.K. [redacted] After the

FBI Records: The Vault — Israel Keyes LastKnownContact.com Part 04: Pg 411 / 475

sexual assault, KEYES stated he murdered S.K. [redacted] b6 b7C [redacted] KEYES then wrapped S.K. in a tarp and put her inside a cabinet in the shed. KEYES then went into the house and showered, called a cab, and went to the airport. KEYES flew to New Orleans with his daughter and went on a cruise.

26. KEYES returned to Anchorage on February 18, 2012. He stated he removed the cabinets from the shed and disposed of the cabinets and the items he had wrapped S.K. in by burning them in the fireplace inside his residence. He also burned S.K.'s purse and clothes. KEYES kept her makeup, cellphone, and credit card.

27. Keyes further explained how he posed S.K.'s body so she appeared alive in order to take the ransom photograph noted above. [redacted]

28. KEYES prepared the shed by placing plastic on portions of the floor and walls and proceeded to dismember S.K. Over the course of several days, KEYES stated he disposed of S.K.'s body at Matanuska Lake.

Seizure and Search of the Green and White Shed

29. On March 30, 2012, after KEYES provided the above information, KEYES gave the FBI consent to seize and search the white and green shed. He provided agents with information about the location of tools he used to dismember S.K. and items used to move her body to Matanuska Lake. KEYES also advised there was likely some blood evidence on the walls and floor of the shed and on the tools.

FBI Records: The Vault — Israel Keyes LastKnownContact.com Part 04: Pg 412 / 475

30. Agents from the Anchorage FBI seized the shed on March 30, 2012 and searched the contents of the shed on March 31, 2012. Numerous items were seized from the shed. Presumptive blood tests were done on stains on the wall of the shed and stains found on some of the items removed from the shed. Presumptive blood tests were positive for stains on the rear wall of the shed, green rope, and a garden sprayer that was in the shed. Many of these items have been sent to the FBI Laboratory for examination.

31. A follow up search warrant (3:12-MJ-00226-JDR) was executed by the FBI July 19, 2012. Additional hair and blood evidence was seized from the shed.

Discovery of S.K.'s Body

32. On April 2, 2012, the FBI Underwater Search Response Team discovered S.K.'s remains in Lake Matanuska, at the precise location identified by KEYES. SK's remains were transported to the State of Alaska Medical Examiner's office for a forensic exam and autopsy. Prior to her death and as noted in the ransom note photos, [redacted] b6 b7C

[redacted]

PROBABLE CAUSE RELATED TO OTHER CRIMES

Murder of B.C. and L.C.

33. On April 6, 2012, KEYES agreed to a fourth interview, on the explicit terms that the S.K. case would not be discussed. KEYES indicated his willingness to share "other stories" with investigators. In this interview, KEYES implied that he had murdered other persons over

FBI Records: The Vault — Israel Keyes LastKnownContact.com Part 04: Pg 413 / 475

the past fourteen years and in different locations. KEYES stated that he had many "cards to play," and didn't want to give them all away at once. He was asked to give the identity and location of just one body. After thinking silently for about twenty seconds, KEYES stated, "I'll give you two." He then confessed to the kidnapping, carjacking and murder of B.C. and L.C. near Burlington, Vermont in June 2011. After working with an internet map for approximately thirty minutes, KEYES located the abandoned farmhouse in which he believed he had disposed of their remains. KEYES also indicated that he thought that his DNA might be recovered when they recovered the bodies.

34. A quick records check verified that, indeed, Bill and Lorraine Currier, ages 49 and 55, had inexplicably gone missing on June 8, 2011. KEYES stated that, when he killed the Curriers, he was in Vermont en route to a vacation in Maine, technically visiting family. KEYES identified the hotel he stayed at near the Currier residence. B.C. and L.C. lived in a house several blocks from this hotel. KEYES indicated he had chosen the Curriers randomly.

35. On the evening of June 8, 2011, KEYES cut the telephone line and broke into B.C. and L.C.'s home in Burlington, Vermont. He had a gun and used cable ties to bind both B.C. and L.C. KEYES placed the Curriers in their car and transported them to an abandoned farmhouse which he had scoped out and found the previous day. Over the next several hours, KEYES sexually assaulted L.C. in a bedroom on the upper floor of the home. [redacted] b6 b7C

[redacted]

[redacted] KEYES described making bindings out of duct tape and using them on L.C.'s hands. [redacted]

[redacted]

FBI Records: The Vault — Israel Keyes LastKnownContact.com Part 04: Pg 414 / 475

his backpack. [redacted] b6 b7C

[redacted]

36. During the sexual assault of L.C., KEYES said that he heard B.C. attempting to break out of his restraints. KEYES went down to the basement, where he saw the stool to which B.C. was restrained had broken and his bindings were loose. KEYES held a knife to B.C's throat. KEYES and B.C. fought, during which KEYES struck him with a shovel KEYES' found in the basement. KEYES then went to get his .22 caliber gun he left upstairs and returned to the basement. KEYES killed B.C. by shooting him multiple times. KEYES then returned upstairs to continue his sexual assault of L.C. After he was finished sexually assaulting her, KEYES walked L.C. to the basement and strangled L.C. [redacted] KEYES stated that he wore leather gloves during the murders.

37. After murdering both B.C. and L.C., KEYES moved the bodies to a corner of the basement and "bagged" them by placing two bags over each body, one bag over the head to mid-body, the second bag placed over the feet and up to mid body. KEYES also poured a gallon of Drano on each of the bodies. KEYES then took old shelving and ducting he found in the basement and placed these items over the bagged bodies in an attempt to conceal them. KEYES said that he planned on "torching" the farmhouse, but that it was getting too late as it was getting light out and there was traffic on the road.

38. In addition to taking his backpack with him when leaving the farmhouse, KEYES also took with him the following items: The items used during the sexual assault of L.C., L.C.'s clothing and B.C.'s sandals. KEYES said that he kept B.C. and L.C's cell phones and their debit card, to which he received the Pin number from them, and their .38 revolver taken from their

FBI Records: The Vault — Israel Keyes LastKnownContact.com Part 04: Pg 415 / 475

bedroom, for a few days after the murders. KEYES claimed to have later disposed of the phones. KEYES also claimed to have disposed of "most" of their jewelry. KEYES said that he disposed of items he used during the kidnapping, sexual assault and murders, as well as L.C.'s lingerie, clothing, and their suitcase.

39. KEYES stated he brought the backpack he used during the abduction and murder of B.C. and L.C. with him from Alaska to Vermont. He called this backpack his rape kit. Packed in the backpack was a head lamp, propane camp stove, several water bottles, nylon rope, duct tape, and latex gloves. Keyes had fashioned some ligatures prior to the abduction and brought them with him in the backpack. Keyes used all of the above items during the sexual assault and murder of B.C. and L.C. KEYES reported he took all of these items with him when he left the farmhouse. KEYES stated that he disposed of some of the items used in the rape and murder by throwing them into a reservoir or burning them.

40. In subsequent interviews, KEYES provided additional information about the murder of the Curriers. During the abduction of the Curriers, KEYES packed a suitcase at Currier residence with L.C.'s lingerie, clothing, and jewelry. After their murders, he stated he disposed of most of these items by burning them but kept a few pieces of jewelry. Investigators also determined that the Garmin Quest GPS S/N 66257036 was also missing from the Curriers vehicle. Keyes did not mention taking the GPS device to the investigators.

41. Vermont investigators were contacted and have corroborated aspects of KEYES' confession. Investigators contacted the hotel identified by KEYES and verified that he had indeed been a guest there during the relevant time period. However, the farmhouse where KEYES stated that he disposed of the bodies has been demolished and the remains were

FBI Records: The Vault — Israel Keyes LastKnownContact.com Part 04: Pg 416 / 475

transported to a landfill. The FBI searched the landfill for several weeks but was unable to locate the bodies of B.C. and L.C.

42. KEYES then drove to a reservoir, later identified by reviewing Internet maps with the FBI Agents, as the Blake Falls Reservoir, in Parishville, New York, where he disposed of the barrel and bolt of the .22 caliber gun he used to murder Bill, along with the Curriers' .38 revolver, by throwing them into the reservoir. KEYES placed his other weapon, and the remaining parts to the .22 caliber weapon, along with a silencer and ammunition, into a Home Depot bucket, which KEYES hid under large rocks on the property near the reservoir.

43. On April 18, 2012, FBI Agents from the FBI's Albany, New York Division, conducted a consent search of the land, in the vicinity of the boat launch, Blake Falls Reservoir area, in Parishville, New York, in an attempt to locate the Home Depot bucket KEYES said he hid under large rocks. The FBI Agents recovered the Home Depot bucket, as described by KEYES. Inside the bucket were a trigger mechanism and gun part with spring for a Ruger 22 Charger gun, a Ruger Model 10/22, another weapon, loaded and unloaded magazines for guns, ammunition, a flashlight, and other gun accessory items.

44. On April 24, 2012, an FBI Underwater Search Response Team searched the Blake Falls Reservoir, in Parishville, New York. During the search, they recovered the barrel and bolt of a weapon from the area in the reservoir from the location provided by KEYES as to the area in the reservoir where he threw the gun and bolt of the weapon he used to murder B.C.

45. On June 5, 2012, an FBI Underwater Search Response Team returned to the Blake Falls Reservoir, in Parishville, New York and conducted another search to look for the

FBI Records: The Vault — Israel Keyes LastKnownContact.com Part 04: Pg 417 / 475

weapon KEYES took from B.C. and L.C.'s house. During the search, they recovered their weapon, as identified by the serial number on the gun.

Other Homicides

46. KEYES has admitted to several other homicides over the past fourteen years in addition to those described above. He specifically identified two homicides in the state of Washington and a homicide that occurred on the east coast with the body buried in New York. Law enforcement is currently following up on this information. KEYES stated he knew the names of his other homicide victims because he would look at their ID's. To date, law enforcement has not recovered any identification cards belonging to any of KEYES' victims.

47. A handwritten document, written by KEYES, was obtained by the FBI in Anchorage from the Anchorage Jail. The handwritten document describes details of multiple murders. None of the victims are identified in the document, but investigators believe that the murders of S.K. and the Curriers are described in it, along with other unidentified victims.

Bank Robberies

48. KEYES admitted to committing a bank robbery in Azle, Texas on February 16, 2012. In the video of that bank robbery, the robber has long hair. KEYES admitted in an interview on May 8, 2012, that he taped human hair to the inside of the helmet he wore during the bank robbery to give the appearance he had longer hair. In a later interview when asked again about the hair, KEYES stated human hair is free if a person just takes it. Due to the date of the bank robbery, investigators know the hair worn for the Azle bank robbery did not belong

FBI Records: The Vault — Israel Keyes LastKnownContact.com Part 04: Pg 418 / 475

to S.K. In the ransom note photograph taken by KEYES after the bank robbery, S.K. appears to have a full head of hair. KEYES brandished a gun during this bank robbery.

49. KEYES admitted to committing a bank robbery in Tupper Lake, New York on April 10, 2009. During this bank robbery KEYES wore a disguise which included a fake mustache and beard and wore a hoody and jacket. KEYES brandished a gun during this bank robbery.

50. KEYES admitted he used disguises when he committed the above bank robberies and gave the impression he had committed other bank robberies in addition to the two noted above. For example, KEYES mentioned that he had buried money from a different bank robbery in a plastic tool box in Wyoming.

Burglary and Arson

51. KEYES also admitted to committing a burglary and arson in Aledo, Texas on February 16, 2012. KEYES took jewelry from the home and set the home on fire. Agents confirmed the arson and media reports indicated the 3500 square foot home was completely lost in the fire. KEYES indicated he brought the jewelry back to Alaska and placed it in a fanny pack in his residence at 2425 Spurr Lane. This jewelry has not yet been recovered.

CONCLUSION

52. Based on the above facts and my training and experience, I submit there is probable cause to believe that KEYES has committed multiple kidnappings, carjacking, and homicides; that he incorporates travel into his homicides as an effective countermeasure to law enforcement

FBI Records: The Vault — Israel Keyes LastKnownContact.com Part 04: Pg 419 / 475

detection; and that he subsequently follows media and missing person reports relating to his offenses. I base these conclusions on the above facts, including but not limited to evidence authoritatively tying KEYES to the kidnapping and murder of S.K.; KEYES' confession to the kidnapping, carjacking and murder of B.C. and L.C.; KEYES' description of the specific planning of both of these crimes and his extensive and immediate travel thereafter; KEYES multiple and specific references to "other stories"; KEYES specific statement that his ex-girlfriend knew nothing of his murders because he was "two people" which was immediately followed by his statement that he had been "two people" for exactly "fourteen years"; KEYES admissions of involvement in the murder of individuals in Washington and New York or a surrounding state; KEYES statement that he would be willing to eventually tell the "stories" that law enforcement officers are likely to uncover by examining his computers; and records obtained indicating KEYES' extensive travel through the United States and internationally. Based on all the information above, I submit there is probable cause to believe that KEYES' pattern, exemplified to varying extent by both the murder of S.K. and B.C. and L.C., is to travel to a location, to commit a murder and – most especially- to then immediately place significant geographic distance between himself and the murder by traveling. KEYES appears to time his homicides to specifically coincide with his planned departure from a geographic area. KEYES indicated (and records confirm) that he left Vermont the day after B.C. and L.C. went missing, traveling to Maine; KEYES left Alaska only hours after completing the murder of S.K. This pattern is especially significant given the records currently in law enforcement possession indicating KEYES' prolific record of travel. I further submit that given the above information,

FBI Records: The Vault — Israel Keyes LastKnownContact.com Part 04: Pg 420 / 475

there is probable cause to believe that this pattern has been ongoing during the fourteen year period beginning in 1998 and continuing through 2012 and that evidence of these crimes and that evidence of these crimes is contained within the residence at 2456 Spurr Lane, Anchorage, Alaska.

53. Based on the aforementioned information, your affiant knows KEYES takes objects from many of his victims. KEYES has demonstrated a pattern of bringing some of these items back to his residence. In the case of S.K., he actually brought the victim back to his residence and placed her in the white and green shed located in the front of his residence. KEYES also brought several items he used to dispose of S.K.'s body back to his residence. The shed and several of these items were seized by the FBI in March 2012. However, in March 2012, the FBI was not aware of KEYES involvement in other crimes. For example, it was unknown that KEYES kept items such as jewelry from the Aledo arson, and possibly jewelry or clothing from the murder of L.C. and B.C. KEYES also reported he saved and hid items from other crimes in caches and to date has identified approximately five caches across the United States. KEYES identified a cache in Eagle River, Alaska which was recovered by investigators. Subsequently, it is reasonable to believe KEYES has hidden things in other places in Alaska that he had access to, including the residence located at 2456 Spurr Lane, Anchorage.

54. At the time of the APD search of KEYES residence it was unknown to law enforcement that KEYES had additional victims and he prepared "rape kits" or took items with him when he went out to look for victims. KEYES indicated his kit contained premade ligatures, rope, duct tape and other items he used in the commission of the rape and murder. In

FBI Records: The Vault — Israel Keyes LastKnownContact.com Part 04: Pg 421 / 475

the case of the Curriers, KEYES brought a backpack that contained ropes and a small camp stove, which he reported using in the commission of the crime.

55. The FBI would like to conduct a search of the residence located at 2456 Spurr Lane, Anchorage, Alaska to look for the items listed in Attachment B. Keyes was a skilled carpenter and had recently completed a remodel of the residence so these items may be contained in hidden compartments. It is not beyond his abilities and means to create this type of compartment or hiding area. Due to the equipment and specialized personnel necessary to conduct a search for such hidden compartments, agents believe it will take approximately two days to execute the search warrant. The search will continue through the night and into the second day. A complete list of items to be seized is in Attachment B. KEYES has been in custody since March 13, 2012 and there is no indication anything listed in Attachment B has been removed from 2456 Spurr Lane or any information suggesting he directed anyone to remove these items from the residence. [redacted] resided at the residence with KEYES prior to his arrest and has resided at the residence since KEYES arrest in March 2012. It is known to law enforcement through information provided by the Anchorage Jail that KEYES asked [redacted] to sell some of his tools to provide her with money. However, there is no indication he asked [redacted] or anyone else to dispose of or move items listed in Attachment B from the residence.

including recorded telephone calls and mail

FBI Records: The Vault — Israel Keyes LastKnownContact.com Part 04: Pg 422 / 475

REQUEST FOR SEALING

56. The investigation of this case is ongoing and disclosure of the issuance of the search warrant could result in destruction of evidence and could also impact officer, witness and victim safety. Accordingly, pursuant to the case law outlined in the governments motion to seal, I respectfully request that the search warrant, search warrant affidavit, attachments, and returns be sealed.

Further your Affiant sayeth naught.

Attachment A

Place to be Searched

This warrant applies to the split level residence located at 2456 Spurr Lane, Anchorage, Alaska and the sheds/outbuildings located on the property. The house is light blue in color and has an attached garage. Agents believe it will take approximately two days to execute the search warrant. The search will be executed during daytime hours but continue through the night and into the second day.

Two photographers and two cameras were used. SA [redacted] photographed the garage and the exterior to include the outbuilding.

FBI Records: The Vault — Israel Keyes LastKnownContact.com Part 04: Pg 427 / 475

Title: (U) 2456 Spurr Lane Search Warrant
Re: 306-AN-15642, 11/01/2012

Due to the camera's internal numbering, the photographs of the exterior are listed as #114 - #260 on the CD, however they are labeled #1-#147 on the photo log. SAS [redacted] photographed the interior of the house. The photographs of the interior on the CD match the photo log from 1-282. A separate memory card was then used to photograph items for an additional search warrant. Upon completion of those photographs, the original memory card was placed back into the camera. Therefore, photolog photograph #283 corresponds to CD photograph #308.

b6
b7C

At approximately 10:50 a.m., the APD Bomb Squad started a structural inspection. When possible, they removed panels and insulation and used the boroscope. The bomb squad did not find anything of evidentiary value and replaced all panels and insulation they removed. One small hole behind a spice rack was created to allow access for the boroscope.

In the backyard, in the northeast corner of the yard, close to the house, a number of unattached doors were leaning against the fence. On one of the doors the following names/words were written on the surface:

[redacted]

Church of Arlington

You Must Be Born Again.org

SA [redacted] served as the evidence custodian and took custody of the evidence at the conclusion of the search and transported it to the FBI Building. A copy of the FD-597, Receipt for Property Seized, and a copy of the search warrant were left at the residence. The main body of the ERT team departed the area at approximately 5:52 p.m.

SA [redacted] and TFO [redacted] remained at the residence to wait for the [redacted] return. Additionally, SA [redacted] maintained custody of the

FBI Records: The Vault — Israel Keyes LastKnownContact.com Part 04: Pg 428 / 475

Title: (U) 2456 Spurr Lane Search Warrant
Re: 306-AN-15642, 11/01/2012

jewelry in order to discuss the ownership of each piece. However, [redacted] did not want to meet with SA [redacted] and TFO [redacted] therefore, all jewelry was seized. SA [redacted] served as the seizing agent for these items and prepared a separate FD-597. SA [redacted] and TFO [redacted] locked and secured the residence and departed the area at approximately 6:15 p.m. b6 b7C

An additional search warrant was obtained by the Case Agent for other items at approximately 3:54 p.m. The results of that search will be documented in a separate report.

At approximately 7:10 p.m. SA [redacted] SA [redacted] and SA [redacted] packaged the valuable evidence in K-Pak evidence bags, heat sealed them and placed them in temporary storage for the Evidence Control Center (ECC).

The following items were seized from the residence and submitted to the FBI ECC:

ATTACHMENT B

All records and information on the Target Device identified in Attachment A that relate to violations of Title 18, United States Code (USC), Section 1029(a)(5) (Fraud and Related Activity in Connection with Access Devices)(FRACAD); Title 18, United States Code, Section 1201 (Kidnapping); Title 18, United States Code, Section 2119 (Carjacking); and Title 18, United States Code, Section 1202(b) (Ransom Money), and involve ISRAEL KEYES from 1998 through 2012, including:

1. Evidence of who used, owned, or controlled the Target Device, including logs, registry entries, configuration files, saved usernames and passwords, documents – including but not limited to travel records, banking or other financial records, maps, driving or other geographic directions, Internet browser history and cache, especially relating to websites or media coverage referencing missing persons, kidnapings, abductions, and unsolved homicides, arson and bank robberies; user profiles; email; email contacts; chat logs, instant messages, photographs, especially of known missing persons or persons with no identifiable connection to or relationship with KEYES; and correspondence, related or unrelated to S.K., B.C. or L.C..

2. Evidence of software that would allow others to control the Target Device, such as viruses, Trojan horses, and other forms of malicious software, as well as evidence of the presence or absence of security software designed to detect malicious software.

3. Evidence of the lack of such malicious software.

4. Evidence of the attachment to the Target Device electronic storage devices, such as thumb drives, digital cameras, cellular telephones, or similar containers for electronic evidence.

5. Evidence of counter-forensic programs (and associated data) that are designed to eliminate data from the Target Device .

6. Evidence of the times the Target Device was used.

7. Passwords, encryption keys, and other access devices that may be necessary to access the Target Device .

8. Evidence indicating the use of photoshop software or similar photography computer programs.

APPLICATION FOR A SEARCH WARRANT

I, a federal law enforcement officer or an attorney for the government, request a search warrant and state under penalty of perjury that I have reason to believe that on the following person or property *(identify the person or describe the property to be searched and give its location)*:
See Attachment A, which is incorporated herein by reference

located in the _____ District of Alaska, there is now concealed *(identify the person or describe the property to be seized)*:
See Attachment B, which is incorporated herein by reference

The basis for the search under Fed. R. Crim. P. 41(c) is *(check one or more)*:

- ☑ evidence of a crime;
- ☐ contraband, fruits of crime, or other items illegally possessed;
- ☑ property designed for use, intended for use, or used in committing a crime;
- ☐ a person to be arrested or a person who is unlawfully restrained.

The search is related to a violation of:

Code Section		*Offense Description*
18 U.S.C. 1029(a)(5)	Access Device Fraud	18 U.S.C. 2113 (Bank Robbery)
18 U.S.C. 1201	Kidnapping	18 U.S.C. 2119 (Carjacking)
18 U.S.C. 1202(b)	Ransom Money	

The application is based on these facts:
See Attached Affidavit, which is incorporated herein by reference

- ☑ Continued on the attached sheet.
- ☐ Delayed notice of _____ days (give exact ending date if more than 30 days: _____) is requested under 18 U.S.C. § 3103a, the basis of which is set forth on the attached sheet.

AFFIDAVIT IN SUPPORT OF
AN APPLICATION FOR A SEARCH WARRANT

I, Jolene Goeden, being first duly sworn, hereby depose and state as follows:

INTRODUCTION AND AGENT BACKGROUND

1. I am a Special Agent with the Federal Bureau of Investigation. As a Special Agent, I am charged with the duty of investigating violations of the laws of the United States, collecting evidence in cases in which the United States is or may be a party in interest, and performing other duties imposed by law. I have been assigned to investigate criminal matters within the jurisdiction of the FBI, including child exploitation, kidnapping, and homicide.

2. I make this affidavit in support of an application under Rule 41 of the Federal Rules of Criminal Procedure for a warrant to search a **Dell Computer Model E1405, S/N J1B8TC1,** further identified in Attachment A (Target Device), for the information identified in Attachment B.

3. As set forth herein, there is probable cause to believe that in the property to be searched there exists evidence of a crime, contraband, fruits of a crimes, or other items illegally

FBI Records: The Vault — Israel Keyes LastKnownContact.com Part 04: Pg 439 / 475

possessed in violation of Title 18, United States Code (USC), Section 1029(a)(5) (Fraud and Related Activity in Connection with Access Devices)(FRACAD); Title 18, United States Code, Section 1201 (Kidnapping); Title 18 , United States Code, Section 2119 (Carjacking); and Title 18, United States Code, Section 1202(b) (Ransom Money). The expansion of the scope of the search by this search warrant is based on probable cause to believe that the target device contains fruits, evidence and instrumentalities of violations of Title 18, United States Code, Section 1201 (Kidnapping) and Title 18 , United States Code, Section 2119 (Carjacking), as further described in Attachment A.

RELEVANT STATUTES

4. The Target Device contains evidence of and is an instrumentality used for violations of Title 18, USC, Section 1029(a)(5), Fraud and Related Activity in Connection with Access Devices, which provides that:

> Whoever, knowingly and with intent to defraud effects transactions with 1 or more access devices issued to another person or persons, to receive payment or any other things of value during any 1-year period that aggregate value of which is equal to or greater than $1,000;

and Title 18, United States Code, Section 1201 (Kidnaping), which provides that:

> Whoever unlawfully seizes, confines, inveigles, decoys, kidnaps, abducts, or carries away and holds for ransom or reward or otherwise any person, except in the case of a minor by the parent thereof, when the person is willfully transported in interstate or foreign commerce, regardless of whether the person was alive when transported in interstate or foreign commerce or uses the mail or any means, facility, or instrumentality of interstate or foreign commerce in committing or in furtherance of the commission of the offense;

and Title 18, United States Code, Section 1202(b) (Ransom Money), which provides that:.

> Whoever receives, possesses, or disposes of any money or other property, or any portion thereof, which has at any time been delivered as ransom or reward in connection with a violation of section 1201 of this title, knowing the same to be money or property which has been at any time delivered as such ransom or reward;

FBI Records: The Vault — Israel Keyes LastKnownContact.com Part 04: Pg 440 / 475

and Title 18, United States Code, Section 2119 (Carjacking), which provides that:

> Whoever, with the intent to cause death or serious bodily harm takes a motor vehicle that has been transported, shipped or received in interstate or foreign commerce from the presence of the person or presence of another by force and violence or by intimidation, or attempts to do so.

and Title 18, United States Code, Section 2113 (Bank Robbery), which provides that:

> Whoever, by force and violence, or by intimidation, takes, or attempts to take, from the person or presence of another, or obtains or attempts to obtain by extortion any property or money or oany other thing of value belonging to, or in the care, custody, control, management, or possession of, any bank, credit union, or any savings or loan assocation.

IDENTIFICATION OF THE DEVICE TO BE EXAMINED

5. The property to be searched is identified in Attachment A as **Dell Computer Model E1405, S/N J1B8TC1**, currently in possession of Anchorage Police Department Property and Evidence, Anchorage, Alaska.

6. The applied for warrant would authorize the forensic examination of the device for the purpose of identifying electronically stored data particularly described in Attachment B.

PROBABLE CAUSE

7. The information contained below is from my personal knowledge and experience, information provided to me by other law enforcement personnel, or from those specific sources as set forth. Since this affidavit is being submitted for the limited purpose of seeking authorization to search a removed hard drive of **Dell Computer Model E1405, S/N J1B8TC1**, I have not included each and every fact known to me regarding this investigation. I have set forth only the facts that I believe are necessary to establish a foundation to support the aforementioned request for a search warrant.

FBI Records: The Vault — Israel Keyes LastKnownContact.com Part 04: Pg 441 / 475

Abduction of S.K.

8. On 2-2-12 at about 12:39 Alaska Standard Time (AST), Duncan, the owner of the Common Ground Coffee stand at 630 E. Tudor, Anchorage, Alaska, contacted APD dispatch. Duncan was calling from Oregon, where he was vacationing. He reported that while viewing his internet-based security system he saw one of his employees, 18-year-old S.K., appear to be abducted. Duncan said he was contacted by S.K.'s father (J.K.) and boyfriend (D.T.), who had been unable to locate her. This contact prompted Duncan to review his security video which showed an unknown man climb through the window of the coffee stand at about 20:00 AST on 2-1-12 while S.K. was working. The video appears to show S.K. retreating a short distance and raising her hands in an apparent sign of submission to the man who subsequently climbed into the coffee stand, robbed S.K. and escorted her away from the scene. The abductor climbed through the window into the coffee stand without any significant difficulty. He appeared to be significantly taller than S.K., who is 5'4" tall, but due to the limited lighting and quality of the video, a more accurate estimate of his height has not been made. The robber/abductor appeared to have a medium to large build and athletic movements.

9. At the time of her abduction, S.K. was wearing a dark-colored jacket, a green shirt with light-colored stripes on the sleeves, a thin dark-colored bracelet, dark-colored pants, and dark-colored shoes. At the time of her abduction, S.K. was also believed to be in possession of a carabineer with three keys and possibly a white lanyard, a medium-to-large size leopard print purse, and a black cellular telephone with sliding keyboard. S.K. is a white female adult, approximately 5'4" tall, 150 pounds, 18 years old, with shoulder-length brown hair and brown eyes.

FBI Records: The Vault — Israel Keyes LastKnownContact.com Part 04: Pg 442 / 475

10. Video surveillance appeared to show S.K.'s robber/abductor wearing a dark-colored, possibly hooded, jacket, dark-colored glasses, a dark-colored face mask, dark-colored gloves, dark-colored pants; and dark-colored shoes. He appeared to be carrying a white coffee cup and a dark-colored bag. Although to date no weapon has been conclusively identified in the surveillance videos that captured this robbery/abduction, the scene was generally poorly lit and the robber/abductor was not always fully visible. Furthermore, S.K.'s reaction appeared to be consistent with someone who was confronted or threatened with a weapon. In addition, during separate subsequent interviews, both S.K.'s father and boyfriend adamantly indicated that S.K. was very strong-willed and would not have complied with a robber or abductor's demands, unless she had been threatened with a weapon.

11. Surveillance video from a nearby Home Depot at approximately 19:54 AST on 2-1-12 showed a white Chevrolet extended cab truck roll through the Home Depot parking lot and park just east of an International House of Pancakes. From a distance, the surveillance showed an individual with a black garment and hat get out of the truck and walk westbound through the parking lot towards Denali St., cross it, get on the sidewalk, walk southbound on Denali St. to Tudor Rd., cross Tudor Rd. at the intersection, and, finally, exit the frame. The individual's travel was in the direction of the Common Ground Coffee stand, from which S.K. was abducted. One minute later, the video surveillance footage from Common Ground Coffee stand showed the individual who abducted S.K. approach from the direction of the man in the Home Depot video. Approximately two minutes after S.K. and her abductor exited the frame of the Common Ground Coffee stand video footage, two persons appearing to match S.K. and her abductor again entered the frame of the Home Depot video footage, this time walking back towards the location

FBI Records: The Vault — Israel Keyes LastKnownContact.com Part 04: Pg 443 / 475

where the white Chevrolet truck was originally parked. The Home Depot video then showed the two people approach the passenger side door of the Chevrolet truck. It then showed the person who appeared to be S.K. enter the passenger side of truck. The other individual then walked around the truck, entered the driver's side, and drove out of the surveillance video's frame. As described below, police have now identified KEYES' residence and located a white Chevrolet truck registered to him at that residence. This white Chevrolet truck belonging to KEYES appears to match the vehicle in the Home Depot surveillance footage, although KEYES' truck has several toolboxes and a ladder rack fastened with removable bolts to the truck bed, and these items do not appear on the truck in the Home Depot video.

12. During an interview on 02-02-2012, D.T. (S.K.'s boyfriend) said he went to the coffee stand on 2-1-12 at about 20:33 AST to give her a ride home but the stand appeared to be closed and she was not there. D.T. further reported to law enforcement that on 02/02/2012, at approximately 03:00 AST, he observed an unknown male adult wearing a ski mask and dark clothing going through the vehicle he shared with S.K. D.T. did not alert authorities to the burglary of the vehicle at that time.

13. When D.T. was asked where his ATM debit card was by APD Detectives several days after the abduction, he indicated he had left it in the vehicle he shared with S.K. This vehicle had been seized by APD on 02-02-2012 and searched pursuant to a State of Alaska search warrant. The debit card referenced above was not located during the search; however law enforcement did not notify D.T. of this fact. D.T. indicated that his debit card was a Credit Union 1 VISA debit card (VISA debit card) bearing XXXXXXXXXXXX2851, expiration 01/15, and that he did not give his VISA debit card to anyone else or give anyone permission to

FBI Records: The Vault — Israel Keyes LastKnownContact.com Part 04: Pg 444 / 475

use it. The card is thus believed to have been stolen from D.T.'s vehicle at the time D.T. observed the vehicle break-in. D.T. further related that S.K.'s driver's license had also been in his vehicle. That driver's license was missing when searched for on 02-02-2012, indicating that it also was stolen at that time. I know that a driver's license is generally necessary to leave the State of Alaska by airplane, road or ferry, due to established interstate (or international in the case of travel to/from Alaska via the Alaska-Canada Highway) travel requirements. Furthermore, due to Alaska's unique geographic location, the difficulty of traveling by road through northern Canada in winter, and the lengthy periods generally associated with traveling to/from Alaska by ferry, commercial airlines are the most common and popular mode of interstate travel to/from Alaska, especially during the winter.

Ransom Note and Transfer of Funds to "Ransom Account"

14. On 02-24-2012, at 19:56 AST, D.T. received the following text on his cell phone 907-231-9835 from S.K.'s cell phone 907-884-8370 - "Conner park sign under pic of albert aint she purty". J.K. (S.K.'s father) contacted law enforcement officers and relayed the information. At the request of APD Detectives, at approximately 20:18 AST, APD Patrol Officers arrived at Conner Park located on the southeast corner of Jewel Lake Road and International Airport Road in Anchorage, Alaska. J.K.and D.T. were already present. Attached to the park sign, below a flyer for a lost dog named "Albert," was a ziploc bag which contained a folded piece of paper.

15. On one side of the piece of paper, there was a photograph of S.K. with silver duct tape around her mouth and chin. She appeared to be wearing eye liner, and a light-colored, latex-gloved hand and lightly complected, muscular arm was holding S.K.'s hair. In the upper part of the photo was an Anchorage Daily Newspaper determined to be the issue released on

FBI Records: The Vault — Israel Keyes LastKnownContact.com Part 04: Pg 445 / 475

Monday, February 13, 2012.

16. On the reverse side of the piece of paper was a ransom note which demanded $30,000. The note included the 16-digit card number of the debit card belonging to D.T., which he had reported stolen on the night of the kidnaping, as summarized above. This debit card number is correlated to a bank account number held by D.T. and S.K. The note demanded that $30,000.00 be deposited into that account and indicated that the writer of the note intended to withdraw money at regular intervals over the coming days, and in locations other than Alaska. Specifically, it said, "I may not use the card much in ak due to small pop but as I will be leaving soon I will be using it all over." The note further gave an indication that S.K. had been moved from Alaska, stating that "she did almost get away twice. once on tudor and once in the desert. must be losing my touch." I know from research, training, and experience, and discussions with law enforcement officers familiar with Alaska that there are no areas in Alaska commonly referred to and known to be "deserts." Many such areas do exist in Arizona, New Mexico and Texas. Subsequent analysis of the demand note by the FBI Laboratory revealed that it was typed with a typewriter that used a carbon ribbon, and that the aforementioned picture on the back of the demand note was printed with an inkjet printer.

17. On 02-29-2012, at approximately 16:55 AST, J.K. contacted APD Detectives and told them he was withdrawing $5,000.00 from the reward account set up for S.K. at Denali Alaskan Federal Credit Union, and he intended to deposit it in the ransom fund, which was an account held by Credit Union 1. Pursuant to a State search warrant obtained by APD Detective Joseph Barth on 02-25-2012, investigators were informed that $5,000.00 was deposited in the Credit Union 1 account indicated on the ransom note, (the account attached to the Credit Union

FBI Records: The Vault — Israel Keyes LastKnownContact.com Part 04: Pg 446 / 475

1 VISA debit card [VISA debit card] bearing XXXXXXXXXXXX2851, expiration 01/15 issued to D.T).at 17:45 AST on 02-29-2012).

Unauthorized use of Credit Union 1 VISA debit card

18. On 02-29-2012 at 22:13 AST, an unknown person utilizing D.T.'s Credit Union 1 debit card attempted to withdraw $600.00 in US Currency from the account indicated on the ransom note. The attempted withdrawal took place at the Automatic Teller Machine (ATM) located at the Alaska USA bank at 4000 Credit Union Drive in Anchorage, Alaska. Because the attempted amount was over the $500.00 daily limit, the withdrawal was declined. Surveillance video in the area of the ATM revealed a male dressed in a black hooded sweatshirt and black pants, operating a light-colored SUV, arrived in the parking lot of the Sea Galley restaurant across the street. After parking the SUV, the male exited and quickly walked across the street to the area of the Alaska USA ATM. The SUV was later determined by the FBI to be a silver Nissan Xterra of a model between the years 2005 and 2012. As noted below, police have now determined that KEYES' girlfriend owns a silver 2007 Nissan Xterra.

19. On 02-29-2012 at 23:56 AST, $500.00 in US Currency was withdrawn from the ATM at the Denali Alaskan Federal Credit Union located at 3020 Minnesota Drive in Anchorage, Alaska. The debit card utilized to withdraw the money was the same Credit Union 1 debit card issued to D.T. Surveillance video obtained of the area revealed this withdrawal was conducted by an unknown male with a muscular appearance wearing a dark-colored, possibly hooded, jacket with a light-colored design or paint spatter on the left chest and front, and light-colored lettering, including possibly "CORPS" across the back shoulders; clear or light-colored glasses; a gray face mask; gray gloves; dark-colored pants; and light-colored shoes.

FBI Records: The Vault — Israel Keyes LastKnownContact.com Part 04: Pg 447 / 475

20. During the course of the investigation, Detective Blanton and Officer Pierce of APD obtained surveillance footage from businesses surrounding the Alaska USA, which is located on Credit Union Drive in Anchorage, Alaska. Immediately before the withdrawal, a hidden surveillance camera located at the Sea Galley at 4101 Credit Union Drive in Anchorage, Alaska captured a similarly dressed male park in the extreme southwest corner of the Sea Galley parking lot driving a silver Nissan Xterra. From the surveillance video, the male appeared to exit the vehicle and walk westbound across the street to the Alaska USA and return a short while later. Both the male's appearance and timing are commensurate with him being the person who attempted to withdraw the money.

21. On 03-01-2012 at approximately 00:28 AST, $500.00 in US currency was withdrawn from the ATM at the Alaska USA located at 7701 Debarr Road in Anchorage, Alaska. As with the prior two transactions, the debit card utilized to withdraw the money was the Credit Union 1 debit card issued to D.T.

22. On 03-07-2012 at approximately 21:57 AST, $400.00 in US currency was withdrawn from the ATM at the Western Bank located at 200 West Rex Allen Road in Willcox, Arizona. The debit card utilized to withdraw the money was the Credit Union 1 debit card issued to D.T. Surveillance video on the ATM showed the individual using the debit card for the withdrawal was a white male dressed in a gray hooded jacket or sweatshirt, glasses, a gray face mask, gray gloves, dark-colored pants, and light-colored shoes, and appeared to be driving a late model white Ford Focus sedan.

23. On 03-07-2012 at approximately 23:24 AST, there was an attempted $400.00 withdrawal at the Western Bank located at 711 Main Street in Lordsburg, New Mexico, using

FBI Records: The Vault — Israel Keyes LastKnownContact.com Part 04: Pg 448 / 475

D.T.'s Credit Union 1 debit card (the same card referenced in prior paragraphs.) The withdrawal was declined by the ATM as it would have put the debit card over the daily withdrawal limit. At 23:25 AST, at the same ATM, a balance inquiry was conducted on the account utilizing the debit card. The balance shown was $3,598.91. At 23:26 AST, $80.00 was withdrawn from the account utilizing the debit card. Surveillance video on the ATM showed the individual using the debit card wore similar clothing to the first ATM withdrawal in Arizona.

24. On 3-9-2012 at approximately 23:23 AST, there was a $483.00 withdrawal made at an ATM at Houston Community Bank, 1515 FM 1960 Bypass East, Humble City, Texas. Initial review of the surveillance video from the ATM appeared to show that the individual using the debit card wore similar clothing to that worn during the two aforementioned ATM withdrawals in Arizona and New Mexico.

25. On 03-11-2012 at approximately 23:47 AST, there was a $480.00 withdrawal at the People's State Bank located at 5850 Hwy 59 South, Shepherd, Texas using D.T.'s Credit Union 1 debit card (the same card referenced in prior paragraphs.) Surveillance video on the ATM showed the individual using the debit card wore similar clothing to the first ATM withdrawal in Arizona, as well as the subsequent withdrawals in New Mexico and Texas.

Stop of the White Ford Focus

26. On 03/13/2012, at approximately 11:00 Central Time (CT), Texas Ranger Steven Rayburn, while in the company of FBI Agent Deborah Gannoway, was notified by Texas Department of Public Safety (DPS) Highway Patrol Corporal Bryan Henry (Corporal Henry) that a white Ford Focus sedan bearing Texas license plate DH4N930 was observed parked at the Quality Inn & Suites (QIS), 4306 South First Street, Lufkin, Texas, which is a short drive from

FBI Records: The Vault — Israel Keyes LastKnownContact.com Part 04: Pg 449 / 475

Shepherd, Texas.

27. On 03/13/2012, at approximately 11:15 CT, Ranger Rayburn and FBI Agent Deborah Gannoway responded to the QIS, at which time Agent Gannoway conducted a walk-by and visual inspection of the white Ford Focus. Agent Gannoway noted a bar-code sticker on the driver's side back passenger window consistent with stickers applied to rental vehicles. Agent Gannoway also noted numerous items of clothing, trash and other debris in plain sight within the vehicle, including what appeared to be a girl's or woman's pink item of clothing. Ranger Rayburn caused a Texas license plate database search to be conducted which revealed the white 2012 Ford Focus was registered to PV Holding Corporation, 9603 John Saunders Road, San Antonio, Texas. DPS Criminal Investigative Division (CID) Lieutenant Mickey Hadnot (Lieutenant Hadnot) maintained surveillance on the Ford Focus.

28. On 03/13/2012, at approximately 11:30 CT, Lieutenant Hadnot reported to Ranger Rayburn, who was in the company of FBI Agent Deborah Gannoway, that a white male adult exited room 215 of the QIS, placed some items into the trunk of the aforementioned white Ford Focus, and departed the scene alone, driving the white Ford Focus. FBI Agent Gannoway had previously obtained from the QIS front desk manager an "in house list" of all occupants of the QIS on the night of 03/12/2012, which reflected room 215 was rented by ELIJAH KEYES for the time period 03/09/2012 through 03/13/2012.

29. On 03/13/2012, at approximately 11:45 CT, Corporal Henry conducted a traffic stop on the white Ford Focus sedan based in part on FBI Agent Gannoway's suspicion that the vehicle was the same vehicle used in the Arizona, New Mexico, and Texas ATM withdrawals, as well as Corporal Henry's assessment that the driver of the vehicle was traveling in excess of

FBI Records: The Vault — Israel Keyes LastKnownContact.com Part 04: Pg 450 / 475

the posted speed limit. Upon FBI Agent Gannoway's arrival at the car stop location, Corporal Henry provided to FBI Agent Gannoway Alaska Driver's License number 7268639, in the name of ISRAEL KEYES, which KEYES had provided to Corporal Henry prior to Agent Gannoway's arrival at the scene. Corporal Henry told Agent Gannoway that KEYES informed him he flew from Anchorage, Alaska, to Las Vegas, Nevada, on 03/07/2012, and that he rented the white Ford Focus at the Las Vegas airport, driving to his present location over the course of the ensuing week. KEYES provided to Agent Gannoway a copy of his car rental agreement, which corroborated his statement that he had rented the car at the Las Vegas, Nevada, airport on 03/07/2012. KEYES was unable to describe to Agent Gannoway the route he drove from Nevada to Texas, but stated he was in Lufkin, Texas, to attend his sister's wedding in Wells, Texas. KEYES told Agent Gannoway he "probably" paid for fuel throughout his travels from Nevada to Texas with cash. Ranger Rayburn reported to Agent Gannoway that there was a pair of large white tennis shoes partially pushed under the driver's seat of the Ford Focus, which Ranger Rayburn could plainly see through the window. During questioning by Agent Gannoway and Ranger Rayburn, KEYES became increasingly agitated and uncooperative, and he refused to allow Agent Gannoway and/or Ranger Rayburn to inspect his wallet (which was in his pocket) or his vehicle. KEYES became unusually nervous and began to sweat profusely, in spite of the slightly cool weather and the tank top which he was wearing at the time. KEYES expressed to Agent Gannoway that if he was going to be kept in the area for a longer period of time, he desired to call his brother (who has KEYES' daughter in a separate car) and notify him of same. Agent Gannoway suggested KEYES make that call. A short time later, the 2012 Ford Focus was transported to and secured at the Lufkin, Texas, Police Department.

FBI Records: The Vault — Israel Keyes LastKnownContact.com Part 04: Pg 451 / 475

30. Based on the aforementioned observations, including the fact that the rented Ford Focus matched the description of the vehicle utilized in the ATM withdrawals in Arizona, New Mexico and Texas, KEYES' arrival in Las Vegas, Nevada, and his subsequent travel from Nevada to Texas very likely resulting in KEYES traveling through Arizona on or about 03/07/2012 (the date of a $400.00 ATM withdrawal in Arizona) and New Mexico on or about 03/08/2012 (the date of an $80.00 ATM withdrawal in New Mexico), KEYES' appearance closely matching the description of the white male adult observed in videos of the above-described ATM withdrawals, KEYES' own admission that he lived in the Anchorage, Alaska, area, KEYES' Alaska driver's license reflecting an Anchorage, Alaska, address, the white tennis shoes under the driver's seat matching the description of the shoes worn by the white male adult observed in the videos of the above-described ATM, as well as other observations, Agent Gannoway instructed Corporal Henry to place KEYES under arrest. Ranger Rayburn, in Agent Gannoway's presence, searched KEYES' wallet, revealing a VISA ATM/Debit card bearing account number XXXXXXXXXXXX2851, expiration date 01/15, in the name of D.T. This card is linked to the "ransom account" identified above, from which the withdrawals and attempted withdrawals summarized above were made.

Discovery of KEYES' White Chevrolet Truck

31. APD Detectives discovered that ISRAEL KEYES listed a mailing address of 3705 Arctic Blvd. #2891 in Anchorage, Alaska, on 07-18-2011, which is the Mail Cache. APD Detectives also discovered that KEYES listed a residential address of 2456 Spurr Lane in Anchorage, Alaska, as of 07-18-2011.

FBI Records: The Vault — Israel Keyes LastKnownContact.com Part 04: Pg 452 / 475

32. On 03-13-2012 at approximately 10:30 AST, members of the APD Special Assignment Unit went to KEYES' home address at 2456 Spurr Lane in Anchorage, Alaska. No one answered repeated knocks on the door. Per APD Sergeant Redick, there were fresh tire impressions in the snow in the driveway of the address that appeared as if a vehicle had been parked there as recently as the morning of 03-13-2012.

33. There was also a white Chevrolet pickup truck parked in the driveway of the address. The truck had a large toolbox in the bed and a ladder rack on top. The bolts securing those items were removable and appeared to have been recently added. The license plate on the truck was Alaska license plate FTC990, relating to a white 2004 Chevrolet Silverado, registered to ISRAEL KEYES at 2456 Spurr Lane in Anchorage, Alaska. The white Chevrolet truck appeared to match the vehicle appearing in the Home Depot surveillance video, as summarized above. Further, Detectives eventually contacted KEYES' girlfriend and discovered that she drives a 2007 Nissan Xterra, which matched the general description of the vehicle used by an individual who appeared to attempt to use the stolen debit card on 2-29-12, as summarized above.

34. The 2004 Chevrolet Silverado was compared by investigators to the vehicle used in the abduction and appearing in the Home Depot video, as noted above. The vehicle appeared to be an exact match, with one exception. The 2004 Chevrolet Silverado belonging to KEYES was equipped with a large, removable toolbox in its bed. The toolbox was emblazoned with the phone number for KEYES construction company. Pursuant to this observation, and to the fact that the toolbox is removable, investigators sought to establish whether or not the toolbox was present on KEYES' 2004 Chevrolet Silverado on 2-1-12. Investigators first interviewed

FBI Records: The Vault — Israel Keyes LastKnownContact.com Part 04: Pg 453 / 475

KEYES' daughter, L.K. L.K., who is ten years old, informed investigators that she had noticed on or about 2-1-12 that the toolbox had been removed from KEYES truck, and stated that this was unusual. L.K. also stated that she had discussed the removal of the toolbox around that time with a neighbor and playmate, A.B. Pursuant to this information, investigators interviewed A.B. In her statement, A.B. confirmed that the toolbox had in fact been removed on or about 2-1-12, that this was in fact unusual, that the toolbox had been replaced back on the truck shortly thereafter, and that she and L.K. had in fact discussed this observation contemporaneously with its occurance. Meanwhile, investigators also obtained records of KEYES' purchases on or about 2-1-12. In so doing, investigators discovered that KEYES had returned four construction doors to Home Depot at Tudor Road in Anchorage, Alaska on 2-1-12. Investigators visited this Home Depot and spoke with employees and managers there, who checked their store records and noted that KEYES had in fact made a return on 2-1-12. Store managers then obtained the in-store and front outside surveillance footage for 2-1-12. The in-store surveillance footage, reviewed by your affiant, clearly shows KEYES conducting a transaction at a cash register in Home Depot at the time indicated by store records and KEYES' receipt. The outdoor surveillance footage shows a white truck approach the Home Depot minutes before this transaction occurs. The truck's driver declines to pull up to the Home Depot loading dock, and instead parks a distance away from the Home Depot and then manually unloads what appears to be large, rectangular objects from the truck. He then manually transports these objects inside Home Depot, just moments before KEYES appears on the interior surveillance footage to conduct his transaction. The white Chevrolet truck appears in clear view in the outdoor surveillance footage, as the man who appears to be KEYES exits it, moments before KEYES conducts his transaction at Home

FBI Records: The Vault — Israel Keyes LastKnownContact.com Part 04: Pg 454 / 475

Depot and then re-enters the truck afterwards. In this video surveillance, the truck clearly does not have any toolbox on its back.

Seizure of Computers

35. On March 13, 2012, pursuant to Alaska State Search Warrant Number 3AN-12-00390SW, Anchorage Police Department officers seized from KEYES' residence the Dell Tower Computer, S/N 5YRZYH1, APD Property and Evidence Tag Number HT2006128. This computer was located in the downstairs northwest bedroom of KEYES' residence. Also, FBI seized a LENOVO B570 LAPTOP, BLACK IN COLOR Model #1068 S/N WB03686639. Search warrants to examine these computers were later sought and obtained; the pertinent results of those examinations are summarized below.

Seizure of Dell Computer, Model E1405, S/N J1B8TC1

36. On March 13, 2012, the Dell Computer, Model E1405, S/N J1B8TC1 was seized from Keyes' residence at 2456 Spurr Lane, Anchorage, Alaska, by the Anchorage Police Department pursuant to Alaska State Search Warrant #3AN-12-00390.

Discovery OF KEYES' Computer Use and Use of Yahoo Account

37. KEYES' girlfriend, who also lives at his residence, was interviewed on approximately March 14, 2012. She indicated KEYES was out of Alaska. She also indicated that KEYES owned a laptop computer and that his computer was not in the residence.

38. Alaska Airlines provided travel records for KEYES pursuant to a Federal Grand Jury Subpoena that was issued to them on March 14, 2012. In reviewing the returns for this subpoena, travel records were found showing KEYES and his young daughter traveled to Houston on February 2, 2012. KEYES was originally scheduled to return on February 14, 2012

FBI Records: The Vault — Israel Keyes LastKnownContact.com Part 04: Pg 455 / 475

but changed the ticket to return on February 17, 2012. The ticket was booked online October 1, 2011 and an email confirmation was sent on the same date. The return ticket was changed to February 17, 2012 and an email confirmation was sent on 2/15/2012. The notes for this transaction indicate the email confirmation was sent to an email address believed to belong to A.K., KEYES' mother. However, the tickets were booked using A.K.'s credit card. A.K.does not reside in the state of Alaska and it is likely she had to forward the email confirmation to KEYES so that he would know the dates/times of travel.

39. In reviewing the returns for this subpoena, travel records were also found showing KEYES and his young daughter traveled to Las Vegas on March 6, 2012 via Alaska Airlines. This ticket was booked online and he provided an email address with the reservation. The notes section of the travel records indicated the email address provided was israelkeyes@yahoo.com. The records also indicated an email confirmation was sent to israelkeyes@yahoo.com on March 1, 2012.

Execution of Search Warrant on Ford Focus

40. On March 16, 2012, law enforcement agents in Beaumont, Texas obtained a search warrant, which authorized the search of the white Ford Focus driven by KEYES. Execution of that search warrant on March 17, 2012 revealed numerous items, including a cellular phone believed to belong to S.K. and a Lenovo B570 laptop, black in color, Model #1068, S/N WB03686639.

Initial Interviews with Israel Keyes

41. KEYES was transported to Anchorage, Alaska and arraigned on March 27, 2012 on one count of Access Device Fraud. He was provided defense counsel at government expense.

FBI Records: The Vault — Israel Keyes LastKnownContact.com Part 04: Pg 456 / 475

Subsequently, KEYES agreed through counsel to be interviewed by law enforcement. On March 30, 2012, two interviews with KEYES took place. In the first interview, investigators presented KEYES with a selection of the evidence and investigative actions summarized above. KEYES then requested some time to speak alone with his attorney. Several hours later, KEYES agreed through counsel to be interviewed by law enforcement. In this second interview, KEYES stated that he had abducted S.K. on 2-1-12, and that she had been dead before he left for a vacation approximately ten hours after the abduction. KEYES indicated that S.K.'s body could be found in Matanuska Lake in Alaska, and identified the precise location at which he had dropped her remains through the ice. KEYES indicated that he had "lots more stories to tell," and stated that his ex-girlfriend knew nothing of his criminal activities, as he was "two different people." When asked how long he had been "two different people," KEYES immediately and specifically responded, "fourteen years."

42. On April 1, 2012, KEYES agreed through counsel to a third interview with law enforcement. In this third interview, KEYES explicitly stated that he murdered S.K., and gave substantial details about the murder. He further explained how he posed S.K.'s body to appear alive in order to take the ransom photograph noted above, and gave details about the location and manner of his disposal of S.K.'s body. In numerous interviews thereafter, KEYES referenced on several occasions his frequent use of several computers, including a tower computer at his residence, a laptop computer found in his rental vehicle, and a laptop computer at his residence technically belonging to his girlfriend K.A. KEYES stated that he believed he had expressly used these computers on at least several occasions to commit the crimes referenced in this affidavit, though he was uncertain and unclear about precisely when he had

FBI Records: The Vault — Israel Keyes LastKnownContact.com Part 04: Pg 457 / 475

used which computer. Specifically, KEYES indicated that he believed he had used these computers to search for stores that sell Polaroid cameras and film, in order to obtain the necessary equipment to take the ransom photograph; to research lakes in Alaska in order to find a suitably remote and deep lake for the disposal of S.K.'s body; and to track the investigation of S.K.'s disappearance. More generally, KEYES indicated that he expected the government would find substantial evidence against him on these computers.

Discovery of S.K.'s Body

43. On April 2, 2012, investigators discovered S.K.'s remains in Lake Matanuska, at the precise location identified by KEYES.

Fourth interview with KEYES

44. On April 6, 2012, KEYES agreed to a fourth interview, on the explicit terms that the S.K. case would not be discussed. KEYES indicated his willingness to share "other stories" with investigators. In this interview, KEYES implied that he had murdered many persons over the past fourteen years, in many different locations. KEYES stated that he had many "cards to play," and didn't want to give them all away at once. He was asked to give the identity and location of just one body. After thinking silently for about twenty seconds, KEYES stated, "I'll give you two." He then confessed to the kidnapping, carjacking and murder of B.C. and L.C. near Burlington, Vermont in June 2011. After working with an electronic map for approximately thirty minutes, KEYES located the abandoned house in which he believed he had disposed of their remains. A quick records check verified that, indeed, B.C. and L.C., ages 49 and 55, had inexplicably gone missing on June 8, 2011. KEYES stated that he was in Vermont en route to a vacation in Maine, technically visiting family. He indicated, however, that prior to

FBI Records: The Vault — Israel Keyes LastKnownContact.com Part 04: Pg 458 / 475

leaving Alaska, he had planned to kill someone during the vacation, and had carefully scouted the area surrounding Burlington,Vermont to develop a plan for doing so. KEYES indicated that this scouting and planning had begun prior to his actual trip from Alaska to Vermont, and he indicated that he used computers to conduct these activities. KEYES indicated that his plan for this homicide included extensive travel, including an airline flight, car rental, and driving through several states. KEYES identified one hotel at which he stayed, and indicated that B.C. and L.C. had lived in a house several blocks from this hotel; KEYES indicated he had chosen the B.C. and L.C. randomly. Investigators contacted the hotel identified by KEYES and verified that he had indeed been a guest there during the relevant time period.

45. In his statement, KEYES indicated that extensive travel was a crucial part of his scheme for successful committing this homicide; immediately following the murder of B.C. and L.C., he had left the geographic area, quickly placing hundreds of miles between himself and the scene of the crime. Investigators have obtained travel records from airlines, car rental companies, and Customs and Border Patrol that show KEYES travels extensively both within the United States and internationally. Specifically respecting KEYES' journey to Vermont and the murder of the Curriers, investigators have discovered from analysis of such records that in June 2011, KEYES flew from Alaska to Chicago, where he rented a car and drove through numerous states before reaching Vermont. Financial records for purchases such as gas, toll roads, hotel and goods place him in Illinois, Indiana, Ohio, New York, Maine and Vermont. Analysis of KEYES' time in Texas in February and March of 2012 also demonstrates this pattern; records indicate that KEYES traveled hundreds of miles per day, quickly placing distance between himself and the communities in which he committed Access Device Fraud or

FBI Records: The Vault — Israel Keyes LastKnownContact.com Part 04: Pg 459 / 475

other criminal acts. Additionally, KEYES demonstrated active knowledge of the current state of the investigation into the disappearance of B.C. and L.C. He stated that they had not been found, and was able to name them immediately.

46. In his statements, KEYES has repeatedly referred to his belief that a thorough analysis of his computers will lead to evidence connecting him to additional kidnapings and homicides. He has stated that law enforcement officers will inevitably discover certain things about "other stories" explicitly because his computers are being searched, and has indicated his willingness to eventually talk about "stories" that law enforcement officers will discover "anyway" because of his computer. KEYES has not been clear about which of his computers may contain the most significant information; at several points he has implied that he is unsure himself of which computer he used to access certain material.

47. In his statements, and in later statements, KEYES admitted conducting numerous bank robberies and using the proceeds of such bank robberies to conduct his other criminal exploits. He admitted planning or conducting bank robberies in both Texas and New York, amongst other places.

Initial Analysis of LENOVO B570 LAPTOP, BLACK IN COLOR Model #1068 S/N WB03686639 and Dell Tower Computer, S/N 5YRZYH1

48. On March 22, 2012, FBI Agent Jolene Goeden obtained Search Warrant 3:12-mj-00135-1-JDR, authorizing the electronic search of a LENOVO B570 LAPTOP, BLACK IN COLOR Model #1068 S/N WB03686639. That search warrant authorized the search of the laptop computer for "travel records, banking or other financial records, records indicating connection or interactions between KEYES and S.K. or surveillance of S.K, by KEYES, maps,

FBI Records: The Vault — Israel Keyes LastKnownContact.com Part 04: Pg 460 / 475

driving or other geographic directions, Internet browser history and cache, user profiles, email, email contacts, chat logs, instant messages, photographs, and correspondence." The process of searching an electronic medium like the target device is complex and the files on the computer are voluminous, therefore the search for these items is ongoing; however, certain initial discoveries have been made. The initial stages of the search have revealed internet searches for geographic data and many downloaded maps yet to be analyzed; travel data and records related to the murder of S.K.; and internet browser history indicating that the computer's user was closely following media coverage of the abduction of S.K. In searching the target device for these items, the initial search has also revealed the apparent existence of internet searches for geographic data and downloaded maps apparently unrelated to the disappearance of S..K, travel data and records apparently unrelated to S.K., photos of unknown persons, and a close following of non-Alaska media coverage of unknown events (unknown because investigators have not looked at the content of the coverage, but have rather only noted that the media websites visited are not related to stories about S.K. and are not focused on Alaska events.)

The search of the Dell Tower Computer, S/N 5YRZYH1 revealed similar results, including a photograph of B.C. and L.C., other "missing person" posters and flyers, photos of numerous unknown individuals, numerous search engine searches of media reports throughout the United States related to missing persons, and numerous bank robbery photographs, including a photograph of KEYES in a bank robbery.

Initial Analysis of Dell Computer, Model E1405, S/N J1B8TC1

49. Over the course of several interviews, KEYES indicated that the Dell Model 1405 computer, S/N J1B8TC1, belonged to his girlfriend K.A., but that he had access to it and

FBI Records: The Vault — Israel Keyes LastKnownContact.com Part 04: Pg 461 / 475

frequently used it. As noted above, KEYES indicated that he had frequently used computers at his residence in furtherance of his criminal activities, and stated that he had access to the target device and used it frequently, but was unable to specifically say which computers he used at which times. Pursuant to this information and the Alaska Search Warrant, Anchorage Police Department Cyber Crimes Unit processed the target device and searched it for information relating to S.K. APD did not search the target device for information relating to other crimes, as the Alaska Search Warrant did not authorize a search of such scope.

50. On the basis of these facts and my training and experience, I submit that there is probable cause to believe that KEYES has committed multiple kidnapings, carjackings and homicides; that he incorporates travel into his homicides as an effective countermeasure to law enforcement detection; and that he subsequently follows media and missing person reports relating to his offenses. I base these conclusions on the above facts, including but not limited to evidence authoritatively tying KEYES to the kidnaping and murder of S.K.; KEYES' confession to the kidnaping, carjacking and murder of B.C. and L.C.; KEYES' description of the specific planning of both these crimes and his extensive and immediate travel thereafter; KEYES multiple specific references to "other stories"; KEYES specific statement that his ex-girlfriend knew nothing of his murders because he was "two people," immediately followed by his statement that he had been "two people" for exactly "fourteen years"; KEYES' statement that he would be willing to eventually tell the "stories" that law enforcement officers are likely to uncover by examining his computers; initial information obtained from one of his two computers; and records obtained indicating KEYES' extensive travel through the United States and internationally. Based on all the information above, I submit that there is probable cause to

FBI Records: The Vault — Israel Keyes LastKnownContact.com Part 04: Pg 462 / 475

believe that KEYES' pattern, exemplified to varying extent by both the murder of S.K. and B.C. and L.C., is to travel to a location to commit a murder and – most especially – to then immediately place significant geographic distance between himself and the murder by traveling. KEYES appears to time his homicides to specifically coincide with his planned departure from a geographic area. KEYES indicated (and records confirm) that he left Vermont the day after B.C. and L.C. went missing, traveling to Maine; KEYES left Alaska only hours after completing the murder of S.K. This pattern is especially significant given the records currently in law enforcement possession indicating KEYES' prolific record of travel. I further submit that given the above information, there is probable cause to believe that this pattern has been ongoing during the fourteen year period beginning in 1998 and continuing through 2012, and that evidence, fruits and instrumentalities of the above-referenced crimes committed pursuant to this pattern during that time period may be found on the Target Device. I further submit that because KEYES has admitted accessing the target device in the same manner as he did the LENOVO B570 LAPTOP, BLACK IN COLOR Model #1068 S/N WB03686639, a broad examination of the target device is likely to reveal probative material similar to the material discovered in the search of that computer. I therefore submit that the facts contained herein establish probable cause to search the Target Device for the items listed in Attachment B and summarized in paragraph 62 below.

51. In my training and experience, I know that photos from digital cameras and cellular phones are frequently downloaded to computers and electronic tablets, and then printed or stored on media devices. I also know that cellular phones, computers, electronic tablets and similar devices are frequently used to arrange travel and hotel reservations, rent vehicles, and

FBI Records: The Vault — Israel Keyes LastKnownContact.com Part 04: Pg 463 / 475

conduct other personal business related to traveling. I also know that computers and cellular phones can be used to connect to the internet, which can be used to locate banks, geographical landmarks, ATM's, hotels, maps, send email, draft documents, and communicate with others, and to research news coverage of previously committed crimes or collect information for the planning of new crimes. I also know that storage devices for electronic information, or "thumb" drives, are often used to store such information for later use by computers, cellular phones and other media devices. I know that electronic records of all such uses of computers and similar electronic devices are retained within those devices and may be retrieved by forensic technicians.

52. The Device is currently in the lawful possession of the Anchorage Police Department. The Device came into the APD's possession as outlined above. Although the FBI might already have the lawful authority to examine the Device, I seek this additional warrant out of an abundance of caution to be certain that an examination of the Device will comply with the Fourth Amendment and other applicable laws.

53. The Device is currently in storage at the Anchorage Police Department Cyber Crimes Unit. In my training and experience, I know that the Device has been stored in a manner in which its contents are, to the extent material to this investigation, in substantially the same state as they were when the Device first came into the possession of APD and FBI.

FBI Records: The Vault — Israel Keyes LastKnownContact.com Part 04: Pg 464 / 475

TECHNICAL TERMS

54. Based on my training, my experience, and information provided to me by other law enforcement personnel, I use the following technical terms to convey the following meanings:

a. "Storage medium": A storage medium is any physical object upon which computer data can be stored. Examples include a laptop computer's internal hard disk drive.

b. "Computer": Pursuant to 18 U.S.C. § 1030(e)(1), a computer is "an electronic, magnetic, optical, electrochemical, or other high speed data processing device performing logical or storage functions, and includes any data storage facility or communications facility directly related to or operating in conjunction with such device."

c. IP Address: An Internet Protocol address (or simply "IP Address") is a unique numeric address used by computers on the Internet. An IP address is a series of four numbers, each in the range 0-255, separated by periods (e.g., 121.56.97.178). Every computer attached to the Internet must be assigned an IP address so that Internet traffic sent from and directed to that compuiter may be directed properly from its source to its destination. Most Internet service providers control a range of IP addresses. Some computers have static- that is, long-term - IP addresses, while other computers have dynamic – that is, frequently changed – IP addresses.

d. Internet: The Internet is a global network of computers and other electronic devices that communicate with each other. Due to the structure of the internet, connections between devices on the internet often cross state and international borders, even when the devices communicating with each other are in the same state.

COMPUTERS, ELECTRONIC STORAGE, AND FORENSIC ANALYSIS

FBI Records: The Vault — Israel Keyes LastKnownContact.com Part 04: Pg 465 / 475

55. The applied-for warrant would authorize the forensic imaging and examination of the Target Device for the purpose of identifying and seizing the electronically stored information particularly described in Attachment B in accordance with Federal Criminal Procedure Rule 41(e)(2)(B) ("Warrant Seeking Electronically Stored Information").

56. *Probable Cause*: Based on my training, experience, and information related to me by agents and others involved in the forensic examination of computers, I submit there is probable cause to believe that information that was once stored on the Target Device may still be stored there, for at least the following reasons:

a. Based on my knowledge, training, and experience, I know that computer files or remnants of such files can be recovered days, months or even years after they have been stored on a storage medium (e.g., laptop computer's hard drive). Even when files have been deleted, they can be recovered using forensic tools. This is so because when a person "deletes" a file on a computer, the data contained in the file does not actually disappear; rather, that data remains on the storage medium until it is overwritten by new data.

b. Therefore, deleted files, or remnants of deleted files, may reside in free space or slack space -- that is, in space on the storage medium that is not currently being used by an active file -- for long periods of time before they are overwritten. In addition, a computer's operating system may also keep a record of deleted data in a "swap" or "recovery" file.

c. Wholly apart from user-generated files, computer storage media -- in particular, a laptop computer's internal hard drive -- contain electronic evidence of how a computer has been used, what it has been used for, and who has used it. To give a few examples, this forensic evidence can take the form of operating system configurations, artifacts from operating system or application

FBI Records: The Vault — Israel Keyes LastKnownContact.com Part 04: Pg 466 / 475

operation, file system data structures, and virtual memory "swap" or paging files. Computer users typically do not erase or delete this evidence, because special software is typically required for that task. However, it is technically possible to delete this information.

d. Similarly, files that have been viewed via the Internet are sometimes automatically downloaded into a temporary Internet directory or "cache". Things that have been viewed via the internet are typically stored for some period of time on the device. This information can sometimes be recovered with forensics tools.

e. Based on my knowledge, training, and experience, I know that computer files or remnants of such files can be recovered months or even years after they have been downloaded onto a storage medium, deleted, or viewed via the Internet. Electronic files downloaded to a storage medium can be stored for years at little or no cost. Even when files have been deleted, they can be recovered months or years later using forensic tools. This is so because when a person "deletes" a file on a computer, the data contained in the file does not actually disappear; rather, that data remains on the storage medium until it is overwritten by new data.

f. Therefore, deleted files, or remnants of deleted files, may reside in free space or slack space—that is, in space on the storage medium that is not currently being used by an active file—for long periods of time before they are overwritten. In addition, a computer's operating system may also keep a record of deleted data in a "swap" or "recovery" file.

g. Wholly apart from user-generated files, computer storage media—in particular, computers' internal hard drives—contain electronic evidence of how a computer has been used, what it has been used for, and who has used it. To give a few examples, this forensic evidence can take the form of operating system configurations, artifacts from operating system or application operation, file system data structures, and virtual memory "swap" or paging files. Computer users typically do not erase or delete this evidence, because special software is typically required for that task. However, it is technically possible to delete this information.

FBI Records: The Vault — Israel Keyes LastKnownContact.com Part 04: Pg 467 / 475

57. Based on my training, experience, and research, I know that the Device has capabilities that allow it to serve as a portable media player, internet browser, and digital camera and photoshop, amongst other capabilities.

58. *Forensic evidence*: As further described in Attachment B, this application seeks permission to locate not only electronically stored information that might serve as direct evidence of the crimes described on the warrant, but also forensic evidence that establishes how the Target Device was used, the purpose of its use, who used it, and when. There is probable cause to believe that this forensic electronic evidence more likely than not is stored in the Target Device because:

a. Data on a storage medium can provide evidence of a file that was once on the storage medium but has since been deleted or edited, or of a deleted portion of a file (such as a paragraph that has been deleted from a word processing file). Virtual memory paging systems can leave traces of information on the storage medium that show what tasks and processes were recently active. Web browser, chat and email programs store configuration information on the storage medium that can reveal information such as online passwords and aliases. Operating systems can record additional information, such as the attachment of peripherals, the attachment of USB flash storage devices or other external storage media, and the times the computer was in use. Computer file systems can record information about the dates files were created and the sequence in which they were created.

b. Forensic evidence stored within the Target Device can also indicate who has used or controlled the Target Device. This "user attribution" evidence is analogous to the search for "indicia of occupancy" while executing a search warrant at a residence.

c. A person with appropriate familiarity with how the Target Device works may, after examining this forensic evidence in its proper context, be able to draw conclusions about how electronic devices were used, the purpose of their use, who used them, and when.

FBI Records: The Vault — Israel Keyes LastKnownContact.com Part 04: Pg 468 / 475

d. The process of identifying the exact electronically stored information on a storage medium that are necessary to draw an accurate conclusion is a dynamic process. Electronic evidence is not always data that can be merely reviewed by a review team and passed along to investigators. Whether data stored on a computer is evidence may depend on other information stored on the computer and the application of knowledge about how a computer behaves. Therefore, contextual information necessary to understand other evidence also falls within the scope of the warrant.

e. Further, in finding evidence of how the Target Device was used, the purpose of its use, who used it, and when, sometimes it is necessary to establish that a particular thing is not present on a storage medium.

59. *Nature of examination*: Based on the foregoing, and consistent with Rule 41(e)(2)(B), the warrant I am applying for would permit the examination of the Target Device consistent with the warrant. The examination may require authorities to employ techniques, including but not limited to computer-assisted scans of the Target Device's entire storage medium, that might expose many parts of the device to human inspection in order to determine whether it is evidence described by the warrant.

60. *Manner of execution*: Because this warrant seeks only permission to examine a computer already in law enforcement's possession, the execution of this warrant does not involve the physical intrusion onto a premises. Consequently, I submit there is reasonable cause for the Court to authorize execution of the warrant at any time in the day or night.

61. *Forensic image retention*: I hereby request judicial authorization to retain full image copies of seized storage media after the review is complete (to the extent that this warrant does not already authorize me to retain that storage media as seized forfeitable property) and until further order of the Court. That judicial authorization is justified in this case in part because:

FBI Records: The Vault — Israel Keyes LastKnownContact.com Part 04: Pg 469 / 475

a. Should the execution of the warrant uncover data that may later need to be introduced into evidence during a trial or other proceeding, the authenticity and the integrity of the evidence and the government's forensic methodology may be contested issues. Retaining copies of seized storage media can be required to prove these facts.

b. Returning the original storage medium to its owner will not allow for the preservation of that evidence. Even routine use may forever change the data it contains, alter system access times, or eliminate data stored on it.

c. Because the investigation is not yet complete, it is not possible to predict all possible defendants against whom evidence found on the storage medium might be used. That evidence might be used against persons who have no possessory interest in the storage media, or against persons yet unknown. Those defendants might be entitled to a copy of the complete storage media in discovery. Retention of a complete image assures that it will be available to all parties, including those known now and those later identified.

d. The act of destroying or returning a storage medium could create an opportunity for a defendant to claim, falsely, that the destroyed or returned storage medium contained evidence favorable to him. Maintaining a copy of the storage medium would permit the government, through an additional warrant if necessary, to investigate such a claim.

e. Similarly, should a defendant suggest an explanation for the presence of evidence on a storage medium, it may be necessary to investigate such an explanation by, among other things, re-examining the storage medium with that defense in mind. This may require an additional examination of the storage medium for evidence that is described in Attachment B but was not properly identified and segregated previously.

CONCLUSION

62. Based on my training and experience, and the facts as set forth in this affidavit, there is probable cause to believe that on the Dell Model 1405 computer, S/N J1B8TC1, there exists fruits, evidence, and instrumentalities of violations of Title 18, United States Code (USC),

FBI Records: The Vault — Israel Keyes LastKnownContact.com Part 04: Pg 470 / 475

Section 1029(a)(5) (Fraud and Related Activity in Connection with Access Devices)(FRACAD); Title 18, United States Code, Section 1201 (Kidnapping); Title 18, United States Code, Section 1202(b) (Ransom Money); Title 18, United States Code, Section 2113 (Bank Robbery); and Title 18 United States Code, Section 2119 (Carjacking).

63. This Court has jurisdiction to issue the requested warrant because it is "a court of competent jurisdiction" as defined by 18 U.S.C. § 2711. 18 U.S.C. §§ 2703(a), (b)(1)(A) & (c)(1)(A). Specifically, the Court is "a district court of the United States . . . that – has jurisdiction over the offense being investigated." 18 U.S.C. § 2711(3)(A)(I).

REQUEST FOR SEALING

64. The investigation of this case is ongoing and disclosure of the issuance of the search warrant could result in destruction of evidence and could also impact officer, witness and victim safety. Accordingly, pursuant to the case law outlined in the government's motion to seal,

ATTACHMENT A

The property to be searched is a removed hard drive of a Dell Computer, Model E1405, S/N J1B8TC1, APD Property and Evidence Tag Number HT2006113, currently in possession of the Anchorage Police Department at Anchorage, Alaska.

5/16/2012

Case No. 3:12-mj-191-JDR

FBI Records: The Vault — Israel Keyes LastKnownContact.com

ATTACHMENT B

All records and information on the Target Device identified in Attachment A that relate to violations of Title 18, United States Code (USC), Section 1029(a)(5) (Fraud and Related Activity in Connection with Access Devices)(FRACAD); Title 18, United States Code, Section 1201 (Kidnapping); Title 18, United States Code, Section 2119 (Carjacking); and Title 18, United States Code, Section 1202(b) (Ransom Money), and involve ISRAEL KEYES from 1998 through 2012, including:

1. Evidence of who used, owned, or controlled the Target Device, including logs, registry entries, configuration files, saved usernames and passwords, documents – including but not limited to travel records, banking or other financial records, maps, driving or other geographic directions, Internet browser history and cache, especially relating to websites or media coverage referencing missing persons, kidnapings, abductions, and unsolved homicides, arson and bank robberies; user profiles; email; email contacts; chat logs, instant messages, photographs, especially of known missing persons or persons with no identifiable connection to or relationship with KEYES; and correspondence, related or unrelated to S.K., B.C. or L.C..

2. Evidence of software that would allow others to control the Target Device, such as viruses, Trojan horses, and other forms of malicious software, as well as evidence of the presence or absence of security software designed to detect malicious software.

3. Evidence of the lack of such malicious software.

4. Evidence of the attachment to the Target Device electronic storage devices, such as thumb drives, digital cameras, cellular telephones, or similar containers for electronic evidence.

5. Evidence of counter-forensic programs (and associated data) that are designed to eliminate data from the Target Device .

6. Evidence of the times the Target Device was used.

7. Passwords, encryption keys, and other access devices that may be necessary to access the Target Device .

8. Evidence indicating the use of photoshop software or similar photography computer programs.

Case No. 3:12-mj-191-JDR

FBI Records: The Vault — Israel Keyes LastKnownContact.com Part 04: Pg 474 / 475

9. contextual information necessary to understand the evidence described in this

//
//

attachment.

As used above, the terms "records" and "information" include all of the foregoing items of evidence in whatever form and by whatever means they may have been created or stored, including any form of computer or electronic storage.

Title: (U) SEarch warrant Lenovo laptop (151)

Approved By: A/SSA [redacted] b6 b7C

Drafted By: [redacted]

Case ID #: 306-AN-15642 (U) KEYES, ISRAEL
KOENIG, SAMANTHA, TESSLA
ET AL

Synopsis: (U) Search warrant and return for Lenovo laptop s/nWB03686639. Search warrant number 3:12-MJ-000151.

♦♦

UNCLASSIFIED

UNITED STATES DISTRICT COURT

for the

District of Alaska

In the Matter of the Search of *(Briefly describe the property to be searched or identify the person by name and address)* Lenovo B570 Laptop, black in color, Model #1068, S/N WB03686639, currently located at FBI Anchorage Non-drug Evidence Locker	)	Case No. 3:12-mj-00151-JDR

SEARCH AND SEIZURE WARRANT

To: Any authorized law enforcement officer

An application by a federal law enforcement officer or an attorney for the government requests the search of the following person or property located in the _____ District of Alaska

(identify the person or describe the property to be searched and give its location):
Lenovo B570 Laptop, black in color, Model #1068, S/N WB03686639, currently located at FBI Anchorage Non-drug Evidence Locker, See Attachment A

The person or property to be searched, described above, is believed to conceal *(identify the person or describe the property to be seized)*:
See Attachment B, which is evidence of violations of 18 U.S.C. Sections 1201, 2119, 1202(b), and 1029(a)(5)

I find that the affidavit(s), or any recorded testimony, establish probable cause to search and seize the person or property.

YOU ARE COMMANDED to execute this warrant on or before April 17, 2012
(not to exceed 14 days)

☐ in the daytime 6:00 a.m. to 10 p.m. ☐ at any time in the day or night as I find reasonable cause has been established.

Unless delayed notice is authorized below, you must give a copy of the warrant and a receipt for the property taken to the person from whom, or from whose premises, the property was taken, or leave the copy and receipt at the place where the property was taken.

The officer executing this warrant, or an officer present during the execution of the warrant, must prepare an inventory as required by law and promptly return this warrant and inventory to United States Magistrate Judge JOHN D. ROBERTS
(name)

☐ I find that immediate notification may have an adverse result listed in 18 U.S.C. § 2705 (except for delay of trial), and authorize the officer executing this warrant to delay notice to the person who, or whose property, will be searched or seized *(check the appropriate box)* ☐for _____ days *(not to exceed 30)*.
☐until, the facts justifying, the later specific date of _____

Date and time issued: April 11, 2012 at 11:32 am

ATTACHMENT A

The property to be searched is a LENOVO B570 LAPTOP, BLACK IN COLOR, Model #1068 S/N WB03686639, CURRENTLY LOCATED AT FBI ANCHORAGE NON-DRUG EVIDENCE LOCKER.

4-10-12

ATTACHMENT B

All records and information on the Target Device identified in Attachment A that relate to violations of Title 18, United States Code (USC), Section 1029(a)(5) (Fraud and Related Activity in Connection with Access Devices)(FRACAD); Title 18, United States Code, Section 1201 (Kidnapping); Title 18, United States Code, Section 2119 (Carjacking); and Title 18, United States Code, Section 1202(b) (Ransom Money), and involve ISRAEL KEYES since January 1998, including:

1. Evidence of who used, owned, or controlled the Target Device, including logs, registry entries, configuration files, saved usernames and passwords, documents – including but not limited to travel records, banking or other financial records, maps, driving or other geographic directions, Internet browser history and cache, especially relating to websites or media coverage referencing missing persons, kidnapings, abductions, and unsolved homicides; user profiles; email; email contacts; chat logs, instant messages, photographs, especially of known missing persons or persons with no identifiable connection to or relationship with KEYES; and correspondence, related or unrelated to S.K., B.C. or L.C..

2. Evidence of software that would allow others to control the Target Device, such as viruses, Trojan horses, and other forms of malicious software, as well as evidence of the presence or absence of security software designed to detect malicious software.

3. Evidence of the lack of such malicious software.

4. Evidence of the attachment to the Target Device electronic storage devices, such as thumb drives, digital cameras, cellular telephones, or similar containers for electronic evidence.

5. Evidence of counter-forensic programs (and associated data) that are designed to eliminate data from the Target Device .

6. Evidence of the times the Target Device was used.

7. Passwords, encryption keys, and other access devices that may be necessary to access the Target Device .

8. Evidence indicating the use of photoshop software or similar photography computer programs.

9. contextual information necessary to understand the evidence described in this

In the Matter of the Search of
(Briefly describe the property to be searched or identify the person by name and address)

Lenovo B570 Laptop, black in color, Model #1068, S/N WB03686639, currently located at FBI Anchorage Non-drug Evidence Locker

Case No. 3:12-mj-00151-JDR

APPLICATION FOR A SEARCH WARRANT

I, a federal law enforcement officer or an attorney for the government, request a search warrant and state under penalty of perjury that I have reason to believe that on the following person or property *(identify the person or describe the property to be searched and give its location)*:

Lenovo B570 Laptop, black in color, Model #1068, S/N WB03686639, currently located at FBI Anchorage Non-drug Evidence Locker, See Attachment A

located in the _____ District of ALASKA, there is now concealed *(identify the person or describe the property to be seized)*:

See Attachment B

The basis for the search under Fed. R. Crim. P. 41(c) is *(check one or more)*:

- ☑ evidence of a crime;
- ☐ contraband, fruits of crime, or other items illegally possessed;
- ☐ property designed for use, intended for use, or used in committing a crime;
- ☐ a person to be arrested or a person who is unlawfully restrained.

The search is related to a violation of:

Code Section	*Offense Description*
18 U.S.C. 1201	Kidnaping
18 U.S.C. 2119	Carjacking
18 U.S.C. 1202(b), 1029(a)(5)	Ransom Money, Access Device Fraud

The application is based on these facts:

SEE ATTACHED AFFIDAVIT of S/A Jolene GOEDEN

- ☑ Continued on the attached sheet.
- ☐ Delayed notice of _____ days (give exact ending date if more than 30 days: _____) is requested under 18 U.S.C. § 3103a, the basis of which is set forth on the attached sheet.

UNITED STATES DISTRICT COURT
THE DISTRICT OF ALASKA

IN THE MATTER OF THE SEARCH OF LENOVO B570 LAPTOP, BLACK IN COLOR, Model #1068 S/N WB03686639, CURRENTLY LOCATED AT FBI ANCHORAGE NON-DRUG EVIDENCE LOCKER	Case No. 3:12-mj-~~135-2-~~00151-JDR **Filed under seal**

SECOND AMENDED AFFIDAVIT IN SUPPORT OF AN APPLICATION FOR A SEARCH WARRANT

I, Jolene Goeden, being first duly sworn, hereby depose and state as follows:

INTRODUCTION AND AGENT BACKGROUND

1. I am a Special Agent of the Federal Bureau of Investigation (FBI). I have been a Special Agent of the FBI since April 2004. I am charged with the duty of investigating violations of the laws of the United States, collecting evidence in cases in which the United States is or may be a party in interest, and performing other duties imposed by law. I have been assigned to investigate most criminal matters within the jurisdiction of the FBI, including kidnaping matters, fraud matters and other white collar crime.

2. I make this affidavit in support of an application under Rule 41 of the Federal Rules of Criminal Procedure for a warrant to search a Lenovo B570 laptop, black in color, Model #1068, S/N WB03686639, further identified in Attachment A (Target Device), for the information identified in Attachment B. More specifically, in this application for an amended search warrant I seek to expand the scope of the search of this target device previously authorized in Search Warrant 3:12-mj-00135-1-JDR, issued on March 22, 2012, as specified in Attachment

FBI Records: The Vault — Israel Keyes LastKnownContact.com Part 05: Pg 9 / 441

B and in paragraph 58 below.

3. As set forth herein, there is probable cause to believe that in the property to be searched there exists evidence of a crime, contraband, fruits of a crimes, or other items illegally possessed in violation of Title 18, United States Code (USC), Section 1029(a)(5) (Fraud and Related Activity in Connection with Access Devices)(FRACAD); Title 18, United States Code, Section 1201 (Kidnapping); Title 18 , United States Code, Section 2119 (Carjacking); and Title 18, United States Code, Section 1202(b) (Ransom Money). The expansion of the scope of the search by this amended search warrant is based on probable cause to believe that the target device contains fruits, evidence and instrumentalities of violations of Title 18, United States Code, Section 1201 (Kidnapping) and Title 18 , United States Code, Section 2119 (Carjacking), as further described in Attachment A.

RELEVANT STATUTES

4. The Target Device contains evidence of and is an instrumentality used for violations of Title 18, USC, Section 1029(a)(5), Fraud and Related Activity in Connection with Access Devices, which provides that:

> Whoever, knowingly and with intent to defraud effects transactions with 1 or more access devices issued to another person or persons, to receive payment or any other things of value during any 1-year period that aggregate value of which is equal to or greater than $1,000;

and Title 18, United States Code, Section 1201 (Kidnaping), which provides that:

> Whoever unlawfully seizes, confines, inveigles, decoys, kidnaps, abducts, or carries away and holds for ransom or reward or otherwise any person, except in the case of a minor by the parent thereof, when the person is willfully transported in interstate or foreign commerce, regardless of whether the person was alive when transported in interstate or foreign commerce or uses the mail or any means, facility, or instrumentality of interstate or foreign commerce in committing or in furtherance of the commission of the offense;

FBI Records: The Vault — Israel Keyes LastKnownContact.com Part 05: Pg 10 / 441

and Title 18, United States Code, Section 1202(b) (Ransom Money), which provides that:.

> Whoever receives, possesses, or disposes of any money or other property, or any portion thereof, which has at any time been delivered as ransom or reward in connection with a violation of section 1201 of this title, knowing the same to be money or property which has been at any time delivered as such ransom or reward;

and Title 18, United States Code, Section 2119 (Carjacking), which provides that:

> Whoever, with the intent to cause death or serious bodily harm takes a motor vehicle that has been transported, shipped or received in interstate or foreign commerce from the presence of the person or presence of another by force and violence or by intimidation, or attempts to do so.

IDENTIFICATION OF THE DEVICE TO BE EXAMINED

5. The property to be searched is identified in Attachment A as a Lenovo B570 laptop, black in color, Model #1068, S/N WB03686639, currently located at the FBI'sAnchorage District Office, Anchorage, Alaska, in a non-drug evidence vault.

6. The applied for warrant would authorize the forensic examination of the device for the purpose of identifying electronically stored data particularly described in Attachment B.

PROBABLE CAUSE

7. The information contained below is from my personal knowledge and experience, information provided to me by other law enforcement personnel, or from those specific sources as set forth. Since this affidavit is being submitted for the limited purpose of seeking authorization to search a Lenovo B570 laptop, black in color, Model #1068, S/N WB03686639, I have not included each and every fact known to me regarding this investigation. I have set forth only the facts that I believe are necessary to establish a foundation to support the aforementioned request for a search warrant.

FBI Records: The Vault — Israel Keyes LastKnownContact.com Part 05: Pg 11 / 441

Abduction of S.K.

8. On 2-2-12 at about 12:39 Alaska Standard Time (AST), Duncan, the owner of the Common Ground Coffee stand at 630 E. Tudor, Anchorage, Alaska, contacted APD dispatch. Duncan was calling from Oregon, where he was vacationing. He reported that while viewing his internet-based security system he saw one of his employees, 18-year-old S.K., appear to be abducted. Duncan said he was contacted by S.K.'s father (J.K.) and boyfriend (D.T.), who had been unable to locate her. This contact prompted Duncan to review his security video which showed an unknown man climb through the window of the coffee stand at about 20:00 AST on 2-1-12 while S.K. was working. The video appears to show S.K. retreating a short distance and raising her hands in an apparent sign of submission to the man who subsequently climbed into the coffee stand, robbed S.K. and escorted her away from the scene. The abductor climbed through the window into the coffee stand without any significant difficulty. He appeared to be significantly taller than S.K., who is 5'4" tall, but due to the limited lighting and quality of the video, a more accurate estimate of his height has not been made. The robber/abductor appeared to have a medium to large build and athletic movements.

9. At the time of her abduction, S.K. was wearing a dark-colored jacket, a green shirt with light-colored stripes on the sleeves, a thin dark-colored bracelet, dark-colored pants, and dark-colored shoes. At the time of her abduction, S.K. was also believed to be in possession of a carabineer with three keys and possibly a white lanyard, a medium-to-large size leopard print purse, and a black cellular telephone with sliding keyboard. S.K. is a white female adult, approximately 5'4" tall, 150 pounds, 18 years old, with shoulder-length brown hair and brown eyes.

FBI Records: The Vault — Israel Keyes LastKnownContact.com Part 05: Pg 12 / 441

10. Video surveillance appeared to show S.K.'s robber/abductor wearing a dark-colored, possibly hooded, jacket, dark-colored glasses, a dark-colored face mask, dark-colored gloves, dark-colored pants; and dark-colored shoes. He appeared to be carrying a white coffee cup and a dark-colored bag. Although to date no weapon has been conclusively identified in the surveillance videos that captured this robbery/abduction, the scene was generally poorly lit and the robber/abductor was not always fully visible. Furthermore, S.K.'s reaction appeared to be consistent with someone who was confronted or threatened with a weapon. In addition, during separate subsequent interviews, both S.K.'s father and boyfriend adamantly indicated that S.K. was very strong-willed and would not have complied with a robber or abductor's demands, unless she had been threatened with a weapon.

11. Surveillance video from a nearby Home Depot at approximately 19:54 AST on 2-1-12 showed a white Chevrolet extended cab truck roll through the Home Depot parking lot and park just east of an International House of Pancakes. From a distance, the surveillance showed an individual with a black garment and hat get out of the truck and walk westbound through the parking lot towards Denali St., cross it, get on the sidewalk, walk southbound on Denali St. to Tudor Rd., cross Tudor Rd. at the intersection, and, finally, exit the frame. The individual's travel was in the direction of the Common Ground Coffee stand, from which S.K. was abducted. One minute later, the video surveillance footage from Common Ground Coffee stand showed the individual who abducted S.K. approach from the direction of the man in the Home Depot video. Approximately two minutes after S.K. and her abductor exited the frame of the Common Ground Coffee stand video footage, two persons appearing to match S.K. and her abductor again entered the frame of the Home Depot video footage, this time walking back towards the location

FBI Records: The Vault — Israel Keyes LastKnownContact.com Part 05: Pg 13 / 441

where the white Chevrolet truck was originally parked. The Home Depot video then showed the two people approach the passenger side door of the Chevrolet truck. It then showed the person who appeared to be S.K. enter the passenger side of truck. The other individual then walked around truck, entered the driver's side, and drove out of the surveillance video's frame. As described below, police have now identified KEYES' residence and located a white Chevrolet truck registered to him at that residence. This white Chevrolet truck belonging to KEYES appears to match the vehicle in the Home Depot surveillance footage, although KEYES' truck has several toolboxes and a ladder rack fastened with removable bolts to the truck bed, and these items do not appear on the truck in the Home Depot video.

12. During an interview on 02-02-2012, D.T. (S.K.'s boyfriend) said he went to the coffee stand on 2-1-12 at about 20:33 AST to give her a ride home but the stand appeared to be closed and she was not there. D.T. further reported to law enforcement that on 02/02/2012, at approximately 03:00 AST, he observed an unknown male adult wearing a ski mask and dark clothing going through the vehicle he shared with S.K. D.T. did not alert authorities to the burglary of the vehicle at that time.

13. When D.T. was asked where his ATM debit card was by APD Detectives several days after the abduction, he indicated he had left it in the vehicle he shared with S.K. This vehicle had been seized by APD on 02-02-2012 and searched pursuant to a State of Alaska search warrant. The debit card referenced above was not located during the search; however law enforcement did not notify D.T. of this fact. D.T. indicated that his debit card was a Credit Union 1 VISA debit card (VISA debit card) bearing XXXXXXXXXXXX2851, expiration 01/15, and that he did not give his VISA debit card to anyone else or give anyone permission to

FBI Records: The Vault — Israel Keyes LastKnownContact.com Part 05: Pg 14 / 441

use it. The card is thus believed to have been stolen from D.T.'s vehicle at the time D.T. observed the vehicle break-in. D.T. further related that S.K.'s driver's license had also been in his vehicle. That driver's license was missing when searched for on 02-02-2012, indicating that it also was stolen at that time. I know that a driver's license is generally necessary to leave the State of Alaska by airplane, road or ferry, due to established interstate (or international in the case of travel to/from Alaska via the Alaska-Canada Highway) travel requirements. Furthermore, due to Alaska's unique geographic location, the difficulty of traveling by road through northern Canada in winter, and the lengthy periods generally associated with traveling to/from Alaska by ferry, commercial airlines are the most common and popular mode of interstate travel to/from Alaska, especially during the winter.

Ransom Note and Transfer of Funds to "Ransom Account"

14. On 02-24-2012, at 19:56 AST, D.T. received the following text on his cell phone 907-231-9835 from S.K.'s cell phone 907-884-8370 - "Conner park sign under pic of albert aint she purty". J.K. (S.K.'s father) contacted law enforcement officers and relayed the information. At the request of APD Detectives, at approximately 20:18 AST, APD Patrol Officers arrived at Conner Park located on the southeast corner of Jewel Lake Road and International Airport Road in Anchorage, Alaska. J.K.and D.T. were already present. Attached to the park sign, below a flyer for a lost dog named "Albert," was a ziploc bag which contained a folded piece of paper.

15. On one side of the piece of paper, there was a photograph of S.K. with silver duct tape around her mouth and chin. She appeared to be wearing eye liner, and a light-colored, latex-gloved hand and lightly complected, muscular arm was holding S.K.'s hair. In the upper part of the photo was an Anchorage Daily Newspaper determined to be the issue released on

FBI Records: The Vault — Israel Keyes LastKnownContact.com Part 05: Pg 15 / 441

Monday, February 13, 2012.

16. On the reverse side of the piece of paper was a ransom note which demanded $30,000. The note included the 16-digit card number of the debit card belonging to D.T., which he had reported stolen on the night of the kidnaping, as summarized above. This debit card number is correlated to a bank account number held by D.T. and S.K. The note demanded that $30,000.00 be deposited into that account and indicated that the writer of the note intended to withdraw money at regular intervals over the coming days, and in locations other than Alaska. Specifically, it said, "I may not use the card much in ak due to small pop but as I will be leaving soon I will be using it all over." The note further gave an indication that S.K. had been moved from Alaska, stating that "she did almost get away twice. once on tudor and once in the desert. must be losing my touch." I know from research, training, and experience, and discussions with law enforcement officers familiar with Alaska that there are no areas in Alaska commonly referred to and known to be "deserts." Many such areas do exist in Arizona, New Mexico and Texas. Subsequent analysis of the demand note by the FBI Laboratory revealed that it was typed with a typewriter that used a carbon ribbon, and that the aforementioned picture on the back of the demand note was printed with an inkjet printer.

17. On 02-29-2012, at approximately 16:55 AST, J.K. contacted APD Detectives and told them he was withdrawing $5,000.00 from the reward account set up for S.K. at Denali Alaskan Federal Credit Union, and he intended to deposit it in the ransom fund, which was an account held by Credit Union 1. Pursuant to a State search warrant obtained by APD Detective Joseph Barth on 02-25-2012, investigators were informed that $5,000.00 was deposited in the Credit Union 1 account indicated on the ransom note, (the account attached to the Credit Union

FBI Records: The Vault — Israel Keyes LastKnownContact.com Part 05: Pg 16 / 441

1 VISA debit card [VISA debit card] bearing XXXXXXXXXXXX2851, expiration 01/15 issued to D.T).at 17:45 AST on 02-29-2012).

Unauthorized use of Credit Union 1 VISA debit card

18. On 02-29-2012 at 22:13 AST, an unknown person utilizing D.T.'s Credit Union 1 debit card attempted to withdraw $600.00 in US Currency from the account indicated on the ransom note. The attempted withdrawal took place at the Automatic Teller Machine (ATM) located at the Alaska USA bank at 4000 Credit Union Drive in Anchorage, Alaska. Because the attempted amount was over the $500.00 daily limit, the withdrawal was declined. Surveillance video in the area of the ATM revealed a male dressed in a black hooded sweatshirt and black pants, operating a light-colored SUV, arrived in the parking lot of the Sea Galley restaurant across the street. After parking the SUV, the male exited and quickly walked across the street to the area of the Alaska USA ATM. The SUV was later determined by the FBI to be a silver Nissan Xterra of a model between the years 2005 and 2012. As noted below, police have now determined that KEYES' girlfriend owns a silver 2007 Nissan Xterra.

19. On 02-29-2012 at 23:56 AST, $500.00 in US Currency was withdrawn from the ATM at the Denali Alaskan Federal Credit Union located at 3020 Minnesota Drive in Anchorage, Alaska. The debit card utilized to withdraw the money was the same Credit Union 1 debit card issued to D.T. Surveillance video obtained of the area revealed this withdrawal was conducted by an unknown male with a muscular appearance wearing a dark-colored, possibly hooded, jacket with a light-colored design or paint spatter on the left chest and front, and light-colored lettering, including possibly "CORPS" across the back shoulders; clear or light-colored glasses; a gray face mask; gray gloves; dark-colored pants; and light-colored shoes.

FBI Records: The Vault — Israel Keyes LastKnownContact.com Part 05: Pg 17 / 441

20. During the course of the investigation, Detective Blanton and Officer Pierce of APD obtained surveillance footage from businesses surrounding the Alaska USA, which is located on Credit Union Drive in Anchorage, Alaska. Immediately before the withdrawal, a hidden surveillance camera located at the Sea Galley at 4101 Credit Union Drive in Anchorage, Alaska captured a similarly dressed male park in the extreme southwest corner of the Sea Galley parking lot driving a silver Nissan Xterra. From the surveillance video, the male appeared to exit the vehicle and walk westbound across the street to the Alaska USA and return a short while later. Both the male's appearance and timing are commensurate with him being the person who attempted to withdraw the money.

21. On 03-01-2012 at approximately 00:28 AST, $500.00 in US currency was withdrawn from the ATM at the Alaska USA located at 7701 Debarr Road in Anchorage, Alaska. As with the prior two transactions, the debit card utilized to withdraw the money was the Credit Union 1 debit card issued to D.T.

22. On 03-07-2012 at approximately 21:57 AST, $400.00 in US currency was withdrawn from the ATM at the Western Bank located at 200 West Rex Allen Road in Willcox, Arizona. The debit card utilized to withdraw the money was the Credit Union 1 debit card issued to D.T. Surveillance video on the ATM showed the individual using the debit card for the withdrawal was a white male dressed in a gray hooded jacket or sweatshirt, glasses, a gray face mask, gray gloves, dark-colored pants, and light-colored shoes, and appeared to be driving a late model white Ford Focus sedan.

23. On 03-07-2012 at approximately 23:24 AST, there was an attempted $400.00 withdrawal at the Western Bank located at 711 Main Street in Lordsburg, New Mexico, using

FBI Records: The Vault — Israel Keyes LastKnownContact.com Part 05: Pg 18 / 441

D.T.'s Credit Union 1 debit card (the same card referenced in prior paragraphs.) The withdrawal was declined by the ATM as it would have put the debit card over the daily withdrawal limit. At 23:25 AST, at the same ATM, a balance inquiry was conducted on the account utilizing the debit card. The balance shown was $3,598.91. At 23:26 AST, $80.00 was withdrawn from the account utilizing the debit card. Surveillance video on the ATM showed the individual using the debit card wore similar clothing to the first ATM withdrawal in Arizona.

24. On 3-9-2012 at approximately 23:23 AST, there was a $483.00 withdrawal made at an ATM at Houston Community Bank, 1515 FM 1960 Bypass East, Humble City, Texas. Initial review of the surveillance video from the ATM appeared to show that the individual using the debit card wore similar clothing to that worn during the two aforementioned ATM withdrawals in Arizona and New Mexico.

25. On 03-11-2012 at approximately 23:47 AST, there was a $480.00 withdrawal at the People's State Bank located at 5850 Hwy 59 South, Shepherd, Texas using D.T.'s Credit Union 1 debit card (the same card referenced in prior paragraphs.) Surveillance video on the ATM showed the individual using the debit card wore similar clothing to the first ATM withdrawal in Arizona, as well as the subsequent withdrawals in New Mexico and Texas.

Stop of the White Ford Focus

26. On 03/13/2012, at approximately 11:00 Central Time (CT), Texas Ranger Steven Rayburn, while in the company of FBI Agent Deborah Gannoway, was notified by Texas Department of Public Safety (DPS) Highway Patrol Corporal Bryan Henry (Corporal Henry) that a white Ford Focus sedan bearing Texas license plate DH4N930 was observed parked at the Quality Inn & Suites (QIS), 4306 South First Street, Lufkin, Texas, which is a short drive from

FBI Records: The Vault — Israel Keyes LastKnownContact.com Part 05: Pg 19 / 441

Shepherd, Texas.

27. On 03/13/2012, at approximately 11:15 CT, Ranger Rayburn and FBI Agent Deborah Gannoway responded to the QIS, at which time Agent Gannoway conducted a walk-by and visual inspection of the white Ford Focus. Agent Gannoway noted a bar-code sticker on the driver's side back passenger window consistent with stickers applied to rental vehicles. Agent Gannoway also noted numerous items of clothing, trash and other debris in plain sight within the vehicle, including what appeared to be a girl's or woman's pink item of clothing. Ranger Rayburn caused a Texas license plate database search to be conducted which revealed the white 2012 Ford Focus was registered to PV Holding Corporation, 9603 John Saunders Road, San Antonio, Texas. DPS Criminal Investigative Division (CID) Lieutenant Mickey Hadnot (Lieutenant Hadnot) maintained surveillance on the Ford Focus.

28. On 03/13/2012, at approximately 11:30 CT, Lieutenant Hadnot reported to Ranger Rayburn, who was in the company of FBI Agent Deborah Gannoway, that a white male adult exited room 215 of the QIS, placed some items into the trunk of the aforementioned white Ford Focus, and departed the scene alone, driving the white Ford Focus. FBI Agent Gannoway had previously obtained from the QIS front desk manager an "in house list" of all occupants of the QIS on the night of 03/12/2012, which reflected room 215 was rented by ELIJAH KEYES for the time period 03/09/2012 through 03/13/2012.

29. On 03/13/2012, at approximately 11:45 CT, Corporal Henry conducted a traffic stop on the white Ford Focus sedan based in part on FBI Agent Gannoway's suspicion that the vehicle was the same vehicle used in the Arizona, New Mexico, and Texas ATM withdrawals, as well as Corporal Henry's assessment that the driver of the vehicle was traveling in excess of

FBI Records: The Vault — Israel Keyes LastKnownContact.com Part 05: Pg 20 / 441

the posted speed limit. Upon FBI Agent Gannoway's arrival at the car stop location, Corporal Henry provided to FBI Agent Gannoway Alaska Driver's License number 7268639, in the name of ISRAEL KEYES, which KEYES had provided to Corporal Henry prior to Agent Gannoway's arrival at the scene. Corporal Henry told Agent Gannoway that KEYES informed him he flew from Anchorage, Alaska, to Las Vegas, Nevada, on 03/07/2012, and that he rented the white Ford Focus at the Las Vegas airport, driving to his present location over the course of the ensuing week. KEYES provided to Agent Gannoway a copy of his car rental agreement, which corroborated his statement that he had rented the car at the Las Vegas, Nevada, airport on 03/07/2012. KEYES was unable to describe to Agent Gannoway the route he drove from Nevada to Texas, but stated he was in Lufkin, Texas, to attend his sister's wedding in Wells, Texas. KEYES told Agent Gannoway he "probably" paid for fuel throughout his travels from Nevada to Texas with cash. Ranger Rayburn reported to Agent Gannoway that there was a pair of large white tennis shoes partially pushed under the driver's seat of the Ford Focus, which Ranger Rayburn could plainly see through the window. During questioning by Agent Gannoway and Ranger Rayburn, KEYES became increasingly agitated and uncooperative, and he refused to allow Agent Gannoway and/or Ranger Rayburn to inspect his wallet (which was in his pocket) or his vehicle. KEYES became unusually nervous and began to sweat profusely, in spite of the slightly cool weather and the tank top which he was wearing at the time. KEYES expressed to Agent Gannoway that if he was going to be kept in the area for a longer period of time, he desired to call his brother (who has KEYES' daughter in a separate car) and notify him of same. Agent Gannoway suggested KEYES make that call. A short time later, the 2012 Ford Focus was transported to and secured at the Lufkin, Texas, Police Department.

FBI Records: The Vault — Israel Keyes LastKnownContact.com Part 05: Pg 21 / 441

30. Based on the aforementioned observations, including the fact that the rented Ford Focus matched the description of the vehicle utilized in the ATM withdrawals in Arizona, New Mexico and Texas, KEYES' arrival in Las Vegas, Nevada, and his subsequent travel from Nevada to Texas very likely resulting in KEYES traveling through Arizona on or about 03/07/2012 (the date of a $400.00 ATM withdrawal in Arizona) and New Mexico on or about 03/08/2012 (the date of an $80.00 ATM withdrawal in New Mexico), KEYES' appearance closely matching the description of the white male adult observed in videos of the above-described ATM withdrawals, KEYES' own admission that he lived in the Anchorage, Alaska, area, KEYES' Alaska driver's license reflecting an Anchorage, Alaska, address, the white tennis shoes under the driver's seat matching the description of the shoes worn by the white male adult observed in the videos of the above-described ATM, as well as other observations, Agent Gannoway instructed Corporal Henry to place KEYES under arrest. Ranger Rayburn, in Agent Gannoway's presence, searched KEYES' wallet, revealing a VISA ATM/Debit card bearing account number XXXXXXXXXXXX2851, expiration date 01/15, in the name of D.T. This card is linked to the "ransom account" identified above, from which the withdrawals and attempted withdrawals summarized above were made.

Discovery of KEYES' White Chevrolet Truck

31. APD Detectives discovered that ISRAEL KEYES listed a mailing address of 3705 Arctic Blvd. #2891 in Anchorage, Alaska, on 07-18-2011, which is the Mail Cache. APD Detectives also discovered that KEYES listed a residential address of 2456 Spurr Lane in Anchorage, Alaska, as of 07-18-2011.

FBI Records: The Vault — Israel Keyes LastKnownContact.com Part 05: Pg 22 / 441

32. On 03-13-2012 at approximately 10:30 AST, members of the APD Special Assignment Unit went to KEYES' home address at 2456 Spurr Lane in Anchorage, Alaska. No one answered repeated knocks on the door. Per APD Sergeant Redick, there were fresh tire impressions in the snow in the driveway of the address that appeared as if a vehicle had been parked there as recently as the morning of 03-13-2012.

33. There was also a white Chevrolet pickup truck parked in the driveway of the address. The truck had a large toolbox in the bed and a ladder rack on top. The bolts securing those items were removable and appeared to have been recently added. The license plate on the truck was Alaska license plate FTC990, relating to a white 2004 Chevrolet Silverado, registered to ISRAEL KEYES at 2456 Spurr Lane in Anchorage, Alaska. The white Chevrolet truck appeared to match the vehicle appearing in the Home Depot surveillance video, as summarized above. Further, Detectives eventually contacted KEYES' girlfriend and discovered that she drives a 2007 Nissan Xterra, which matched the general description of the vehicle used by an individual who appeared to attempt to use the stolen debit card on 2-29-12, as summarized above.

Discovery OF KEYES' Computer Use and Use of Yahoo Account

34. KEYES' girlfriend, who also lives at his residence, was interviewed on approximately March 14, 2012. She indicated KEYES was out of Alaska. She also indicated that KEYES owned a laptop computer and that his computer was not in the residence.

35. Alaska Airlines provided travel records for KEYES pursuant to a Federal Grand Jury Subpoena that was issued to them on March 14, 2012. In reviewing the returns for this subpoena, travel records were found showing KEYES and his young daughter traveled to

FBI Records: The Vault — Israel Keyes LastKnownContact.com Part 05: Pg 23 / 441

Houston on February 2, 2012. KEYES was originally scheduled to return on February 14, 2012 but changed the ticket to return on February 17, 2012. The ticket was booked online October 1, 2011 and an email confirmation was sent on the same date. The return ticket was changed to February 17, 2012 and an email confirmation was sent on 2/15/2012. The notes for this transaction indicate the email confirmation was sent to an email address believed to belong to A.K., the mother of KEYES' daughter. However, the tickets were booked using A.K.'s credit card. A.K.does not reside in the state of Alaska and it is likely she had to forward the email confirmation to KEYES so that he would know the dates/times of travel.

36. In reviewing the returns for this subpoena, travel records were also found showing KEYES and his young daughter traveled to Las Vegas on March 6, 2012 via Alaska Airlines. This ticket was booked online and he provided an email address with the reservation. The notes section of the travel records indicated the email address provided was israelkeyes@yahoo.com. The records also indicated an email confirmation was sent to israelkeyes@yahoo.com on March 1, 2012.

Execution of Search Warrant on Ford Focus and Discovery of Laptop Computer

37. On March 16, 2012, law enforcement agents in Beaumont, Texas obtained a search warrant, which authorized the search of the white Ford Focus driven by KEYES. Execution of that search warrant on March 17, 2012 revealed numerous items, including a cellular phone believed to belong to S.K. and a Lenovo B570 laptop, black in color, Model #1068, S/N WB03686639.

38. In my training and experience, I know that photos from digital cameras and cellular phones are frequently downloaded to computers and electronic tablets, and then printed

FBI Records: The Vault — Israel Keyes LastKnownContact.com Part 05: Pg 24 / 441

or stored on media devices. I also know that cellular phones, computers, electronic tablets and similar devices are frequently used to arrange travel and hotel reservations, rent vehicles, and conduct other personal business related to traveling. I also know that computers and cellular phones can be used to connect to the internet, which can be used to locate banks, ATM's, hotels, maps, send email, draft documents, and communicate with others. I also know that storage devices for electronic information, or "thumb" drives, are often used to store such information for later use by computers, cellular phones and other media devices. I know that electronic records of all such uses of computers and similar electronic devices are retained within those devices and may be retrieved by forensic technicians.

Initial Interviews with Israel Keyes

39. KEYES was transported to Anchorage, Alaska and arraigned on March 27, 2012 on one count of Access Device Fraud. He was provided defense counsel at government expense. Subsequently, KEYES agreed through counsel to be interviewed by law enforcement. On March 30, 2012, two interviews with KEYES took place. In the first interview, investigators presented KEYES with a selection of the evidence and investigative actions summarized above. KEYES then requested some time to speak alone with his attorney. Several hours later, KEYES agreed through counsel to be interviewed by law enforcement. In this second interview, KEYES stated that he had abducted S.K. on 2-1-12, and that she had been dead before he left for a vacation approximately ten hours after the abduction. KEYES indicated that S.K.'s body could be found in Matanuska Lake in Alaska, and identified the precise location at which he had dropped her remains through the ice. KEYES indicated that he had "lots more stories to tell," and stated that his ex-girlfriend knew nothing of his criminal activities, as he was "two different people."

FBI Records: The Vault — Israel Keyes LastKnownContact.com Part 05: Pg 25 / 441

When asked how long he had been "two different people," KEYES immediately and specifically responded, "fourteen years."

40. On April 1, 2012, KEYES agreed through counsel to a third interview with law enforcement. In this third interview, KEYES explicitly stated that he murdered S.K., and gave substantial details about the murder. He further explained how he posed S.K.'s body to appear alive in order to take the ransom photograph noted above, and gave details about the location and manner of his disposal of S.K.'s body. In so doing, KEYES referenced on several occasions his frequent use of the LENOVO B570 LAPTOP, BLACK IN COLOR Model #1068 S/N WB03686639 laptop computer found in his rental vehicle in Texas. KEYES stated that he believed he had expressly used this computer, amongst several others, on at least several occasions to commit the crimes referenced in this affidavit. Specifically, KEYES indicated that he believed he had used this computer to search for stores that sell Polaroid cameras and film, in order to obtain the necessary equipment to take the ransom photograph; to research lakes in Alaska in order to find a suitably remote and deep lake for the disposal of S.K.'s body; and to track the investigation of S.K.'s disappearance. More generally, KEYES indicated that he expected the government would find substantial evidence against him on this computer, and indicated that prior to his arrest, it had been his intent to dispose of this computer because of this evidence.

Discovery of S.K.'s Body

41. On April 2, 2012, investigators discovered S.K.'s remains in Lake Matanuska, at the precise location identified by KEYES.

FBI Records: The Vault — Israel Keyes LastKnownContact.com Part 05: Pg 26 / 441

Fourth interview with KEYES

42. On April 6, 2012, KEYES agreed to a fourth interview, on the explicit terms that the S.K. case would not be discussed. KEYES indicated his willingness to share "other stories" with investigators. In this interview, KEYES implied that he had murdered many persons over the past fourteen years, in many different locations. KEYES stated that he had many "cards to play," and didn't want to give them all away at once. He was asked to give the identity and location of just one body. After thinking silently for about twenty seconds, KEYES stated, "I'll give you two." He then confessed to the kidnapping, carjacking and murder of B.C. and L.C. near Burlington, Vermont in June 2011. After working with an electronic map for approximately thirty minutes, KEYES located the abandoned house in which he believed he had disposed of their remains. A quick records check verified that, indeed, B.C. and L.C., ages 49 and 55, had inexplicably gone missing on June 8, 2011. KEYES stated that he was in Vermont en route to a vacation in Maine, technically visiting family. He indicated, however, that prior to leaving Alaska, he had planned to kill someone during the vacation, and had carefully scouted the area surrounding Burlington,Vermont to develop a plan for doing so. KEYES indicated that this scouting and planning had begun prior to his actual trip from Alaska to Vermont, and he indicated that he used computers to conduct these activities. KEYES indicated that his plan for this homicide included extensive travel, including an airline flight, car rental, and driving through several states. KEYES identified one hotel at which he stayed, and indicated that B.C. and L.C. had lived in a house several blocks from this hotel; KEYES indicated he had chosen the B.C. and L.C. randomly. Investigators contacted the hotel identified by KEYES and verified that he had indeed been a guest there during the relevant time period.

FBI Records: The Vault — Israel Keyes LastKnownContact.com Part 05: Pg 27 / 441

43. In his statement, KEYES indicated that extensive travel was a crucial part of his scheme for successful committing this homicide; immediately following the murder of B.C. and L.C., he had left the geographic area, quickly placing hundreds of miles between himself and the scene of the crime. Investigators have obtained travel records from airlines, car rental companies, and Customs and Border Patrol that show KEYES travels extensively both within the United States and internationally. Specifically respecting KEYES' journey to Vermont and the murder of the Curriers, investigators have discovered from analysis of such records that in June 2011, KEYES flew from Alaska to Chicago, where he rented a car and drove through numerous states before reaching Vermont. Financial records for purchases such as gas, toll roads, hotel and goods place him in Illinois, Indiana, Ohio, New York, Maine and Vermont. Analysis of KEYES' time in Texas in February and March of 2012 also demonstrates this pattern; records indicate that KEYES traveled hundreds of miles per day, quickly placing distance between himself and the communities in which he committed Access Device Fraud or other criminal acts. Additionally, KEYES demonstrated active knowledge of the current state of the investigation into the disappearance of B.C. and L.C. He stated that they had not been found, and was able to name them immediately.

44. In his statements, KEYES has repeatedly referred to his belief that a thorough analysis of his computers will lead to evidence connecting him to additional kidnapings and homicides. He has stated that law enforcement officers will inevitably discover certain things about "other stories" explicitly because his computers are being searched, and has indicated his willingness to eventually talk about "stories" that law enforcement officers will discover

FBI Records: The Vault — Israel Keyes LastKnownContact.com Part 05: Pg 28 / 441

"anyway" because of his computer. As noted above, he has indicated that it was his intent prior to his arrest to dispose of the target device because of the evidence he believes it contains.

Initial Analysis of LENOVO B570 LAPTOP, BLACK IN COLOR Model #1068 S/N WB03686639

45. On March 22, 2012, I obtained Search Warrant 3:12-mj-00135-1-JDR, authorizing the electronic search of the LENOVO B570 LAPTOP, BLACK IN COLOR Model #1068 S/N WB03686639 that is also the subject of this search warrant. That search warrant authorized the search of the target computer for "travel records, banking or other financial records, records indicating connection or interactions between KEYES and S.K. or surveillance of S.K, by KEYES, maps, driving or other geographic directions, Internet browser history and cache, user profiles, email, email contacts, chat logs, instant messages, photographs, and correspondence." The process of searching an electronic medium like the target device is complex and the files on the computer are voluminous, therefore the search for these items is ongoing; however, certain initial discoveries have been made. The initial stages of the search have revealed internet searches for geographic data and many downloaded maps yet to be analyzed; travel data and records related to the murder of S.K.; and internet browser history indicating that the computer's user was closely following media coverage of the abduction of S.K. In searching the target device for these items, the initial search has also revealed the apparent existence of internet searches for geographic data and downloaded maps apparently unrelated to the disappearance of S..K, travel data and records apparently unrelated to S.K., photos of unknown persons, and a close following of non-Alaska media coverage of unknown events (unknown because

FBI Records: The Vault — Israel Keyes LastKnownContact.com Part 05: Pg 29 / 441

investigators have not looked at the content of the coverage, but have rather only noted that the media websites visited are not related to stories about S.K. and are not focused on Alaska events.)

46. On the basis of these facts and my training and experience, I submit that there is probable cause to believe that KEYES has committed multiple kidnapings, carjackings and homicides; that he incorporates travel into his homicides as an effective countermeasure to law enforcement detection; and that he subsequently follows media and missing person reports relating to his offenses. I base these conclusions on the above facts, including but not limited to evidence authoritatively tying KEYES to the kidnaping and murder of S.K.; KEYES' confession to the kidnaping, carjacking and murder of B.C. and L.C.; KEYES' description of the specific planning of both these crimes and his extensive and immediate travel thereafter; KEYES multiple specific references to "other stories"; KEYES specific statement that his ex-girlfriend knew nothing of his murders because he was "two people," immediately followed by his statement that he had been "two people" for exactly "fourteen years"; KEYES' statement that he would be willing to eventually tell the "stories" that law enforcement officers are likely to uncover by examining his computer; and records obtained indicating KEYES' extensive travel through the United States and internationally. Based on all the information above, I submit that there is probable cause to believe that KEYES' pattern, exemplified to varying extent by both the murder of S.K. and B.C. and L.C., is to travel to a location to commit a murder and – most especially – to then immediately place significant geographic distance between himself and the murder by traveling. KEYES appears to time his homicides to specifically coincide with his planned departure from a geographic area. KEYES indicated (and records confirm) that he left

FBI Records: The Vault — Israel Keyes LastKnownContact.com Part 05: Pg 30 / 441

Vermont the day after B.C. and L.C. went missing, traveling to Maine; KEYES left Alaska only hours after completing the murder of S.K. This pattern is especially significant given the records currently in law enforcement possession indicating KEYES' prolific record of travel. I further submit that given the above information, there is probable cause to believe that this pattern has been ongoing during the fourteen year period beginning in 1998 and continuing through 2012, and that evidence, fruits and instrumentalities of the above-referenced crimes committed pursuant to this pattern during that time period may be found on the Target Device . I therefore submit that the facts contained herein establish probable cause to search the Target Device for the items listed in Attachment B and summarized in paragraph 58 below.

47. The Device is currently in the lawful possession of the FBI. The Device came into the FBI's possession as outlined above. Although the FBI might already have the lawful authority to examine the Device, I seek this additional warrant out of an abundance of caution to be certain that an examination of the Device will comply with the Fourth Amendment and other applicable laws.

48. The Device is currently in storage at FBI Anchorage District, Anchorage, Alaska. In my training and experience, I know that the Device has been stored in a manner in which its contents are, to the extent material to this investigation, in substantially the same state as they were when the Device first came into the possession of the FBI.

49. As noted further both above and below, I seek authority to expand the scope of the search of the target device to include (as noted in Attachment B) all travel records and records pertaining to travel, including financial records related to travel and purchases made

FBI Records: The Vault — Israel Keyes LastKnownContact.com Part 05: Pg 31 / 441

during travel; all news articles or media coverage of missing persons or unsolved homicides; all missing person fliers, websites or related information; all maps of the United States; and photos of unknown persons who may be potential victims of KEYES, whether related or unrelated to S.K. I submit that the above evidence establishes probable cause that KEYES has committed multiple known and unknown kidnappings and carjackings resulting in death; that KEYES makes a practice of planning murders ahead of time and coordinating them with his travel; of using maps to discern good areas for both targets and disposal areas; and of using his computer to follow media coverage of the "missing persons" stories that result from his kidnapping, carjackings and murders.

TECHNICAL TERMS

50. Based on my training, my experience, and information provided to me by other law enforcement personnel, I use the following technical terms to convey the following meanings:

a. "Storage medium": A storage medium is any physical object upon which computer data can be stored. Examples include a laptop computer's internal hard disk drive.

b. "Computer": Pursuant to 18 U.S.C. § 1030(e)(1), a computer is "an electronic, magnetic, optical, electrochemical, or other high speed data processing device performing logical or storage functions, and includes any data storage facility or communications facility directly related to or operating in conjunction with such device."

c. IP Address: An Internet Protocol address (or simply "IP Address") is a unique numeric address used by computers on the Internet. An IP address is a series of four numbers, each in the range 0-255, separated by periods (e.g., 121.56.97.178). Every computer

FBI Records: The Vault — Israel Keyes LastKnownContact.com Part 05: Pg 32 / 441

attached to the Internet must be assigned an IP address so that Internet traffic sent from and directed to that compuiter may be directed properly from its source to its destination. Most Internet service providers control a range of IP addresses. Some computers have static- that is, long-term - IP addresses, while other computers have dynamic – that is, frequently changed – IP addresses.

d. Internet: The Internet is a global network of computers and other electronic devices that communicate with each other. Due to the structure of the internet, connections between devices on the internet often cross state and international borders, even when the devices communicating with each other are in the same state.

COMPUTERS, ELECTRONIC STORAGE, AND FORENSIC ANALYSIS

51. The applied-for warrant would authorize the forensic imaging and examination of the Target Device for the purpose of identifying and seizing the electronically stored information particularly described in Attachment B in accordance with Federal Criminal Procedure Rule 41(e)(2)(B) ("Warrant Seeking Electronically Stored Information").

52. *Probable Cause*: Based on my training, experience, and information related to me by agents and others involved in the forensic examination of computers, I submit there is probable cause to believe that information that was once stored on the Target Device may still be stored there, for at least the following reasons:

a. Based on my knowledge, training, and experience, I know that computer files or remnants of such files can be recovered days, months or even years after they have been stored on a storage medium (e.g., laptop computer's hard drive). Even when files have been deleted, they can be recovered using forensic tools. This is so because when a person "deletes" a file on a computer, the data contained in the file does not actually disappear; rather,

FBI Records: The Vault — Israel Keyes LastKnownContact.com Part 05: Pg 33 / 441

that data remains on the storage medium until it is overwritten by new data.

b. Therefore, deleted files, or remnants of deleted files, may reside in free space or slack space -- that is, in space on the storage medium that is not currently being used by an active file -- for long periods of time before they are overwritten. In addition, a computer's operating system may also keep a record of deleted data in a "swap" or "recovery" file.

c. Wholly apart from user-generated files, computer storage media -- in particular, a laptop computer's internal hard drive -- contain electronic evidence of how a computer has been used, what it has been used for, and who has used it. To give a few examples, this forensic evidence can take the form of operating system configurations, artifacts from operating system or application operation, file system data structures, and virtual memory "swap" or paging files. Computer users typically do not erase or delete this evidence, because special software is typically required for that task. However, it is technically possible to delete this information.

d. Similarly, files that have been viewed via the Internet are sometimes automatically downloaded into a temporary Internet directory or "cache". Things that have been viewed via the internet are typically stored for some period of time on the device. This information can sometimes be recovered with forensics tools.

e. Based on my knowledge, training, and experience, I know that computer files or remnants of such files can be recovered months or even years after they have been downloaded onto a storage medium, deleted, or viewed via the Internet. Electronic files downloaded to a storage medium can be stored for years at little or no cost. Even when files have been deleted, they can be recovered months or years later using forensic tools. This is so because when a person "deletes" a file on a computer, the data contained in the file does not actually disappear; rather, that data remains on the storage medium until it is overwritten by new data.

f. Therefore, deleted files, or remnants of deleted files, may reside in free space or slack space—that is, in space on the storage medium

FBI Records: The Vault — Israel Keyes LastKnownContact.com Part 05: Pg 34 / 441

that is not currently being used by an active file—for long periods of time before they are overwritten. In addition, a computer's operating system may also keep a record of deleted data in a "swap" or "recovery" file.

g. Wholly apart from user-generated files, computer storage media—in particular, computers' internal hard drives—contain electronic evidence of how a computer has been used, what it has been used for, and who has used it. To give a few examples, this forensic evidence can take the form of operating system configurations, artifacts from operating system or application operation, file system data structures, and virtual memory "swap" or paging files. Computer users typically do not erase or delete this evidence, because special software is typically required for that task. However, it is technically possible to delete this information.

h. Further, I know that data and files from an older computer can be easily transferred to a new computer, either piecemeal or wholesale. The date on which a computer comes into the possession of an individual thus does not dictate the presence or absence of files created or saved prior to that date.

53. Based on my training, experience, and research, I know that the Device has capabilities that allow it to serve as a portable media player, internet browser, and digital camera and photoshop, amongst other capabilities.

54. *Forensic evidence*: As further described in Attachment B, this application seeks permission to locate not only electronically stored information that might serve as direct evidence of the crimes described on the warrant, but also forensic evidence that establishes how the Target Device was used, the purpose of its use, who used it, and when. There is probable cause to believe that this forensic electronic evidence more likely than not is stored in the Target Device because:

a. Data on a storage medium can provide evidence of a file that was once on the storage medium but has since been deleted or edited,

FBI Records: The Vault — Israel Keyes LastKnownContact.com Part 05: Pg 35 / 441

or of a deleted portion of a file (such as a paragraph that has been deleted from a word processing file). Virtual memory paging systems can leave traces of information on the storage medium that show what tasks and processes were recently active. Web browser, chat and email programs store configuration information on the storage medium that can reveal information such as online passwords and aliases. Operating systems can record additional information, such as the attachment of peripherals, the attachment of USB flash storage devices or other external storage media, and the times the computer was in use. Computer file systems can record information about the dates files were created and the sequence in which they were created.

b. Forensic evidence stored within the Target Device can also indicate who has used or controlled the Target Device. This "user attribution" evidence is analogous to the search for "indicia of occupancy" while executing a search warrant at a residence.

c. A person with appropriate familiarity with how the Target Device works may, after examining this forensic evidence in its proper context, be able to draw conclusions about how electronic devices were used, the purpose of their use, who used them, and when.

d. The process of identifying the exact electronically stored information on a storage medium that are necessary to draw an accurate conclusion is a dynamic process. Electronic evidence is not always data that can be merely reviewed by a review team and passed along to investigators. Whether data stored on a computer is evidence may depend on other information stored on the computer and the application of knowledge about how a computer behaves. Therefore, contextual information necessary to understand other evidence also falls within the scope of the warrant.

e. Further, in finding evidence of how the Target Device was used, the purpose of its use, who used it, and when, sometimes it is necessary to establish that a particular thing is not present on a storage medium.

55. *Nature of examination*: Based on the foregoing, and consistent with Rule 41(e)(2)(B), the warrant I am applying for would permit the examination of the Target Device consistent with the warrant. The examination may require authorities to employ techniques,

FBI Records: The Vault — Israel Keyes LastKnownContact.com Part 05: Pg 36 / 441

including but not limited to computer-assisted scans of the Target Device's entire storage medium, that might expose many parts of the device to human inspection in order to determine whether it is evidence described by the warrant.

56. *Manner of execution*: Because this warrant seeks only permission to examine a laptop computer already in law enforcement's possession, the execution of this warrant does not involve the physical intrusion onto a premises. Consequently, I submit there is reasonable cause for the Court to authorize execution of the warrant at any time in the day or night.

57. *Forensic image retention*: I hereby request judicial authorization to retain full image copies of seized storage media after the review is complete (to the extent that this warrant does not already authorize me to retain that storage media as seized forfeitable property) and until further order of the Court. That judicial authorization is justified in this case in part because:

a. Should the execution of the warrant uncover data that may later need to be introduced into evidence during a trial or other proceeding, the authenticity and the integrity of the evidence and the government's forensic methodology may be contested issues. Retaining copies of seized storage media can be required to prove these facts.

b. Returning the original storage medium to its owner will not allow for the preservation of that evidence. Even routine use may forever change the data it contains, alter system access times, or eliminate data stored on it.

c. Because the investigation is not yet complete, it is not possible to predict all possible defendants against whom evidence found on the storage medium might be used. That evidence might be used against persons who have no possessory interest in the storage media, or against persons yet unknown. Those defendants might be entitled to a copy of the complete storage media in discovery. Retention of a complete image assures that it will be available to all parties, including those known now and those later identified.

FBI Records: The Vault — Israel Keyes LastKnownContact.com Part 05: Pg 37 / 441

d. The act of destroying or returning a storage medium could create an opportunity for a defendant to claim, falsely, that the destroyed or returned storage medium contained evidence favorable to him. Maintaining a copy of the storage medium would permit the government, through an additional warrant if necessary, to investigate such a claim.

e. Similarly, should a defendant suggest an explanation for the presence of evidence on a storage medium, it may be necessary to investigate such an explanation by, among other things, re-examining the storage medium with that defense in mind. This may require an additional examination of the storage medium for evidence that is described in Attachment B but was not properly identified and segregated previously.

CONCLUSION

58. Based on my training and experience, and the facts as set forth in this affidavit, there is probable cause to believe that on the Lenovo B570 laptop, black in color, Model #1068, S/N WB03686639 there exists fruits, evidence, and instrumentalities of violations of Title 18, United States Code (USC), Section 1029(a)(5) (Fraud and Related Activity in Connection with Access Devices)(FRACAD); Title 18, United States Code, Section 1201 (Kidnapping); Title 18 , United States Code, Section 2119 (Carjacking); and Title 18, United States Code, Section 1202(b) (Ransom Money). The expansion of the scope of the search by this amended search warrant is based on probable cause to believe that the target device contains fruits, evidence and instrumentalities of violations of Title 18, United States Code, Section 1201 (Kidnapping) and Title 18 , United States Code, Section 2119 (Carjacking) related and unrelated to S.K, B.C. and L.C., during a fourteen year period terminating in 2012 and beginning in 1998.

59. This Court has jurisdiction to issue the requested warrant because it is "a court of competent jurisdiction" as defined by 18 U.S.C. § 2711. 18 U.S.C. §§ 2703(a), (b)(1)(A) &

FBI Records: The Vault — Israel Keyes LastKnownContact.com Part 05: Pg 38 / 441

(c)(1)(A). Specifically, the Court is "a district court of the United States . . . that – has jurisdiction over the offense being investigated." 18 U.S.C. § 2711(3)(A)(I).

REQUEST FOR SEALING

60. The investigation of this case is ongoing and disclosure of the issuance of the search warrant could result in destruction of evidence and could also impact officer, witness and victim safety. Accordingly, pursuant to the case law outlined in the government's motion to seal, I respectfully request that the search warrant, search warrant affidavit, attachments, and returns be sealed.

PURPOSE OF AMENDED SEARCH WARRANT

61. The purpose of the amended search warrant is the expansion of the scope of the search of the target device, as noted both above and in Attachment B.

4/19/2012

3:12-mj-151

ATTACHMENT B

All records and information on the Target Device identified in Attachment A that relate to violations of Title 18, United States Code (USC), Section 1029(a)(5) (Fraud and Related Activity in Connection with Access Devices)(FRACAD); Title 18, United States Code, Section 1201 (Kidnapping); Title 18, United States Code, Section 2119 (Carjacking); and Title 18, United States Code, Section 1202(b) (Ransom Money), and involve ISRAEL KEYES since January 1998, including:

1. Evidence of who used, owned, or controlled the Target Device, including logs, registry entries, configuration files, saved usernames and passwords, documents – including but not limited to travel records, banking or other financial records, maps, driving or other geographic directions, Internet browser history and cache, especially relating to websites or media coverage referencing missing persons, kidnapings, abductions, and unsolved homicides; user profiles; email; email contacts; chat logs, instant messages, photographs, especially of known missing persons or persons with no identifiable connection to or relationship with KEYES; and correspondence, related or unrelated to S.K., B.C. or L.C..

2. Evidence of software that would allow others to control the Target Device, such as viruses, Trojan horses, and other forms of malicious software, as well as evidence of the presence or absence of security software designed to detect malicious software.

3. Evidence of the lack of such malicious software.

4. Evidence of the attachment to the Target Device electronic storage devices, such as thumb drives, digital cameras, cellular telephones, or similar containers for electronic evidence.

5. Evidence of counter-forensic programs (and associated data) that are designed to eliminate data from the Target Device .

6. Evidence of the times the Target Device was used.

7. Passwords, encryption keys, and other access devices that may be necessary to access the Target Device .

8. Evidence indicating the use of photoshop software or similar photography computer programs.

9. contextual information necessary to understand the evidence described in this

UNITED STATES DISTRICT COURT

District of Alaska

In the Matter of the Search of
(Name, address or brief description of person or property to be searched)

Email account kimberlyson@yahoo.com that is stored at Premises Controlled by Yahoo! Inc.

SEARCH WARRANT

Case Number: 3:12-mj-00311 -JDR

TO: S/A Jolene Goeden, FBI and any Authorized Officer of the United States

Affidavit(s) having been made before me by S/A Jolene Goeden, FBI (Affiant) who has reason to believe

that ☐ on the person of, or ☑ on the premises known as (name, description and/or location)

See Attachment A, which is incorporated by reference,

in the Northern District of California there is now concealed a certain person or property, namely (describe the person or property)

See Attachment B, Section II, which is incorporated by reference.

I am satisfied that the affidavit(s) and any record testimony establish probable cause to believe that the person or property so described is now concealed on the person or premises above-described and establish grounds for the issuance of this warrant.

YOU ARE HEREBY COMMANDED to search on or before October 11, 2012 (Date)

(not to exceed 10 days) the person or place named above for the person or property specified, serving this warrant and making the search ☑ in the daytime — 6:00 AM to 10:00 P.M. ☐ at anytime in the day or night as I find reasonable cause has been established and if the person or property be found there to seize same, leaving a copy of this warrant and receipt for the person or property taken, and prepare a written inventory of the person or property seized and promptly return this warrant to J. Roberts as required by law.

Particular Things to be Seized

I. Information to be disclosed by Yahoo! Inc.

Yahoo! Inc. is required to disclose the following to the government for the Yahoo! account kimberlyson@yahoo.com to the extent that the materials are within Yahoo! Inc. possession, custody, or control:

1. The contents of any communication (including drafts, deleted communications, and communication attachments) and file stored by or for the account and any associated accounts and any information associated with those communications or files, such as the source and destination email addresses or IP addresses.
2. All records and other information relating to the account and any associated accounts including, the following:

    a. Subscriber names, user names, screen names, or other identities;

    b. Mailing addresses, residential addresses, business addresses, email addresses, and other contact information;

    c. Length of service (including start date) and types of services utilized;

    d. Records of user activity for any connections made to or from the account, including the date, time, length, and method of connections, data transfer volume, user name, and source and destination Internet Protocol address(es);

    e. Telephone or instrument number or other subscriber number or identity, including temporarily assigned network address;

    f. Means and source of payment for the account (including any credit card or bank account numbers) and billing records;

    g. Correspondence and other records of contact by any person or entity about the account;

    h. any other records or evidence relating to the account.

II. Information to be seized by the government

All of the following records and information located in the materials described in Section I that constitute evidence or instrumentalities of the crime of 18 U.S.C. §§ 1029(a)(5) (Fraud and

Related Activity in Connection with Access Devices), 1201 (Kidnapping), Title 18, United States Code, Section 2119 (Carjacking), and 1202(b) (Ransom Money).

a. Basic user information to include when the account was opened, subscriber name, user names, screen names, associated email addresses, physical descriptors, and physical address.

b. The IP addresses for users of the account and the dates/times the account was accessed.

c. Records of user activity for any connections made to or from the account, including date, time, length, and method of connections, data transfer volume, and user name.

d. Any received or sent communications and information related to travel for Israel Keyes during the time period of January 1, 1998 through March 13, 2012 to include but not limited to: airline flight confirmation, trip reminders, flight changes, cancellation/re-booking records, online check-in, car rentals, and hotel rental.

APPLICATION FOR A SEARCH WARRANT

I, a federal law enforcement officer or an attorney for the government, request a search warrant and state under penalty of perjury that I have reason to believe that on the following person or property *(identify the person or describe the property to be searched and give its location)*:
See Attachment A, which is incorporated herein by reference

located in the Northern District of California, there is now concealed *(identify the person or describe the property to be seized)*:
See Attachment B, which is incorporated herein by reference

The basis for the search under Fed. R. Crim. P. 41(c) is *(check one or more)*:

- ☑ evidence of a crime;
- ☐ contraband, fruits of crime, or other items illegally possessed;
- ☑ property designed for use, intended for use, or used in committing a crime;
- ☐ a person to be arrested or a person who is unlawfully restrained.

The search is related to a violation of:

Code Section		*Offense Description*	
18 U.S.C. 1029(a)(5)	Access Device Fraud	18 U.S.C. 2119	Carjacking
18 U.S.C. 1201	Kidnapping		
18 U.S.C. 1202(b)	Ransom Money		

The application is based on these facts:
See Attached Affidavit, which is incorporated herein by reference

- ☑ Continued on the attached sheet.
- ☐ Delayed notice of ____ days (give exact ending date if more than 30 days: _____) is requested under 18 U.S.C. § 3103a, the basis of which is set forth on the attached sheet.

AFFIDAVIT IN SUPPORT OF AN APPLICATION FOR A SEARCH WARRANT

I, Jolene Goeden , being first duly sworn, hereby depose and state as follows:

INTRODUCTION AND AGENT BACKGROUND

1. I am an agent with the Federal Bureau of Investigation (FBI). I have been an agent since April 2004. I am charged with the duty of investigating violations of the laws of the United States, collecting evidence in cases in which the United States is or may be a party in interest, and performing other duties imposed by law. I have been assigned to investigate many criminal matters within the jurisdiction of the FBI, including human trafficking, child exploitation matters, kidnapping, carjacking, and other violent crimes.

2. I make this affidavit in support of an application under Rule 41 of the Federal Rules of Criminal Procedure for a warrant to search email account [redacted], as described in Attachment A. The items to be seized are described in Attachment B.

3. I believe that there is probable cause that evidence of the following federal crimes will result from the seizure and search of these items: Title 18, United States Code (USC), Section 1029(a)(5) (Fraud and Related Activity in Connection with Access Devices)(FRACAD);

FBI Records: The Vault — Israel Keyes LastKnownContact.com Part 05: Pg 54 / 441

Title 18, United States Code, Section 1201 (Kidnapping); Title 18 , United States Code, Section 2119 (Carjacking); and Title 18, United States Code, Section 1202(b) (Ransom Money). The evidence to be collected from these seizures is described in Attachment B.

RELEVANT STATUTES

4. There is probable cause to believe that email account [redacted] b6 b7C contains evidence of and is an instrumentality used for violations of Title 18, USC, Section 1029(a)(5), Fraud and Related Activity in Connection with Access Devices, which provides that:

> Whoever, knowingly and with intent to defraud effects transactions with 1 or more access devices issued to another person or persons, to receive payment or any other things of value during any 1-year period that aggregate value of which is equal to or greater than $1,000;

and Title 18, United States Code, Section 1201 (Kidnapping), which provides that:

> Whoever unlawfully seizes, confines, inveigles, decoys, kidnaps, abducts, or carries away and holds for ransom or reward or otherwise any person, except in the case of a minor by the parent thereof, when the person is willfully transported in interstate or foreign commerce, regardless of whether the person was alive when transported in interstate or foreign commerce or uses the mail or any means, facility, or instrumentality of interstate or foreign commerce in committing or in furtherance of the commission of the offense;

and Title 18, United States Code, Section 1202(b) (Ransom Money), which provides that:

> Whoever receives, possesses, or disposes of any money or other property, or any portion thereof, which has at any time been delivered as ransom or reward in connection with a violation of section 1201 of this title, knowing the same to be money or property which has been at any time delivered as such ransom or reward;

and Title 18, United States Code, Section 2119 (Carjacking), which provides that:

> Whoever, with the intent to cause death or serious bodily harm takes a motor vehicle that has been transported, shipped or received in interstate or foreign commerce from the presence of the person or presence of another by force and violence or by intimidation, or attempts to do so.

FBI Records: The Vault — Israel Keyes LastKnownContact.com Part 05: Pg 55 / 441

IDENTIFICATION OF THE ITEMS SEIZED

5. The property to be seized is identified in Attachment B.

6. The applied for warrant would authorize the seizure of evidence related to the travel records of ISRAEL KEYES stored on email account [redacted] b6 b7C

TECHNICAL BACKGROUND

7. In my training and experience, I have learned that Yahoo!Inc. provides a variety of on-line services, including electronic mail ("email") access, to the general public. Yahoo!Inc. allows subscribers to obtain email accounts at the Internet domain name "yahoo.com". Subscribers obtain an account by registering with Yahoo!Inc. During the registration process, Yahoo asks subscribers to provide basic personal information.

8. In general, an email that is sent to a Yahoo subscriber is stored in the subscriber's "mail box" on Yahoo servers until the subscriber deletes the email. If the subscriber does not delete the message, the message can remain on Yahoo servers indefinitely.

9. When the subscriber sends an email, it is initiated at the user's computer, transferred via the Internet to Yahoo's servers, and then transmitted to its end destination. Yahoo often saves a copy of the email sent. Unless the sender of the email specifically deletes the email from the Yahoo server, the email can remain on the system indefinitely.

10. A sent or received email typically includes the content of the message, source and destination addresses, the date and time at which the email was sent, and the size and length of the email. If an email user writes a draft message but does not send it, that message may also be

FBI Records: The Vault — Israel Keyes LastKnownContact.com Part 05: Pg 56 / 441

saved by Yahoo but may not include all of these categories of data.

10. Yahoo!Inc. subscribers can also store files, including emails, address books, contact or buddy lists, calendar data, and other files, on servers maintained and/or owned by Yahoo!Inc.

11. Subscribers to Yahoo might not store on their home computers copies of the emails stored in their Yahoo account. This is particularly true when they access their Microsoft account through the web, or if they do not wish to maintain particular emails or files in their residence.

12. In general, email providers like Yahoo!Inc. ask each of their subscribers to provide certain personal identifying information when registering for an email account. This information can include the subscriber's full name, physical address, telephone numbers and other identifiers, alternative email addresses, and, for paying subscribers, means and source of payment (including any credit or bank account number).

13. Yahoo!Inc. retains certain transactional information about the creation and use of each account on their systems. This information includes the date on which the account was created, records of log-ins, the status of the account (including whether the account is inactive or closed), and other log files that reflect usage of the account. In addition, Microsoft maintains a record of the Internet Protocol address ("IP address") used to register the account and the IP addresses associated with particular logins to the account. Because every device that connects to the Internet must use an IP address, IP address information can help to identify which computers or other devices were used to access the email account.

14. In some cases, email account users will communicate directly with an email service provider about issues relating to the account, such as technical problems, billing inquiries, or

FBI Records: The Vault — Israel Keyes LastKnownContact.com Part 05: Pg 57 / 441

complaints from other users. Email providers typically retain records about such communications, including records of contacts between the user and the provider's support services, as well records of any actions taken by the provider or user as a result of the communications.

15. In my training and experience, evidence of who was using a Yahoo!Inc. email account may be found in address books, contact lists, email in the account, and attachments to emails, including pictures and files.

INFORMATION TO BE SEARCHED AND THINGS TO BE SEIZED

16. I anticipate executing this warrant under the Electronic Communications Privacy Act, in particular 18 U.S.C. §§ 2703(a), 2703(b)(1)(A) and 2703(c)(1)(A), by using the warrant to require Yahoo!Inc. to disclose to the government the records and other information (including the content of communications) particularly described in Section I of Attachment B. Upon receipt of the information described in Section I of Attachment B, government-authorized persons will review that information to locate the items described in Section II of Attachment B.

17. This search warrant authorizes the government to retain after its review all of the items described in Section I of Attachment B. This authorization is justified in this case, in part, because:

a. The investigation is not yet complete and accordingly, it is not possible to predict all possible defendants against whom evidence from the e-mail account and associated records might be used. That evidence might be used against persons who have no possessory interest in the account's communications and associated records, or against persons yet unknown.

FBI Records: The Vault — Israel Keyes LastKnownContact.com Part 05: Pg 58 / 441

Those defendants might be entitled to a copy of communications and associated records in discovery that are not within the scope of Attachment B, Section II (e.g., written statements made by a defendant and sent to the account). Retention of all of the account's communications and associated information assures that it will be available to all parties, including those known now and those later identified;

b. The government's possession of these materials will not deprive Microsoft or the owner of the account from possessing the same items;

c. Should the execution of the warrant uncover data that may later need to be introduced into evidence during a trial or other proceeding, the authenticity and the integrity of the evidence and the government's forensic methodology may be contested issues. Retaining all of the items produced by Yahoo!Inc. can help the Court resolve such claims;

d. Yahoo!Inc. is not closing the [redacted] account. b6 b7C Accordingly, ongoing access and use of the [redacted] account by the account's subscriber or other persons may alter or eliminate the items. Thus, retaining the items produced by Yahoo!Inc. assures preservation of these records; and

e. The act of destroying items produced by Yahoo!Inc. could create an opportunity for a defendant to claim that the destroyed items contained evidence favorable to him. Maintaining a copy of the items would permit the Court and the government, through an additional warrant if necessary, to investigate such a claim

FBI Records: The Vault — Israel Keyes LastKnownContact.com Part 05: Pg 59 / 441

PROBABLE CAUSE

18. The information contained below is from my personal knowledge and experience, information provided to me by other law enforcement personnel, or from those specific sources as set forth. Since this affidavit is being submitted for the limited purpose of seeking information related to email account [redacted] I have not included each and every fact known to me regarding this investigation. I have set forth only the facts that I believe are necessary to establish a foundation to support the aforementioned request for a search warrant.

b6
b7C

Abduction of Samantha Koenig ("S.K.")

19. On 2-2-12 at about 12:39 Alaska Standard Time (AST), Duncan, the owner of the Common Ground Coffee stand at 630 E. Tudor, Anchorage, Alaska, contacted APD dispatch. Duncan was calling from Oregon, where he was vacationing. He reported that while viewing his internet-based security system he saw one of his employees, 18-year-old S.K., appear to be abducted. Duncan said he was contacted by S.K.'s father (J.K.) and boyfriend (D.T.), who had been unable to locate her. This contact prompted Duncan to review his security video which showed an unknown man climb through the window of the coffee stand at about 20:00 AST on 2-1-12 while S.K. was working. The video appears to show S.K. retreat a short distance and raising her hands in an apparent sign of submission to the man who subsequently climbed into the coffee stand, robbed S.K. and escorted her away from the scene. The abductor climbed through the window into the coffee stand without any significant difficulty. He appeared to be significantly taller than S.K., who is 5'4" tall, but due to the limited lighting and

FBI Records: The Vault — Israel Keyes LastKnownContact.com Part 05: Pg 60 / 441

quality of the video, a more accurate estimate of his height has not been made. The robber/abductor appeared to have a medium to large build and athletic movements.

Ransom Note and Transfer of Funds to "Ransom Account"

25. On 02-24-2012, at 19:56 AST, D.T. received the following text on his cell phone [redacted] from S.K.'s cell phone 907-884-8370 - "Conner park sign under pic of albert aint she purty". J.K. (S.K.'s father) contacted law enforcement officers and relayed the information. At the request of APD Detectives, at approximately 20:18 AST, APD Patrol Officers arrived at Conner Park located on the southeast corner of Jewel Lake Road and International Airport Road in Anchorage, Alaska. J.K.and D.T. were already present. Attached to the park sign, below a flyer for a lost dog named "Albert," was a ziploc bag which contained a folded piece of paper.

b6
b7C

26. On one side of the piece of paper, [redacted] In the upper part of the photo was an Anchorage Daily Newspaper determined to be the issue released on Monday, February 13, 2012.

27. On the reverse side of the piece of paper was a ransom note which demanded $30,000. The note included the 16-digit card number of the debit card belonging to D.T., which he had reported stolen on the night of the kidnapping, as summarized above. This debit card number is correlated to a bank account number held by D.T. and S.K. The note demanded that $30,000.00 be deposited into that account and indicated that the writer of the note intended to withdraw money at regular intervals over the coming days, and in locations other than Alaska.

FBI Records: The Vault — Israel Keyes LastKnownContact.com Part 05: Pg 61 / 441

Specifically, it said, "I may not use the card much in ak due to small pop but as I will be leaving soon I will be using it all over." The note further gave an indication that S.K. had been moved from Alaska, stating that "she did almost get away twice. once on tudor and once in the desert. must be losing my touch." I know from research, training, and experience, and discussions with law enforcement officers familiar with Alaska that there are no areas in Alaska commonly referred to and known to be "deserts." Many such areas do exist in Arizona, New Mexico and Texas. Subsequent analysis of the demand note by the FBI Laboratory revealed that it was typed with a typewriter that used a carbon ribbon, and that the aforementioned picture on the back of the demand note was printed with an inkjet printer.

28. On 02-29-2012, at approximately 16:55 AST, J.K. contacted APD Detectives and told them he was withdrawing $5,000.00 from the reward account set up for S.K. at Denali Alaskan Federal Credit Union, and he intended to deposit it in the ransom fund, which was an account held by Credit Union 1. Pursuant to a State search warrant obtained by APD Detective Joseph Barth on 02-25-2012, investigators were informed that $5,000.00 was deposited in the Credit Union 1 account indicated on the ransom note, (the account attached to the Credit Union 1 VISA debit card [VISA debit card] bearing XXXXXXXXXXXX2851, expiration 01/15 issued to D.T).at 17:45 AST on 02-29-2012).

Unauthorized use of Credit Union 1 VISA debit card

29. On two occasions between 2/29/2012 and 3/1/2012, an individual attempted to withdraw funds from ATMs in Anchorage. The individual was successful in withdrawing funds two of the three times. On four occasions between 3/1/2012 and 3/11/2012, funds were

FBI Records: The Vault — Israel Keyes LastKnownContact.com Part 05: Pg 62 / 441

withdrawn from ATMs in New Mexico, Arizona, and Texas. Surveillance footage from the ATMs in the southern states showed an individual disguised and he appeared to be driving a white Ford Focus sedan.

Stop of the White Ford Focus

37. On 03/13/2012, at approximately 11:00 Central Time (CT), Texas Ranger Steven Rayburn, while in the company of FBI Agent Deborah Gannoway, was notified by Texas Department of Public Safety (DPS) Highway Patrol Corporal Bryan Henry (Corporal Henry) that a white Ford Focus sedan bearing Texas license plate DH4N930 was observed parked at the Quality Inn & Suites (QIS), 4306 South First Street, Lufkin, Texas, which is a short drive from Shepherd, Texas.

38. On 03/13/2012, at approximately 11:15 CT, Ranger Rayburn and FBI Agent Deborah Gannoway responded to the QIS, at which time Agent Gannoway conducted a walk-by and visual inspection of the white Ford Focus. Agent Gannoway noted a bar-code sticker on the driver's side back passenger window consistent with stickers applied to rental vehicles. Agent Gannoway also noted numerous items of clothing, trash and other debris in plain sight within the vehicle, including what appeared to be a girl's or woman's pink item of clothing. Ranger Rayburn caused a Texas license plate database search to be conducted which revealed the white 2012 Ford Focus was registered to PV Holding Corporation, 9603 John Saunders Road, San Antonio, Texas. DPS Criminal Investigative Division (CID) Lieutenant Mickey Hadnot (Lieutenant Hadnot) maintained surveillance on the Ford Focus.

FBI Records: The Vault — Israel Keyes LastKnownContact.com Part 05: Pg 63 / 441

39. On 03/13/2012, at approximately 11:30 CT, Lieutenant Hadnot reported to Ranger Rayburn, who was in the company of FBI Agent Deborah Gannoway, that a white male adult exited room 215 of the QIS, placed some items into the trunk of the aforementioned white Ford Focus, and departed the scene alone, driving the white Ford Focus. FBI Agent Gannoway had previously obtained from the QIS front desk manager an "in house list" of all occupants of the QIS on the night of 03/12/2012, which reflected room 215 was rented by [redacted] for the time period 03/09/2012 through 03/13/2012.

b6
b7C

40. On 03/13/2012, at approximately 11:45 CT, Corporal Henry conducted a traffic stop on the white Ford Focus sedan based in part on FBI Agent Gannoway's suspicion that the vehicle was the same vehicle used in the Arizona, New Mexico, and Texas ATM withdrawals, as well as Corporal Henry's assessment that the driver of the vehicle was traveling in excess of the posted speed limit. Upon FBI Agent Gannoway's arrival at the car stop location, Corporal Henry provided to FBI Agent Gannoway an Alaska Driver's License bearing number 7268639, in the name of ISRAEL KEYES, which KEYES had provided to Corporal Henry prior to Agent Gannoway's arrival at the scene. Corporal Henry told Agent Gannoway that KEYES informed him he flew from Anchorage, Alaska, to Las Vegas, Nevada, on 03/07/2012, and that he rented the white Ford Focus at the Las Vegas airport, driving to his present location over the course of the ensuing week. KEYES provided to Agent Gannoway a copy of his car rental agreement, which corroborated his statement that he had rented the car at the Las Vegas, Nevada, airport on 03/07/2012. KEYES was unable to describe to Agent Gannoway the route he drove from Nevada to Texas, but stated he was in Lufkin, Texas, to attend his sister's wedding in Wells, Texas. KEYES told Agent Gannoway he "probably" paid for fuel throughout his travels from

FBI Records: The Vault — Israel Keyes LastKnownContact.com Part 05: Pg 64 / 441

Nevada to Texas with cash. Ranger Rayburn reported to Agent Gannoway that there was a pair of large white tennis shoes partially pushed under the driver's seat of the Ford Focus, which Ranger Rayburn could plainly see through the window. During questioning by Agent Gannoway and Ranger Rayburn, KEYES became increasingly agitated and uncooperative, and he refused to allow Agent Gannoway and/or Ranger Rayburn to inspect his wallet (which was in his pocket) or his vehicle. KEYES became unusually nervous and began to sweat profusely, in spite of the slightly cool weather and the tank top which he was wearing at the time. KEYES expressed to Agent Gannoway that if he was going to be kept in the area for a longer period of time, he desired to call his brother (who has KEYES' daughter in a separate car) and notify him of same. Agent Gannoway suggested KEYES make that call. A short time later, the 2012 Ford Focus was transported to and secured at the Lufkin, Texas, Police Department. Keyes was placed under arrest.

Execution of Search Warrant on Ford Focus

46. On March 16, 2012, law enforcement agents in Beaumont, Texas obtained a search warrant, which authorized the search of the white Ford Focus driven by KEYES. Execution of that search warrant on March 17, 2012 revealed numerous items, including a cellular phone believed to belong to S.K.

Initial Interviews with Israel Keyes

47. KEYES was transported to Anchorage, Alaska and arraigned on March 27, 2012 on one count of Access Device Fraud. He was provided defense counsel at government expense.

FBI Records: The Vault — Israel Keyes LastKnownContact.com Part 05: Pg 65 / 441

Subsequently, KEYES agreed through counsel to be interviewed by law enforcement. On March 30, 2012, two interviews with KEYES took place. In the first interview, investigators presented KEYES with a selection of the evidence and investigative actions summarized above. KEYES then requested some time to speak alone with his attorney. Several hours later, KEYES agreed through counsel to be interviewed by law enforcement. In this second interview, KEYES stated that he had abducted S.K. on February 1, 2012, and that she had been dead before he left for a vacation approximately ten hours after the abduction. KEYES indicated that S.K.'s body could be found in Matanuska Lake in Alaska, and identified the precise location at which he had dropped her remains through the ice. [redacted] b6 b7C [redacted] and that he believed that law enforcement would find his DNA when they found her body. KEYES indicated that he had "lots more stories to tell," and stated that his ex-girlfriend knew nothing of his criminal activities, as he was "two different people." When asked how long he had been "two different people," KEYES immediately and specifically responded, "fourteen years."

48. On April 1, 2012, KEYES agreed through counsel to a third interview with law enforcement. In this third interview, KEYES explicitly stated that he murdered S.K., and gave substantial details about the murder to include that he murdered S.K. inside a green and white shed which was in the driveway of his residence on Spurr Lane.

Seizure and Search of the Green and White Shed

FBI Records: The Vault — Israel Keyes LastKnownContact.com Part 05: Pg 66 / 441

49. After KEYES provided the above information on March 30, 2012, KEYES gave the FBI consent to seize and search the white and green shed. This shed was searched by the FBI and a follow up search warrant (3:12-MJ-00226-JDR) was executed July 19, 2012.

Discovery of S.K.'s Body

50. On April 2, 2012, the FBI Underwater Search Response Team discovered S.K.'s remains in Lake Matanuska, at the precise location identified by KEYES. SK's remains were transported to the State of Alaska Medical Examiner's office for a forensic exam and autopsy.

Murder of B.C. and L.C.

51. On April 6, 2012, KEYES agreed to a fourth interview, on the explicit terms that the S.K. case would not be discussed. KEYES indicated his willingness to share "other stories" with investigators. In this interview, KEYES implied that he had murdered many persons over the past fourteen years, in many different locations. KEYES stated that he had many "cards to play," and didn't want to give them all away at once. He was asked to give the identity and location of just one body. After thinking silently for about twenty seconds, KEYES stated, "I'll give you two." He then confessed to the kidnapping, carjacking and murder of B.C. and L.C. near Burlington, Vermont in June 2011.

52. A quick records check verified that, indeed, Bill and Lorraine Currier, ages 49 and 55, had inexplicably gone missing on June 8, 2011. KEYES stated that, when he killed the Curriers, he was in Vermont en route to a vacation in Maine, technically visiting family.

FBI Records: The Vault — Israel Keyes LastKnownContact.com Part 05: Pg 67 / 441

KEYES identified one hotel at which he stayed, and indicated that Bill and Lorraine Currier had lived in a house several blocks from this hotel; KEYES indicated he had chosen the Curriers randomly.

53. Vermont investigators have been contacted and corroborated KEYES' confession. Investigators contacted the hotel identified by KEYES and verified that he had indeed been a guest there during the relevant time period. The Currier's bodies have not been located. However, Keyes took a gun belonging to the Curriers from their home the night of the murder. Keyes provided law enforcement with the location of the weapon and it was recovered.

54. During the investigation of the Currier's murder, which involved the forensic processing of their vehicle that had been taken, investigators collected several hairs and DNA from the Curriers' vehicle. Accordingly, comparison of hairs to that which has been recovered might result in confirming KEYES' confession. Pursuant to a federal search warrant obtained on June 29, 2012, hair was seized from KEYES to be used in comparison with the hairs found in the Curriers vehicle. Agents are in the process of submitting this evidence to the FBI Laboratory for analysis.

Other Crimes

55. KEYES admitted to committing a bank robbery in Azel, Texas on February 16, 2012.

56. KEYES also admitted to committing a burglary and arson in Aledo, Texas on February 16, 2012. KEYES took jewelry from the home and set the home on fire. Agents

FBI Records: The Vault — Israel Keyes LastKnownContact.com Part 05: Pg 68 / 441

confirmed the arson and media reports indicated the 3500 square foot home was completely lost in the fire.

57. KEYES admitted to committing a bank robbery in Tupper Lake, New York on April 10, 2009.

57. KEYES has admitted to several other homicides over the past fourteen years in addition to those described above. He specifically identified two homicides in the state of Washington and a homicide that occurred on the east coast with the body buried in New York. Law enforcement is currently following up on this information.

Examination of Keyes' Email Accounts

58. Pursuant to search warrant number 3:12-MJ-00131-JDR, agents reviewed Keyes' emails related to email address israelkeyes@yahoo.com. Agents found several emails related to travel to include confirmation emails for airlines, rental cars, and hotels. KEYES retained emails in this account back to 2007 suggesting he does not actively delete emails.

59. Pursuant to search warrant number 3:12-mj-00215-JDR, agents requested emails related to email address izzyme@hotmail.com email account. The return indicated the email account had not been accessed in recently and there were no archived emails.

60. Law Enforcement currently has some travel records that show that KEYES' travel was purchased by his girlfriend K.A. It is likely that K.A. received travel confirmation emails for the travel she booked for KEYES. For example, in October 2007, K.A. used her airline miles and account to purchase an airline ticket for KEYES to fly to California. In September

FBI Records: The Vault — Israel Keyes LastKnownContact.com Part 05: Pg 69 / 441

2008, K.A. purchased a ticket for KEYES to fly to California. K.A. booked additional travel for KEYES in December 2009 and July 2010.

61. On the above facts and my training and experience, I submit there is probable cause to believe that KEYES has committed multiple kidnappings, carjacking, and homicides; that he incorporates travel into his homicides as an effective countermeasure to law enforcement detection; and that he subsequently follows media and missing person reports relating to his offenses. I base these conclusions on the above facts, including but not limited to evidence authoritatively tying KEYES to the kidnapping and murder of S.K.; KEYES' confession to the kidnapping, carjacking and murder of B.C. and L.C.; KEYES' description of the specific planning of both of these crimes and his extensive and immediate travel thereafter; KEYES multiple and specific references to "other stories"; KEYES specific statement that his ex-girlfriend knew nothing of his murders because he was "two people." Immediately followed by his statement that he had been "two people" for exactly "fourteen years"; KEYES admissions of involvement in the murder of individuals in Washington and New York or a surrounding state; KEYES statement that he would be willing to eventually tell the "stories" that law enforcement officers are likely to uncover by examining his computers; and records obtained indicating KEYES' extensive travel through the United States and internationally. Based on all the information above, I submit there is probable cause to believe that KEYES' pattern, exemplified to varying extent by both the murder of S.K. and B.C. and L.C., is to travel to a location to commit a murder and – most especially- to then immediately place significant geographic distance between himself and the murder by traveling. KEYES appears to time his homicides to specifically coincide with his planned departure from a geographic area. KEYES indicated (and

FBI Records: The Vault — Israel Keyes LastKnownContact.com Part 05: Pg 70 / 441

records confirm) that he left Vermont the day after B.C. and L.C. went missing, traveling to Maine; KEYES left Alaska only hours after completing the murder of S.K. This pattern is especially significant given the records currently in law enforcement possession indicating KEYES' prolific record of travel. I further submit that given the above information, there is probable cause to believe that this pattern has been ongoing during the fourteen year period beginning in 1998 and continuing through 2012.

CONCLUSION

62. Based on my training and experience, and the facts as set forth in this affidavit, there is probable cause to believe that on the servers of Yahoo! Inc. for email account [redacted] there exists fruits, evidence, and instrumentalities of Title 18, United States Code (USC), Section 1029(a)(5) (Fraud and Related Activity in Connection with Access Devices)(FRACAD); Title 18, United States Code, Section 1201 (Kidnapping); Title 18, United States Code, Section 2119 (Carjacking), and Title 18, United States Code, Section 1202(b)(Ransom Money), and respectfully request the issuance of this Search Warrant and the authorization to search this account for such evidence, fruits, and instrumentalities, as summarized in Attachment B.

b6

REQUEST FOR SEALING

FBI Records: The Vault — Israel Keyes LastKnownContact.com Part 05: Pg 71 / 441

63. The investigation of this case is ongoing and disclosure of the issuance of the search warrant could result in destruction of evidence and could also impact officer, witness and victim safety. Accordingly, pursuant to the case law outlined in the government's motion to seal, I respectfully request that the search warrant, search warrant affidavit, attachments, and returns be sealed.

Further your Affiant sayeth naught.

In the Matter of the Search of
(Briefly describe the property to be searched or identify the person by name and address)

White shed with green trim currently stored at FBI 101 E. 6th Avenue, Anchorage, AK

Case No. 3:12-MJ- 00226-JDR

APPLICATION FOR A SEARCH WARRANT

I, a federal law enforcement officer or an attorney for the government, request a search warrant and state under penalty of perjury that I have reason to believe that on the following person or property *(identify the person or describe the property to be searched and give its location)*:
See Attachment A, which is incorporated herein by reference

located in the _____ District of Alaska, there is now concealed *(identify the person or describe the property to be seized)*:
See Attachment B, which is incorporated herein by reference

The basis for the search under Fed. R. Crim. P. 41(c) is *(check one or more)*:

- ☑ evidence of a crime;
- ☐ contraband, fruits of crime, or other items illegally possessed;
- ☑ property designed for use, intended for use, or used in committing a crime;
- ☐ a person to be arrested or a person who is unlawfully restrained.

The search is related to a violation of:

Code Section		*Offense Description*	
18 U.S.C. 1029(a)(5)	Access Device Fraud	18 U.S.C. 2113	Bank Robbery
18 U.S.C. 1201	Kidnapping	18 U.S.C. 2119	Carjacking
18 U.S.C. 1202(b)	Ransom Money		

The application is based on these facts:
See Attached Affidavit, which is incorporated herein by reference

- ☑ Continued on the attached sheet.
- ☐ Delayed notice of _____ days (give exact ending date if more than 30 days: _____) is requested under 18 U.S.C. § 3103a, the basis of which is set forth on the attached sheet.

UNITED STATES DISTRICT COURT
THE DISTRICT OF ALASKA

IN THE MATTER OF THE SEARCH OF a white shed with green trim located at the Anchorage FBI office	Case No. 3:12-MJ-00226-JDR **Filed under seal**

AFFIDAVIT IN SUPPORT OF AN APPLICATION FOR A SEARCH WARRANT

I, Jolene Goeden , being first duly sworn, hereby depose and state as follows:

INTRODUCTION AND AGENT BACKGROUND

1. I am an agent with the Federal Bureau of Investigation (FBI). I have been an agent since April 2004. I am charged with the duty of investigating violations of the laws of the United States, collecting evidence in cases in which the United States is or may be a party in interest, and performing other duties imposed by law. I have been assigned to investigate many criminal matters within the jurisdiction of the FBI, including human trafficking, child exploitation matters, kidnapping, and other violent crimes.

2. I make this affidavit in support of an application under Rule 41 of the Federal Rules of Criminal Procedure for a warrant to search a green and white colored shed located at the Anchorage FBI office, as described in Attachment A. The items to be seized are described in Attachment B.

3. I believe that there is probable cause that evidence of the following federal crimes will result from the seizure and search of these items: Title 18, United States Code (USC), Section 1029(a)(5) (Fraud and Related Activity in Connection with Access Devices

FBI Records: The Vault — Israel Keyes LastKnownContact.com Part 05: Pg 79 / 441

)(FRACAD); Title 18, United States Code, Section 1201 (Kidnapping); Title 18 , United States Code, Section 2119 (Carjacking); and Title 18, United States Code, Section 1202(b) (Ransom Money). The evidence to be collected from these seizures are described in Attachment B.

RELEVANT STATUTES

4. There is probable cause to believe that the hair and buccal swabs contain evidence of and is an instrumentality used for violations of Title 18, USC, Section 1029(a)(5), Fraud and Related Activity in Connection with Access Devices, which provides that:

> Whoever, knowingly and with intent to defraud effects transactions with 1 or more access devices issued to another person or persons, to receive payment or any other things of value during any 1-year period that aggregate value of which is equal to or greater than $1,000;

and Title 18, United States Code, Section 1201 (Kidnapping), which provides that:

Whoever unlawfully seizes, confines, inveigles, decoys, kidnaps, abducts, or carries away and holds for ransom or reward or otherwise any person, except in the case of a minor by the parent thereof, when the person is willfully transported in interstate or foreign commerce, regardless of whether the person was alive when transported in interstate or foreign commerce or uses the mail or any means, facility, or instrumentality of interstate or foreign commerce in committing or in furtherance of the commission of the offense;

and Title 18, United States Code, Section 1202(b) (Ransom Money), which provides that:

Whoever receives, possesses, or disposes of any money or other property, or any portion thereof, which has at any time been delivered as ransom or reward in connection with a violation of section 1201 of this title, knowing the same to be money or property which has been at any time delivered as such ransom or reward;

and Title 18, United States Code, Section 2119 (Carjacking), which provides that:

Whoever, with the intent to cause death or serious bodily harm takes a motor vehicle that has been transported, shipped or received in interstate or foreign commerce from the presence of the person or presence of another by force and violence or by intimidation, or attempts to do so.

FBI Records: The Vault — Israel Keyes LastKnownContact.com Part 05: Pg 80 / 441

IDENTIFICATION OF THE ITEMS SEIZED

5. The property to be seized is identified in Attachment B.

6. The applied for warrant would authorize the seizure of evidence from the white and green shed that would corroborate information provided to law enforcement by ISRAEL KEYES to the crimes set forth above.

PROBABLE CAUSE

7. The information contained below is from my personal knowledge and experience, information provided to me by other law enforcement personnel, or from those specific sources as set forth. Since this affidavit is being submitted for the limited purpose of seeking hair samples, I have not included each and every fact known to me regarding this investigation. I have set forth only the facts that I believe are necessary to establish a foundation to support the aforementioned request for a search warrant.

Abduction of Samantha Koenig ("S.K.")

8. On 2-2-12 at about 12:39 Alaska Standard Time (AST), Duncan, the owner of the Common Ground Coffee stand at 630 E. Tudor, Anchorage, Alaska, contacted APD dispatch. Duncan was calling from Oregon, where he was vacationing. He reported that while viewing his internet-based security system he saw one of his employees, 18-year-old S.K., appear to be abducted. Duncan said he was contacted by S.K.'s father (J.K.) and boyfriend (D.T.), who had been unable to locate her. This contact prompted Duncan to review his security video which showed an unknown man climb through the window of the coffee stand at about 20:00 AST on 2-1-12 while S.K. was working. The video appears to show S.K. retreat a short distance and raising her hands in an apparent sign of submission to the man who subsequently

FBI Records: The Vault — Israel Keyes LastKnownContact.com Part 05: Pg 81 / 441

climbed into the coffee stand, robbed S.K. and escorted her away from the scene. The abductor climbed through the window into the coffee stand without any significant difficulty. He appeared to be significantly taller than S.K., who is 5'4" tall, but due to the limited lighting and quality of the video, a more accurate estimate of his height has not been made. The robber/abductor appeared to have a medium to large build and athletic movements.

9. At the time of her abduction, S.K. was wearing a dark-colored jacket, a green shirt with light-colored stripes on the sleeves, a thin dark-colored bracelet, dark-colored pants, and dark-colored shoes. At the time of her abduction, S.K. was also believed to be in possession of a carabineer with three keys and possibly a white lanyard, a medium-to-large size leopard print purse, and a black cellular telephone with sliding keyboard. S.K. is a white female adult, approximately 5'4" tall, 150 pounds, 18 years old, with long brown hair and brown eyes.

10. Video surveillance appeared to show S.K.'s robber/abductor wearing a dark-colored, possibly hooded, jacket, dark-colored glasses, a dark-colored face mask, dark-colored gloves, dark-colored pants; and dark-colored shoes. He appeared to be carrying a white coffee cup and a dark-colored bag. Although to date no weapon has been conclusively identified in the surveillance videos that captured this robbery/abduction, the scene was generally poorly lit and the robber/abductor was not always fully visible. Furthermore, S.K.'s reaction appeared to be consistent with someone who was confronted or threatened with a weapon. In addition, during separate subsequent interviews, both S.K.'s father and boyfriend adamantly indicated that S.K. was very strong-willed and would not have complied with a robber or abductor's demands, unless she had been threatened with a weapon.

FBI Records: The Vault — Israel Keyes LastKnownContact.com Part 05: Pg 82 / 441

11. Surveillance video from a nearby Home Depot at approximately 19:54 AST on 2-1-12 showed a white Chevrolet extended cab truck roll through the Home Depot parking lot and park just east of an International House of Pancakes. From a distance, the surveillance showed an individual with a black garment and hat get out of the truck and walk westbound through the parking lot towards Denali St., cross it, get on the sidewalk, walk southbound on Denali St. to Tudor Rd., cross Tudor Rd. at the intersection, and, finally, exit the frame. The individual's travel was in the direction of the Common Ground Coffee stand, from which S.K. was abducted. One minute later, the video surveillance footage from Common Ground Coffee stand showed the individual who abducted S.K. approach from the direction of the man in the Home Depot video. Approximately two minutes after S.K. and her abductor exited the frame of the Common Ground Coffee stand video footage, two persons appearing to match S.K. and her abductor again entered the frame of the Home Depot video footage, this time walking back towards the location where the white Chevrolet truck was originally parked. The Home Depot video then showed the two people approach the passenger side door of the Chevrolet truck. It then showed the person who appeared to be S.K. enter the passenger side of truck. The other individual then walked around truck, entered the driver's side, and drove out of the surveillance video's frame. As described below, police have now identified KEYES' residence and located a white Chevrolet truck registered to him at that residence. This white Chevrolet truck belonging to KEYES appears to match the vehicle in the Home Depot surveillance footage, although KEYES' truck has several toolboxes and a ladder rack fastened with removable bolts to the truck bed, and these items do not appear on the truck in the Home Depot video.

FBI Records: The Vault — Israel Keyes LastKnownContact.com Part 05: Pg 83 / 441

12. During an interview on 02-02-2012, D.T. (S.K.'s boyfriend) said he went to the coffee stand on 2-1-12 at about 20:33 AST to give her a ride home but the stand appeared to be closed and she was not there. D.T. further reported to law enforcement that on 02/02/2012, at approximately 03:00 AST, he observed an unknown male adult wearing a ski mask and dark clothing going through the vehicle he shared with S.K. D.T. did not alert authorities to the burglary of the vehicle at that time.

13. When D.T. was asked where his ATM debit card was by APD Detectives several days after the abduction, he indicated he had left it in the vehicle he shared with S.K. This vehicle had been seized by APD on 02-02-2012 and searched pursuant to a State of Alaska search warrant. The debit card referenced above was not located during the search; however law enforcement did not notify D.T. of this fact. D.T. indicated that his debit card was a Credit Union 1 VISA debit card (VISA debit card) bearing XXXXXXXXXXXX2851, expiration 01/15, and that he did not give his VISA debit card to anyone else or give anyone permission to use it. The card is thus believed to have been stolen from D.T.'s vehicle at the time D.T. observed the vehicle break-in. D.T. further related that S.K.'s driver's license had also been in his vehicle. That driver's license was missing when searched for on 02-02-2012, indicating that it also was stolen at that time.

Ransom Note and Transfer of Funds to "Ransom Account"

14. On 02-24-2012, at 19:56 AST, D.T. received the following text on his cell phone [redacted] from S.K.'s cell phone 907-884-8370 - "Conner park sign under pic of albert aint she purty". J.K. (S.K.'s father) contacted law enforcement officers and relayed the information. At the request of APD Detectives, at approximately 20:18 AST, APD Patrol Officers arrived at

b6
b7C

FBI Records: The Vault — Israel Keyes LastKnownContact.com Part 05: Pg 84 / 441

Conner Park located on the southeast corner of Jewel Lake Road and International Airport Road in Anchorage, Alaska. J.K.and D.T. were already present. Attached to the park sign, below a flyer for a lost dog named "Albert," was a ziploc bag which contained a folded piece of paper.

15. On one side of the piece of paper, [redacted] b6 b7C

[redacted] In the upper part of the photo was an Anchorage Daily Newspaper determined to be the issue released on Monday, February 13, 2012.

16. On the reverse side of the piece of paper was a ransom note which demanded $30,000. The note included the 16-digit card number of the debit card belonging to D.T., which he had reported stolen on the night of the kidnapping, as summarized above. This debit card number is correlated to a bank account number held by D.T. and S.K. The note demanded that $30,000.00 be deposited into that account and indicated that the writer of the note intended to withdraw money at regular intervals over the coming days, and in locations other than Alaska. Specifically, it said, "I may not use the card much in ak due to small pop but as I will be leaving soon I will be using it all over." The note further gave an indication that S.K. had been moved from Alaska, stating that "she did almost get away twice. once on tudor and once in the desert. must be losing my touch." I know from research, training, and experience, and discussions with law enforcement officers familiar with Alaska that there are no areas in Alaska commonly referred to and known to be "deserts." Many such areas do exist in Arizona, New Mexico and Texas. Subsequent analysis of the demand note by the FBI Laboratory revealed that it was

FBI Records: The Vault — Israel Keyes LastKnownContact.com Part 05: Pg 85 / 441

typed with a typewriter that used a carbon ribbon, and that the aforementioned picture on the back of the demand note was printed with an inkjet printer.

17. On 02-29-2012, at approximately 16:55 AST, J.K. contacted APD Detectives and told them he was withdrawing $5,000.00 from the reward account set up for S.K. at Denali Alaskan Federal Credit Union, and he intended to deposit it in the ransom fund, which was an account held by Credit Union 1. Pursuant to a State search warrant obtained by APD Detective Joseph Barth on 02-25-2012, investigators were informed that $5,000.00 was deposited in the Credit Union 1 account indicated on the ransom note, (the account attached to the Credit Union 1 VISA debit card [VISA debit card] bearing XXXXXXXXXXXX2851, expiration 01/15 issued to D.T).at 17:45 AST on 02-29-2012).

Unauthorized use of Credit Union 1 VISA debit card

18. On 02-29-2012 at 22:13 AST, an unknown person utilizing D.T.'s Credit Union 1 debit card attempted to withdraw $600.00 in US Currency from the account indicated on the ransom note. The attempted withdrawal took place at the Automatic Teller Machine (ATM) located at the Alaska USA bank at 4000 Credit Union Drive in Anchorage, Alaska. Because the attempted amount was over the $500.00 daily limit, the withdrawal was declined. Surveillance video in the area of the ATM revealed a male dressed in a black hooded sweatshirt and black pants, operating a light-colored SUV, arrived in the parking lot of the Sea Galley restaurant across the street. After parking the SUV, the male exited and quickly walked across the street to the area of the Alaska USA ATM. The SUV was later determined by the FBI to be a silver Nissan Xterra of a model between the years 2005 and 2012. As noted below, police have now determined that KEYES' girlfriend owns a silver 2007 Nissan Xterra.

FBI Records: The Vault — Israel Keyes LastKnownContact.com Part 05: Pg 86 / 441

19. On 02-29-2012 at 23:56 AST, $500.00 in US Currency was withdrawn from the ATM at the Denali Alaskan Federal Credit Union located at 3020 Minnesota Drive in Anchorage, Alaska. The debit card utilized to withdraw the money was the same Credit Union 1 debit card issued to D.T. Surveillance video obtained of the area revealed this withdrawal was conducted by an unknown male with a muscular appearance wearing a dark-colored, possibly hooded, jacket with a light-colored design or paint spatter on the left chest and front, and light-colored lettering, including possibly "CORPS" across the back shoulders; clear or light-colored glasses; a gray face mask; gray gloves; dark-colored pants; and light-colored shoes.

20. During the course of the investigation, Detective Blanton and Officer Pierce of APD obtained surveillance footage from businesses surrounding the Alaska USA, which is located on Credit Union Drive in Anchorage, Alaska. Immediately before the withdrawal, a hidden surveillance camera located at the Sea Galley at 4101 Credit Union Drive in Anchorage, Alaska captured a similarly dressed male park in the extreme southwest corner of the Sea Galley parking lot driving a silver Nissan Xterra. From the surveillance video, the male appeared to exit the vehicle and walk westbound across the street to the Alaska USA and return a short while later. Both the male's appearance and timing are commensurate with him being the person who attempted to withdraw the money.

21. On 03-01-2012 at approximately 00:28 AST, $500.00 in US currency was withdrawn from the ATM at the Alaska USA located at 7701 Debarr Road in Anchorage, Alaska. As with the prior two transactions, the debit card utilized to withdraw the money was the Credit Union 1 debit card issued to D.T.

FBI Records: The Vault — Israel Keyes LastKnownContact.com Part 05: Pg 87 / 441

22. On 03-07-2012 at approximately 21:57 AST, $400.00 in US currency was withdrawn from the ATM at the Western Bank located at 200 West Rex Allen Road in Willcox, Arizona. The debit card utilized to withdraw the money was the Credit Union 1 debit card issued to D.T. Surveillance video on the ATM showed the individual using the debit card for the withdrawal was a white male dressed in a gray hooded jacket or sweatshirt, glasses, a gray face mask, gray gloves, dark-colored pants, and light-colored shoes, and appeared to be driving a late model white Ford Focus sedan.

23. On 03-07-2012 at approximately 23:24 AST, there was an attempted $400.00 withdrawal at the Western Bank located at 711 Main Street in Lordsburg, New Mexico, using D.T.'s Credit Union 1 debit card (the same card referenced in prior paragraphs.) The withdrawal was declined by the ATM as it would have put the debit card over the daily withdrawal limit. At 23:25 AST, at the same ATM, a balance inquiry was conducted on the account utilizing the debit card. The balance shown was $3,598.91. At 23:26 AST, $80.00 was withdrawn from the account utilizing the debit card. Surveillance video on the ATM showed the individual using the debit card wore similar clothing to the first ATM withdrawal in Arizona.

24. On 3-9-2012 at approximately 23:23 AST, there was a $480.00 withdrawal made at an ATM at Houston Community Bank, 1515 FM 1960 Bypass East, Humble City, Texas. Initial review of the surveillance video from the ATM appeared to show that the individual using the debit card wore similar clothing to that worn during the two aforementioned ATM withdrawals in Arizona and New Mexico.

FBI Records: The Vault — Israel Keyes LastKnownContact.com Part 05: Pg 88 / 441

25. On 03-11-2012 at approximately 23:47 AST, there was a $480.00 withdrawal at the People's State Bank located at 5850 Hwy 59 South, Shepherd, Texas using D.T.'s Credit Union 1 debit card (the same card referenced in prior paragraphs.) Surveillance video on the ATM showed the individual using the debit card wore similar clothing to the first ATM withdrawal in Arizona, as well as the subsequent withdrawals in New Mexico and Texas.

Stop of the White Ford Focus

26. On 03/13/2012, at approximately 11:00 Central Time (CT), Texas Ranger Steven Rayburn, while in the company of FBI Agent Deborah Gannoway, was notified by Texas Department of Public Safety (DPS) Highway Patrol Corporal Bryan Henry (Corporal Henry) that a white Ford Focus sedan bearing Texas license plate DH4N930 was observed parked at the Quality Inn & Suites (QIS), 4306 South First Street, Lufkin, Texas, which is a short drive from Shepherd, Texas.

27. On 03/13/2012, at approximately 11:15 CT, Ranger Rayburn and FBI Agent Deborah Gannoway responded to the QIS, at which time Agent Gannoway conducted a walk-by and visual inspection of the white Ford Focus. Agent Gannoway noted a bar-code sticker on the driver's side back passenger window consistent with stickers applied to rental vehicles. Agent Gannoway also noted numerous items of clothing, trash and other debris in plain sight within the vehicle, including what appeared to be a girl's or woman's pink item of clothing. Ranger Rayburn caused a Texas license plate database search to be conducted which revealed the white 2012 Ford Focus was registered to PV Holding Corporation, 9603 John Saunders Road, San Antonio, Texas. DPS Criminal Investigative Division (CID) Lieutenant Mickey Hadnot (Lieutenant Hadnot) maintained surveillance on the Ford Focus.

FBI Records: The Vault — Israel Keyes LastKnownContact.com Part 05: Pg 89 / 441

28. On 03/13/2012, at approximately 11:30 CT, Lieutenant Hadnot reported to Ranger Rayburn, who was in the company of FBI Agent Deborah Gannoway, that a white male adult exited room 215 of the QIS, placed some items into the trunk of the aforementioned white Ford Focus, and departed the scene alone, driving the white Ford Focus. FBI Agent Gannoway had previously obtained from the QIS front desk manager an "in house list" of all occupants of the QIS on the night of 03/12/2012, which reflected room 215 was rented by [redacted] for the time period 03/09/2012 through 03/13/2012. b6 b7C

29. On 03/13/2012, at approximately 11:45 CT, Corporal Henry conducted a traffic stop on the white Ford Focus sedan based in part on FBI Agent Gannoway's suspicion that the vehicle was the same vehicle used in the Arizona, New Mexico, and Texas ATM withdrawals, as well as Corporal Henry's assessment that the driver of the vehicle was traveling in excess of the posted speed limit. Upon FBI Agent Gannoway's arrival at the car stop location, Corporal Henry provided to FBI Agent Gannoway an Alaska Driver's License bearing number 7268639, in the name of ISRAEL KEYES, which KEYES had provided to Corporal Henry prior to Agent Gannoway's arrival at the scene. Corporal Henry told Agent Gannoway that KEYES informed him he flew from Anchorage, Alaska, to Las Vegas, Nevada, on 03/07/2012, and that he rented the white Ford Focus at the Las Vegas airport, driving to his present location over the course of the ensuing week. KEYES provided to Agent Gannoway a copy of his car rental agreement, which corroborated his statement that he had rented the car at the Las Vegas, Nevada, airport on 03/07/2012. KEYES was unable to describe to Agent Gannoway the route he drove from Nevada to Texas, but stated he was in Lufkin, Texas, to attend his sister's wedding in Wells, Texas. KEYES told Agent Gannoway he "probably" paid for fuel throughout his travels from

FBI Records: The Vault — Israel Keyes LastKnownContact.com Part 05: Pg 90 / 441

Nevada to Texas with cash. Ranger Rayburn reported to Agent Gannoway that there was a pair of large white tennis shoes partially pushed under the driver's seat of the Ford Focus, which Ranger Rayburn could plainly see through the window. During questioning by Agent Gannoway and Ranger Rayburn, KEYES became increasingly agitated and uncooperative, and he refused to allow Agent Gannoway and/or Ranger Rayburn to inspect his wallet (which was in his pocket) or his vehicle. KEYES became unusually nervous and began to sweat profusely, in spite of the slightly cool weather and the tank top which he was wearing at the time. KEYES expressed to Agent Gannoway that if he was going to be kept in the area for a longer period of time, he desired to call his brother (who has KEYES' daughter in a separate car) and notify him of same. Agent Gannoway suggested KEYES make that call. A short time later, the 2012 Ford Focus was transported to and secured at the Lufkin, Texas, Police Department.

30. Based on the aforementioned observations, including the fact that the rented Ford Focus matched the description of the vehicle utilized in the ATM withdrawals in Arizona, New Mexico and Texas, KEYES' arrival in Las Vegas, Nevada, and his subsequent travel from Nevada to Texas very likely resulting in KEYES traveling through Arizona on or about 03/07/2012 (the date of a $400.00 ATM withdrawal in Arizona) and New Mexico on or about 03/08/2012 (the date of an $80.00 ATM withdrawal in New Mexico), KEYES' appearance closely matching the description of the white male adult observed in videos of the above-described ATM withdrawals, KEYES' own admission that he lived in the Anchorage, Alaska, area, KEYES' Alaska driver's license reflecting an Anchorage, Alaska, address, the white tennis shoes under the driver's seat matching the description of the shoes worn by the white male adult observed in the videos of the above-described ATM, as well as other observations, Agent

FBI Records: The Vault — Israel Keyes LastKnownContact.com Part 05: Pg 91 / 441

Gannoway instructed Corporal Henry to place KEYES under arrest. Ranger Rayburn, in Agent Gannoway's presence, searched KEYES' wallet, revealing a VISA ATM/Debit card bearing account number XXXXXXXXXXXX2851, expiration date 01/15, in the name of D.T. This card is linked to the "ransom account" identified above, from which the withdrawals and attempted withdrawals summarized above were made.

Discovery of KEYES' White Chevrolet Truck

31. APD Detectives discovered that ISRAEL KEYES listed a mailing address of 3705 Arctic Blvd. #2891 in Anchorage, Alaska, on 07-18-2011, which is the Mail Cache. APD Detectives also discovered that KEYES listed a residential address of 2456 Spurr Lane in Anchorage, Alaska, as of 07-18-2011.

32. On 03-13-2012 at approximately 10:30 AST, members of the APD Special Assignment Unit went to KEYES' home address at 2456 Spurr Lane in Anchorage, Alaska. No one answered repeated knocks on the door. Per APD Sergeant Redick, there were fresh tire impressions in the snow in the driveway of the address that appeared as if a vehicle had been parked there as recently as the morning of 03-13-2012.

33. There was also a white Chevrolet pickup truck parked in the driveway of the address. The truck had a large toolbox in the bed and a ladder rack on top. The bolts securing those items were removable and appeared to have been recently added. The license plate on the truck was Alaska license plate FTC990, relating to a white 2004 Chevrolet Silverado, registered to ISRAEL KEYES at 2456 Spurr Lane in Anchorage, Alaska. The white Chevrolet truck appeared to match the vehicle appearing in the Home Depot surveillance video, as summarized above. Further, Detectives eventually contacted KEYES' girlfriend and discovered that she

FBI Records: The Vault — Israel Keyes LastKnownContact.com Part 05: Pg 92 / 441

drives a 2007 Nissan Xterra, which matched the general description of the vehicle used by an individual who appeared to attempt to use the stolen debit card on 2-29-12, as summarized above.

Execution of Search Warrant at 2456 Spurr Lane, Anchorage, Alaska

34. On March 13, 2012, the Anchorage Police Department obtained a State of Alaska Search Warrant (No. 3AN-12-00390) for the residence located at 2456 Spurr Lane, Anchorage. Evidence was seized from the residence to include but not limited to: trace evidence, DNA swabs of door handles, cameras, duct tape, computers, various media cards, cellphones, linens, knives, and miscellaneous paperwork.

Execution of Search Warrant on Ford Focus

35. On March 16, 2012, law enforcement agents in Beaumont, Texas obtained a search warrant, which authorized the search of the white Ford Focus driven by KEYES. Execution of that search warrant on March 17, 2012 revealed numerous items, including a cellular phone believed to belong to S.K.

Initial Interviews with Israel Keyes

36. KEYES was transported to Anchorage, Alaska and arraigned on March 27, 2012 on one count of Access Device Fraud. He was provided defense counsel at government expense. Subsequently, KEYES agreed through counsel to be interviewed by law enforcement. On March 30, 2012, two interviews with KEYES took place. In the first interview, investigators presented KEYES with a selection of the evidence and investigative actions summarized above. KEYES then requested some time to speak alone with his attorney. Several hours later, KEYES agreed through counsel to be interviewed by law enforcement. In this second

FBI Records: The Vault — Israel Keyes LastKnownContact.com Part 05: Pg 93 / 441

interview, KEYES stated that he had abducted S.K. on 2-1-12, and that she had been dead before he left for a vacation approximately ten hours after the abduction. KEYES indicated that S.K.'s body could be found in Matanuska Lake in Alaska, and identified the precise location at which he had dropped her remains through the ice. [redacted] and that he believed that law enforcement would find his DNA when they found her body. KEYES indicated that he had "lots more stories to tell," and stated that his ex-girlfriend knew nothing of his criminal activities, as he was "two different people." When asked how long he had been "two different people," KEYES immediately and specifically responded, "fourteen years."

b6
b7C

37. On April 1, 2012, KEYES agreed through counsel to a third interview with law enforcement. In this third interview, KEYES explicitly stated that he murdered S.K., and gave substantial details about the murder. KEYES took S.K. from the coffee stand after placing zip ties on her wrists and brandishing a gun. She attempted to run from him on Tudor Road but he tackled her and held the gun to her side.

38. KEYES put S.K. in his truck parked near the IHOP Restaurant and Home Depot on Tudor Road. He drove to a park in Anchorage and used cable ties to secure S.K. to the bench seat in his truck. Keyes continued to drive around Anchorage for a couple of hours before returning to his residence at 2456 Spurr Lane, Anchorage. After he felt it was late enough so as not be detected by neighbors or his girlfriend, KEYES moved S.K. from the truck to the white and green shed located in the driveway in front of his garage. Approximately two days prior to S.K.'s abduction, KEYES prepared the shed because he intended to bring a victim back there.

FBI Records: The Vault — Israel Keyes LastKnownContact.com Part 05: Pg 94 / 441

He set up two heaters, put a tarp and sleeping bag on the floor on a foam mat, and placed a radio in the shed.

39. Once in the shed, Keyes bound S.K. with zip ties and rope. Over the next few hours, KEYES, sexually assaulted S.K. [redacted] b6 b7C [redacted] After the sexual assault, KEYES murdered S.K. [redacted] [redacted] KEYES then wrapped S.K. in a tarp and put her inside a cabinet in the shed. KEYES then went into the house and showered, called a cab, and went to the airport. KEYES flew to Houston with his daughter and went on a cruise.

40. KEYES returned to Anchorage on February 18, 2012. He removed the cabinets from the shed [redacted] KEYES ripped out some of the flooring and insulation in the shed to dispose of the blood evidence and then replaced the flooring. KEYES took the bloody sleeping bag and wood into the house and burned it in the fireplace. He also burned S.K.'s purse and clothes. KEYES kept her makeup, cellphone, and credit card.

41. He further explained how he posed S.K.'s body so she appeared alive in order to take the ransom photograph noted above. [redacted] [redacted]

42. KEYES prepared the shed by placing plastic on portions of the floor and walls and proceeded to dismember S.K. Over the course of several days, KEYES disposed of S.K.'s body at Matanuska Lake.

FBI Records: The Vault — Israel Keyes LastKnownContact.com Part 05: Pg 95 / 441

Seizure and Search of the Green and White Shed

43. After KEYES provided the above information on 3/30/2012, KEYES gave the FBI consent to seize and search the white and green shed. He provided agents with information about the location of tools he used to dismember S.K. and items used to move her body to Matanuska Lake. KEYES also advised there was likely some blood evidence on the walls and floor of the shed and on the tools.

44. Agents from the Anchorage FBI seized the shed on 3/30/2012 and searched the contents of the shed on 3/31/2012. Numerous items were seized from the shed. Presumptive blood tests were done on stains on the wall of the shed and stains were found on some of the items removed from the shed. Presumptive blood tests were positive for stains on the rear wall of the shed, green rope, and a garden sprayer that was in the shed.

45. Due to the search being conducted via consent, agents did not remove floor boards in the shed or remove any portions of the walls.

Discovery of S.K.'s Body

46. On April 2, 2012, the FBI Underwater Search Response Team discovered S.K.'s remains in Lake Matanuska, at the precise location identified by KEYES. SK's remains were transported to the State of Alaska Medical Examiner's office for a forensic exam and autopsy. Prior to her death and as noted in the ransom note photos, [redacted] b6 b7C

[redacted]

FBI Records: The Vault — Israel Keyes LastKnownContact.com Part 05: Pg 96 / 441

Murder of B.C. and L.C.

47. On April 6, 2012, KEYES agreed to a fourth interview, on the explicit terms that the S.K. case would not be discussed. KEYES indicated his willingness to share "other stories" with investigators. In this interview, KEYES implied that he had murdered many persons over the past fourteen years, in many different locations. KEYES stated that he had many "cards to play," and didn't want to give them all away at once. He was asked to give the identity and location of just one body. After thinking silently for about twenty seconds, KEYES stated, "I'll give you two." He then confessed to the kidnapping, carjacking and murder of B.C. and L.C. near Burlington, Vermont in June 2011. After working with an internet map for approximately thirty minutes, KEYES located the abandoned farmhouse in which he believed he had disposed of their remains. KEYES also indicated that he thought that his DNA might be recovered when they recovered the bodies.

48. A quick records check verified that, indeed, Bill and Lorraine Currier, ages 49 and 55, had inexplicably gone missing on June 8, 2011. KEYES stated that, when he killed the Curriers, he was in Vermont en route to a vacation in Maine, technically visiting family. KEYES identified one hotel at which he stayed, and indicated that Bill and Lorraine Currier had lived in a house several blocks from this hotel; KEYES indicated he had chosen the Curriers randomly.

49. In subsequent interviews, KEYES provided additional information about the murder of the Curriers. During the abduction of the Curriers, KEYES packed a suitcase at Currier residence with their lingerie, clothing, and jewelry. After their murders, he disposed of most of these items by burning them but kept a few pieces of jewelry.

FBI Records: The Vault — Israel Keyes LastKnownContact.com Part 05: Pg 97 / 441

50. On the evening of June 8, 2011, KEYES broke into B.C. and L.C.'s home in Burlington, Vermont. He had a gun and used cable ties to bind both B.C. and L.C. KEYES placed the Curriers in their car and transported them to an abandoned farmhouse which he had scoped out and found the previous day. Over the next several hours, KEYES sexually assaulted L.C. in a bedroom on the upper floor of the home. KEYES ultimately murdered B.C. and L.C. and left their bodies in the basement of the farmhouse.

51. Keyes prepared a backpack prior to the abduction and murder of B.C. and L.C. He took this backpack with him that contained what he called his rape kit. Packed in the backpack was a propane camp stove, several water bottles, nylon rope, duct tape, and latex gloves. Keyes had fashioned some ligatures prior to the abduction and brought them with him in the backpack. Keyes used all of the above items during the sexual assault and murder of B.C. and L.C. KEYES reported he took all of these items with him when he left the farmhouse. KEYES disposed of some of the items used in the rape and murder by throwing them into a reservoir or burning them.

52. Vermont investigators have corroborated many aspects of KEYES' confession. Investigators contacted the hotel identified by KEYES and verified that he had indeed been a guest there during the relevant time period. However, the farmhouse where KEYES stated that he disposed of the bodies has been demolished. The FBI is currently in the process of searching the landfill where the debris from the farmhouse was taken.

53. During their investigation, which involved the forensic processing of the Curriers' vehicle that had been taken, investigators collected several hairs and DNA from the Curriers' vehicle. Accordingly, comparison of hairs to that which has been recovered might

FBI Records: The Vault — Israel Keyes LastKnownContact.com Part 05: Pg 98 / 441

result in confirming KEYES' confession. Pursuant to a federal search warrant obtained on June 29, 2012, hair was seized from KEYES to be used in comparison with the hairs found in the Curriers vehicle. Agents are in the process of submitting this evidence to the FBI Laboratory for analysis.

Other Crimes

54. KEYES admitted to a bank robbery in Tupper Lake, New York in April 2009.

55. KEYES admitted to committing a bank robbery in Azel, Texas on February 16, 2012. In the video of that bank robbery, the robber has long hair. KEYES admitted in an interview on 5/8/2012 that he taped human hair to the inside of the helmet he wore during the bank robbery to give the appearance he had longer hair. In a later interview when asked again about the hair, KEYES stated human hair is free if a person just takes it. Investigators know the hair worn for the Azel bank robbery did not belong to S.K.

56. KEYES also admitted to committing a burglary and arson in Aledo, Texas on February 16, 2012. KEYES took jewelry from the home and set the home on fire. Agents confirmed the arson and media reports indicated the 3500 square foot home was completely lost in the fire. KEYES indicated he brought the jewelry back to Alaska and placed it in a fanny pack in his residence at 2425 Spurr Lane.

57. KEYES has admitted to several other homicides over the past fourteen years in addition to those described above. He specifically identified two homicides in the state of Washington and a homicide that occurred on the east coast with the body buried in New York. Law enforcement in currently following up on this information.

FBI Records: The Vault — Israel Keyes LastKnownContact.com Part 05: Pg 99 / 441

58. KEYES reported having caches in numerous places across the United States. The gun he used in the Currier case was buried in a cache that he went back to and retrieved prior to their murder. KEYES provided law enforcement with information about a cache in upstate New York near the reservoir where he disposed of the gun used in the Currier murder. Law enforcement located this cache and it had several guns and gun parts in it. KEYES reported putting money obtained in bank robberies in these caches also. KEYES has not provided the location of all of his caches or the contents to law enforcement. However, he suggested he also places things taken from crime scenes in these caches.

CONCLUSION

59. Based on the aforementioned information, your affiant knows KEYES takes objects from many of his victims and crime scenes. KEYES has demonstrated a pattern of bringing some of these items back to his residence. In the case of S.K., he actually brought the victim back to his residence and placed her in the white and green shed. KEYES also brought several items he used to dispose of S.K.'s body back to his residence. KEYES indicated he takes things from crime scenes and keeps them, often placing them in caches. The shed and several of these items were seized by the FBI in March 2012. However, at the time of the search of KEYES residence and shed, [redacted] b6 b7C and that KEYES kept items from other crimes, such as the jewelry from the Aledo arson.

60. At the time of the search of the white and green shed it was unknown to law enforcement that KEYES prepared "rape kits" or took items with him when he sought out victims. KEYES indicated this kit contains premade ligatures, rope, duct tape and other items he uses in the commission of the rape and murder.

FBI Records: The Vault — Israel Keyes LastKnownContact.com Part 05: Pg 100 / 441

61. The FBI would like to complete a search of the physical structure of the white and green shed to look for any compartments that could contain small items such as human hair and premade ligatures. KEYES was a contractor and known to be a skilled craftsman. It is not beyond his abilities and means to create this type of compartment or hiding area. The FBI would also like to conduct a more thorough search of the shed for blood evidence. This would include looking under the floor boards and beyond the walls of the shed. A complete list of items to be seized is in Attachment B.

REQUEST FOR SEALING

62. The investigation of this case is ongoing and disclosure of the issuance of the search warrant could result in destruction of evidence and could also impact officer, witness and victim safety. Accordingly, pursuant to the case law outlined in the government's motion to seal, I respectfully request that the search warrant, search warrant affidavit, attachments, and returns be sealed.

Further, your Affiant sayeth naught.

Approved By: SSRA [redacted]

Drafted By: [redacted]

Case ID #: 306-AN-15642 (U) KEYES, ISRAEL
KOENIG, SAMANTHA, TESSLA
ET AL

Synopsis: (U) To report lead to Albany's SQ 8/Vermont for follow up investigation re Curriers (shovel, hair evidence, and Lowes and Rite Aid video surveillance review) is covered.

[redacted] b7E

Reference: 306-AN-15642 Serial 289
306-AN-15642 Serial 277
306-AN-15642 Serial 287
306-AN-15642 Serial 424
306-AN-15642 Serial 426

Details:

Referenced serial 289 is an EC from Anchorage, to Albany's Vermont Squad (SQ 8), requesting follow-up investigation be conducted in regards to the kidnapping and murders of William and Lorraine Currier, specifically to (1) Attempt to locate a shovel at Winooski Valley Park, in Essex, VT; (2) Obtain the unknown hair samples from evidence at the Essex PD and send them down to the FBI Laboratory for comparison to subject Israel Keyes' known hair samples; and (3) Obtain and review

FBI Records: The Vault — Israel Keyes LastKnownContact.com Part 05: Pg 106 / 441

UNCLASSIFIED

Title: (U) Lead to Albany/Vermont re follow up to Curriers murder investigation is covered.
Re: 306-AN-15642, 11/01/2012

security video footage from the Lowes and Rite Aid stores, in Essex, Vermont, to determine if KEYES' parked the Curriers' vehicle in the parking lots of those stores.

On 07/27/2012, SA [redacted] obtained hair evidence from the Essex, Vermont PD, which had been collected during a search(es) of the Curriers' vehicle. The receipt of the hair evidence is documented by an FD-302, serial 277, referenced above. The hair evidence was subsequently submitted into FBI evidence (items 1B 239 and 1B 240) and then shipped to the FBI Laboratory, via an EC with a lead to the FBI Laboratory, drafted by Anchorage Case Agent [redacted] (serial 320). b6 b7C

On 08/02/2012, SA [redacted] along with members of Albany's ERT and Essex PD Detectives, attempted to locate the shovel at Winooski Valley Park, with negative results. The search at the park is documented via an FD-302, serial 287 referenced above.

On various dates in August, September and October 2012, SA [redacted] reviewed the surveillance video for the Lowes and Rite Aid stores, located on Susie Wilson Road, Essex, Vermont, for the dates of 06/08/2011 and 06/09/2011. The results of the review are depicted in serial 424 (Lowes) and serial 426 (Rite Aid), referenced above.

In light of the above, the Albany Division's SQ 8/Vermont considers this lead covered.

FEDERAL BUREAU OF INVESTIGATION

Date of entry 11/06/2012

During the month of October and November 2012, Law Enforcement Agencies located near 2 Indian Reservations in Central Louisiana were contacted by this officer. After being advised of the identity of the interviewing officer and the nature of the interview, the following information was provided:

The Law Enforcement Agencies were provided with the dates given and were asked to research their records for any missing persons in their area. All the agencies replied with negative results for anyone missing in or around the dates given.

The Tribal Police for the Tunica-Biloxi Indian Reservation located in Avoyelles Parish and the Tribal Police for the Coushatta Tribe located in Allen Parish were contacted and given the dates and were asked to check their records for any missing people in or around those dates. Both agencies checked their records and found no one missing on those dates.

Investigation on 10/30/2012 at Alexandria, Louisiana, United States (Phone, Fax)

Synopsis: (U) Anchorage is requesting Newark Division, Garrett Mountain RA, re-contact the Hackensack PD to enquire about the Debra Feldman missing person case and interview [redacted]

[redacted] b7E

Details:

Anchorage Division is requesting assistance from the Newark Division, Garrett Mountain RA, in re-contacting the Hackensack Police Department in the missing person case of Debra Feldman. Anchorage previously set a lead in this matter and SA [redacted] assisted the Anchorage Division in contacting the detective assigned to the case. b6 b7C

Background

On 02/01/2012, victim Samantha Koenig was abducted from her place of employment, Common Grounds coffee stand in Anchorage, Alaska. The subject, Israel Keyes, is in custody and has been interviewed on multiple occasions and has admitted to killing Koenig, providing details about Koenig's abduction and homicide.

In addition, Keyes admitted to abducting and killing two other individuals, William and Lorraine Currier, in Vermont, the previous

FBI Records: The Vault — Israel Keyes LastKnownContact.com Part 05: Pg 173 / 441

year (June 2011). The information provided by Keyes resulted in multiple searches being conducted in Albany Division territory. Several items were recovered that corroborated Keyes version of what happened to the Currier's. However, the Currier's bodies were never recovered despite a lengthy search at the Coventry Landfill in New York.

During the meetings with Keyes, he discussed his involvement in other homicides over the past fourteen years, including an unidentified victim whose remains Keyes claims to have buried in Tupper Lake, New York during a trip he made to the Northeast in April 2009. The investigation has determined that Debra Feldman went missing on 4/8/2009. Feldman resided in Hackensack, New Jersey.

Anchorage Division set a lead to Newark in August 2012 (serial 303) requesting agents contact the Hackensack Police Department to get basic case information. On 9/21/2012 SA [redacted] spoke with Detective [redacted] Hackensack Police Department, [redacted] Detective [redacted] confirmed that they had an active investigation of the disappearance of a Debra Feldman, DOB: 09/08/60, SSN: 151-56-3226. Detective [redacted] advised that on 04/10/2009, [redacted] DOB: [redacted] contacted Hackensack PD to report her missing. [redacted] reported last having contact with Feldmnan on 04/08/2009 at approximately 10 A.M. This contact was via telephone. Feldman's cell is 973-460-3257. Detective [redacted] provided copies of all reports filed with the PD. Detective [redacted] indicated that known relatives of Feldman, who live in Sussex county were asked to provide DNA samples. The family has yet to provide the samples. When asked if there were any suspects, Detective [redacted] indicated that they have none at this time.

b6
b7C

At the time of this contact with the Hackensack PD, Anchorage Division had very little connecting Keyes to Feldman and asked that SA [redacted] not release any information to the PD or connect Keyes as a possible suspect. Since September 2012, Anchorage agents have had several additional meetings with Keyes. During these meetings, agents showed Keyes a photograph of Feldman and asked about his involvement in her disappearance. During the first meeting, agents showed Keyes the

FBI Records: The Vault — Israel Keyes LastKnownContact.com Part 05: Pg 174 / 441

b6
b7C

photographs of three missing people including Feldman. Keyes denied involvement in the other two disappearances but said very little about Feldman. In subsequent interviews, Keyes advised he knows more about Feldman's disappearance but was unwilling to state specifics at that time. In early interviews, Keyes advised he used his computers to search for people he had murdered in an attempt to get updates - status of investigation, had their body been recovered, was there any media coverage, etc. During a review of Keyes computer, agents found and article about "Deborah Feldman" that was unrelated to the victim in New Jersey. Agents suspect Keyes attempted to search for Debra Feldman but did not know the correct spelling of her first name. When asked about this, Keyes did not deny searching for Debra Feldman on his computer.

Lead Request

At this time, Anchorage Division requests an agent from the Newark Division, re-contact Detective [redacted] or the appropriate authority at the Hackensack Police Department to further discuss the Feldman case. Anchorage is requesting that Newark Division interview [redacted] to learn more about his last conversation with Feldman, her whereabouts, and daily routine. The extent of the Hackensack PD investigation is unknown and there are several unknowns that could be helpful in placing Feldman in an area with Keyes - e.g. Did she have a vehicle? Was it recovered? What was her daily routine? Did she have a job and where? Her apartment was in Hackensack but did she have reason to be north of this area at the time of her disappearance?

Anchorage Division supports disclosure to the Hackensack PD of a possible connection between a subject in Anchorage to their case. Anchorage is requesting that discretion be stressed to the PD so that the connection to Keyes not be disclosed outside of those that need to know. Keyes remains cooperative with law enforcement and this is somewhat dependent on keeping his connection to other homicides out of

FBI Records: The Vault — Israel Keyes LastKnownContact.com Part 05: Pg 175 / 441

Title: (U) Debra Feldman lead - contact locals
Re: 306-AN-15642, 11/13/2012

the media. Anchorage recognizes this likely will not be possible long term, however, to the extent this can currently be done it will help relations with Keyes.

Q488	Magazine (1B177, E4824545)
Q488.1-Q488.9	Nine cartridges from Q488 (1B177, E4824545)

This report contains the results of the examination of friction ridge prints.

Results of Examinations:

One latent fingerprint of value was detected on Q403. No latent prints of value were detected on the remaining specimens.

The latent fingerprint detected on Q403, a tray from Q402, has been identified as a fingerprint of ISRAEL KEYES, FBI #67623PD9.

Methods:

Items of evidence submitted to the Latent Print Operations Unit for examination may be examined visually, examined with various light sources, and/or processed with chemicals and powders to detect the presence of latent friction ridge prints. The specific sequence of examinations and processes depends upon the nature of the evidence.

FBI Records: The Vault — Israel Keyes LastKnownContact.com Part 05: Pg 180 / 441

Friction ridge print examinations are conducted using the Analysis, Comparison, Evaluation, and Verification methodology (ACE-V), which includes an assessment of the quantity and quality of the information present. The steps of ACE-V are applied to each examination as appropriate.

Analysis is the assessment of a friction ridge print to determine if sufficient reliable details are present to conduct a comparison with another print and to reach an identification conclusion. If these conditions are met, the print is determined to be of value.

Comparison is the direct side-by-side observation of friction ridge prints of value to determine whether or not the information in two prints is in agreement.

Evaluation is the formulation of a conclusion based on the information gathered during the analysis and comparison of the friction ridge prints.

Conclusions that can be reached are as follows:

- Identification - the determination that there is sufficient quality and quantity of detail in agreement to conclude that two friction ridge prints originated from the same source.

- Exclusion - the determination that there is sufficient quality and quantity of detail in disagreement to conclude that two friction ridge prints did not originate from the same source.

- Inconclusive - the determination that corresponding areas of friction ridge prints are absent and/or unreliable and therefore cannot be identified or excluded.

Verification is the independent application of the analysis, comparison, and evaluation phases of the ACE-V methodology to a friction ridge print by another examiner.

Interpretations:

The presence of a friction ridge print on an item of evidence indicates contact was made between the source and the item of evidence. The presence of a friction ridge print alone does not necessarily indicate the significance of the contact or the time frame during which the contact occurred.

FBI Records: The Vault — Israel Keyes LastKnownContact.com Part 05: Pg 181 / 441

Due to the many factors involved in the deposition of a friction ridge print, neither the absence of a friction ridge print on evidence nor the exclusion of a friction ridge print with a given source disassociate that source from having touched the evidence.

Remarks:

Fully and clearly recorded fingerprints for KEYES, recorded in connection with this case, should be submitted to the FBI Laboratory's Evidence Control Unit with correspondence referencing FBI Laboratory number 121018026. The submitted prints will be used for comparisons and any latent print testimony you may desire in this matter.

For questions about the content of this report, please contact Physical Scientist/Forensic Examiner [redacted] at [redacted] b6 b7C

For questions about the status of your submission, including any remaining forensic examinations, please contact Request Coordinator [redacted] at [redacted]

The specimens and a photograph of the detected latent print of value are being returned under separate cover. The supporting records for the opinions and interpretations expressed in this report are retained in the FBI files.

FD-302 (Rev. 5-8-10)

General Records

FEDERAL BUREAU OF INVESTIGATION

Date of entry 11/08/2012

On 11-08-2012, agents met with ISRAEL KEYES, date of birth (DOB) 1-7-1978, at the Anchorage Jail Complex, 1300 E. 4th Ave, Anchorage, Alaska. Present were Federal Bureau of Investigation (FBI) Task Force Officer (TFO) [redacted] and FBI Special Agent [redacted] b6 b7C

Law Enforcement contacted KEYES as previously agreed to enquire if he wanted to accompany agents to the FBI to talk about the search of his New York property. KEYES asked law enforcement if items had been returned to [redacted] that were taken from her home during the last search warrant. Agents told KEYES that many of the items were. KEYES told agents that he didn't want to speak to agents on this day because he wanted to speak with [redacted] first and still hadn't spoke to her. Agents asked KEYES if they could return early next week to further enquire and he was agreeable to that.

Investigation on 11/08/2012 at Anchorage, Alaska, United States (In Person)

A Victim Recovery Team from the Evidence Response Team Unit Forensic Canine Program participated in the search. The Victim Recovery Team personnel consisted of SSA [redacted] Canine Handler [redacted] and Canine Handler [redacted]

Digital photographs were taken by SA [redacted] upon entry, during and at the completion of the above search warrant. SA [redacted] completed a photo log to correspond with each photograph taken. At the end of each day of searching, the digital images captured were archived by SA [redacted] from the camera storage media to DVDs. An original DVD and a back-up of the original DVD for each day of searching were placed in 1A envelopes and are maintained with the case file.

b6
b7C

A sketch of the above location was prepared by SA [redacted] depicting the basic layout of the scene. This sketch was of approximate measurements and was not made to scale. The sketch is maintained in a 1A envelope with the case file.

A crime scene sign-in log was maintained by FBI Albany OST [redacted]

During the evening of October 23, 2012, through the morning of October 24, 2012, scene security was provided by the New York State Police.

The following items of evidence were seized:

1. Comforter w/possible stains
2. Coleman Fuel/combustible 1 gallon container
3. Drain opener container
4. Twine
5. Mattress
6. Fruit of the Loom underwear
7. Rope
8. Beads and ring
9. Rope
10. Black/Orange Rope
11. Sleeping bag

ET AL

Synopsis: (U) To report lead to Shelby Resident Agency covered requesting information in above captioned case.

[redacted] b7E

Details:

On November 6, 2012 Special Agent [redacted] provided Blackfeet Law Enforcement Services, Administrative Assistant, [redacted] and Bureau of Indian Affairs, Special Agent [redacted] with a request for all reports of all missing people on the Blackfeet Indian Reservation during the following time frames: 8/26/2007 - 9/6/2007, 11/12/2007 - 11/13/2007, 7/3/2008 - 7/7/2008, 9/16/2008 - 9/24/2008, 10/24/2008 - 11/5/2008, 3/1/2010 - 3/10/2010, and 9/15/2011 - 9/25/2011. b6 b7C

On November 13, 2012 SA [redacted] made contact with [redacted] in reference to the above described request. [redacted] advised SA [redacted] that she researched the Blackfeet Law Enforcement Services records for the above described dates. The results of this search yielded no missing persons reports.

On November 13, 2012 SA [redacted] made contact with Special Agent [redacted] in reference to the above described request. SA [redacted]

Title: (U) To cover lead 39, serial 356. **Date:** 11/14/2012

From: SALT LAKE CITY
SU-BILLINGS RA
Contact: [redacted] b6 b7C

Approved By: SSRA [redacted]

Drafted By: [redacted]

Case ID #: 306-AN-15642 (U) KEYES, ISRAEL
KOENIG, SAMANTHA, TESSLA
ET AL

Synopsis: (U) To document lead 39, serial 356 coverage for the Northern Cheyenne and Crow Indian Reservations of south eastern Montana.

[redacted] b7E

Details:

Initially, it was determined that law enforcement on both the Northern Cheyenne and Crow Indian Reservations (of southeast Montana) report missing persons via NCIC; thus, the case Agent in the captioned matter has already reviewed potentially pertinent cases. However, as a follow-up, logical law enforcement sources were queried for potentially pertinent victims from the time frame of 2007-2011. No positive results were returned as missing person/death investigations from 2007-2011 have either been solved or did not occur within the pertinent time frames.

Briefly, the station headquarters for the Bureau of Indian Affairs (BIA) law enforcement for the Northern Cheyenne Indian Reservation is located in Lame Deer, Montana. BIA Special Agent (SA) [redacted] b6 b7C provided that there is no locally maintained repository of missing persons other than retention of BIA case files locally for a period of five years. SA [redacted] was not aware of any pertinent cases fitting

UNCLASSIFIED

Title: (U) To cover lead 39, serial 356.
Re: 306-AN-15642, 11/14/2012

the prescribed time frame. Additionally, Northern Cheyenne BIA Administrative Assistant [redacted] was not aware of any unsolved cases with potential victims that would fit the time frame. [redacted] was employed with the BIA during the relevant time frame. A final query was conducted by the Lead Dispatch Coordinator for the BIA in Lame Deer, [redacted] Dispatcher [redacted] provided a comprehensive list of missing persons/murder cases for the period of 2007 to the present. Upon examining the records, the writer determined that none of the cases coincided with the time frames outlined in the lead. Thus, no pertinent missing persons or unsolved death investigations on the Northern Cheyenne Indian Reservation coincide with the outlined time frames. b6 b7C

The station headquarters for the BIA law enforcement for the Crow Indian Reservation is located in Crow Agency, Montana. BIA law enforcement in Crow Agency does not maintain a central repository for missing persons/unsolved death investigation cases but does report missing persons via NCIC. Crow BIA Police Chief Tony Larvie was queried and was not aware of any cases fitting the time frame parameters. Four individual BIA employees including Head Dispatcher [redacted] Officer [redacted] and Administrative Assistants [redacted] provided three potentially relevant cases based on the general time frame; however, further investigation ruled out these cases based upon the specific time frame provided in the lead. Additionally, BIA District 5 ASAC [redacted] was contacted. [redacted] has been a BIA Special Agent or ASAC in Montana for the entire outlined time frame and has worked or supervised both the Northern Cheyenne and Crow Indian Reservations during the outlined time frame. [redacted] provided leads on a few potential cases meeting the general time frame; however, each of these cases were ruled out based on the specific time frames outlined in the lead.

Therefore, no positive results were returned as missing person/death investigations from 2007-2011, on both the Northern

Drafted By: [redacted]

Case ID #: 306-AN-15642 (U) KEYES, ISRAEL
KOENIG, SAMANTHA, TESSLA
ET AL

Synopsis: (U) Results of lead covered by AQ Divison, Squad 7 (Gallup/Farmington RA), pertaining to missing persons within Indian Country AOR re specified time periods.

[redacted] b7E

Details:

The AQ Division was assigned a lead to contact appropriate IC authorities within our AOR to query missing persons during specific time frames as outlined in the AN Division communication dated 09/27/2012.

For background purposes, there are (22) Indian Tribes/Pueblos within the AQ Division. Only (3) fall within the territory of Squad 7 (Gallup/Farmington RA), which are the Navajo Nation, Jicarilla Apache Nation, and the Pueblo of Zuni. The Navajo Nation expands into the States of Arizona/Utah/New Mexico. The Navajo Nation Police Districts of Shiprock and Crownpoint, NM, and a small portion of the Window Rock

Title: (U) Lead Covered by AQ Division.
Re: 306-AN-15642, 11/16/2012

District fall within the territory of Squad 7. These are only (3) out of (7) of the Navajo Nation Police Districts, with the other (4) Districts located in the State of Arizona.

Writer is aware that assigned AN case agent has made contact with AQ SA [redacted] who has been working on the information pertaining to the (19) Pueblos within the remaining portion of the AQ Division. These Pueblos are situated within the territories of the AQ FO, Santa Fe RA, and Roswell RA. SA [redacted] is also the AQ Division ERT Team Leader, and works closely with the Office of the Medical Investigator (OMI), Albuquerque, NM, in regards to unidentified remains found within the State of NM.

b6
b7C

Contact was made with with representatives of the Navajo Police Department, Jicarilla Apache Tribal Police Department, and the Zuni Police Department regarding their missing persons. Several missing persons that writer is aware of are entered into NCIC by these agencies. The dates of disappearance were reviewed and compared with the time frames provided by AN Division. Additional individuals were found to reported to these tribal agencies as missing, however, they have been entered into NCIC. The "date of last contact" are not within the time frames provided by AN Division.

In view of the above, no missing persons were identified in the IC AOR of Squad 7 (Gallup/Farmington RA), within the time frames identified by the AN Division.

[redacted] b7E

Details:

Anchorage Division is requesting assistance from the San Antonio Division, Waco RA, in interviewing [redacted] who is believed to reside in Killeen, Texas. b6 b7C

Background

On 02/01/2012, eighteen year old victim Samantha Koenig was abducted from her place of employment, Common Grounds, a drive-up coffee stand in Anchorage, Alaska. The subject, Israel Keyes, is in custody and has been interviewed on multiple occasions and has admitted to killing Koenig, providing details about Koenig's abduction and homicide. In addition, Keyes admitted to abducting and killing two other individuals, William and Lorraine Currier, in Vermont, the previous year (June 2011).

Title: (U) Lead to locate and interview [redacted] b6 b7C
Re: 306-AN-15642, 11/16/2012

The Anchorage Division has interviewed Keyes numerous times and he has also eluded to his involvement in other homicides over the past fourteen years. Keyes provided information about some of the homicides; however, additional victim bodies have not been recovered. In addition to homicides, Keyes advised agents that he has weapons and cash caches buried in numerous states and that he has committed bank robberies, arsons and burglaries in numerous states.

Keyes moved to Anchorage in March 2007. Prior to this, he resided in Washington state where he was in a long-term relationship with [redacted] Prior to her relationship with Keyes, [redacted] was married to [redacted] a son together, Keaton Wayne Hawkins, DOB 11/27/1992.

Lead Request

Anchorage is requesting the San Antonio Division, Waco RA, locate and interview [redacted] He is believed to reside at one of two addresses in Killeen, Texas: [redacted] Killeen, Texas or [redacted] Killeen, Texas. [redacted] was employed by the U.S. Army, possibly as a recruiter. It is unknown how much information, if any, [redacted] knows about Keyes current legal situation or if he maintains contact with [redacted] Anchorage requests that [redacted] not discuss the interview with [redacted] in an effort to keep the meeting confidential.

Questions regarding this lead should be directed to SA [redacted] (Seattle Division) at [redacted] or SA [redacted] (Anchorage Division) at [redacted]

Interview Question Suggestions

Anchorage is requesting the following questions be asked of [redacted]

When did you first meet IK?

UNCLASSIFIED

FBI Records: The Vault — Israel Keyes LastKnownContact.com Part 05: Pg 254 / 441

Title: (U) Lead to locate and interview [redacted] b6 b7C
Re: 306-AN-15642, 11/16/2012

What were your first impressions of him?

When is the last time you had contact with IK?

Describe your current relationship with [redacted]

When did you meet [redacted]

What was your impression of their relationship?

Did Keyes ever talk about his time in the Army?

Anything that notable about those conversations?

Describe where you were living in 2004-2007?

Were you living in Moses Lake, WA in 2005?

Was Keaton living with you?

Was there a parenting plan in place? How often did Keaton go to stay with [redacted] How about with IK?

Did [redacted] or Keaton ever express any concerns to you about IK?

Did IK ever pick up [redacted] from your residence and take him back to Neah Bay?

Was [redacted] with him?

Did he ever pick up Keaton alone?

Did IK ever drop in to see you (when you were living in Moses Lake)?

Did he say what he was doing on the East side of the State?

Do you remember what kind of vehicle(s) he was driving back then?

The weekend of April 1-3, 2005, IK was in the Moses Lake area. Do you

Title: (U) Lead to locate and interview [redacted] b6 b7C
Re: 306-AN-15642, 11/16/2012

remember what day he stopped by (Fri, Sat, or Sun?) Did he take Keaton back with him? Did he say what he was doing out there?

Did he mention being in Hunters, WA? Do you know why he would have traveled to Hunters, WA? Did he buy anything or know anyone up there? Were there any [redacted] relatives up in Hunters, WA?

Did IK spend the night at your residence that weekend? If yes, do you remember the day? (Fri or Sat evening?) Did he ever spend the night while traveling through the area?

On Sunday, April 3, at 7:45 PM there is a 3 minute call from IK's cell phone to [redacted] Would that have been IK calling you or was Keaton using IK's cell phone to call you? Was IK taking Keaton back to the Peninsula?

Can you tell us more about that phone number? Was it set up for a particular purpose (to make it easier for Keaton to call you?)

Did IK ever talk about having a friend or business in Ellensburg, WA? Did he ever talk about staying there? If so, do you remember where he stayed?

A week or two later (April 2005), you sold IK a Bayliner boat, describe how that came about?

What was the condition of the boat when you sold it? How much work needed to go into it?

Do you remember if IK came and picked up the boat from you or did you bring it to him?

Did you bring it to Neah Bay or to some other location?

If you took the boat to him, did you take Keaton back home with you if he was staying with IK?

Do you remember any other trips that IK took to Eastern Washington

Title: (U) Lead to locate and interview [redacted] b6 b7C
Re: 306-AN-15642, 11/16/2012

(when traveling alone)?

How about trips with [redacted]?

Did he ever talk about other travels in the country?

Did IK ever visit you while you were living in Texas?

When was the last time he physically visited you?

When was the last time he called or emailed you?

Do you still have any saved emails with IK? Can you forward these emails to Agents?

Do you still have any old calendars (2005-2007) that would show dates that Keaton was with IK?

What is Keaton doing now? Do you talk regularly with him? How is he handling the news concerning IK? How did he learn of IK's arrest? Do you know when Keaton last had contact with IK?

Would it be okay if Anchorage/Seattle FBI Agents telephonically contact you in the future if they have additional questions? (Please get his contact information)

Re: 306-AN-15642, 11/19/2012

previous year (June 2011). Although Keyes has confessed to the homicides, this case will likely be a capital case and go to trial. The current trial date is set for March 18, 2013.

Anchorage Division is requesting assistance from the Laboratory Division with the analysis of 1B260 and 1B261. These items were sent to the Laboratory and returned on 10/1/2012. On 11/16/2012, SA [redacted] talked with [redacted] from the nDNA Unit who advised the nDNA Unit needs a known sample from Keyes for comparison. The Anchorage Division is unable to get buccal swabs from Keyes at this time. Examiner [redacted] advised they may be able to obtain a sample from the head and pubic hair of Keyes. SA [redacted] is forwarding the following items to the Laboratory for analysis by the nDNA Unit:

On 02/01/2012, eighteen year old victim Samantha Koenig was abducted from her place of employment, Common Grounds coffee stand in Anchorage, Alaska. The subject, Israel Keyes, has been interviewed on multiple occasions and has admitted to killing Koenig. He provided

FBI Records: The Vault — Israel Keyes LastKnownContact.com Part 05: Pg 291 / 441

Title: (U) Items to lab - screwdriver, headlamps, knives from house, etc.
Re: 306-AN-15642, 11/26/2012

details about the abduction and homicide. In addition, Keyes admitted to abducting and killing two other individuals, William and Lorraine Currier, in Vermont, the previous year (June 2011). Keyes has also admitted to killing several other people. He has provided limited information to agents about the identity of the victims, however, eluded to killing as many as eleven people in various states.

Although Keyes has confessed to the abduction and murder of Koenig, this case will likely be a capital case and go to trial. The current trial date is set for March 18, 2013.

Anchorage is submitting several additional items of evidence to the Laboratory for examination. Anchorage is requesting the items be examined for blood evidence and any other logical examination deemed appropriate by the examiners. Item 1B267 includes a 1/4" drill bit. Anchorage requests this item be examined for evidence of bone material. Item 1B539 is a sawzall blade. Anchorage is requesting this be compared for tool marks to 1B206 Barcode E5123748 (six (6) paper bags containing the following items: [redacted], which was submitted to the Laboratory on 10/15/2012 (serial 394). b6 b7C

The items and location the items were seized from is as follows:

1B267, Barcode E5123853 Black and Decker battery operated screwdriver with 1/4" drill bit. Item found in Keyes vehicle in Texas at the time of his arrest.
1B26, Barcode E5123098 Leatherman. Item found on Keyes in Texas at the time of his arrest.

General Records

FEDERAL BUREAU OF INVESTIGATION

Date of entry 11/27/2012

On 11-27-2012, agents met with ISRAEL KEYES, date of birth (DOB) 1-7-1978, at the Anchorage Jail Complex, 1300 E. 4th Ave, Anchorage, Alaska. Present were Federal Bureau of Investigation (FBI) Task Force Officer (TFO) [redacted] and FBI Special Agent (SA) [redacted] b6 b7C

Law enforcement contacted KEYES as previously agreed to see if he wanted to accompany them to the FBI to view the live video feed in New York that he had previously requested. KEYES told the agents that on this day he didn't wish to come with them. KEYES told the agents that he would be busy for the next two days with "his people". KEYES also told the agents that he still hadn't spoken with [redacted] Agents asked if KEYES would consider coming later in the week or early next week and KEYES agreed.

Investigation on 11/27/2012 at Anchorage, Alaska, United States (In Person)

File # 306-AN-15642 Date drafted 11/27/2012

by [redacted] b6 b7C

Title: (U) Suicide note lab request **Date:** 12/04/2012

To: [redacted] b6 b7C

From: ANCHORAGE
AN-C-1
Contact: [redacted]

Approved By: SSA [redacted]

Drafted By: [redacted]

Case ID #: 306-AN-15642 (U) KEYES, ISRAEL
KOENIG, SAMANTHA, TESSLA
ET AL

Synopsis: (U) Anchorage is submitting two items of evidence to the Laboratory for examination by the Questioned Documents Unit.

[redacted] b7E

Package Copy: (U) Being forwarded under separate cover are the following evidence item(s):
Bar code#E5202193 Blood soaked note taken from Keyes jail cell
Bar code#E5202194 Yellow legal pad

Details:

Israel Keyes, subject in captioned case, committed suicide in his jail cell at the Anchorage Jail on 12/2/2012. Keyes is believed to be a serial killer with approximately eleven victims. Agents are aware of the identity of four of the victims but do not know the identity or location of the remaining victims. Keyes left a suicide note that was found crumpled and underneath his body. The note was two pages, double sided, and written in pencil. Due to the manner of the suicide, the note was soaked in blood and agents are unable to read it. The note was partially dried when it was found so agents were not able to separate

FBI Records: The Vault — Israel Keyes LastKnownContact.com Part 05: Pg 299 / 441

Title: (U) Suicide note lab request
Re: 306-AN-15642, 12/04/2012

the pages. Agents did flatten the note and it was dried, however, the note did curl during the drying process.

On 12/3/2012, ASAC [redacted] talked to Examiner [redacted] regarding this examination. On 12/4/2012, SA [redacted] also talked to Examiner [redacted] regarding the examination. Anchorage is requesting that the Laboratory use whatever means necessary to extract the writing/content from the suicide note. If photographs are obtained of the letter and it is legible, Anchorage supports the use of any other means deemed appropriate by the examiner to "clean up" the letter. b6 b7C

Anchorage is also submitting the legal pad which they believe was used to write the note. Anchorage is requesting the legal pad be examined for writing indention.

Anchorage is submitting two items of evidence for examination.

Bar code#E5202193 Blood soaked note taken from Keyes jail cell

Bar code#E5202194 Yellow legal pad

Any questions/examination results should be directed to SA [redacted] She can be reached on her blackberry at [redacted]

Complaint Synopsis: (U) FILE NUMBER 306-AN-15642 AN Field Office. Possible sighting of ISRAEL KEYES in June 2007 in Anchorage, Alaska. Woman claims he was stalking her as she shopped in a store.

[redacted] b7E

Received On: 12/04/2012

Receipt Method: Telephone

Incident Type: Criminal Activity

Complaint Details:

Possible sighting of ISRAEL KEYES in Anchorage, Alaska in June 2007 at the Fred Myers store at 1000 E. Northern Lights Boulevard, Anchorage, Alaska. Female caller claims man was stalking her as she moved around the store and a store employee escorted him out of the building. She was told he had been stalking other women on the premises. She called and made a police report and the store verified to her that they had called the police also about the incident. The caller said the picture released to the news media looked like this man except he had very light, blonde hair when she saw him. She described him as tall, thin, wearing a hat and a t-shirt tucked into belted jeans.

Complaint Synopsis: (U) Caller may have seen Israel Keyes back in late summer of 2010 between Anchorage and Cooper Landing AK. (AN)

b7E

Received On: 12/04/2012

Receipt Method: Telephone

Received By:

Incident Type: Other Non-Terrorism

Occurrences:
From: 12/04/2012 05:45 PM EST To: 12/04/2012 06:00 PM EST

Complaint Details:

Nashville, IN 47448, telephone advised that she saw an individual who looked very much like ISRAEL KEYES when she was driving a truck route in late summer of 2010. The delivery route was between Anchorage and Cooper Landing, AK. states that a male resembling KEYES approached her while coming out of a rest stop and attempted to talk to her but kept walking.

b6
b7C

Later during the same trip, 100 miles down the road, had pulled her truck over on the side of the road to get rest. The same

Drafted By: [redacted]

Case ID #: 306-AN-15642 (U) KEYES, ISRAEL
KOENIG, SAMANTHA, TESSLA
ET AL

Complaint Synopsis: (U) [redacted] has travel history of KEYES while in Alaska

[redacted] b7E

Received On: 12/04/2012

Receipt Method: Telephone

Received By: [redacted]

Incident Type: Criminal Activity

Complaint Details:

[redacted] worked as a dog sitter in Alaska. She indicated she cared for ISRAEL KEYES' dogs approximately 5 years ago. [redacted] has a record of the dates KEYES was away from home and how long he was gone. KEYES on occasion would call [redacted] to check on his dogs. b6 b7C

Pre-Assessment Findings:

On 120512 Task Force Officer (TFO) [redacted] contacted [redacted] telephonically at [redacted] had contacted the FBI regarding history for Israel KEYES. [redacted] told TFO [redacted] that she first met KEYES and his girlfriend [redacted] approximately five years ago when she started "dog sitting" for them. [redacted] told TFO [redacted] that KEYES also worked for her remodeling her home when she lived in Anchorage. [redacted]

UNCLASSIFIED

Title: (U) PAL2012 339[redacted]01
Re: 306-AN-15642, 12/05/2012

said that prior to moving from Alaska (about two years ago) she watched KEYES' dogs on multiple occasions when he would travel out of state. [redacted] thought that this information could be useful to law enforcement in tracing KEYES travel. [redacted] did not have the information readily available and told TFO [redacted] that she would e-mail the information to him when she could gather it. b6 b7C

On 12052012 TFO [redacted] received an e-mail from [redacted] outlining the date in which she recalled KEYES traveling based on her watching his pets.

1-27-2008 through 2-11-2008

3-26-2008 through 3-29-2008

6-2-2008 through 7-8-2008

9-16-2008 through 9-19-2008

4 days in Feb. 2009 unknown exact dates

12-17-2009 through 12-29-2009

[redacted] did not know or recall where KEYES was traveling during those dates only that she was watching his dogs.

telephone Santa Barbara, CA was calling to report that she saw a picture of ISRAEL KEYES on Yahoo news last night and she realized she recognized him. was on a road trip in 2004 and she was in the Chesapeake bay region and pulled over to stop for the night. was napping in her car with her blanket pulled up close to her head when she heard someone trying to jimmy the lock on the door. heard a scratching noise and saw KEYES standing there. saw KEYES smile at her and bare his teeth as he was pounding on the window with both hands. just thought it was someone strung up on drugs and did not give it much thought but she did remember that KEYES reminded her of the guitarist from the Red Hot Chili Peppers.

Case ID #: 306-AN-15642 (U) KEYES, ISRAEL
KOENIG, SAMANTHA, TESSLA
ET AL

Synopsis: (U) To request 24/7 Major Case Contact (MC3) Tipline support from the CJIS Division's Public Access Line (PAL) for Anchorage field office.

[redacted] b7E

Details:

Israel Keyes is the subject of captioned case. Keyes is responsible for the abduction and murder of 18 year old Samantha Koenig in Anchorage, Alaska on 2/1/2012. He confessed to her murder and also confessed to other murders. He admitted to killing Bill and Loraine Currier in Essex, VT on 6/9/2011. Based on his statements, we believe Keyes is responsible for several other murders in multiple states. He typically flew into a location, rented a car, and drove hundreds of miles. There is not a specific MO or victim type as Keyes known victims range ignorantly in age. Keyes also admitted to involvement in other crimes such as bank robberies and arsons.

Due to the nationwide interest in this case, Anchorage is requesting a tipline be set up. Anchorage anticipates significant national media coverage of Keyes over the upcoming days. Anchorage

Reference: Communication dated October 15, 2012

Your No.:

Title: ISRAEL KEYES;
SAMANTHA TESSLA KOENIG – VICTIM;
ET AL;
SERIAL KILLINGS – VIOLENT CRIMINAL THREAT

Date specimens received: October 16, 2012

The following specimens were examined in the Trace Evidence Unit (Hair and Fiber):

ITEMS FROM HOUSE AT 2456 SPURR LANE

Q260 Knife (1B148, E5123308)

Q261 Sheath (1B148, E5123308)

ITEMS FROM SHED AT 2456 SPURR LANE

Q264 – Q265 Spool containing cordage (1B120, E5123262)

Q266 Sponge (1B138, E5123280)

Q267 Debris (1B243, E5123797)

FBI Records: The Vault — Israel Keyes LastKnownContact.com Part 05: Pg 335 / 441

The results of the trace evidence examinations (hair and fiber) are included in this report.

Methods:

Microscopic examination of hairs is accomplished by using stereomicroscopy and comparison microscopy. The presence or absence, appearance, arrangement and distribution of the characteristics within the cuticle, cortex, and medulla of the hairs are examined and may be compared during a hair examination.

Microscopic examination of fibers is accomplished by using one or more analytical techniques including stereomicroscopy, comparison microscopy, polarized light microscopy, fluorescence microscopy, and instrumentally using microspectrophotometry and Fourier transform-infrared spectroscopy. The microscopic characteristics and optical properties determined by these techniques are used for the examination and comparison of fibers.

Results of Examinations:

Textile fibers of various types and colors were found on specimens Q260, Q261, and Q266.

A brown intermediate dog hair was found on specimens Q264 and Q265.

No other hairs and fibers were found on or in specimens Q260, Q261, and Q264 through Q267.

The submitted specimens were examined using microscopy including stereomicroscopy and comparison microscopy, where appropriate.

Interpretation:

Characteristics of hairs can be used to determine whether the hair is human or non-human, body area, racial characteristics, artificial treatment and whether a hair has been forcibly removed or naturally shed. The characteristics exhibited in the hair(s) are used as the comparison criteria. When the presence or absence, appearance, arrangement, and distribution of macroscopic and microscopic characteristics exhibited in a recovered hair(s) are the same as in a potential source, the possibility that the compared hair(s) originated from the same source cannot be excluded. Consequently, the source of the known sample can be included as a possible source

FBI Records: The Vault — Israel Keyes LastKnownContact.com Part 05: Pg 336 / 441

of the recovered hair(s), although the association of hairs using macroscopic and microscopic characteristics does not constitute a basis for absolute personal identification.

Fibers can differ as to type (e.g., rayon, cotton), color, shape, size, microscopic features (e.g. presence of delustering agents, voids) and optical properties (e.g., refractive index, sign of elongation). These are characteristics that may associate fibers with a group of items, but never to a single item to the exclusion of all others. However, even fibers with many similar properties may be excluded as originating from the same source by using the identified analytical methods.

The characteristics present in the fibers are used as comparison criteria. When all of the characteristics present in a recovered fiber are the same as in a potential source, the possibility that the compared fibers originated from the same source cannot be excluded. Consequently, the recovered fibers are consistent with originating from the known source, or from another source comprised of fibers that exhibit the same microscopic characteristics and optical properties.

The inability to associate specimens through a microscopic hair/fiber examination does not preclude that the persons/items of interest had contact with each other. A number of factors can produce this result, including: 1) Hair/fiber evidence may not have transferred. 2) Hairs/fibers that did transfer may have been lost prior to submission to the laboratory. 3) The hairs/fibers transferred or the known comparison specimen submitted may not be representative of the source. 4) The hairs/fibers may be from a different source.

FBI Records: The Vault — Israel Keyes LastKnownContact.com Part 05: Pg 337 / 441

Remarks:

The supporting records for the opinions and interpretations expressed in this report are retained in the FBI files.

For questions about the content of this report, please contact Forensic Examiner [redacted] b6 b7C

For questions about the status of your submission, including any remaining forensic examinations, please contact Request Coordinator [redacted]

The specimens will be returned under separate cover upon completion of the laboratory examinations.

Complaint Details:

The information contained in this communication was received from an MC3 activation, file #306-AN-15642.

[redacted] stated that she recognized ISRAEL KEYES from an encounter with him in the summer of 2002. The man that [redacted] identified as KEYES arrived at her home in an old blue car with chipped paint. The man approached [redacted] who was seated on her porch, and introduced himself as an insurance salesman. [redacted] described the man's behavior as awkward and he was dressed out of character for someone who was selling insurance. The man asked [redacted] for information about a customer he was to meet with, and [redacted] offered to bring out a phone book for him to find the number. [redacted] stated that before she returned, her dog had cornered the man against his car. [redacted] stated that she could see the

Receipt Method: Telephone

Received By: [redacted]

Incident Type: Criminal Activity

Complaint Details:

The information contained in this communication was received from an MC3 activation.

[redacted] b6 b7C reported that in June and July 2007, she hired ISRAEL KEYES as a handyman to help around her deceased mothers home.

[redacted] had looked online via Craigslist and began communication with KEYES on June 17, 2007. KEYES had various responsibilities, and was paid two times for his work, the checks are dated June 27, 2007 in the amount of $210 and July 31, 2007 in the amount of $100. [redacted] stated that she was alone in the house many times with KEYES and never had any feeling she was in danger. After July 31st, she did ask KEYES to return a third time for some work that needed to be done, but he stated to her that he was unable to help. She believes he said he was going

elsewhere. The address where he worked as a handyman is: [redacted] b6 b7C [redacted] Anchorage, Alaska 99507. [redacted] stated that she does have copies of the emails.

Pre-Assessment Findings:

Complainant advised she corresponded with Keyes via e-mail address israelkeyes@yahoo.com. Complainant emailed Keyes regarding work she needed done on her home. Complainant emailed Keyes requesting he complete the work on 6/27/2007 or 6/28/2007. Keyes responded stating he would be there to do the work on 6/27/2007. He returned to complete the work on 7/31/2007. Complainant emailed him to do additional work sometime after 7/31/2007 but Keyes stated he was unable to do that work. Complainant did not have any records indicating the date of that follow-up conversation.

Complainant described Keyes as quiet. She never had an odd feeling or weird feeling being around Keyes. The only thing she recalled thinking was odd related to his work website. Keyes posted information about his military career and discharge.

Case ID #: 306-AN-15642 (U) KEYES, ISRAEL
KOENIG, SAMANTHA, TESSLA
ET AL

Complaint Synopsis: (U) FILE NUMBER 306-AN-15642 AN Field Office. Possible sighting of ISRAEL KEYES in October 2009 in Franconia, New Hampshire.

[redacted] b7E

Received On: 12/05/2012

Receipt Method: Telephone

Received By: [redacted] b6 b7C

Incident Type: Criminal Activity

Complaint Details:

[redacted] called to report that while hiking on the Franconia Ridge Trail in New Hampshire, she and her husband came across a man and his dog at the Mount Liberty Summit. [redacted] said she noticed that the man was not dressed appropriately for hiking in October. He had no camping gear and no additional clothing for the colder weather. [redacted] said the man had freckles on his arms, but on his right forearm, he had very distinctive white splotches. He was possibly in his mid 20's, energetic, refreshed, well mannered and articulate. He said he was from New England, but had more of a mid-western accent. The man told [redacted] that he was a contractor by trade but he liked to take 2-3 weeks off to go camping and hiking.

UNCLASSIFIED

Title: (U) PAL2012-MC3 340[redacted]01
Re: 306-AN-15642, 12/07/2012

[redacted] said the man kept "dipping down below the rock", possibly checking on something. The behavior was very odd to them. The dog that was with this man, did not have a collar or leash and did not follow him when he "dipped below the rock". b6 b7C

Pre-Assessment Findings:

SA [redacted] contacted complainant on 12/7/2012. Complainant stated she is sure of the time frame in the initial complaint. She and her husband were new to hiking and kept a journal in the back of a hiking book. They did not journal the date of this particular hiking trip but complainant is sure the hike was after 10/11/2009 and in the month of October. That particular summer was very rainy, however, complainant recalled that it was a beautiful Fall day when they went for this hike.

Complainant described the dog as black lab mix that looked mostly lab with smaller lab. This dog was more petite featured and was female. The male stated the dog was young. Complainant noted the male she saw on the hiking trip had freckles on his face and freckles on his arm. She noticed a white "blotch" on his shoulder where there were no freckles. The hiker did not have any gear. He was dressed in Carharts, sneakers, flannel shirt with t-shirt underneath, and wearing a hat (not a ball cap).

Incident Type: Criminal Activity

Complaint Details:

b6
b7C

reported that on June 4th or 5th, as she and her husband worked in their community's garden at the old Essex Tree Nursery at Route 15 and West Street in Essex Junction, a man walked up and asked if he could help them. The man said he loved gardening and was down on his luck. He said he was living with his aunt in the nearby Indian Acres area. husband had a bad feeling about the man and did not accept his offer to help.The man then walked away from the couple in the direction BILL and LORRAINE COURIER's house, a couple KEYES has been linked to.

described the man as having medium length, brown hair, thin built and wearing a hoodie. He was alone and carried what appeared to be a heavy backpack.

Submitted Text:

"Re: Israel Keyes, serial killer. The following incident might be relevant since I just read Israel Keyes confessed to first attacking someone in the Dalles/ Hood River OR area in 1996-98. In 1995 I was working in Hood River, Oregon,living in a warehouse painting parts of an antique carousel for Historic Carousels, Inc. I took daily walks outside the warehouse along the river as a break. One day a man I had not met before chatted me up and then asked me to help load his van, I think he had windsurfing equipment. I got a weird feeling and told him that I had to get back to work or I'd get in trouble and that people were waiting for me. He got a little insistent in a whiny way and I backed away and went directly back to the warehouse. The picture of Keyes reminds me of the guy, I remember the brown hair, roundish face and eyes. I was 29 at the time but looked significantly younger than I was. He presented himself as if he was more attractive/ persuasive than he actually was. I mainly remember this incident because he gave me the creeps to the point that my instinct was to get away and be however rude I needed to be doing it."

"After seeing the photos of your Alaska serial killer who committed suicide I recognized him as a man who was in Tucson for about 2 months in the winter of 2010.He would frequent a grocery store parking lot in the early morning saying he was homeless and needed money or a ride. He was clean and showed no signs in a row as the man approached myself and others they finally managed to get him off the property.The store was THE SUNFLOWER MARKET at speedway and swan. I have no idea if there were any murders in the area at the time but we have a pretty high homicide rate so i would not be surprised.Don't know if this the type info you needed but since I recognized him I wrote."

[redacted] b7E

Received On: 12/06/2012

Receipt Method: Telephone

Received By: [redacted]

Incident Type: Criminal Activity

Complaint Details:

The following information came in through the MC3 LINE.

[redacted] Lake Placid, NY 12946, phone number [redacted] reported she has reason to believe her brother-in-law, JEREMY CHRISTOPHER QUINN, date of birth 03/20/1970, may have been a victim of KEYES. J QUINN died on 09/02/2008 of multiple injuries. b6 b7C

According to [redacted] injuries were identical to injuries inflicted by KEYES.

[redacted] also stated that KEYES confessed that he had a victim that the state police had ruled accidental, but was in fact one of his own victims.

UNCLASSIFIED

Title: (U) PAL2012- MC3341[redacted]01
Re: 306-AN-15642, 12/10/2012

Another indicator according to [redacted] is "the fact that his vehicle was found away from his body, if he would want to go for a walk he would take his vehicle with him." " he was not a walker and was not known for talking walks". b6 b7C

[redacted] indicated that according to the media there is a frame of time where KEYES has no alibi, between 07/2008 and 09/16/2008. Brother-in-law was found in 09/2008

JEREMY CHRISTOPHER QUINN died on 09/02/2008 in Keene,New York.

Pre-Assessment Findings:

SA [redacted] contacted complainant on 12/10/2012. Complainants brother-in-law Jeremy Quinn's body was found on 9/2/2008 at the base of a cliff in Keene, NY. Keene is approximately 40 miles from Tupper Lake, NY. Quinn's death was ruled accidental - authorities believe he fell off a cliff. Quinn was not a hiker and the family does not know why Quinn would have been in the area. His truck was found a mile away. Complainant advised there isn't a road connecting the two and the only way to get from the truck to the body is to hike through two ravines and cross a major highway.

SA [redacted] reviewed financial and travel records. There are no travel records showing Keyes in the New York area at this time. His financial records show transactions in Anchorage on 8/31/2008 and 9/3/2008. There are no transactions for 9/2/2008. Complainant was advised of this but told we would maintain [redacted] information in the event that additional information placing him in the New York area was obtained.

Occurrences:
From: 12/04/2012 12:00 AM EST To: 12/04/2012 12:00 AM EST

Complaint Details:

A female caller, who wished to remain anonymous, called to report that she personally knows the Keye's family and has met with Israel before. She said that the FBI has listed the states of Vermont, Washington, New York, and Alaska as places that Keyes has been, but the Keye's family is from Maine. The caller alleges that he was in Maine around the time the Currier's were murdered. The caller's husband and daughter went to the Keye's and Israel was working on a house. The husband, [redacted] noticed KEYE'S strange behavior and the fact that he never made eye contact. The caller advised that the Keyes are part of an Amish Community and that is how the caller met them. She and her husband was going to join at one point. The caller advises that she had just spoken

Re: 306-AN-15642, 12/10/2012

to Israel's mother, [redacted] just last night. [redacted] and the rest of his siblings live in Texas now. The caller believes there could be victims in Maine. At the end of the call, the caller did give me her home phone number, [redacted] I again asked for her name and she advised that she would give her husband's name, [redacted] She advised that she would speak to an FBI Agent if she were contacted. b6 b7C

Pre-Assessment Findings:

On 12102012 Task Force Officer (TFO) [redacted] contacted [redacted] telephonically at [redacted] had called the CJIS Tip line reference ISRAEL KEYES. After speaking with the [redacted] TFO [redacted] learned that they had already been spoken to by the FBI. The only new information learned by TFO [redacted] was that both [redacted] told TFO [redacted] that [redacted] was not with him on the October 2010 trip, at least neither of them saw her or heard KEYES talk about her.

Re: 306-AN-15642, 12/07/2012

TFO contacted telephonically at b6 b7C told TFO that her brother JESSY GUY LOMAN was murdered in 1999 in Basin City, Washington. believes that there are similarities between what has been released about ISRAEL KEYES and the circumstances surrounding her brothers murder. told TFO that her brother was shot, once in the head and once in the stomach, she said this occurred when he was camping in a remote area of Basin City. told TFO that her brothers ATM card was used, and two different caliber weapons were used. told TFO that her brothers vehicle had been captured on video tape were two suspect could be seen but not identified.

TFO advised that he would contact the case Detective and inform him of beliefs. TFO called and left a message for Detective

On 12102012 TFO spoke with Detective of the Grant County Sheriffs office. has just recently been assigned the LOMAN investigation and agrees based on what he knows about his case KEYES is an unlikely suspect in the LOMAN murder. will contact the victims family on this matter.

husband took a photo of KEYES alongside his two sisters and mother sometime in October, 2010. has the photo if the FBI is interested. b6 b7C

Pre-Assessment Findings:

On 12/07/2012, SOS re-contacted regarding a phone call she had placed with the FBI CJIS tip line. said she is good friends with the KEYES family. She has known the family for 10-11 years and one of Israel KEYES younger brothers.

During October 2010, husband went to a house that Israel KEYES was working on for a friend in Maine and met him for the first time. husband took a few photographs of Israel KEYES' and is going to e-mail them to SOS

also stated that the oldest daughter of the KEYES family, lives in in an Amish community. said that is married to and they both grew up in Washington together. grew up with Israel and the would know a lot about Israel and his younger life. She recommended that someone from the FBI talk to however, she wasn't confident they would actually talk to law enforcement. said that they do not have a phone, but law enforcement could call one of the Amish stores at and someone there could find also said that are anti-semetic and this stems from how they were raised.

said the family is overall very stoic. The brothers are all very quiet. is very smart and almost got a perfect score on his SAT. knew that came to visit Israel while he was incarcerated in Alaska. She said when they came back to Maine, they

FBI Records: The Vault — Israel Keyes LastKnownContact.com Part 05: Pg 381 / 441

Title: (U) PAL2012-MC3 339 02
Re: 306-AN-15642, 12/07/2012

said he was innocent and being framed. said that if law enforcement were to approach the brothers, would more likely to talk than Isaac. b6 b7C

Israel's mother, has disowned all the brothers in Maine, to include the youngest brother who is approximately years old. She also sold the land that her husband left them all to her new church in Texas. The father, John Keyes, died when they were traveling by train to Washington from Maine to see family. John Keyes had a thyroid disorder that made his heart beat rapidly and did not believe in taking medicine. The train employees forced the family to take him to a hospital at one of the stops and he ended up dying at the hospital. said that her daughter told her none of the brothers thought he was a nice man.

said the family was with a Morman group in Washington and later were in" Instruction Lessons" with the Amish Community in Maine, but never joined. After John Keyes died, went to Indiana and lived with an ex-Amish community. A traveling preacher came through their group, who she later followed to Texas. This is the same group she resides with now.

said that she speaks with regularly. will often call and needs to repent to God and doesn't view that she's a Christian, etc. was just in Maine about a month ago.

SOS emailed following the phone call so that can send her the photos she has of Israel KEYES in October 2010. sent SOS an e-mail on 12/07/2012 which contained further information on the Keyes family and three photos of Israel KEYES visit in October 2010 to Maine.

Hi,
This is the email of [redacted]
Nice to meet you, so to speak.
Maybe [redacted] has helped some.
Hope so.
These are pictures that I took.
As you probably know in your line of work, pictures can have embedded data such as date and time. I only recently learned of it, from a youtube about pictures and work flow, and the data if it even there is seen within photoshop and under file and then data info in that menu.

It was Oct 21, 2010, at 11:36am. That's [redacted] there in back eating a snack. Near the camera is [redacted] The guy in the denim vest is merely the owner of a tractor that day. In the purple vest is [redacted] Of course that [redacted] and she seems so happy on that day. Israel looks a little bit animated there, but he would not make any eye contact with me. That's ok, I fugured. I love photography, but some people don't.
As to the the B&W photo, the topic they had might have been about the work and this was their break for 3 minutes, or at least they were doing radical construction with the house jacked way off the ground like that. When I take pictures, I tend to not hear what people are talking about. I'm not sure if Israel has a drink or a shovel there. I cannot remember, too, why the gloves... They might have had some concrete and people have to wear gloves due to the acidic quality if it is concrete, and the work involved two areas, the main house and a smaller area, and it was chilly out that day.

I marveled that Israel came to help, and from where it was not clear to me, and he almost overtook [redacted] at being the leader that day. I only met him once, Israel I mean. I said hi to him but he wasn't too much for chit chat. I figured I'd see him again someday, but I wanted to record the occasion with pictures since I knew all of them so well, except Israel, and I showed up to see one of the two siblings I had always wanted to meet.
That house is I, do think, what [redacted] lives in now with his lady, almost his wife, whom he loves.

Generally [redacted] is always open to me and respectful. Sometimes I even felt vaguely like a stand in for the dad, and I met them when they buried [redacted] years earlier. When I asked [redacted] if he thought Israel did it, just a few months ago here, [redacted] just looked down from my eyes and away and said "I don't know."

Hope this helps, and maybe it doesn't too much; if I can help any more, just ask.
There might be one or two more siblings. I kinda do think there is.
I can say that [redacted] always seemed to me like an honest person. The most chatty person to me was [redacted] but she is married now, which is bound to change things, or seems to. [redacted] was here at my home just a few months ago.
My best wishes with your work.
[redacted]

b7C

for his son to come over to him. At that point, KEYES lost interest in [redacted] Later that day, [redacted] witnessed KEYES interacting with campers at a nearby remote camping area, Bernasconi Beach.

[redacted] was not sure of the exact date of this incident but he was sure it was a Saturday around March 14, 2011. According to the calendar, the 12th or the 19th would be the nearest Saturdays in March 2011.

Pre-Assessment Findings:

SOS [redacted] contacted [redacted] on 12/07/2012. [redacted] said he purchased a fishing license on 03/07/2011, which means he went fishing the following Saturday on 03/12/2011. [redacted] went fishing at Perris Lake, located in a California State Park. [redacted] was in the Bernasconi Beach area and fishing about 100 yards from a local campground.

[redacted] at one point was a little ways from shore by himself, when a man came through the brush with a bucket, fishing pole, and shovel. [redacted] noticed how funny his mouth looked and how far apart his eyes were. When [redacted] saw Israel KEYES' photograph on the news, he said he immediately knew this was the man that he had encountered.

The man asked [redacted] strange questions like if he had family, and if he were to die today, would anybody miss him. [redacted] said the man claimed to be a medical student, as well as a contractor. The man also said he admired the work Germans did during WWII. He also said he was there for hunting, looking for prey, and had a long buck knife. [redacted] found it unusual that he'd be hunting since there is nothing to hunt for in Southern California. [redacted] said the individual did not have any facial hair or jewelry on, and his hair was messy and looked like he hadn't showered. [redacted] was afraid of him immediately. He noticed the end of the individual's shovel had rust on it, but couldn't tell if it had just been used.

[redacted] son called out to him at one point, and once the individual realized [redacted] had a child, he lost interest. The individual moved

Synopsis: (U) Lead for Belize Missing Persons, ref Israel Keyes

[redacted] b7E

Details:

For background, Samantha Koenig was kidnapped from her place of employment in Anchorage, Alaska by Israel Keyes on 02/01/2012. On 03/13/2012, Israel Keyes was arrested in Lufkin, TX after using an ATM card associated with Samantha Koenig. Keyes confessed to the kidnapping and murder of Koenig and was charged federally with kidnapping which resulted in the death of Koenig. Koenig's remains were recovered in Matanuska Lake, Alaska.

Upon being transported back to Anchorage, Keyes cooperated with law enforcement, providing additional information about other crimes including kidnappings and murders. Keyes confessed to the kidnapping and murder of William and Lorraine Currier in Essex, VT on 06/08/2011. In subsequent interviews, Keyes also indicated he was responsible for additional homicides in multiple states, and Keyes has suggested he may have committed homicides internationally.

Re: 306-AN-15642, 12/11/2012

On 12/02/2012, Keyes was found dead in his jail cell due to suicide. Prior to committing suicide, Keyes wrote "Caracol" on his jail cell wall in blood. Caracol is a large Mayan ruins site in Belize. Keyes and his girlfriend, [redacted] visited Belize from 10/04/2005 to 10/13/2005. Anchorage Division requests that Legat San Salvador provide any reported missing persons from Belize during this timeframe, to include natives of Belize and tourists.

FEDERAL BUREAU OF INVESTIGATION

Date of entry 12/10/2012

b6
b7C

On Friday, December 7, 2012, [redacted] hereinafter referred to as [redacted] DOB [redacted] home telephone [redacted] was interviewed at her residence, [redacted] Oregon, Missouri. Also present during the interview was [redacted] DOB [redacted] and a local pastor/friend, [redacted] After being advised of the identity of the interviewing Agents and the nature of the interview being her past relationship with ISRAEL KEYES, (hereinafter referred to as KEYES), [redacted] provided the following information:

[redacted] was born in Everett, WA to [redacted] parents divorced when she was 2 years old, and her father was in and out of her life. At the age of 5, [redacted] mother married KELLY HARRIS and moved to Colville, WA. HARRIS passed away from cancer in 1999. [redacted] has a younger brother named [redacted] and three younger siblings on her father's side.

When [redacted] was 10 or 11 years old, her family met the KEYES family through [redacted] business as an appliance repair man. [redacted] and the KEYES children were home schooled, and would get together informally with other home schooled families. As a child, [redacted] recalled that KEYES was extremely funny. In addition to home school gatherings, the KEYES's, [redacted] and other neighboring families got together once per month for potluck dinners and to discuss their faith, which [redacted] described as non-denominational Christian. They did not have a church, but held these potlucks at a building [redacted] referred to as "the meeting place" that her stepfather, KELLY HARRIS, (hereinafter referred to as HARRIS) helped build. The meeting place was on The [redacted] property, and at the time HARRIS helped build it, [redacted] family rented a home on their land.

KEYES' family came from a Mormon background in Utah. When [redacted] met their family, they were no longer Mormon, but [redacted] heard KEYES' mother, [redacted] had a difficult time letting go of the religion. KEYES had nine siblings. His parents seemed nice until they decided to move, and then became very protective because they did not want any of their older children to stay behind in Colville. In addition, KEYES' father was ill (and died years later from thyroid disease), so they relied on KEYES to support the family and needed him to move with them.

This document contains neither recommendations nor conclusions of the FBI. It is the property of the FBI and is loaned to your agency; it and its contents are not to be distributed outside your agency.

FBI Records: The Vault — Israel Keyes LastKnownContact.com Part 05: Pg 421 / 441

b6
b7C

KEYES' parents decided to move because they wanted to live off of the land. They sold their house in 1995 or 1996, and having no where to live, moved into the above described meeting place for a while. In the fall or winter of 1996, they moved to Oregon, but KEYES stayed behind in Colville for an extra month to earn money. KEYES worked for HARRIS on a construction crew and HARRIS taught him carpentry skills. While in Oregon, KEYES' family stayed with and worked for The [redacted] Family at their co-op health food warehouse called AZURE STANDARD in the town of Dufur. The [redacted] were philanthropists who helped provide for the KEYES's, who were poor.

[redacted] and KEYES started their courtship in September of 1996, prior to his family moving away. He visited her house a few times, but they primarily wrote letters to one another, even though they were living in the same town. [redacted] described their relationship as on again, off again. When KEYES moved to Oregon, they were not allowed to write to each other for approximately one year because KEYES' parents forbade it, but KEYES managed to send word to her through mutual friends. At some point in 1997, KEYES' family moved again. She thought their plan was to move to Wisconsin, but they went to Constable, NY instead, and [redacted] received letters from KEYES from there. KEYES' family later moved to Maine and joined an Amish community, but KEYES did not want anything to do with being Amish and thought it was "silly." KEYES then joined the Army and [redacted] "dumped" him because she did not want to wait for him any longer.

In June of 1999, when HARRIS died, KEYES was stationed in Ft. Lewis. KEYES came to HARRIS' wake, which was held at their home, and it was awkward for [redacted] because they were not dating then and it was the first time she had seen him in a while. KEYES started to write her again shortly after this, and in the summer of 1999, he came to Colville to visit. She later learned that he also visited [redacted] (further described below) during that trip. [redacted] could not remember specific dates, but recalled that KEYES visited several times in the months to follow and that he rented cars for the trips because he did not own a vehicle at the time.

[redacted] received a letter from KEYES from when he was stationed in Egypt after the New Year. She could not recall any details of the letter except that he was depressed and the words, "Darkness closing in....vice on heart." [redacted] had shared the letter with her mother, who later asked KEYES about it, and KEYES said he had no recollection of writing it.

In approximately August of 2001, KEYES joined [redacted] and her family on a trip to Holbrook, Idaho in order to visit a retreat for sickly people where [redacted] was considering taking a job. KEYES traveled from Ft. Lewis to Colville, then met up with her family and went the remaining distance to Holbrook in the vehicle that her family rented for the trip. At some point

b6
b7C

during his time in the Army KEYES bought a black Toyota pick-up truck, but [redacted] could not recall if he rented a car or used the pick-up to get to Colville on this trip. (Writer's note: KEYES referred to [redacted] taking a job in Utah in his journal dated 9/25/2000. [redacted] clarified that initially they thought the retreat was in Utah, but later learned it was in Idaho near the border with Utah.)

[redacted] and KEYES were engaged in late September of 2000, which was also the month she started the above job in Holbrook, ID. She quit that job approximately 9 months later and moved back to Colville.

In January or February of 2001, KEYES told [redacted] he was going on an Army "field trip" and was not sure if he would be able to contact her for a few days. [redacted] found it odd that instead of not hearing from KEYES, he called her more than usual and talked about how crazy the guys were that he was with, and that they were doing ecstasy.

[redacted] her mother and brother [redacted] traveled to Ft. Lewis to visit KEYES in the Spring of 2001. He made it clear he did not want her meeting any of his Army friends and could not wait to leave the place behind. They were supposed to be married in August or September of that year.

Later that spring, there was a time when KEYES did not call [redacted] for approximately two weeks, and she knew something was wrong. Finally [redacted] and her mother contacted his superior officer, who told them KEYES was fine, and that he did not know why KEYES was not contacting her. When KEYES finally did call, [redacted] learned that he was depressed. Shortly after, in May of 2001, [redacted] confronted KEYES about his behavior and he admitted that he slept with someone else. He also told her about his depression and said that he did not believe in God anymore. This denial of God is what ultimately caused their break up. It was not until months later that [redacted] learned KEYES impregnated a woman who was [redacted] years older, and that they had a child together.

[redacted] provided information on other people from Colville who KEYES and his family were close to, and who may have information to provide about his background:

[redacted] best friend when she was younger was [redacted] family knew the KEYES family longer than [redacted] and their mother, [redacted] was friendly with [redacted] and her brother [redacted] aka [redacted] spent quite of bit of time with KEYES. When they got older, KEYES liked [redacted] but [redacted] claimed to [redacted] that she was not interested in him.

After [redacted] and KEYES became engaged, KEYES told her about an

b6
b7C

incident when he was younger and got into trouble because he was concerned she would hear about it from someone else. He described that he and [redacted] Last Name Unknown (LNU) vandalized homes together and got caught. KEYES convinced [redacted] he was ashamed, and told her his father helped KEYES to atone by working with him to fix the damage and pay back the homeowners. [redacted] should know who [redacted] LNU is.

[redacted] knew KEYES well during his time in Colville. [redacted] was friends with KEYES and his siblings. When KEYES remained behind to work in Colville for the month after his family moved to Oregon, he stayed with [redacted] was sad that [redacted] were not letting KEYES live his own life. [redacted] cellular telephone number is [redacted] Their mailing address is [redacted] Addy, WA 99101. [redacted] requested if investigators reach out to them, she not be identified as providing their contact information.

[redacted] siblings, [redacted] also knew KEYES. [redacted] has since changed his last name, possibly to [redacted] which is his mother's maiden name. [redacted] and KEYES were good friends. [redacted] sustained permanent brain damage from a snowmobile accident.

[redacted] described [redacted] as someone who might know the specific locations KEYES worked at in 1996. [redacted] worked for HARRIS, and therefore he and KEYES worked together as well.

[redacted] recalled that when KEYES was 17 or 18 years old, he drove a beat-up Chevy or Ford pick up truck. The truck was very memorable because it was yellow and KEYES had built a homemade wooden roof rack on the back. The truck was always out of gas and never had good tires, and [redacted] tried to prevent him from buying new tires because they were so poor and needed the money. KEYES eventually bought new tires, and later took the truck with him to Oregon when he moved. [redacted] provided the interviewing agents with a photograph of the truck which she had in an album. The photograph depicts 18 children around the truck, which is parked outside the meeting place described above. KEYES and his sisters, [redacted] are in the photograph. [redacted] and other children who were friends from the meeting place are also in the photo. A copy of the photograph will be placed into the file along with this report. (Writer's note: a WA DOL report revealed a yellow, 1964 Chevrolet, vin #4C154J118005, Plate # L69096, registered to Israel Keyes at 2145 Rocky Creek Rd., Colville, WA 99114.)

When asked about a journal entry from KEYES' diary which mentioned a girl name [redacted] assumed it must be [redacted] who was a little younger than [redacted] family spent time with The KEYES family, and she "liked" KEYES and was friends with his sisters. Because KEYES had a car, they made him take them places. [redacted] believed [redacted] was married now

b6
b7C

and lived in Alaska. (Writer's note: the journal entry which mentioned [redacted] is dated 11/28/1997.)

When asked about another journal entry where KEYES described feeling relief when he left his family, [redacted] thought he might have felt that way because he was expected to provide for them, and due to the strain between him and his mother because she did not want to let go of him or any of her children. (Writer's note: the journal entry is dated 9/25/2000.)

[redacted] was aware that KEYES built, and lived in, a cabin that was on his parents property in Colville. This was built prior to his working for HARRIS, and [redacted] heard KEYES learned how to build it by reading books on the topic. [redacted] allowed KEYES to stay in the cabin because they had so many children, but she had concerns that he spent too much time in the cabin alone. KEYES loved the cabin and was very upset when his family sold the property, and he wanted to buy it back. [redacted] never saw the cabin, but [redacted] and other kids had been there and might be able to provide more information about it.

[redacted] did not keep any old letters or any other keepsakes from her relationship with KEYES. When she got married, she burned them.

[redacted] asked the interviewing agents if KEYES was responsible for the separate Colville murders which were mentioned in recent media reports. (Writer's note: [redacted] March 1996 and [redacted] June 1997.) [redacted] had no specific information to report on KEYES' whereabouts at the time of those incidents. [redacted] recalled that in the summer of 1997, KEYES and possibly one of his siblings may have come back from OREGON to pick up some of their belongings, but she would not have seen KEYES during this trip because at the time they did not have their parents permission to see or write to one another. [redacted] thought that KEYES might have stayed with [redacted] (now [redacted] on this trip.

[redacted] was having a very difficult time making sense of the horrific media reports related to KEYES' serial killings and other criminal activity. She knew him as someone who was very close to his family and as someone who took care of his siblings. [redacted] believed in waiting until marriage for sex, and until KEYES slept with that other woman, she thought he did too. She and KEYES never even kissed until they were engaged, and he never touched her inappropriately. [redacted] went swimming once with KEYES and noted that he had a brand "IZ" on his back. When she asked him about it, he told her he did not remember getting it. [redacted] thought that was odd, but did not question him further about it. [redacted] acknowledged that

she was naive at the time. When KEYES and [redacted] broke up, [redacted] told her she was his last hope and that she was not sure what was going to happen to him. [redacted] never knew what [redacted] meant by this, and now wonders.

In a followup telephone interview on Tuesday, December 11, 2012, [redacted] was asked about recent media coverage which connected KEYES's family to the [redacted] family, The Ark church and the Christian Identity movement in Stevens County, WA. [redacted] stated that as far as she knew, neither KEYES nor his family believed in the Christian Identity movement nor were they a part of any white supremacist church. She acknowledged that they occasionally had people who came through the meeting place who were "white supremacist types," but they never lasted long. She recalled KEYES' sister [redacted] mentioned something about one of the [redacted] boys once, and thought he was interested in her, but [redacted] did not get the impression the KEYES and [redacted] families were closely affiliated.

FD-302 (Rev. 5-8-10)

FEDERAL BUREAU OF INVESTIGATION

Date of entry 12/11/2012

On Tuesday, December 11, 2012, [redacted] date of birth (DOB) [redacted] SSAN [redacted] cellular telephone number [redacted] was telephonically contacted by the writer. After being advised of the identity of the interviewing Agent and the nature of the interview, [redacted] provided the following information:

b6
b7C

[redacted] stated that he was aware of Israel Keyes' death and had been following Keyes in the media ever since Agents contacted him in July 2012. [redacted] stated that he couldn't believe that Keyes was a killer until he finally saw the interviews which were released to the media. [redacted] stated that this was not the KEYES that he knew but understands that serial killers often live a double life.

[redacted] was asked about any items that he may possess which might have date stamps which could help investigators with their time-line of Keyes' life. [redacted] stated that his [redacted] has some pictures that were taken when they were out boating with Keyes. [redacted] is now living in Saint John's, Newfoundland, and can be reached at telephone number [redacted] stated that [redacted] was very upset after learning about Keyes' death and his alleged crimes. [redacted] stated that he would contact her and let her know that investigators would like her help and are interested in any photographs that she may have.

[redacted] stated that after reviewing one of the time lines that was released by the media, [redacted] recognized one of the time periods as a weekend that they went boating with KEYES. [redacted] and the writer made arrangements to meet the following week to further discuss these matters.

Investigation on 12/11/2012 at Poulsbo, Washington, United States (Phone)

Enclosure(s): Enclosed are the following items:
1. (U) 11/1 + 12/4/2012 emails related to Stoddard-Cooper murders

Received On: 12/05/2012

Receipt Method: Telephone

Received By: b6 b7C

Incident Type: Criminal Activity

Complaint Details:

The following information was obtained from MC3 line involving Israel Keyes, case number 306-AN-15642.

a retired police officer for Redmond Police Department, called to report an unsolved murder that may involve ISRAEL KEYES. The murder occurred on 7-11-2006 at Pinnacle Lake Trail in Kings county Washington. MARY COOPER and her daughter Susanna Stodden were shot to death while hiking. did not work this case but believes that the King County Sheriff's department did.

Re: 306-AN-15642, 12/11/2012

[redacted] believes this mother and daughter murder may be another couple that KEYES murdered b6 b7C

King County Sheriff's phone number [redacted]

Pre-Assessment Findings:

On Thursday, November 1, 2012, SA [redacted] contacted Snohomish County Sheriff's Office Detective [redacted] related to their investigation into the July 11, 2006, murder of Mary Cooper and Susanna Stodden. [redacted] provided the following brief account of the murder:

Double unsolved of a mother and daughter approximately 1.5 miles up a remote trail (Pinnacle Lake Trail/Granite Falls) in Mt. Baker National Forest. They pair were seen alive by hikers who started from the trail head ahead of them. Each died from a single gunshot would to the head with a .22. The only evidence located was two spent shell casings. [redacted] and were discovered within an hour or so by the next group of hikers who came up behind. b6 b7C

Cell phone data for Israel Keyes revealed 15 phone calls pinging off of cell towers in Neah Bay and Port Angeles, WA on July 11, 2006, starting at 3:53 a.m. ending at 5:54 p.m. There was less than a 3 hour time window between 1:48 p.m. and 4:41 p.m. of no calls. The location of the murder was at least 4-6 hours from Port Angeles/Neah Bay, not including the time it would have taken to hike the trail, commit the crime, hike out and return to Neah Bay. Keyes' time card also revealed 8 hours regular work time. (It should be noted, however, that investigation has shown that time card data alone would not be sufficient to ensure Keyes was at work.) Keyes' financial records also revealed three separate purchases in Port Angeles, WA on July 11, 2006. Given the combination of the time card information, financial data and

FBI Records: The Vault — Israel Keyes LastKnownContact.com Part 05: Pg 436 / 441

Title: (U) PAL2012-MC3 340kg01
Re: 306-AN-15642, 12/11/2012

the cell phone data placing him in Neah Bay and Port Angeles on the date in question, Keyes has been ruled out as a possible suspect in these homicides.

Following Keyes' suicide, a significant amount of local media attention highlighted a potential link between Keyes and the above murders. Given that attention, on December 4, 2012, SA [redacted] again reached out to Detective [redacted] to discuss the case and reiterate the evidence ruling Keyes out. [redacted] was satisfied with the information provided and had no further questions. b6 b7C

Subject: RE: Call from Western WA

just FYI

Spoke w/ Det. Snohomish County Sheriff's Office.

July 11, 2006: Double unsolved of a mother and daughter approx. 1.5 miles up a remote trail (Pinnacle Lake Trail/Granite Falls) in Mt. Baker National Forest. Each with a single gunshot wound to the head with a .22. The only evidence they have is two spent shell casings.

b6
b7C

They were discovered within an hour or so by the next group of hikers on the trail.

Cell phone data for our subject reveals 15 phone calls from Neah Bay or Port Angeles that day starting at 3:53 am ending at 5:54pm. There was a less than 3 hour time window between 1:48 pm and 4:41 pm of no calls. The location of this incident is approx. 4-6 hours from Port Angeles/Neah Bay. Highly unlikely our guy is the subject based on that info.

Case # SO-0617214. All of his info is in ViCap and FBI profilers have looked at his case.

Just an FYI, this guy was pretty upset we couldn't give him a name or more information. I explained it was out of my hands, and blamed you guys. ☺

Subject: Call from Western WA

Hi
I hope you guys had a fun night with your kids. Thank you again for coming up here and helping with everything. I got a voice mail message yesterday from a law enforcement person in western WA named I could not understand what agency he was with but he had the VICAP alert - possibly a county sheriff department. He wanted to talk to someone about two unsolved homicides they have in western WA. His number is I was going to call him back but would just end up passing the info on to you guys anyway so I thought it made more sense for you guys to call directly. If you are swamped with just getting back into the office let me know and I will give him a call. No problem.
Thanks

Subject: RE: Israel Keyes Photo

Hi [redacted]
We're getting lots of public/media inquiries on it too. No reason for you to have recollection of this, but I briefly talked to you about this case a month or so back after the ViCAP alert came out. Also spoke with the lead detective back then. We discounted Keyes. He is accounted for in Neah Bay through cell phone records. His time card also shows 8 hours regular work time.

According to the detective, July 11, 2006 is the date they were killed up on the trail. Keyes' cell phone records have him in Neah Bay with hits starting at 3:53 a.m. – 5:54p.m. with 15 hits off same Neah Bay cell tower in between. There was a 3 hour silent window (on the phone) between 1:48 p.m. and 4:41p.m., but that isn't even close to the amount of time it would have taken for him to have traveled there...let alone traveled there and back and committed the crime up the trail in between. I will follow up with the detective again after I hit the send button.

Subject: RE: Israel Keyes Photo

Anything new or newsworthy re Keyes?

The reference to his hunting for victs in campgrounds and trailheads really has resonated down here. In July 2006 – a dark month in the time line – a 57-year-old Seattle woman and her 27-year-old daughter were found dead on a trail near a trailhead in Snohomish County, which is north of Seattle. It's remains a real mystery.

Complaint Synopsis: (U) Phone call from [redacted] regarding murder of son.

[redacted] b7E

Received On: 12/10/2012

Receipt Method: Telephone

Received By: [redacted] b6 b7C

Incident Type: Criminal Activity

Complaint Details:

On December 10, 2012 the FBI Bend RA received a call from [redacted] with telephone number [redacted] stated she had read an article in regards to Israel Keys and the fact of him being a serial killer and possibly having Oregon ties. She stated that her son, Troy Dean Carney was murdered near a truck stop in Central Point Oregon on or around 9/2/2008 (she had spoken with Carney on 9/1/2008). His body was found on 9/4/2008. He had been shot to death. According to [redacted] her son had no enemies and nothing was stolen. She stated a "wolverine mask" was found near the body propped up next to a tree. According to [redacted] there have never been any subject's identified by Jackson County Sheriff's Office (JCSO). The case file is maintained by JCSO, file number is 08-16661, and [redacted] identified [redacted] as

UNCLASSIFIED

UNCLASSIFIED

Re: 306-AN-15642, 12/10/2012

case Detective. [redacted] was wondering if her son may have been one of Key's victims.

I pulled serial number 356 from case 306-AN-15642. It references Israel Keys possibly being in the Oregon area a week after above referenced murder. The Bend RA is forwarding information to case agent for review.

Pre-Assessment Findings:

SA [redacted] reviewed financial records for September 2008 and determined Keyes was in Alaska on 9/2/2008. SA [redacted] contacted [redacted] and informed her of this.

Complaint Synopsis: (U) 306-AN-15642

b7E

Received On: 12/08/2012

Receipt Method: Telephone

Received By: b6 b7C

Incident Type: Criminal Activity

Occurrences:
From: 09/30/2008 12:00 AM EDT To: 12/08/2012 10:00 PM EST

Complaint Details:

cell phone address Spring Hill, FL 34609 reported that her cousins disappearance might be related to the ISRAEL KEYES murders.

cousin is a known missing person that was last seen in Amsterdam, NY on September 30th, 2008 at 9:30 in front of a Rite Aid. According to burned 98' Saturn was found by JOHNSTOWN PD in Johnston, NY on Montgomery Street although was not present in the vehicle.

feels that there is a probable connection between the disappearances of her cousin and the disappearances of last seen April 1st, 2008 and last seen on May 1st, 2008 in the NY area. stated that the similarities in the times and locations of these disappearances may be linked to the KEYES murders.

stated that the primary point of contact for the family is telephone

A search of NCIC confirmed as a missing person and confirmed account of the disappearance.

Pre-Assessment Findings:

SA reviewed financial records and determined that Keyes was in Alaska on 9/30/2008. SA contacted (family contact) and advised her that Keyes was in Alaska and we had no information to suggest that he was in New York on that date.

Your No.:

Title: ISRAEL KEYES;
SAMANTHA TESSLA KOENIG - VICTIM;
ET AL;
SERIAL KILLINGS - VIOLENT CRIMINAL THREAT

Date specimens received: October 16, 2012

The specimens listed below were examined in the Nuclear DNA Unit:

ITEMS FROM SHED AT 2456 SPURR LANE

Q262 Swab from back wall of shed (1B131, E5123273)

Q263 Garden sprayer (1B115, E5123257)

ADDITIONAL ITEM

Q280 Bone (1B206, E5123748)

This report contains the results of the serological and nuclear DNA analyses.

FBI Records: The Vault — Israel Keyes LastKnownContact.com Part 06: Pg 13 / 439

Results of Serological Examinations:

Blood was identified[1] on specimen Q263. A chemical test for the possible presence of blood was positive[2] on specimen Q262; however, the presence of blood was not confirmed.

Results of Nuclear DNA Examinations:

Specimens Q262, Q263-1 (swabbing of bloodstain from garden sprayer), and Q280 were subjected to deoxyribonucleic acid (DNA) typing by the polymerase chain reaction (PCR). The AmpFℓSTR® Identifiler® Plus PCR Amplification Kit was used for this analysis.[3] In addition, specimen Q263-1 was subjected to DNA typing by the PCR using the AmpFℓSTR® Yfiler™ PCR Amplification Kit.[4]

It is noted that for comparison purposes, specimen Q280 is being used as an alternate reference sample for SAMANTHA KOENIG and hereafter will be designated specimen Q280 (KOENIG) to further differentiate it from the other questioned (Q) specimens analyzed.

Based on the typing results from the amelogenin locus, female DNA is present in the DNA obtained from specimens Q262 and Q280 (KOENIG). The amelogenin and Y-STR typing results from specimen Q263-1 indicate a mixture of male and female DNA.

Based on the STR typing results[5] and to a reasonable degree of scientific certainty, specimen Q280 (KOENIG) is the source[6] of the DNA obtained from specimen Q262.

The STR typing results from specimen Q263-1 indicate the presence of DNA from two or more individuals. Based on the STR typing results[5] and to a reasonable degree of scientific certainty, specimen Q280 (KOENIG) is the major contributor[6] of the DNA obtained from specimen Q263-1. The STR typing results for the minor contributor to specimen Q263 are not suitable for matching purposes; however, they may be utilized for exclusionary purposes.[7]

The Y-STR typing results from specimen Q263-1 indicate the presence of DNA from a single male individual and are suitable for comparison purposes.

The DNA typing results obtained from the tested specimens are not eligible for entry into the Combined DNA Index System (CODIS). These results will be maintained by the FBI Laboratory for possible future comparisons. If future comparisons are requested, a known blood or buccal (saliva) sample from the subject should be submitted.

FBI Records: The Vault — Israel Keyes LastKnownContact.com Part 06: Pg 14 / 439

No other serological or nuclear DNA examinations were conducted.

Methods/Limitations:

The following methods and limitations apply to the results/conclusions provided in the results section(s) of this report and are referenced by number in the body of the text for clarity.

[1] The identification of blood on an item is established by first using, when applicable, the presumptive phenolphthalin test followed by the confirmatory Takayama Hemochromogen test.

[2] A positive reaction with the phenolphthalin reagent, without subsequent confirmation using the Takayama Hemochromogen test, provides an indication that blood may be present on an item, but it does not constitute an identification of blood. Insufficient quality and/or quantity of biological material may affect the ability to confirm the presence of blood.

[3] The AmpFℓSTR® Identifiler® Plus PCR Amplification Kit includes the amelogenin locus and the autosomal STR loci (from non-sex chromosomes) D8S1179, D21S11, D7S820, CSF1PO, D3S1358, TH01, D13S317, D16S539, D2S1338, D19S433, vWA, TPOX, D18S51, D5S818, and FGA. The amelogenin locus is used for sex determination. Insufficient DNA quality and/or quantity can affect the ability to generate a DNA typing result and is not an absolute determination that an individual did not come into contact with an item of evidence.

[4] The AmpFℓSTR® Yfiler™ PCR Amplification Kit includes the STR loci DYS456, DYS389I, DYS390, DYS389II, DYS458, DYS19, DYS385a/b, DYS393, DYS391, DYS439, DYS635, DYS392, Y_GATA_H4, DYS437, DYS438 and DYS448. These STR loci are located on the male Y-chromosome and are transmitted through a paternal lineage from father to son. Barring mutation (a rare event which may occur in a sperm cell prior to transmission of the Y-chromosome to a biological son), all males in the same paternal lineage have the same Y-STR typing results.

[5] Not all loci at which amplification is attempted will yield conclusive results; a statistical estimate (random match probability) has been based on loci with conclusive typing results for which allelic frequency data are available. The random match probability is defined as the chance of selecting a biologically unrelated individual at random having an STR profile matching the DNA obtained from the questioned specimen. The uncertainty associated with a random match probability calculated using any of the FBI databases has been empirically demonstrated to be less than 10-fold in either direction (e.g., for a random match probability estimate of 1 in 10 million, the true frequency of that profile can be confidently expected to be between 1 in 1 million and 1 in 100 million). This confidence interval is supported by the 1996 National Research Council report entitled "The Evaluation of Forensic DNA Evidence" and is based on published data from the 1993 study entitled "VNTR Population Data: A Worldwide Study."

FBI Records: The Vault — Israel Keyes LastKnownContact.com Part 06: Pg 15 / 439

[6] This opinion is based upon the outcome of a statistical calculation in which the probability of selecting an unrelated individual at random from an African American, Caucasian, Southeastern Hispanic, or Southwestern Hispanic population having a DNA profile matching the contributor (source/major/minor) of the DNA obtained from the questioned specimen(s) was determined to be equal to, or less than, 1 in 6 trillion individuals.

[7] As used here, STR typing results are deemed not suitable for matching purposes (i.e., inconclusive) when the potential exists that not all of the genetic information in a biological sample has been detected. For STR typing results to be used for matching purposes, sufficient DNA quality and/or quantity is necessary.

FBI Records: The Vault — Israel Keyes LastKnownContact.com Part 06: Pg 16 / 439

Remarks:

The supporting records for the opinions and interpretations expressed in this report are retained in the FBI files. The submitted items will be returned to you under separate cover. For questions about the content of this report, please contact Forensic Examiner [redacted] at [redacted] For questions about the status of your submission, including any remaining forensic examinations, please contact Request Coordinator [redacted] at [redacted]

b6
b7C

In addition to the evidence in the case, the Nuclear DNA Unit has generated secondary evidence that will also be returned to you. The secondary evidence can be found in a package marked NUCLEAR DNA UNIT SECONDARY EVIDENCE. It is recommended that this evidence be stored in a refrigerator or freezer and isolated from evidence that has not been examined.

UNCLASSIFIED

FBI Records: The Vault — Israel Keyes LastKnownContact.com Part 06: Pg 27 / 439

FD-302 (Rev. 5-8-10)

FEDERAL BUREAU OF INVESTIGATION

Date of entry 12/14/2012

On Thursday, December 13, 2012, the writer telephonically contacted Olympic National Park (ONP) Chief Ranger [redacted] to discuss the Israel Keyes case and to request that [redacted] run Keyes' name through their data bases in an attempt to locate any backcountry permits, contact with law enforcement and any other information that could assist with a timeline for Keyes and his girlfriend, [redacted]

b6
b7C

[redacted] explained that any law enforcement/Ranger related contact with KEYES or [redacted] would have been documented in ACCESS, which is the WA State data base and a law enforcement information sharing application. If other non-law enforcement related contact were made with Keyes or [redacted] it may have been reported on a local data base used by ONP.

[redacted] provided two Wilderness Camping Permits for Keyes between 2000-2012. The first is dated 8/13/2005 and revealed that on that date a party of 3 had a permit to camp in the Eagle Point (Lake Ozette) campsite for one night. The second permit is dated 6/17/2006 and revealed that on that date a party of 2 had a permit to camp at the Garden Island (Lake Ozette) campsite. (Writer's note: in an E-mail to [redacted] at 5:56 a.m. on June 17, 2006, Keyes wrote...*I will be thinking of you and the dogglets today…camping will be lonely without you guys. Me and* [redacted] *will have fun…*")

[redacted] referenced another Wilderness Camping Permit issued to [redacted] on 05/27/2006 for a party of 3 at the Garden Island (Lake Ozette) campsite, which the FBI had previous knowledge of as a copy of it was located during a consent search of Keyes' boat. [redacted] searched their local data base with negative results for [redacted] or Keyes, meaning if there was incidental contact with either within the ONP, it was not documented.

The writer also discussed the interview with Keyes on 11/29/2012, where he acknowledged disposing of a body in Lake Crescent. [redacted] was not aware of any missing persons being recovered on Lake Crescent. [redacted] reported that Keyes could have accessed Lake Crescent with his boat from three locations: Barnes Point near the Storm King Ranger Station, the Fairholme Campground or the Log Cabin Resort. [redacted] indicated that it would possible to recover a body from the depths of Lake Crescent, but given the lack of

Leave bear cans in designated ARFC return bins and never leave them in an unsecure location:

Wilderness Info Center, Port Angeles:	South Shore Quinault USFS:	Forks Information Station (bus station):
On back deck next to canister wash station.	On right side of carport, east end of building.	On the north side of the building.

Wilderness Protection Checklist

___ Pets and wheeled devices are prohibited on park trails and beaches.

___ Firearms are legal to possess in accordance with Washington State Law. USE OF FIREARMS in Olympic N.P. is prohibited.

___ All food (including canned and dehydrated food), garbage and scented items must be secured from bears and other wildlife 24 hours a day by storing them in "bear canisters," or suspended at least 12 feet high and 10 out from the nearest tree trunk.

___ On the Coast, Royal Basin and in the Sol Duc/High Divide Loop/Mink Lake area, all food, garbage and scented items must be stored in Animal Resistant Food Containers like bear canisters. Hanging food, garbage or scented items in bags is prohibited.

___ Campfires are prohibited above 3,500 feet; stoves only! Wood fires are also prohibited from Wedding Rocks to the headland north of Yellow Banks. On the coast, gather wood only from the beach and build fires on the beach to prevent damage to tree roots.

___ Within quota areas (Flapjack Lakes, Lake Constance, Royal Basin, Grand Valley, Sol Duc/Seven Lakes Basin, Hoh Lake, and the Ozette Coast) changes to your itinerary are not allowed unless you check with a ranger. Each camping area has a limited amount of space. If you are not following your itinerary, you may be occupying someone else's reserved site.

___ Group size is limited to 12 individuals for overnight trips. Larger groups are not permitted. Groups larger than 12 people must split up into distinct groups and must camp and travel at least 1 mile apart. Parties may not come together in groups larger than 12 at any time.

___ Use toilets when available. Otherwise, bury human waste 6"-8" deep at least 200 feet from campsites or water sources. Consider packing out toilet paper in a ziplock bag.

___ Stay on trails and within designated campsites to prevent new trails and damage to meadows and wildflowers.

On Wednesday, December 12, 2012, [redacted] date of birth [redacted] cellular telephone number [redacted] home telephone number [redacted] e-mail address [redacted] telephonically contacted the writer. After being advised of the identity of the interviewing Agent and the nature of the interview, [redacted] provided the following information:

[redacted] use to be married to [redacted] who was a good friend of Israel Keyes. [redacted] split up in August of 2006 and [redacted] later moved to Saint Johns, Newfoundland, where she lives now.

[redacted] recalled meeting Keyes around the time that [redacted] moved back to Neah Bay, Washington. Keyes made frequent trips to the Reservation, looking for work. [redacted] recalled that Keyes was not going to move to the Reservation unless he could find work. Keyes was eventually hired by the Makah tribe and worked with [redacted] and Keyes were both supervised by [redacted] Keyes, [redacted] became good friends and would spend time together boating and having cook-outs together. After Keyes' girlfriend, [redacted] moved to Alaska, [redacted] advised that she was the only adult female in this group of friends and became a bit of a "Mom" figure to them.

[redacted] was shocked to learn of Keyes arrest in the kidnapping/murder of Samantha Koenig and advised that this was not the Israel Keyes that she knew. [redacted] found out about Keyes' suicide by [redacted] who telephoned her and passed on the news.

[redacted] recalled that Keyes had said that he had grown up in a Mormon family who later became Amish. Because of the double life that Keyes had apparently been living, [redacted] questioned the validity of this information.

[redacted] advised that they would spend time with KEYES on a regular basis and would have cook-outs, bonfires, and go boating together. [redacted] advised that she still has the digital photographs from some of these events and provided the following additional information:

March 28, 2005 - [redacted] was pretty sure that it was on this date [redacted]

Investigation on 12/12/2012 at Spokane, Washington, United States (In Person, Phone, Email)

File # 306-AN-15642 Date drafted 12/17/2012

[redacted] anniversary) that [redacted] came over but Keyes was not around. [redacted] does not know where Keyes was, but looking back, is suspect of his absence.

July 30, 2005 - Keyes took [redacted] and their kids on a boating trip on Lake Ozette. This was a day trip and they did tubing and water skiing. [redacted] recalled that Keyes was the only person who water skied, everyone else did tubing.

December 29, 2005 - [redacted] held a barbecue at his house which was attended by [redacted] and Keyes.

June 23, 2006 - Keyes attended a bonfire, late in the evening, at [redacted] house. [redacted] could not recall if this was the evening that Keyes was quiet and distant and attempted to brand himself with a metal rod until they intervened. [redacted] described Keyes as being in a "daze" during this incident.

June 24, 2006 - Keyes, [redacted] and their two boys went boating on Lake Ozette. This was the day that the outboard engine on Keyes' boat blew a rod and they were left stranded on the lake. [redacted] stated that she has a photograph of Keyes waving a red flag to get help. [redacted] recalled that her and Keyes did a lot of the paddling, trying to get to shore. [redacted] does not believe that Keyes ever fixed the engine after this.

[redacted] advised that [redacted] and [redacted] also knew KEYES and may have additional information for Agents.

Following this phone call, [redacted] emailed a number of photographs to SA [redacted] providing additional information in the e-mail messages. These photographs and e-mail messages were copied and burned to a CD-R and placed into the case file.

This was one of many bonfires at [redacted] house up on the end of 200-Line.
That's [redacted] and I think Iz is sitting back behind [redacted] there.
This was taken late on 23 Jun 2006.
I don't remember if this was the night or not, but there was one night at [redacted] house that Iz was quiet and distant with a metal rod of some sort... like a poker, but different. Might have even been a metal coat hanger straightened out?? He sat there quietly, with the rod in the fire... pulling it out and staring at the tip red with heat. When we saw he took off his socks/shoes and was trying to brand himself with it, we jumped up to intervene. We talked him down out of whatever dazed state he was in, and redirected him to something else.
This is the only thing I can think of during the time that I knew him that seemed really odd.
On the other hand, though, we all had tattoos, and scarification wasn't that far out of our realm of "normal".
[redacted] and I know [redacted] (famous as a member of the Jim Rose Circus, with his piercings, tattoos, scarification, implants, etc.). [redacted] used to be [redacted] roommate way-back-when, and [redacted] grandparents and my parents were once neighbours.
[redacted] had once taken a few runs at tattooing himself, so Iz trying to brand himself didn't actually seem that odd at the time.

In typing this to you, though, I also remember that Iz would distance himself from us every so often, even during a bbq/bonfire, and would start playing Rammstein (music). We'd let him go off into his own world and battle his own inner demons, and then he'd come back to us.
Everyone is screwed up in their own way, though, with their own baggage... but we never had a clue of all these things that have recently come to light about Iz's hidden life.

This was a photo snapped on a phone by [redacted] and I on the couch.
It was taken inside Iz's home (rented from [redacted], late on the evening of 29 Dec 2005.
One of just many times we hung out together at Iz's home, there. He renovated that place, adding on an extra room in the back for [redacted] (it was originally only one-bedroom). We did cookouts in the back/side yard all the time.
Especially while he was taking [redacted] Iz became a bit of a "foodie" and we discussed a lot about sauteeing mushrooms a certain way, trying out pinot noir wine and port wine, etc. He and [redacted] began collecting wines from places, and it was my understanding that they were doing winery tours in that process.

Here are more from that same 2006 outing. Maybe you can see something in them.

On Wed, Dec 12, 2012 at 6:18 PM, [redacted] wrote:
These were at Lake Ozette again. Once again, it was a day-trip. 24 Jun 2006.
We never did go camping with [redacted] or Iz... it was mostly hanging out at each others' homes. [redacted] and I lived on [redacted], Iz lived down off Front Beach, and [redacted] up on 200-Line. We also did football parties at [redacted] house. [redacted] and his girlfriend would also join us at the other homes occasionally. [redacted] would hang out with us when he was in town from Seattle, too.
Seems as though I remember that [redacted] had already taken a job in Alaska by this time, and that Iz was figuring out how to relocate there to be with her??

Looking at my other photos in this same folder, my parents were visiting in Neah Bay the weekend before, camping in their travel trailer at [redacted] property on [redacted]. I seem to recall that we ([redacted] Iz, and I) had a bbq/bonfire that weekend, too (but I'm not 100% certain).

b6
b7C

Was just talking with [redacted] Pretty sure it was our anniversary on 28 Mar 2005 that [redacted] came over, but Iz didn't. Our anniversary in 2004, we went to Vancouver, BC; and then our anniversary in 2006, we attempted to go to Victoria, but [redacted] was denied entry to Canada (for an old misdemeanor assault that didn't used to show up on border crossings before).

On Dec 12, 2012 6:43 PM, [redacted] wrote:
Thanks so much for all of this. If you and/or [redacted] can remember the year, that would be helpful. Also, what boating trip was it that the engine through a rod? Did he ever fix it after that? Thanks and I will stay in-touch.

[redacted]

From: [redacted]

Subject: Israel Keyes absent 28 Mar 2005/6

One year, on our ([redacted] and my) wedding anniversary, we were knocking around the house with no real plans, and [redacted] came over unexpectedly to hang out. We threw together a quick party.
That's standing out at me as an identifiable date, and now seems odd that Iz was *not* there with us.
In trying to remember what year that was, I'm not sure whether that was 2005 or 2006 (or maybe even 2004??), but it would have been the 28th of March. It was the night before a work day, though, as I believe all 3 of us had a "sick day" from work the next morning.

FD-302 (Rev. 5-8-10)

FEDERAL BUREAU OF INVESTIGATION

Date of entry 12/20/2012

On Thursday, December 19, 2012, [redacted], date of birth [redacted] b6 b7C [redacted] cellular telephone number [redacted] e-mail address [redacted] was interviewed in Neah Bay, Washington. After being advised of the identity of the interviewing Agents and the nature of the interview, [redacted] provided the following information:

[redacted] was asked about the condition of the 16 foot Bayliner boat that was owned by Israel Keyes. [redacted] recalled that the engine was operational when Keyes acquired the boat but that the boat did need a lot of work. [redacted] was not aware of anyone who helped Keyes with the re-build of the boat, noting that Keyes was very self-sufficient. [redacted] did not know where Keyes purchased the carpeting for the boat, but assumes he likely purchased it from Home Depot. Keyes kept the boat in the "shop" for some time and worked on it there. [redacted] was not sure when Keyes took the boat out for the first time, but believes it was likely when they went out to Lake Ozette with the boat in July of 2005. [redacted] was there with his son and his brother and his brother's wife. [redacted] was not sure if [redacted] was also on the trip.

[redacted] had no specific memory of Keyes boating on Lake Crescent but would not be surprised if he did, given that Keyes often drove that way to see [redacted]

[redacted] did recall Keyes and [redacted] fishing on Beaver Lake. However, Keyes was using his drift boat and was not in the 16' Bayliner.

When Keyes' outboard engine blew the following year while they were on Lake Ozette, [redacted] stated that Keyes never fixed the engine after this, noting that the engine was in the same condition when Keyes left him the boat when Keyes moved to Alaska.

[redacted] had no information regarding the cement anchors that Keyes had built.

[redacted] stated that [redacted] were two other Tribal employees who worked with Keyes and who may have information for investigators. [redacted] phone number is [redacted]

Investigation on 12/19/2012 at Neah Bay, Washington, United States (In Person)

File # 306-AN-15642 Date drafted 12/20/2012

by [redacted]

This document contains neither recommendations nor conclusions of the FBI. It is the property of the FBI and is loaned to your agency; it and its contents are not to be distributed outside your agency.

b6
b7C

[redacted] was shown a couple of pictures of various folding style, Cold Steel brand knives. [redacted] stated that Keyes, like his other co-workers, had many knives. [redacted] pointed out to the Cold Steel, Recon 1 model and stated that when he went up to visit Keyes in Alaska, Keyes handed him a model similar to that when they were camping. [redacted] explained that due to the security measures with the airports, he did not bring his own knives up with him. [redacted] used this knife during the camping trip and then returned it to KEYES when he left to fly back home. [redacted] showed Agents the knife that he regularly carries. It was a black colored folding knife with a Tanto style blade. It was not a Cold Steel brand however.

[redacted] recalled that they had some general conversations about bank robberies, but did not recall Keyes talking about any particular bank robbery.

[redacted] was asked about Keyes use of Funeral Leave. [redacted] did not recall Keyes taking much funeral leave and did not recall him taking it for his father's funeral. [redacted] expressed surprise when Agents told him that Keyes had taken funeral leave often, based on the records provided by the Tribe.

Agents informed [redacted] about Keyes use of caches and asked if he had any thoughts on where Keyes may have hidden some local caches. [redacted] stated that Keyes often worked on the various trails around the Reservation, including the Shi Shi Trail and the Cape Trail and thought that these would be logical areas.

[redacted] expressed surprise when he heard that Agents had discovered that Keyes was not always honest on his time and attendance sheets. [redacted] stated that because Keyes was good worker, Keyes was the employee he would often send to Home Depot and similar stores to purchase supplies and other items. [redacted] stated that these were the only occasions when Keyes would have been approved to be working away from the Reservation.

[redacted] had no information on why Keyes would have been down in the Long Beach, Washington area in January 2004.

[redacted] acknowledged that he and Keyes would sometimes travel out of town together. [redacted] stated that at the time, they were both dating women on the East side and that they would do a ride share together. [redacted] explained that he would drop off Keyes near Federal Way on these trips. [redacted] identified the woman that Keyes was dating at the time as [redacted]

[redacted] provided Agents with a drop folder containing items related to Keyes. The Agents noted a document showing that Keyes had taken a random, work related drug test at 9:25 AM on May 25, 2004. No other items of interest were noted.

FEDERAL BUREAU OF INVESTIGATION

Date of entry 12/20/2012

On Friday, March 30, 2012, [redacted] date of birth (DOB) [redacted] [redacted] was interviewed at her residence. Also present was [redacted] DOB [redacted] After being advised of the identity of the interviewing agents and the nature of the interview, [redacted] provided the following information:

b6
b7C

[redacted] hereinafter referred to as [redacted] recently moved back to [redacted] at the address above. [redacted] does not currently have her own cell phone, but can be reached via her mother's cell at [redacted] has been kept from knowing the extent of [redacted] (ISRAEL KEYES) criminal behavior, but has been told he committed suicide. [redacted]

[redacted] are planning a memorial service for KEYES in hopes that it will give [redacted] some closure. They do not have an exact date, but it will be after the holidays. Some time after that, [redacted] would like to sit down with investigators and provide what information she can, and to ask some questions about KEYES' criminal activity. [redacted] intends to check in her storage to see if she still has the computer she and KEYES used to share, and to look for any photographs and letters she may have kept. KEYES used to tell [redacted] that he was not a nice person and that he had a "black heart," but she did not believe him.

[redacted] asked the interviewing agents questions about the nature of KEYES' suicide in prison and expressed an interest in knowing the cause of death. [redacted] was not surprised KEYES committed suicide, only that it did not happen sooner. She knew he would not survive in prison because he was not the type of person who could be caged. KEYES had been trying to call [redacted] for over a month, and finally was able to talk to her a few days before his death. He was upbeat for [redacted] but when [redacted] spoke to him, she could tell he was depressed. [redacted] also received a letter

b6
b7C

from KEYES only days before the suicide. [redacted] felt it was a goodbye letter because he told her that he would always love her.

[redacted] was particularly concerned about a trip KEYES took during the holidays in December of 2001. She recalled the year because [redacted] in Neah Bay while KEYES took her son KEATON with him to visit family on the east side of the state. KEYES used her vehicle on the trip and since they kept their finances separate, would have used his own means to cover expenses.

[redacted] was asked if KEYES ever let her use his cell phone while they were together, or if he ever left it with her for any reason. [redacted] was emphatic that he was the only one who ever used that phone, and noted that even though it was a work (tribal) phone, he always had it with him because he was able to use it for personal calls as well.

FD-302 (Rev. 5-8-10)

General Records

FEDERAL BUREAU OF INVESTIGATION

Date of entry 12/20/2012

On Thursday, December 19, 2012, [redacted] date of birth [redacted] residence at [redacted] Neah Bay, Washington, cellular telephone number [redacted] was interviewed in Neah Bay, Washington. After being advised of the identity of the interviewing Agents and the nature of the interview, [redacted] provided the following information:

b6
b7C

[redacted] knew Israel Keyes from working for the Makah Tribe and has been following the media stories about Keyes ever since his arrest for the murder of the barista in Alaska.

[redacted] never had any concerns about Keyes and enjoyed working with him. [redacted] explained that his wife had concerns about Keyes and had a "bad vibe" about him. [redacted] explained that Keyes had come down from Alaska for a visit and was at a party at [redacted] house. During the party, they were sitting around a fire, drinking and Keyes and [redacted] wife got into a discussion about a rabbit. During this conversation, Keyes had apparently made a strange expression toward [redacted] wife resulting in the "bad vibe" that she has since felt about him.

[redacted] described a number of practical jokes that they played on Keyes, and that he played on his co-workers. [redacted] described Keyes as being good natured about these jokes and it appeared that Keyes enjoyed his job and his co-workers.

[redacted] had never been boating with Keyes but was familiar with his 16' Bayliner boat. [redacted] believed that the engine ran when Keyes got the boat. However it needed a lot of fixing up and [redacted] recalled that Keyes had re-upholstered the entire boat and put in new carpeting. [redacted] did not recall where Keyes bought the new carpeting from.

[redacted] had no information on when Keyes had made the cement anchors for the boat. [redacted] did recall that shortly after being hired by the Tribe, Keyes worked on a large project at the Farmers Market and had made some columns out of cement. [redacted] recalled that [redacted] had helped Keyes on this project and noted that [redacted] may have additional information for Agents.

b6
b7C

[redacted] had no information on any caches that Keyes may have hidden in the area. [redacted] noted that Keyes often worked alone and had built some brick outhouses near some of the area trail heads to include the Shi Shi and Cape Flattery trail heads.

[redacted] noted that Keyes had done a small, home construction project for him and his wife. [redacted] could not recall the exact time frame but stated that he would check with his wife and provide the dates at a later time.

Complaint Synopsis: (U) ISRAEL KEYES possible sighting in 2011

[redacted] b7E

Received On: 12/04/2012

Receipt Method: Telephone

Received By: [redacted] b6 b7C

Incident Type: Criminal Activity

Occurrences:
From: 01/01/2011 12:00 AM EST To: 05/31/2011 12:00 AM EDT

Complaint Details:

The information contained in this communication was received from a MC3 activation.

[redacted] called to provide the following information on 12/4/12, after seeing news of KEYES on the internet.

[redacted] alleges he had a brief encounter with ISRAEL KEYES approximately around January to May of 2011.

He remembers the encounter because the conversation was about the man's unique name. The location was at PARK BAR located on East 15th Street

UNCLASSIFIED

Title: (U) PAL2012-MC3 339[redacted]01
Re: 306-AN-15642, 12/07/2012

b6
b7C

at Union Square. The time of day would have been around 8pm to 9:30pm.

[redacted] was at the bar with a co-worker when a fairly drunk man butted into their conversation. They all introduced themselves and he gave the name ISRAEL KEYES and even showed identification because of his unusual name. KEYES said he had hippie parents, the reason for the weird name.

He was very observant; in the brief conversation, which lasted five to ten minutes, he said I bet you are a stock broker.

The man seemed fairly drunk at 9pm. KEYES stated he had also had mushrooms earlier in the evening. He was with a few friends that were asking him to come back with them and stop bothering people.

[redacted] described the man as white, about thirty years of age, with medium to dark longish shaggy looking hair.

Pre-Assessment Findings:

On 12142012 Task Force Officer [redacted] spoke telephonically with [redacted] still didn't recall the exact date in 2011 that he believed he meet ISRAEL KEYES in a bar in New York City. [redacted] has become even more confident that the individual he met was ISRAEL KEYES after everything he has read. [redacted] recalls that the person's License that he was shone was not a New York license, he couldn't say for sure it was an Alaska license either. [redacted] is going to research his financial records to try and find the exact date he was in that bar, he will re-contact TFO [redacted] if he finds that date.

Complaint Synopsis: (U) Tip for Israel Keyes, File #306-AN-15642

[redacted] b7E

Received On: 12/11/2012

Receipt Method: Telephone

Incident Type: Criminal Activity

Complaint Details:

The information in this communication was received from an MC3 activation.

[redacted] date of birth [redacted] Arlington, WA 98223, telephone number [redacted] reported interacting with a man he believes to be ISRAEL KEYES and multiple murders KEYES may have been committed. [redacted] did not have exact dates for the murders or for his interactions with the MAN he believes to be KEYES. b6 b7C

[redacted] believes KEYES to be involved in the murder of a 95 year old woman who was raped and killed with an axe in the early 90's in Washington. [redacted] knew the grandson of the woman and the grandson told [redacted] that the killer took the ladies camera. [redacted] picked up a MAN who he believes to be KEYES. The MAN was hitchhiking near Aberdeen, WA. The MAN showed [redacted] a camera and offered to sell it to him for a dollar. When [redacted] saw the camera he got suspicious and got out of the van and started walking

UNCLASSIFIED

toward the back. When he saw the MAN get out and move to the back of the van, [redacted] jumped back in the van and drove off. He said that the MAN looked like the pictures of KEYES, but that the MAN had fluffy brown hair. b6 b7C

Between 1992 and 2000, [redacted] lived in Aberdeen, WA; during this time, his girlfriend asked if a MAN could stay at his house for a few days. When [redacted] and his girlfriend were heading out for a day, the girlfriend asked if [redacted] could take the MAN home. The MAN showed [redacted] that he lived in a cabin north of Spokane, WA. [redacted] did not take the man home because he had a weird feeling about him. [redacted] believes that this man is KEYES.

[redacted] claimed that the same MAN that stayed at his house also had a house down the street from [redacted] residence in Aberdeen. The MAN's home had clothes and empty beer bottles everywhere and it gave [redacted] a bad feeling about the MAN. [redacted] also claimed that a girl was beaten, raped, and stabbed to death in the front yard of this MAN's house, estimating this to occur in 1997.

[redacted] believes that the same MAN committed another murder of a 14 year old girl that was shot in the head. This occurred in downtown Aberdeen at a park at 4th and B Street, around the same time as the girl that was killed in the MAN's yard.

[redacted] believes that KEYES was involved in the following murders: the seven Coast Guard employees killed in Seattle, WA at Lake Union in 1995; a man found killed by an axe on Queen Anne Hill the day after the Coast Guard murders; and two women killed above Grand Falls.

Synopsis: (U) To report information received from Essex, VT PD regarding attempted home burglary, in Richmond, VT, in late 1990s.

[redacted] b7E

Enclosure(s): Enclosed are the following items:
1. (U) An email from Det. Lt. [redacted] of the Essex, VT PD, dated 12/20/2012. b6 b7C

Details:

For the information of Anchorage, on 12/20/2012, writer received an e-mail from Detective Lieutenant [redacted] of the Essex, Vermont Police Department. The e-mail provided information regarding a phone call that Lt. [redacted] received, on 12/19/2012, from an attorney in Vermont, who reported an incident that occurred on an unknown date in the late 1990s during which there was an attempted home burglary at a residence in Richmond, Vermont. The phone lines were cut and the perpetrator was scared off by the home owner. Lt. [redacted] e-mail reads as follows:

"I received a phone call from [redacted] yesterday. He is an attorney living in Colchester. He called to tell me about an

Title: (U) Call to Essex PD re an attempted home burglary in Richmond, VT in late 1990s.
Re: 306-AN-15642, 12/21/2012

attempted home burglary which occurred in Richmond VT in the late 90's. He said that a male was interrupted trying to enter the residence of [redacted] who lived on the [redacted] As he relates the story, [redacted] interrupted this nighttime incident by yelling out the window and shining a flashlight on the perp. [redacted] yelled, "what do you want"? As the male perp was running away he replied, "you". When the police were summoned to the house they discovered that the phone line had been cut. Apparently [redacted] made the connection about the phone lines being cut and figured he would call. [redacted] records don't exist before 2003. I couldn't find the [redacted] to verify any of this. My guess is that Keyes was in the military in the late 90's..." b6 b7C

On 12/21/2012, writer reviewed a timeline for Israel Keyes which showed that Keyes was in the military from 7/9/1998 until 7/8/2001. The timeline shows that Keyes was residing in the state of Washington during the 1999 and 2000 timeframe. Keyes resided in Constable, New York, from the Fall of 1997 until he joined the military in July 1998. Without additional information, including the date of the attempted home burglary in Richmond, Vermont, there is no way to determine if Keyes could have been the perpetrator of this Vermont incident.

telephone address Mooresboro, NC, said she saw a man who looked like ISRAEL KEYES.

and her husband were at Hot Springs Resort, in North Carolina, in May 2011. After arriving at their cabin and unloading, they walked to town. They had gotten a drink and they noticed a couple who were walking back and forth. They both had backpacks. The woman stayed a few steps behind the man. They did not talk to each other. and her husband had started back to their cabin, when the couple approached them. The woman did not talk, the man asked them where they were staying and how they could find a place to stay. When they were done talking, and her husband started walking again, but stopped to go into a store. The couple had followed them in.

FBI Records: The Vault — Israel Keyes LastKnownContact.com Part 06: Pg 95 / 439

FD-302 (Rev. 5-8-10)

FEDERAL BUREAU OF INVESTIGATION

Date of entry 12/18/2012

On Tuesday, December 18, 2012, [redacted] date of birth [redacted] b6 b7C [redacted] residence at [redacted] Edmonds, Washington, cellular telephone number [redacted] was interviewed at a coffee shop located in Edmonds, Washington. After being advised of the identity of the interviewing Agents and the nature of the interview, [redacted] provided the following information:

[redacted] recalled that when Israel Keyes first got his Bayliner boat, it had a bad engine that Keyes needed to work on. In addition to the engine work, Keyes redid the wiring in the boat. [redacted] explained that Keyes had learned re-wiring from a Tribal dump truck and fuel truck that he worked on for the tribe. [redacted] had no specific information on where the carpeting for the boat came from or if Keyes had re-carpeted part of the boat at a later time.

When asked if he knew whether anyone would have helped him on his boat project, [redacted] identified [redacted] as someone who may have helped Keyes with the boat. [redacted] advised that [redacted] was the Lead Transit Driver in Neah Bay and [redacted] assumes that [redacted] is still living in there.

[redacted] stated that the "maiden" voyage of Keyes' boat took place in July 2005 on Lake Ozette. [redacted] advised that Keyes camped with [redacted] at the private campground located behind the beer store. [redacted] recalled that himself, [redacted] (formerly [redacted] were all there for the boating activities.

[redacted] had little information about Keaton Hawkins only commenting that he knew that Keyes did not approve of [redacted] parenting style with Keaton. [redacted] did not recall Keaton spending much time with Keyes.

[redacted] also recalled that [redacted] inherited a boat from her landlord. [redacted] did not think that the boat was used by [redacted] or Keyes and may have been just a salvage piece. [redacted] believed that [redacted] received this boat in the Fall of 2006 or the Spring of 2007.

Investigation on 12/18/2012 at Edmonds, Washington, United States (In Person)

File # 306-AN-15642 Date drafted 12/18/2012

by [redacted]

This document contains neither recommendations nor conclusions of the FBI. It is the property of the FBI and is loaned to your agency; it and its contents are not to be distributed outside your agency.

b6
b7C

[redacted] was shown a copy of a photograph of the anchor located within Keyes' Bayliner boat. [redacted] had no specific information on when Keyes would have made these type of anchors and noted that Keyes had an electronic tumbler so it would have been very easy for him to pour these cement anchors.

[redacted] had no memory of KEYES taking any solo trips with the boat or driving it over to the east side of Washington state. [redacted] further stated that one of the reasons why Keyes had purchased a larger pick-up (A Ford F-100) was to make it easier for pulling the trailer up to Alaska. The F-100 was purchased by Keyes just months prior to his move up to Alaska. Keyes also drove a black colored, quarter ton, Nissan pick-up, which had front end damage from hitting a deer. Keyes also drove a white colored, late 80's to early 90's GM sedan.

Besides Lake Ozette, [redacted] recalled Keyes once talking about taking [redacted] out fishing on Beaver Lake. [redacted] assumes that Keyes likely boated on Crescent Lake but had no specific information regarding Keyes actually being out there.

[redacted] was asked if he recalled what kind of knives Keyes owned. [redacted] could only recall that Keyes carried a Leatherman Wave tool, like he did. [redacted] was shown some catalog photographs of various models of Cold Steel brand knives. [redacted] pointed out the Voyager series with the 5" Tanto style blade and stated that he [redacted] owned one like that. [redacted] further stated that someone had used it to cut through wire and had badly damaged the blade. The knife had been sitting on his desk at work and when he cleared off his desk when he left the tribe, he noticed it was missing. [redacted] assumes that someone had taken it. [redacted] recalled that he purchased the knife from an on-line retailer.

[redacted] did not know when or from where Keyes got the Iver Johnson .22 pistol that he later left with [redacted] believed that it did not function very well and assumed that Keyes had always had it. [redacted] also knew Keyes to have owned a Ruger 10/22 rifle and a 30/30 caliber rifle. [redacted] did not know Keyes to have any holsters.

[redacted] was asked if he knew what Keyes may have purchased from Centurion Tactical. [redacted] did not know but stated that he [redacted] had purchased two tactical style hip holsters from Centurion.

[redacted] had no information on where Keyes may have hidden his caches in the Port Angeles area. [redacted] recalled that Keyes talked, in general, about his knowledge of caches and survival stuff. [redacted] believed that

b6
b7C

Keyes had learned this from his family. [redacted] stated that Keyes was in-charge of trail maintenance on the Reservation and would have had easy access to those areas.

[redacted] could not recall any specific trips that Keyes had taken out of the area. [redacted] did recall that Keyes would tell him that he and [redacted] were heading over to the east side of the State for wine tasting tours. [redacted] also recalled that after [redacted] left for Alaska and after [redacted] wife left, Keyes and [redacted] would take trips down to the Tacoma area, using the ride share program.

[redacted] was asked what he knew about Keyes' involvement with pipe bombs and other explosives. [redacted] stated that playing around with that stuff was common out on the Reservation because no one was around to know about it. [redacted] stated that he knew that Keyes played around with the powder based explosives but, to his knowledge, Keyes did not play around with the "anfo" based explosives. [redacted] had no direct knowledge of Keyes attempting to breach forest service gates or other structures with explosives. [redacted] did note that if Keyes wanted to do that, the Reservation would have been a target rich environment.

[redacted] was asked about his knowledge of Keyes' involvement in any bank robberies. [redacted] stated that Keyes talked about how easy it would be to rob a bank because the bank employees were trained to comply with the robber. [redacted] also recalled Keyes commenting that bank robbers did not even need a weapon to pull off a robbery, just a note.

[redacted] recalled bumping into Keyes once on the Kingston-Edmonds Ferry. They grabbed a beer and talked during the trip. Keyes told [redacted] that he had been out to see [redacted] and was heading back to the airport so he could fly back to Anchorage. [redacted] assumes that Keyes had a rental car because he was on his way to the airport afterwards. [redacted] believes that this occurred during the Summer or Fall of 2008.

FD-302 (Rev. 5-8-10)

General Records

FEDERAL BUREAU OF INVESTIGATION

Date of entry 01/03/2013

On Thursday, January 3, 2013, [redacted] cellular telephone number [redacted] was telephonically contacted. After being advised of the identity of the interviewing Agent and the nature of the interview, [redacted] provided the following information:

b6
b7C

[redacted] advised that her daughter, [redacted] has a new cellular telephone number. [redacted] believes that the number is [redacted] advised that [redacted] is baby sitting until Saturday and she does not know where [redacted] is at the moment. [redacted] stated that [redacted] has decided to post pone the memorial service for Israel Keyes for a year. [redacted] also advised that a reporter got hold of [redacted] cell phone number and was trying to talk her into to speaking with the reporter for a "nice piece" that they were going to do on Keyes.

[redacted] was asked about baby sitters who watched [redacted] when Keyes was living in Neah Bay. [redacted] advised that her other daughter use to live across from where Keyes and [redacted] were living and frequently watched [redacted] In addition, [redacted] and her husband also watched [redacted]

At the request of the Agent, [redacted] provided the cellular telephone number for her grandson, Keaton Hawkins. That number is [redacted]

FD-302 (Rev. 5-8-10)

FEDERAL BUREAU OF INVESTIGATION

Date of entry 01/03/2013

On Thursday, January 3, 2013, [redacted] cellular telephone [redacted] was telephonically contacted. After being advised of the identity of the interviewing Agent and the nature of the interview, [redacted] provided the following information: b6 b7C

[redacted] discussed the recent holidays and her decision to cancel the Israel Keyes memorial service which was planned to take place on January 21, 2013 in Neah Bay, Washington. [redacted] stated that she had not yet told Keyes' sister, [redacted] that she had canceled the memorial service but intended to call her today. The writer discussed with [redacted] the return of some personal items that belonged to her and [redacted] and made arrangements to meet in the near future. [redacted] expressed how difficult the media attention has been and how she is still trying to come to terms with everything.

[redacted] advised that she continues to be contacted by Keyes' Seattle based attorneys and stated the she is being told by them that she should not be talking with the FBI. [redacted] expressed her dis-trust and frustration with the Seattle attorneys and stated, that despite their recommendations, that she would like to meet with Agents and try to help the families of the other victims (yet to be identified). [redacted] again stated that she is suspicious of a trip that KEYES took in December 2001 and would like to talk to Agents about this trip.

[redacted] asked about the letter that was left behind in Keyes' jail cell, following his death. The writer advised that the letter did not contain any messages to the family but rather appeared to be a composite of victim poetry and anti-American rants. [redacted] expressed no further desire to learn of the note's contents and stated that she was not surprised that there was not a message to the family in it.

[redacted] stated that she did not know what happened to Keyes' computer and believes that he may have taken it back after they split up. [redacted] will look to see if she has any of Keyes' old banking statements or cell phone records.

Investigation on 01/03/2013 at Poulsbo, Washington, United States (Phone)

File # 306-AN-15642 Date drafted 01/03/2013

by [redacted]

FD-302 (Rev. 5-8-10)

FEDERAL BUREAU OF INVESTIGATION

Date of entry 01/04/2013

[redacted] date of birth (DOB) [redacted] home address [redacted] Johnstown, New York, 12095, home telephone number [redacted] mobile telephone number [redacted] was interviewed at the New York State Police Fonda Barracks. After being advised of the identity of the interviewing Agent and the nature of the interview, [redacted] provided the following information:

b6
b7C

[redacted] volunteers at the St. Johns Episcopal Church in Johnstown, New York. Every Sunday from 12:00-1:00 PM the church operates a program called Needy Or Alone and Hungry (NOAH). NOAH provides a free meal to anyone who comes to the church at the above specified time with no questions asked in regards to their socioeconomic status. The operation is staffed by teams of church members that cook and operate the kitchen for one Sunday, every 14 weeks.

[redacted] said that on Friday, December 28th, 2012 she was on Facebook and observed a post on the page Fulton County Living made by "NY-Johnstown". The post showed a picture of ISRAEL KEYES with long hair, wearing a jacket. [redacted] stated that she recognized the photo of KEYES as someone she had served multiple times in the past while volunteering at NOAH. On Sunday, December 30th, 2012, the Fulton County Living page had a link to a New York Post article discussing the KEYES case. Both the article and recognition of the picture prompted [redacted] to contact the New York State Police. (Writer was contacted on 12/31/12 by Investigator [redacted] of the New York State Police. Investigator [redacted] arranged this interview with writer, Special Agent [redacted], Investigator [redacted] and Investigator [redacted].

[redacted] stated that she remembered serving a male subject that she believed to ISRAEL KEYES approximately 3 to 4 times. [redacted] said that the last incident was when she volunteered at NOAH on 8/28/2011. She remembered that it was during a warm time of the year and that there may have been up to 3 more interactions with the subject prior to that date. The subject was described as being very polite and that he spoke with an unknown accent. [redacted] said that he was decently dressed, clean shaven and that he offered to serve and clean-up after himself. She could remember the table that he would sit at in the church, but not the other types of people he would sit

Investigation on 01/03/2013 at Fultonville, New York, United States (In Person)

File # 306-AN-15642 Date drafted 01/04/2013

by [redacted]

NARRATIVE

(U) [redacted] a woman caller identified herself as [redacted] She said the news release said anybody with any knowledge of the subject should call the toll free FBI Tip-line number. She used to live in AK and Mr. Keyes hung a door for her (construction) at one of her rentals in AK back in June 2010. She now resides in MI. I advised if she had any knowledge of the case at hand. She said she knew nothing although she had followed it in the news. She saw the name Israel Keyes and a contractor and felt she should call. NARRATIVE

(U) [redacted] Female caller identified self as [redacted] in Anchorage AK. This is probably a coincidence from her perspective. Back on the 03/01/12 she hired a new employee named [redacted] who migrated from Ft Hood, TX. On [redacted] second day at work he notified her he had issues with his room mate and was leaving to return to TX. He even said he had the money to make the trip back. She thought this was very strange because he took the job at Burger King (mimimum wage), worked a day and quit due to problems with his room mate and moved back to TX where Israel Keyes relocated and was captured for questioning in the Koenig case in Anchorage. [redacted] (FBI - Anchorage at Anchorage JOC) - 03/15/2012 06:42 PM AKDT] b6 b7C

NARRATIVE

(U)The caller takes pictures, seemingly at the request of Author Jim King (?) who says "take a lot of pictures". He goes for coffee to a coffee shop in Fairbanks a good deal. He says that he believes that he took pictures (video?) of a girl who looks like the possible victim and a guy who looks like Israel Keyes, leaving that coffee shop the evening of 02/02/12. The girl was in this guys blue Mercedes (?) Van. She was subdued and wouldn't talk but was mumbling something inside the car. It was inaudible to [redacted] at the time. To quote [redacted] she was acting freaky. She set in the middle of the back seat with her hands in her lap. This guy came out of the coffee, jumped in the van and drove off. Caller says he talked to a female in the FBI earlier about this. [redacted] says he isn't sure what to do with the pics. I advised that he

Residence Address: LAT: 0.0000 LONG: 0.0000
[redacted]
Individual is in the military.

NARRATIVE

(U) [redacted] indicated that he is in the military and used to live in Anchorage, Alaska. He stated that Israel Keyes did construction work for him on several ocassions from around 2009 until [redacted] and his wife moved and rented their house. [redacted] indicated that the last contact they had with Mr. Keyes was when they sent him a check in Oct/Nov 2011 because a tile had fallen from their bathroom and Mr. Keyes had to go in and fix it. [redacted] indicates that Mr. Keyes still has a key to the house in Anchorage. [redacted] indicated that both he and his wife were very comfortable with Mr. Keyes and thought he was a great guy. b6 b7C

The house in Anchorage owned by [redacted] is currently being rented. The address is [redacted] Ave., Anchorage, AK 99504. This person is also in the military and sometimes is not home. [redacted] (FBI - CJIS at FBI CJIS CC) - 03/16/2012 10:10 AM AKDT]

NARRATIVE

(U)Caller advised that she works at Alaska Healing Arts Chiropractic at the corner of Laurel and East 42nd in the vicinity of the Tudor and Lake Otis intersection. Caller advised Healing Arts has an employee parking lot in the rear of the building that is a cul-de-sac type lot, utilized only by employees. Caller advised that at approximately 5:45 p.m., one January evening shortly before the KOENIG abduction, she was the last employee to leave work. Caller left the building and was walking across the empty parking lot towards her car when a maroon Jeep Cherokee, license number beginning in "G", entered the parking lot, drove the length of the parking lot, backed up the entire way and parked directly next to her vehicle. Caller said the lone male occupant of the vehicle stared at her and watched her get in to her vehicle. Caller said she found it odd at the time and reported to her coworkers that a strange man was lurking in their parking lot and to be careful when leaving after hours. Caller said, after seeing a picture of KEYES in the Anchorage Daily News, she believes he was the occupant of the Jeep.[redacted](FBI - Anchorage at Anchorage JOC) - 03/23/2012 05:05 PM AKDT]

NARRATIVE

(U)Caller called to report "something suspicious" in backyard of [redacted] Anchorage, AK. Caller

FBI Records: The Vault — Israel Keyes LastKnownContact.com Part 06: Pg 155 / 439

stated there are snow covered vehicles in the backyard and around the time Samantha Koenig went missing, caller saw someone shoveling snow. Caller refused to give her name or call back number stating she was scared and that she could not say anymore over the telephone. Caller stated she did not want her name or telephone number associated with this. Caller refused to give anymore details but stated she would give more information if law enforcement found something. When asked how caller would know if law enforcement found something, complainant stated she could not talk anymore and hung up. Caller spoke with an accent. SA [redacted] copied the telephone number from the caller ID before caller hung up. [redacted] (FBI - Anchorage at Anchorage JOC) - 03/23/2012 05:38 PM AKDT] b6 b7C

Contact Method: Telephonic
Reporting Person: [redacted]
Male
Residence Address: LAT: [redacted] LONG: [redacted]
[redacted]
Ambridge, PA 15003
Contact Info: Cell Phone: [redacted]

NARRATIVE

(U)On Monday, 03/12/2012, as caller [redacted] was leaving the China House (local restaurant) located at 2316 Duss Avenue, Ambridge, PA, he came face-to0face in the doorway with the suspect who

FBI Records: The Vault — Israel Keyes LastKnownContact.com Part 06: Pg 159 / 439

was entering the restaurant. Suspect was described as having a specific walk--"slew" foot or rock foot clicking his heal and then ball of his foot heavily on the floor as he walked. As they passed, they looked directly at one another. After [redacted] went out the door, he turned around to find the suspect who had also turned and was staring at him. [redacted] said the stare-down between him and the suspect lasted a few seconds and it was obvious the suspect knew he had caught his attention or recognized him. As [redacted] left and entered the parking lot, he noted the same two cars were in the parking lot as when he entered so suspect may have parked across the street at the Co-Go's (convenience store). Caller indicated Co-Go's has security cameras which may have caught the suspect. Caller was "bothered" by the staring incident all evening. On the following morning, caller saw the suspect's mug shot on TV and realized the man he saw at the China House the previous evening may have been [redacted] The caller called the Harmony PD and reported the incident as soon as he saw the mugshot on TV. He also reported the incident to an Ambridge PD officer in person later that day while he was in the local community office.building. Caller advised that the owners/workers at the China House are new to the area within the last year and do not speak English well. [redacted] (FBI - CJIS at FBI CJIS CC) - 03/16/2012 07:03 AM AKDT] b6 b7C

Contact Info: Home Phone: [redacted]

NARRATIVE

(U)Caller [redacted] advised Israel Keyes had done carpenter work several times for him and and his wife during summer 2011 and then again in January. [redacted] advised that Keys was an excellent carpenter who was very competent, timely, and reliable. [redacted] advised that Keyes had agreed to replace some doors and trim molding and had removed one door and taken it to paint. In mid-December, [redacted] and his wife became concerned that they had not heard from Keyes. After the Christmas holidays, the [redacted] called Keyes several times and left messages. Since Keye was always timely in returning calls and they had not heard from him, [redacted] drove to his home to check on him, but no one was home. [redacted] advised that they had become friends with Keyes [redacted] and had invited them to dinner in their home several times. [redacted] indicated that Keyes had never given them any cause for concern or any indication of instability. [redacted] advised that a mutual acquaintance/friend told him that Keyes had split up with his girlfriend and that Keyes was not taking it well and was drinking. The last date the [redacted] saw Keyes was on January 28, 2012. [redacted] (FBI - CJIS at FBI CJIS CC) - 03/16/2012 09:05 AM AKDT]

NARRATIVE

(U) called because he saw the information to call if this person had ever worked for you. He stated that he found Mr. Keyes on Craigslist in 2009 because he needed some handyman work done on his cabin in . He spent a week there with Mr. Keyes while they fixed up his cabin. Then in 2010 he had Mr Keyes remodel a bathroom while they went to Mexico on vacation. During this time he had the run of the house. Mr Keyes came and left as he wanted. was shocked to hear the news this morning as he stated Mr Keyes is a very nice guy and couldn't imagine him being involved in this. He is shocked and anxious to see how it turns out. is living in Anchorage while working on the slopes, but he lives in St. Georges, UT as well. NARRATIVE

(U) [redacted] with many occasions to have personal contact with the family. On the holiday that the family took from 02/02/12 until 02/18/12 she watched their pug dogs. Israel [redacted] left on 02/02/12 and [redacted] on 02/03/12. [redacted] watched the dogs from 02/03/12 until 02/18/12. She was initially only supposed to watch until 02/15/12 but received notice from Israel the family was extending their vacation and not return until 02/18/12. The family apparently went to TX and LA. They took a cruise to Mexico and returned to TX to complete the trip. On 03/08/12 the Israel [redacted] left again for TX for a wedding. [redacted] stayed at home to take care of the dogs this time. [redacted] and really liked Israel. He was a nice guy, good carpenter and loving dad from what she knew. When Israel was working any distance from home he had [redacted] call hourly to his cell [redacted] I asked if she knew where [redacted] was and she said no. She said she was concerned but figured [redacted] [redacted] (FBI - CJIS at FBI CJIS CC) - 03/16/2012 05:45 PM AKDT]

NARRATIVE

(U)An anonymous female caller indicated she works for Spenard's Building Supply in Anchorage. They deal with many local contractors. Looking over some invoices, she noticed that Keyes purchased a lot of supplies in 2009 and 2010 and the first part of 2010, but then really tailed off in the second half of 2011. She said he had one major order on 9/23/11 however, where he purchased many large pieces of lumber, plywood, joists, beams, and several rolls of "hard to stick" tape. This order was delivered to Garage Town in Anchorage. She found this to be perhaps a little bit odd. She said that investigators might want to visit Garage Town. NARRATIVE

(U)Caller and his wife knew Israel Keyes and his partner [redacted] Israel completed handyman type work in the house they rented to him and their home. They were quick to recommend Mr. Keyes to friends looking

[redacted] 3/26/2012 b7E

FBI Records: The Vault — Israel Keyes LastKnownContact.com Part 06: Pg 185 / 439

for a trustworthy handyman to do work in their homes.

Mr. Keyes often worked in their homes without supervision/alone. They trusted him to do a good job based upon their experiences with him. They found him to be incredibly responsive and trustworthy.

They found Mr. Keyes to be professional and responsive to their contacting him via phone.

They never noticed Mr. Keyes to have workers. Mr. Keyes was dependable and did great work at resonable prices.

He was a very nice guy and a pleasure to do buiness with and to speak to.

A friend of theirs was planning on moving to AK in June and needed work to be completed in his home. Mr. Keyes started several projects but did not complete all of them. When the caller and/or their friend tried to contact Mr. Keyes they received no response from him - which they found to be odd because he had always been dependable and responsive to everyone they knew previously. This was several weeks prior to his arrest.

The caller and his wife are attorneys and are hoping the arrest of Mr, Keyes is in error. They neve saw any inappropriate behavior by Mr. Keyes [redacted] or other teenagers/nothing suspicious or out of place. b6 b7C

NARRATIVE

(U)The caller was reading comments written on an article about the Samantha Koenig case on the KTVA Channel 11 News website (www.ktva.com) when he saw one that seemed suspicious to him. It was written by someone using Anonymous as their name. Written on Wednesday, February 22, 2012 at 10:36pm "If the authorities get a change, check Mulato Drive in the small town of North Pole or any roads leading there." The caller thought this needed to be checked out because it didn't seem right to him and didn't fit in with the other posted comments. NARRATIVE

(U[redacted] called to advised that on February 5th she was watching the Superbowl with her boyfriend who decided to spend the night on the couch since they had had a few beers. [redacted] stated that at 1:40am she got up to go to the bathroom and when she went back to bed just as she closed her eyes she heard 2 gun shots. [redacted] stated that she looked at the clock and it was 1:44am and the gunshots came from the east towards Eddie's Sports Bar.

[redacted] stated she was looking at the information today and she remembered this incident and wanted to report it since it was unusual at the time and she stated she asked her boyfriend the next morning if he had heard the shots and he stated that he did hear the 2 shots at night.

[redacted] stated she was though the creek near her should be checked.

[redacted] stated she was positive of the date and time because it was her birthday. [redacted]

Case ID #: 306-AN-15642 (U) KEYES, ISRAEL
KOENIG, SAMANTHA, TESSLA
ET AL

Synopsis: (U) Anchorage is requesting [redacted] be located and interviewed in Wells, Texas.

[redacted] b7E

Details:

Israel Keyes, subject of captioned case, is suspected of the murder of approximately eleven people throughout the United States. Keyes was arrested on 3/13/2012 in Lufkin, TX for using the ATM debit card of Anchorage kidnapping/murder victim Samantha Koenig. After his return to Anchorage, Keyes talked with agents numerous times until he committed suicide in his jail cell on 12/2/2012. Prior to his death, Keyes admitted to the murder of Koenig and Bill and Lorraine Currier in Essex, Vermont. Keyes also provided information about five other homicides - four in Washington and one in New York. Keyes provided some details of the murder of these five victims but not enough to locate their remains.

Investigators believe they have identified the victim in the New York homicide. Prior to his death, Keyes provided some confirmation of

Title: (U) Lead to Lufkin to interview [redacted]
Re: 306-AN-15642, 01/07/2013

this victims identity. He also stated the victim is buried near Tupper Lake, New York along the Raquette River.

[redacted] and they reside in a religious community in Wells, Texas. [redacted] reportedly owns property in the Tupper Lake/Saranac Lake (adjoining towns) area and was friends with Keyes. b6 b7C

Anchorage is requesting that [redacted] be interviewed to determine the extent of his relationship with Keyes and obtain information about his property in New York. Anchorage requests agents talk to [redacted] about Keyes visiting him at his Tupper Lake property or having access to this property. Anchorage is interested in locating places in the Tupper Lake area that Keyes was familiar with in the event he returned to a familiar area to dispose of a victim. Anchorage Division identified two possible telephone numbers for [redacted] - landline [redacted] and cell [redacted]

Subject: Question-

b6
b7C

Hello,

Has VICAP compared Israel Keys to our 2006 unsolved murder of an elderly couple? Our case (06-3486) is in VICAP and I was curious if there was any connection noted. I was told that Keys confessed to murdering an elderly couple back east. Our case seems to have similarities, at least from the news accounts I have read.

Thank you for helping with this-

[redacted]

Washoe County Star

[redacted]

This what I was sent by my partner-

The "long shot" serial killer we talked about was Israel Keyes (WMA, aged 34). He committed suicide in jail December 1st in Anchorage, AK.

Reading about what he's confessed to in several media reports the double murder in Essex, VT were he just picked out a house with an elderly couple, cut the phone lines, kidnapped, shot and killed the two victims had me thinking about the Musalo double murder back in 2006 (WC06-3486).

I did notice in the news report that the FBI supposedly sent out a list of where he went on 35 different trips over the past 8 years, so I don't know if we've gotten it and dismissed the possibility of a case locally or we're not on the list.

I checked Tiburon and there's no listing for him under the name we have.

Here's a link to the ABC news story. http://abcnews.go.com/US/alaska-serial-killer-israel-keyes-committed-suicide-hidden/story?id=17883891

Again it's a long shot, but last time I check our case was going no where

Work History

1995-1997: Worked for a General Contractor by the name of Kelly Harris in Colville, WA. on a seven man crew. Building approximatly 6 duplex/spec. Stick frame and log homes a year.

1998-2000: Served three years in the Army Infantry and was stationed in Ft. Lewis, Ft Hood, and Sianai, Egypt. Honorable discharge in june 2000.

2001-2007: Worked for the Makah Tribal Council in Neah Bay, Wa. as the lead in their brand new Parks and Recreation dept. Built many trails, recreational buildings and assisted the public works department in times of need or emergency situations.Coordinated the purchase, maintenance, and operation of machinery and equipment including a pump truck and portable as well as permanent remote toilet facilities.Neah Bay is a very small village and my position with the Tribe and the projects that I completed for them gave me a excellent reputation with the locals.This allowed me the unique opportunity to do a wide variety of construction projects for many customers on weekends.

2007---Moved to Alaska and started my own business (Keyes Construction) And have yet to have a dissatisfied customer! Look forward to hearing from you.

DEPARTMENT OF THE ARMY

THIS IS TO CERTIFY THAT THE SECRETARY OF THE ARMY HAS AWARDED

THE ARMY ACHIEVEMENT MEDAL

SPECIALIST ISREAL KEYES

TO ALPHA COMPANY, 1ST BATTALION, 5TH INFANTRY

FOR meritorious service while assigned as a gunner and assistant gunner from 02 December 1998 to 08 July 2001 in the Alpha Company 60mm mortar section. SPC Keyes displayed fortitude, dedication and expertise during MFO rotation #38, the Battalion MORTEP and mortar live fire exercise and the Brigade Pre-Ranger Course. SPC Keyes' performance reflects great credit upon himself, the 1st Battalion, 5th Infantry and the United States Army.

NFIRS-2 Revision 01/19/99

FBI Records: The Vault — Israel Keyes LastKnownContact.com Part 06: Pg 229 / 439

I1 Structure Type ★
If Fire was In enclosed building or a portable/mobile structure complete the rest of this form

1 [X] Enclosed Building
2 [ ] Portable/mobile structure
3 [ ] Open structure
4 [ ] Air supported structure
5 [ ] Tent
6 [ ] Open platform (e.g. piers)
7 [ ] Underground structure (work areas)
8 [ ] Connective structure (e.g. fences)
0 [ ] Other type of structure

I2 Building Status ★

1 [ ] Under construction
2 [X] Occupied & operating
3 [ ] Idle, not routinely used
4 [ ] Under major renovation
5 [ ] Vacant and secured
6 [ ] Vacant and unsecured
7 [ ] Being demolished
0 [ ] Other
U [ ] Undetermined

I3 Building Height ★
Count the ROOF as part of the highest story

001 Total number of stories at or above grade

Total number of stories below grade

I4 Main Floor Size ★

NFIRS-3 Structure Fire

, 004 , 500 Total square feet

OR

, BY , Lenght in feet / Width in feet

J1 Fire Origin ★

[ ] Below Grade

001 Story of fire origin

J2 Fire Spread ★

1 [ ] Confined to object of origin
2 [ ] Confined to room of origin
3 [ ] Confined to floor of origin
4 [X] Confined to building of origin
5 [ ] Beyond building of origin

J3 Number of Stories Damaged By Flame
Count the ROOF as part of the highest story

Number of stories w/ minor damage (1 to 24% flame damage)

Number of stories w/ significant damage (25 to 49% flame damage)

Number of stories w/ heavy damage (50 to 74% flame damage)

001 Number of stories w/ extreme damage (75 to 100% flame damage)

K Material Contributing Most To Flame Spread

[ ] Check if no flame spread OR same as material first ignited OR unable to determine — Skip To Section L

K1 Item contributing most to flame spread

K2 Type of material contributing most of flame spread — Required only if item contributing code is 00 or<70

L1 Presence of Detectors ★
(In area of the fire)

N [ ] None Present — Skip to section M
1 [ ] Present
U [X] Undetermined

L2 Detector Type

1 [ ] Smoke
2 [ ] Heat
3 [ ] Combination smoke - heat
4 [ ] Sprinkler, water flow detection
5 [ ] More than 1 type present
0 [ ] Other _____
U [ ] Undetermined

L3 Detector Power Supply

1 [ ] Battery only
2 [ ] Hardwire only
3 [ ] Plug in
4 [ ] Hardwire with battery
5 [ ] Plug in with battery
6 [ ] Mechanical
7 [ ] Multple detectors & power supplies
0 [ ] Other _____
U [ ] Undetermined

L4 Detector Operation

1 [ ] Fire too small to activate
2 [ ] Operated (Complete Section L5)
3 [ ] Failed to Operate (Complete Section L6)
U [ ] Undetermined

L5 Detector Effectiveness
Required if detector operated

1 [ ] Alerted Occupants, occupants responded
2 [ ] Occupants failed to respond
3 [ ] There were no occupants
4 [ ] Failed to alert occupants
U [ ] Undetermined

L6 Detector Failure Reason
Required if detector failed to operate

1 [ ] Power failure, shutoff or disconnect
2 [ ] Improper installation or placement
3 [ ] Defective
4 [ ] Lack of maintenance, includes cleaning
5 [ ] Battery missing or disconnected
6 [ ] Battery discharged or dead
0 [ ] Other _____
U [ ] Undetermined

M1 Presence of Automatic Extinguishment System ★

N [X] None Present
1 [ ] Present — Complete rest of Section M

M2 Type of Automatic Extinguishment System ★
Required if fire was within designed range of AES

1 [ ] Wet pipe sprinkler
2 [ ] Dry pipe sprinkler
3 [ ] Other sprinkler system
4 [ ] Dry chemical system
5 [ ] Foam system
6 [ ] Halogen type system
7 [ ] Carbon dioxide (CO_2) system
0 [ ] Other special hazard system
U [ ] Undetermined

M3 Automatic Extinguishment System Operation
Required if fire was within designed range

1 [ ] Operated & effective (Go to M4)
2 [ ] Operated & not effective (M4)
3 [ ] Fire too small to activate
4 [ ] Failed to operate (Go to M5)
0 [ ] Other
U [ ] Undetermined

M4 Number of Sprinkler Heads Operating
Required if system operated

Number of sprinkler heads operating

M5 Automatic Extinguishment System Failure Reason
Required if system failed

1 [ ] System shut off
2 [ ] Not enough agent discharged
3 [ ] Agent discharged but did not reach fire
4 [ ] Wrong type of system
5 [ ] Fire not in area protected
6 [ ] System components damaged
7 [ ] Lack of maintenance
8 [ ] Manual Intervention
0 [ ] Other _____

OfficerID: Brich, Narrative
ON 02162012 AT 1416 I, OFC [redacted] WAS DISPATCHED TO 405 COMMERCE ST AZLE. TX 76020 NATIONAL BANK OF TEXAS IN REFERENCE TO A ROBBERY IN PROGRESS.

FBI Records: The Vault — Israel Keyes LastKnownContact.com Part 06: Pg 236 / 439

b6
b7C

WHILE EN ROUTE TO THAT LOCATION. AZLE POLICE DISPATCH ADVISED THAT THE SUSPECT WAS WEARING A WHITE CONSTRUCTION HELMET. A WHITE OR BLUE PAINTERS MASK. BLUE JEANS. AND CARRYING A GREEN BAG POSSIBLY IN THE AREA OF THE POST OFFICE (ADJACENT TO THE BANK).

SEVERAL AZLE POLICE OFFICERS WERE IN THE AREA TO LOCATE THE SUSPECT. BUT NO SUSPECTS WERE FOUND AT THE SCENE OR THE SURROUNDING AREA.

I THEN MADE CONTACT WITH ONE OF THE WITNESSES INSIDE THE BANK DURING THE ROBBERY, [redacted] W/F DOB [redacted]

[redacted] INFORMED ME THAT SHE WAS STANDING AT THE 2ND TELLER COUNTER FROM THE RIGHT TALKING TO HER MOTHER, [redacted] W/F DOB [redacted] WHEN AN UNKNOWN SUSPECT ENTERED THE BANK THROUGH THE FRONT DOOR. SHE DESCRIBED THE SUSPECT AS APPROX 6 FT. 165-170 LBS. WEARING A WHITE CONSTRUCTION HELMET. A WHITE OR BLUE PAINTER'S MASK. CANVAS WORK GLOVES. SUNGLASSES. FADED BLUE JEANS. WEARING WHITE SNEAKERS. HOLDING A STAINLESS HANDGUN IN HIS RIGHT HAND. SHE FURTHER DESCRIBED THE HANDGUN AS A SEMI-AUTOMATIC STAINLESS BUT BRUSHED DESIGN. AND ALSO THE BLACK PART OF THE BOTTOM OF THE MAGAZINE WAS WHICH WAS LOADED INSIDE THE HANDGUN.

[redacted] STATED THAT THE SUSPECT BEGAN YELLING TO EVERYONE INSIDE THE BANK TO GET ON THE GROUND.

[redacted] ADVISED THAT SHE SLOWLY LOWERED HERSELF TO THE FLOOR AS SHE DID NOT REALIZE AT FIRST THE BANK WAS BEING ROBBED.

[redacted] THEN STATED THAT THE SUSPECT NOTICED SHE DID NOT LOWER RIGHT AWAY. AND SO HE POINTED THE GUN DIRECTLY AT HER IN ORDER TO GAIN COMPLIANCE WITH HIS DEMANDS.

[redacted] ADVISED THAT SHE WAS IN FEAR FOR HER SAFETY.

THE SUSPECT THEN SHOUTED "NO ALARMS. NO POLICE CALLS. NO DYE PACKS. NO TRACERS!" TO THE EMPLOYEES.

[redacted] INFORMED ME SHE THEN BACKED HERSELF AGAINST THE WESTERN WALL INSIDE THE LOBBY NEXT TO THE COUNTER STILL SITTING DOWN WHERE SHE COULD OBSERVE THE SUSPECT.

SHE ADVISED THE SUSPECT ATTEMPTED TO GAIN ACCESS TO THE VAULT. BUT COULD NOT DUE TO THE FACT THE EMPLOYEES DID NOT HAVE ACCESS TO THE VAULT.

MEANWHILE. THE TELLERS PUT MONEY ON THE COUNTER.

THE SUSPECT THEN BEGAN PUTTING THE MONEY FROM THE COUNTER INTO THE GREEN

FBI Records: The Vault — Israel Keyes LastKnownContact.com Part 06: Pg 237 / 439

b6
b7C

CANVAS BAG USING HIS RIGHT HAND. STILL MAINTAINING CONTROL OF THE HANDGUN.

AFTER THE SUSPECT FINISHED PUTTING THE MONEY IN THE BAG, HE AGAIN STATED THAT IF ANYONE IN THE BACK ATTEMPTED TO CALL THE POLICE, HE WOULD RETURN.

[redacted] ADVISED THAT HE EXITED THROUGH THE FRONT DOOR AND TURNED TO THE RIGHT (WESTBOUND). AT THAT TIME NO ONE IN THE BANK KNEW WHERE THE SUSPECT WENT.

[redacted] ALSO ADVISED THAT THE SUSPECT DISPLAYED THE HANDGUN THROUGH OUT THE COMMISSION OF THE ROBBERY.

I ALSO SPOKE WITH AN [redacted] W/M DOB [redacted] AT CELL FIXX (CELL PHONE REPAIR STORE AT 404 COMMERCE ST) DIRECTLY ACROSS THE STREET FROM THE BANK.

HE INFORMED ME THAT AN APPROX 1232, HE OBSERVED A WHITE MALE WEARING A BLUE BUTTON UP SHIRT, BLUE JEANS, BLONDE "SHAGGY" HAIR, DRINKING AN ENERGY DRINK AND SMOKING A CIGAR ON THE EAST SIDE OF THE BUILDING FROM A CAMERA MONITOR FROM INSIDE THE STORE.

NOTE: THERE IS NO RECORDING FROM THAT CAMERA OF THE SUSPECT.

HE STATED IT WAS SUSPICIOUS DUE TO THE FACT NO ONE IS NORMALLY IN THAT AREA.

HE FURTHER STATED THAT THE WHITE MALE WAS STANDING NEXT TO A DARK COLORED SUV, POSSIBLY A KIA SOUL. HE ALSO ADVISED THAT BOTH LP'S WERE COVERED IN MUD. AND APPEARED TO BE ON PURPOSE AS NO OTHER PART OF THE VEHICLE WAS DIRTY.

I THEN SPOKE TO AN EMPLOYEE FROM THE BJ CLARK MACHINIST COMPANY ON PROFIT ST. [redacted] HISPANIC MALE DOB [redacted] WHO INFORMED ME THAT AT APPROX 1200 HE TURNED ON COMMERCE ST EASTBOUND (TOWARD FM 730 N). WHEN HE OBSERVED A RED FORD ESCORT APPROX 1995-1996 MODEL, PARKED BEHIND A DARK COLORED KIA SOUL NEXT TO THE CELL FIXX BUILDING.

[redacted] ADVISED THAT HE OBSERVED A W/M STANDING NEXT TO THE KIA SOUL SPEAKING WITH ANOTHER PERSON SITTING INSIDE THE KIA IN THE DRIVER SEAT.

[redacted] DESCRIBED THE W/M AS WEARING BLUE JEANS, BROWN BOOTS, A CREAM COLORED COWBOY HAT, A DARK BUTTON UP SHIRT, AND A BLONDE BEARD.

[redacted] BOTH FILLED OUT WRITTEN STATEMENTS WHICH ARE ATTACHED TO THIS REPORT.

ALL OTHER INFORMATION PERTINENT TO THIS CASE HAS BEEN FORWARDED TO THE FBI TASK FORCE, WHICH HAD MADE SCENE FOLLOWING THE INCIDENT.

While standing at [redacted] teller window, a gentleman came in through the front door. Wearing a white hardhat, blueish painters mask, canvas work gloves, glasses, light blue denim button down, jeans and white sneakers a man with a silver in color hand gun ordered everyone on the floor. Not realizing what was going on, I didn't get on the floor immediately. After the man pointed his gun at me, I slowly walked to the end of the teller line and sat with my back against the wall palms down. He ordered all the tellers to get on the floor. "No alarms, no police calls, no dye packs, no tracers. Place all of the money on the counter." After taking the money and putting it in a green canvas tote, he asked where the rest of the money is, and how to get into the vault. [redacted] told the man "We don't have access to the vault." The man asked where the rest of the tellers were and [redacted] told the man, "We are a small branch and these are all the employees." "Do not set any alarms or call the police or I will come back." Upon exiting the bank, the man walked to the right of the door and out of view.

Case ID #: 306-AN-15642 (U) KEYES, ISRAEL
KOENIG, SAMANTHA, TESSLA
ET AL

Synopsis: (U) Anchorage is requesting the assistance of the Dallas Division in releasing information to the media about serial killer Israel Keyes' activities in the Johsnon County/Cleburne, Texas area in February 2012.

[redacted] b7E

Enclosure(s): Enclosed are the following items:
1. (U) Proposed draft media release in the Johnson County, Texas area.

Details:

Israel Keyes, subject of captioned case, is suspected of the murder of approximately eleven people throughout the United States. Keyes was arrested on 3/13/2012 in Lufkin, TX for using the ATM debit card of Anchorage kidnapping/murder victim Samantha Koenig. After his return to Anchorage, Keyes talked with agents numerous times until he committed suicide in his jail cell on 12/2/2012. Prior to his death, Keyes admitted to the murder of Koenig and Bill and Lorraine Currier in Essex, Vermont. Keyes also provided information about five other

UNCLASSIFIED

homicides - four in Washington and one in New York. Keyes provided some details of the murder of these five victims but not enough to locate their remains.

Keyes traveled to Texas in February 2012 to visit family in the Wells, Texas area. This trip immediately followed the kidnapping and murder of Koenig on 2/1/2012. Keyes described being excited and full of adrenaline while in Texas. He left his family for several days with the intention of looking for another victim. During this 3 to 4 day period, Keyes admitted to burglarizing and setting a house on fire in Aledo, Texas and robbing a bank in Azle, Texas. Keyes became very evasive when asked about committing a murder. This avoidance continued during the months that investigators met with and interviewed Keyes. Keyes did admit to being in the Cleburne, Texas area and stated he got stuck in the mud with his rental car for several hours. He told family members that someone helped pull him out of the mud but denied this to law enforcement saying he got out himself. Agents found a photograph of Mapquest directions to Post Oak Cemetery in Glen Rose, Texas on Keyes cellphone. When questioned about this, Keyes laughed and said he thought he deleted the photos but offered no explanation. In other interviews, Keyes talked generally about where he went to look for victims and he mentioned cemeteries because people often visited them alone and it was a place he could by himself and not look suspicious. He also noted the caretaker sheds at cemeteries are easy to break into. For these and other reasons, agents believe Keyes may have murdered someone in Texas on this trip.

Anchorage is requesting the assistance of the Dallas Division/Ft. Worth RA in releasing information to the media in the Johnson County area about Keyes during this time frame in an effort to determine if anyone saw him or his vehicle or had an encounter with him. Anchorage Division has attached a proposed/draft media bulletin for Dallas to consider. Anchorage has utilized the 1-800-CALL-FBI tipline for this case throughout the country and it has worked well. That is an option

FBI PRESS RELEASE

Dallas Field Office

FBI • One Justice Way • Dallas, Texas 75220 • www.fbi.gov

For Immediate Release

FBI Requests The Public's Assistance

Diego Rodriguez, Special Agent in Charge for the Dallas Division of the Federal Bureau of Investigation (FBI) requests the public's assistance in developing information concerning the travels and activities of serial killer ISRAEL KEYES, deceased.

Investigators suspect Israel KEYES' rental vehicle became stuck in mud in a rural area in Johnson County, Texas, possibly near Cleburne, sometime between February 12 and 16, 2012. Investigators are seeking the identification of any person from whom KEYES may have obtained assistance or anyone else having contact with KEYES or his vehicle during that time. Keyes is also suspected of visiting Post Oak Cemetery in the Glen Rose, TX area during this time frame.

SERIAL KILLINGS - VIOLENT CRIMINAL THREAT

Date specimens received: December 5, 2012

The specimens listed below were received in the Questioned Documents Unit on December 12, 2012:

Q497-Q498 Two pages bearing illegible writing (1B648, E5202193)

Q499 Notepad (1B647, E5202194)

Results of Examinations:

No indented writing of significance was observed on specimens Q497 through Q499, although examinations were limited on Q497 and Q498 because of the condition of these documents.

Specimens Q497 and Q498 were photographed using specialized lighting and filters. Additionally, these specimens were washed to remove the staining and then recorded. Several printouts and enlargements have already been sent along with accompanying copies of images on two CD ROMs.

FBI Records: The Vault — Israel Keyes LastKnownContact.com Part 06: Pg 250 / 439

Remarks:

The submitted specimens will be returned under separate cover. The supporting records for the opinions and interpretations expressed in this report are retained in the FBI files. Date specimens received: September 13, 2012

The specimen listed below was examined in the Nuclear DNA Unit:

K5 Dried blood sample from [redacted] (1B197, E4824598)

This report contains the results of the nuclear DNA analyses.

Results of Nuclear DNA Examinations:

Specimen K5 [redacted] was subjected to deoxyribonucleic acid (DNA) typing by the polymerase chain reaction (PCR). The AmpFℓSTR® Identifiler® Plus PCR Amplification Kit was used for this analysis.[1]

1- Albany
Rutland RA
SA [redacted]

FBI Records: The Vault — Israel Keyes LastKnownContact.com Part 06: Pg 254 / 439

Based on the typing results from the amelogenin locus, female DNA is present in the DNA obtained from specimen K5 [redacted].

b6
b7C

Specimen K5 [redacted] was identified by the incoming communication from the contributor as the biological mother of the missing person, WILLIAM CURRIER.

The DNA typing results for specimen K5 [redacted] will be entered into the Relatives of Missing Persons Index of the Combined DNA Index System (CODIS). These results will be maintained by the FBI Laboratory for possible future comparisons.

No other nuclear DNA examinations were conducted.

Methods/Limitations:

The following methods and limitations apply to the results/conclusions provided in the results section(s) of this report and are referenced by number in the body of the text for clarity.

[1] The AmpFℓSTR® Identifiler® Plus PCR Amplification Kit includes the amelogenin locus and the autosomal STR loci (from non-sex chromosomes) D8S1179, D21S11, D7S820, CSF1PO, D3S1358, TH01, D13S317, D16S539, D2S1338, D19S433, vWA, TPOX, D18S51, D5S818, and FGA. The amelogenin locus is used for sex determination. Insufficient DNA quality and/or quantity can affect the ability to generate a DNA typing result and is not an absolute determination that an individual did not come into contact with an item of evidence.

FBI Records: The Vault — Israel Keyes LastKnownContact.com Part 06: Pg 255 / 439

Title: (U) Possible Israel Keyes Sighting in 2001-2002
Re: 306-AN-15642, 01/03/2013

I had a possible run-in with Israel Keyes out on the peninsula of Washington in late 2001 or 2002. I wavered on if I should write/call or not, because I'm not positive it was him and I didn't want to waste any of the Bureau's time if isn't something which assists- and it doesn't seem like this helps anybody out much. My mom, husband and best friend told me I should, though. So I hope that this is useful.

I paused at the Shell station in Clallam Bay to fill my gas tank at around 9:00 at night in either late 2001/early 2002 or possibly late 2002. There was a man in a truck who was parked in the strip mall there, and nobody else was around. I don't remember many details about the truck but I want to say it was a mid-sized truck- like an F150 size, maybe a little bigger. When I left, I was surprised to see him pull out onto highway 112 behind me. At the junction of 112/113, I kept on 112 and headed east. He took the same route. For the next forty miles, he would pass me when he could and then slow down in front of me... very slow. To about 5 miles per hour, and look in his rear view mirror at me. He stopped several times in our lane, and I was forced to pass him. The final time he pulled in front of me, he got out of the truck and stood beside his driver's side door and looked back at me. I remember he was notably tall (above 6'0, below 6'3, I'd say), and he was slender to average build, but I don't remember his face. It was very dark, and raining, and cold. He raised his hand as if to wave me to stop and I drove past him, though he stepped toward my car. He did not seem drunk- didn't drive erratically aside from trying to get me to stop, and when he got out he seemed sure-footed. He followed me for another several miles but didn't try to pass again. He got close enough that I could not see his headlights any longer. I raised my cellphone and illuminated it, waved it in the window so he could see I had a phone. I had no service but I pretended to call on it. We reached a pull-out right before highway 101 intersects with 112 just west of Port Angeles. He pulled over on the north side of the road, turned around, and headed back west, toward Clallam Bay. I did not get the license plate number, as I was extremely shaken and had no pen/paper on hand without having to take my eyes off of whatever he was doing. I checked

Title: (U) Possible Israel Keyes Sighting in 2001-2002
Re: 306-AN-15642, 01/03/2013

my vehicle in Port Angeles for anything wrong with it- there was nothing legitimate to flag me over for that had anything to do with my car malfunctioning. I didn't call the police because I figured they'd just discount it as a drunk or laugh at me for being paranoid or something. At the time, I would have been 19 or 20, an average-built female who is 5'5".

The dates I have it narrowed down to would be (roughly) November 2001 - (roughly) April 2002, or possibly between September and December 2002. I took frequent trips out to the area and can't remember specific dates for this incident. Between 2000 and early 2003, I lived part-time in Seiku and spent a lot of time between Neah Bay and Lake Ozette hiking.

Again, I hope that somehow this information is useful in some way.

Thanks for your time,

Pre-Assessment Findings:

On 01/03/2013, SA [redacted] telephonically contacted [redacted] to discuss her e-mail. [redacted] reported that [redacted] and therefor does not remember the face of the man she reported on above. [redacted] became familiar with the Israel Keyes case through the news media and considered that the incident she described above could have been Keyes based on the location and the timeframe. She thought that the color of the truck may have been dark green. [redacted] discussed the matter with her mother who recalled the incident happening in late 2001 or early 2002. [redacted] kept an online journal on livejournal.com, but is not sure if she wrote about the incident at the time, and has not been able to remember the password to access it. [redacted] has some

FBI Records: The Vault — Israel Keyes LastKnownContact.com Part 06: Pg 259 / 439

storage boxes she will look through to see if she can find the password or any other references she may have which could help her to more accurately pinpoint the timeframe of the above incident.

[redacted] will re-contact the writer in the event she can come up with any further details to help limit the timeframe. b6 b7C

Recommended Action: File to Existing Case

Subject: Possibly Israel Keyes in Neah/Clallam Bay 2001-2002?

To whom it may concern;

I had a possible run-in with Israel Keyes out on the peninsula of Washington in late 2001 or 2002. I wavered on if I should write/call or not, because I'm not positive it was him and I didn't want to waste any of the Bureau's time if isn't something which assists- and it doesn't seem like this helps anybody out much. My mom, husband and best friend told me I should, though. So I hope that this is useful.

I paused at the Shell station in Clallam Bay to fill my gas tank at around 9:00 at night in either late 2001/early 2002 or possibly late 2002. Victim Recovery Team
Search Report

October 23-24, 2012

Background

FBI Records: The Vault — Israel Keyes LastKnownContact.com Part 06: Pg 264 / 439

As reported to the Forensic Canine Program, this case relates to the investigation of suspected serial killer Israel Keyes. Keyes has been arrested in relation to the 2012 abduction and homicide of Samantha Koenig in Anchorage, Alaska.

Subsequent to his arrest, Keyes admitted to the homicide of Koening, as well as the 2011 homicides of Bill and Elaine Currier, in Vermont.

Keyes further alluded to committing multiple homicides over a period of the last fourteen years.

Keyes owns a property at 511 Poplar Street, Constable, New York, a ten acre farm which includes a dwelling house and two outbuildings to which the suspect had access.

On October 23-24, 2012 the Victim Recovery Team (VRT) provided search assistance in the coordinated search phase of the investigation. The following is the VRT search report.

Summary of Canine Search Results

511 Poplar Street, Constable, New York

FBI Evidence Response Team Unit, Forensic Canine Program, Victim Recovery Dogs `Morse' and `Missy' supported by ERT search teams, were utilized in the search of the ten acre site.

The dwelling house and two outbuildings were searched with no positive final responses forthcoming.

The remaining acreage of forest was searched in gridded sections with no positive final responses forthcoming.

The Human Blood Detection Dog was utilized to screen a number of items of property found at the site as well as areas of interest at the site with no positive final responses forthcoming.

Methods

The Victim Recovery Dog (VRD) is trained, blind and double blind proficiency tested and certified, to detect the odor of decomposing human remains, human bone, teeth and human blood to a very low residual odor threshold. The VRD's are deployed off-leash under the directional control of the handler. The VRD's are trained to offer an identifiable positive final response when in the presence of human decomposition odor.

The VRD's are trained, proficiency tested and certified not to offer a final response in the presence of other distracter odors including that of animal decomposition.

In the absence of human blood, positive responses by the VRD tend to suggest the presence of human decomposition.

The Human Blood Detection Dog (HBDD) is trained, proficiency tested and certified to detect dry human blood. The low threshold detection capability of the dog enables it to detect such small quantities of dry human blood that may be invisible to the naked eye. The HBDD is

FBI Records: The Vault — Israel Keyes LastKnownContact.com Part 06: Pg 265 / 439

deployed off leash under the directional control of the handler. The HBDD is trained to offer an identifiable positive final response indicating the location of dry human blood.

The HBDD is trained, proficiency tested and certified not to offer a final response in the presence of other distracter odors including that of animal blood.

The VRD and HBDD are trained to generalize human decomposition and human blood odor. The dogs do not respond to the odor of an individual deceased person but to generic human decomposition. Additionally, Human decomposition odor and human blood may be transferred from person to object and object to object. As such, all positive final responses must be thoroughly investigated to determine their relevancy. Odor may be present in or on items associated with a crime or may have a plausible and innocent explanation.

The VRD and HBDD are deemed to be proficient and considered presumptive test resources, *(reasonable basis for belief or acceptance)*. As such all positive final responses must be thoroughly investigated to determine their relevancy and must be interpreted by the application of forensic corroboration, anecdotal witness evidence and case intelligence.

The VRD and HBDD training, proficiency testing and certification records are available if required. They indicate that the dogs were performing proficiently prior to and following deployment in this case.

The Daily Deployment Log Summaries are attached.

The information contained in this report is true and correct to the best of my knowledge.

Reference: Communication dated October 15, 2012

Your No.:

Title: ISRAEL KEYES;
SAMANTHA TESSLA KOENIG - VICTIM;
ET AL;
SERIAL KILLINGS - VIOLENT CRIMINAL THREAT

Date specimens received: October 16, 2012

The specimens listed below were examined in the Latent Print Operations Unit:

Q260 Knife (1B148, E5123308)

Q261 Sheath (1B148, E5123308)

This report documents the friction ridge print examinations.

Results of Examinations:

The requested latent print examinations were conducted, but no latent prints of value were detected.

Methods:

Items of evidence submitted to the Latent Print Operations Unit for examination may be examined visually, examined with various light sources, and/or processed with chemicals and

FBI Records: The Vault — Israel Keyes LastKnownContact.com Part 06: Pg 271 / 439

powders to detect the presence of latent friction ridge prints. The specific sequence of examinations and processes depends upon the nature of the evidence.

Friction ridge print examinations are conducted using the Analysis, Comparison, Evaluation, and Verification methodology (ACE-V), which includes an assessment of the quantity and quality of the information present. The steps of ACE-V are applied to each examination as appropriate.

Analysis is the assessment of a friction ridge print to determine if sufficient reliable details are present to conduct a comparison with another print and to reach an identification conclusion. If these conditions are met, the print is determined to be of value.

Comparison is the direct side-by-side observation of friction ridge prints of value to determine whether or not the information in two prints is in agreement.

Evaluation is the formulation of a conclusion based on the information gathered during the analysis and comparison of the friction ridge prints.

Conclusions that can be reached are as follows:

- Identification - the determination that there is sufficient quality and quantity of detail in agreement to conclude that two friction ridge prints originated from the same source.

- Exclusion - the determination that there is sufficient quality and quantity of detail in disagreement to conclude that two friction ridge prints did not originate from the same source.

- Inconclusive - the determination that corresponding areas of friction ridge prints are absent and/or unreliable and therefore cannot be identified or excluded.

Verification is the independent application of the analysis, comparison, and evaluation phases of the ACE-V methodology to a friction ridge print by another examiner.

FBI Records: The Vault — Israel Keyes LastKnownContact.com Part 06: Pg 272 / 439

Interpretations:

Due to the many factors involved in the deposition of a friction ridge print, neither the absence of a friction ridge print on evidence nor the exclusion of a friction ridge print with a given source disassociate that source from having touched the evidence.

Remarks:

For questions about the content of this report, please contact Physical Scientist/Forensic Examiner [redacted] at [redacted]

b6
b7C

For questions about the status of your submission, including any remaining forensic examinations, please contact Request Coordinator [redacted] at [redacted]

The specimens are being returned under separate cover. The supporting records for the opinions and interpretations expressed in this report are retained in the FBI files.

From: [redacted] **Trooper III, THP, Jacksonville**

Subject: **Israel Keyes death notification**

1. I Trooper [redacted] was on routine patrol Sunday, December 2, 2012 approximately 11:09 am. I received a call from Lufkin Communications in reference a death notification.
2. I contacted Ranger [redacted] approximately 11:11 am. Ranger [redacted] gave information, per email, pertaining to next of kin to be notified and location of next of kin.
3. I arrived in Wells and located [redacted] Israel Keyes mother, at her residence, [redacted]
4. [redacted] was notified of her son's death approximately 11:45 AM.
5. [redacted] put her head down and asked if she could pray for a moment. She walked to the corner of her home and stood there silent with her head down for several minutes.
6. Several people from the house next door exited and stated they were her Church family.
7. [redacted] returned to my location and asked for details of Israel Keyes death. I explained to her I did not have the details of his death and she was asked to contact Deputy US Marshal [redacted] for more information. [redacted] was given Deputy US Marshal [redacted] contact phone number along with Ranger [redacted] contact information.
8. I ensured [redacted] would be taken care of and comforted by her Church family and left the residence.

Package Copy: (U) Being sent under separate cover is a 1A envelope containing the original interview notes regarding the interview of [redacted] b6 b7C

Details:

As requested in Lead 63, on January 17, 2013, writer interviewed [redacted] who was accompanied to the Lufkin Resident Agency by his wife, [redacted] stated he met ISRAEL KEYES for the first time in February, 2012, during KEYES' visit to Grand Prairie/Wells, Texas. [redacted] saw KEYES for the second and last time in March, 2012, when KEYES traveled to Wells, Texas, to attend [redacted] and [redacted] wedding. KEYES was arrested by Texas authorities during that visit.

[redacted] was born and raised in Saranac, New York, and currently owns property there; however, although the KEYESes at one time lived

UNCLASSIFIED

approximately 30 miles from [redacted] in Constable/Tupper Lake, New York, and KEYES owned property there for the past several years, [redacted] did not know any member of the KEYES family until March, 2011, when [redacted] moved from New York to Grand Prairie, Texas. In [redacted] brief encounters with ISRAEL KEYES, they did not discuss [redacted] property in New York, and to [redacted] knowledge, KEYES was not aware [redacted] owned the property and never visited the property. KEYES also did not discuss with [redacted] any areas around Tupper Lake which he may have visited or frequented. (The details of the full interview with [redacted] are contained in an FD-302.)

A the request of SA [redacted] on Tuesday, January 15, 2013, writer delivered to [redacted] a packet of letters written by KEYES family members to KEYES during his incarceration in Alaska, along with a copy of the note (and transcript of the note) written by KEYES and recovered from KEYES' cell on the day KEYES committed suicide. While visiting with [redacted] she indicated she had not read or heard any media reports regarding KEYES' criminal activities as she did not receive the newspaper, did not own a television, and did not know how to use a computer. [redacted] did not want to ask her children or church members to obtain news articles for her; however, she desired to read news releases and other information regarding KEYES' criminal activity. Until writer's visit, [redacted] was only aware that KEYES had committed the murders of SAMANTHA KOENIG and the CURRIERs and was unaware that KEYES had likely committed additional murders. [redacted] indicated she had visited with KEYES' defense attorneys on a number of occasions since KEYES' death. The attorneys provided [redacted] with no information regarding KEYES' crimes, and they discouraged her from cooperating with law enforcement in this matter. However, [redacted] indicated a desire and willingness to assist law enforcement in any way possible in identifying additional KEYES victims.

After consulting with SA [redacted] writer printed recent press releases and approximately five or six news articles regarding the abductions and murders of KOENIG and the CURRIERs, as well as a press release requesting the public's assistance in identifying KEYES' first

FEDERAL BUREAU OF INVESTIGATION

Date of entry 01/17/2013

b6
b7C

[redacted] and his wife, [redacted] voluntarily appeared at the Lufkin, Texas, office of the Federal Bureau of Investigation (FBI), at which time they were advised of the identity of Special Agent (SA) [redacted] FBI, Dallas Division - Lufkin, Texas, Resident Agency. Joining the interview shortly after its start was Texas Ranger [redacted] Lufkin, Texas. [redacted] provided the following information:

[redacted] grew up and lived until the age of 23 in Saranac Lake, New York, approximately 30 miles from Tupper Lake, New York. Approximately four years ago, while in New York City, [redacted] met several men who were preaching the Gospel of Christ on the sidewalk. Through his association with the men (whom [redacted] referred to as elders), [redacted] became a Christian. At that time the men had no established church, but God led the elders to Arlington/Grand Prairie, Texas, where they established the Church of Arlington. [redacted] (along with [redacted] moved to Grand Prairie in March, 2011, at which time [redacted] became acquainted with [redacted] and several of her family members, including [redacted]

[redacted] stated her father purchased a piece of property near Tupper Lake, New York (specifically in Constable, New York) several years ago, and upon her father's death, her father willed the property to her brother, ISRAEL KEYES. [redacted] and her family only lived on the property for approximately one year (during an unrecalled time frame). [redacted] reiterated that although [redacted] grew up near Tupper Lake, New York, he had not met and did not know any of the KEYES family until March, 2011.

The first time [redacted] met ISRAEL KEYES was in February, 2012, when KEYES visited Grand Prairie, Texas. To the best of their recollection, KEYES and [redacted] arrived in Grand Prairie on a Saturday, at which time they had dinner with [redacted] and other family members. KEYES was driving a Kia Soul-type vehicle, color unrecalled. During the evening [redacted] had discussions regarding God with KEYES, as well as general conversation. They discussed topics such as the weather, fishing and hunting, and the cruise from which KEYES had just returned.

This document contains neither recommendations nor conclusions of the FBI. It is the property of the FBI and is loaned to your agency; it and its contents are not to be distributed outside your agency.

FBI Records: The Vault — Israel Keyes LastKnownContact.com Part 06: Pg 284 / 439

b6
b7C

KEYES indicated he was planning to move back to the lower 48 states and told [redacted] he had brought several guns with him on the February, 2012. [redacted] offered to keep the guns for KEYES; however, KEYES indicated he preferred to bury the guns somewhere in Texas. KEYES stated he brought the guns with him from Alaska because it would be easier to fly them to Texas than to drive them through Canada during his move. [redacted] never saw the guns but assumed they were hunting rifles. [redacted] indicated if he had seen KEYES in possession of handguns/pistols, he may have questioned why KEYES had those types of weapons. [redacted] stated he now knows KEYES used handguns during the commission of his crimes and that he buried guns and other items associated with his crimes.]

KEYES remained in Grand Prairie on Sunday, continuing to visit throughout the day. On Sunday evening, [redacted] and others went to a church meeting, and KEYES [redacted] stayed at the house. [redacted] recalled that at some point while visiting with KEYES about KEYES' salvation, KEYES told [redacted] words to the effect, "You don't know who I am and what I have done." At the time KEYES made the statement, [redacted] did not even consider that KEYES was involved in violent crimes.

KEYES was supposed to visit the family in Grand Prairie for three or four days; however, KEYES disappeared on Monday, leaving a note on his bed stating he would be gone for a while looking for a place to bury his guns. [redacted] were in the process of moving to Wells, Texas, and they left Grand Prairie prior to KEYES returning to the house. They later learned KEYES had been gone for two or three days, claimed he got his car stuck, and had to be picked up near Cleburne, Texas, by [redacted] (who was possibly accompanied by [redacted].

Upon their arrival in Wells, Texas, during the week of February 13, 2012, [redacted] moved into a rented house on 6th Street. Later that week, KEYES [redacted] stopped at the rent house in Wells on their way from Grand Prairie to Houston to catch a flight back to Alaska. KEYES patched a nick in the windshield of his rental car while at [redacted] house in Wells.

[redacted] did not note anything unusual or out of the ordinary in KEYES' behavior during the February, 2012, visit. [redacted] never looked in KEYES' vehicle, and he did not see KEYES with any tools, a white hard hat, or anything else which would have been unusual for him to have. [redacted] stated there was a shed beside the house in Grand Prairie, and if KEYES took anything from the shed during the February, 2012, visit, [redacted] was unaware of it.

KEYES returned to Texas for [redacted] wedding in

b6
b7C

March, 2012, at which time KEYES was arrested by Texas authorities. Again, during the March, 2012, visit, [redacted] did not note anything unusual or out of the ordinary in KEYES' behavior.

[redacted] traveled to Maine in September, 2012, for the purpose of selling [redacted] property. While there, they drove to Saranac and Constable, New York. [redacted] visited KEYES' property in Constable, which was the first and only time [redacted] had ever been on the property. The house on the property was in severe disrepair, with the doors falling off and windows broken out. They explored the house for a while, looking through books, etc., and other than possibly someone vandalizing the property, the house looked as though no one had been in it or inhabited it for a long time. In fact, it was their opinion the house was uninhabitable. The only items [redacted] removed from the property were a couple large cans of corn.

[redacted] reiterated he first met ISRAEL KEYES in February, 2012, and had limited contact with him during that visit and KEYES' subsequent visit in March, 2012. At no time did [redacted] and KEYES discuss the fact that [redacted] owned property near Tupper Lake, New York. The only hunting/fishing stories KEYES told [redacted] related to KEYES' fishing experiences in Alaska. KEYES did not discuss with [redacted] any areas around Tupper Lake he may have frequented or visited for hunting, fishing, camping, or any other purpose.

Synopsis: (U) Response to email from Wyoming Division of Investigation regarding homicide cases

[redacted] b7E

Enclosure(s): Enclosed are the following items:
1. (U) Email re: Wyoming Homicide Cases

Details:

On January 9, 2013, Criminal Intelligence Analyst [redacted] with the Wyoming Division of Investigation contacted Special Agent [redacted] regarding three Wyoming homicide cases to compare to the timeline of Israel Keyes. b6 b7C

SOS [redacted] responded by e-mail to Analyst [redacted] regarding the three cases. The first two cases, Keyes can be placed in Anchorage by means of financial records. For the third case, a specific date was not given for the month of April 2007. Keyes was in Alaska until April 24, where he then flew to Oakland, California, traveled to Washington state, and returned to Anchorage on May 4. SOS [redacted] advised Analyst [redacted] that if she had more specific information on the April 2007 murder and it was during the time that Keyes was out of state, further research will be done on that trip.

Subject: Cases to possibly review

Hi [redacted]
Here are some possible cases to compare to Israel Keyes so far. The requests are still out there:

1. [redacted] has not been seen or heard from since 4 pm on Saturday, September 19, 2009. [redacted] is a [redacted] year old white female, approximately 120 pounds, five foot five inches tall with brown hair and green eyes. [redacted] may be wearing a wig, glasses and or other disguises. She was last seen wearing an off-white Cloudveil fleece hooded sweatshirt. [redacted] left the resort she was staying at on foot and has not returned for her vehicle. She may be using public transportation, taxi services, a driving service (limo, etc) or out of areas transportation services as a means of transportation.

[redacted]

2. Black Lexus sedan [redacted] found on 09/26/2010 on Craig Pass, located on the lower grand loop road of Yellowstone National Park, WY. Registered owner [redacted] Multiple searches and investigation ensued by National Park Service with no leads. Reference case #12-5951. [redacted] was last seen by family in Burtonsville, MD. It is believed he embarked on a cross country trip.

[redacted]

3. In April 2007, another hitchhiker was found dead on a side road off Highway 191 in Sublette County, north of Rock Springs. Investigators there say 54-year-old Richard Nystrom, a transient from California, was killed by "blunt-force trauma" to the head. Nystrom was found with cash in his pockets.

SITUATIONAL INFORMATION REPORT
FEDERAL BUREAU OF INVESTIGATION
Activity Alert
Portland Division

06 December 2012

SIR Number: SIR-00000005018

(U//~~FOUO~~) Alaska Serial Killer Israel Keyes Admission to Assaulting Young Female in Central Oregon

SOURCE: (U//~~FOUO~~) An FBI agent.

(U//~~FOUO~~) FBI Comment: Due to the subject's travel, residence in multiple states, and propensity for criminal activity, including kidnapping and murder, the FBI is attempting to identify additional crimes committed by Israel Keyes.

(U) On 13 March 2012, Keyes was arrested in Lufkin, Texas, for the kidnapping and murder of Samantha Koenig. The victim's remains were recovered in Matanuska Lake, Alaska. Subsequent to

(U) LAW ENFORCEMENT SENSITIVE: The information marked (U//LES) in this document is the property of the Federal Bureau of Investigation and may be distributed within the federal government (and its contractors), US intelligence, law enforcement, public safety or protection officials and individuals with a need to know. Distribution beyond these entities without FBI authorization is prohibited. Precautions should be taken to ensure this information is stored and/or destroyed in a manner that precludes unauthorized access. Information bearing the LES caveat may not be used in legal proceedings without first receiving authorization from the originating agency. Recipients are prohibited from subsequently posting the information marked LES on a website on an unclassified network without first obtaining FBI approval.

(U) Warning: This is an information report, not finally evaluated intelligence. It is being shared for informational purposes but has not been fully evaluated, integrated with other information, interpreted or analyzed. Receiving agencies are requested not to take action based on this raw reporting without prior coordination with the FBI. Unless a conviction in a criminal proceeding occurs, a presumption of innocence exists for any person being reported on in this report.

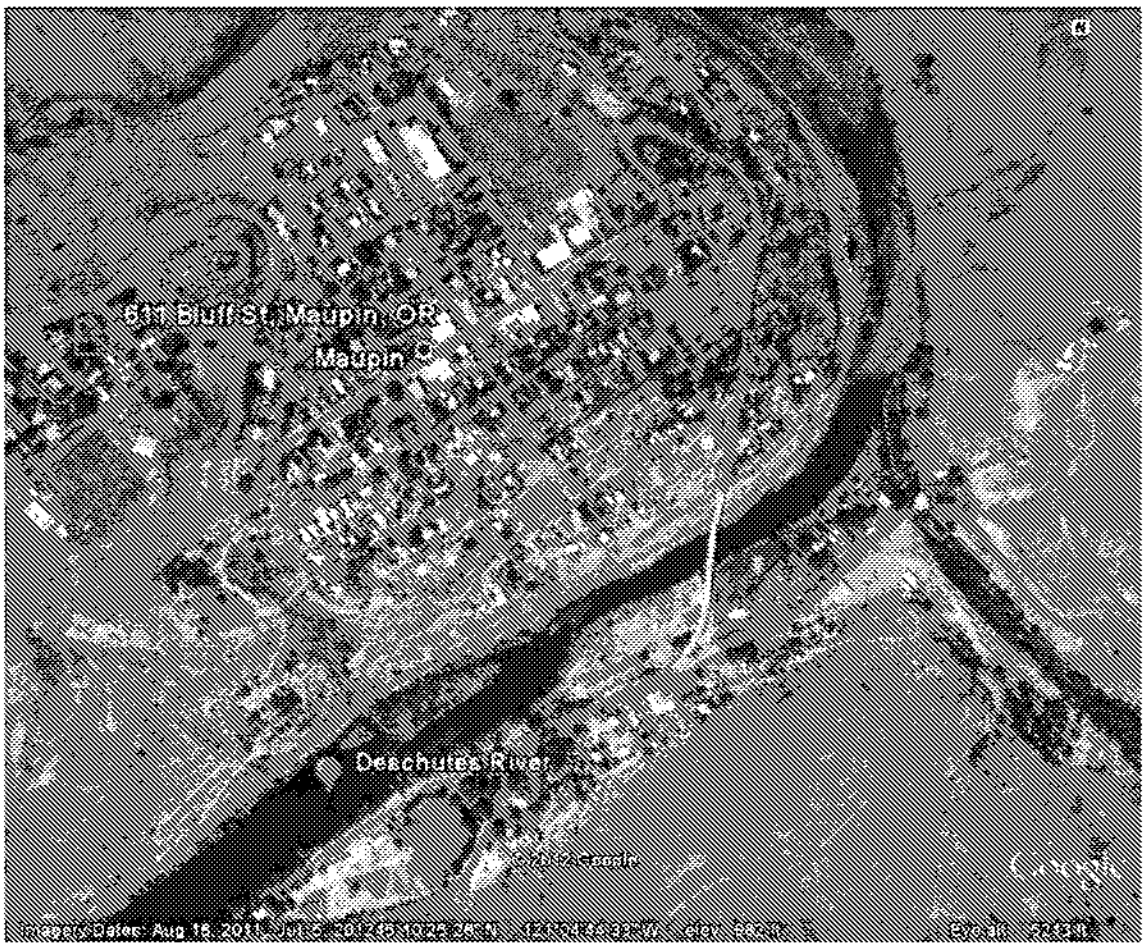
(U) Note: This product reflects the views of the Portland Division and has not been vetted by FBI Headquarters.

FBI Records: The Vault — Israel Keyes LastKnownContact.com Part 06: Pg 293 / 439

his arrest and extradition to Alaska, Keyes cooperated with law enforcement and provided additional information concerning crimes in multiple states, including kidnapping and murder. On 2 December 2012, Keyes was found deceased in his Anchorage, Alaska, jail cell due to an apparent suicide. The FBI Anchorage Division is currently attempting to identify additional victims and requesting local law enforcement assistance.

(U//LES) Keyes disclosed his first violent sexual assault occurred in 1996 or 1997 when he sexually assaulted a female between 14 and 18 years-old. Keyes reportedly was fixing his parent's home near the Deschutes River in Wasco County at 611 Bluff Street, Maupin, Oregon 97037. Keyes admitted he identified a remote rest area on the Deschutes River in Maupin containing a permanent outhouse structure often utilized by people tubing on the river. According to Keyes, a small group of young females stopped at the rest area at the end of the day. As the group departed and continued down the river, one female fell behind and attempted to get on her tube. As the group rounded the river bend, Keyes grabbed the female and sexually assaulted her for approximately one hour in the outhouse. After the assault, Keyes put the victim on her tube and sent her down the river. The FBI is unaware if the alleged sexual assault was reported to law enforcement.

(U//~~FOUO~~)



(U//~~FOUO~~) Location of Subject's Residence in 1996 or 1997

(U//~~FOUO~~) The FBI investigation indicated Keyes traveled to Oregon on numerous occasions as noted below; however, the FBI is unable to confirm the specific locations in Oregon pertaining to these dates:

FBI Records: The Vault — Israel Keyes LastKnownContact.com Part 06: Pg 294 / 439

Re: 306-AN-15642, 12/27/2012

camper, about like 3.5 miles far. KEYES asked a few questions to them, like: "How long you are going to camping?", "Do you are going to stay in the same place all the camping?", "Do you know how to defend yourself from wild animals?". Before KEYES leave, he mentioned that he had a big camper in Austin, Texas if they wants to go and stay on night.

KEYES told them that he had a book of "Tent Safety" in his camper and he want to teach them it. [redacted] were very afraid of KEYES, and they left the park that same day. b6 b7C

[redacted] describe KEYES like young, curly hair, wearing glasses, thin, tall, light brown hair, monotone voice, aggressive,

Pre-Assessment Findings:

We have very little financial records for KEYES this far back, however KEYES was in the military at this time and unlikely that this sighting was KEYES.

Recommended Action: File to Existing Case

Complaint Synopsis: (U) MC# 306-AN-15642 AN Field Office

[redacted] b7E

Received On: 12/26/2012

Receipt Method: Telephone

Received By: [redacted] b6 b7C

Incident Type: Criminal Activity

Complaint Details:

[redacted] telephone number [redacted] [redacted] Burlington, Vermont, 05401, called and stated she worked at Champlain Community Services located at 512 Troy Ave Colchester, Vermont, 05446 and was working late one night in Nov. 2011 and saw a man walking out of the woods nearby. [redacted] thought the man looked odd so she took photographs of the male. [redacted] stated he had a cell phone in his hand when he was exiting the woods. She witnessed him from her office window.

Pre-Assessment Findings:

Financial records indicate that KEYES didn't leave the state of Alaska during November of 2011.

[redacted] b7E

Received On: 12/13/2012

Receipt Method: Telephone

Received By: [redacted] b6 b7C

Incident Type: Criminal Activity

Complaint Details:

The information received in this communication was received from the MC3 ISRAEL KEYES activation. [redacted] Dennison, Texas 75020, telephone [redacted] reported that in an encounter with KEYES on 9/13/2010 he gave her a spoon that he had carved while hiking the Appalachian Trail with his girlfriend during the summer of 2010. [redacted] described the spoon as not looking normal and the bowl portion being lopsided. [redacted] states that KEYES told her he had intentionally carved them to look different so the people he gave them to would know "that they don't have to be perfect to function." KEYES told [redacted] that he had recently (prior to 9/13/10) broken up with that girlfriend because he was feeling pulled in too many directions.

Reference: Communication dated November 19, 2012

Your No.:

Title: ISRAEL KEYES;
SAMATHA KOENIG - VICTIM;
ET AL;
SERIAL KILLINGS - VIOLENT CRIMINAL THREAT

Date specimens received: November 30, 2012

The specimen listed below was examined in the Nuclear DNA Unit:

ITEM RESUBMITTED FROM FBI LABORATORY NUMBER 120822003 PF ABE

K3 Head hair sample from ISRAEL KEYES (1B260, E5123826)

This report contains the results of the nuclear DNA analyses.

Results of Nuclear DNA Examinations:

Specimen K3 (KEYES) was subjected to deoxyribonucleic acid (DNA) typing by the polymerase chain reaction (PCR). The AmpFℓSTR® Identifiler® Plus PCR Amplification Kit was used for this analysis.[1] In addition, specimen K3 (KEYES) was subjected to DNA typing by the PCR using the AmpFℓSTR® Yfiler™ PCR Amplification Kit.[2]

Based on the typing results from the amelogenin locus, male DNA is present in the DNA obtained from specimen K3 (KEYES).

FBI Records: The Vault — Israel Keyes LastKnownContact.com Part 06: Pg 316 / 439

The STR and Y-STR typing results from specimen K3 (KEYES) were compared to the STR and Y-STR typing results from specimen Q263-1 [submitted under FBI Laboratory Number 121016011 PF ACJ and reported in the FBI Laboratory report dated November 16, 2012].

The STR typing results from specimen Q263-1 indicate the presence of DNA from two or more individuals. The STR typing results for the minor contributor to specimen Q263-1 are not suitable for matching purposes; however, they may be utilized for exclusionary purposes.[3] No comparison information for specimen K3 (KEYES) can be provided with regard to the minor contributor to specimen Q263-1.

The Y-STR typing results obtained from specimen Q263-1 and specimen K3 (KEYES) are the same. Therefore, specimen K3 (KEYES) cannot be excluded[4] as a potential male contributor to the DNA obtained from specimen Q263-1. Searching the US Y-STR Database (release 3.0), the Y-STR profile obtained from specimen Q263-1 has been observed in 0 of 3492 African American individuals, 0 of 5712 Caucasian individuals, and 0 of 2609 Hispanic individuals. Applying the 95% confidence interval to these observed frequencies, the Y-STR profile obtained from specimen Q263-1 would be expected to occur in:

1 in 1167 African Americans
1 in 1908 Caucasians
1 in 872 Hispanics

These adjusted frequencies provide an estimate of the maximum proportion of individuals in each population group that are expected to have the profile observed in specimen Q263-1.

The DNA typing results obtained from the tested specimen are not eligible for entry into the Combined DNA Index System (CODIS). These results will be maintained by the FBI Laboratory for possible future comparisons.

No other nuclear DNA examinations were conducted.

FBI Records: The Vault — Israel Keyes LastKnownContact.com Part 06: Pg 317 / 439

Methods/Limitations:

The following methods and limitations apply to the results/conclusions provided in the results section(s) of this report and are referenced by number in the body of the text for clarity.

[1] The AmpFℓSTR® Identifiler® Plus PCR Amplification Kit includes the amelogenin locus and the autosomal STR loci (from non-sex chromosomes) D8S1179, D21S11, D7S820, CSF1PO, D3S1358, TH01, D13S317, D16S539, D2S1338, D19S433, vWA, TPOX, D18S51, D5S818, and FGA. The amelogenin locus is used for sex determination. Insufficient DNA quality and/or quantity can affect the ability to generate a DNA typing result and is not an absolute determination that an individual did not come into contact with an item of evidence.

[2] The AmpFℓSTR® Yfiler™ PCR Amplification Kit includes the STR loci DYS456, DYS389I, DYS390, DYS389II, DYS458, DYS19, DYS385a/b, DYS393, DYS391, DYS439, DYS635, DYS392, Y_GATA_H4, DYS437, DYS438 and DYS448. These STR loci are located on the male Y-chromosome and are transmitted through a paternal lineage from father to son. Barring mutation (a rare event which may occur in a sperm cell prior to transmission of the Y-chromosome to a biological son), all males in the same paternal lineage have the same Y-STR typing results.

[3] As used here, STR typing results are deemed not suitable for matching purposes (i.e., inconclusive) when the potential exists that not all of the genetic information in a biological sample has been detected. For STR typing results to be used for matching purposes, sufficient DNA quality and/or quantity is necessary.

[4] It is noted that barring mutation, any male relative within the same paternal lineage has the same Y-STR profile and would therefore also be expected to be included. A paternal lineage consists of those male relatives to whom the same Y-chromosome has been transmitted from a common ancestor.

FBI Records: The Vault — Israel Keyes LastKnownContact.com Part 06: Pg 318 / 439

Remarks:

The supporting records for the opinions and interpretations expressed in this report are retained in the FBI files. The submitted items will be returned to you under separate cover. For questions about the content of this report, please contact Forensic Examiner [redacted] at [redacted] For questions about the status of your submission, including any remaining forensic examinations, please contact Request Coordinator [redacted] at [redacted]

b6
b7C

In addition to the evidence in the case, the Nuclear DNA Unit has generated secondary evidence that will also be returned to you. The secondary evidence can be found in a package marked NUCLEAR DNA UNIT SECONDARY EVIDENCE. It is recommended that this evidence be stored in a refrigerator or freezer and isolated from evidence that has not been examined.

Received By: [redacted] b6 b7C

Incident Type: Criminal Activity

Complaint Details:

[redacted] called to report that ISRAEL KEYES' mother, [redacted] had worked with her as an in-home healthcare worked in Harlan, Indiana for over 5 years. [redacted] lived in a house beside the Amish Church in Harlan, Indiana. [redacted] left Harlan, Indiana last year, but is a member of the cult at the Church of Wells, in Wells, Texas. [redacted] was originally from Maine, and has two or three sons who still live in Maine. I. KEYES came to visit his mother in Harlan, Indiana twice. He flew in from Chicago, then rented a car and drove to Maine. [redacted] remembered that two girls from Ohio are missing, and since Ohio is just across the border, thinks I. KEYES might have been through Ohio on his way to Maine. [redacted] doesn't remember the exact time that I. KEYES was in Harlan, Indiana.

Internet search - Church of Wells in the East Texas town of Wells.

Received By: [redacted] b6 b7C

Incident Type: Criminal Activity

Complaint Details:

The information contained in this communication was received from the MC3 ISRAEL KEYES activation. [redacted] Newport, Washington 99156, telephone [redacted] cell phone [redacted] called to report a possible sighting of KEYES in late May, early June of 2006. [redacted] is an active geocacher and spends a lot of time in the woods. [redacted] and his wife were walking into the forest at the lower wolf trail head, just on the outskirts of Newport, Washington. Although this trail head is near town, it is in deep woods. [redacted] and his wife met 2 young men walking out of the woods. [redacted] remembers the encounter. The two young men had strange looks on their faces, staring straight ahead and not acknowledging [redacted] and his wife, leaving [redacted] with a strange feeling. The leader of the two men, who [redacted] suspects to be KEYES, was approximately 5'11", slight build weighing

Complaint Synopsis: (U) Possible sighting of Israel Keyes in 2003 - File number 306-AN-15642

b7E

Received On: 12/11/2012

Receipt Method: Telephone

Received By: b6 b7C

Incident Type: Criminal Activity

Complaint Details:

This information came from an MC3 activation.

cell phone called stating in 2003, she was walking to her college campus, located in Potsdan, N.Y., and noticed a truck with two passengers looking at her in a strange way. The truck almost hit her, she tried to get behind it and up on the sidewalk and the truck backed up and almost hit her again. The driver of the truck began following along beside her and she cut up on a grassy section of a construction site. The truck sped up and stopped around the corner and the passenger started to get out and bent over to pick up something he had dropped. A small gray car had pulled up behind the truck and beeped its horn. The truck sped off and ran.

Re: 306-AN-15642, 01/15/2013

b6
b7C

stated she thought the men in the truck intended to rape her. She described the men as follows: The driver appeared to be the shorter of the two men, he had a pale skin tone with facial hair, possibly Mexican, with short, dark hair on the thinner side, his face was round, but not fat. stated they looked like migrant workers which were in the area. The second person, a passenger was taller, Caucasian with Tarzan like hair, shoulder length, dull, and light brown and was clean shaven. He was wearing a tawny colored coat. Caller stated the passenger looked like Israel Keys. The truck they were in was two-toned and the ugliest color she had ever seen. She said the white was the color of toothpaste with a slight bluish tint, flat in color.

said she told herself it was nothing and went to lunch and to work after this incident. Her voice quivered while speaking of this and it was apparent she was still shaken up just remembering that day.

Pre-Assessment Findings:

We have no financial records that pits KEYES in NY in 2003, it is unlikely that this sighting was KEYES.

FD-302 (Rev. 5-8-10)

General Records

FEDERAL BUREAU OF INVESTIGATION

Date of entry 01/15/2013

On Wednesday, January 9, 2013, [redacted] date of birth [redacted] [redacted] was interviewed in [redacted] Also present was [redacted] [redacted] After being advised of the identity of the interviewing Agents and the purpose for the interview, [redacted] provided the following information:

b6
b7C

[redacted] recalled how she first met Israel Keyes, stating that he had a posting on Match.com that indicated that he was looking for a single, white woman, eighteen to twenty-one (18-21) years old and that he was located in Colville, Washington. [redacted] recalled that the date was December 5, 2000. [redacted] stated that Keyes had messed up the greeting message for his profile so she contacted let him know that it was messed up. [redacted] helped Keyes correct the greeting message which started their communications together. They agreed to meet for drinks, which lead to lunch, and then their first date at Montezuma's in Tacoma on December 7, 2000. [redacted] recalled that Keyes was driving a 1991-1992, black colored short cab Nissan pick-up at the time.

[redacted] recalled the following individuals who [redacted]

[redacted]

[redacted] stated that when Keyes finished his tour with the Army, [redacted] [redacted] drove [redacted] down to Fort Lewis so she could drive back to Neah Bay with Keyes.

[redacted] recalled that she and Keyes had only vacationed away from Neah Bay a few times. These were short weekend trips. [redacted] recalled that on September 11, 2001, they stayed at the Quinalt Beach Resort in Ocean Shores, Washington for approximately five days. [redacted] was working during that trip so Keyes was on his own during the day.

In 2002, [redacted] and Keyes traveled to Florida for a conference. At the time, [redacted] was working for the Makah Tribe as an Early Child Education

Manager. [redacted] recalled that her son Keaton, stayed with [redacted] during this trip. [redacted] did not recall the exact dates of the trip but suggested that Agents contact the Tribe's Accounting Department to see if they could identify the dates. Keyes [redacted] while she worked, and [redacted] could only recall Keyes leaving the hotel briefly during that trip to go to Seven Eleven to get something.

During another weekend trip, they stayed at the Seven Cedars Casino in Blyn, Washington.

[redacted] recalled that Keyes had a green colored filing cabinet in their garage, which he kept locked. Keyes told Hawkins that he had "personal stuff" in the cabinet.

[redacted] stated that she repeatedly caught him communicating with other women while playing spades online and while on the website "Blacktopaz." [redacted] also caught Keyes in the bathroom once with a "big boobs" magazine and on another occasion, caught him watching a "Bi-curious" pornographic video.

[redacted] recalled that in December 2000 or early 2001, her neighbor's husband went missing while on a hike. He was later found and it was ruled an accidental death. [redacted] stated that she did not see Keyes that day or night which she now thinks was unusual. [redacted] later identified the missing man's wife as [redacted] was a white female who was [redacted] years old.

[redacted] also recalled that in December 2000, Keyes traveled back to Colville to see a girlfriend. The girlfriend was the daughter of a cabinet maker who was going to hire Keyes.

In December 2001, Keaton traveled with Keyes back to Colville, Washington. [redacted] did not have any further information but has since been suspicious of this trip.

[redacted] was asked about any particular knives that Keyes owned or carried. [redacted] stated that Keyes always carried a Leatherman.

[redacted] always liked Keyes.

[redacted] recalled that Keyes was a big fan of the movies directed by Rob Zombie, such as The Devil's Rejects and House of 1000 Corpses. He also liked the Halloween movies.

[redacted] was asked about Keyes use of debit and credit cards. [redacted]

b6
b7C

believed that Keyes had a USAA Army card.

[redacted] were showed copies of the letter that Keyes wrote just prior to his suicide. [redacted] commented that the first part of the letter reminded her of music lyrics and she wondered if Keyes was quoting from some of his favorite songs.

The interviewing Agents also returned a number of items to [redacted]. These items included: A printed photograph, two (2) letters from [redacted] one (1) drawing of a dragon, one (1) drawing of a rose, additional drawings, [redacted] immunization records, and a paternity affidavit.

A FD-597, Receipt for Evidence Returned, is attached to this report.

FD-302 (Rev. 5-8-10)

FEDERAL BUREAU OF INVESTIGATION

Date of entry 01/15/2013

On Tuesday, January 15, 2013, [redacted] date of birth [redacted] [redacted] of Killeen, Texas, telephone number [redacted] was telephonically interviewed. After being advised of the identity of the interviewing Agent and the purpose for the interview, [redacted] provided the following information:

b6
b7C

[redacted] who was known by friends as [redacted] was stationed in the U.S. Army, at Fort Lewis, Washington, from 1999 - 2002. In 2002 [redacted] took a recruiting position in Moses Lake, Washington and lived there until 2005. In 2005 [redacted] moved down to Texas where he has since retired from the U.S. Army.

[redacted] was married to [redacted] (hereinafter [redacted] and they had a son together, Keaton Hawkins.

[redacted] stated of all the men that [redacted] had dated following their divorce, he most liked Israel Keyes. [redacted] felt that Keyes was a "straight shooter" and he never had any concerns about him. [redacted] stated that he grew up on "the streets" and always felt that he had a "sixth sense" about people. [redacted] stated that Keyes had never triggered any concerns with him. [redacted] stated that he was "shocked" when he learned of all the things that Keyes had allegedly done.

[redacted] was asked about the time frame involving the first two weeks of April, 2005. [redacted] recalled that his son Keaton was living with him at the time they were going to moving down to Texas. Keaton was on Spring Break from school that first week of April and wanted to spend time with his friends and family in [redacted] before they moved away. So Keyes agreed to pick up Keaton from Moses Lake, Washington and take him back to [redacted] with him. [redacted] could not recall if Keyes had picked up Keaton on that Friday, Saturday, or Sunday (April 1-3, 2005). When SA [redacted] mentioned that Keyes appeared to have been in Hunters, Washington on Saturday (April 2, 2005), [redacted] stated that he recalled that Keyes had told him that he had family in Hunters, Washington and in Colville, Washington. [redacted] assumed that Keyes was visiting family or friends in Hunters, Washington.

b6
b7C

[redacted] was asked about his [redacted] telephone number. [redacted] stated that this was his recruiting telephone number.

[redacted] recalled that around this same time, he sold Keyes his boat. [redacted] could not recall for sure if Keyes had picked up the boat from Moses Lake, Washington or if he had taken the boat over to Keyes. [redacted] also believed that Keyes had driven Keaton back home after his trip to Neah Bay, but admitted that he wasn't sure about that either. [redacted] stated that Keaton has a very sharp memory and recommended that investigators ask Keaton what he recalls about the trip.

[redacted] recalled that the boat was in bad shape when he sold it to Keyes. [redacted] stated that he thought the motor ran, but advised that the boat was in need of much repair. [redacted] never saw the boat after Keyes had re-modeled it.

[redacted] stated that the last time that he saw KEYES was when he sold him the boat. Keyes never visited [redacted] when he was living in Texas and never communicated with him by e-mail or phone. [redacted] commented that it was not until after Keyes was arrested for the killing of the Alaskan barista that he found out [redacted]

Enclosure(s): Enclosed are the following items:
1. (U) Email from Salina Police Department

Details:

On January 23, 2013, Salina Police Department contacted Anchorage Police Department by e-mail regarding the whereabouts of Israel Keyes on January 21, 2008. This e-mail was then forwarded to the Anchorage Division. Salina Police Department has an unsolved case for the homicide of Beverly Logan that occurred on the aforementioned date.

SOS [redacted] reviewed the financial and travel records for Israel Keyes and was able to place him in Anchorage, Alaska on January 21, 2008 and also on surrounding dates. Keyes later flew out of Anchorage, Alaska to Mobile, Alabama on January 28, 2008. b6 b7C

On Tuesday, January 22, 2013, [redacted] date of birth [redacted], telephone number [redacted] was telephonically interviewed. After being advised of the identity of the interviewing Agent and the purpose for the interview, [redacted] provided the following information:

[redacted] lives in Clallam Bay, Washington and works in Forks, Washington for the Washington State Department of Natural Resources (DNR). A few months ago, [redacted] recalled hearing a co-worker discuss the story of Israel Keyes. At the time, [redacted] did not realize that this was the same person who she had a brief interaction with some years back.

[redacted] was asked about a two minute (2:00) long telephone call that took place on February 26, 2005 at 4:11 PM, between telephone number 360-640-2189 [a cell phone number associated with Israel Keyes] and [redacted] stated that telephone number [redacted] was her cell phone number at the time. [redacted] recalled that on that particular date, she met Keyes for a cup of coffee at the Hurricane Coffee Company in Sequim, Washington. [redacted] met Keyes on the dating website Match.com and this was their first and only in-person contact. [redacted] stated that she did not recall much about Keyes other than his nickname "Izzy" and what he was wearing. [redacted] could not recall what he did for a living, if he had any kids, or any other facts about Keyes. [redacted] stated that she was not attracted to Keyes and was turned off by him. [redacted] was asked if she recalled whether or not Keyes had any facial hair at the time. [redacted] recalled that Keyes had a mustache and stated that she does not like mustaches on men and that was one of the things that immediately turned her off. The Agent asked [redacted] if she recognized Keyes from any of the media images that are available online. [redacted] stated that she did see one image of Keyes that reminded her of his appearance during her brief contact with him.

[redacted] stated that after the Agent's initial telephone call on Friday, January 18th, 2013, she went on to Match.com's website to see if she could retrieve any old messages between herself and Keyes. [redacted] stated that because it had been so many years since she was last on the website, she would have to renew her membership in order to access any old

80-DL-81874 (U) PRESS RELEASES - PRESS RELEASES

Synopsis: (U) To document Dallas' coverage of lead regarding serial killer Israel Keyes' activities in the Dallas/Fort Worth Metroplex and Glenrose, Texas area in February 2012.

[redacted] b7E

Reference: 306-AN-15642 Serial 629

Enclosure(s): Enclosed are the following items:
1. (U) Dallas/San Antonio Media Release

Details:

For information of Anchorage, as set forth in the referenced communication, Anchorage requested Dallas' assistance in disseminating a media release to media outlets regarding Israel Keyes' (deceased) travel to the Dallas area. The purpose of the release was to request the public's assistance with determining the extent of Keyes'

FBI Records: The Vault — Israel Keyes LastKnownContact.com Part 06: Pg 365 / 439

activities in certain areas of Texas during February of 2012. Dallas reviewed the proposed media release, which was attached to the referenced communication, and noted that it was believed Keyes traveled not only to the Dallas/Fort Worth Metroplex, but to Glenrose, Texas as well. Because Glenrose lies within San Antonio's jurisdiction, Dallas coordinated efforts with San Antonio, and modified the proposed media release.

On 1/16/2013 and 1/17/2013, the release was disseminated to the appropriate media outlets and to law enforcement agencies in both Dallas' and San Antonio's territory. Those with information were requested to contact 1-800-CALL-FBI. The release was posted on both Dallas' and San Antonio's website for public access. See the attached media release.

Dallas considers this lead covered.

FBI Requests The Public's Assistance

Diego Rodriguez, Special Agent in Charge for the Dallas Division of the Federal Bureau of Investigation (FBI) requests the public's assistance in developing information concerning the travels and activities of a **deceased** serial killer identified as ISRAEL KEYES.

Source: KTRE, Lufkin

Based upon investigation conducted following his arrest in Texas during March 2012, Israel Keyes is believed to have committed multiple kidnappings and murders across the United States between 2001 and March of 2012. Keyes is suspected to have specifically traveled through various cities in the Dallas/Fort Worth Metroplex, and the Glenrose, TX areas during February 2012. In December of 2012, Keyes committed suicide while in custody after being returned to Anchorage, Alaska. The FBI is now attempting to identify the extent of Keyes' travels and activities and is seeking the public's assistance specifically as it pertains to the following locations during the time period of February 12 through February 16, 2012:

Dallas/Fort Worth Metroplex

Prior to his suicide, while in custody, Keyes admitted traveling through the cities of Azle, Aledo and Cleburne, TX during February of 2012. Investigators suspect Keyes' rental vehicle became stuck in a muddy, rural area, possibly near Cleburne, Texas between February 12 and 16, 2012. **Investigators are seeking the identification of any person from whom KEYES may have obtained assistance or anyone having contact with KEYES or his vehicle during that time.**

Glen Rose, Texas area:

Keyes is also suspected of visiting the Post Oak Cemetery in the Glen Rose, TX area between February 12 and 16, 2012. **Investigators are seeking the identification of any person having contact with Keyes or his vehicle during that time frame.**

Blue 2011 Kia Soul (Rental) – TX License Plate CN8 M857

Details:

On 02/05/2013, writer was telephonically contacted by Lt. [redacted] of the Essex, Vermont Police Department (EPD), who advised that he had received information from [redacted] telephone number [redacted] e-mail address [redacted] (PROTECT IDENTITY), regarding a possible sighting of Israel Keyes, in Vermont, in October 2010 (specific date unknown). Lt. [redacted] forwarded the e-mail he received from [redacted] to writer. The text of the e-mail is below. In

UNCLASSIFIED

UNCLASSIFIED

Title: (U) Tip rcvd re possible sighting of Keyes in Vermont in October 2010
Re: 306-AN-15642, 02/05/2013

summary, the information pertains to a possible sighting of Keyes and another unidentified male who were running from a cemetery carrying a shovel and rake. In her e-mail, [redacted] mentions she called FBI Albany to report the information but writer was unable to locate any record of her contact with FBI in Sentinel records. Writer reviewed the Keyes timeline for October 2010 and noted that Keyes was in Maine from 10/16/2010 to 10/24/2010, and in Massachusetts on 10/25/2010. For all other dates in October 2010, Keyes was in Alaska, with the exception of days prior to, and just after, his trip to the East Coast, when Keyes was in Seattle, Washington. Unfortunately, without a specific date for the possible sighting in Vermont, it is unknown if this sighting could actually be Keyes or not.

Title: (U) Tip rcvd re possible sighting of Keyes in Vermont in October 2010
Re: 306-AN-15642, 02/05/2013

After reading about the Keyes case in national news sites last Sunday, I called the FBI Albany office with this info, and then as I thought some more, emailed [redacted] whom I have dealt with before. b6 b7C

I am reproducing here the email I sent to [redacted] Monday night. I wish I could recover my original email to him, but my system keeps email for only 24 months. I have some additional thoughts to add which I will do at the end of this segment, not the least of which is that, if this was a bona fide sighting of Keyes, then who was the other runner and where is he now?

Chief,

You may remember I wrote you in early October 2010, reporting a most unusual encounter in the woods off what was then the Patchen Road dog park. I was surprised by two men--the physicality of one consistent with the photos in the paper of Israel Keyes--who were running cross-country from the direction of the Greenmount cemetery through Centennial Woods. One was carrying a shovel and the other a rake.

Although I can't retrieve my original email, I seem to recall conveying to you the impression I had then that there was a bank bag or a body buried out there somewhere. At the time you thought what I had seen probably had more to do with marijuana harvest season, although I've never seen anyone in Vermont get that worked up about marijuana. I wonder now if, perhaps, given the time of year, they were simply digging a hole before the ground froze, and perhaps they returned at a later date to bury something. The paper says the Curriers' bodies have not yet been found. I've read that Keyes

FBI Records: The Vault — Israel Keyes LastKnownContact.com Part 06: Pg 374 / 439

Title: (U) Tip rcvd re possible sighting of Keyes in Vermont in October 2010
Re: 306-AN-15642, 02/05/2013

would often bury his kill kits near a cemetery. It would certainly throw off a scent dog searching for human remains.

I don't know if it's worth pursuing, but there's an ex-SBPD officer who could narrow down the area somewhat, I think. I ran into a man in the same area, one week after the sighting I reported to you. He said his name was [redacted] and he had worked for SBPD. He was in his [redacted] and was walking his [redacted] I asked him where he was coming from and he explained that there was a homeless probationer in the woods who he visited. We talked for the next 15 minutes about law enforcement in Vermont, so I gathered he was a probation officer. He may remember me; I had a border collie and little white long-haired jack russell, and told him I was in a forensic psychology masters program.

b6
b7C

[redacted] might remember my telling him about the runners and the exact location where we met, the "dog-leg" in the path that returns walkers to the parking lot. He might also know the identity of a dog-walker who was always at the park with a brindle akita-mix. If you can find my original email to you, you'll see I identified him as someone who observed the runners retrieving a duffle bag--which they had not had when I observed them--and jumping into a white Toyota and peeling out onto Patchen Road/Grove Street. There was a power-lifter whose name I don't remember, but she drives a car with VT plates, something like [redacted]. She might know who the akita's walker is; she used to work at All-American Fitness on Williston Road.
I know there's a new dog park near the airstrip, and that the old dog park was under construction for UVM faculty housing. I don't know whether the new construction is anywhere near the area where I saw the

FBI Records: The Vault — Israel Keyes LastKnownContact.com Part 06: Pg 375 / 439

Title: (U) Tip rcvd re possible sighting of Keyes in Vermont in October 2010
Re: 306-AN-15642, 02/05/2013

runners. I do know it's five minutes from the Curriers' home, in one direction, and the airport and rental car agencies in the other.

It's hard to recall everything more than two years later, but I haven't forgotten the expression on those runners' faces. I interpreted their behavior as a major, fearful, consciousness of guilt about something for which they didn't want to get caught. I can't shake the feeling that they knew they had done something horribly wrong and were putting as much distance between them and what they had done as they possibly could.

So for what it's worth, I'm calling your attention to my original email, probably sent between October 3 and October 17, 2010, from this email address. I hope I'm wrong, but if I'm right, please keep my name confidential.

[redacted] b7D

Here are some additional thoughts which I believe were in the email I sent [redacted] in 2010: b6 b7C

The taller runner, who resembles the photos of Keyes in the paper, was wearing a black and blue checked wool hunters coat; the shorter runner was wearing a brown corduroy Carhartt type coat. They were both wearing jeans. One carried a shovel, the other a rake. I saw them for a split-second from a distance of about 30 feet. They were so intent at watching the ground in front of them, that they did not look around, or they would have seen me for sure. They were running through dense, difficult woods, ignoring the well

FBI Records: The Vault — Israel Keyes LastKnownContact.com Part 06: Pg 376 / 439

Title: (U) Tip rcvd re possible sighting of Keyes in Vermont in October 2010
Re: 306-AN-15642, 02/05/2013

groomed trails that any previous visitor to the area would have known led directly and comfortably to the parking lot. These two were not out for a fun-run; they appeared to be grim and determined, not full of fear or terrified, but intensely serious about putting some distance between them and wherever they were coming from. It appeared to me they didn't want to get caught.

Based on their trajectory when I saw them, they were coming from the vicinity of the Greenmount Cemetery. As I recall, it was a cold, crisp, overcast day when normal people were home staying warm, and there was only one other car in the parking lot when I arrived, an old white foreign-made sedan-- probably the Toyota referred to by the other dog-walker. The dog-walker didn't say which direction the Toyota left in, but from what I recall about the way he was standing and pointing, he indicated down Grove Street to Winooski as opposed to up Patchen Road to South Burlington. I can't say for sure that there were VT plates on the vehicle, but typically if I noticed a car from another state, I would make a mental note, and I would have added that in the first email to [redacted] b6 b7C I walked those woods once or twice a day for nearly 3 years and could do it in a blinding snowstorm--and often did. I can mark the area on a google map, if that would help you.

When I first entered the woods, I noticed that someone had been digging divots and small holes all along the trail. They were reasonably fresh, no one had walked over them; at the time, I figured it was a child playing with a shovel. It's highly likely that I was alone in the woods with those two runners for 20 minutes or so.

Re: 306-AN-15642, 02/05/2013

I think the duffle bag that was observed by the other dog-walker who always stayed near the parking lot,
was described as green. My impression now is that it was Army issue, but it would be best to find that
other dog walker and see if he remembers anything. I know it's a long shot, and I'm not sure if this info
is at all valuable to you, but thought I'd better let you make that decision.

If you can find my original email to you, you'll see I identified him as someone who observed the runners retrieving a duffle bag--which they had not had when I observed them--and jumping into a white Toyota and peeling out onto Patchen Road/Grove Street. There was a power-lifter whose name I don't remember, but she drives a car with VT plates, something like [redacted] She might know who the akita's walker is; she used to work at All-American Fitness on Williston Road. I know there's a new dog park near the airstrip, and that the old dog park was under construction for UVM faculty housing. I don't know whether the new construction is anywhere near the area where I saw the runners. I do know it's five minutes from the Curriers' home, in one direction, and the airport and rental car agencies in the other.

b6
b7C

It's hard to recall everything more than two years later, but I haven't forgotten the expression on those runners' faces. I interpreted their behavior as a major, fearful, consciousness of guilt about something for which they didn't want to get caught. I can't shake the feeling that they knew they had done something horribly wrong and were putting as much distance between them and what they had done as they possibly could.

So for what it's worth, I'm calling your attention to my original email, probably sent between October 3 and October 17, 2010, from this email address. I hope I'm wrong, but if I'm right, please keep my name confidential.

[redacted]

b7D

Here are some additional thoughts which I believe were in the email I sent [redacted] in 2010:

b6
b7C

The taller runner, who resembles the photos of Keyes in the paper, was wearing a black and blue checked wool hunters coat; the shorter runner was wearing a brown corduroy Carhartt type coat. They were both wearing jeans. One carried a shovel, the other a rake. I saw them for a split-second from a distance of about 30 feet. They were so intent at watching the ground in front of them, that they did not look around, or they would have seen me for sure. They were running through dense, difficult woods, ignoring the well groomed trails that any previous visitor to the area would have known led directly and comfortably to the parking lot. These two were not out for a fun-run; they appeared to be grim and determined, not full of fear or terrified, but intensely serious about putting some distance between them and wherever they were coming from. It appeared to me they didn't want to get caught.

Based on their trajectory when I saw them, they were coming from the vicinity of the Greenmount Cemetery. As I recall, it was a cold, crisp, overcast day when normal people were home staying warm, and there was only one other car in the parking lot when I arrived, an old white foreign-made sedan--probably the Toyota referred to by the other dog-walker. The dog-walker didn't say which direction the Toyota left in, but from what I recall about the way he was standing and pointing, he indicated down Grove Street to Winooski as opposed to up Patchen Road to South Burlington. I can't say for sure that there were VT plates on the vehicle, but typically if I noticed a car from another state, I would make a mental note, and I would have added that in the first email to [redacted] I walked those woods once or twice a day for nearly 3 years and could do it in a blinding snowstorm--and often did. I can mark the area on a google map, if that would help you.

When I first entered the woods, I noticed that someone had been digging divots and small holes all along the trail. They were reasonably fresh, no one had walked over them; at the time, I figured it was a child playing with a shovel. It's highly likely that I was alone in the woods with those two runners for 20 minutes or so.

I think the duffle bag that was observed by the other dog-walker who always stayed near the parking lot, was described as green. My impression now is that it was Army issue, but it would be best to find that other dog walker and see if he remembers anything. I know it's a long shot, and I'm not sure if this info is at all valuable to you, but thought I'd better let you make that decision.

Re: Request for Subscriber Information: [redacted]
(Internal Reference No. 216681)

Dear Special Agent [redacted]

Pursuant to the Search Warrant received in the above-referenced matter on October 4, 2012, Yahoo! Inc. ("Yahoo!") conducted a diligent search for information responsive to your request, and hereby responds in accordance with state and federal law, including the Stored Communications Act. See 18 U.S.C. § 2701 et seq.

Enclosed is the following information regarding the user account specified in the Search Warrant, including any previously existing information, to the extent available from our system: 1) the user profile, as produced by the Yahoo! Account Management Tool; 2) the dates, times and Internet Protocol ("IP") addresses for logins (provided on DVD-R); and 3) snapshots of the email account contents maintained in the specified account (provided on DVD-R). A declaration authenticating these records also is enclosed.

To the extent any document provided herein contains information exceeding the scope of your request, is protected from disclosure or is otherwise not subject to production, if at all, we have redacted such information or removed such data fields. Yahoo! may not require or verify user information because it offers many of its user services for free.

Finally, in accordance with Section 2706 of the Stored Communications Act, Yahoo! requests reimbursement in the amount of $136.6 for reasonable costs incurred in processing your request. Please direct payment to Yahoo! Custodian of Records, 701 First Avenue, Sunnyvale, CA 94089. The federal tax identification number for Yahoo! Inc. is 77-0398689. In addition, please include the Internal Reference Number (listed above) with your payment.

Sincerely,

[redacted]

Re: Request for Subscriber Information: [redacted]
(Internal Reference No. 216681)

Dear Special Agent [redacted]

Yahoo! is sending you this invoice in order to recover its costs incurred in responding to the legal process that Yahoo! recently received from you. Pursuant to 18 U.S.C. § 2706 and other relevant legal authorities, Yahoo! may request reimbursement for reasonable costs incurred in responding to legal process from government entities or private litigants in civil litigation. This policy was also noted on the form you may have received upon making an emergency disclosure request.

In accordance with Yahoo!'s Policy on Requests for Reimbursement of Costs Associated with Subpoena Compliance, Yahoo! has incurred the following costs for which it requests reimbursement:

Fees:	Case worker time	$ 120.00
Costs:	Shipping	$15.00
	Media	$ 1.60
	Total:	$136.60

Your timely payment of this invoice is important to enable Yahoo! to continue responding expeditiously to future legal process. Accordingly, Yahoo! asks that you remit payment within 30 days of receipt of this invoice.

Please Remit To:
Yahoo! Custodian of Records
701 First Avenue
Sunnyvale, CA 94089
Tax ID - 77-0398689

Wire Information:
Citibank N.A., New York, NY
Account: 30525078
ABA/Routing # 021000089

If you have any questions about this invoice or methods of payment, please contact the Yahoo! Legal compliance team at [redacted]

Sincerely,

[redacted]

BUSINESS RECORDS DECLARATION

Request for Documents regarding: [redacted]

DECLARATION OF [redacted]

b6
b7C

I [redacted] declare:

1. I am a Custodian of Records for Yahoo! Inc. ("Yahoo!"), located in Sunnyvale, California. I am authorized to submit this declaration on behalf of Yahoo!. I make this declaration pursuant to the Federal Rules of Evidence Rule 902(11) and in response to a Search Warrant dated October 4, 2012. I have personal knowledge of the following facts, except as noted, and could testify competently thereto if called as a witness.

2. Attached hereto are true and correct copies of 2 pages and 1 DVD-R of the following data pertaining to the user account identified in the Search Warrant: 1) the user profile, as produced by the Yahoo! Account Management Tool; 2) the dates, times and Internet Protocol ("IP") addresses for logins; and 3) snapshots of the email account contents maintained in the specified account. Yahoo!'s servers record this data automatically at the time, or reasonably soon after, it is entered or transmitted, and this data is kept in the course of this regularly conducted activity and was made by regularly conducted activity as a regular practice. Yahoo! may not require or verify user information because it offers many of its user services for free.

FBI Records: The Vault — Israel Keyes LastKnownContact.com Part 06: Pg 391 / 439

3. Pursuant to the Federal Stored Communications Act, 18 U.S.C. §§2701, et seq., we have redacted information, including removing certain data fields, that exceeds the scope of this request, is protected from disclosure or is otherwise not subject to production.

I declare under penalty of perjury under the laws of the United States of America and the State of California that the foregoing is true and correct.

Yahoo! Email Snapshot Help

Snapshot Format

The email snapshots that Yahoo provides in response to valid legal process are in mbox format. This is the format in which the mailbox is stored on the server. The messages in the mailbox are placed into a single text file (mbox format). The snapshot may have been supplied to you on a CD or DVD.

Depending on the abilities of your computer, it may be easier to open and manipulate the snapshot file if you copy the file to your computer's hard drive. Generally, access to the hard drive is much quicker than accessing files on a CD or DVD drive.

The information that follows below will provide you with suggestions on how to work with the snapshot so you can more easily review its contents in a user-friendly format. When you take any of these steps, however, you will be viewing the evidence in a form different from the form in which it was provided by Yahoo! Yahoo! record custodians therefore will only be able to authenticate as business records the snapshot as originally provided to you. Printouts that you create using any of the methods described below are not considered business records of Yahoo! Accordingly, authentication of printouts made by any of these methods will be the responsibility of the law enforcement agent or other witness who created the printouts.

Furthermore, this document is not intended to provide advice on proper evidence-handling procedures or other forensic issues.

Text Editors

A text editor will open the mbox file and allow you to view the plain text. Some text editors that may be useful are TextPad (http://www.textpad.com) and WordPad (available with Windows). TextPad seems to work very well for large snapshots that WordPad might not handle as gracefully.

Please note that Microsoft Word will not handle the text file of the mailbox contents properly. In addition, you may find that Notepad (offered with Windows) does not include any formatting, so the messages may be difficult to read.

You may see a long string of what looks like gibberish characters that span hundreds of lines in the email message. These are usually attachments to a message such as a picture or other document that is not viewable in plain text. Once you get past the attachment, you will see the rest of the messages in the snapshot file.

For rendering the html in a message and converting mail attachments back to a viewable form, the Thunderbird mail client offered by Mozilla (http://www.mozilla.com/thunderbird/) works well. See instructions below.

Installing Thunderbird and Setting up Thunderbird Account

Thunderbird is a free mail client that will allow you to view the messages as emails. It works well for rendering the html in a message and converting mail attachments back to file form.

1. Download the client here: http://www.mozilla.com/thunderbird/.
2. Install the program on your computer by following the instructions included with the download.
3. Launch Thunderbird from the Start Menu or double click on the shortcut on your desktop.
4. You may need to set up your Thunderbird account. You will need to enter information such as your email address, POP server data, etc. You do need to enter some characters into those fields, but it does not have to be accurate information, since you will not be using Thunderbird for your own email needs.
5. The default settings of Thunderbird will check for email on the server that you specified. This will occur each time you open the program and every additional 10 minutes that the program is running. If you provided incomplete or inaccurate server information, then you'll receive error messages. These can be irritating, so to avoid this, change your server settings:
    a. In the "Folder" list on the left-hand side, select your account name.
    b. Under the "Accounts" section, choose "View settings for this account."
    c. Select "Server Settings" from the left-hand column of choices.

d. Uncheck all of the boxes and click the "ok" button.

6. You should now have an account on Thunderbird and be ready to import a .txt file into it. Each snapshot will end up in its own folder. **The messages are NOT sorted into "Trash" and "Sent" and Inbox" folders, nor into any of the user-designated folders. All messages from the snapshot will end up in one large folder.**

Importing a Mail Snapshot into Thunderbird

Once you have installed Thunderbird and setup an account, you can import a mail snapshot into the program.

1. Launch Thunderbird from the Start Menu or double click on the shortcut on your desktop.
2. In the left-hand side, under the "Folders" section, click on "Local Folders."
3. Go to the "Edit" menu and select "Properties". This will take you to the account settings screen.
4. On the Account Settings Window, "Local Folders" should already be highlighted. Note down the "Local directory" location on the right hand side. Note: you'll need to scroll through it in order to see all of it.
5. Now that you have the "Local directory" location, close Thunderbird.
6. Copy the .txt snapshot into the "Local directory" location you obtained previously. In this example case, copy (drag and drop) the .txt file into the "Local Folders" folder. The "Local Folders" folder will already be populated with some default folders and files. Do not attempt to delete or change these. [illegible]
7. Once the .txt file has been saved into the "Local Folders" folder, launch Thunderbird again. All the messages will appear under a folder in the same name as the filename copied.

You'll notice that all messages appear to be "unread" until you click on them. You can easily see which messages have attachments. Those attachments should be displayed in their original format.

Who sent the mail?

U.S. law strictly limits the information that online service providers like Yahoo! may disclose about their users. However, the email message itself does contain some information relating to the sender's identity. In the headers of email messages sent via Yahoo! Mail, an Internet Protocol (IP) address that corresponds to the sender's Internet service provider (ISP) is included.

Typically, the IP address of the user is placed in square brackets such as "[*ip address*]" by the Yahoo server in a "Received: from" line in the headers. For email messages sent from the Yahoo web mail client, the X-Originating-IP field in the expanded headers does not contain the user's IP address. The X-Originating-IP address is the address of the Yahoo server that is used to send the message and does not identify an individual user.

Provided that you have opted to display "full headers" in your email application, you should find several lines in the email message that contains an 8 to 12 digit number, separated by periods. They should look something like this:

```
Received: from [123.456.78.91] by . . .
```

The IP Address in the line described above that is generally closest to the bottom of the message will contain the unique IP address of the sender's ISP. Once you have identified the IP address, you can run a "whois" search to determine which ISP provides this person with Internet access.

There are several utilities available on the web to run a whois search. Here's one web site that can help you to determine which service provider is responsible for the IP address:

http://www.geektools.com/whois.php

Yahoo! Help Pages

FD-302 (Rev. 5-8-10)

FEDERAL BUREAU OF INVESTIGATION

Date of entry 02/12/2013

[redacted] was interviewed at her residence, [redacted] Also present during the entire interview was [redacted] and on occasion her daughters, [redacted] and an individual named [redacted] (Last Name Unknown - LNU). [redacted] had reviewed the timeline included in an FBI Press Release and provided the following information regarding ISRAEL KEYES' (KEYES) travels:

b6
b7C

KEYES' former girlfriend, [redacted] had recently commented to another KEYES family member that she had reviewed the timeline submitted with an FBI Press Release, and she knew she and KEYES were together during many of the times reflected in the timeline. [redacted] noted [redacted] worked in the lower 48 states for three to six weeks at a time and commuted back and forth to Alaska while [redacted] and KEYES dated. There were occasions during the six-week-long periods [redacted] worked in the lower 48 states that [redacted] paid for KEYES to fly from Alaska to visit her.

Regarding the FBI seeking information relating to an unknown KEYES victim who was assaulted in Oregon between 1996 and 1998, [redacted] stated she and her husband sold their Washington house in the early-spring of 2007, and the family moved from Washington to Maupin, Oregon. [redacted] and her husband, [redacted] bought a small house in need of repair on a piece of property at the corner of the [redacted] The house sat on a hill overlooking a valley in which was located the [redacted] and her family purchased the property as an investment, and their plan was to renovate and sell the property in the fall of 1997 and move to New York. The family built a fence around the property and lived in tents while renovations took place. KEYES moved to Oregon with the family in the Spring of 1997, and KEYES and a friend, [redacted] (who later changed his name to [redacted] performed the house renovations.

During 1997, the KEYES family, including ISRAEL KEYES, frequently went to the Deschutes River to swim. They found a secluded area along the riverbank where they most often congregated. [redacted] noted the area of the river which they frequented was not recreationally developed, and she recalled no bathroom facilities of any kind nearby. From their vantage

Investigation on 02/12/2013 at [redacted] United States (In Person)

File # 306-AN-15642 Date drafted 02/12/2013

by [redacted]

This document contains neither recommendations nor conclusions of the FBI. It is the property of the FBI and is loaned to your agency; it and its contents are not to be distributed outside your agency.

b6
b7C

point, however, they could see the area where rafters and tubers put into the water, and during the summer months many rafters and tubers floated by the area where the KEYES family swam. There were also many fishermen along the river.

In the late-summer of 1997 (possibly August), the entire KEYES family, with the exception of ISRAEL KEYES, went to California for three weeks to visit their grandmother. KEYES stayed behind to finish working on the house. [redacted] suspected it may have been during the three-week period of time that KEYES was alone in Maupin that he assaulted the girl on the river.

[redacted] provided photographs of the small house they purchased in Maupin, Oregon, the finished renovations of the house, and the view of the Deschutes River from the house balcony. Copies of the photographs are maintained in the 1A section of this file.

In or around September, 1997, the KEYESes put the Maupin house on the market for sale, and the entire family, including ISRAEL KEYES, left Oregon and drove to New York where [redacted] purchased property in Constable, New York. The property had a small house which was occupied by the owners, but the owners allowed the KEYESes to camp on the property until the owners moved out of the house. [redacted] settled the family in, and he and ISRAEL KEYES then drove back to Maupin, Oregon, to retrieve all their belongings. KEYES lived with the family on the New York property until he enlisted in the military. In the fall of 1998, after KEYES enlisted in the military, the KEYES family moved from New York to Maine where they purchased property in the spring or summer of 1999.

[redacted] noted that even though they owned the Oregon property until late-1998, as far as she knew KEYES did not return to the Oregon property other than with his father to retrieve their belongings. She noted, however, it was possible he returned to the Oregon property without her knowledge while on furlough from the military. After KEYES enlisted in the military, he had a girlfriend who lived in Colville, Washington, and most of his time off he spent in Colville with her. [redacted] could not recall the exact dates of KEYES' time in the military nor his discharge from the military. While in the military and on one or two furloughs, KEYES visited [redacted] and the family in Maine, but [redacted] could not recall the dates of those visits. On one of the furloughs, KEYES possibly traveled to California to see his grandmother. [redacted] recalled that when ISRAEL KEYES returned from Egypt, he spent the next six to eight months with her and the rest of the family in Maine. During those months, she and KEYES had the best communication and closest relationship they had ever experienced before or since.

b6
b7C

When KEYES was approximately 11 or 12 years old, he brought home several guns which he told [redacted] he found in a barrel in a shed. The guns were in poor condition, and KEYES cleaned them up and took them to a gun dealer for an opinion of their worth. KEYES eventually sold the guns to an unknown person. [redacted] provided a photograph of the guns KEYES found and sold, and a copy of the photograph is maintained in the 1A section of this file.

The FBI's timeline included an entry from 4/1/2009 - 4/14/2009. [redacted] and her family lived in Indiana at that time. [redacted] recalled a conversation she had with KEYES sometime in 2010 during which KEYES told her he had visited their New York property in the spring of 2009. [redacted] noted there was nothing to be done on the property, and the house on the property was beyond repair. KEYES said he went to the property by himself, and [redacted] questioned KEYES about why he did not visit his brothers while he was so close and why he went to the property in the first place. KEYES had no plausible explanation for why he went to New York nor why he did not visit his brothers. [redacted] believes KEYES' solitary visit to New York was during the 4/1/2009 - 4/14/2009 time period.

Regarding the murders of William and Lorraine Currier, [redacted] recalled KEYES visited her in Indiana between June 3-5, 2011. When KEYES left Indiana, he told Mrs. KEYES he was going to the New York property to plant trees. KEYES had no camping equipment, so she purchased it for him. When he returned to Indiana, he told [redacted] the New York property was very overgrown, so he only planted six trees. He also told her he visited Vermont during that trip. It was after he returned to Indiana from that trip that he took a long walk in the woods with his sister, [redacted] and [redacted] reported KEYES was visibly upset and "very broken" during their conversation.

[redacted] recalled discussions with KEYES regarding his travels in the Eastern United States during unknown/unrecalled time periods. KEYES talked about camping in the Adirondack Mountains and was amazed at the number of abandoned hotels and buildings along the route he drove. When [redacted] [redacted] traveled to Maine during the summer of 2011, they drove from Maine to Saranac Lake and Constable, New York, driving along Route 3. Along that route they saw many abandoned buildings, much like those described by KEYES, and [redacted] surmised at that time that they were driving the same route KEYES had previously described to her.

FEDERAL BUREAU OF INVESTIGATION

Date of entry 01/29/2013

On Thursday, January 10, 2013, [redacted], date of birth [redacted] b6 b7C [redacted] Langley, WA, cellular telephone number [redacted] was telephonically contacted. After being advised of the identity of the interviewing Agent and the nature of the interview, [redacted] provided the following information:

[redacted] met ISRAEL KEYES, hereinafter referred to as KEYES, on match.com and they dated for a period of about 2 months. They started by going out on a couple of dates, then afterwards KEYES came to her house in Sequim, WA and would bring [redacted] They often came over on a Friday night after [redacted] got off work, then stayed overnight and through part of the next day. [redacted]

[redacted] reported that their relationship did not last long because KEYES was not ready to be in a serious relationship. He contacted [redacted] at a later date and hoped to resume their relationship, but at the time, [redacted] had another boyfriend. [redacted] emailed KEYES a few times after he moved to Alaska, and at one point he told her he was in a serious relationship with a woman there.

[redacted] reported that the phone number KEYES called her on on March 4, 2005, [redacted] was her land line phone at [redacted] Sequim, WA. She had an AT&T cell phone at the time as well and would check to see if she could identify the number.

KEYES told [redacted] that he lived in Forks, WA. She never went to his home or knew what he did for a living.

[redacted] had not seen any of the media reports related to KEYES' criminal activity, nor did she know he committed suicide in prison. She was shocked and distraught to learn the news of both.

Attempts to conduct follow up phone interviews with [redacted] were met with negative results.

RE: Request for Preservation of Records for account the account of [redacted] b6 b7C

Dear Sir or Madam:

Pursuant to Title 18, United States Code Section 2703(f), this letter is a formal request for the preservation of all stored communications, records, and other evidence in your possession regarding the following email address pending further legal process: [redacted] for the date range of January 1, 2005 to present.

I request that you not disclose the existence of this request to the subscriber or any other person, other than as necessary to comply with this request. If compliance with this request might result in a permanent or temporary termination of service to the account, or otherwise alert any user of the account as to your actions to preserve the information described below, please contact me as soon as possible and before taking action.

I request that you preserve, for a period of 90 days, the information described below currently in your possession in a form that includes the complete record. This request applies only retrospectively. It does not in any way obligate you to capture and preserve new information that arises after the date of this request. This request applies to the following items, whether in electronic or other form, including information stored on backup media, if available:

This document contains neither recommendations nor conclusions of the FBI. It is the property of the FBI and is loaned to your agency; it and its contents are not to be distributed outside your agency.

1. The contents of any communication or file sorted by or for the above noted account and any associated accounts, and any information associated with those communications or files, such as the destination email addresses or IP addresses.

2. All records and other information relating to the account and any associated accounts including the following:

a. subscriber names, user names, screen names, or other identities;

b. mailing addresses, residential addresses, business addresses, email addresses, and other contact information;

c. length of service (including start date) and types of service utilized;

d. records of user activity for any connections made to or from the account, including the date, time, length, and method of connections, data transfer volume, user name, and source of destination Internet Protocol address(es);

e. telephone records, including local and long distance telephone connection records, caller identification records, cellular site and sector information, GPS data, and cellular network identifying information (such as the IMSI, MSISDN, IMEI, MEID, or ESN);

f. telephone or instrument number or other subscriber number or identity, including temporarily assigned network address;

g. any other records or evidence relating to the account.

FBI Records: The Vault — Israel Keyes LastKnownContact.com Part 06: Pg 410 / 439

If you have data responsive to this request or if you have questions regarding this request, please contact SA [redacted] at [redacted] or [redacted] b6 b7C

Sincerely,

Mary F. Rook

From: [redacted]
Sent: Saturday, January 05, 2013 3:38 PM
To: Boston
Subject: Israel Keyes

Greetings:

Just writing at this time to enquire if the FBI knows the whereabouts of Israel Keyes on Feb 08, 2004, re: relationship to [redacted] disappearance. I see the FBI have issued a statement regarding [redacted] from Vermont, saying that Keyes was elsewhere at the time of her disappearance.

I'm a clairvoyant who uses this gift or curse to look for missing and murdered persons. I have been putting together a lists of possible victims of Keyes, however the itinerary is rather non-specific, I wrote to the head quarters in Washington requesting further indepth info regarding his itinerary, but received no reply. Not that I really expected one.

Here is the reason, a Red Truck was spotted on the same road [redacted] disappeared from, at the time [redacted] went missing, the person stated that the behaviour of the truck driver was very strange, like a lurk, weirdo, predator. The Red Truck was an older model, with Maine plates a local person told me that near [redacted] house is a hunting camp, and the owner drives a older red truck with Maine plates.

I would appreciate any information you might be able to supply, a yes or a no will do if Keyes was in the area in Feb. 04. Also of interest is that from Constable, N.Y to Haverhill, N.H, is on route from Constable to Hampden, Maine where Keyes sister lives. Also, I'd think it likely that Keyes had access to a number of cottages/camps though out the states, either invited or not invited.

With every good wish in your work,

[redacted]

write on blogs under the name of [redacted]..

Title: (U) Azle bank robbery and aledo fire information **Date:** 02/19/2013

From: ANCHORAGE
AN-C-1
Contact: [redacted] b6 b7C

Approved By: SSA [redacted]

Drafted By: [redacted]

Case ID #: 306-AN-15642 (U) KEYES, ISRAEL
KOENIG, SAMANTHA, TESSLA
ET AL

Synopsis: (U) To document receipt of Commerce Bank robbery information from Dallas Division.

[redacted] b7E

Enclosure(s): Enclosed are the following items:
1. (U) Reports from the National Bank of Texas bank robbery 2/16/2012. CD containing video/photos of the bank robbery.
2. (U) Report from Aledo Fire Department regarding arson 2/16/2012.

Details:

Dallas Division TFO [redacted] provided the Anchorage Division with reports and video/photographs from the National Bank of Texas bank Robbery on 2/16/2012 in Azle, Texas. These items can be found in the 1A section of the casefile. Israel Keyes confessed to agents from the Anchorage Division that he was responsible for this bank robbery. Additional information about this bank robbery can be found in casefile 91A-DL-111234. TFO [redacted] also provided Anchorage with a fire report from a house fire in Aledo, Texas on 2/16/2012. Keyes also confessed to setting this house fire. A copy of this report is also maintained in the 1A section of the casefile. b6 b7C

Complaint Synopsis: (U) [redacted] called the Public Access Line to advise that she had possibly met ISRAEL KEYES 306-AN-15642 (AN)

[redacted] b7E

Received On: 02/27/2013

Receipt Method: Telephone

Incident Type: Intelligence

Complaint Details:

[redacted] (phone number [redacted] believes she may have met ISRAEL KEYES in October of 2011 at a contra dance in Montague, Massachusetts, off of I-91. The man she believes may have been KEYES was taller than 5'9 and had hazel eyes. He had curly brown hair that was almost shoulder length and no facial hair. [redacted] talked with the man for a bit because he came into the dance; he was calm, quiet, and self-assured. [redacted] asked the man what brought him to the area. He explained to her that he had been to the Middle-East when he was in the service and learned Arabic. He had since made software to teach Arabic and planned to attempt to sell it to colleges. b6 b7C

The man had a casual conversation with [redacted] He stated that he was living in a vehicle down by the river. When [redacted] revealed that she worked at a bank, he [jokingly] asked if she could get him some money.

Title: (U) PAL2013 058[redacted]02 Possible Sighting of Israel Keyes (AK) b6 b7C
Re: 306-AN-15642, 02/27/2013

He seemed reserved, and never took his coat off. [redacted] revealed to the man that her [redacted] (who was with her) enjoyed dancing but that her older daughter did not. He asked where she was and this made [redacted] uncomfortable.

[redacted] noted the man's teeth. His two upper front teeth seemed further back than the rest of his top teeth.

[redacted] recalled a boy in Bradoborough, [redacted] who went missing from a foster home around the time that she had met this man.

Complaint Synopsis: (U) On 1-30-13, [ ] called the MC3 Israel Keyes Tipline to report possible sighting of Keyes in July 2011 in Essex Junction, VT. (AN)

[ ] b7E

Received On: 01/30/2013

Receipt Method: Telephone

Incident Type: Criminal Activity

Complaint Details:

On 1-30-13, [ ] phone [ ] called the MC3 Israel Keyes Tipline to report that she and her friend [ ] made a call to the Colchester Police Department at about 1am sometime in July of 2011 to report suspicious activity in a shed near the Winooski River. [ ] states that they heard a baby crying, though it may have been unrelated, and there was a tall male milling around inside the shed with the light on. This shed is located just down the hill from Handy Suites, 27 Susie Wilson Road, Essex Junction, VT, phone 802-872-5200. [ ] and her boyfriend live next door to Handy Suites. [ ] was staying with [ ] at the time. [ ] also notes that the shed is near the Winooski River where "they located the bucket" - one of Keyes' weapons and equipment caches. b6 b7C

Braided daughters hair better than most moms
Good cook - very clean and organized home
First concern - Keyes + [redacted] drank a lot
Profile - drank little or not at all

Keyes visit on weekend (A) in Kent.

Sometimes brought [redacted] b6 b7C

Visit mostly 2004

August at Kriss's weekly or remodle at parents home.

Impression + from Mom (babysitter)

June 2004 [redacted] + Keyes split up

July/August 2004 - Saw Keyes on site, emailed.

9/25-26/2004 First sys time out there

Keyes - rental house as part of rent agreement

Don't remember (K) having boat.

Family - (K) Mom + Sisters Amish, old step dad
Mom had cell phone.
Saw pics of (K) building houses Amish way.
Dad died of something that medical could have
helped.
(K) Atheist -
(A) Mom around when his Dad died
(K) Oct 04 - flew to Pennsylvania

(K) Dad died prior to (D) duty.

Any above in past? No

(K) Grew up w/ a lot of women

Brands - IZ, face.

Army - Had a trip to Egypt has a photo album of it

Got DUI while based in Ft Lewis

Has No Army buddies.

Best friend - [redacted] drank like a fish b6 b7C

was with him the day we broke up

Dentist visit began drinking.

3 red flags - been cheated 3X

[redacted]

drank

Sex - Not aggressive, polite never afraid

(K) Had a vasectomy after [redacted]

(D) assumed [redacted] was unplanned.

Keyes Interest

Pornography - no

Trips - went to Port Angeles

Trip to Anacortes

Vehicle - black truck Toyota? older

- white sedan - older

↳ for travel; [redacted] b6 b7C

Did not know [redacted]

Feb 05 - broke up.

Sept 06 - last email w/ (Ex)

Played online games w/ [redacted]

(Ex) [redacted] on facebook

Baby, b-day,

Guns? Don't think so. Never saw it

Movies - Scifi,

Books - don't recall seeing any at his house.

Dress – Practical · sleeveless shirts, Jeans

Tint not. long hair, shaved

shaved, got contacts

[redacted] b6 b7C

Saw Izzy, grew mustache

Late Feb 05

text,

email, instant, mail.com

(K) Lazy people annoyed him.

No impression he ever used drugs

Bragged about how he would take trips to Port Lyoh

hit stop on way back out of town

networked and fish

Rod.

ET AL

Synopsis: (U) Belize's missing person's investigation reference [redacted]

Details:

On 03/11/2013, Belize Police Department Officer [redacted] provided information about the investigation into the disappearance of [redacted] in October 2005. Officer [redacted] advised that [redacted] is a Mexican national. He came to Belize and settled in the Corozal District of Belize, near the border to Mexico. [redacted] only lived in Belize for a short time. His wife filed a missing person's report when [redacted] failed to come home. Officer [redacted] advised that there was nothing to indicate there was any foul play or that [redacted] was murdered. The investigation assumed that [redacted] left his wife in Belize and returned to Mexico. Officer [redacted] said he looked to see if there was any record of [redacted] crossing the border back into Mexico

2. (U) [redacted] 4/1/2013 email re Transcripts
3. (U) [redacted] 4/1/2013 Email re Search Warrants

Details:

On 3/29/2013, SA [redacted] notified SA [redacted] and others that U.S. Magistrate Judge John D. Roberts, District of Alaska, had ruled on a Motion from the media to unseal the KEYES court/case file. Judge Roberts agreed to the United State Attorney's Office offer to release 16 search warrants and indicated he would unseal some of the KEYES interview audio recordings. Accordingly, SA [redacted] suggested SA [redacted] contact [redacted] to notify her of the above, and if she so desired, SA [redacted] should provide to her copies of the items which would be released to the media on or before 4/12/2013.

On 3/29/2013, SA [redacted] telephonically contacted [redacted] who

[redacted]
Subject: Keyes motion ruled on

Good morning everyone
Judge Roberts ruled on the motion from the media to unseal the Keyes court case/file. He agreed to the AUSA's offer to release 16 search warrants - I redacted 4 of them that had specific information about the crimes that we have not released (e.g. [redacted] The court will also be unsealing some of the recordings from the interviews. This does not include his confession to the Curriers or Koenig murders but they are both referenced in them. In one recording he talks in a bit of detail about [redacted] I think everything that is in these recordings regarding those crimes has already been released but it takes on another level when the family of the victims and Keyes will be hearing him say it. Please feel free to let the victim family members and Keyes family members that you have been working with know about this release. The USAO has until 4/12 to get them to the media but it will likely happen sooner. The AUSA said he would call me when that happens and I will pass it on.
The list of recordings that will be released is below. These are on the sharepoint site if you want to listen to them/download them. Again feel free to share these with the family members that you are working with if they are interested in hearing them before they hit the media.

Hi [redacted]
We are missing some transcripts but what I have is below. We are not giving out transcripts to other family members unless they ask for them. I don't think [redacted] will share these with anyone but please remind her not to share them.

4/5 was a brief meeting with Keyes at the jail. No transcript but attached is an outline describing what happened during that meeting.

Interview
4-5-12.docx

4/17 transcript is attached

04172012
terview Revise #1.d

4/30 is the interview where the AUSA was mad at us so he called ATF to meet with him and Keyes. We did not transcribe this interview because none of us were there so we couldn't authenticate it. However, we typed up a summary outline of the interview and it is attached.

Interview
4-30-12.docx

5/16 I cannot find this transcript. We should have it but in the meantime I attached the outline

Subject: Search warrants - Attachments 1-4 --- UNCLASSIFIED

Classification: UNCLASSIFIED
==========

All of the search warrants have something redacted in them. For a few it is just a line or two and others have several lines or paragraphs redacted. I also realized that I don't have all of the search warrants here because our casefiles were sent back to HQ for the FOIA requests and many of the search warrants were pre-Sentinel. I emailed the paralegal at the USAO but she is out today. So, I will get you the remaining search warrants tomorrow. They are all very similar so if you were planning to meet with family today the attached sw are a good representation of what will be released. I really hate reading search warrants several months/years after you wrote them. I found a few errors. For example, I think I have [redacted] mom listed as [redacted] I have no idea who that is but it clearly isn't [redacted] But I'm sure [redacted] won't mind the error.

Please let me know if you have any questions/concerns.

There are 4 files attached below. Attachments 5 & 6 didn't fit so I will send on second email. Here is how they break down by search warrant number
1 – sw 219 (this was mislabeled at one time as 291. There is no 291 – it should be 219)
2 – sw 328 & 337
3 – sw 226 & 311
4 – sw 151 & 131
5 – sw 191 & 154
6 – sw 134-1 (amended) & 215

I am missing the following: 135, 136, 137, 138, 139, 140, and 153

Thanks again for all of your help.

Reference: Communication dated September 6, 2012

Your No.:

Title: ISRAEL KEYES;
SAMANTHA TESSLA KOENIG - VICTIM;
ET AL;
SERIAL KILLINGS - VIOLENT CRIMINAL THREAT

Date specimens received: September 13, 2012

The items listed below were submitted under cover of communication dated September 6, 2012, assigned Laboratory number 120913011, and examined in the Mitochondrial DNA Unit:

K5 Dried blood sample from [redacted] (1B197, E4824598)

K5.1 Cutting from K5 dried blood sample from [redacted] (1B197, E4824598)

K5.2 Cutting from K5 dried blood sample from [redacted] (1B197, E4824598)

This report contains the results of the mitochondrial DNA (mtDNA) examinations.

Results of Examinations

1- Albany
Rutland RA
SA [redacted]

FBI Records: The Vault — Israel Keyes LastKnownContact.com Part 07: Pg 37 / 438

b6
b7C

A mitochondrial DNA sequence was obtained from the K5 dried blood sample from [redacted] the biological mother of WILLIAM CURRIER. The mtDNA profile from specimen K5 will be entered into the Biological Relatives Index of the Combined DNA Index System (CODIS) and maintained by the FBI Laboratory for future comparisons.

No other mtDNA examinations were conducted.

Methodology and Interpretation

DNA is extracted from each sample and portions of the control region of the mitochondrial DNA are amplified using the polymerase chain reaction (PCR). The amplified regions are sequenced using fluorescent dye-labeled chemistry. The sequences obtained are aligned and compared to the rCRS. Differences between the sample sequence and the rCRS are noted by nucleotide position and DNA base.

Mitochondrial DNA cannot be used to identify an individual because mtDNA is maternally inherited and all maternally related individuals are expected to have the same mtDNA profile. Also, unrelated individuals may have the same mtDNA profile within the sequenced range.

Remarks

Item K5.1 is retained for archival purposes for possible future testing. The remainder of the submitted items will be returned under separate cover along with the processed DNA generated from the samples. The processed DNA can be found in a package marked PROCESSED DNA SAMPLES: SHOULD BE REFRIGERATED/FROZEN. It is recommended that these samples be stored in a refrigerator/freezer and isolated from evidence that has not been examined.

Archive samples will be retained by the FBI Laboratory until an association is made. Archive samples will be returned to the contributor if requested. Archive samples that are not requested to be returned within 60 days of the report date will be used anonymously for training and validation studies.

As agreed upon on the signed Mitochondrial DNA Population Database Consent Form, the profile of item K5 will be entered into the anonymous mtDNA population statistics database. Item K5.2 is retained for this purpose.

FBI Records: The Vault — Israel Keyes LastKnownContact.com Part 07: Pg 38 / 438

The supporting records for the opinions and interpretations expressed in this report are retained in the FBI files. For questions about the content of this report, please contact mtDNA Examiner [redacted] For questions about the status of your submission, including any remaining forensic examinations, please contact Request Coordinator [redacted]

Reference: Communication dated September 12, 2012

Your No.:

Title: ISRAEL KEYES;
SAMANTHA TESSLA KOENIG - VICTIM;
ET AL;
SERIAL KILLINGS - VIOLENT CRIMINAL THREAT

Date specimens received: September 25, 2012

The specimen listed below was examined in the Latent Print Operations Unit:

K6 Revolver (1B195, E4824586)

This report documents the friction ridge print examinations.

Results of Examinations:

The requested latent print examinations were conducted, but no latent prints of value were detected.

Methods:

Items of evidence submitted to the Latent Print Operations Unit for examination may be examined visually, examined with various light sources, and/or processed with chemicals and powders to detect the presence of latent friction ridge prints. The specific sequence of examinations and processes depends upon the nature of the evidence.

FBI Records: The Vault — Israel Keyes LastKnownContact.com Part 07: Pg 42 / 438

Friction ridge print examinations are conducted using the Analysis, Comparison, Evaluation, and Verification methodology (ACE-V), which includes an assessment of the quantity and quality of the information present. The steps of ACE-V are applied to each examination as appropriate.

Analysis is the assessment of a friction ridge print to determine if sufficient reliable details are present to conduct a comparison with another print and to reach an identification conclusion. If these conditions are met, the print is determined to be of value.

Comparison is the direct side-by-side observation of friction ridge prints of value to determine whether or not the information in two prints is in agreement.

Evaluation is the formulation of a conclusion based on the information gathered during the analysis and comparison of the friction ridge prints.

Conclusions that can be reached are as follows:

- Identification - the determination that there is sufficient quality and quantity of detail in agreement to conclude that two friction ridge prints originated from the same source.

- Exclusion - the determination that there is sufficient quality and quantity of detail in disagreement to conclude that two friction ridge prints did not originate from the same source.

- Inconclusive - the determination that corresponding areas of friction ridge prints are absent and/or unreliable and therefore cannot be identified or excluded.

Verification is the independent application of the analysis, comparison, and evaluation phases of the ACE-V methodology to a friction ridge print by another examiner.

Interpretations:

Due to the many factors involved in the deposition of a friction ridge print, neither the absence of a friction ridge print on evidence nor the exclusion of a friction ridge print with a given source disassociate that source from having touched the evidence.

FBI Records: The Vault — Israel Keyes LastKnownContact.com Part 07: Pg 43 / 438

Remarks:

For questions about the content of this report, please contact Physical Scientist/Forensic Examiner [redacted] b6 b7C

For questions about the status of your submission, including any remaining forensic examinations, please contact Request Coordinator [redacted]

The specimen is being returned under separate cover. The supporting records for the opinions and interpretations expressed in this report are retained in the FBI files.

Complaint Synopsis: (U) Israel Keyes sighting at Cloony Lake in Feb 2011

[redacted] b7E

Received On: 12/10/2012

Receipt Method: Telephone

Incident Type: Intelligence

Complaint Details:

[redacted] Telephone [redacted] Anchorage Alaska 99502 was calling in to say that he had seen ISRAEL KEYES at Cloony Lake on Ft. Richardson on Feb. 19 2011. [redacted] was ice fishing with his wife and then [redacted] year old son. [redacted] noticed that KEYES had a kind of underwater camera with him. [redacted] asked KEYES if that was a fish finder- KEYES told [redacted] it allowed him to see how deep the lake was. [redacted] was noticing that KEYES was digging holes and not fishing, KEYES kept moving around a lot. [redacted] also noticed that KEYES was drilling holes much quicker than anyone- what was taking the regular person 15 minutes to drill KEYES was doing in a little more than 2 minutes. KEYES was stronger than he looked. [redacted] went over to talk to KEYES again because he had drilled a lot of holes but had not done any fishing. KEYES mentioned to [redacted] that he had been at Matanuska Lake in Palmer Alaska just the other day and there were only small fish there. [redacted] said that if the camera had not been found KEYES may have rented b6 b7C

Complaint Synopsis: (U) Possible sighting of Israel Keyes in April 2011. AN field office.

[redacted] b7E

Received On: 12/10/2012

Receipt Method: Telephone

Incident Type: Criminal Activity

Complaint Details:

This call was received on the Isreal Keyes MC3 tip line.

[redacted] thinks she saw ISRAEL KEYES in April of 2011 in Plattsburgh, NY. [redacted] stopped at a convenience store close to her work (An Shen Acupuncture) on the morning of either the 7th or 21st of April 2011 at approximately 7:30am. The convenience store is located on Route 9 on Margaret Street, along Lake Champlain. She noticed a man, who she believes was KEYES, walking into the store. [redacted] says that KEYES stared at her and then followed her in his car out of the parking lot and to her place of work. [redacted] said she never spoke to the man, but he scared her so much that when she got to work, she told her boss that if anything were to happen to her, it would be the man's fault. b6 b7C

Complaint Details:

The information contained in this communication was received on a MC3 activation.

State Trooper wanted to remind the FBI to look at several murders that happened at the time KEYES was on a murder rampage. b6 b7C

First murder was SARAH YARBOROUGH. YARBOROUGH was found murdered at FEDERAL WAY HIGH SCHOOL IN 1991. KINGS COUNTY SHERIFF DEPARTMENT of SEATTLE, WA, was the investigators.

Second murders were of a mother and daughter on a hiking trip on July 7, 2010, on MT. PILCHUCK, SNOHOMISH COUNTY, WA. MARY COOPER is the mother and SUSANNA STODDEN is the daughter, both were shot in the head.

did not have any specific reason to believe KEYES was involved in the murders, but believed they might be related due to the time frame

NARRATIVE

(U) [redacted] said he saw Israel Keys as recently as January 2012. [redacted] first met Keys in August of 2008 when he hired Keys for a project on his house. The project lasted 4-5 months. Because Keys did such a good job, [redacted] used Keys for various projects over the last few years. In January 2012, [redacted] asked Keys to walk through a house on the hillside with him that [redacted] was considering purchasing. A real estate agent was also present. [redacted] also added that Keys was very good at using ropes and pulleys. [redacted] said that it would not surprise him at all if Keys was able to rig a pulley system to get the rig off the back of his truck by himself. A halfway house in Anchorage. Phone number not captured in caller ID.

Contact Info: Other: calling from a halfway house

NARRATIVE

(U)At 2:34p a male caller wishing to remain anonymous phoned from a halfway house in Anchorage to reporting seeing the Keyes Construction truck 6-7 times in the parking lot of the iHop and Dairy Queen on Tudor in January 2012. Caller was confident about the timeframe because he had just gotten out of jail the first week of Jan. Caller and his now ex-girlfriend would go the iHop or Dairy Queen parking lots to meet a drug dealer. On approx 6 times he would also see the Keyes Construction truck in the parking or already meeting the drug dealer they were there to meet. On or two occasions he saw Keyes in his truck speaking out the window to the dealer who was sitting in his truck. Caller presumed Keyes was there to buy drugs. Caller is afraid of parole violations if he provides his name or girlfriends name. Caller unwilling to provide the name of the dealer because he is afraid what would happen if his name was linked to the FBI - "he would be shark bait" . Caller would say that the dealer sold both marijuana and other harder drugs. Caller would say that the dealer was a white guy, well connected to a gang. Dealer drives a large black Ford F160 truck that is not a dually. At the end of the call, caller stated he would think about calling me back with the dealers name. NARRATIVE

(U)OST [redacted] received this telephone. This Internet Package is entered by OST [redacted] [redacted] advised her husband is [redacted] and that she helped solved the Unabomber case. [redacted] advised she sometimes has dreams and wanted us to be aware of a dream she had. [redacted] stated that the first week in March she and [redacted] were in Anchorage as [redacted] was scheduled to give talks. [redacted] advised she saw posters of Samantha Koenig and [redacted] had a very vivid dream of a building which had been under construction at one time but then abandoned. [redacted] stated that when she went to watch the Iditarod on Cordova Street she was startled to see the building at 1201 or 1205 Cordova St. that looked like the building in her dream. [redacted] stated she has been following the Koenig case on the internet. [redacted] advised Israel Keyes had a constuction business office one or two blocks from the abandoned Cordova apartment building and it just might be a good idea to take a look at this apartment building. SOURCE(S) OF INFORMATION

Contact Method: Telephonic

Reporting Person: [redacted]
Female

Residence Address: LAT: 0.0000 LONG: 0.0000
Wells, TX

Contact Info: Cell Phone: [redacted]

NARRATIVE

(U) [redacted] called to provide additional info regarding the new religious community/cult in Wells, TX. Her husband phoned on 3/28/2012 CJIS-0000037. [redacted] stated that about 3 months ago the pastor of this group drove into Wells, TX in a Winnebago and began buying up homes. The group now owns approx 15 homes in Wells, many of them located next to or near the elementary school. [redacted] believes the group are Koreshians, followers of David Koresh. Since the new group arrived in town, they have interrupted other church services, yelling "you are all going to hell". They clean guns in their front yards and have talked about explosives. Men from the group have multiple wives who are young and often teenagers or preteens. Men from the group walk into people's front yards. At lest one man walks around the school 4times a day. When [redacted] asked the Cherokee City sheriff about it, he told her to put up a "no trespass" sign so the y could be arrested next time. [redacted] witnessed one man about 6ft tall force march a woman and three young girls (ages 5-11) up and down her street from 7am-7pm. [redacted] and her neighbors are scared to death for their safety and their children's safety, not letting their children play in the front yard, or walk to school alone. [redacted] asked Cherokee City Officer [redacted] about whether she should buy a gun- she said told [redacted] told her that "they won't just kill you, they will kill lots of people". Reporting Person: [redacted]
Male

Residence Address: LAT: 0.0000 LONG: 0.0000
[redacted]
PALMER, AK 99645

Contact Info: Home Phone: [redacted]

NARRATIVE

(U[redacted] called to state that approx 4-6 weeks ago he drove out to Matanuska Lake to take a walk around the lake because it was a bright sunny day. When [redacted] pulled into the parking lot there were approx 4-5 cars parked on the correct/signed side of the lot. He noticed a white crew cab truck that was parked near the locked gate- on the wrong side- where the signs clearly state you are not to park. He remembers the vehicle because it appeared to be a commercial or contractor truck and when he didn't see the driver, he assumed the driver had driven out there to take lunch, possibly from a construction job in Palmer. [redacted] can't recall if the utility boxes were on the truck, but there must have been some sort of rack on the truck to make him believe it was a commercial/construction work truck. He did not get a look into the back of the truck. He doesn't remember any other markings on the truck. The truck pulled in nose first into the spot, did not back in. There were people out on the lake ice fishing. There is no way for him to narrow down the time frame because he doesn't recall doing anything else/purchases of significance that day. Avail for recontact. [redacted] (FBI - Anchorage at Anchorage JOC) - 04/03/2012 11:37 AM AKDT]

MATSU/ BOROUGH, LOBERG LAKE

Contact Info: Home Phone: [redacted]

NARRATIVE

(U)Caller advised she observed a suspicious white pickup truck occasionally parked on the ice of Loberg Lake. Caller lives approximately one half mile from Matanuska Lake, where Koenig's body was found. Caller has a view of Loberg Lake from her residence, approximately 150 feet away from the shore. Caller began seeing this pickup truck around the beginning of 2012. The truck would drive out on the lake and park in the evenings when it was getting dark, but caller never observed anyone get out of the vehicle. Usually people are on the lake in the winter time for ice fishing, but caller never observed the driver of the truck go fishing. Caller saw the truck several times on the lake, as well as parked up near the Vietnam Memorial, which has a good view of the valley. The last time caller saw the truck was approximately three to four weeks ago, and remembers seeing it around the time of Koenig's disappearance. Caller could not recall any distinguishing markings on the truck. The truck did not have the green construction rack as seen in the recent newspaper photographs. Caller believes the truck was a regular cab pickup. Caller is familiar with pickup truck cab-styles as the caller has an extended cab pickup. Caller advised there is also a snow dump near her residence. [redacted] (FBI - Anchorage at Anchorage JOC) - 04/03/2012 02:51 PM AKDT]

NARRATIVE

(U) [redacted] drives to Palmer every Wednesday night for a church youth group. He can't give the exact month or week but he saw the truck approx 2months ago, on a Wed night about 9-930pm at Matanuska Lake. He drove past the lake on the way home from church and noticed a white Chevy truck parked near the lake. He noticed the truck because he thought it was strange that someone would go ice fishing that late when it was snowing. The parking lot was not plowed so the truck was parked on side of the road. The truck had home built boxes in the bed that he initially thought were dog kennels. The boxes were large, cab height, painted in a dark color- blue or green. SOURCE(S) OF INFORMATION

Contact Method: Telephonic

Reporting Person: Anonymous
Male

Temporary Address: LAT: 0.0000 LONG: 0.0000

Wishes to remain anonymous, may call tomorrow. He has phoned before with info and was previously in a halfway house. Caller states he is now in jail for credit theft, may wish to trade more info for help on his case. He will probably call tomorrow. Caller ID showed [redacted] which is unlisted.

NARRATIVE

(U)Wishes to remain anonymous, may call tomorrow. He has phoned before with info and was previously in a halfway house. Caller states he is now in jail for credit card theft and may wish to trade more info for help on his case. He will probably call tomorrow. Called from [redacted] - unlisted number Caller stated that he knew Samantha Keyes was no choir girl and had done heroine in the past. Israel Keyes had purchased 'dope' from a drug dealer named [redacted] LNU, a white man [redacted] who lives in Eagle River, AK. [redacted] buys his dope from a man named [redacted] (Note: [redacted] DOB ?) . [redacted] is a dangerous man who is selling dope that people are dying from. Caller doesn't know if people are dying because the heroine and/or meth, is contaminated or too pure. Caller had a friend, Lexi, die last month after buying from [redacted] (Note: obituary on adn.com states that Alexi Mykaela Bickers, age 20, dies unexpectedly 3/08/2012.) Caller said that a Shawn Reid died after he was released from a rehab program and had met up with [redacted] (Note: Obit on adn.com stated that Shawn Michael Reid, age 27, passed away unexpectedly on 3/14/2012). Caller stated that George Griffin, worked as a barber at the Captain Cook Hotel, overdosed after recently. (Note: Obituary states that George Kevin Griffin, DOB 8/27/1954. Griffin owned the Big City Barber Shop) passed away unexpectedly on 3/16/2012. Caller states that in the last 6weeks, bodies were stacking up that had an association with [redacted] Caller said that rumors on his side of the fence said that at least a two people died because [redacted] held someone at gunpoint and forced them to shoot-up until they overdosed. [redacted] has a brother, [redacted] (note: [redacted] who is in drug treatment at the Akeela House. Caller finally agreed to provide a phone# for [redacted] though he wasn't sure if [redacted] was still using it. (Note: TAA shows that this number contacted the someone form the Koenig investigation in January (7A-AN015642, 1/03/2012) as well as [redacted] 12/04/2008, 7/28/2007 - 11/17/2007). ----- [redacted] (FBI - Anchorage at Anchorage JOC) - 04/18/2012 05:03 PM AKDT] b6 b7C b7E

NARRATIVE

(U [redacted] called Anchorage Division to report information she knew an Israel Keyes. [redacted] graduated from North Kitsap High School in Poulsbo, Washington in 1987 and graduated with a male named Israel Keyes. She did a Google search of "Israel Keyes" on approximately 4/3/2012 and read that another Israel Keyes, who is her same age of [redacted] and who she believes to be the one she graduated with, killed his girlfriend, her 12 year old son, and himself in 2008 in Plaines, Montana. She found this to be an odd coincidence considering the events of what happened with the other Israel Keyes that is currently in custody in Alaska and wanted to report it to the FBI. NARRATIVE

(U)Male caller phoned into tip-line via number [redacted] Caller indicated that his buddy saw a white truck that he believed to be suspect Keyes and asked if I would like to speak to him. He then put witness on the phone who identified himself as [redacted] of Sterling, Alaska. He said that he had seen the white pick-up truck that we were looking for at Cooks gas station in Sterling. It did not have the rack or tool box on the back and had a Keyes Construction magnet or decal on the door. He stated that he saw the truck about a week before he was caught. The witness said his number was [redacted] Nothing additional. [redacted] (FBI - CJIS at FBI CJIS CC) - 03/27/2012 06:34 PM AKDT]

SUPPLEMENTAL INFORMATION

NARRATIVE

(U)The caller advised he had called before, but the father of the missing girl wanted him to call again. The caller stated that on 2/22/2012 at 10:38 PM an article (Koenig Abduction Puts New Emphasis on Workplace Safety) had run on KTVA.com (Channel 11 News in Anchorage) and a remark was added below by an anonymous person. The remark was "IF THE AUTHORITIES EVER GET A CHANCE THEY SHOULD CHECK ON Nulato Drive up in the small town of North Pole.Or any roads that lead up there." The caller was thinking about the remark and said that if you take the Nulato Road there is a vacant house at the end that is for sale. The caller stated there is another road with no name and if you take a left it leads to a wooded area with drainage.[redacted](FBI - CJIS at FBI CJIS CC) - 03/28/2012 04:00 AM AKDT]

NARRATIVE

(U [redacted] called she wanted to report an incident that happened roughly the same time as the missing girl of this investigation went missing. She couldn't remember the date. She works for Campfire USA. Approximately @ 2 or 3 am around the time girl went missing, a girl appeared at her door which was next to her bedroom and attempted to break into her residence. She did report to 911 and they indicated that there was a cruiser in the area looking for this girl that she had tried to break into 2 other homes in the area. The girl was pleading for help and appeared to be out of her mind but did not appear drunk or on drugs. She remembers the girl wearing a light, thin jacket that appeared to be rain resistant or maybe a cordroy. The jacket was taupe or beige in color. She had a tank underneath that was either beige or white. She had on flannel Pajama type pants that were pink, black and white stripped or plaid. She remembers these details because she had put a spot light on the girl and warned her that she had a gun. Her husband was away in Fairbanks. She remembers the girl's face and it is an exact match to missing girl. She told the girl to stay where she was that police were on the way. However the girl left down her drive way and went left at the end of it. She doesn't remember the girl getting into a car or anything she just ran away. [redacted] said this has been bothering her so she felt the need to report it. [redacted] (FBI - CJIS at FBI CJIS CC) - 03/28/2012 09:27 AM AKDT]

NARRATIVE

(U)At 7:10 p.m. on 2/19/2012, the caller saw a man resembling Israel Keyes. The man was wearing a black hoodie, a dark jacket, and new DC shoes. The man had a big nose, short hair, and dark "piercing" eyes. The man was outside pacing and smoking, and his presence made the caller very uncomfortable about going out of the store she was in. The man left in a white truck with a utility rack that resembled Keyes' vehicle. The truck had the company name CentiMark on it with a toll-free number in small print. The caller called the toll-free number and it was the number for an ocean shipment company.[redacted] (FBI - CJIS at FBI CJIS CC) - 03/28/2012 09:37 AM AKDT]

DESCRIPTIVE DATA

NARRATIVE

(U)The caller saw a picture of Keyes' truck in the paper today. The caller advised he cannot tell what year the truck is from the picture, but he advised if it is a newer model truck it will have a "black box" in it. The caller advised all newer models have a "black box" installed. The caller suggested checking the "black box" in the truck for data that may help in the case.[redacted](FBI - CJIS at FBI CJIS CC) - 03/28/2012 10:17 AM AKDT]

NARRATIVE

(U)Caller stated he had seen a late model white Chevy Pickup truck with a camper top on it around the end of January beginning of February 2012. The truck was parked across the street from his house. He said the man driving it was very suspicious looking. When he looked out the window the man made eye contact with him and then quickly left the area, spinning his tires as he left. He said it wasn't the only time he saw the truck. He had also seen the truck driving around the neighborhood. He also reported seeing the truck to the Anchorage PD but they did not feel it was of any importance and no investigation was conducted. Caller can be reached at his work number [redacted] (FBI - CJIS at FBI CJIS CC) - 03/28/2012 10:22 AM AKDT]

NARRATIVE

(U)The caller stated that it seemed like he saw the truck back in February with a young kid in it. He's pretty sure he saw it on Mountain View by the Credit Union. He went for an interview at Golden Wheels Amusement Parks and it was about 10am when he saw the truck. He said the Keyes guy was on the phone in a small car with a paper license on it. He said the person was hiding his face when going down the road. He said that the truck had been used 3 times. The person was hiding behind the truck. He mentioned that it was going through his head that he hoped the person got caught using the girl's money and he hoped that nothing sexual had happened,. He said that the truck was heading over to the O'Malley area or Birchwood Rd. He said that if the person got caught or found in the area he described, he would accept award money.

REPORT OF EXAMINATION

To: Anchorage
Squad C-1
SA [redacted]

Date: June 4, 2013

Case ID No.: 306-AN-15642

Lab No.: 120925001 PF NN

b6
b7C

Reference: Communication dated September 12, 2012

Your No.:

Title: ISRAEL KEYES;
SAMANTHA TESSLA KOENIG - VICTIM;
ET AL;
SERIAL KILLINGS - VIOLENT CRIMINAL THREAT

Date specimens received: September 25, 2012

The specimen listed below was examined in the Firearms/Toolmarks Unit:

K6 Revolver (1B195, E4824586)

The results of the firearm examinations are included in this report.

FBI Records: The Vault — Israel Keyes LastKnownContact.com Part 07: Pg 176 / 438

Results of Examinations:

Specimen K6 is a .38 Special +P caliber Ruger revolver, Model LCR, Serial Number 540-07157. The K6 revolver would not function normally as received due to corrosion of the cylinder stop spring. A replacement cylinder stop spring was inserted into the K6 revolver to obtain test fired specimens.

A query of the National Crime Information Center (NCIC) and eTrace databases returned no record for the serial number on the K6 revolver.

Methods:

Firearms

The make, model and caliber of a firearm are normally determined by directly observing manufacturer markings on the firearm in question. When these are not present, published materials and firearms in the Laboratory's Reference Firearms Collection may be used to make determinations.

Unless otherwise noted, submitted firearms are test fired:

1) in the condition they are received in the Firearms/Toolmarks Unit,
2) with ammunition from the Laboratory's Reference Ammunition File,
3) in a manner that allows for testing of available modes of fire such as manual safety engaged, manual safety disengaged, single action, double action, semi-automatic, fully automatic, etc.

NCIC/eTrace

The serial number from a firearm is queried against the Department of Justice National Crime Information Center (NCIC) stolen gun record and electronic tracing system (eTrace) internet-based databases. These databases contain records on stolen, lost, and recovered firearms and firearms used in the commission of crimes that are designated to expel a projectile by air, carbon dioxide, or explosive action. In addition to, provide a systematic tracking of a recovered firearm from its manufacturer or importer to purchase.

FBI Records: The Vault — Israel Keyes LastKnownContact.com Part 07: Pg 177 / 438

Limitations:

Firearms

The results of firearms function examinations describe the operating condition of the firearm as it was received in the Firearms/Toolmarks Unit.

NCIC/eTrace

The NCIC stolen gun record and eTrace databases will only return a record if the serial number queried matches a database entry. Additionally, a NCIC and eTrace may return a record containing information that does not match the description of the firearm being queried.

Remarks:

The supporting records for the opinions and interpretations expressed in this report are retained in the FBI files. The submitted item and FTU secondary evidence will be returned under separate cover. For questions about the content of this report or the status of other firearms examinations, please contact Examiner [redacted]. For other questions, please contact Request Coordinator [redacted]

Title: (U) Closing Document and Publication of the KOENIG ORION Instance. **Date:** 06/12/2013

From: CRIT INCIDENT RESPONSE
IR-CMU
Contact: [redacted] b6 b7C

Approved By: [redacted]

Drafted By: [redacted]

Case ID #: 306-AN-15642 (U) KEYES, ISRAEL
KOENIG, SAMANTHA, TESSLA
ET AL

Synopsis: (U) To document the closing and publication of the unclassified operational instance of ORION accessible through the FBI's Law Enforcement Online (LEO) network in support the possible kidnapping of Samantha Tessla Koenig.

[redacted] b7D

Reference: 242-IR-A8640-OPS Serial 174

Enclosure(s): Enclosed are the following items:
1. (U) One DVD of the published KOENIG ORION instance.

Details:

On 03/15/2012, CMU initiated an operational instance of ORION, on the unclassified network in support of the kidnapping of Samantha Tessla Koenig on 02/01/2012 in Anchorage, Alaska.

FBI Anchorage points of contact for this instance of ORION were:

- CMC [redacted] (Cell) b6 b7C
- ORION Facilitator [redacted] (Cell)
- Case Agent [redacted] (Cell)

UNCLASSIFIED//~~FOUO~~

Title: (U) Closing Document and Publication of the KOENIG ORION Instance.
Re: 306-AN-15642, 06/12/2013

CMU points of contact for this instance of ORION were:

- SSA [redacted] (Cell)
- CIMS [redacted] (Cell)
- ORION 24/7 Support, [redacted]

b6
b7C

CIMS [redacted] is providing the enclosed copy of the published instance directly to CMC [redacted] who is hereby directed to provide a copy of the published instance DVD to the Case Agent and/or other local agencies if appropriate. Ensure receiving personnel have the appropriate authorization/clearances to receive this investigative information and adhere to FBI policy detailing the proper handling, storage, and transmission of information.

Prior to the closure of the ORION instance and creation of the enclosed DVD, the contents (Information Packages (IPs) and attachments) should have been uploaded to the substantive case file through the Records Management functionality in ORION. It is the recommendation of CMU to upload all information to Sentinel although it is ultimately the discretion of the FBI Case Agent.

It is advisable to make back-up copies of the published instance DVD as CMU will not retain a copy of the ORION instance or any information stored within as mandated by the Electronic Recordkeeping Certification (ERKC) requirements.

Case ID #: 306-AN-15642 (U) KEYES, ISRAEL
KOENIG, SAMANTHA, TESSLA
ET AL

Synopsis: (U) Tribal contacts in agent's AOR were contacted in response to lead to determine if there were any missing persons who had not been reported to NCIC.

[redacted] b7E

Enclosure(s): Enclosed are the following items:
1. (U) Missing Person Flyer

Details:

Writer made contact with various tribal entities in regards to captioned case to determine if there were any missing persons on their pueblos who had not been reported to NCIC during the time periods in question. Writer only canvassed pueblos within his AOR; other pueblos/reservations within the State of New Mexico (outside of Writer's AOR) are being covered by other AQ Division agents. Below is a list of the pueblos canvassed:

Taos Pueblo

Picuris Pueblo

Santa Clara Pueblo

UNCLASSIFIED

Title: (U) To cover lead
Re: 306-AN-15642, 11/19/2012

Ohkay Owingeh Pueblo

Nambe Pueblo

Pojoaque Pueblo

Tesuque Pueblo

Cochiti Pueblo

Santo Domingo Pueblo

San Felipe Pueblo

Taos, Picuris, Santa Clara, Ohkay Owingeh, Nambe, Pojoaque, and Tesuque Pueblos are also covered by the Bureau of Indian Affairs (BIA), Northern Pueblos Agency located in Ohkay Owingeh, New Mexico. Cochiti, Santo Domingo, and San Felipe Pueblos are also covered by the BIA, Southern Pueblos Agency, located in Albuquerque, New Mexico.

Writer made contact with BIA Special Agent [redacted] who stated that all missing persons from the pueblos have been reported to NCIC. However, if a pueblo reported a notable missing person, it is included in this report. The following are results from the pueblos canvassed regarding missing persons: b6 b7C

Taos Pueblo:

Taos Pueblo Tribal Police reported that an individual by the name of [redacted] a [redacted] year old Navajo man (DOB unknown to writer), disappeared in Arizona on August 5, 2011. [redacted] mother is Navajo and his father is from Taos Pueblo. The last time [redacted] was seen, he had left his home and told his family that he was going to the store and never returned.

Picuris Pueblo

[redacted] the Court Clerk from Picuris Pueblo, reported that

FBI Records: The Vault — Israel Keyes LastKnownContact.com Part 07: Pg 218 / 438

they have not had any missing persons during the time frames in question. All of the people that have been reported missing over the last few years have turned up a few days after they went missing.

Ohkay Owingeh Pueblo

Lt. [redacted] of the Ohkay Owingeh Police Department informed writer that no individuals have gone missing from Ohkay Owingeh Pueblo since 2007. b6 b7C

Nambe Pueblo

[redacted] executive assistant to the governor, informed writer that Nambe Pueblo has not had any of their members go missing since 2007.

Pojoaque Pueblo

Pojoaque Pueblo has not had any missing persons that have not been reported to NCIC.

Santa Clara Pueblo

Santa Clara Tribal Police Department reported that they knew of three individuals who could possibly be missing and have thus not been placed into NCIC. It should be noted that all three of these individuals have active warrants.

[redacted] DOB [redacted] and [redacted] DOB [redacted] have not been seen in the last few months. Writer was told that they "may have taken off," and it is unknown if they went missing during the time frames in question.

[redacted] DOB [redacted] has been missing for over a year (to include the time period in question).

San Ildefonso Pueblo

FBI Records: The Vault — Israel Keyes LastKnownContact.com Part 07: Pg 219 / 438

Title: (U) To cover lead
Re: 306-AN-15642, 11/19/2012

Governor Terry Aguilar informed writer that San Ildefonso Pueblo has not had any one go missing from the pueblo as of 2007.

Tesuque Pueblo

Tesuque Pueblo reported that [redacted] DOB [redacted] was last seen on the Hopi Indian Reservation at the village of Kykotsmovi in Arizona. [redacted] is from the Pueblo of Tesuque. No circumstances surrounding the disappearance were given. See included Missing Person flyer. b6 b7C

Cochiti Pueblo

Lt. Governor Dwight Mody was not aware of any missing persons from his pueblo. Prior inquiries by BIA Special Agent [redacted] from BIA Southern Pueblos Agency did not yield any positive results.

Santo Domingo Pueblo

[redacted] Court Clerks for Santo Domingo Pueblo, informed writer that the whereabouts of [redacted] Date of Birth [redacted] have been unknown since 2007 or 2008. Circumstances surrounding his possible disappearance are unknown.

San Felipe Pueblo

Prior inquiries by BIA Special Agent [redacted] regarding missing persons yielded negative results.

Title: (U) Violent Crime Analysis of Crime on Yakima Indian Reservation

Date: 06/06/2013

To: [redacted] b6 b7C

From: CRIMINAL INVESTIGATIVE
D6-VC/CACIU
Contact: [redacted]

Approved By: [redacted]

Drafted By: [redacted]

Case ID #: 198A-SE-66634 (U) ELWELL, SHERI, DEE SAMPSON - YAKAMA INDIAN RESERVATION IC - HOMICIDE

306-AN-15642 (U) KEYES, ISRAEL
KOENIG, SAMANTHA, TESSLA
ET AL

Synopsis: (U) To provide FBI Seattle with analysis of links between Israel Keyes and 18 victims killed and/or missing from the Yakima Reservation in Washington.

[redacted] b7E

Details:

On 28 May 2013, FBI Seattle requested the Violent Crimes/Crimes Against Children Intelligence Unit (VC/CACU) to conduct analysis to identify links between the 18 victims killed on the Yakima Indian Reservation identified in case number 198A-SE-66634 and Israel Keyes, referenced in case number 306-AN-15642.

Upon reviewing the list of 18 victims missing from the Yakima Reservation, the VC/CACIU determined that 15 of the victims died during

FBI Records: The Vault — Israel Keyes LastKnownContact.com Part 07: Pg 225 / 438

the time period 1979 through 1994. At this time, Keyes range 1 - 16 years of age. FBI records indicate that Keyes committed his first murder at the age of 17. The remaining three victims names and circumstances surrounding their disappearance were cross checked to identify any possible links with Keyes.

Alice Ida Looney was reported missing on 19 September 2004 by her sister, who stated she had been missing for about two months. Her body was recovered on 30 November 2005 in an irrigation canal. In disappearance, the VC/CACIU can not determine with certainty if Keyes was involved in her disappearance and murder. Employment records for Keyes show that during this time he was employed by the Mikah Tribe in the Olympic Peninsula of Washington State and was on sick leave 22 September 2004. On 1 August 2004, Keyes attended a wedding in Sequim, Washington, which is approximately 20 miles from from the irrigation canal in Toppenish, Washington. The VC/CACIU does not have any financial records or documents to indicate Keyes locations in 2004 other than trip in October from Seattle, Washington to Manchester, Maine.

[redacted] was last seen on 7 November 2007. At the time of his disappearance, Israel Keyes was in Anchorage, Alaska. b6 b7C

[redacted] was last seen by his father on 20 May 2010, very intoxicated, near the Columbia River. At the time of his disappearance, Israel Keyes was in Anchorage, Alaska.

198A-SE-66634 (U) ELWELL, SHERI, DEE SAMPSON - YAKAMA INDIAN RESERVATION IC - HOMICIDE

Synopsis: (U) To identify possible links between Israel Keyes and 18 victims killed and/or missing from the Yakima Reservation in Washington.

[redacted] b7E

Details:

Anchorage case agents reviewed the list of 18 victims missing from the Yakima Reservation. Anchorage concurs with the VC/CACIU analysis that 15 of the victims died during the time period 1979 through 1994. At this time, Keyes ranged from 1 to 16 years of age. Based on Keyes statements during interviews, he did not commit his first murder until he was discharged from the Army at the age of 21. Keyes was discharged in July 2001. Keyes suggested his first murder happened between this date of discharge and the birth [redacted] b6 b7C Anchorage does not have any information suggesting Keyes killed anyone prior to 2001.

UNCLASSIFIED

UNCLASSIFIED

Title: (U) Keyes possible involvement in Crime on Yakima Indian Reservation
Re: 306-AN-15642, 07/26/2013

Alice Ida Looney was reported missing on 9/19/2004 by her sister, who stated she had been missing for about two months. Her body was recovered on 11/30/2005 in an irrigation canal. Keyes was living in Washington at this time. Anchorage has limited records to place Keyes at a specific location on 9/19/2004. Anchorage will coordinate with Seattle Division to determine if any DNA evidence was found on the victim. Keyes DNA has been entered into CODIS.

[redacted] was last seen on 11/7/2007. [redacted] was last seen by his father on 5/20/2010 near the Columbia River. Based on travel and financial records obtained by the Anchorage Division, Keyes was in Anchorage on both of these date. Financial records indicate Keyes made multiple purchases using in the Anchorage area on 11/7/2007 and 5/20/2010 and the days immediately before and after. b6 b7C

Date specimens received: August 8, 2013

The FBI Laboratory has received your request for examination. The accompanying items of evidence have been inventoried. The provided listing and description of the submitted items may be subject to change when the examination phase begins. If changes are made, they will be reflected in the Report of Examination issued by the examiner making the change.

Specimens:

ITEMS FROM FBI LABORATORY NUMBER 120822003 PF ABE

TEU Secondary Evidence (1B270, E5123986)

Each examiner assigned to your request will issue a separate Report of Examination that will address the results of his/her expertise. For technical questions, contact the following unit(s) assigned to your case:

- Trace Evidence Unit - [redacted]

If there is a change in the status of your investigation affecting the prioritization of your request, such as court deadlines, dismissal of charges, or guilty pleas; or if you have questions regarding the status of your case, contact Request Coordinator [redacted]

Q496 Headlamp (1B404, E5124349)

The following specimens were received/examined in the Trace Evidence Unit (Hair and Fiber) and were submitted under cover of communication dated August 07, 2013 (130808002 PF ABE):

RESUBMITTED ITEMS FROM FBI LABORATORY NUMBER 120822003 PF ABE

TEU Secondary Evidence (1B270, E5123986)

The results of the trace evidence (hair and fiber) examinations are included in this report.

Methods:

Microscopic examination of hairs is accomplished by using stereomicroscopy and comparison microscopy. The presence or absence, appearance, arrangement and distribution of

FBI Records: The Vault — Israel Keyes LastKnownContact.com Part 07: Pg 244 / 438

the characteristics within the cuticle, cortex, and medulla of the hairs are examined and may be compared during a hair examination.

Microscopic examination of fibers is accomplished by using one or more analytical techniques including stereomicroscopy, comparison microscopy, polarized light microscopy, fluorescence microscopy, and instrumentally using microspectrophotometry and Fourier transform-infrared spectroscopy. The microscopic characteristics and optical properties determined by these techniques are used for the examination and comparison of fibers.

Results of Examinations:

Caucasian head hairs and head hairs which exhibit Caucasian characteristics were found on specimen Q251. These hairs are microscopically dissimilar to the specimen K3 (FBI Laboratory Number 130808002 PF ABE) known head hair sample; accordingly, based on the known sample, ISRAEL KEYES cannot be included as a possible source of these hairs. If additional microscopic hair comparisons are requested, please submit known head hair samples. A known head hair sample should consist of at least twenty-five (25) hairs selected from all areas of the scalp.

Dog hairs were found on specimens Q251 and Q494 through Q496.

No hairs or no other hairs suitable for significant microscopic comparison purposes were found on specimens Q251 through Q257.1, Q489 through Q492, and Q494 through Q496.

Textile fibers of various types and colors were found on specimens Q251, Q252, Q255, Q489 through Q492, and Q494 through Q496.

Additional debris collected from specimens Q253 through Q254 and Q256 through Q257.1 has been preserved.

No other hair and fiber examinations were conducted on the submitted specimens.

The submitted specimens were examined using stereomicroscopy and comparison microscopy, where appropriate.

Interpretation:

Characteristics of hairs can be used to determine whether the hair is human or non-human, body area, racial characteristics, artificial treatment and whether a hair has been forcibly removed or naturally shed. The characteristics exhibited in the hair(s) are used as the comparison criteria. When the presence or absence, appearance, arrangement, and distribution of macroscopic and microscopic characteristics exhibited in a recovered hair(s) are the same as in a potential source, the possibility that the compared hair(s) originated from the same source cannot be excluded. Consequently, the source of the known sample can be included as a possible source

FBI Records: The Vault — Israel Keyes LastKnownContact.com Part 07: Pg 245 / 438

of the recovered hair(s), although the association of hairs using macroscopic and microscopic characteristics does not constitute a basis for personal identification.

Fibers can differ as to type (e.g., rayon, cotton), color, shape, size, microscopic features (e.g. presence of delustering agents, voids) and optical properties (e.g., refractive index, sign of elongation). These are characteristics that may associate fibers with a group of items, but never to a single item to the exclusion of all others. However, even fibers with many similar properties may be excluded as originating from the same source by using the identified analytical methods.

The characteristics present in the fibers are used as comparison criteria. When all of the characteristics present in a recovered fiber are the same as in a potential source, the possibility that the compared fibers originated from the same source cannot be excluded. Consequently, the recovered fibers are consistent with originating from the known source, or from another source comprised of fibers that exhibit the same microscopic characteristics and optical properties.

The inability to associate specimens through a microscopic hair/fiber examination does not preclude that the persons/items of interest had contact with each other. A number of factors can produce this result, including: 1) Hair/fiber evidence may not have transferred. 2) Hairs/fibers that did transfer may have been lost prior to submission to the laboratory. 3) The hairs/fibers transferred or the known comparison specimen submitted may not be representative of the source. 4) The hairs/fibers may be from a different source.

Remarks:

The supporting records for the opinions and interpretations expressed in this report are retained in the FBI files.

For questions about the content of this report, please contact Forensic Examiner [redacted] b6 b7C

For questions about the status of your submission, including any remaining forensic examinations, please contact Request Coordinator [redacted]

The specimens will be returned under separate cover upon completion of the laboratory examinations.

[redacted]
Trace Evidence Unit

Synopsis: (U) Internet Activity Report number 3477549. The information contained herein was received on the FBI's Internet web site as possibly being related to terrorist or other criminal activity. The submitted text has been incorporated into this communication.

b7E

Details:

On 08/20/2013, b6 b7C Ottawa, Canada, K1V6L6, telephone number e-mail: reported that while at French camp in Quebec in 2009, her school group made a short video to practice their French. believes that serial killer Israel Keyes might have been one of the individuals in the video. reported that this video is located at URL: http://www.youtube.com/watch?v=7xfjXT08fzg.

Internet research conducted by FBIHQ b7E regarding URL: http://www.youtube.com/watch?v=7xfjXT08fzg yielded an individual in the video that resembles Israel Keyes.

Sentinel research conducted by FBIHQ regarding Israel Keyes yielded Case ID 306-AN-15642 (pending), Owning Squad: C-2.

Re: 306-AN-15642, 08/21/2013

Administrative Note: This lead is being sent to Anchorage due to the pending case.

Submitted Text:

"Hello,
I'm Canadian (in Ontario), so the state field entered is invalid.
I am writing with a _possible_ lead about the past whereabouts of IsraelKeyes, as requested on the news. When I saw the picture on http://www.cbc.ca/news/canada/north/story/2013/08/20/north-yukon-alaska-fbi-israel-keyes.html I thought to myself I was sure I recognized that guy from somewhere (but I am probably wrong, as it is sort of a typical French look, and I am in Ottawa, which is near Quebec). When I was back at French camp in Quebec in 2009, my school group made a short video to practice our French, and the guy I suspect is maybe the guy is in it.
Here is our video which was posted on youtube:
http://www.youtube.com/watch?v=7xfjXT08fzg (see at 1:19
for instance, and then throughout the video). I suppose, if it was the guy, that he might have been there under an assumed name to improve his French for his alleged killings in Montreal.

Anchorage Division due to investigative control of Case ID 306-AN-15642.

A lead has been disseminated by FBIHQ to Albany Division (Burlington, Vermont RA) due to the location of the complainant.

Submitted Text:

"Potential event affiliated with Israel Keyes
On January 3rd, 2012 I left
my office at the University of Vermont (UVM) at ~ 12:30 AM. Leaving theparking lot I noticed a car parked in the middle of the mostly deserted
lot with its interior lights on (the university had been closed for the New Year's holiday so there were only a handful of cars in the lots and no other people around). I began my drive home and within a 1/4 mile I noticed a car behind me. This was odd since the streets were deserted at this hour. I made my first turn and the car too turned. Next, the car would come up within feet of my car and then back off several times but did not weave within the lane. At this point, I was concerned aboutbeing followed. I approached an intersection and made my next turn, thecar too turned and briefly pulled up next to my car in the adjacent laneand was looking at me (dark colored sedan, I did not get lisence). At
that point I was very concerned. I quickly slowed down, changed lanes and pulled into the closest gas station. I parked so I could see the attendant and tried to assess what to do, I noticed the car that had been following me had turned at the next road and was now sitting in a parking lot at a nearby business. As I called a friend to seek advice I watched as the car continued to lurk in nearby parking lots and adjacent streets. Conincidentally a Burlington Police officer then pulled up to the gas station to get coffee. I then went into the gas station and asked about the police officer and if I could speak to him. I was technically then in South Burlington, but the officer took my statement, when we looked for the car that had followed me I no longer saw it on the nearby streets (officer's first name was [redacted]. Re: 306-AN-15642, 09/04/2013

police officer escorted me home. That business day I also reported this event to UVM police. I also looked through online photos of registered sex offenders in the state, but did not see any photos that matched the man I saw driving the car. The man driving the car that followed me had characteristics consistent with Keyes. As I worked at UVM and knew Bill Currier professionally, I have followed the press related to their disappearance. At one point I had seen an article placing Keyes in the northeast over the holidays of 2011 though I did not see this in the FBI timeline. After reading the following blog http://israelkeyes.blogspot.com/ and the author's experience of being followed/stalked, I felt I should share this event incase it may be helpful to you in any way.

Sincerely,

[redacted] b6 b7C

Drafted By: [redacted]

Case ID #: 306-AN-15642 (U) ISRAEL KEYES;
SAMANTHA TESSLA KOENIG;
ET AL

Synopsis: (U) Anchorage is providing information about serial killer Israel Keyes' activities and travel to Canada to Legat Ottawa and requesting it be disseminated to local authorities as deemed appropriate.

[redacted] b7E

Enclosure(s): Enclosed are the following items:
1. (U) Rental cars

Details:

Captioned case was opened in February 2012 after the kidnapping and murder of Samantha Koenig, an 18 year old female from Anchorage. Israel Keyes, subject of captioned case, is suspected of the murder of approximately eleven people. Keyes was arrested on 3/13/2012 in Lufkin, TX for using the ATM debit card of Samantha Koenig. After his return to Anchorage, Keyes talked with agents numerous times until he committed suicide in his jail cell on 12/2/2012. Prior to his death, Keyes admitted to the murder of Koenig and Bill and Lorraine Currier in

Title: (U) Canada Legat Information
Re: 306-AN-15642, 09/03/2013

Essex, Vermont. Keyes also provided information about five other homicides - four in Washington and one in New York. Keyes provided some details of the murder of these five victims but not enough to locate their remains.

During the approximately 40 hours of interview time with Keyes he talked in general terms about his crimes (e.g. how he found victims, picked victims, planned crimes, etc.). Keyes also talked about his extensive travel history. Through these interviews and records, agents determined that Keyes traveled into Canada numerous times. Keyes owned property in Constable, New York. This property is very close the border with Canada. Keyes also lived in Neah Bay, Washington which allowed relatively easy access to British Columbia. The following lists the reported border crossings (obtained via NCIC offline query) and financial transactions in Canada:

4/22/2006	Victoria	BC	Island Boat Rental
4/23/2006	Victoria	BC	Travelers Inn Reservation
4/23/2006			NCIC Query: US Customs Vancouver, Canada
4/24/2006			NCIC Query: US Customs. Unknown crossing or reason for query but if crossed likely in BC area.
3/7/2007	Watson Lake	YT	Cedar Lodge Reservation
3/8/2007	Destruction Bay	YT	Talbot Arm Motel Reservation
3/8/2007	Teslin	YT	Yukon Motel & Restaurant Reservation
3/9/2007	ALCAN		NCIC Query: Border Crossing - Into Alaska. Moving to Alaska.

It is likely Keyes was in Canada more often than the official records suggest.

Title: (U) Canada Legat Information
Re: 306-AN-15642, 09/03/2013

Attached is a list of all known vehicles rented and used by Keyes. Keyes owned the following vehicles:

License Plate	Vehicle Year	Vehicle Make	Vehicle Model	Color
Alaska/FEX183	1980	Ford	F150 Pickup	Blue
Washington/A70574R	1980	Ford	F150 Pickup	Blue
Alaska/FTC990	2004	Chevrolet	Silverado	White
Washington/UF6124	1967	International	Pickup	Red
Washington/584MDX	1986	Pontiac	Grand AM GT	White

Keyes had valid drivers licenses in both Washington and Alaska. His drivers license numbers were:

Alaska OLN: 7268639

Washington OLN: KEYESI*222BG

Although he did not provide information about committing any homicides in Canada, he did provide the following information:

OTHER Sealed Pursuant to Court Order

In a 05/22/2013 interview, Keyes said the following [redacted]:

Complaint Details:

[redacted] phone number [redacted] and address [redacted] St Albans, VT 05478 called the Public Access Line to advise that she believes that she met ISRAEL KEYES.

b6
b7C

[redacted] believes that she met KEYES at St. Albans Bay Dock in St. Albans, VT. [redacted] did not know the exact date or year, but believes that it was "mid-2000 something in mid-late summer".

[redacted] was fishing alone on the dock when a "small" man with short, dark brown hair, wearing a shirt that said "London" approached her and talked with her for about 5 minutes. She recalls asking him if he was from London (because of his shirt), but he didn't have an accent. The man asked her 3 times how deep the lake was. She told him that she didn't know, but that her grandson was at the store and would be back

Approved By: A/SSA [redacted] b6 b7C

Drafted By: [redacted]

Case ID #: 306-AN-15642 (U) ISRAEL KEYES;
SAMANTHA TESSLA KOENIG;
ET AL

Synopsis: (U) Anchorage is requesting assistance from the Newark Division, Garrett Mountain RA, in contacting investigators at the Hackensack Police Department reference the disappearance of Debra Feldman on 4/8/2009. Anchorage is requesting concurrence from the Newark Division and Hackensack PD in releasing Feldman as a possible victim of Keyes to the media in an attempt to obtain additional information about Feldman from the public.

[redacted] b7E

Details:

Israel Keyes was arrested on 3/13/2012 for the kidnapping and murder of Samantha Koenig. Investigators interviewed Keyes approximately 20 times over the course of the next several months. Keyes admitted to the kidnapping, rape, and murder of 11 victims across the United States from 2001 to 2012. In April 2009, Keyes admitted to robbing a bank in Tupper Lake, New York. Also on this trip to the east coast, Keyes stated he kidnapped and murdered a woman on 4/8/2009. Keyes told investigators he abducted the woman from one state, drove her to another state where he raped and murdered her, and drove her to New York where he buried her body along a river.

UNCLASSIFIED

UNCLASSIFIED

Title: (U) Debra Feldman lead
Re: 306-AN-15642, 09/18/2013

Investigators worked with VICAP and determined it was likely Keyes abducted and murdered Debra Feldman who went missing on this date. Feldman was living in Hackensack, New Jersey at the time and the Hackensack Police Department investigated her disappearance.

Anchorage has previously sent leads to the Garrett Mountain RA to contact the Hackensack PD to get additional information on the missing person case and status of the investigation. SA [redacted] assisted with these leads. b6 b7C

Keyes committed suicide in his jail cell on 12/2/2012. Since that date, agents have been working on identifying other missing persons that Keyes may have murdered. The Anchorage Division has utilized the media in an attempt to generate leads about potential victims. Anchorage has not released Feldman's name to the media but is requesting Newark Division consult with the Hackensack Police Department about doing so. Anchorage has a solid timeline for Keyes based on information he provided during interviews and other records. Anchorage is requesting concurrence from the Hackensack PD and Newark Division in releasing Feldman's name as a possible victim of Keyes and seeking assistance from anyone who knew Feldman. Anchorage is particularly interested in any information about her daily activities, employment, friends, travels, etc. Anchorage has provided several media releases and can provide the Newark Media Coordinator the necessary background information for a Feldman related press release if it is deemed appropriate by the Newark Division and Hackensack Police Department.

Please direct any questions/concerns to SA [redacted] at [redacted] or Anchorage Media Coordinator SSA [redacted] at [redacted]

Receipt Method: Telephone

Incident Type: Criminal Activity

Drafted By: [redacted] b6 b7C

Complaint Details:

On 08/13/2013, [redacted] reported a possible sighting of Israel Keys (KEYS) in the Lake Forest Park, Washington area sometime before KEYS'S arrest.

[redacted] advised that one day a few years ago, a man knocked on her door asking for a friend. [redacted] answered the individual and advised him that his friend did not live at the house and that he was mistaken. [redacted] advised that after viewing a wanted poster of KEYS, following his arrest, she believed that KEYS was the individual who knocked on her door.

[redacted] advised that she did not remember the exact date of when KEYS may have visited her. [redacted] advised that it was about a year or a year

FBI Records: The Vault — Israel Keyes LastKnownContact.com Part 07: Pg 301 / 438

Title: (U) PAL2013-MC3 225 01, Israel Keys b6 b7C
Re: 306-AN-15642, 09/20/2013

and half before KEYS arrest. advised that it was a week day and about mid afternoon, because her children were at school.

advised that she does not remember the name of the friend that KEYS was asking for. advised she still resides at the same house that KEYS allegedly visited.

Sentinel query of yielded negative hits.

Final Pre-Assessment Finding:

On 9-5-2013 TFO contacted by telephone. still could not be sure of the exact time of this potential sighting of Israel Keyes, believes it was about a year prior to KEYES' arrest and with either in the spring or fall season. didn't answer the door for the subject but rather spoke to him through an open window. felt that the subject seemed surprised that someone was home and that he seemed to struggle to answer her questions about who he was looking for. did not call the police regarding this subject, rather she called her husband and told him about it. is fairly certain that the person she saw at her house looked like Israel Keyes, however she acknowledged that it may have been someone who just looks like him. b6 b7C

b7C

Anchorage, AK 99518, telephone number date of birth has two sets of fishing harvest documents from KEYES when he fished the Kenai River. said that KEYES turned in a fishing harvest report for July 25 & 26, 2008 and another fishing harvest report for July 26 & 27, 2010. said this information would help the FBI know when KEYES was in Alaska. has copies of these documents and would like to share this information with the FBI.

Final Pre-Assessment Finding:

SOS contacted on 08/20/2013 regarding a call he made to the Public Access Line regarding Israel KEYES. said he could provide the FBI with fishing records for KEYES. also with Alaska Department of Fish and Game, emailed any fishing license information pertaining to KEYES to SOS on 08/21/2013, which is attached.

[redacted] here is everything I could find on him. In both 2008 and 2010 he got his own Upper Cook Inlet personal use permit. On his permit, he lists [redacted] as someone who lived in the same household. It would have been illegal for both individuals to get their own permits, but they did. [redacted] was also listed on Israel's 2010 permit, but we couldn't find that she ever got one on her own. The .xls spreadsheet summarizes the information including when he got the permits and where. The other attachments are scans of the actual permits.

I did not find that Mr. Keyes ever got a sport fish guide license.

Please let me know if you have any additional questions.

Permit Number: 07- 13449

2007 Upper Cook Inlet Personal Use Salmon Fishery Permit

A TYPE OF THE TABLE MUST BE REMOVED AND IMMEDIATELY MUST BE RECORDED BEFORE FISHING. PRIOR TO LEAVING THE FISHING SITE.

Name: [redacted] Mailing Address: [redacted] b6 b7C

Names of Other Household Members: [redacted]

Total Number of Household Members: 2

Total Household Salmon Harvest Limit: 35

You are allowed 35 salmon for the head-of-household, and 10 salmon for each additional household member. This is your salmon limit for the entire 2007 season. No exceptions, even if someone passes or someone is deceased.

This permit is for fishing at any mouth of the Kenai River and downstream of the mouth of the Kasilof and Kenai Rivers in 2007. Obtaining an Fish Creek Area Permit is only valid for Management Choice. You must have this permit with you while fishing, and you must record your harvest before and leave the fishing site. Obtain the Sportfishing Regulations for legal gear, gear and size restrictions.

Check this box if no one in your household fished ☐

Report each day and location you fished, record your catch, even if you didn't catch anything.

Re: 306-AN-15642, 09/20/2013

On 9-5-2013 TFO contacted by telephone, was not able to provide additional investigative leads about his possible encounter with Israel Keyes. is very confident that KEYES is the person he meet that day in 2002. says that he has since watched some of the video interviews released by the FBI and says they make him even more confident that KEYES was the man he met. says that he believes that there were several missing person cases around that time in Canada near Revel Stoke. b6 b7C

There is no supporting data that KEYES was in Revel Stoke, Canada in August if 2002.

Complaint Synopsis: (U) Major Case Contact Center Tip: Israel Keyes.

Received On: 08/16/2013

Receipt Method: Telephone

Incident Type: Criminal Activity

Drafted By: b6 b7C

Complaint Details:

On 8/16/2013, telephone number address Lakeside CA 92040 contacted the Public Access Line to report a possible sighting of Israel Keyes in April or May of 2007.

Fitzgerald Coffee Shop, address Camino Canada St., El Cajon, Ca 92021, at approximately 6:00am she noticed a male with long brown hair pulled back wearing camouflage pants and black shoes or boots he also had aviator sunglasses on and traveled on foot alone.

stated that she noticed Keyes traveling from a direction that did not have any residential housing in the vicinity.

FBI Records: The Vault — Israel Keyes LastKnownContact.com Part 07: Pg 320 / 438

Title: (U) PAL2013 228[redacted]01
Re: 306-AN-15642, 09/20/2013

Final Pre-Assessment Finding:

SOS [redacted] contacted [redacted] via telephone on 08/20/2013. [redacted] saw a news article on the Samantha Koenig case. She previously owned coffee shop, so it caught her attention. When she clicked on the article to read it, she saw the photo of Israel KEYES and said her stomach sank because she had seen the man before. [redacted] purchased her coffee shop in Southern California in 2007. She believes she encountered the man she now believes to be Israel KEYES in either April or May of 2007 around 6:00 AM. She saw a man walk into the parking lot where her coffee stand was and walk straight towards her shop. [redacted] explained that there are not any other businesses or subdivisions for about a quarter mile beyond the coffee shop. The man walked confidently, was well built, could easily walk uphill, and had long curly dark hair that was pulled loosely back in pony tail. He was wearing aviator style sunglasses, tan camouflage print pants and long sleeved shirt, which was tucked in, a belt, and black shoes. His overall appearance was neat and tidy, like someone in the military. [redacted] said the way he dressed stood out to her because no one in that area dresses that way. She said the man gave the impression that he knew where he was going and was not lost. The minute he came into view, [redacted] had a "profound sense of evil" overcome her. As he walked towards her shop, he stopped in the middle of the parking area and just stood there, about 25 feet from the front door of her shop. He then started walking towards the shop again, and stopped. Each time he stopped, his gaze was a little to the right, and he had his head cocked like he was listening for something. He stood there for an "uncomfortable" amount of time. The man then turned and walked away the same exact way he came and did not appear to be in a hurry. [redacted] said the man never spoke a word to her.

b6
b7C

SOS [redacted] reviewed KEYES travel records for the April/May 2007 timeframe. KEYES was in California from 04/24/2007 to 05/03/2007. [redacted] was with him in California, as well during this

FBI Records: The Vault — Israel Keyes LastKnownContact.com Part 07: Pg 321 / 438

Title: (U) PAL2013 228[redacted]01
Re: 306-AN-15642, 09/20/2013

time. Anchorage Division does not have cell phone records for KEYES during this timeframe. KEYES trip spans over many parts of California, to include Napa Valley area, Oakland, and a border crossing into Tijuana. On 05/01/2007, KEYES rented a kayak in Healdsburg, California at the Alexander Valley Campground.

Title: ISRAEL KEYES;
SAMANTHA TESSLA KOENIG - VICTIM;
ET AL;
SERIAL KILLINGS - VIOLENT CRIMINAL THREAT

Date specimens received: November 29, 2012

The specimens listed below were examined in the Nuclear DNA Unit:

ITEMS FROM ISRAEL KEYES

Q489 Multitool (1B26, E5123098)

Q490 Knife (1B26, E5123099)

ITEMS FROM VEHICLE OF ISRAEL KEYES

Q491 Drill bit (1B267, E5123853)

Q492 Electric screwdriver (1B267, E5123853)

ITEMS FROM RESIDENCE OF ISRAEL KEYES

Q494 Headlamp (1B402, E5124347)

Q495 Headlamp (1B403, E5124348)

Q496 Headlamp (1B404, E5124349)

FBI Records: The Vault — Israel Keyes LastKnownContact.com Part 07: Pg 331 / 438

This report contains the results of the serological and nuclear DNA analyses.

Results of Serological Examinations:

A chemical test for the possible presence of blood was positive[1] on specimen Q489; however, the presence of blood was not confirmed. Specimens Q490, Q491, Q492, Q494, Q495, and Q496 were examined for the presence of blood; however, none was detected.[2]

Results of Nuclear DNA Examinations:

Specimens Q489-1 (stain on nose of pliers of multitool) and Q489-2 (stain on handle of multitool) were subjected to deoxyribonucleic acid (DNA) typing by the polymerase chain reaction (PCR). The AmpFℓSTR® Identifiler® Plus PCR Amplification Kit was used for this analysis.[3]

Based on the typing results from the amelogenin locus, male DNA is present in the DNA obtained from specimen Q489-2. No amelogenin typing results were obtained from specimen Q489-1.

No STR typing results[4] were obtained from specimen Q489-1.

The STR typing results from specimen Q489-2 were compared to the STR typing results from specimen K3 (KEYES) [submitted under FBI Laboratory Number 121130003 PF ACJ and reported in the FBI Laboratory report dated January 11, 2013].

The STR typing results obtained from specimen Q489-2 indicate the presence of DNA from two or more individuals. These results are not suitable for matching purposes; however, they may be utilized for exclusionary purposes.[5] Based upon the STR typing results, no comparison information for specimen Q489-2 can be provided for specimen K3 (KEYES).

The DNA typing results obtained from the tested specimens are not eligible for entry into the Combined DNA Index System (CODIS). These results will be maintained by the FBI Laboratory for possible future comparisons.

No other serological or nuclear DNA examinations were conducted.

FBI Records: The Vault — Israel Keyes LastKnownContact.com Part 07: Pg 332 / 438

Methods/Limitations:

The following methods and limitations apply to the results/conclusions provided in the results section(s) of this report and are referenced by number in the body of the text for clarity.

[1] A positive reaction with the phenolphthalin reagent, without subsequent confirmation using the Takayama Hemochromogen test, provides an indication that blood may be present on an item, but it does not constitute an identification of blood. Insufficient quality and/or quantity of biological material may affect the ability to confirm the presence of blood.

[2] This conclusion is based on the result of the phenolphthalin test. Insufficient quality and/or quantity of biological material may affect the ability to detect blood.

[3] The AmpFℓSTR® Identifiler® Plus PCR Amplification Kit includes the amelogenin locus and the autosomal STR loci (from non-sex chromosomes) D8S1179, D21S11, D7S820, CSF1PO, D3S1358, TH01, D13S317, D16S539, D2S1338, D19S433, vWA, TPOX, D18S51, D5S818, and FGA. The amelogenin locus is used for sex determination. Insufficient DNA quality and/or quantity can affect the ability to generate a DNA typing result and is not an absolute determination that an individual did not come into contact with an item of evidence.

[4] Insufficient DNA quality and/or quantity can affect the ability to generate DNA typing results.

[5] As used here, STR typing results are deemed not suitable for matching purposes (i.e., inconclusive) when the potential exists that not all of the genetic information in a biological sample has been detected. For STR typing results to be used for matching purposes, sufficient DNA quality and/or quantity is necessary.

FBI Records: The Vault — Israel Keyes LastKnownContact.com Part 07: Pg 333 / 438

Remarks:

The supporting records for the opinions and interpretations expressed in this report are retained in the FBI files. The submitted items will be returned to you under separate cover. For questions about the content of this report, please contact Forensic Examiner [redacted] b6 b7C [redacted] For questions about the status of your submission, including any remaining forensic examinations, please contact Request Coordinator [redacted]

In addition to the evidence in the case, the Nuclear DNA Unit has generated secondary evidence that will also be returned to you. The secondary evidence can be found in a package marked NUCLEAR DNA UNIT SECONDARY EVIDENCE. It is recommended that this evidence be stored in a refrigerator or freezer and isolated from evidence that has not been examined.

Title: (U) PAL2013 241[redacted]01 Possible Tip on ISRAEL KEYES (306-AN-15642) (AN) b6 b7C

Re: 306-AN-15642, 10/03/2013

which he rented. On the form, KEYES claimed to be driving a 2004 Chevrolet Silverado 2500 HD which had a temporary Alaska plate, and planned to haul a 1980 Ford Half ton F-1-100-150.

KEYES gave his date of birth as Jan 7, 1978, drivers license number as AK-7268639 phone number 907-301-3412, address 2456 Spurr Ln, Anchorage AK 99517, and e-mail address israel@keysconstruction.com. KEYES paid with a Visa card ending in -15976, expiring March 2011. The authorization code was 003166.

Final Pre-Assessment Finding:

Confirmed Keyes was in Anchorage at this time. Credit card listed above is credit card that was known to LE and records were obtained.

FBI Requests the Public's Assistance

Deirdre Fike, Special Agent in Charge of the Federal Bureau of Investigation (FBI) for the State of Alaska announced today a timeline of events in the ISRAEL KEYES investigation, to include information about possible unsolved homicides and other crimes. Anyone with information concerning Keyes is encouraged to contact the FBI at 1-800-CALL- FBI.

Based upon the investigation conducted following his arrest in March 2012, Israel Keyes is believed to have committed multiple kidnappings and murders across the country between 2001 and March 2012. Keyes lived in Washington from 2001 to March 2007, at which time he moved to Alaska. While living in Alaska, Keyes traveled extensively while working as a general contractor. In a series of interviews with law enforcement, Keyes described significant planning and preparation for his murders, reflecting a meticulous and organized approach to his crimes.

Keyes admitted responsibility for robbing several banks during this time frame, two of which investigators have corroborated. Keyes used the proceeds from his bank robberies to pay for his travel, along with money he made as a general contractor. Keyes also admitted to traveling to various locations to leave supplies he planned to use in future crimes. Keyes stated he buried caches throughout the United States. The FBI recovered two caches buried by Keyes – one in Eagle River, Alaska and one near Blakes Falls Reservoir in New York. The caches contained weapons and other items used to dispose of bodies. Keyes indicated the other caches he buried throughout the U.S. contain weapons, money, and items used to dispose of victims.

Investigators believe Keyes did not know any of his victims prior to their abductions. He described several remote locations that he frequented to look for victims – parks, campgrounds, trailheads, cemeteries, boating areas, etc. Keyes also admitted to frequenting prostitutes during his travels and it is unknown at this time if he met any of his victims in this manner. Keyes indicated the victims are male and female and range in age from late teens to the elderly. Keyes told investigators prior to the murder of Bill and Lorraine Currier in Vermont, his victims' disappearance received little if any media coverage. Investigators believe Keyes is responsible for eleven homicides. Keyes stated his murders occurred in less than 10 states but did not disclose all of the locations. Keyes described crossing into multiple states during the abduction, murder, and disposal of a victim. It is not unlikely that in some cases Keyes abducted a victim from one state, transported the victim to another state where he or she was murdered, and potentially drove the victim to a third state to dispose of the body. Keyes admitted to burglarizing 20 to 30 homes throughout the United States and talked about committing arson as a means to cover up a homicide.

The following is a timeline that articulates the information provided by Keyes and known to law enforcement about Keyes' criminal activities. It also includes travel dates/locations investigators believe Keyes may have committed a homicide:

Summer 1997 or Summer 1998: Keyes stated he abducted a female in the late afternoon or early evening while she and friends were tubing on the Deschutes River. Keyes sexually assaulted the female. He let her go and sent her on her tube back down the river. The victim in this case was between 14 and 18 years old. Investigators do not believe this sexual assault was reported to law enforcement. **Keyes was living in Maupin, Oregon,** at the time and the abduction location is believed to be near Maupin.

July 2001: Keyes was discharged from the U.S. Army.

July 2001 to October 2001: Keyes resided in Neah Bay, Washington and committed his first homicide. The identity and location of the victim are unknown.

July 2001 to 2005: Keyes stated he murdered an unidentified couple in Washington. Keyes refused to tell law enforcement if the couple was married or what their relationship to one another was. It is unknown if the victims were residents of Washington, tourists, or residents he abducted from a nearby state and transported to Washington. Keyes alluded to the fact these victims were buried in a location near a valley. Keyes may have moved the victim's car to place distance between where the vehicle was found and where the crime occurred.

2005 to 2006 (summer/fall months): Keyes admitted that he committed two murders independent of one another. Keyes used his boat to dispose of the bodies of these victims. Keyes stated at least one of the bodies was disposed of in Crescent Lake in Washington where he used anchors to submerge the body. Keyes reported the body was submerged in more than 100 feet of water. Keyes may have moved the victim's car to place distance between where the vehicle was found and where the crime occurred. The identity of these victims is unknown.

March 1, 2007 to March 9, 2007: Keyes drove from Neah Bay, Washington to Anchorage, Alaska where he resided until is his arrest. Keyes traveled the Alaska-Canadian Highway making known stops in Cache Creek, British Columbia; Watson Lake, Yukon Territory; Destruction Bay, Yukon Territory; and Teslin, Yukon Territory. Keyes crossed the border into Alaska on March 9, 2007.

October 31, 2008 to November 5, 2008: Keyes flew to Seattle following travel to multiple other states, including North Dakota and Arizona. On October 31st, Keyes rented a car (2008 PT Cruiser) in Seattle. On November 2, 2008, Keyes flew from Seattle to Boston. He returned to Seattle and flew back to Anchorage on November 5, 2008. Law enforcement believes Keyes may have engaged in criminal activity on this trip and is seeking any information about Keyes activities during this timeframe.

April 9, 2009: Keyes admitted to abducting a female victim from a state on the east coast and transported that person over multiple state lines into New York. The victim is buried in upstate New York. Investigators do not believe this victim is buried on the property Keyes owns in Constable, New York.

April 10, 2009: Keyes robbed Community Bank in Tupper Lake, New York. After the bank robbery Keyes stated he parked in a nearby campground outside of the area to wait for the emergency response vehicles to pass. He stated he sat in this campground for several hours.

July 9, 2010 to July 12, 2010: Keyes flew from Anchorage to Sacramento, California and traveled to Auburn, California. He rented a vehicle (black Ford Focus) and drove approximately 280 miles during the three days. Law enforcement believes Keyes may have engaged in criminal activity during this travel and is seeking any information about Keyes activities during this trip.

April/May 2011: Keyes staked out a park near Point Woronzof in Anchorage, Alaska. He admitted he intended to shoot a couple sitting in a car but his plans were disrupted by a police officer that pulled into the parking lot. Keyes turned his attention to the police officer and almost shot the officer. Keyes stated he chose not to shoot the officer or the couple when a second police officer drove into the parking lot.

May 2011: Keyes reported he staked out the North Fork Trailhead in Eagle River, Alaska with the intention of abducting someone. He prepared a cache a short distance up the road that contained Drano and a shovel which he intended to use to dispose of the body. Keyes denied taking a victim from this location.

June 8, 2011: Keyes flew from Anchorage to Chicago on June 2, 2011. He rented a car and drove to Essex, Vermont. On June 8, 2011, Keyes admitted to the abduction and murder of Bill and Lorraine Currier. Keyes disposed of a weapon stolen from the Currier home and the gun he used to shoot Bill Currier in Blakes River Falls Reservoir. These weapons and a nearby cache were recovered by the FBI. Following the murder, Keyes traveled around the east coast before driving back to Chicago. On June 15, 2011, Keyes flew from Chicago to San Francisco, only staying one night, returning to Anchorage on June 16, 2011.

February 1, 2012: Keyes admitted to the abduction and murder of Samantha Koenig in Anchorage, Alaska. He disposed of her body in Matanuska Lake near Palmer, Alaska.

February 2, 2012 to February 18, 2012: Keyes flew to New Orleans where he went on a cruise until February 11th. After the cruise, he drove from New Orleans to Texas. Although he denied it, investigators believe Keyes may be responsible for a homicide in Texas or a surrounding state during this time. In the morning hours of February 16, 2012, Keyes set a home on fire in Aledo, Texas. Following the arson, he robbed National Bank of Texas in Azle, Texas.

Additional Caches:
Keyes admitted to burying a cache of money and guns near Green River, Wyoming. Known dates of travel to the Wyoming area are September 2007, July 2008, and September 2011.

Keyes admitted to burying a cache near Port Angeles, WA. Date unknown.

Additional Homicides:
Keyes provided additional details regarding the abduction and murder of a female. The female is described as having pale skin, possibly having a wealthy grandmother, and driving an older car at the time of her abduction.

Keyes indicated he committed only one murder in addition to Samantha Koenig in which the body was recovered. In this homicide, Keyes reported doing something to the victim's body or moving the body to a location where, if found, it would appear as though the victim died from an accident. In this situation, the body was recovered and authorities ruled the death accidental.

Keyes traveled internationally and it is unknown if he committed any homicides while outside of the United States. In addition to the specific dates below, it is important to note that while living in New York, Keyes was in close proximity to the border with Canada and may have crossed into Canada on multiple occasions. He reported several trips to Montreal in which he sought out prostitutes. In addition, on his way to Alaska in 2007, Keyes drove alone through Canada. Law enforcement is aware of the following dates of international travel:

04/20/2005 to 04/25/2005	British Columbia
10/3/2001 to 10/31/2005	Belize
03/01/2007 to 03/09/2007	Canada (drove to Alaska)
04/24/2007 to 05/04/2007	Mexico
12/11/2008 to 12/25/2008	Mexico

If you have information for law enforcement, please contact your local FBI office. In Oregon, the twenty-four hour a day number is (503) 224-4181.

###

Note to media: The FBI is providing a great deal of resources, including photos and videotaped interviews of Keyes, on its website at www.fbi.gov.

Case ID #: 163A-OT-C8407 (U) FOREIGN POLICE COOPERATION - GENERAL CRIMINAL MATTERS

306-AN-15642 (U) ISRAEL KEYES; SAMANTHA TESSLA KOENIG; ET AL

Synopsis: (U) Lead to disseminate information re Israel Keyes' connections to Canada covered at Vancouver.

Enclosure(s): Enclosed are the following items:
1. (U) Letter to [redacted] b7D
2. (U) Letter to [redacted]
3. (U) Letter to Vancouver Police Department
4. (U) Letter to Victoria Police Department
5. (U) Letter to Edmonton Police Service
6. (U) Letter to Calgary Police Service

Details:

Pursuant to lead set by Anchorage Division, on 10/21/2013 Legat Ottawa, Vancouver Sub-Office (VSO) disseminated to [redacted] the Vancouver Police Department (VPD), the Victoria Police Department (VicPD), the Edmonton Police Service (EPS) and the Calgary Police Service (CPS) information concerning deceased serial killer Israel Keyes' connections to Canada.

UNCLASSIFIED

UNCLASSIFIED

Title: (U) Lead 74: Covered at Vancouver
Re: 163A-OT-C8407, 10/22/2013

Included in this information was the spreadsheet provided by Anchorage Division of all vehicles Keyes is known to have rented.

[redacted] is currently investigating the disappearances/homicides of a number of vulnerable women from throughout British Columbia from as far back as the 1970s. [redacted] investigators have previously inquired re the Keyes investigation and are in the process of submitting DNA samples for comparison purposes. b7D

VSO considers this lead covered and will take no further action absent direction from Anchorage Division.

Specimens:

Q177 Western Digital WD2500 Hard Drive, labeled, in part, "DEAN11" and "7/17/12" (Item 1B207)

Request:

Special Agent [redacted] of the Anchorage Field Office requested through communication dated July 25, 2012 that the Forensic Audio, Video and Image Analysis Unit determine if any of the subjects depicted in files contained on the Q177 hard drive could be matched to missing persons contained in the NamUs database.

Opinions and Conclusions:

FOR INVESTIGATIVE LEAD PURPOSES ONLY: 44 subjects depicted in images contained on the Q177 hard drive were matched to missing persons contained in the NamUs database.

An ASCLD/LAB-*International*
Accredited Laboratory
Since January 16, 2007

For Official Use Only

FBI Records: The Vault — Israel Keyes LastKnownContact.com Part 07: Pg 353 / 438

Summary of Examination:

FOR INVESTIGATIVE LEAD PURPOSES ONLY: Face recognition software was used to locate and cluster faces contained in images on the Q177 hard drive and in the National Missing and Unidentified Persons System (NamUs) Missing Persons photo gallery. These faces were then cross matched to determine if any of the subjects contained on the Q177 hard drive were represented in the NamUs gallery. A total of 44 individuals were found to be represented in both datasets.

Details of Examination:

FOR INVESTIGATIVE LEAD PURPOSES ONLY: The Q177 hard drive was imaged to produce a working copy. The working copy was identified as DEHQ177.

Face recognition software was applied to the graphics files on DEHQ177 to locate faces contained therein that would be suitable for processing using automated facial recognition. DEHQ177 contains a total of 911,743 graphics files. A total of 13,299 facial images suitable for processing using automated facial recognition were extracted from DEHQ177. These facial images were then cross-matched to one another to generate clusters of similar-appearing faces. Through this clustering, a total of approximately 3600 actors were identified. These actor files were then manually reviewed to locate subjects for detailed 1-to-N (1-to-many) searching. A total of 520 subjects were identified in this manner for searching against the NamUs Missing Persons gallery described below.

The Office of Justice Programs' National Institute of Justice operates the National Missing and Unidentified Persons System (NamUs). NamUs maintains a Missing Persons Database, which includes photographs of missing persons. Taken as a set, these photographs make up the NamUs Missing Persons photo gallery. A copy of this photo gallery was obtained from NamUs on October 25, 2012 for use in this examination.

The same processing steps described above for DEHQ177 were applied to the NamUs Missing Persons photo gallery. This gallery contains a total of 21,526 files, and a total of 19,186 facial images suitable for processing using automated facial recognition were extracted from this gallery for 1-to-N searching.

Based on the 1-to-N searching of the 520 probe images from the DEHQ177 hard drive, 62 images, representing 44 different individuals, were found to have matches to subjects contained within the NamUs Missing Persons photo gallery. The majority of DEHQ177 images that match to subjects in the NamUs Missing Persons gallery are copies of the images in NamUs (i.e., the same photo), but 6 of the 44 individuals matched to images that are different from the DEHQ177 images. A listing of the 62 matching DEHQ177 image files and their file paths, along with the corresponding

K:\Export1B163Graphics\1\Carved [98263040][1320575].jpeg

Following the processing and analysis described above, a separate face recognition software application was applied to cross-match all of the facial images extracted from DEHQ177 against all of the NamUs Missing Persons facial images. No additional missing person images were located in the DEHQ177 data using this second application.

A working copy of Q177 was generated at DEHQ177. In addition, a document that summarizes these results and contains copies of the images from DEHQ177 and the corresponding images from the NamUs Missing Persons photo gallery was produced and identified as DE1.

Ellenburg Police Department and OFFICER arrived and filed a report. reports the man had New Hampshire plates on the car but he does not remember the make and model.

reported that the man told him he had property at Churusbusco, which is 10-15 minutes from his home. says the man was coming from that direction. says his friend was going to help with his car but the man got in the car and it immediately started. says after seeing KEYES' picture on television he is sure it is the same man.

Final Pre-Assessment Finding:

TFO researched KEYES travel and financial records, there is no supporting evidence that KEYES was in Ellensburg, NY during the time of this incident, in fact all of KEYES transactions are in AK.

Complaint Details:

On August 29, 2013, [redacted] called the Public Access Line to report she may have possibly seen ISRAEL KEYES during the months of January of 2010 to June of 2010 in Austin, Texas.

[redacted] reported that for awhile, she was homeless and lived at the Salvation Army which is located off of Seventh Street in downtown Austin, Texas. During that time, [redacted] and other homeless individuals would hang out and smoke near the homeless shelter. [redacted] said there was a man, who called himself [redacted] would show up sporadically and hang around the shelter. He would also smoke with [redacted] and others.

Re: 306-AN-15642, 11/01/2013

b6
b7C

[redacted] stated [redacted] looked identical to KEYES'S photograph, but that his hair was a little longer and almost to the shoulders. She stated he was friendly and only seemed to be about 5'5" in height. She mentioned he would sometimes smoke marijuana and wander off by himself. While [redacted] was living in Austin, there were quite a few homeless individuals who were found dead with their throats cut. She mentioned the deaths were never put in the media, but the homeless people were aware of it.

Final Pre-Assessment Finding:

TFO [redacted] researched KEYES travel and Financial records, there is no supporting evidence that KEYES was in Austin, TX between January and June of 2010, or ever for that matter.

stated he had no reason to be there and that he had creeped her out. The only verbal interaction between [redacted] and the suspected KEYES was when the individual asked "How you doing?" according to [redacted]

[redacted] described whom she belives is KEYES as thin, having a white pale face, long hair, being 180 lbs, and looking exactly like the picture of KEYES featured in the media.

A search of NCIC produced no hits for [redacted]

A Sentinel search for [redacted] produced 2 restricted hits and a hit on a excel sheet subpoenas record.

Final Pre-Assessment Finding:

SOS [redacted] contacted [redacted] on 10/21/2013 reference the telephone call she made to the Public Access Line regarding Israel Keyes.

[redacted] reported that she has a dog and frequently walks him in a local park in the town of Santa Fe, New Mexico, where she resides. She took her dog to this park about 1.5 - 2 years ago on a dark, winter night. [redacted] was returning to the parking lot when she noticed a pickup truck idling next to her vehicle. The driver of the pickup truck then asked her either "Hey, what are you doing?" or "Hey, how are you?". He also asked "What do you do around here for fun?", which implied he wasn't from the area. She replied, "Nothing, going home." She said this "creeped her out." As she started driving home, she noticed that he had been following her for a block and he then waited directly

Re: 306-AN-15642, 11/01/2013

Final Pre-Assessment Finding:

SOS [redacted] spoke with [redacted] who called the Public Access Line reference Israel Keyes. [redacted] went missing on 10/4/2008 in Sedalia, Missouri. [redacted] date of birth is [redacted] said [redacted] went to a nightclub with friends, where she was captured on camera. The last time she was seen was at her babysitter's house. She showed up with an unknown male, who [redacted] assumes she met at the nightclub. [redacted] asked the babysitter if she could watch her two children the rest of the night. [redacted] left the residence with the unknown male and was never seen again. [redacted] does not believe [redacted] had a cell phone on her.

[redacted] said local law enforcement and volunteers conducted searches in Sedalia with no results. SOS [redacted] informed [redacted] that Keyes made financial transactions in Anchorage, Alaska on 10/03/2008 and 10/05/2008 and therefore there is a very small chance he was down in the area. There is also no travel information that supports Keyes being anywhere but Anchorage at the time. SOS [redacted] told [redacted] that if any new information surfaced that suggested otherwise, FBI Anchorage Division would re-contact her.

FD-302 (Rev. 5-8-10)

FEDERAL BUREAU OF INVESTIGATION

Date of entry 11/22/2013

On Wednesday November 20, 2013, [redacted] (hereinafter [redacted], date of birth [redacted] residence at [redacted] Port Orchard, Washington, telephone number [redacted] cellular telephone number [redacted] was telephonically interviewed. [redacted] contacted the Poulsbo Resident Agency to report a past encounter with ISRAEL KEYES (hereinafter KEYES). [redacted] provided the following information:

b6
b7C

[redacted] stated that he believed that had an encounter with KEYES back during the time period of Late December 2005 through early 2006. [redacted] explained that he had traveled to the South Fork of the Hoh River Campground for a steelhead fishing trip. [redacted] described this campground as a very isolated campground that is operated by the Washington State Department of Natural Resources. [redacted] was traveling alone with his two dogs.

[redacted] stated that when he arrived at the campground, which was in the early evening just after it became dark, he saw one other vehicle parked at the campground. This vehicle was described as a older, "junky" light colored car, possibly a Datson or Toyota.

After arriving at the campground, [redacted] was contacted by the individual associated with the car, who identified himself as "ISRAEL." [redacted] stated that something about ISRAEL made him uneasy so he told ISRAEL that some friends of his were on there way to the campground and should be there soon [which was not true].

ISRAEL did not appear to have any camping gear with him or food so [redacted] offered ISRAEL to have some dinner with him, providing he didn't mind barbecue pork sirloin. [redacted] stated that he thought that ISRAEL may be Jewish, due to his name, and may not eat pork. [redacted] recalled that they ate, drank a few beers together, and talked. ISRAEL stated that he was waiting for the ski slopes to open up so he could work. ISRAEL may have also had a guitar or something similar with him. [redacted] did not recall if ISRAEL said where he was from.

After eating, [redacted] told ISRAEL that he was going to go to bed and had to get up early for fishing. In the morning, [redacted] found a note from

b6
b7C

ISRAEL that thanked him for the barbecue and wished him luck fishing. [redacted] no longer has this note.

[redacted] stated that he heard the interview of the Alaska victim's father, on NPR, and that is what made him recall this incident. [redacted] has since looked at photographs of ISRAEL KEYES and is convinced it is the same person who he ate with at the campground. [redacted] has not listened to any of the publicly released interviews of KEYES but recalled that ISRAEL had a soft voice.

FEDERAL BUREAU OF INVESTIGATION

Complaint Form

Title: (U//~~FOUO~~) Keyes Reportedly Seen at a Remote Campground in Wasco County, Oregon in 2009

Date: 11/27/2013

CC: [redacted] b6 b7C

Approved By: SSA [redacted]

Drafted By: [redacted]

Case ID #: 306-AN-15642 (U) ISRAEL KEYES; SAMANTHA TESSLA KOENIG; ET AL

[redacted] b7E

Complaint Synopsis: (U//~~FOUO~~) Complainant contacted the FBI Portland Division/Bend RA to report seeing Keyes in July/August 2009 at a remote campground in Wasco County, Oregon.

Received On: 08/13/2013

Receipt Method: Telephone

Incident Type: Other Incident Type

Drafted By: [redacted] b6 b7C

Complaint Details:

On 8/13/2013 at approximately 2:00 p.m. PST, complainant contacted the FBI Portland Division/Bend RA claiming to have seen Israel Keyes in July or August 2009 at a remote campsite in Wasco County, Oregon (campsite located between Taylor and Irish lakes). The complainant and her family were setting up their campsite when an individual on a motorcycle (complainant called the motorcycle a "crotch rocket") appeared out of nowhere.

FBI Records: The Vault — Israel Keyes LastKnownContact.com Part 07: Pg 402 / 438

Title: (U//~~FOUO~~) Keyes Reportedly Seen at a Remote Campground in Wasco County, Oregon in 2009
Re: 306-AN-15642, 11/27/2013

(U//~~FOUO~~) The complainant thought it was odd the individual was riding that type of motorcycle because of the rough terrain, narrow dirt trails, etc. According to the complainant, when the individual took off his helmet, he appeared and acted oddly causing the family to be concerned. As a result, the complainant's husband placed his hunting rifle on the hood of their vehicle. The person on the motorcycle finally left. The complainant and her family were still concerned when the person left, therefore, they packed-up their camping gear and vacated the area.

(U//~~FOUO~~) After the complainant saw the recent media press release of Keyes, she is very certain the family saw Keyes at that campsite in July or August 2009. The complainant also mentioned the killing of German tourists not far from the Taylor and Irish lakes (NFI).

(U//~~FOUO~~) The complainant is willing to be contacted for additional questions.

Final Pre-Assessment Finding:

SA [redacted] contacted the complainant on 9/17/2013. Complainant advised she is confident the person she saw was Keyes. The only way to access the area is via a goat trail and it is very remote. The person pulled up on a motorcycle and seemed familiar with the area. The complainants dogs went after him and he kicked the dogs. Complainants husband showed his gun and the individual returned to his motorcycle and left the area. This is not a location that a person can stumble upon. The complainant and her family left after the confrontation. The

Re: 306-AN-15642, 11/27/2013

Pacific Coast Trail which is popular for hiking cuts through this area also. The complainant and her husband both independently said the image of Keyes matched the person they saw on the motorcycle. Complainant is going to check old photographs to narrow down the date of the encounter.

The complainant also advised there was a German couple that was killed a few years earlier near Highway 97 and 58 in Oregon. They were camping at a small campground and found shot to death in their tent.

SA [redacted] reviewed travel and financial records. There are no records suggesting Keyes was in Oregon in July or August 2009. Keyes did not appear to leave the state of Alaska during this time frame. b6 b7C

Re: 306-AN-15642, 12/04/2013

[redacted] who now lives in CA, phone number [redacted] explained to [redacted] that she is part of a group who tries to solve crimes as a hobby; the group compared [redacted] timeline to KEYES' and believes [redacted] may be one of KEYES' victims. [redacted] provided the web address to the group's forum in which they discuss cases as follows:

http://www.webslueths.com/forums/sgiwtgread.php?t=220120

[redacted] divorced in the early 2000s but [redacted] is listed as the contact for information regarding [redacted] on missing persons sites.

A Sentinel search for [redacted] shows Serial 381 of 306-AN-15642, an interview with KEYES, he claims he was not to blame for [redacted] disappearance.

No identifiable results for [redacted]

Drafted By: [redacted]

Pre-Assessment Finding 1:

SA [redacted] is going to re-assign this lead to SA [redacted]

Drafted By: [redacted]

Pre-Assessment Finding 2:

FD-71 forwarded to SA [redacted] and SA [redacted] Poulsbo RA, for follow up as deemed appropriate.

Final Pre-Assessment Finding:

Special Agent (SA) [redacted] telephonically contacted both [redacted] and her mother [redacted] regarding the disappearance of [redacted]

FBI Records: The Vault — Israel Keyes LastKnownContact.com Part 07: Pg 409 / 438

Title: (U) PAL2013 24[redacted]01 Potential Tip on ISRAEL KEYES 306-AN-15642 (AN) b6 b7C

Re: 306-AN-15642, 12/04/2013

[redacted] and the ISRAEL KEYES investigation. [redacted] was [redacted] ex-wife, and [redacted] is [redacted] step-daughter. Both were advised that investigators have not been able to rule KEYES out as being involved in [redacted] case. This is largely due to the fact that it is not clear when [redacted] went missing. [redacted] was last seen on Friday morning, March 4, 2005, on a gas station surveillance camera in Centralia, Washington. The following afternoon, [redacted] truck is observed by an Olympic Park Ranger, parked down the road from a trail head by Lake Quinault. [redacted] was eventually reported missing on Tuesday, March 8, 2005 after not showing up for work for two days. A search and rescue operation was implemented by the Jefferson County Sheriff's Office (JCSO) the following day. However, despite this search and number of follow-up searches, [redacted] was never located.

KEYES' cell phone records show cell tower hits in Neah Bay, Washington most of the day and into the evening of March 4, 2005. However, there is no cell phone activity on Saturday, March 5, 2005, so KEYES whereabouts are unknown for this date. If [redacted] went missing on Saturday, March 5, 2005, then KEYES can not be ruled out as having an involvement in [redacted] disappearance.

[redacted] stated that [redacted] mother (now deceased) had told her that [redacted] had mentioned getting a motel room the weekend of his disappearance. [redacted] did not know if that motel had ever been identified or if anyone had looked at [redacted] credit card transactions to identify where he may have stayed on Friday evening. [redacted] identified [redacted] cousin, [redacted] as someone who may have that information. [redacted] an attorney, has been very involved in his cousin's case. [redacted] will reach out to [redacted] and have him contact SA [redacted]

Seattle Division will interview [redacted] and see if he has any additional records that can help in the investigation to determine if KEYES could have been involved in [redacted] disappearance.

FD-302 (Rev. 5-8-10)

FEDERAL BUREAU OF INVESTIGATION

Date of entry 01/09/2014

On Wednesday, January 8, 2013, [redacted] date of birth (DOB) [redacted] was telephonically interviewed via his home telephone number [redacted] declined to provide his address, but noted that he lives near Morse Creek in Port Angeles, Washington (WA). After being advised of the identity of the interviewing Agent and the nature of the interview, [redacted] provided the following information:

b6
b7C

[redacted] recently contacted the Anchorage office to report a tip regarding the Israel Keyes case. [redacted] practiced emergency medicine for 30 years and also spent 6 years taking care of inmates at a prison. [redacted] felt that experience lead him to have a good sense or feel for sociopathic behavior.

[redacted] used to be a master hunter and would sometimes train on the Discovery Trail near his home in Morse Creek. In his community, the Discovery Trail is very close to town, but is also somewhat remote due of all of the woods surrounding it. One morning in August [redacted] was unsure of the year although he knows it was prior to 2010), [redacted] was alone on the trail and encountered a man who looked like a hunter, dressed in working man's clothes and carrying a pack. [redacted] noted the man was approximately 5'11" tall with a thin, muscular build. [redacted] briefly engaged the man in conversation and recalled the man was guarded but did say he was not a hunter. [redacted] immediate reaction to the man was that he could be a suspect if there was a string of robberies in the neighborhood. [redacted] also recalled the man easily scaled a 5 foot chain link fence, which was not something an average person could do. [redacted] did not hear of any robberies in his community following the encounter.

[redacted] had no further information to provide.

Investigation on 01/08/2014 at Port Angeles, Washington, United States (Phone)

File # 306-AN-15642 Date drafted 01/08/2014

[redacted] b7E

Complaint Synopsis: (U) Major Case Contact Center tip: 306-AN-15642 Israel Keyes

Received On: 08/14/2013

Receipt Method: Telephone

Incident Type: Criminal Activity

Drafted By: [redacted] b6 b7C

Complaint Details:

(U)On 8/14/2013, [redacted] called the Public Access Line to advise his sister [redacted] came up missing 12/8/2005 from Port Townsend, WA and feels this has something to do with I. KEYES.

Sentinel query revealed negative results for all parties.

UNCLASSIFIED

UNCLASSIFIED

Title: (U) PAL2013MC3 226[redacted]01 Israel Keyes b6 b7C
Re: 306-AN-15642, 01/14/2014

Final Pre-Assessment Finding:

On 8/27/2013, SAs [redacted] met with Port Townsend Police Department (PTPD) Deputy Chief [redacted] and Detective [redacted] regarding Israel Keyes and missing Port Townsend woman [redacted] was lead detective at the time [redacted] went missing. [redacted] is the current lead detective.

PTPD reported that Ohana lived with her mother in Port Townsend. She was last seen on 12/08/2005 at approximately 6pm leaving her residence on foot, but not reported missing until 12/11/2005. [redacted] lived an alternative, minimalist lifestyle including visiting a Guru in Canada. [redacted] had no vehicle and would bus to Seattle and other locations, and would also hitch or bum rides.

Agents shared information with PTPD with information related to Keyes' phone, travel and credit card records, as well as known WA homicide information on Keyes. Based on phone records around the time of [redacted] disappearance (Keyes received an incoming call in Neah Bay at 6:53pm on 12/08/2005 and made an outgoing call from Neah Bay the next morning at 8:44 a.m.), it is unlikely that Keyes was involved. During the evening of December 9, all of December 10 and the morning of December 11 , 2005, Keyes' cell phone records indicate he was located in Port Angeles, WA.

PTPD informed they had several persons of interest in their investigation, with their top suspect being the above complainant [redacted] According to PTPD, [redacted] motive is money. They have four siblings in their family and [redacted] were the only two living in Port Townsend in close proximity to their aging mother.

Complaint Synopsis: (U) File number 306-AN-15642 Anchorage, Alaska

Received On: 12/05/2012

Receipt Method: Telephone

Incident Type: Criminal Activity

Drafted By: b6 b7C

Complaint Details:

address Anchorage Alaska 99504, telephone number, wanted to give information about his son (DOB being missing since October 21, 2004.

was traveling to Oregon to work and he got lost and stopped in either Morton Washington or Anderson Washington to get gas money. said that was involved in drugs and that a convience store has video of trying to either get gas money or sell drugs for gas money.

said that there were two young boys that followed up a logging road but lost sight of him. said that the

UNCLASSIFIED

b6
b7C

mother of one of the boy's boyfriend found [redacted] truck but said he did not see [redacted] in the truck. Mothers boyfriend said when he found the truck it was out of gas.

The detective working on this case was [redacted] of the Lewis County Washington Police Department. [redacted] could not remember names of individuals that found truck or followed [redacted] but said the Lewis County Police Department has that information.

[redacted] wanted to let the FBI know this information due to news reports stating that ISRAEL KEYES was in Washington around this time frame.

Final Pre-Assessment Finding:

On 01/08/2013, the writer contacted Lewis County Detective [redacted] [redacted] regarding the [redacted] case (#01C14957). [redacted] advised that [redacted] truck was observed by Forest Service Employees for a couple of days before being seized. The truck was located out of gas in a heavily wooded area of Skamania County.

[redacted] advised a couple of individuals known to be drug users had followed [redacted] as alluded by [redacted] in the above complaint. Those individuals were identified, interviewed and provided polygraphs, which they passed. Detectives believe [redacted] was still high on drugs during the incident, and may have run into a ravine and gotten injured. Searches were conducted, but the area was so heavily wooded they were unable to find a body.

[redacted] did not believe Israel Keyes was a viable suspect in the death of [redacted]

The writer reviewed Keyes' Verizon Wireless phone records on 10/21

FBI Records: The Vault — Israel Keyes LastKnownContact.com Part 07: Pg 427 / 438

Title: (U) PAL2012-MC3 340[redacted]01
Re: 306-AN-15642, 02/07/2014

b6
b7C

and 10/22/2004. On 10/21/2004, Keyes received two incoming calls in Neah Bay at 8:30 a.m. and 9:28 a.m. On 10/22/2004, Keyes made an outgoing call from University, WA at 4:15 p.m. and received incoming calls at 4:18 p.m. in Tacoma, WA, and 5:55 p.m. in Kent, WA. The writer reviewed other financial records for Keyes (bank account, credit/debit, Walmart, Costco, etc.) from those dates and found nothing of significance. (There were very few records available for October of 2004.)

Although Keyes cannot be definitively ruled out based on phone records or financial analysis, the information provided by Lewis County on the investigation conducted after [redacted] disappearance makes it appear unlikely that Keyes was involved.

OFFICIAL RECORD

FEDERAL BUREAU OF INVESTIGATION

Date of entry 07/13/2012

The Anchorage Division conducted a search at 2456 Spurr Lane, Anchorage, Alaska. The search was conducted via consent from Israel Keyes [redacted] Consent was obtained verbally from Keyes and from [redacted] along with her attorney [redacted] b6 b7C

[redacted] and her attorney were present at the residence when agents arrived at approximately 7:00 pm. [redacted] was advised of the items agents were looking for both in the residence and in the yard/driveway of the house. [redacted] and her attorney remained at the residence for the duration of the search.

The following personnel were present for all or portions of the search:

- Special Agent (SA) [redacted]
- SA [redacted]
- SA
- SA
- SA
- SA
- [redacted]
-
-
-
-
-
-
- Officer [redacted] Anchorage Police Department (APD)

Investigation on 03/30/2012 at Anchorage, Alaska, United States (In Person)

File # 306-AN-15642-253 Date drafted 07/13/2012

by [redacted]

This document contains neither recommendations nor conclusions of the FBI. It is the property of the FBI and is loaned to your agency, it and its contents are not to be distributed outside your agency.

- Detective [redacted] APD

b6
b7C

SA [redacted] served as the ERT Team Leader for the search. [redacted] was the photographer and [redacted] completed a sketch of the exterior of the residene. SA [redacted] and SA [redacted] served as evidence custodians. SA [redacted] Det. [redacted] conducted the search of the residence. At the conclusion of the residence search, all of the above personnel assisted with the search of the yard and driveway area of the residence.

The following items of evidence were seized from the interior of the residence:

- .22 RWS air rifle (S/N 01280037)
- Lithgow bolt action rifle (S/N FTR4759)
- Orange and gray jacket
- Utility knife
- Utility knife

The following items of evidence were seized from the exterior of the residence:

- Body Glove sled
- Two pieces of gray conduit
- Wood
- Yellow handled shovel
- Ice chipper
- Gray tote
- Gray tote
- Saw horse
- Wood

FBI Records: The Vault — Israel Keyes LastKnownContact.com Part 08: Pg 7 / 319

- Large black/gray Rubbermaid tote
- 30 gallon tote
- Saw horse
- Shed and all of the contents

The interior of the shed was not searched at the time of seizure. The shed was locked and transported back to the Anchorage Division using a tow truck and searched the following day.

The search at 2456 Spurr Lane, Anchorage, Alaska concluded at approximately 10:30 pm. SA [redacted] reviewed the list of items seized with [redacted] attorney and she was provided a copy of the list of items seized. Search personnel departed the residence at approximately 11:00 pm. b6 b7C

Title: CHANGED
ISRAEL KEYES;
SAMANTHA TESSLA KOENIG - VICTIM,
ET AL;
SERIAL KILLINGS - VIOLENT CRIMINAL THREAT

Synopsis: Change title and classification of captioned matter.

Previous Title: Title marked "Changed" to reflect re-classification of captioned matter as serial killing case. Title previously carried as "ISRAEL KEYES; SAMANTHA TESSLA KOENIG - VICTIM; KIDNAPPING, ANCHORAGE, ALASKA, 02/01/2012."

Administrative: Reference numerous telephonic contacts between Anchorage Division, representatives of Violent Criminal Threat Section (VCTS) and Behavioral Analysis Unit 2 (BAU-2), National Center for Analysis of Violent Crime (NCAVC) since initiation of captioned matter.

Details: On 02/03/2012, the Anchorage Police Department (APD) requested technical assistance from the FBI in the investigation of the robbery and disappearance of Samantha Koenig, who was an

FBI Records: The Vault — Israel Keyes LastKnownContact.com

b7E

18-year old female resident of Anchorage, Alaska. Surveillance video taken from Koenig's place of employment and surrounding locations appeared to indicate that Koenig was robbed and abducted from the Anchorage coffee stand where she was working on the evening of 02/01/2012. APD led extensive efforts to locate Koenig and pursued numerous leads over the next several weeks, but Koenig was not located nor were her abductor(s) identified.

On the evening of 02/24/2012, Koenig's boyfriend received a text message from her cellular telephone, which provided the location of a demand note in a local Anchorage park. APD seized this note along with what appeared to be a photograph [redacted] Koenig. Also displayed in this photograph was the front page of the Anchorage Daily News from 02/13/2012. The note demanded $30,000.00 be placed on a VISA debit card, issued by a local Credit Union. The FBI began providing additional assistance with this matter following the receipt of the demand note.

b6
b7C

On 02/28/2012, [redacted] deposited $5,000 into the bank account indicated in the ransom note. Over the next two weeks, approximately six withdrawals were made from the ransom account, using the aforementioned VISA debit card in Alaska, Arizona, New Mexico and Texas. APD and FBI investigators tracked these withdrawals, which were well planned and executed, and the Anchorage Division coordinated near real-time responses to these incidents, which led to the identification of the subject's vehicle, physical description, clothing and direction of travel along the Interstate 10 corridor. Continued close coordination between Anchorage and Southwest Border divisions and local law enforcement led to the issuance of a BOLO, which resulted in the apprehension of Israel Keyes in Lufkin, Texas on 03/13/2012.

Keyes was subsequently charged and transported back to Alaska, where confessed to the armed kidnapping, assault and murder of Samantha Koenig. Keyes provided extremely detailed information regarding the Koenig kidnapping, including the location of [redacted] which was recovered by an FBI forensic dive team from below the ice on Matanuska Lake on 04/02/2012. Several subsequent interviews of Keyes resulted in his confession to the armed kidnapping, carjacking and murder of William and Lorraine Currier of Essex, Vermont, as well as, the commission of a residential arson and an armed takeover bank robbery (separate incidents) in Texas, between June 2011 and February 2012. Investigators have confirmed numerous elements of Keyes' information, including the disappearance of the Curriers and the armed bank robbery. Keyes also provided locations for the Currier's bodies and the murder weapon, which were disposed of at separate sites in Vermont and upstate New York. The search for this evidence, some of which appears to have been excavated to a regional landfill in rural Vermont, is ongoing. However, due to the accuracy of Keyes' information and initial investigative follow-
up, it is strongly believed that most, if not all of this evidence, including the Currier's bodies, will be recovered.

Furthermore, Keyes has repeatedly alluded to numerous other crimes he has committed throughout the United States and other international locations, including additional murders and violent acts, which cover at least the past 14 years. However, he has been negotiating with the local U.S. Attorney's Office (USAO) to receive the death penalty, and Keyes has been unwilling to reveal the full extent of his crimes, until he has some assurance that he will be executed. Based on the aforementioned information and the high degree of corroboration achieved during follow-up investigation, the investigative team and prosecutors all strongly believe Keyes assertions, including his reported serial kidnappings and murders. Keyes has repeatedly asserted

FBI Records: The Vault — Israel Keyes LastKnownContact.com Part 08: Pg 17 / 319

b7E

that he did not have any accomplices or co-conspirators, and to date, the evidence appears to support that.

Anchorage Division has been in contact with the Violent Criminal Threat Section (VCTS) and the Behavioral Analysis Unit 2 (BAU-2), National Center for the Analysis of Violent Crime (NCAVC), throughout this investigation. Based on these contacts and the aforementioned information, both units/sections concur with the pursuit of this matter as a serial killing case.

In the Matter of the Search of
(Briefly describe the property to be searched or identify the person by name and address)

White shed with green trim currently stored at FBI 101 E. 6th Avenue, Anchorage, AK

Case No. 3:12-MJ- 80226-JDR

APPLICATION FOR A SEARCH WARRANT

I, a federal law enforcement officer or an attorney for the government, request a search warrant and state under penalty of perjury that I have reason to believe that on the following person or property *(identify the person or describe the property to be searched and give its location)*:
See Attachment A, which is incorporated herein by reference

located in the _____ District of Alaska, there is now concealed *(identify the person or describe the property to be seized)*:
See Attachment B, which is incorporated herein by reference

The basis for the search under Fed. R. Crim. P. 41(c) is *(check one or more)*:

- ☑ evidence of a crime;
- ☐ contraband, fruits of crime, or other items illegally possessed;
- ☑ property designed for use, intended for use, or used in committing a crime;
- ☐ a person to be arrested or a person who is unlawfully restrained.

The search is related to a violation of:

Code Section		*Offense Description*	
18 U.S.C. 1029(a)(5)	Access Device Fraud	18 U.S.C. 2113	Bank Robbery
18 U.S.C 1201	Kidnapping	18 U.S.C. 2119	Carjacking
18 U.S.C. 1202(b)	Ransom Money		

The application is based on these facts:
See Attached Affidavit, which is incorporated herein by reference

- ☑ Continued on the attached sheet.
- ☐ Delayed notice of _____ days (give exact ending date if more than 30 days: _____) is requested under 18 U.S.C. § 3103a, the basis of which is set forth on the attached sheet.

UNITED STATES DISTRICT COURT
THE DISTRICT OF ALASKA

IN THE MATTER OF THE SEARCH OF a white shed with green trim located at the Anchorage FBI office	Case No. 3:12-MJ-00226-JDR **Filed under seal**

AFFIDAVIT IN SUPPORT OF AN APPLICATION FOR A SEARCH WARRANT

I, Jolene Goeden , being first duly sworn, hereby depose and state as follows:

INTRODUCTION AND AGENT BACKGROUND

1. I am an agent with the Federal Bureau of Investigation (FBI). I have been an agent since April 2004. I am charged with the duty of investigating violations of the laws of the United States, collecting evidence in cases in which the United States is or may be a party in interest, and performing other duties imposed by law. I have been assigned to investigate many criminal matters within the jurisdiction of the FBI, including human trafficking, child exploitation matters, kidnapping, and other violent crimes.

2. I make this affidavit in support of an application under Rule 41 of the Federal Rules of Criminal Procedure for a warrant to search a green and white colored shed located at the Anchorage FBI office, as described in Attachment A. The items to be seized are described in Attachment B.

3. I believe that there is probable cause that evidence of the following federal crimes will result from the seizure and search of these items: Title 18, United States Code (USC), Section 1029(a)(5) (Fraud and Related Activity in Connection with Access Devices

FBI Records: The Vault — Israel Keyes LastKnownContact.com Part 08: Pg 24 / 319

)(FRACAD); Title 18, United States Code, Section 1201 (Kidnapping); Title 18 , United States Code, Section 2119 (Carjacking); and Title 18, United States Code, Section 1202(b) (Ransom Money). The evidence to be collected from these seizures are described in Attachment B.

RELEVANT STATUTES

4. There is probable cause to believe that the hair and buccal swabs contain evidence of and is an instrumentality used for violations of Title 18, USC, Section 1029(a)(5), Fraud and Related Activity in Connection with Access Devices, which provides that:

> Whoever, knowingly and with intent to defraud effects transactions with 1 or more access devices issued to another person or persons, to receive payment or any other things of value during any 1-year period that aggregate value of which is equal to or greater than $1,000;

and Title 18, United States Code, Section 1201 (Kidnapping), which provides that:

Whoever unlawfully seizes, confines, inveigles, decoys, kidnaps, abducts, or carries away and holds for ransom or reward or otherwise any person, except in the case of a minor by the parent thereof, when the person is willfully transported in interstate or foreign commerce, regardless of whether the person was alive when transported in interstate or foreign commerce or uses the mail or any means, facility, or instrumentality of interstate or foreign commerce in committing or in furtherance of the commission of the offense;

and Title 18, United States Code, Section 1202(b) (Ransom Money), which provides that:

Whoever receives, possesses, or disposes of any money or other property, or any portion thereof, which has at any time been delivered as ransom or reward in connection with a violation of section 1201 of this title, knowing the same to be money or property which has been at any time delivered as such ransom or reward;

and Title 18, United States Code, Section 2119 (Carjacking), which provides that:

Whoever, with the intent to cause death or serious bodily harm takes a motor vehicle that has been transported, shipped or received in interstate or foreign commerce from the presence of the person or presence of another by force and violence or by intimidation, or attempts to do so.

FBI Records: The Vault — Israel Keyes LastKnownContact.com Part 08: Pg 25 / 319

IDENTIFICATION OF THE ITEMS SEIZED

5. The property to be seized is identified in Attachment B.

6. The applied for warrant would authorize the seizure of evidence from the white and green shed that would corroborate information provided to law enforcement by ISRAEL KEYES to the crimes set forth above.

PROBABLE CAUSE

7. The information contained below is from my personal knowledge and experience, information provided to me by other law enforcement personnel, or from those specific sources as set forth. Since this affidavit is being submitted for the limited purpose of seeking hair samples, I have not included each and every fact known to me regarding this investigation. I have set forth only the facts that I believe are necessary to establish a foundation to support the aforementioned request for a search warrant.

Abduction of Samantha Koenig ("S.K.")

8. On 2-2-12 at about 12:39 Alaska Standard Time (AST), Duncan, the owner of the Common Ground Coffee stand at 630 E. Tudor, Anchorage, Alaska, contacted APD dispatch. Duncan was calling from Oregon, where he was vacationing. He reported that while viewing his internet-based security system he saw one of his employees, 18-year-old S.K., appear to be abducted. Duncan said he was contacted by S.K.'s father (J.K.) and boyfriend (D.T.), who had been unable to locate her. This contact prompted Duncan to review his security video which showed an unknown man climb through the window of the coffee stand at about 20:00 AST on 2-1-12 while S.K. was working. The video appears to show S.K. retreat a short distance and raising her hands in an apparent sign of submission to the man who subsequently

FBI Records: The Vault — Israel Keyes LastKnownContact.com Part 08: Pg 26 / 319

climbed into the coffee stand, robbed S.K. and escorted her away from the scene. The abductor climbed through the window into the coffee stand without any significant difficulty. He appeared to be significantly taller than S.K., who is 5'4" tall, but due to the limited lighting and quality of the video, a more accurate estimate of his height has not been made. The robber/abductor appeared to have a medium to large build and athletic movements.

9. At the time of her abduction, S.K. was wearing a dark-colored jacket, a green shirt with light-colored stripes on the sleeves, a thin dark-colored bracelet, dark-colored pants, and dark-colored shoes. At the time of her abduction, S.K. was also believed to be in possession of a carabineer with three keys and possibly a white lanyard, a medium-to-large size leopard print purse, and a black cellular telephone with sliding keyboard. S.K. is a white female adult, approximately 5'4" tall, 150 pounds, 18 years old, with long brown hair and brown eyes.

10. Video surveillance appeared to show S.K.'s robber/abductor wearing a dark-colored, possibly hooded, jacket, dark-colored glasses, a dark-colored face mask, dark-colored gloves, dark-colored pants; and dark-colored shoes. He appeared to be carrying a white coffee cup and a dark-colored bag. Although to date no weapon has been conclusively identified in the surveillance videos that captured this robbery/abduction, the scene was generally poorly lit and the robber/abductor was not always fully visible. Furthermore, S.K.'s reaction appeared to be consistent with someone who was confronted or threatened with a weapon. In addition, during separate subsequent interviews, both S.K.'s father and boyfriend adamantly indicated that S.K. was very strong-willed and would not have complied with a robber or abductor's demands, unless she had been threatened with a weapon.

FBI Records: The Vault — Israel Keyes LastKnownContact.com Part 08: Pg 27 / 319

11. Surveillance video from a nearby Home Depot at approximately 19:54 AST on 2-1-12 showed a white Chevrolet extended cab truck roll through the Home Depot parking lot and park just east of an International House of Pancakes. From a distance, the surveillance showed an individual with a black garment and hat get out of the truck and walk westbound through the parking lot towards Denali St., cross it, get on the sidewalk, walk southbound on Denali St. to Tudor Rd., cross Tudor Rd. at the intersection, and, finally, exit the frame. The individual's travel was in the direction of the Common Ground Coffee stand, from which S.K. was abducted. One minute later, the video surveillance footage from Common Ground Coffee stand showed the individual who abducted S.K. approach from the direction of the man in the Home Depot video. Approximately two minutes after S.K. and her abductor exited the frame of the Common Ground Coffee stand video footage, two persons appearing to match S.K. and her abductor again entered the frame of the Home Depot video footage, this time walking back towards the location where the white Chevrolet truck was originally parked. The Home Depot video then showed the two people approach the passenger side door of the Chevrolet truck. It then showed the person who appeared to be S.K. enter the passenger side of truck. The other individual then walked around truck, entered the driver's side, and drove out of the surveillance video's frame. As described below, police have now identified KEYES' residence and located a white Chevrolet truck registered to him at that residence. This white Chevrolet truck belonging to KEYES appears to match the vehicle in the Home Depot surveillance footage, although KEYES' truck has several toolboxes and a ladder rack fastened with removable bolts to the truck bed, and these items do not appear on the truck in the Home Depot video.

FBI Records: The Vault — Israel Keyes LastKnownContact.com Part 08: Pg 28 / 319

12. During an interview on 02-02-2012, D.T. (S.K.'s boyfriend) said he went to the coffee stand on 2-1-12 at about 20:33 AST to give her a ride home but the stand appeared to be closed and she was not there. D.T. further reported to law enforcement that on 02/02/2012, at approximately 03:00 AST, he observed an unknown male adult wearing a ski mask and dark clothing going through the vehicle he shared with S.K. D.T. did not alert authorities to the burglary of the vehicle at that time.

13. When D.T. was asked where his ATM debit card was by APD Detectives several days after the abduction, he indicated he had left it in the vehicle he shared with S.K. This vehicle had been seized by APD on 02-02-2012 and searched pursuant to a State of Alaska search warrant. The debit card referenced above was not located during the search; however law enforcement did not notify D.T. of this fact. D.T. indicated that his debit card was a Credit Union 1 VISA debit card (VISA debit card) bearing XXXXXXXXXXXX2851, expiration 01/15, and that he did not give his VISA debit card to anyone else or give anyone permission to use it. The card is thus believed to have been stolen from D.T.'s vehicle at the time D.T. observed the vehicle break-in. D.T. further related that S.K.'s driver's license had also been in his vehicle. That driver's license was missing when searched for on 02-02-2012, indicating that it also was stolen at that time.

Ransom Note and Transfer of Funds to "Ransom Account"

14. On 02-24-2012, at 19:56 AST, D.T. received the following text on his cell phone [redacted] from S.K.'s cell phone 907-884-8370 - "Conner park sign under pic of albert aint she purty". J.K. (S.K.'s father) contacted law enforcement officers and relayed the information. At the request of APD Detectives, at approximately 20:18 AST, APD Patrol Officers arrived at

b6
b7C

FBI Records: The Vault — Israel Keyes LastKnownContact.com Part 08: Pg 29 / 319

Conner Park located on the southeast corner of Jewel Lake Road and International Airport Road in Anchorage, Alaska. J.K.and D.T. were already present. Attached to the park sign, below a flyer for a lost dog named "Albert," was a ziploc bag which contained a folded piece of paper.

15. On one side of the piece of paper, [redacted] b6 b7C [redacted] [redacted] the upper part of the photo was an Anchorage Daily Newspaper determined to be the issue released on Monday, February 13, 2012.

16. On the reverse side of the piece of paper was a ransom note which demanded $30,000. The note included the 16-digit card number of the debit card belonging to D.T., which he had reported stolen on the night of the kidnapping, as summarized above. This debit card number is correlated to a bank account number held by D.T. and S.K. The note demanded that $30,000.00 be deposited into that account and indicated that the writer of the note intended to withdraw money at regular intervals over the coming days, and in locations other than Alaska. Specifically, it said, "I may not use the card much in ak due to small pop but as I will be leaving soon I will be using it all over." The note further gave an indication that S.K. had been moved from Alaska, stating that "she did almost get away twice. once on tudor and once in the desert. must be losing my touch." I know from research, training, and experience, and discussions with law enforcement officers familiar with Alaska that there are no areas in Alaska commonly referred to and known to be "deserts." Many such areas do exist in Arizona, New Mexico and Texas. Subsequent analysis of the demand note by the FBI Laboratory revealed that it was

FBI Records: The Vault — Israel Keyes LastKnownContact.com Part 08: Pg 30 / 319

typed with a typewriter that used a carbon ribbon, and that the aforementioned picture on the back of the demand note was printed with an inkjet printer.

17. On 02-29-2012, at approximately 16:55 AST, J.K. contacted APD Detectives and told them he was withdrawing $5,000.00 from the reward account set up for S.K. at Denali Alaskan Federal Credit Union, and he intended to deposit it in the ransom fund, which was an account held by Credit Union 1. Pursuant to a State search warrant obtained by APD Detective Joseph Barth on 02-25-2012, investigators were informed that $5,000.00 was deposited in the Credit Union 1 account indicated on the ransom note, (the account attached to the Credit Union 1 VISA debit card [VISA debit card] bearing XXXXXXXXXXXX2851, expiration 01/15 issued to D.T).at 17:45 AST on 02-29-2012).

Unauthorized use of Credit Union 1 VISA debit card

18. On 02-29-2012 at 22:13 AST, an unknown person utilizing D.T.'s Credit Union 1 debit card attempted to withdraw $600.00 in US Currency from the account indicated on the ransom note. The attempted withdrawal took place at the Automatic Teller Machine (ATM) located at the Alaska USA bank at 4000 Credit Union Drive in Anchorage, Alaska. Because the attempted amount was over the $500.00 daily limit, the withdrawal was declined. Surveillance video in the area of the ATM revealed a male dressed in a black hooded sweatshirt and black pants, operating a light-colored SUV, arrived in the parking lot of the Sea Galley restaurant across the street. After parking the SUV, the male exited and quickly walked across the street to the area of the Alaska USA ATM. The SUV was later determined by the FBI to be a silver Nissan Xterra of a model between the years 2005 and 2012. As noted below, police have now determined that KEYES' girlfriend owns a silver 2007 Nissan Xterra.

FBI Records: The Vault — Israel Keyes LastKnownContact.com Part 08: Pg 31 / 319

19. On 02-29-2012 at 23:56 AST, $500.00 in US Currency was withdrawn from the ATM at the Denali Alaskan Federal Credit Union located at 3020 Minnesota Drive in Anchorage, Alaska. The debit card utilized to withdraw the money was the same Credit Union 1 debit card issued to D.T. Surveillance video obtained of the area revealed this withdrawal was conducted by an unknown male with a muscular appearance wearing a dark-colored, possibly hooded, jacket with a light-colored design or paint spatter on the left chest and front, and light-colored lettering, including possibly "CORPS" across the back shoulders; clear or light-colored glasses; a gray face mask; gray gloves; dark-colored pants; and light-colored shoes.

20. During the course of the investigation, Detective Blanton and Officer Pierce of APD obtained surveillance footage from businesses surrounding the Alaska USA, which is located on Credit Union Drive in Anchorage, Alaska. Immediately before the withdrawal, a hidden surveillance camera located at the Sea Galley at 4101 Credit Union Drive in Anchorage, Alaska captured a similarly dressed male park in the extreme southwest corner of the Sea Galley parking lot driving a silver Nissan Xterra. From the surveillance video, the male appeared to exit the vehicle and walk westbound across the street to the Alaska USA and return a short while later. Both the male's appearance and timing are commensurate with him being the person who attempted to withdraw the money.

21. On 03-01-2012 at approximately 00:28 AST, $500.00 in US currency was withdrawn from the ATM at the Alaska USA located at 7701 Debarr Road in Anchorage, Alaska. As with the prior two transactions, the debit card utilized to withdraw the money was the Credit Union 1 debit card issued to D.T.

FBI Records: The Vault — Israel Keyes LastKnownContact.com Part 08: Pg 32 / 319

22. On 03-07-2012 at approximately 21:57 AST, $400.00 in US currency was withdrawn from the ATM at the Western Bank located at 200 West Rex Allen Road in Willcox, Arizona. The debit card utilized to withdraw the money was the Credit Union 1 debit card issued to D.T. Surveillance video on the ATM showed the individual using the debit card for the withdrawal was a white male dressed in a gray hooded jacket or sweatshirt, glasses, a gray face mask, gray gloves, dark-colored pants, and light-colored shoes, and appeared to be driving a late model white Ford Focus sedan.

23. On 03-07-2012 at approximately 23:24 AST, there was an attempted $400.00 withdrawal at the Western Bank located at 711 Main Street in Lordsburg, New Mexico, using D.T.'s Credit Union 1 debit card (the same card referenced in prior paragraphs.) The withdrawal was declined by the ATM as it would have put the debit card over the daily withdrawal limit. At 23:25 AST, at the same ATM, a balance inquiry was conducted on the account utilizing the debit card. The balance shown was $3,598.91. At 23:26 AST, $80.00 was withdrawn from the account utilizing the debit card. Surveillance video on the ATM showed the individual using the debit card wore similar clothing to the first ATM withdrawal in Arizona.

24. On 3-9-2012 at approximately 23:23 AST, there was a $480.00 withdrawal made at an ATM at Houston Community Bank, 1515 FM 1960 Bypass East, Humble City, Texas. Initial review of the surveillance video from the ATM appeared to show that the individual using the debit card wore similar clothing to that worn during the two aforementioned ATM withdrawals in Arizona and New Mexico.

FBI Records: The Vault — Israel Keyes LastKnownContact.com Part 08: Pg 33 / 319

25. On 03-11-2012 at approximately 23:47 AST, there was a $480.00 withdrawal at the People's State Bank located at 5850 Hwy 59 South, Shepherd, Texas using D.T.'s Credit Union 1 debit card (the same card referenced in prior paragraphs.) Surveillance video on the ATM showed the individual using the debit card wore similar clothing to the first ATM withdrawal in Arizona, as well as the subsequent withdrawals in New Mexico and Texas.

Stop of the White Ford Focus

26. On 03/13/2012, at approximately 11:00 Central Time (CT), Texas Ranger Steven Rayburn, while in the company of FBI Agent Deborah Gannoway, was notified by Texas Department of Public Safety (DPS) Highway Patrol Corporal Bryan Henry (Corporal Henry) that a white Ford Focus sedan bearing Texas license plate DH4N930 was observed parked at the Quality Inn & Suites (QIS), 4306 South First Street, Lufkin, Texas, which is a short drive from Shepherd, Texas.

27. On 03/13/2012, at approximately 11:15 CT, Ranger Rayburn and FBI Agent Deborah Gannoway responded to the QIS, at which time Agent Gannoway conducted a walk-by and visual inspection of the white Ford Focus. Agent Gannoway noted a bar-code sticker on the driver's side back passenger window consistent with stickers applied to rental vehicles. Agent Gannoway also noted numerous items of clothing, trash and other debris in plain sight within the vehicle, including what appeared to be a girl's or woman's pink item of clothing. Ranger Rayburn caused a Texas license plate database search to be conducted which revealed the white 2012 Ford Focus was registered to PV Holding Corporation, 9603 John Saunders Road, San Antonio, Texas. DPS Criminal Investigative Division (CID) Lieutenant Mickey Hadnot (Lieutenant Hadnot) maintained surveillance on the Ford Focus.

FBI Records: The Vault — Israel Keyes LastKnownContact.com Part 08: Pg 34 / 319

28. On 03/13/2012, at approximately 11:30 CT, Lieutenant Hadnot reported to Ranger Rayburn, who was in the company of FBI Agent Deborah Gannoway, that a white male adult exited room 215 of the QIS, placed some items into the trunk of the aforementioned white Ford Focus, and departed the scene alone, driving the white Ford Focus. FBI Agent Gannoway had previously obtained from the QIS front desk manager an "in house list" of all occupants of the QIS on the night of 03/12/2012, which reflected room 215 was rented by [redacted] for the time period 03/09/2012 through 03/13/2012. b6 b7C

29. On 03/13/2012, at approximately 11:45 CT, Corporal Henry conducted a traffic stop on the white Ford Focus sedan based in part on FBI Agent Gannoway's suspicion that the vehicle was the same vehicle used in the Arizona, New Mexico, and Texas ATM withdrawals, as well as Corporal Henry's assessment that the driver of the vehicle was traveling in excess of the posted speed limit. Upon FBI Agent Gannoway's arrival at the car stop location, Corporal Henry provided to FBI Agent Gannoway an Alaska Driver's License bearing number 7268639, in the name of ISRAEL KEYES, which KEYES had provided to Corporal Henry prior to Agent Gannoway's arrival at the scene. Corporal Henry told Agent Gannoway that KEYES informed him he flew from Anchorage, Alaska, to Las Vegas, Nevada, on 03/07/2012, and that he rented the white Ford Focus at the Las Vegas airport, driving to his present location over the course of the ensuing week. KEYES provided to Agent Gannoway a copy of his car rental agreement, which corroborated his statement that he had rented the car at the Las Vegas, Nevada, airport on 03/07/2012. KEYES was unable to describe to Agent Gannoway the route he drove from Nevada to Texas, but stated he was in Lufkin, Texas, to attend his sister's wedding in Wells, Texas. KEYES told Agent Gannoway he "probably" paid for fuel throughout his travels from

FBI Records: The Vault — Israel Keyes LastKnownContact.com Part 08: Pg 35 / 319

Nevada to Texas with cash. Ranger Rayburn reported to Agent Gannoway that there was a pair of large white tennis shoes partially pushed under the driver's seat of the Ford Focus, which Ranger Rayburn could plainly see through the window. During questioning by Agent Gannoway and Ranger Rayburn, KEYES became increasingly agitated and uncooperative, and he refused to allow Agent Gannoway and/or Ranger Rayburn to inspect his wallet (which was in his pocket) or his vehicle. KEYES became unusually nervous and began to sweat profusely, in spite of the slightly cool weather and the tank top which he was wearing at the time. KEYES expressed to Agent Gannoway that if he was going to be kept in the area for a longer period of time, he desired to call his brother (who has KEYES' daughter in a separate car) and notify him of same. Agent Gannoway suggested KEYES make that call. A short time later, the 2012 Ford Focus was transported to and secured at the Lufkin, Texas, Police Department.

30. Based on the aforementioned observations, including the fact that the rented Ford Focus matched the description of the vehicle utilized in the ATM withdrawals in Arizona, New Mexico and Texas, KEYES' arrival in Las Vegas, Nevada, and his subsequent travel from Nevada to Texas very likely resulting in KEYES traveling through Arizona on or about 03/07/2012 (the date of a $400.00 ATM withdrawal in Arizona) and New Mexico on or about 03/08/2012 (the date of an $80.00 ATM withdrawal in New Mexico), KEYES' appearance closely matching the description of the white male adult observed in videos of the above-described ATM withdrawals, KEYES' own admission that he lived in the Anchorage, Alaska, area, KEYES' Alaska driver's license reflecting an Anchorage, Alaska, address, the white tennis shoes under the driver's seat matching the description of the shoes worn by the white male adult observed in the videos of the above-described ATM, as well as other observations, Agent

FBI Records: The Vault — Israel Keyes LastKnownContact.com Part 08: Pg 36 / 319

Gannoway instructed Corporal Henry to place KEYES under arrest. Ranger Rayburn, in Agent Gannoway's presence, searched KEYES' wallet, revealing a VISA ATM/Debit card bearing account number XXXXXXXXXXXX2851, expiration date 01/15, in the name of D.T. This card is linked to the "ransom account" identified above, from which the withdrawals and attempted withdrawals summarized above were made.

Discovery of KEYES' White Chevrolet Truck

31. APD Detectives discovered that ISRAEL KEYES listed a mailing address of 3705 Arctic Blvd. #2891 in Anchorage, Alaska, on 07-18-2011, which is the Mail Cache. APD Detectives also discovered that KEYES listed a residential address of 2456 Spurr Lane in Anchorage, Alaska, as of 07-18-2011.

32. On 03-13-2012 at approximately 10:30 AST, members of the APD Special Assignment Unit went to KEYES' home address at 2456 Spurr Lane in Anchorage, Alaska. No one answered repeated knocks on the door. Per APD Sergeant Redick, there were fresh tire impressions in the snow in the driveway of the address that appeared as if a vehicle had been parked there as recently as the morning of 03-13-2012.

33. There was also a white Chevrolet pickup truck parked in the driveway of the address. The truck had a large toolbox in the bed and a ladder rack on top. The bolts securing those items were removable and appeared to have been recently added. The license plate on the truck was Alaska license plate FTC990, relating to a white 2004 Chevrolet Silverado, registered to ISRAEL KEYES at 2456 Spurr Lane in Anchorage, Alaska. The white Chevrolet truck appeared to match the vehicle appearing in the Home Depot surveillance video, as summarized above. Further, Detectives eventually contacted KEYES' girlfriend and discovered that she

FBI Records: The Vault — Israel Keyes LastKnownContact.com Part 08: Pg 37 / 319

drives a 2007 Nissan Xterra, which matched the general description of the vehicle used by an individual who appeared to attempt to use the stolen debit card on 2-29-12, as summarized above.

Execution of Search Warrant at 2456 Spurr Lane, Anchorage, Alaska

34. On March 13, 2012, the Anchorage Police Department obtained a State of Alaska Search Warrant (No. 3AN-12-00390) for the residence located at 2456 Spurr Lane, Anchorage. Evidence was seized from the residence to include but not limited to: trace evidence, DNA swabs of door handles, cameras, duct tape, computers, various media cards, cellphones, linens, knives, and miscellaneous paperwork.

Execution of Search Warrant on Ford Focus

35. On March 16, 2012, law enforcement agents in Beaumont, Texas obtained a search warrant, which authorized the search of the white Ford Focus driven by KEYES. Execution of that search warrant on March 17, 2012 revealed numerous items, including a cellular phone believed to belong to S.K.

Initial Interviews with Israel Keyes

36. KEYES was transported to Anchorage, Alaska and arraigned on March 27, 2012 on one count of Access Device Fraud. He was provided defense counsel at government expense. Subsequently, KEYES agreed through counsel to be interviewed by law enforcement. On March 30, 2012, two interviews with KEYES took place. In the first interview, investigators presented KEYES with a selection of the evidence and investigative actions summarized above. KEYES then requested some time to speak alone with his attorney. Several hours later, KEYES agreed through counsel to be interviewed by law enforcement. In this second

FBI Records: The Vault — Israel Keyes LastKnownContact.com Part 08: Pg 38 / 319

interview, KEYES stated that he had abducted S.K. on 2-1-12, and that she had been dead before he left for a vacation approximately ten hours after the abduction. KEYES indicated that S.K.'s body could be found in Matanuska Lake in Alaska, and identified the precise location at which he had dropped her remains through the ice. KEYES indicated that he raped S.K. [redacted] and that he believed that law enforcement would find his DNA when they found her body. KEYES indicated that he had "lots more stories to tell," and stated that his ex-girlfriend knew nothing of his criminal activities, as he was "two different people." When asked how long he had been "two different people," KEYES immediately and specifically responded, "fourteen years."

b6
b7C

37. On April 1, 2012, KEYES agreed through counsel to a third interview with law enforcement. In this third interview, KEYES explicitly stated that he murdered S.K., and gave substantial details about the murder. KEYES took S.K. from the coffee stand after placing zip ties on her wrists and brandishing a gun. She attempted to run from him on Tudor Road but he tackled her and held the gun to her side.

38. KEYES put S.K. in his truck parked near the IHOP Restaurant and Home Depot on Tudor Road. He drove to a park in Anchorage and used cable ties to secure S.K. to the bench seat in his truck. Keyes continued to drive around Anchorage for a couple of hours before returning to his residence at 2456 Spurr Lane, Anchorage. After he felt it was late enough so as not be detected by neighbors or his girlfriend, KEYES moved S.K. from the truck to the white and green shed located in the driveway in front of his garage. Approximately two days prior to S.K.'s abduction, KEYES prepared the shed because he intended to bring a victim back there.

FBI Records: The Vault — Israel Keyes LastKnownContact.com Part 08: Pg 39 / 319

He set up two heaters, put a tarp and sleeping bag on the floor on a foam mat, and placed a radio in the shed.

39. Once in the shed, Keyes bound S.K. with zip ties and rope. Over the next few hours, KEYES, sexually assaulted S.K [redacted] After the sexual assault, KEYES murdered S.K. [redacted] KEYES then wrapped S.K. in a tarp and put her inside a cabinet in the shed. KEYES then went into the house and showered, called a cab, and went to the airport. KEYES flew to Houston with his daughter and went on a cruise.

b6
b7C

40. KEYES returned to Anchorage on February 18, 2012. He removed the cabinets from the shed [redacted] KEYES ripped out some of the flooring and insulation in the shed to dispose of the blood evidence and then replaced the flooring. KEYES took the bloody sleeping bag and wood into the house and burned it in the fireplace. He also burned S.K.'s purse and clothes. KEYES kept her makeup, cellphone, and credit card.

41. He further explained how he posed S.K.'s body so she appeared alive in order to take the ransom photograph noted above. [redacted]

42. KEYES prepared the shed by placing plastic on portions of the floor and walls and proceeded to dismember S.K. Over the course of several days, KEYES disposed of S.K.'s body at Matanuska Lake.

FBI Records: The Vault — Israel Keyes LastKnownContact.com Part 08: Pg 40 / 319

Seizure and Search of the Green and White Shed

43. After KEYES provided the above information on 3/30/2012, KEYES gave the FBI consent to seize and search the white and green shed. He provided agents with information about the location of tools he used to dismember S.K. and items used to move her body to Matanuska Lake. KEYES also advised there was likely some blood evidence on the walls and floor of the shed and on the tools.

44. Agents from the Anchorage FBI seized the shed on 3/30/2012 and searched the contents of the shed on 3/31/2012. Numerous items were seized from the shed. Presumptive blood tests were done on stains on the wall of the shed and stains were found on some of the items removed from the shed. Presumptive blood tests were positive for stains on the rear wall of the shed, green rope, and a garden sprayer that was in the shed.

45. Due to the search being conducted via consent, agents did not remove floor boards in the shed or remove any portions of the walls.

Discovery of S.K.'s Body

46. On April 2, 2012, the FBI Underwater Search Response Team discovered S.K.'s remains in Lake Matanuska, at the precise location identified by KEYES. SK's remains were transported to the State of Alaska Medical Examiner's office for a forensic exam and autopsy. Prior to her death and as noted in the ransom note photos, [redacted] b6 b7C

[redacted]

FBI Records: The Vault — Israel Keyes LastKnownContact.com Part 08: Pg 41 / 319

Murder of B.C. and L.C.

47. On April 6, 2012, KEYES agreed to a fourth interview, on the explicit terms that the S.K. case would not be discussed. KEYES indicated his willingness to share "other stories" with investigators. In this interview, KEYES implied that he had murdered many persons over the past fourteen years, in many different locations. KEYES stated that he had many "cards to play," and didn't want to give them all away at once. He was asked to give the identity and location of just one body. After thinking silently for about twenty seconds, KEYES stated, "I'll give you two." He then confessed to the kidnapping, carjacking and murder of B.C. and L.C. near Burlington, Vermont in June 2011. After working with an internet map for approximately thirty minutes, KEYES located the abandoned farmhouse in which he believed he had disposed of their remains. KEYES also indicated that he thought that his DNA might be recovered when they recovered the bodies.

48. A quick records check verified that, indeed, Bill and Lorraine Currier, ages 49 and 55, had inexplicably gone missing on June 8, 2011. KEYES stated that, when he killed the Curriers, he was in Vermont en route to a vacation in Maine, technically visiting family. KEYES identified one hotel at which he stayed, and indicated that Bill and Lorraine Currier had lived in a house several blocks from this hotel; KEYES indicated he had chosen the Curriers randomly.

49. In subsequent interviews, KEYES provided additional information about the murder of the Curriers. During the abduction of the Curriers, KEYES packed a suitcase at Currier residence with their lingerie, clothing, and jewelry. After their murders, he disposed of most of these items by burning them but kept a few pieces of jewelry.

FBI Records: The Vault — Israel Keyes LastKnownContact.com Part 08: Pg 42 / 319

50. On the evening of June 8, 2011, KEYES broke into B.C. and L.C.'s home in Burlington, Vermont. He had a gun and used cable ties to bind both B.C. and L.C. KEYES placed the Curriers in their car and transported them to an abandoned farmhouse which he had scoped out and found the previous day. Over the next several hours, KEYES sexually assaulted L.C. in a bedroom on the upper floor of the home. KEYES ultimately murdered B.C. and L.C. and left their bodies in the basement of the farmhouse.

51. Keyes prepared a backpack prior to the abduction and murder of B.C. and L.C. He took this backpack with him that contained what he called his rape kit. Packed in the backpack was a propane camp stove, several water bottles, nylon rope, duct tape, and latex gloves. Keyes had fashioned some ligatures prior to the abduction and brought them with him in the backpack. Keyes used all of the above items during the sexual assault and murder of B.C. and L.C. KEYES reported he took all of these items with him when he left the farmhouse. KEYES disposed of some of the items used in the rape and murder by throwing them into a reservoir or burning them.

52. Vermont investigators have corroborated many aspects of KEYES' confession. Investigators contacted the hotel identified by KEYES and verified that he had indeed been a guest there during the relevant time period. However, the farmhouse where KEYES stated that he disposed of the bodies has been demolished. The FBI is currently in the process of searching the landfill where the debris from the farmhouse was taken.

53. During their investigation, which involved the forensic processing of the Curriers' vehicle that had been taken, investigators collected several hairs and DNA from the Curriers' vehicle. Accordingly, comparison of hairs to that which has been recovered might

FBI Records: The Vault — Israel Keyes LastKnownContact.com Part 08: Pg 43 / 319

result in confirming KEYES' confession. Pursuant to a federal search warrant obtained on June 29, 2012, hair was seized from KEYES to be used in comparison with the hairs found in the Curriers vehicle. Agents are in the process of submitting this evidence to the FBI Laboratory for analysis.

Other Crimes

54. KEYES admitted to a bank robbery in Tupper Lake, New York in April 2009.

55. KEYES admitted to committing a bank robbery in Azel, Texas on February 16, 2012. In the video of that bank robbery, the robber has long hair. KEYES admitted in an interview on 5/8/2012 that he taped human hair to the inside of the helmet he wore during the bank robbery to give the appearance he had longer hair. In a later interview when asked again about the hair, KEYES stated human hair is free if a person just takes it. Investigators know the hair worn for the Azel bank robbery did not belong to S.K.

56. KEYES also admitted to committing a burglary and arson in Aledo, Texas on February 16, 2012. KEYES took jewelry from the home and set the home on fire. Agents confirmed the arson and media reports indicated the 3500 square foot home was completely lost in the fire. KEYES indicated he brought the jewelry back to Alaska and placed it in a fanny pack in his residence at 2425 Spurr Lane.

57. KEYES has admitted to several other homicides over the past fourteen years in addition to those described above. He specifically identified two homicides in the state of Washington and a homicide that occurred on the east coast with the body buried in New York. Law enforcement in currently following up on this information.

FBI Records: The Vault — Israel Keyes LastKnownContact.com Part 08: Pg 44 / 319

58. KEYES reported having caches in numerous places across the United States. The gun he used in the Currier case was buried in a cache that he went back to and retrieved prior to their murder. KEYES provided law enforcement with information about a cache in upstate New York near the reservoir where he disposed of the gun used in the Currier murder. Law enforcement located this cache and it had several guns and gun parts in it. KEYES reported putting money obtained in bank robberies in these caches also. KEYES has not provided the location of all of his caches or the contents to law enforcement. However, he suggested he also places things taken from crime scenes in these caches.

CONCLUSION

59. Based on the aforementioned information, your affiant knows KEYES takes objects from many of his victims and crime scenes. KEYES has demonstrated a pattern of bringing some of these items back to his residence. In the case of S.K., he actually brought the victim back to his residence and placed her in the white and green shed. KEYES also brought several items he used to dispose of S.K.'s body back to his residence. KEYES indicated he takes things from crime scenes and keeps them, often placing them in caches. The shed and several of these items were seized by the FBI in March 2012. However, at the time of the search of KEYES residence and shed [redacted] b6 b7C and that KEYES kept items from other crimes, such as the jewelry from the Aledo arson.

60. At the time of the search of the white and green shed it was unknown to law enforcement that KEYES prepared "rape kits" or took items with him when he sought out victims. KEYES indicated this kit contains premade ligatures, rope, duct tape and other items he uses in the commission of the rape and murder.

FBI Records: The Vault — Israel Keyes LastKnownContact.com Part 08: Pg 45 / 319

61. The FBI would like to complete a search of the physical structure of the white and green shed to look for any compartments that could contain small items such as human hair and premade ligatures. KEYES was a contractor and known to be a skilled craftsman. It is not beyond his abilities and means to create this type of compartment or hiding area. The FBI would also like to conduct a more thorough search of the shed for blood evidence. This would include looking under the floor boards and beyond the walls of the shed. A complete list of items to be seized is in Attachment B.

REQUEST FOR SEALING

62. The investigation of this case is ongoing and disclosure of the issuance of the search warrant could result in destruction of evidence and could also impact officer, witness and victim safety. Accordingly, pursuant to the case law outlined in the government's motion to seal, I respectfully request that the search warrant, search warrant affidavit, attachments, and returns be sealed.

Further, your Affiant sayeth naught.

OFFICIAL RECORD

FEDERAL BUREAU OF INVESTIGATION

Date of entry 07/30/2012

On March 31, 2012 the Anchorage Division Evidence Response Team (ERT) conducted a consent search of a shed maintained at the FBI Building at 101 E. 6th Avenue, Anchorage, Alaska. The shed was originally seized from 2456 SPURR LANE, ANCHORAGE, ALASKA on March 30, 2012. At approximately 9:25 am the shed was unlocked to begin the search.

The following personnel were present for all or portions of the search, to include members of the Anchorage Police Department (APD) Crime Scene Unit (CSU):

SA			Team Lead/Seizing Agent	FBI
SA			Case Agent	FBI
SOS			Searcher/Finder	FBI
SAS			Searcher/Finder	FBI
SA			Searcher/Finder	FBI
SA			Sketcher	FBI
ITS			Photographer	FBI
IA			Searcher/Finder	FBI
			Searcher/Finder	APD
			Searcher/Finder	APD
			Searcher/Finder	APD

b6
b7C

The following items of evidence were seized from the shed:

1	5 Gallon Orange Bucket
2	Vacuum Sweepings
3	Vacuum Sweepings
4	Vacuum Sweepings
5	6 Drop cloths (White)
6	Vacuum Sweeping
7	White Plastic Thermometer

Investigation on 03/31/2012 at Anchorage, Alaska, United States (In Person)

IN THE UNITED STATES DISTRICT COURT

FOR THE DISTRICT OF ALASKA

UNITED STATES OF AMERICA, Plaintiff, v. ISRAEL KEYES, Defendant.	Case No. 3:12-CR-00041-TMB-JDR COUNT 1: KIDNAPPING RESULTING IN DEATH Vio. of 18 U.S.C. § 1201(a)(1) COUNT 2: RECEIPT AND POSSESSION OF RANSOM MONEY Vio. of 18 U.S.C. § 1202(a) COUNT 3: FRAUD WITH ACCESS DEVICE Vio. of 18 U.S.C. § 1029(a)(5)

FIRST SUPERSEDING INDICTMENT

The Grand Jury charges that:

FBI Records: The Vault — Israel Keyes LastKnownContact.com Part 08: Pg 54 / 319

COUNT 1

1. On or about February 1, 2012, within the District of Alaska, the defendant, ISRAEL KEYES, did willfully and unlawfully kidnap, abduct, seize, confine, and carry away Samantha Koenig, and hold her for ransom, reward, and otherwise, and did use a means, facility, and instrumentality of interstate commerce in furtherance of the commission of the offense, and the actions of the defendant resulted in the death of Samantha Koenig.

Jurisdictional Allegations and Elements

2. In furtherance of the above described crime, the defendant, ISRAEL KEYES performed and caused to be performed certain acts in the District of Alaska and elsewhere, including, but not limited to the following:

a. On February 1, 2012, at approximately 8:00 p.m., KEYES approached the Common Grounds coffee stand located at 630 E. Tudor Road, Anchorage, Alaska, and kidnaped, abducted, and seized Samantha Koenig.

b. KEYES walked Samantha Koenig to his vehicle, a white 2004 Chevrolet Silverado, Alaska license plate FTC990, parked across Tudor Road in the Home Depot parking lot.

c. KEYES confined Samantha Koening in his vehicle and drove away with her.

d. KEYES stole a Credit Union 1 VISA debit card bearing number

FBI Records: The Vault — Israel Keyes LastKnownContact.com Part 08: Pg 55 / 319

XXXXXXXXXXXX2851, from a vehicle shared by Samantha Koenig, which was parked near her residence. KEYES obtained the pin number to the debit card from Samantha Koenig and scratched the pin number into the card.

e. KEYES sent text messages using Samantha Koenig's cellular telephone for the purpose of concealing her abduction.

f. On February 2, 2012, KEYES intentionally killed Samantha Koenig and then boarded a commercial airline flight from Anchorage, Alaska, to Houston, Texas.

g. On or about February 17, 2012, KEYES flew back to Anchorage from Houston.

h. On or about February 24, 2012, KEYES sent a text message using Samantha Koenig's cellular telephone for the purpose of demanding ransom money. KEYES directed that the ransom money be deposited in the bank account connected with the Credit Union 1 VISA debit card bearing number XXXXXXXXXXXX2851.

i. On or about February 29, 2012, KEYES withdrew $500.00 of ransom money at the ATM at the Denali Alaskan Federal Credit Union located at 3020 Minnesota Drive in Anchorage, Alaska.

j. On or about March 1, 2012, KEYES withdrew $500.00 of ransom money from the ATM at the Alaska USA Federal Credit Union located at 7701 Debarr Road in Anchorage, Alaska.

FBI Records: The Vault — Israel Keyes LastKnownContact.com Part 08: Pg 56 / 319

k. On or about March 6, 2012, KEYES boarded a commercial airline flight from Anchorage, Alaska, to Las Vegas, NV.

l. On or about March 7, 2012, KEYES withdrew $400.00 of ransom money from the ATM at the Western Bank located at 200 West Rex Allen Drive in Willcox, Arizona.

m. On or about March 7, 2012, KEYES withdrew $80.00 of ransom money from an ATM at the Western Bank located at 711 Main Street in Lordsburg, New Mexico.

n. On or about March 9, 2012, KEYES withdrew $480.00 in ransom money from an ATM at Houston Community Bank, 1515 FM 1960 Bypass East, Humble, Texas.

o. On March 11, 2012, KEYES withdrew $480.00 in ransom money from an ATM at the Peoples State Bank located at 5850 Hwy 59 South, Shepherd, Texas.

All of which is in violation of Title 18, United States Code, Section 1201(a)(1).

COUNT 2

3. Beginning on or about February 28, 2012, and continuing until on or about March 13, 2012, within the District of Alaska and elsewhere, the defendant, ISRAEL KEYES, did knowingly receive and possess money, which at the time had been delivered as ransom in connection with a violation of Title 18, United States Code Section 1201, knowing the same to be money delivered as such ransom.

FBI Records: The Vault — Israel Keyes LastKnownContact.com Part 08: Pg 57 / 319

All of which is in violation of Title 18, United States Code, Section 1202(a).

COUNT 3

4. Beginning on or about February 28, 2012, and continuing until on or about March 11, 2012, within the District of Alaska and elsewhere, the defendant, ISRAEL KEYES, knowingly and with intent to defraud, did effect transactions with an access device issued to another person, to wit: a Credit Union 1 VISA debit card bearing number XXXXXXXXXXXX2851, to receive $1,000 or more in a one-year period, with such conduct affecting interstate commerce.

All of which is in violation of Title 18, United States Code, Section 1029(a)(5).

NOTICE OF SPECIAL FINDINGS

The Grand Jury further finds that:

1. The allegations contained in Count 1 of this Indictment are hereby realleged as if set forth herein for the purpose of giving notice of special findings as to defendant ISRAEL KEYES.

2. As to Count 1 of this Indictment, the defendant ISRAEL KEYES:

a. was 18 years or older at the time of the offenses charged (18 U.S.C. § 3591(a));

b. intentionally killed Samantha Koenig (18 U.S.C. § 3591(a)(2)(A));

c. intentionally inflicted serious bodily injury that resulted in the death of Samantha Koenig (18 U.S.C. § 3591(a)(2)(B));

FBI Records: The Vault — Israel Keyes LastKnownContact.com Part 08: Pg 58 / 319

d. intentionally participated in an act, contemplating that the life of a person would be taken or intending that lethal force would be used in connection with a person, other than one of the participants in the offense, and Samantha Koenig died as a direct result of the act (18 U.S.C. § 3591(a)(2)(C));

e. intentionally and specifically engaged in an act of violence, knowing that the act created a grave risk of death to a person, other than one of the participants in the offense, such that participation in the act constituted a reckless disregard for human life and Samantha Koenig died as a direct result of the act (18 U.S.C. § 3591(a)(2)(D));

f. caused the death, or injury resulting in the death, of Samantha Koenig during the commission of the offense of kidnapping, in violation of Title 18, United States Code § 1201 (18 U.S.C. § 3592(c)(1)); and

//

//

FBI Records: The Vault — Israel Keyes LastKnownContact.com Part 08: Pg 59 / 319

g. committed the offense as consideration for the receipt, or in the expectation of the receipt, of anything of pecuniary value (18 U.S.C. § 3592(c)(8)).

FEDERAL BUREAU OF INVESTIGATION
WAIVER OF OWNERSHIP OF PROPERTY

On 3/30/12 [date], the Federal Bureau of Investigation seized white & green colored shed from the driveway of 2456 Spur Lane, Anchorage, AK from

[description, model, serial number of property]

Shed belonged to Israel Keyes and was seized via consent.

[name, title and address of property owner]

I understand that the Code of Federal Regulations (C.F.R.) requires that the FBI inform me that I have the opportunity to claim this property. 41 C.F.R. 128-48.102-1. I understand that if I do not claim this property within 30 days of signing this document, the title to the property will vest in the United States Government.

( ) I hereby acknowledge receipt of the notice that I have a right to claim this property.

(X) I hereby knowingly and voluntarily waive any right, title and interest in the property and agree not to contest the vesting of title in the United States Government.

I unconditionally release and hold harmless the FBI, its officers, employees and agents, from any and all claims, demands, damages, causes of actions or suits, of whatever kind and description, and wheresoever situated, that might now exist or hereafter exist by reason of or growing out of or affecting, directly or indirectly, the seizure or waiver of ownership interest in the described property.

[redacted] called the Federal Bureau of Investigation's (FBI) Anchorage Division and asked to be connected to the writer. [redacted] explained she obtained the writer's name from news reports related to the disappearance of her son [redacted] from Washington state in 2006. The news reports indicated the Investigation Discovery television network program "Dark Minds" planned to assert [redacted] had been killed by Israel Keyes. [redacted] said representatives of the "Dark Minds" program contacted her and asked if she would participate in the program, but she declined.

[redacted] asked if the FBI had information about her son's disappearance. In response, the writer confirmed for [redacted] an FBI statement which had appeared in news reports, specifically that the FBI believes it is highly unlikely Israel Keyes is responsible for the disappearance of [redacted]

[redacted] said she is still uncertain if her son is alive and explained he had previously worked for the Defense Intelligence Agency. She believes it is possible her son intentionally disappeared in order to conduct an assignment for the United States government. She added that before his disappearance, her son asked her to bring books to the [redacted] beach house in New York state. The books were titled, "Taking Risks," with a section titled "Searching for the Gods," and "Dante's Inferno." She said a portion of one book relates to "going for a walk in the woods." [redacted] [redacted] was expected to visit the family's beach house in New York for the Fourth of July holiday. [redacted] believes asking for the books may have been an attempt by her son, knowing he would be going away, to send a message to the [redacted] family.

The writer requested current contact information for [redacted] and she explained she spends winters in Florida and summers in New York. She provided her addresses and telephone numbers in both states:

Drafted By: [redacted]

Case ID #: 306-AN-15642 (U) ISRAEL KEYES;
SAMANTHA TESSLA KOENIG;
ET AL

Synopsis: (U) AP reporter provided information regarding woman claiming to have been a victim of Israel Keyes.

[redacted] b7E

Reference: 47-DL-0-ASSESS_C Serial 17

Details:

On 03/26/2014, [redacted] an Anchorage based reporter for Associated Press, telephone number [redacted] contacted ASAC [redacted] by telephone and reported she had been contacted by [redacted] age [redacted] telephone number [redacted] of Fort Worth, Texas. [redacted] said [redacted] claimed to have been abducted in 2004 in Texas by a group of men, one of whom was Israel Keyes. [redacted] said she witnessed Keyes shoot and kill a woman named [redacted] prior to [redacted] escape from Keyes and the other men. b6 b7C

An indices check revealed the above-referenced serial in which [redacted] reported an impersonation matter to the Dallas Division.

UNCLASSIFIED

UNCLASSIFIED

Title: (U) Information provided by AP reporter [redacted] b6 b7C
Re: 306-AN-15642, 03/26/2014

Agents in that matter assessed that [redacted] story was untrue and she suffered from mental illness.

A unfiled FD-71 discovered in Sentinel, linked to the above-captioned investigation, indicates [redacted] called the FBI's Public Access Line to report information similar to what she reported to [redacted] was interviewed by Anchorage Division SA [redacted] the case agent on the above-captioned matter. [redacted] determined it is unlikely [redacted] was abducted by Keyes.

Because [redacted] claims have already been assessed by SA [redacted] and determined to lack merit, and because [redacted] is believed to suffer from mental illness, which may contribute to her belief that she was abducted by Keyes, this communication merely documents the information provided by [redacted] No further action will be taken in response to the information provided by [redacted]

Case ID #: 306-AN-15642 (U) ISRAEL KEYES; SAMANTHA TESSLA KOENIG; ET AL

Complaint Synopsis: (U) Report of individuals with ties to Eagle River, AK; Tupper Lake, NY; and suspicious cabin in CA - Israel Keyes

[redacted] b7E

Received On: 03/26/2014

Receipt Method: Telephone

Incident Type: Criminal Activity

Complaint Details:

[redacted] (protect identity), date of birth [redacted] b6 b7C b7D of San Mateo, California (declined to provide street address), telephone number [redacted] called the writer after seeing the writer's name in a news article concerning Israel Keyes. [redacted] provided the following information:

[redacted] married her husband on [redacted] and they traveled to Marin County, California on July 21 or 22 of that year. They made contact with a friend named [redacted] who offered to let them stay at a cabin owned by [redacted] When [redacted] made this offer, her mother was with her, and [redacted] and her

UNCLASSIFIED

Title: (U) Individuals with ties to Tupper Lake, NY and suspicious cabin in CA
Re: 306-AN-15642, 03/27/2014

mother seemed very sad, as if they would never see [redacted] again. [redacted] believes the cabin was located at [redacted] in Kentfield, California. b6 b7C b7D

[redacted] and her husband accepted the offer and arrived at the cabin after midnight. They noticed they could not lock any of the doors except the front door. There were the remains of burned documents on the floor in a room, and there was a reddish stain on the floor which [redacted] believed may have been blood. There was a hatchet on the counter and cobwebs in many locations in the cabin. She and her husband believe they heard someone in back of the house as they arrived.

[redacted] and her husband decided to leave, and as they exited the cabin a vehicle, which looked like a police car, drove past. The vehicle followed them when they left, so they stopped at a gas station, a location they thought would offer some degree of safety. The vehicle and another vehicle, which appeared to be an "animal control" vehicle stopped at the gas station as well. People from those vehicles seemed to be watching [redacted] and her husband until [redacted] and her husband left the station.

[redacted] have a brother named [redacted] who is married to [redacted] and he and his wife live in Eagle River, Alaska. [redacted] family built houses in Tupper Lake, New York and lived in Bath, New York. They own a cabin on Raquet Lake Drive in Tupper Lake.

[redacted] was aware that Israel Keyes had a cache hidden in Eagle River, Alaska and had ties to Tupper Lake, New York. She believes the [redacted] family's ties to Eagle River, Alaska and Tupper Lake, New York, combined with her experience at the cabin in Kentfield, California, warranted reporting this information to the Federal Bureau of Investigation.

Synopsis: (U) To obtain country clearance for Supervisory Special Agent (SSA) [redacted] Training Division, for travel to Canada, for the purpose of official business. Travel is planned for the period 05/21-24/2014.

[redacted]

b7E

Details:

Country clearance is requested for Supervisory Special Agent (SSA) [redacted] Training Division, for travel to Ontario, Canada, for the purpose of official business. Travel is planned for the period 05/21-24/2014.

b6
b7C

The purpose of the aforementioned travel is to provide a detailed presentation of the Israel Keyes serial killer case at the 21st annual Canadian American Law Enforcement Organization (CALEO) conference in Niagara Falls, Ontario, Canada, during captioned period. SSA [redacted] was the originating case agent on this investigation, including the search for the last victim; the identification, location and arrest of the subject (Keyes) after an extensive manhunt from AK to TX; the recovery of his last victim's body; Keyes 8-month "rolling" confession and

FBI Records: The Vault — Israel Keyes LastKnownContact.com Part 08: Pg 78 / 319

prosecution; the discovery that Keyes was a serial killer who is believed to be responsible for 11 murders over 14 years across the U.S. (and perhaps Canada); Keyes escape attempt; and the search for up to 10 additional victims/bodies across the U.S. At the unsolicited request of CALEO, this presentation will provide an overview of the case, with emphasis on the unparalleled federal/state/local law enforcement cooperation to solve a unique serial killer case, as well as, providing information to law enforcement officers (LEOs) working in or near areas where Keyes traveled extensively, disposed of evidence, and is believed to have abducted and/or murdered at least one of his victims.

Keyes committed suicide in December 2012, while incarcerated for the kidnapping, sexual assault and murder of his last victim, and no accomplices are believed to exist. However, Keyes provided a detailed confession regarding his commission of two other kidnappings, sexual assault and murders in Vermont, and is strongly believed to have kidnapped, assaulted and murdered eight additional victims (11 total) throughout the U.S., and possibly Canada. The investigation regarding additional Keyes victims is continuing at Anchorage. SAC Anchorage, Training Division and the Violent Criminal Threat Section (VCTS) have approved this presentation.

This presentation will not jeopardize any ongoing or anticipated prosecution, nor will it involve classified or privileged information. However, as an abundance of caution, and due to the sensitive nature of the material, attendance will be limited to LEOs and prosecutors who are registered attendees at captioned conference.

CALEO is an established multi-agency organization whose membership includes several hundred officers, agents and supervisors from numerous

Case ID #: 306-AN-15642 (U) ISRAEL KEYES;
SAMANTHA TESSLA KOENIG;
ET AL

[redacted] b7E

Complaint Synopsis: (U) MC3 tip: 306-AN-15642

Received On: 08/19/2013

Receipt Method: Telephone

Incident Type: Intelligence

Drafted By: [redacted] b6 b7C

Complaint Details:

On 8/19/2013, [redacted] called the Public Access Line to advise that she had known ISRAEL KEYES in 2003 and 2004. [redacted] stated that in 2003, until August of 2004, she worked at the Blue Star Espresso Stand in Sequim, WA, where KEYES was a regular customer. [redacted] stated that KEYES often was driving a truck with a flatbed that towed a backhoe and had his dog, Zeke, with him. During their conversations, KEYES mentioned that he did contracting work, his home base was in Neah Bay, he did some work at Elwha Reservation, and spoke of his dog and his father, who he would sometimes buy a mocha for, as well as his own. KEYES never mentioned a woman or child to her.

When [redacted] needed assistance with her carpets, KEYES recommended [redacted] who told [redacted] that he knew KEYES from Burnt Hill,

FBI Records: The Vault — Israel Keyes LastKnownContact.com Part 08: Pg 82 / 319

b6
b7C

where KEYES would go to shoot guns.

In the summer of 2004, [redacted] said that she saw KEYES digging a hole with his backhoe on Carlsborg Road.

[redacted] quit working at the Blue Star Espresso stand in August of 2004 to attend massage therapy school. On her last day, she stated that KEYES seemed a little odd and commented that he had wanted to purchase her flowers for her last day.

After leaving her employment at the espresso stand, she only saw KEYES once more, in December of 2004, at the Home Depot in Sequim, WA, where she stated he was purchasing cement and boards.

Final Pre-Assessment Finding:

On 02/07/2014, the writer telephonically contacted [redacted] at [redacted] stated Keyes was a regular customer at the espresso stand. [redacted] got to know Keyes because he had a cool Australian cattle dog named Zeke. Keyes always ordered a grande mocha which cost $3 or $4 and he would always pay with a $5 and leave the rest as a tip.

Keyes told [redacted] he helped his dad with construction, and he sometimes brought his dad with him for coffee. This man was in his 50s, dark hair, 5'5"-5'7", no facial hair, with a broad-shouldered build. In the summer of 2004, [redacted] saw Keyes and his dad on the corner of Carlsborg Road and (possibly) Jennifer Road putting a fence up around a house. A few days later, she saw Keyes there alone in the early morning, digging a hole. Keyes had an older truck, and pulled a flat bed with a back-hoe behind it.

[redacted] does not have contact information for [redacted] family used to live on Silberhorn Road in Sequim. [redacted] has not seen him in a long time and thinks he may have moved out of the

headed home. said that it was raining that day so they decided to stop and pick up a man walking on the side of the road. stated that the man looked like ISRAEL KEYES and he told them his name was ISRAEL. said that they dropped the man off at the grocery store in Neah Bay, WA.

Final Pre-Assessment Finding:

On 02/07/2014, the writer telephonically contacted In addition to the information provided above, recalled when they got back to trail head, there were two guys talking at the information board, one of whom they later learned was Keyes. and her husband were soaked from the rain so they changed their clothes at the restrooms located at the trail head. A few minutes later when they left the parking area, they saw Keyes walking down the road and offered him a ride. When he said his name was ISRAEL, the name stuck with He was pleasant, said he was kayaking down the coast, and that he had kayaked across Admiralty Inlet. Admiralty Inlet is notorious for waves, so they assumed he must be a good kayaker. Neither or her husband saw a kayak.

recalled the season as fall, possibly between late September and mid-October, but before Thanksgiving.

On 02/07/2014, the writer left a voicemail with of the Makah Tribe, telephone number in an attempt to locate the date recreation pass # 117726 was issued.

On 02/10/2014, returned the call and informed recreation pass # 117726 was issued on or about April 24, 2010. April 24, 2010 was a Saturday.

On 02/13/2014, the writer re-contacted related to the discrepancy in dates. She felt pretty certain it was the fall timeframe, but requested the writer contact her husband who had a

Re: 306-AN-15642, 04/18/2014

b6
b7C

better memory for dates. could be reached at work in Seattle at (cell) or desk.

On 02/13/2014, the writer contacted via his work #. could not recall the specifics on the timeframe. Like his wife, he recalled nice weather in Sequim which prompted their trip for a hike, however when they arrived in Neah Bay, it was raining.

A review of travel, phone and financial records obtained by the FBI on Keyes has failed to confirm Keyes' presence in Neah Bay (or in the state of Washington) on or around April 24, 2010. Keyes lived in Anchorage, AK at the time, and the only dates Keyes is confirmed to be in the state of Washington in 2010 are: July 7, July 9 and August 29, 2010.

Title: (U//~~FOUO~~) Country Clearance granted for SSA [redacted] to travel to Niagara Falls, Canada b6 b7C
Re: 261G-HQ-C1518706, 06/03/2014

Department Electronic Country Clearance (eCC) has been approved.

(U) Travelers are reminded that Canada has a strict prohibition against weapons, including firearms, all impact weapons, pepper spray, mace, handcuffs, mini-batons and even empty ammunition magazines. Bureau weapons are prohibited. Please ensure that all luggage, including briefcases have been thoroughly emptied of all rounds of ammunition. There are no law enforcement exceptions. Travelers should travel on official passports.

(U) Please note, Bureau vehicles cannot be driven into Canada. FBI vehicles are self-insured, and per Canadian law self-insurance is not sufficient to operate vehicles in Canada.

(U) Per instructions of the Director, each FBI employee traveling abroad on official travel **must** advise SIOC, on a **daily** basis, of their location and point of contact for above mentioned personnel while in Canada. This is to facilitate support and ensure the safety of employees while on travel status. The preferred method of contact with SIOC is by FBI e-mail (HQ_Div22_SIOC), and caption the communication "OCONUS TDY STATUS". However, telephone or fax transmission are also permissible. The following additional information is provided to facilitate contact: Internet Address fax [redacted] telephone [redacted] or toll free [redacted] Also, please advise SIOC upon return to your Field Office or Division, so your name can be removed from the Travel Matrix maintained by SIOC.

(U) Per EC dated 9/18/2009, 319T-HQ-A1487667-IO, Serial 2081, please ensure the following requirements are completed prior to travel:

(U) Completion of FBI Personnel Recovery (PR) Level I 2007 (web-based training on Virtual Academy/Course Catalog/FBI Personnel Recovery (PR)

FBI Records: The Vault — Israel Keyes LastKnownContact.com Part 08: Pg 97 / 319

Title: ISRAEL KEYES;
SAMANTHA TESSLA KOENIG - VICTIM;
ET AL;
SERIAL KILLINGS - VIOLENT CRIMINAL THREAT

Date specimens received: September 13, 2012; September 20, 2012; and September 27, 2012

The items listed below were examined in the Latent Print Operations Unit.

ITEMS FROM BLAKE FALLS RESERVOIR

Q234	Magazine (1B167, E4824535, Item 2)
Q235-Q238	Four magazines (1B176, E4824544, Item 11)
Q239	Bipod (1B174, E4824542, Item 9)
Q240	Stock with sling (1B171, E4824539, Item 6)
Q241	Wooden stock with sling (1B172, E4824540, Item 7)
Q241.1	Tape from Q241 (1B172, E4824540, Item 7)
Q242	Handle (1B181, E4824549, Item 16)

1- Albany
Rutland RA

FBI Records: The Vault — Israel Keyes LastKnownContact.com Part 08: Pg 101 / 319

Q243	Suppressor (1B168, E4824536, Item 3)
Q244	Ruger rifle, Serial Number 111-23612, with scope (1B170, E4824538, Item 5)
Q245	Frame and trigger mechanism from Ruger rifle, Serial Number 490-36145, with scope (1B169, E4824537, Item 4)
Q246	Gun barrel (1B184, E04038587)
Q247	Gun bolt (1B185, E04038588)
Q248	Bucket (1B166, E4824534, item 1)
Q248.1	Bucket lid (1B166, E4824534, item 1)
Q249	Flashlight (1B182, E4824550, Item 17)
Q250	Box of screws (1B178, E4824546, Item 13)

ITEM FROM FARMHOUSE BASEMENT

Q252	Eyeglasses (1B165, E4824552)

This report documents the friction ridge print examinations.

Results of Examinations

The following table provides information regarding the known records of the individual for comparison:

Individual(s) for Comparison			
Name	**UCN**[1]	**Source of Record**	**Available Prints**
ISRAEL KEYES	67623PD9	FBI	Fingerprints

One latent fingerprint of value was detected, and the following table provides information regarding the identification:

[1] Universal Control Number

FBI Records: The Vault — Israel Keyes LastKnownContact.com Part 08: Pg 102 / 319

Identification(s)						
Individual Identified	Source of Individual Identified	Item Number	Item Description	Number of Prints		
				Fingerprint	Palm Print	Total
ISRAEL KEYES	Named via request	Q248.1	Bucket lid	1	---	1

No latent prints of value were detected on the remaining items.

Remarks:

In accordance with the Latent Print Operations Unit's standard operating procedures, the friction ridge prints that underwent additional quality assurance checks were reviewed as follows:

Quality Assurance Check	Examiner(s)
Blind verification(s)	

b6
b7C

The items, which include an image of the detected latent print of value, are being returned under separate cover. The supporting records for the opinions and interpretations expressed in this report are retained in the FBI files. For questions about the content of this report, please contact Forensic Examiner For questions about the status of your submission, including any remaining forensic examinations, please contact Request Coordinator

Methods, Limitations, and Interpretations:

Friction ridge skin consists of ridges, which are raised portions of skin, and furrows, which are the valleys in between the ridges. Friction ridge skin is found on the fingers, palms, and soles of the feet. A friction ridge print is a transfer of the ridge arrangements from the friction ridge skin onto an item. Items of evidence submitted to the Latent Print Operations Unit for examination may be examined visually, examined with various light sources, and processed with chemicals and powders to detect the presence of friction ridge prints. The specific sequence of examinations and processes depends upon the nature of the evidence.

Friction ridge print examinations are conducted using Analysis, Comparison, and Evaluation (ACE) (1), which includes an assessment of the quantity and quality of the information present. The steps of ACE are applied to friction ridge prints as appropriate.

Analysis is the assessment of a friction ridge print by a qualified examiner, accounting for the quantity and quality of the features detected in the print. An examiner will assess the types of features and the spatial relationships of the features to one another, which may be affected by factors such as pressure and movement when the print is transferred (2) (3).

FBI Records: The Vault — Israel Keyes LastKnownContact.com Part 08: Pg 103 / 319

The print is deemed to be of value when the examiner determines that sufficient reliable information is present, such that, when compared to another print from the corresponding area of the same source, an identification decision can be reached. A thorough analysis is conducted on friction ridge prints prior to conducting comparisons. Analysis is documented by marking observed information in accordance with the Latent Print Operations Unit's standard operating procedures (4).

Comparison is the direct side-by-side observation of friction ridge prints of value to determine whether the information observed during Analysis is in disagreement or agreement between two prints. When determining if features correspond, an examiner accounts for variation in the appearance of the friction ridge prints due to factors such as pressure and movement (2).

Evaluation is the formation of a conclusion based on the examiner's observations, assessments, and documentation generated during the analysis and comparison of the friction ridge prints. Decisions that may be reached are as follows:

- Identification is the determination that two friction ridge prints originated from the same source because there is sufficient quality and quantity of corresponding information. While an identification to the exclusion of all others is not supported by research, studies have shown that as more reliable features are found in agreement, it becomes less likely to find that same arrangement of features in a print from another source (5).

- Exclusion is the determination that two friction ridge prints did not originate from the same source because there is sufficient quality and quantity of information in disagreement.

- Inconclusive is the determination that an identification or exclusion decision cannot be reached because the corresponding area in the known friction ridge print is absent or unreliable.

While the examination process is subjective in nature (6), the Latent Print Operations Unit has quality assurance measures in place to minimize variability and reduce the chance of error. Examples include but are not limited to verification and blind verification, which are implemented in accordance with the Latent Print Operations Unit's standard operating procedures (4) (8).

- Verification is the independent application of ACE to a friction ridge print by another qualified examiner.

- Blind verification is the independent application of ACE to a friction ridge print by another qualified examiner with limited awareness of the details of the case and no knowledge of the conclusion of the primary examiner.

FBI Records: The Vault — Israel Keyes LastKnownContact.com Part 08: Pg 104 / 319

There is no meaningful predictive rate of error for the entire comparison process (9) (10); however, recent studies have demonstrated that examiners reach accurate and reliable conclusions under specific test conditions (7) (11) (12).

The presence of a friction ridge print on an item of evidence indicates contact was made between the source and the item. The presence of a friction ridge print alone does not necessarily indicate the significance of the contact or the time frame during which the contact occurred.

Due to a variety of factors, the recovery of friction ridge prints on items of evidence is not always successful. A lack of friction ridge prints on an item or the exclusion of a friction ridge print from a given source does not necessarily mean that the given source did not come into contact with the item.

Synopsis: (U) To document research related to disappearance of [redacted]

[redacted] b7E

Details:

Anchorage Division received a lead related to the disappearance of [redacted] in October 1999 in Kelso, Washington. Anchorage Division reviewed records in captioned case and were unable to connect Keyes to [redacted] disappearance. Keyes joined the military during this time frame. Keyes reported his first homicide occurred after he left the military in June 2000 and before the birth of his daughter on 10/31/2000. Anchorage recognizes this was self-report and has not been corroborated. Anchorage will advise if additional information is obtained that could connect Keyes to the disappearance of [redacted]

Received On: 08/20/2013

Receipt Method: Telephone

Incident Type: Criminal Activity

Drafted By: [redacted] b6 b7C

Complaint Details:

On 8/20/2013 [redacted] called the Public Access Line to advise information related to 306-AN-15642.

[redacted] address [redacted] Forth Worth Texas 76133, telephone number [redacted] reported that she believes she has seen ISRAEL KEYES.

In the Spring of 2004, [redacted] was abducted by 3 strangers at gun

UNCLASSIFIED

point. [redacted] was taken to a house, and and was traded for drugs. KEYES took [redacted] to a shed behind the house she was forced to stay in, and they were there for about an hour. While in the shed, KEYES was wearing a mask, but took it off after stating,"It doesn't matter, because you [redacted] are going to die anyway."

When KEYES and [redacted] returned to the house, ELSHA RIVERA was sitting there. [redacted] stated that KEYES took out a gun, pointed it at [redacted] and RIVERA, and stated,"I can play God,and I get to choose who lives and dies."

KEYES shot RIVERA. Then KEYES and 3 other men took RIVERA's body, put it in a tarp, took her to a field, and dismembered RIVERA's body with an ax. The field was off of Alta Mesa in Fort Worth, Texas. [redacted] remembers KEYES stating that he wanted to take a "finger or something" of RIVERA's.

[redacted] reported KEYES laughing in the field during the dismemberment of RIVERA. [redacted] stated that KEYES told RIVERA if she was good, he would let her family find her body.

SENTINEL SEARCH of [redacted] yielded :

47-DL-0-ASSESS_C, 319-HQ-A1487667-DL,88A-CG-109043-T, and more not listed.

Final Pre-Assessment Finding:

SA [redacted] interviewed complainant on 9/23/2013. This was also reported through her therapist [redacted]. Complainant was abducted at gunpoint in the spring of 2004. She was on the front porch of her house located at [redacted] Fort Worth, TX when sh was taken. She was taken to a house on Alta Mesa. The home was a one

FBI Records: The Vault — Israel Keyes LastKnownContact.com Part 08: Pg 114 / 319

story house with a slanted driveway, and for sale sign in front yard. it was two men and one woman who abducted her and made comments such as "you are going to make us a lot of money for a white girl." Complainant believed they thought she was a teenager.

Complainant was taken to a house where the 3 who abducted her were given drugs and they left. The man at the house said he didn't wan touch her and told her to wait. Another female named Elsa Rivera was at the residence. She was bleeding and warned complainant not to run. Complainant was later taken to a shed where she believes she saw Israel Keyes. This man handcuffed her to the shed and made comments about how Elsa was too sick and wasn't going to make any money. He killed Elsa in front of complainant. She was left to clean up the shed. Elsa was taken to a field across the street where she was dismembered.

Complainant recalled being told she should say she is 14 if anyone asks her age. She heard numerous comments about how much money she was going to make them.

Complainant described the male in the shed as tall, thin, long hair. He told complainant he was passing through and the police wouldn't catch him. He was always calm and didn't raise his voice.

Parked in the driveway of the residence was a black SUV and a white and silver car with 4 doors.

Complainant was reported missing and gone for approximately 4 days. She has reported this incident to the Forth Worth, TX police department. Complainant appeared very distraught during the interview

FBI Records: The Vault — Israel Keyes LastKnownContact.com Part 08: Pg 115 / 319

Korean Case 9/23/2013

[redacted] b6 b7C

[redacted]

29 → Started on Tue / Thurs. — Gymnastics Coach

March - Spring 2004

Abducted @ gunpoint. Taken to house. Shed - Keyes in house. He didn't want to talk to other people. He said he got to play God.
Shot another woman — Elsa Rivera - a little older

Fort Worth, TX

At my house — taken from front porch

[redacted]

Taken to - Alta Mesa → 1 story. Slanted driveway
For Sale Sign
House had a lot of rooms

Fort Worth, TX

Shed - he was in shed
Hill - Woking
Wooded fence - couldn't see
Pool
Dog
Barbecue

2 man 1 woman — thought I was a kid. — Hispanic
Put a gun to head.
Red truck. FL plates
4 doors.
Sitting in bank w/ men.

Going to make them a lot of $ for white girl

Took to house - saw another man.
Gave them drugs - they left. Paid $

Said he didn't want to touch me.
Grabbed by arm - told me to wait there.
Elsa was there
- bleeding
- kept saying sick needed help.
- She said don't ~~cry in front of them~~ run - warning

About hour for couple hours
- Man from shed killed Elsa

led to shed
He was right there - I'll pay you later.
Handcuffed to bar in shed.
Comments Elsa - sick - not going to make $. Fell down

Banging on door - turns up
He left

2 men left - told me to clean up shed.
Put in trunk w/ her
Field across street - dismembered her.

Said going to make them $
If anyone asked 14 y.o.

Back to house - guy from shed gone.

"They are going to think I'm on the East coast."

---

long hair - thought homeless @ first
thin
taller
He didn't want me to look @ him
Said nothing knew to him - done before
Just passing through. They won't catch me.

Driveway - black SUV in driveway
- white/silver 4 doors

Voices very calm. Didn't raise voice

Taken to OK - ~~Guy~~ overdosed on something
Guy had handcuff key - ran.

4 days - gone

Torture in shed — He was one who did it.
Positive it was Keyes.

CNN on TV - Yahoo.

Complaint Synopsis: (U) MC3 tip: 306-AN-15642 Israel Keyes

Received On: 08/28/2013

Receipt Method: Telephone

Incident Type: Criminal Activity

Drafted By: [redacted] b6 b7C

Complaint Details:

On 8/28/13, [redacted] called the Public Access Line to advise [redacted] went missing in Oregon October 30, 2004. [redacted] saw that KEYES' locations and activities show him in Washington around the time of [redacted] disappearance. [redacted] was supposed to meet someone for breakfast that morning and also meet someone in Portland, OR later that day; [redacted] did not show up to breakfast and did not return home that evening. [redacted] car was later found abandoned in Gresham, OR.

[redacted] stated that she does not know anymore about the disappearance other than what was made public. The Hood River County Sheriff's Department is in charge of the missing person's case.

UNCLASSIFIED

Title: (U) PAL2013-MC3 240[redacted]01, ISRAEL KEYES
Re: 306-AN-15642, 09/02/2014

A Sentinel query for [redacted] was negative. b6 b7C

A Sentinel query for [redacted] revealed two files related to her disappearance: In 252-PD-C45790, serial 71, the Hood River Sheriff's Department requested any recommended investigative steps and computer forensics from the FBI on 11/5/04. In 62-PD-0, serial 106711 contains information possibly pertaining to [redacted] obtained by the FBI on 11/19/04 that was sent to the Hood River Sheriff's department.

Final Pre-Assessment Finding:

On November 4, 2013, Staff Operations Specialist (SOS) [redacted] spoke with [redacted] who had previously called the Public Access Line regarding the Israel Keyes case. [redacted] saw coverage on the Keyes case, including the timeline of his whereabouts, in her local newspaper. [redacted] lives in Hood River, Oregon, which is about 45 minutes from Maupin, Oregon. She reported that [redacted] went missing from Hood River on October 31, 2004. Approximately five days later, [redacted] vehicle was found in Gresham, Oregon. (Writer's note: Keyes' sister, [redacted] resides in [redacted] said [redacted] vehicle was broken into, but law enforcement was able to determine the individuals who broke into her vehicle were not responsible for her disappearance.

On the day of her disappearance, [redacted] was headed to Portland, Oregon after she ate breakfast. Her daughter was the last one to see her. [redacted] worked at a local bank, which is how [redacted] knows her. [redacted] does not know the current status of [redacted] case.

[redacted] b7E

Complaint Synopsis: (U) MC3 Tip: 306-AN-15642 ISRAEL KEYES

Received On: 08/29/2013

Receipt Method: Telephone

Incident Type: Criminal Activity

Drafted By: [redacted] b6 b7C

Complaint Details:

On 8/29/13, [redacted] contacted the Public Access Line to provide a possible ISRAEL KEYES timeline tip. [redacted] stated that, in the fall of 1998, she worked as a sales representative for Abbott Laboratories. [redacted] reported that she traveled in the company car throughout the Massachusetts area. [redacted] said that while driving through Franklin, MA on Route 495 North one evening, she noticed a clean cut man standing next to a plain, white van on the shoulder of the road. The man flagged her down, motioning her to pull over. [redacted] continued to the next exit and pulled into a parking lot. The man in the white van pulled in behind [redacted] and exited the vehicle. The man stated that there had been fire coming out of the tailpipe of [redacted] company car, which

[redacted] thought odd because the car had just been serviced. He offered to follow [redacted] home to ensure she arrived safely. [redacted] feeling uneasy, told the man that the station where she had the vehicle serviced was just up the road. The man again offered to follow her on home since it was late. [redacted] refused the offer and returned to her vehicle. The man returned to the van, but was unable to start the vehicle. He approached [redacted] for help. The man asked [redacted] to get in the van and turn the key when he signaled her to do so. The man made several attempts to get [redacted] to enter the van, which she refused. [redacted] did notice that the rear of the van was caged just behind the driver's sear. [redacted] did attempt to file a report with the Wapole Police Department at the time, but was told that they could not do much because she did not get a license plate number.

[redacted] stated that while watching the recently aired KEYES interviews, she became convinced that the man in the white van was KEYES. [redacted] reported that the man's physical appearance and voice was a match for KEYES.

Final Pre-Assessment Finding:

Agents have no information that suggests KEYES was in Massachusetts in the Fall of 1998. During this time KEYES was in the Army, TFO investigated the time in question and was not able to rule KEYES out as the subject mentioned by [redacted] No further follow-up is necessary.

before her apartment building and she did not recognize the vehicle as one of the building vehicles, so she assumed it would turn off before the apartment exit, but it did not.

[redacted] turned into her parking spot, and was planning on turning around and leaving because she felt uncomfortable, but the car was not behind her. [redacted] was getting ready to go in reverse, and looked in the rear view mirror, and the man was at the drivers side of her car already with one hand up and one hand down on her car door.

[redacted] began screaming, "Oh my God!" while honking the horn,and began to back up. [redacted] backed up, and began to go forward, and the man put his hands on the hood and began telling her to get out of the car. He told her that she needed to get out of the car, he just needed to ask her a question. [redacted] mouthed the words," I will run over you" and [redacted] pushed the man with her car out of her way, and briskly left the apartment building parking lot.

[redacted] was getting ready to dial 911 on her cell phone, when she drove by a gas station, and there was a police cruiser in the parking lot. [redacted] stopped at the gas station, and told the police what happened. Two police officers took [redacted] home and checked her apartment out for anything suspicious.

[redacted] noticed the man had left his door open and his car running during the confrontation. The man was driving a dark blue sedan, 4 door, with Massachusetts license plates. He was tall, probably around 6 feet, no facial hair, black hair, neatly dressed in a sports coat, which [redacted] remembered caught her off guard.

[redacted] does not remember the name of the apartment building, but states that it is the only apartment building on [redacted] West Berry, New York.

[redacted] saw ISRAEL KEYES photograph and believes it was the man she had been confronted by.

stayed in Spokane. [redacted] states when KEYES left the area in fall 2003 he mentioned he was moving to the north east coast of the U.S. b6 b7C

Final Pre-Assessment Finding:

Staff Operations Specialist (SOS) [redacted] contacted [redacted] on 04/22/2014 regarding a phone call [redacted] made to the Public Access Line reference Israel Keyes.

Israel Keyes worked on a home [redacted] owns in Spokane, Washington. He built a front porch for the home in either the summer of 2002 or 2003. A friend of [redacted] recommended Keyes to her. She remembered Keyes having a wife and one or two small children. Keyes lived 5 or 6 blocks from [redacted] in an older home that was made into apartments. [redacted] remembers Keyes up and left in the fall and moved to the northeast coast. She thought he did good work and charged a fair price.

[redacted] husband noticed Keyes' photo in the Boise newspaper. [redacted] said Keyes made her husband uncomfortable, especially around their kids.

Re: 306-AN-15642, 09/02/2014

No identifiable Sentinel results for [redacted]

Final Pre-Assessment Finding:

Staff Operations Specialist (SOS) [redacted] contacted [redacted] on 04/23/2014 via telephone reference her phone call to the FBI tip line about the Israel Keyes case.

[redacted] daughter, [redacted] went missing on 09/20/2010 from Spokane, Washington. [redacted] said it was obvious she was abducted and she hasn't had much cooperation from the police department in Spokane. Mexican Mafia drug house.

SOS [redacted] referenced Keyes financial transaction timeline maintained by the Anchorage Division. Keyes conducted financial transactions in Anchorage, Alaska on 09/20/2010 and surrounding dates.

At the time of [redacted] disapperance, she was living amongst drug houses and thought children were being sexually exploited. She said she wanted to save these children. [redacted] warned her to stay away from this activity because they were dangerous people. [redacted] did find the last person that gave her a ride, an unknown male. He is a person of interest in her case, but uncooperative according to the local police department.

[redacted] received a tip that a man saw her alive in November in 2013 at a drug house, which she has passed along to the local police department.

go to the store Marshall's. She parked further away from the store, closer to a road. She left the store around 9pm or 10pm and it was dark outside. [redacted] had purchased a larger picture at the store and was placing it in her car, when she noticed a male on the other side of the car starting at her. He was wearing a thin, "dorky", cotton shirt. He looked like the character "Beaker" from the Muppets. The unknown male did not say anything at first, but then asked how old she was. [redacted] cannot remember exactly what she said, but remembers it being a snide remark. The male looked like he was in his 20's and had short, wavy hair. [redacted] did not notice how the male got there or how he left. She just got in her vehicle as quickly as possible and left.

[redacted] saw excerpts of the interviews of Israel Keyes and they upset her because Keyes was so familiar to her. She Googled his name and it looked like the guy that approached her in the parking lot. His mannerisms reminded her of the man, as well.

Complaint Synopsis: (U) MC3 tip: 306-AN-15642 Israel Keyes

Received On: 10/03/2013

Receipt Method: Telephone

Incident Type: Criminal Activity

Drafted By: [redacted]

Complaint Details:

(U)On 10/3/2013 [redacted] called the Public Access Line to advise he found, in the snow, a steel knife, with a blade to be about 8 inches in length located at mile 7.4 Access in Eagle River, AK around late February early March of 2012. [redacted] showed his wife the knife in which she stated she saw blood. [redacted] did not see any blood, washed and put the knife away. When the public announcement was released requesting additional information on ISREAL KEYES, [redacted] stated to the writer "I believe this knife belongs to ISRAEL KEYES because of the area the knife was found is in a very remote location where someone of his nature could easily discard or kill someone". [redacted] mentioned hearing on the news of this particular area is where KEYES would target his victims. [redacted] also stated to the writer "I think this knife could b6 b7C

Report to the Public Access Line of alleged tip in the Israel Keyes investigation. AN

Received On: 08/29/2013

Receipt Method: Telephone

Incident Type: Criminal Activity

Drafted By: [redacted] b6 b7C

Complaint Details:

On 8/29/2013, [redacted] called the Public Access Line to allege the murder of CHANIN STARBUCK in December 2011 could be linked to ISRAEL KEYES. [redacted] states that STARBUCK'S body was found posed in a sexually suggestive manner just like KEYES' other victims. [redacted] claims there may be a connection since STARBUCK was murdered in Spokane, Washington.

According to a Google search, CLAY STARBUCK was convicted in May 2013 for the murder of his ex-wife, CHANIN STARBUCK.

Complaint Synopsis: (U) Major Case Contact Center Tip: 306-AN-15642 Israel Keyes

Received On: 02/06/2014

Receipt Method: Telephone

Incident Type: Criminal Activity

Drafted By: [redacted] b6 b7C

Complaint Details:

Attorney [redacted] phone number [redacted] contacted the Public Access Line to advise of potential additional victims of ISRAEL KEYES. [redacted] client SAM STARBUCK lived directly below KEYES when KEYES was 16-17 in Spokane, WA. STARBUCK was charged with the murder, but the DNA was not a match; [redacted] suggested that the FBI compare the DNA from the sexual assault and murder victim to KEYES' DNA. STARBUCK recalled KEYES requesting items that later became part of KEYES' "kill kits", such as rope. The murder occurred 13-14 years ago.

[redacted] also advised of the murder of CHANIN STARBUCK approximately one to one and a half years ago. [redacted] believes that she was murdered in "a

UNCLASSIFIED

fashion similar to KEYES' MO"; the murder is now considered a cold case, however. The victim's husband CLAY STARBUCK is currently incarcerated in Spokane, WA, but has filed an appeal with Public Defender advised that CLAY STARBUCK has information he would like to discuss regarding that possibility that KEYES was the killer, and would also like to request that DNA be tested. b6 b7C

advised that he was in contact with an agent in the AN office in September regarding some of the aforementioned information. Evidence of this contact was not found in Sentinel.

An unfiled 71 from the (written 8/21/13) was found regarding the possibility that the murder of CHANIN STARBUCK may have been committed by KEYES. This was found after Sentinel searches were conducted for CHANIN and CLAY STARBUCK, respectively.

Final Pre-Assessment Finding:

Starbuck's wife was murdered on 12/1/2011. Keyes financial records indicate he was in Anchorage on 11/30/2011 and 12/2/2011. There is no record of any travel outside Alaska at this time.

Incident Type: Criminal Activity

Drafted By: b6 b7C

Complaint Details:

On 8/14/2013 SAMUEL STARBUCK(Phone Address WA) called the Public Access Line to leave a tip on the MC3 ISRAEL KEYS case.

STARBUCK claims to have known ISRAEL KEYS in the mid nineties since they lived in same apartment complex in Spokane. STARBUCK only knew ISRAEL KEYS for four to five months before he went to jail.

STARBUCKS talked about ISRAEL'S family being at the complex around the same timeframe as ISRAEL KEYS. STARBUCK claimed that murders occurred nearby the apartment complex and he believes that KEYS is involved. STARBUCK believes ISRAEL KEYS killed his friend in STARBUCKS apartment.

Details:

Israel Keyes committed suicide in December 2012, while incarcerated for the kidnapping, sexual assault and murder of Samantha Koenig in Anchorage, Alaska. Prior to his death, Keyes cooperated with investigators and provided a detailed confession regarding his commission of two other kidnappings, sexual assault and murders in Vermont, and is strongly believed to have kidnapped, assaulted and

FBI Records: The Vault — Israel Keyes LastKnownContact.com Part 08: Pg 169 / 319

murdered eight additional victims (11 total) throughout the U.S., and possibly Canada. Based on statements made by Keyes prior to his death, four victims are believed to have been murdered in the state of Washington between 2001 and 2006. None of those victims has been identified. The investigation regarding additional Keyes victims is continuing at Anchorage with assistance from the Seattle Division, Poulsbo RA.

Early in the investigation, Seattle Division identified [redacted] DOB [redacted] last seen on 03/04/2005, as a potential victim of Keyes. On 6/21/2012, SA's [redacted] participated in a conference call with Lewis County Sheriff's Office Detective [redacted] regarding their [redacted] case [redacted] provided a summary of their investigation which included information that [redacted] told friends he intended to travel to Tillamook, Oregon that weekend, but that follow-up investigation verified through video surveillance footage showed that [redacted] was last seen north of his home in Onalaska, WA along I-5 purchasing fuel. (If [redacted] had been heading to Tillamook, OR, he should have traveled southbound on I-5.) [redacted] further advised that [redacted] vehicle was later located by Park Rangers 2.7 miles into Jefferson County, WA on the Southshore Road. b6 b7C

On Tuesday, July 2012, reports were received from the Jefferson County Sheriff's Office (JCSO) Deputy [redacted] related to their portion of the investigation of [redacted] disappearance. Searchers found it odd that [redacted] car was located 1/4 mile from the nearest trail head. Tire tracks and shoe prints were photographed and a latent print was lifted off of a Dr. Pepper can located during a search of the interior and contents of [redacted] vehicle.

A detailed time line of Keyes' whereabouts has been created which make the [redacted] disappearance difficult to attribute to Keyes, due to a very narrow time window to kidnap, murder and dispose of the body as well as to transport [redacted] vehicle to the location it was found. Keyes' cell tower records seem to indicate that he was heading east on the evening of March 4th and not south. Those same records suggest

FBI Records: The Vault — Israel Keyes LastKnownContact.com Part 08: Pg 170 / 319

Title: (U) Lead to Laboratory Evidence Control Unit
Re: 306-AN-15642, 12/29/2014

that Keyes may have been seeing a female companion that weekend in Sequim, WA. It should be noted, however, that Keyes acknowledged in interviews that he kept a tight schedule during his criminal activity in order to avoid detection. It is also not known exactly when Sample disappeared. Due to these factors, Keyes has not been definitely ruled out as a suspect.

Given the above information, the FBI Laboratory, Evidence Control Un it is requested to submit the following evidence for examination by relevant units in order to compare the latent print and any DNA obtained with known samples from Israel Keyes, DOB 01/07/1978, social security account number 127-86-4049, or other unknown subjects:

Item 1B666, a latent print and Dr. Pepper can, to the Latent Print Operations Unit. As noted above, the latent was lifted off of the outside of the Dr. Pepper. To the knowledge of Seattle, Poulsbo RA, this print has never been sent to any lab for comparison purposes.

It is also requested the Dr. Pepper can be examined by the DNA Casework Unit in an attempt to obtain DNA from the item for comparison purposes.

==========

[redacted]

It took longer for AAA Moving to process the shed and the hazmat materials weighed greater than we knew. So the total cost for this disposal came to $1,297.69 which is still less than all the others for the same process. Your approval is still required.

[redacted]

I discussed with the SAC and #1 is the preferred option. Thanks for all your work on this.

[redacted]

From: [redacted]
Sent: Friday, December 05, 2014 8:53 AM
To: [redacted]
Cc: [redacted]
Subject: FW: Quote for Shed pick up

[redacted]

Following are the quotes received:

1. AAA Moving (quote below) – No dismantle, pick up shed and take directly to dump, they provide all the equipment and manpower. $518.80 plus actual dump fee of approximately $200 = $718.80
2. Tony's Enterprise (Demolition Service, fax quote received) – Dismantle and take directly to dump, they provide all the equipment and manpower. $1050 for take-down, $165 dump truck and dump fee approximately $63/ton = $1,278.00
3. Central Environmental (telephone quote) – Will recycle material, on-site dismantle, they provide all equipment and manpower, pick up and dismantle charge of $1,200 - $1,800 (?)
4. Alaska Demolition (telephone quote) – No dismantle, they provide all equipment and manpower, pick up shed and take directly to dump = $1500 - $3500
5. Bin There Dump That (telephone quote) – We dismantle, we provide all equipment and manpower, we load in bin, $315-$325 (depending on dumpster size) plus actual dump fee of approximately $200 = $525

Except for #3, we can follow the flatbed or dump run to ensure its disposal. This can be done in conjunction with disposing the hazmat materials (paint, etc.).

My recommendation would be option #1. AO [redacted] will have to provide official approval in FM [redacted] absence.

REPORT OF EXAMINATION

To: [redacted]
Anchorage

Date: April 6, 2015

b6
b7C

Case ID No.: 306-AN-15642

Lab No.: 2014-02697-2

Communication(s): December 29, 2014

Agency Reference(s):

Subject(s): Israel Keyes

Victim(s): Samantha Tessla Koenig

Discipline(s): DNA

FBI Laboratory Evidence Designator(s):

Item 1 Can (JCSO item #8) (1B666, E5188914)

The item listed above was subjected to nuclear deoxyribonucleic acid (DNA) typing[1].

RESULTS OF NUCLEAR DNA EXAMINATIONS:

The STR typing results from item 1 were compared to the STR typing results from specimen K3 (KEYES) [previously reported under FBI Laboratory Number 121130003 PF ACJ in the report dated January 11, 2013].

Item 1 (Swabbing from mouth of can)

No sex typing results were obtained from item 1. The DNA obtained from item 1 is not suitable for matching purposes; however, it may be utilized for exclusionary purposes.[2] Specimen K3 (KEYES) is excluded as a potential contributor to item 1.

Database Entry Information:

The nuclear DNA results obtained from the tested item are not eligible for entry into the Combined DNA Index System (CODIS). These results will be maintained by the FBI Laboratory for possible future comparisons.

No other nuclear DNA examinations were conducted.

FBI Records: The Vault — Israel Keyes LastKnownContact.com Part 08: Pg 198 / 319

Methods/Limitations:

The following methods and limitations apply to the results/conclusions provided in the results section(s) of this report and are referenced by number in the body of the text for clarity.

[1] The AmpFℓSTR® Identifiler® Plus PCR Amplification Kit includes the amelogenin locus and the autosomal STR loci (from non-sex chromosomes) D8S1179, D21S11, D7S820, CSF1PO, D3S1358, TH01, D13S317, D16S539, D2S1338, D19S433, vWA, TPOX, D18S51, D5S818, and FGA. The amelogenin locus is used for sex determination. Insufficient DNA quality and/or quantity can affect the ability to generate a DNA typing result and is not an absolute determination that an individual did not come into contact with an item of evidence.

[2] As used here, STR typing results are deemed not suitable for matching purposes (i.e., inconclusive) when the potential exists that not all of the genetic information in a biological sample has been detected. For STR typing results to be used for matching purposes, sufficient DNA quality and/or quantity is necessary.

REMARKS:

This report contains the opinions/interpretations of the examiner(s) who issued the report. The supporting records for the opinions and interpretations expressed in this report are retained in the FBI files. The submitted items will be returned to you under separate cover. For questions about the content of this report, please contact Forensic Examiner [redacted] at [redacted] For questions about the status of your submission, including any remaining forensic examinations, please contact Request Coordinator [redacted] at [redacted]

b6
b7C

In addition to the evidence in the case, the DNA Casework Unit has generated secondary evidence that will also be returned to you. The secondary evidence can be found in a package marked DNA Casework Unit Secondary Evidence. It is recommended that this evidence be stored in a refrigerator or freezer and isolated from evidence that has not been examined.

Attached is the report from Jefferson County Sheriff's Office regarding the investigation of missing person [redacted] Regarding the the Dr. Pepper can and latent we discussed, see page 11: 08/01/2005. There's not much there, but it talked about dusting the interior of the car and locating one latent fingerprint on the outside of a Dr. Pepper can, and that they were placed into evidence.

Today, I spoke with Detective [redacted] from their department. According to Anglin, that evidence had never been sent for comparison, nor was any other processing done on the Dr. Pepper can.

Please let me know if you need anything further.

Item 2 Latent lift (JCSO item #7) (1B666, E5188914)

This report documents the friction ridge print examinations.

Results of Examinations:

The requested examinations were conducted, but no latent prints of value were detected.

See Appendix A for the methods, limitations, and interpretations regarding the results of examinations.

Remarks:

For questions about the content of this report, please contact Forensic Examiner [redacted]

For questions about the status of your submission, including any remaining forensic examinations, please contact Request Coordinator [redacted]

The evidence will be returned under separate cover.

b7C

FBI Records: The Vault — Israel Keyes LastKnownContact.com Part 08: Pg 206 / 319

Appendix A: Methods, Limitations, and Interpretations

Friction ridge skin consists of ridges, which are raised portions of skin, and furrows, which are the valleys in between the ridges. Friction ridge skin is found on the fingers, palms, and soles of the feet. A friction ridge print is a transfer of the ridge arrangements from the friction ridge skin onto an item. Items of evidence submitted to the Latent Print Operations Unit for examination may be examined visually, examined with various light sources, and processed with chemicals and powders to detect the presence of friction ridge prints. The specific sequence of examinations and processes depends upon the nature of the evidence.

Friction ridge print examinations are conducted using Analysis, Comparison, and Evaluation (ACE) (1), which includes an assessment of the quantity and quality of the information present. The steps of ACE are applied to friction ridge prints as appropriate.

Analysis is the assessment of a friction ridge print by a qualified examiner, accounting for the quantity and quality of the features detected in the print. An examiner will assess the types of features and the spatial relationships of the features to one another, which may be affected by factors such as pressure and movement when the print is transferred (2) (3). The print is deemed to be of value when the examiner determines that sufficient reliable information is present, such that, when compared to another print from the corresponding area of the same source, an identification decision can be reached. A thorough analysis is conducted on friction ridge prints prior to conducting comparisons. Analysis is documented by marking observed information in accordance with the Latent Print Operations Unit's standard operating procedures (4).

During Analysis, an examiner designates a friction ridge print as one of the following:

- A fingerprint, coming from any part of a finger
- A palm print, coming from any part of the palm area of a hand
- A toe print, coming from any part of a toe
- A footprint, coming from any part of the sole of a foot
- An impression, whose anatomical region cannot be determined and may have come from any of the above sources

Comparison is the direct side-by-side observation of friction ridge prints of value to determine whether the information observed during Analysis is in disagreement or agreement between two prints. When determining if features correspond, an examiner accounts for variation in the appearance of the friction ridge prints due to factors such as pressure and movement (2).

Evaluation is the formation of a conclusion based on the examiner's observations, assessments, and documentation generated during the analysis and comparison of the friction ridge prints. Decisions that may be reached are as follows:

- Identification is the determination that two friction ridge prints originated from the same source because there is sufficient quality and quantity of corresponding

FBI Records: The Vault — Israel Keyes LastKnownContact.com Part 08: Pg 207 / 319

information. While an identification to the exclusion of all others is not supported by research, studies have shown that as more reliable features are found in agreement, it becomes less likely to find that same arrangement of features in a print from another source (5).

- Exclusion is the determination that two friction ridge prints did not originate from the same source because there is sufficient quality and quantity of information in disagreement.

- Inconclusive is the determination that an identification or exclusion decision cannot be reached because there is insufficient quality and quantity of corresponding information between the two prints.

While the examination process is subjective in nature (6), the Latent Print Operations Unit has quality assurance measures in place to minimize variability and reduce the chance of error. Examples include but are not limited to verification and blind verification, which are implemented in accordance with the Latent Print Operations Unit's standard operating procedures (4) (8).

- Verification is the independent application of ACE to a friction ridge print by another qualified examiner.

- Blind verification is the independent application of ACE to a friction ridge print by another qualified examiner with limited awareness of the details of the case and no knowledge of the conclusion of the primary examiner.

There is no meaningful predictive rate of error for the entire comparison process (9) (10); however, recent studies have demonstrated that examiners reach accurate and reliable conclusions under specific test conditions (7) (11) (12).

The presence of a friction ridge print on an item of evidence indicates contact was made between the source and the item. The presence of a friction ridge print alone does not necessarily indicate the significance of the contact or the time frame during which the contact occurred.

Due to a variety of factors, the recovery of friction ridge prints on items of evidence is not always successful. A lack of friction ridge prints on an item or the exclusion of a friction ridge print from a given source does not necessarily mean that the given source did not come into contact with the item.

General Records

FEDERAL BUREAU OF INVESTIGATION

Date of entry 06/11/2015

On Tuesday, June 9, 2015 a male individual, identified as [redacted] telephonically contacted the writer from telephone number [redacted] [Prior to this telephone call, [redacted] emailed the writer from [redacted] and asked if the writer was the case agent working the ISRAEL KEYES investigation. The writer explained that he was one of the Agents working the investigation and requested that [redacted] contact the Agent at his office telephone number.] After being advised of the identity of the interviewing Agent and the nature of the interview, [redacted] provided the following information:

b6
b7C

[redacted] indicated that that he was calling from British Columbia, Canada and asked if ISRAEL KEYES (hereinafter KEYES) could have been responsible for the death of LYLE STEVIK who was found hung in Amanda Park, Washington on September 16, 2001. [redacted] went on to explain that "LYLE STEVIK" was the alias used by the unidentified man and whose true identity is still unknown. [redacted] stated that he had obtained a copy of the STEVIK police report via the Freedom of Information Act.

The writer explained that investigators do not believe that KEYES killed his first Washington State victim until after October of 2001. The writer asked [redacted] if the police reports indicated whether or not STEVIK had been sexually assaulted. [redacted] stated that it does not appear that STEVIK was sexually assaulted.

The writer briefly described the known facts, as provided by KEYES prior to his suicide, regarding the Washington State victims and encouraged [redacted] to re-contact the writer if he developed any possible matches from any future research.

Date of entry 07/15/2015

On Tuesday, July 14, 2015, [redacted] (hereinafter [redacted], date of birth [redacted] SSAN [redacted], cellular telephone number [redacted] was interviewed telephonically. After being advised of the identity of the interviewing Agent and the nature of the interview, [redacted] provided the following information: b6 b7C

[redacted] was asked about a Cold Steel brand knife that ISRAEL KEYES (hereinafter KEYES) allegedly owned. [redacted] advised that the knife was his and that he had given KEYES the knife after another co-worker wrecked the blade. [redacted] stated that he was working on a project at the old "Waste Water Lagoon" when [redacted] further identified as [redacted], used the knife on something that damaged the blade. When [redacted] got back to the office, he showed the knife to KEYES. KEYES thought he could repair the blade so [redacted] gave the knife to him. [redacted] believes that KEYES did repair the blade and kept the knife for his own use. [redacted] recalled that the weather was very "shitty" and believes that this occurred during the Fall of 2002 or 2003.

[redacted] described the knife has a Cold Steel brand folding knife with a black composite handle, a stainless steel blade with one third (1/3) of the blade being serrated. The blade also had a tanto style blade tip. [redacted] recalled that he paid approximately $95 dollars for the knife.

TRANSITORY RECORD

Hi [redacted]
I was talking with SA [redacted] regarding the Israel Keyes case (306-AN-15642). She mentioned you were working with a very old ten print card for Keyes. [redacted] from LD sent me the attached ten print card awhile back. I believe it is from Keyes arrest in 2012. I hope this helps. I am sorry for not sending this sooner but I had no idea you didn't have this.
Take care

[redacted]

Attached is the report from Jefferson County Sheriff's Office regarding the investigation of missing person [redacted] Regarding the the Dr. Pepper can and latent we discussed, see page 11: 08/01/2005. There's not much there, but it talked about dusting the interior of the car and locating one latent fingerprint on the outside of a Dr. Pepper can, and that they were placed into evidence.

Today, I spoke with Detective [redacted] from their department. According to [redacted] that evidence had never been sent for comparison, nor was any other processing done on the Dr. Pepper can.

Please let me know if you need anything further.

The evidence you submitted to the FBI Laboratory on December 30, 2014, was received by the DNA Casework Unit (DCU) on January 27, 2015, for serological, mitochondrial, and/or nuclear DNA testing. The DCU will use the information contained in your submittal letter to develop an examination plan and then place your case in our queue for examination. As a part of this process, you may be contacted by one of our examiners, either via telephone or e-mail, for additional information regarding your submission. Upon completion of the DCU testing you will receive a report containing the results of our examinations. Please note, the DCU averages a 30 day turn-around-time (TAT), however, that TAT can be affected by the number, and type, of items submitted and the examinations being requested.

If you have any questions regarding the status of the serological and/or DNA testing in this case or should you have additional information regarding your submission, please contact the DCU at [redacted] Additionally, please contact the DCU if the priority of this case changes or if the testing in this matter should become unnecessary.

Case ID #: 306-AN-15642 - 870 (U) ISRAEL KEYES; SAMANTHA TESSLA KOENIG; ET AL

Synopsis: (U) Set Lead to Laboratory Evidence Control Unit

[redacted] b7E

Reference: 306-AN-15642 Serial 324
306-AN-15642 Serial 381

Package Copy: (U) Being forwarded under separate cover are the following items of evidence: Item 1B666: a latent print (JCSO item #7) and a Dr. Pepper Can (JCSO item #8)

Details:

Israel Keyes committed suicide in December 2012, while incarcerated for the kidnapping, sexual assault and murder of Samantha Koenig in Anchorage, Alaska. Prior to his death, Keyes cooperated with investigators and provided a detailed confession regarding his commission of two other kidnappings, sexual assault and murders in Vermont, and is strongly believed to have kidnapped, assaulted and

FBI Records: The Vault - IsraelKeyes LastKnownContact.com Part 08: Pg 263 / 319

murdered eight additional victims (11 total) throughout the U.S., and possibly Canada. Based on statements made by Keyes prior to his death, four victims are believed to have been murdered in the state of Washington between 2001 and 2006. None of those victims has been identified. The investigation regarding additional Keyes victims is continuing at Anchorage with assistance from the Seattle Division, Poulsbo RA.

Early in the investigation, Seattle Division identified [redacted] DOB [redacted] last seen on 03/04/2005, as a potential victim of Keyes. On 6/21/2012, SA's [redacted] participated in a conference call with Lewis County Sheriff's Office Detective [redacted] regarding their [redacted] case [redacted]. [redacted] provided a summary of their investigation which included information that [redacted] told friends he intended to travel to Tillamook, Oregon that weekend, but that follow-up investigation verified through video surveillance footage showed that [redacted] was last seen north of his home in Onalaska, WA along I-5 purchasing fuel. (If [redacted] had been heading to Tillamook, OR, he should have traveled southbound on I-5.) [redacted] further advised that [redacted] vehicle was later located by Park Rangers 2.7 miles into Jefferson County, WA on the Southshore Road.

b6
b7C

On Tuesday, July 2012, reports were received from the Jefferson County Sheriff's Office (JCSO) Deputy [redacted] related to their portion of the investigation of [redacted] disappearance. Searchers found it odd that [redacted] car was located 1/4 mile from the nearest trail head. Tire tracks and shoe prints were photographed and a latent print was lifted off of a Dr. Pepper can located during a search of the interior and contents of [redacted] vehicle.

A detailed time line of Keyes' whereabouts has been created which make the [redacted] disappearance difficult to attribute to Keyes, due to a very narrow time window to kidnap, murder and dispose of the body as well as to transport [redacted] vehicle to the location it was found. Keyes' cell tower records seem to indicate that he was heading east on the evening of March 4th and not south. Those same records suggest

FBI Records: The Vault - Robert Keyes LastKnownContact.com

Title: (U) Lead to Laboratory Evidence Control Unit
Re: 306-AN-15642, 12/29/2014

that Keyes may have been seeing a female companion that weekend in Sequim, WA. It should be noted, however, that Keyes acknowledged in interviews that he kept a tight schedule during his criminal activity in order to avoid detection. It is also not known exactly when [redacted] disappeared. Due to these factors, Keyes has not been definitely ruled out as a suspect.

b6
b7C

Given the above information, the FBI Laboratory, Evidence Control Un it is requested to submit the following evidence for examination by relevant units in order to compare the latent print and any DNA obtained with known samples from Israel Keyes, DOB 01/07/1978, social security account number 127-86-4049, or other unknown subjects:

Item 1B666, a latent print and Dr. Pepper can, to the Latent Print Operations Unit. As noted above, the latent was lifted off of the outside of the Dr. Pepper. To the knowledge of Seattle, Poulsbo RA, this print has never been sent to any lab for comparison purposes.

It is also requested the Dr. Pepper can be examined by the DNA Casework Unit in an attempt to obtain DNA from the item for comparison purposes.

Enclosure(s): Enclosed are the following items:
1. (U) WA DL image of [ ] b6 b7C
2. (U) WA DL image of [ ]

Complaint Synopsis: (U) Major Case Contact Center Tip: 306-AN-25642 ISRAEL KEYES

Received On: 08/14/2013

Receipt Method: Telephone

Incident Type: Criminal Activity

Drafted By: [ ]

Complaint Details:

The information contained in this communication was received from an MC3 activation.

On 08/14/13, [ ] telephone number [ ] contacted the Public Access Line to report suspicious findings in Olympic Hot Springs, Olympic National Park, Port Angeles, WA 98363.

In the spring of 2005, [ ] visited Olympic National Park to

UNCLASSIFIED

b6
b7C

participate in a hike through Olympic Hot Springs. At some point during the hike, [redacted] observed several suspicious objects located at the base of a tree. The items found included rope, a pickaxe, a black garbage bag, duct tape, and condoms. Upon noticing these items, [redacted] proceeded to throw them over a nearby embankment. The incident remained unreported.

[redacted] did not become suspicious of these findings until learning of the "murder kits" left by KEYES in various locations around the country.

Final Pre-Assessment Finding:

[redacted] [DOB [redacted]] was telephonically contacted on 09/25/2014 regarding the captioned tip. [redacted] reiterated the same information as in the tip and advised that she was currently living in California. SA [redacted] asked [redacted] if she would be willing to look at some maps (on-line) and see if she could pin point the area where the items were discarded. [redacted] stated that she would and sent a "test" e-mail to SA [redacted] government e-mail address to coordinate the sharing of the map data.

b6
b7C

Following this contact, SA [redacted] and SA [redacted] made repeated attempts to follow-up with [redacted] (via e-mail and telephone) with no success.

On 10/28/2014 SA [redacted] left a message with [redacted] mother ([redacted] telephone number [redacted] in Port Orchard, Washington. On 10/30/2014, [redacted] contacted SA [redacted] and advised that her daughter [redacted] had been very sick (pneumonia) for that last month but was feeling better. She suggested that SA [redacted] call [redacted] now. SA [redacted] called [redacted] at [redacted] and learned that she had been sick. In addition, [redacted] advised that during the trip up to the hot springs, she was with [redacted] [DOB [redacted], who still lives in the Port Orchard, Washington area.

Re: 306-AN-15642, 12/28/2015

b6
b7C

advised that she had contacted around the time that she made the tip and that he was aware that she was contacting the FBI regarding their incident at the hot springs.

On 10/31/2014, SA telephonically contacted at and interviewed him regarding the incident. stated that he recalled hiking up to the hot springs with and their kids. They hiked to one of the lower level and smaller springs which was located on the right side of the trail as you start to ascend the steeper portion of the trail. Once at the hot spring, went back behind the spring to urinate. It was then that found what he described as a "rape kit" at the base of a tree. recalled that there were about fifteen (15) items including a knife and a rope. stated that it completely "creeped" them out and they decided to get out of there. did not recall moving the items (as described by) but stated that she had a much better memory than he did. could not recall the year but advised that 2005 would be consistent with a particular house that he moved into during the time of the incident. did not recall the time of year but did remember that it was cold out during this particular trip. stated that he would be willing to travel up to the hot springs to help investigators locate this particular location if his description was not sufficiently detailed enough.

The results of the firearms examinations and national database searches are included in this report.

Results of Examination:

Firearms Examination

Specimen K1 is a .22 Long Rifle caliber Taurus revolver, Model 94. The K1 revolver functioned normally when tested in the Laboratory.

Specimen K2 is a .40 S&W caliber Smith & Wesson pistol, Model SW40V. The K2 pistol functioned normally when tested in the Laboratory with a magazine from the FBI Laboratory Reference Firearms Collection (RFC).

Specimen Q244 is a .22 Long Rifle caliber Ruger rifle, Model 10/22. Test fires from the Q244 rifle were obtained in the Laboratory with the Q237 magazine. However, the Q244 rifle did not function normally when test fired and it was determined that the button safety was fixed in the "fire" position due to corrosion.

Specimen Q245 is a .22 Long Rifle caliber Ruger receiver for a Model 22 Charger pistol. Test fires from the assembled Q245 receiver, Q241 wooden stock, Q246 barrel, and Q247 bolt were obtained in the Laboratory with the Q238 magazine. However, the assembled pistol did not function normally when test fired.

NCIC/eTrace

A query of the eTrace database returned a result for the K1 revolver that can be found under the Trace numbers T20120086562 and T20140111921. A query of the eTrace database returned a result for K2 that can be found under the Trace numbers T20120086505 and T20140111934. A query of the eTrace database returned a result for Q244 that can be found

FBI Records: The Vault — Israel Keyes LastKnownContact.com Part 08: Pg 277 / 319

under the Trace number T20150342834. A query of the eTrace database returned a result for Q245 (receiver) that can be found under the Trace number T20150342841.

A query of the National Crime Information Center (NCIC) database was performed for K1, K2, Q244, and Q245 and no records were found at this time.

NIBIN Examination

An image of a test-fired specimen from the K2 pistol was entered into the National Integrated Ballistic Information Network (NIBIN) at the FBI Laboratory in Quantico, Virginia, and searched against regions that include California, Alaska, New York, and Texas. No associations were found at this time. Additionally, if future NIBIN searches are requested for this evidence, the NIBIN server containing the FBI Laboratory will need to be selected as part of the search.

An image of a test-fired specimen from the Q244 carbine and Q247 bolt was entered into the NIBIN at the FBI Laboratory in Quantico, Virginia, and searched against regions that include Alaska and New York. No associations were found at this time. Additionally, if future NIBIN searches are requested for this evidence, the NIBIN server containing the FBI Laboratory will need to be selected as part of the search.

A NIBIN search was not conducted on the K1 revolver due to revolver-type cartridge case images not being entered into the database.

Methods:

Firearms

The make, model, and caliber of a firearm are normally determined by directly observing manufacturer markings on the firearm in question. When these are not present, published materials and firearms in the Laboratory's Reference Firearms Collection may be used to make determinations.

Unless otherwise noted, submitted firearms are test fired:

1) in the condition they are received in the Firearms/Toolmarks Unit,
2) with ammunition from the Laboratory's Reference Ammunition File,
3) in a manner that allows for testing of available modes of fire such as manual safety engaged, manual safety disengaged, single action, double action, semi-automatic, fully automatic, etc.

FBI Records: The Vault — Israel Keyes LastKnownContact.com Part 08: Pg 278 / 319

NCIC/eTrace

The serial number from a firearm is queried against the Department of Justice National Crime Information Center (NCIC) stolen gun record and electronic tracing system (eTrace) internet-based databases. These databases contain records on stolen, lost, and recovered firearms and firearms used in the commission of crimes. Additionally, eTrace can provide systematic tracking information for a firearm from its manufacturer or importer to its point of purchase and recovery.

NIBIN

When a NIBIN entry is performed for a submitted firearm, an image of a test-fired cartridge case from that firearm is entered in the NIBIN database. An image of a representative sample of any submitted cartridge cases that have not been associated with a specific firearm are also entered in the NIBIN system. Entries are searched against the appropriate regional database(s), and correlation results are viewed to determine possible associations.

Limitations:

Firearms

The results of firearms function examinations describe the operating condition of the firearm as it was received in the Firearms/Toolmarks Unit.

NCIC/eTrace

The NCIC stolen gun record and eTrace databases will only return a record if the serial number queried matches a database entry and the information is available. Additionally, an NCIC and eTrace search may return a record containing information that does not match the description of the firearm being queried.

NIBIN

Due to a number of variables regarding image capture and data entry, NIBIN searches may not always locate entries that were fired in the same firearm.

FBI Records: The Vault — Israel Keyes LastKnownContact.com Part 08: Pg 279 / 319

Remarks:

Per electronic communication dated November 2, 2015 with SA Jolene Goeden, the remaining firearms examinations have been discontinued. The supporting records for the opinions and interpretations expressed in this report are retained in the FBI files. The submitted items and FTU secondary evidence will be returned under separate cover.

For questions about the content of this report or the status of other firearms examinations, please contact Examiner [redacted] at [redacted] For other questions, please contact Request Coordinator [redacted] at [redacted]

Attorneys for Plaintiff

IN THE UNITED STATES DISTRICT COURT

FOR THE DISTRICT OF ALASKA

UNITED STATES OF AMERICA, Plaintiff, vs. ISRAEL KEYES, Defendant.	No. 3:12-cr-00041-TMB-JDR **NOTICE REGARDING COURT'S ORDER AT DOCKET 176**

COMES NOW the United States of America, by and through undersigned counsel, and hereby gives notice of the filing of one CD pertaining to the following dockets in the above captioned case, containing recordings made on the following dates:

Docket 102: April 2, 5, 6, 12, 17, 30; May 16, 24, 25, and 29; June 7; and

Docket 147: July 26.

FBI Records: The Vault — Israel Keyes LastKnownContact.com Part 08: Pg 282 / 319

As suggested in the Court's order, the United States has reviewed the filings in case number3:12-MC-00017-RRB. The filings do not contain work product of a medical provider, and the United States has no objection to the unsealing of this case. However, docket 93 in the above-captioned case does contain work product of a medical provider. Therefore, this docket entry may remain sealed in line with the previous order of the Court. The United States will comply with the balance of the Court's order by filing redacted search warrants on or before April 12, 2013.

RESPECTFULLY SUBMITTED this 8th day of April, 2013, at Anchorage, Alaska.

UNITED STATES DISTRICT COURT
FOR THE DISTRICT OF ALASKA

UNITED STATES OF AMERICA Plaintiff, vs. ISRAEL KEYES, Defendant.	3:12-cr-041-TMB-JDR **ORDER REGARDING UNSEALING PLEADINGS** (Dockets 167, 171)

This matter comes before the court to consider (1) Alaska Dispatch Publishing's motion to unseal records in this case, Docket 167, and (2) the Public Defender's request for disclosure of sealed pleadings, Docket 171. The United States filed a response to Alaska Dispatch's Motion to Unseal and Federal Public Defender's Motion to Disclose, Docket 172, with an Errata being filed at Docket 173. As to the disclosure sought by Alaska Dispatch, the Government states that the parties have reached an agreement set forth in the Government's response. Alaska

FBI Records: The Vault — Israel Keyes LastKnownContact.com Part 08: Pg 284 / 319

Dispatch filed a non opposition to the Government's proposed agreement. Docket 175.

Discussion

The First Amendment right asserted by The Alaska Dispatch is the right to acquire access to information, not the right to publicize information already in its possession. The First Amendment includes this dimension, but it does not carry with it the unrestrained right to gather information. Zemel v. Rusk, 381 U.S. 1, 16-17 (1965); Houchins v. KQED, Inc., 438 U.S. 1, 31-32 (1978). Any policy of secrecy must be supported by some legitimate justification that serves the public interest. The Government's legitimate interest in not disclosing information is far narrower than the freedom to disseminate information, which is "virtually absolute." Richmond Newspapers, Inc. v. Virginia, 448 U.S. 555, 582 (1980).

The Sixth Circuit has held that there is no First Amendment Right of access to sealed documents filed in search warrant proceedings. *See* In re Search of Fair Finance, 692 F.3d 424 (6th Cir. 2012). This decision is based in part on the historical tradition of the First Amendment Right of access to documents and recognition that access may be detrimental to the search warrant application and criminal investigation processes. The Circuit Court acknowledged that under the common law right of access to judicial documents the district court could in its discretion as supervisor of its records and files find that the public's right to know out

FBI Records: The Vault — Israel Keyes LastKnownContact.com Part 08: Pg 285 / 319

weights interest of privacy in sealing a particular document and thus permit access to search warrant documents. The execution of a search warrant does not necessarily eliminate the possibility of harm from the disclosure of the information contained in the documents. Such documents may identify information sources, undercover operations, the safety of confidential witnesses, or the identity of persons and places to be search in further investigation of related criminal activity.

The Ninth Circuit recognizes two qualified rights of access to judicial proceedings and records, namely a common law right to inspect and copy public records and documents, and a First Amendment right of access to criminal proceedings and documents therein. United States v. The Business of the Custer Battlefield Museum, 658 F.3d 1188 (9th Cir. 2011). Search Warrants fall within the definition of "Judicial Documents" for purposes of common law right of access. *Id.* at 1193. The First Amendment right of access to criminal proceedings does not include a right to ongoing criminal investigations. The Government has provided a compelling reason for maintaining a seal on certain judicial records identified in the government's response.

The Government identifies 23 case numbers associated with defendant Israel Keyes in this district. These include 20 search warrants, a criminal complaint, a district court case and a miscellaneous case. The Government does not oppose unsealing the docket entries, filings and records of hearing in the criminal complaint,

FBI Records: The Vault — Israel Keyes LastKnownContact.com Part 08: Pg 286 / 319

Case 3:12-mj-00126-JDR; and Miscellaneous Case No. 3:12-mc-00017-RRB. *The request to unseal the criminal complaint is GRANTED.* With respect to the miscellaneous case, this file contains work product of a medical provider and should not be made public without further scrutiny. The Government is invited to review that case file and propose appropriate redactions as to what should and should not be made public, if anything.

With respect to the search warrants, Alaska Dispatch and the Government agree for the following 16 search warrants to be unsealed:

3:12-MJ-000131-JDR	3:12-MJ-000139-JDR
3:12-MJ-000134-JDR	3:12-MJ-000140-JDR
3:12-MJ-000134-JDR	3:12-MJ-000151-JDR
3:12-MJ-000135-JDR	3:12-MJ-000153-JDR
3:12-MJ-000135-JDR	3:12-MJ-000154-JDR
3:12-MJ-000136-JDR	3:12-MJ-000191-JDR
3:12-MJ-000137-JDR	3:12-MJ-000215-JDR
3:12-MJ-000138-JDR	3:12-MJ-000219-JDR

Alaska Dispatch agrees to allow the Government to review four search warrants and provide redacted search warrants for the following matters:

3:12-mj-00226-JDR	3:12-mj-00328-JDR
3:12-mj-00311-JDR	3:12-mj-00337-JDR.

FBI Records: The Vault — Israel Keyes LastKnownContact.com Part 08: Pg 287 / 319

There no longer appears to be a dispute between Alaska Dispatch and the Government with respect to the former's right of access to court documents in this case. The Government's proposal to redact particular search warrants and affidavits is appropriate to protect victims' privacy and law enforcement efforts for ongoing investigation(s) of unsolved crimes.

As agreed by Alaska Dispatch and the United States, the Government will file redacted search warrants for the four search warrants so designated in their response. Pursuant to this agreement, the United States shall file no later than April 8, 2013 a CD of recordings of Docket 102, and 147, containing the recordings to which the Government has no objection to being unsealed. The redacted search warrants should be filed no later than April 12, 2013. By this date the Government should also file redacted copies of the 16 search warrants identified above in compliance with the e-Govt Act. *See* Federal Rules of Criminal Procedure 49.1.

Federal Defender's Request for Disclosure of Sealed Pleadings, Docket 171

Rich Curtner, Alaska's Federal Defender was one of Keyes appointed counsel in the criminal prosecution in case 3:12-cr-00041-TMB-JDR. Mr. Curtner requests an opportunity to view documents to be unsealed before they are made public. Docket 171. The motion does not cite any authority for the request nor state what interests the defendant seeks to protect in the matter of unsealing records in this case. Certainly the defense has access to ex parte motions filed on behalf of

FBI Records: The Vault — Israel Keyes LastKnownContact.com Part 08: Pg 288 / 319

Keyes that are included on the docket, and no court order should be necessary to inform the defense of the content of such *ex parte* motions or proceedings in order to argue against disclosing those pleadings. The request by the defendant to stay the unsealing of all judicial proceedings for two weeks to allow the defender to respond to the Alaska Dispatch's motion is overly broad and non specific. The motion is therefore DENIED.

DATED this 27th day of March, 2013, at Anchorage, Alaska.

/s/ John D. Roberts
JOHN D. ROBERTS
United States Magistrate Judge

UNITED STATES DISTRICT COURT
FOR THE DISTRICT OF ALASKA

UNITED STATES OF AMERICA v. ISRAEL KEYES

MARVEL HANSBRAUGH, CLERK OF COURT

DEPUTY CLERK CASE NO. 3:12-cr-00041-TMB-JDR

Pam Richter

PROCEEDINGS: **EX PARTE CLERK'S NOTICE** DATE: July 22, 2014

Following the retirement of Magistrate Judge Roberts, the Clerk's Office received the following *in camera* submissions from the chambers of Magistrate Judge Roberts:

1) Docket 93 originally filed by the government and subsequently removed from the docket by order of the court. The filing at docket 93 was held *in camera* in Magistrate Judge Roberts' chambers (see docket 94).

2) Docket 102 noticing the submission of one (1) CD containing audio recordings of 15 interviews with defendant Keyes held between April 2, 2012 and July 12, 2012. The CD was held *in camera* pursuant to docket 101.

3) Docket 103 noticing the *in camera* submission of one (1) CD containing audio recordings of 2 interviews with defendant Keyes held between July 18, 2012 and July 20, 2012. The CD was held *in camera* pursuant to docket 101.

4) Docket 157 noticing the *in camera* submission of one (1) CD containing audio recordings of 2 interviews with defendant Keyes held between October 22, 2012 and October 30, 2012. The CD was held *in camera* pursuant to docket 101.

In light of the fact that these *in camera* submissions were never a part of the court record and that the case is closed these documents and CDs are being returned to counsel for the government.

Drafted By: [redacted]

Case ID #: 306-AN-15642 (U) ISRAEL KEYES; SAMANTHA TESSLA KOENIG; ET AL

[redacted] b7E

Complaint Synopsis: (U) Tip for Israel Keyes, File #306-AN-15642

Received On: 12/05/2012

Receipt Method: Telephone

Incident Type: Criminal Activity

Drafted By: [redacted] b6 b7C

Complaint Details:

The information in this communication was received from an MC3 activation.

[redacted], Vancouver, WA 98682, telephone number [redacted] believes ISRAEL KEYES was involved in the of murder of SAMANTHA BOWYER and MELISSA LARKIN, a mother and daughter found dead November 2001 in their home in Spokane, WA.

[redacted] would pick BOWYER up every day to carpool to work. The morning of the murder, [redacted] knocked on BOWYER's door and when there was no answer she went inside and found BOWYER and LARKIN dead. As [redacted] was coming out of BOWYER's house, she saw a MAN on a bike with greasy, dark

Re: 306-AN-15642, 02/10/2016

brown hair at about shoulder length. The MAN had high cheek bones and was wearing a plaid hunter's jacket, jeans, and dark brown work boots. The MAN was carrying a mint colored blanket and a polka dotted blanket, both blankets had something wrapped in them. The MAN looked at them and then kept riding off. [redacted] had never seen the MAN in the area before the murder. [redacted] saw the picture of KEYES online and believes KEYES to be the MAN on the bike the morning of BOWYER and LARKIN's murder.

Final Pre-Assessment Finding:

There is no known linkage to Keyes and Bower/Larkin incident. [redacted] was a suspect in the Bower/Larkin homicide.

Recommended Action: File to Existing Case

FD-302 (Rev. 5-8-10)

FEDERAL BUREAU OF INVESTIGATION

Date of entry 08/06/2012

On Monday, August 6, 2012, [redacted] formerly [redacted] b6 b7C [redacted] date of birth (DOB) [redacted] cellular telephone number [redacted] was interviewed at her residence located at [redacted] [redacted] Pacific, Washington. After being advised of the identity of the interviewing Agents and the nature of the interview, [redacted] provided the following information:

[redacted] advised that she was in a dating relationship with Israel Keyes, who she referred to as "Izzy", from September 2004 through February 2005. [redacted] first saw Keyes at her sister's wedding [redacted] which was held in Sequim, Washington on August 1, 2004 or perhaps at her parent's home, noting that Keyes had done some work for her parents. [redacted] noted that Keyes was at her sister's wedding because [redacted] recalled that her mother, [redacted] had [redacted] and had been encouraging [redacted] to date Keyes.

In July or August 2004, [redacted] was on the website Match.Com and decided to look and see if people she knew were using the website. She saw that KEYES had a profile on the website and began communicating with him. By September 2004 they had begun dating. [redacted] recalled that she spent her first weekend with KEYES in Neah Bay, Washington during the weekend of September 25-26, 2004. [redacted] and KEYES usually saw each other on the weekends, noting that they had a long distant relationship since he was living in Neah Bay and she in Kent, Washington.

[redacted] advised that Keyes and [redacted] split up in June of 2004. [redacted] knew that [redacted] had been struggling [redacted]

[redacted] stated that Keyes had grown up Amish and recalled seeing pictures of Keyes' Mom and his sisters in the old style Amish dress. [redacted] also recalled seeing photographs of Keyes building homes in the Amish tradition. Keyes' father died prior to their dating and [redacted] believed that he had died from an ailment which could have been treated but

b6
b7C

was not due to their religious beliefs. [redacted] noted that Keyes was an atheist. [redacted] had no information which had lead her to believe that Keyes had been abused in the past.

[redacted] was aware that Keyes had "brands" on his body. [redacted] recalled that he had one that read "IZ" and another brand of a face. [redacted] had no further information regarding these brands.

[redacted] stated that Keyes was in the Army and had taken a trip to Egypt. [redacted] recalled seeing a photo album from his time in Egypt. [redacted] also recalled that Keyes had a "DUI" arrest when he was stationed in Fort Lewis. [redacted] did not recall Keyes ever talking about any Army buddies or having visited with any of them.

[redacted] identified Keyes' best friend as [redacted] who she identified as her cousin. [redacted] stated that [redacted] "drank like a fish" and was with Keyes on the day she broke up with him. [redacted] stated that in February 2005, Keyes had gone to the dentist and afterwards got drunk with [redacted] broke up with Keyes after discovering that he had been drinking.

[redacted] recalled that Keyes had also mentioned hanging out with [redacted] believes that [redacted] is still living in Neah Bay, Washington.

[redacted] stated that she saw three "red flags" when she met Keyes. [redacted] identified these flags as the fact that Keyes had been engaged three (3) prior times; [redacted] and drank alcohol.

[redacted] advised that Keyes had had a vasectomy [redacted]

[redacted] stated that Keyes and herself had both taken a personality/psychological test and were very similar in their results, noting that both were considered introverts.

[redacted] had no information regarding Keyes and pornography.

[redacted] recalled that KEYES had taken a trip back to see his family in the Pennsylvania sometime in October 2004. [redacted] later found a letter and envelope that Keyes had sent her during that time. The postmark on the letter indicated that it had been sent from Eastern Maine on October 4, 2004. In the letter, Keyes mentioned that he was in New Hampshire.

b6
b7C

[redacted] also recalled Keyes taking trips to Port Angeles, Washington and later noted how proud Keyes was about the efficiency of his trips there. [redacted] stated that Keyes would drive to the farthest store or stop that he had and then hit all the other stores/stops on his way back to Neah Bay.

[redacted] was asked about Keyes' vehicles. [redacted] recalled that he had an older black colored pick-up truck and later bought a white sedan which he used for traveling [redacted]

[redacted] did not know [redacted] and had no information about her.

[redacted] last e-mail communication with Keyes occurred in September 2006.

When asked about Keyes' hobbies, [redacted] recalled that he liked to play on-line video games and that he use to play them with [redacted] Keyes also was a good baker and would bake pies and fudge. [redacted] also noted that Keyes could [redacted] better than most moms could. [redacted] rationalized this in that Keyes grew up with all women.

Keyes liked science fiction movies. [redacted] recalled later that Keyes enjoyed the Resident Evil series with Milla Jovovich.

[redacted] recalled that Keyes was a big NFL Vikings football fan. [redacted] recalled that during a Vikings/Eagle game, they made a bet and Keyes lost. As a result, Keyes had to wear a cow costume for Halloween. [redacted] noted that Keyes was a good sport about it and did. During the following Super Bowl game, Keyes lost a bet again and had to wear Eagles' clothing to work. [redacted] advised that Keyes was teased quite a bit about that by his co-workers.

Keyes loved coffee and used to smoke cigarettes. [redacted] noted that his smoking was a point of tension at times, recalling that Keyes always had a toothpick in his mouth because of his former habit. [redacted] did not know Keyes to have ever used drugs.

[redacted] recalled that Keyes had a cell phone but was unsure if it was a personal cell phone or a tribal cell phone.

[redacted] recalled that Keyes had e-mail accounts with Hotmail, Yahoo, and with the Makah Tribe.

[redacted] noted that Keyes liked to whistle when he worked.

b6
b7C

Keyes took a lot of pride in his work. [redacted] recalled that during Makah Days, Keyes was in-charge of the portable toilets for the event. During a conversation, [redacted] commented on how gross the toilets must be. Keyes told [redacted] that the toilets were cleaner than her own because of how well he took care of them.

Keyes had a cat named Puff when he lived in Neah Bay. [redacted] recalled an incident where the cat scratched the top of her jeep. As a result, and wanting to make it right, Keyes spent a long time buffing out the scratches in the finish.

When Keyes moved out from living with [redacted] he had, as a part of his rent agreement with the Landlord, agreed to make improvements to the residence. [redacted] noted that Keyes made significant improvements to the residence and kept it very clean and orderly. [redacted] also noted that Keyes even chose light colors for the house which seemed odd to her, given that he was into heavy metal music.

As far as his dress and appearance, Keyes wore long hair and had glasses when [redacted] first met him. By the time that they broke off their relationship, Keyes had cut his hair and had purchased contact lenses. [redacted] recalled that in late February 2005, her sister [redacted] saw Keyes and told [redacted] that he had begun growing a mustache. As for clothes, [redacted] described Keyes' dress as "very practical", noting that he often wore blue jeans and sleeveless shirts.

Keyes was annoyed by lazy people.

[redacted] stated that she was "shocked" when she heard the news about Keyes and the Alaska investigation. [redacted] learned of the news from a family member who sent her a text message. [redacted] stated that this was not the person she knew.

Interviewing Agents took photographs of the letter that Keyes wrote to [redacted] while he was in New Hampshire. These digital photographs are attached to this report and were placed into a 1A envelope in the case file.

2. (U) Israel Keyes media release

Details:

On 12/05/2012, Investigator [redacted], Washington HITS, Spokane, Washington, requested a timeline on serial killer Israel Keyes, DOB 01/07/1978. Keyes confessed to the abduction and murder of 18-year-old Samantha Koenig in Anchorage, Alaska, on 2/1/2012. He also confessed to killing Bill and Loraine Currier in Essex, Vermont, on 06/09/2011. Based on his statements, it is believed that Keyes is responsible for several other murders in multiple states. On 12/02/2012, Keyes was found deceased in his jail cell in Anchorage, Alaska, as the result of an apparent suicide. Subsequent to Keyes death, FBI Anchorage issued a media release outlining facts of the Keyes investigation, to include his known dates and regions of travel. b6 b7C

Attached is a general travel timeline on Keyes that FBI Anchorage generated for a press release. I have been working with FBI Anchorage for several months now, but due to case sensitivity and grand jury restrictions I am limited in what I can release. FBI Anchorage has created a tip line, 800-CALL-FBI, for the tracking of leads. Please contact the tip line if you have, or need to request, any case specific information and they will get you in touch with one of the case agents.

FBI PRESS RELEASE

Anchorage Field Office

FBI • 101 E. 6th Avenue • Anchorage, AK. 99501 • www.fbi.gov

For Immediate Release
Date: December 3, 2012

Contact: Eric B. Gonzalez
Supervisory Special Agent
FBI - Anchorage Division
(907)276-4441

FBI Requests The Public's Assistance

Mary Rook, Special Agent in Charge of the Federal Bureau of Investigation (FBI) for the State of Alaska requests the public's assistance in developing information concerning the travels of suspected serial killer ISRAEL KEYES, deceased, in order to identify additional victims. Anyone with information concerning Keyes is encouraged to contact the FBI at 1-800-CALL-FBI.

Based upon investigation conducted following his arrest in March 2012, Israel Keyes is believed to have committed multiple kidnappings and murders across the country between 2001 and March 2012. Keyes lived in Washington from 2001 to March 2007, at which time he moved to Alaska. While living in Alaska, Keyes worked as a general contractor but traveled extensively. In a series of interviews with law enforcement, Keyes described significant planning and preparation for his murders, reflecting a meticulous and organized approach to his crimes. It was not unusual for Keyes to fly into an airport, rent a car, and drive hundreds of miles to his final destination. This was the case in the murder of Bill and Loraine Currier, where Keyes flew into Chicago, rented a car, and drove across several states before arriving in Essex, Vermont. After the murder of the Curriers, Keyes continued his travels on the east coast before returning to Chicago and then to Alaska.

Keyes admitted responsibility for robbing several banks during this time frame, two of which investigators have corroborated. Keyes used the proceeds from his bank robberies to pay for his travel, along with money he made as a general contractor. Keyes also admitted traveling to various locations to leave supplies he planned to use in a future crime. Keyes buried caches throughout the United States. The FBI has recovered two caches buried by Keyes – one in Eagle River, Alaska and one near Blakes Falls Reservoir in New York. The caches contained weapons and other items used to dispose of bodies. Keyes indicated the other caches he buried throughout the U.S. contain weapons, money, and items used to dispose of victims.

Investigators believe that Keyes did not know any of his victims prior to their abductions. He described several remote locations that he frequented to look for victims – parks, campgrounds, trailheads, cemeteries, boating areas, etc. Keyes also told investigators that prior to the Currier case, his victims' disappearance received little if any media coverage. Based on his own research, Keyes stated that one of his victims has been recovered but authorities ruled the death accidental. Investigators have not identified this victim or where this crime occurred.

Keyes admitted to murdering four people in Washington; he killed two people (independent of each other) sometime during 2005 and 2006, and murdered a couple in Washington between 2001 and 2005. It is unknown if these victims were residents of Washington or if they were vacationing in Washington but resided in another state. It is also possible Keyes abducted them from a nearby state and transported them to Washington.

Additionally, Keyes admitted to investigators that in 2009 he murdered a victim on the east coast and disposed of the body in New York State. Based on Keyes' statements, investigators believe Keyes abducted the victim from a surrounding state and transported him/her to New York.

The timeline below is an outline of Keyes' travels and whereabouts throughout the United States from 2001 to present. Due to Keyes' pattern of traveling significant distances by car, the locations are grouped by region rather than specific states.

10/05/2004 to 10/16/2004	Eastern US
04/20/2005 to 04/25/2005	WA, British Columbia

Subject: RE: Israel Keyes - Time Line
Attachments: Press Keyes Timeline for media.pdf

[redacted]

FBI Anchorage provided the attached document that outlines Keyes' travel dates and general regions. They stuck to regions simply because he would rent cars and he would often put an outrageous number of miles on the car in a brief period of time. Due to the fact that he owned the property in Constable, NY, I think it is reasonable to suspect that he was in NY during the time periods for the Eastern region.

Hope this helps, b6 b7C b7E

That is great that his DNA is in NDIS. Unfortunately, I don't think you can place his DNA at the local/state level unless he has committed a qualifying crime within that jurisdiction/state. For example, that would only be beneficial if an Alaska agency has an evidentiary sample from an unsolved case that doesn't have enough loci to reach NDIS. It would then potentially hit on the state level.

==========

Hi [redacted] b6 b7C
I contacted the person that sent me the letter regarding Keyes DNA in Codis. This was his response:

Per our letter, since he is at the National DNA Index System (NDIS), his DNA profile is available at the national level for search by every NDIS participating laboratory in the USA. If an evidentiary sample profile does not meet the criteria to be uploaded to NDIS, this offender profile would not be available for a search at the state and local levels of CODIS.

Again, I don't know much about the CODIS system at all. If you think there would be a benefit to have it available at the other levels I will gladly plead the case. Let me know what you think?

Thanks

Synopsis: To request case opening and to notify CID's VC/MTU and CIRG's NCAVC/BAU-2 of case opening.

Details: It is requested that captioned kidnaping matter be opened to investigate the suspicious disappearance of a married couple, William and Lorraine Currier, from their residence, located at 8 Colbert Street, Essex, Vermont, on 06/08/2011. As of the date of this EC, the Essex, Vermont Police Department (Essex PD) has not developed any information indicating what happened to them or where they are currently located. Investigation will be conducted jointly with the Essex PD and will be focused on

UNCLASSIFIED

7A-AL-49246-1

To: Criminal Investigative From: Albany
Re: 7A-AL-NEW, 07/29/2011

determining the whereabouts of the Curriers, determining the person or persons responsible for their disappearance, and in doing so, determining whether or not a violation of the federal kidnaping statute, Title 18 U.S.C. 1201, has occurred.

Predication: The Essex PD, with the assistance of the Vermont State Police, is currently investigating the suspicious disappearance of William (Bill) Currier, (age 50), and his wife, Lorraine Currier (age 55), who suspiciously disappeared from their residence, located at 8 Colbert Street, Essex, Vermont, sometime during the evening of Wednesday, 06/08/2011. Both were seen leaving their work places that day (around 5:00 PM) and all indicators point to them having returned to their residence after work that day. However, neither of the Curriers reported to work the next day (06/09/2011). A family member reported them missing to police on Thursday, 06/09/2011.

When the police arrived at the residence on 06/09/2011 to conduct a welfare check of the Curriers, the Curriers were not in the residence. There were signs of forced entry into the home through the door connecting the attached garage to the residence. The phone lines outside the home had been cut. However, there was no sign of a struggle occurring inside the home. Medications and other personal affects remained at the residence. A gun belonging to the Curriers was determined to be missing from the residence. The Curriers, who have no children, have pet birds, which family members described are like children to the Curriers. The birds remained at the residence. The Curriers' vehicle was not at the residence but was located the next day (06/10/2011), parked outside an apartment building in Essex, Vermont, about a mile from the Currier's residence.

As of the date of this EC, there has been no information developed indicating what has happened to the Curriers. The Essex PD has consulted with CIRG's NCAVC/BAU-2, whose belief is that foul play is involved in the Curriers' disappearance. Based upon the information provided to BAU-2, BAU-2 believes that the Curriers are low-risk type individuals/victims except for William Currier's internet/computer activity. The computer from the residence is currently being forensically examined by a Vermont State Police computer forensic examiner assigned to Vermont's Internet Crimes Against Children task force (Vermont ICAC).

On Monday, 07/25/2011, Lieutenant [redacted] of the Essex PD, telephone number 802-879-4923, telephonically contacted b6 b7C

To: Criminal Investigative From: Albany
Re: 7A-AL-NEW, 07/29/2011

writer, who is an NCAVC Coordinator for the Albany Division, and requested assistance from the FBI in investigating the Currier's suspicious disappearance. The FBI will conduct captioned investigation jointly with the Essex PD and the Vermont State Police.

On 07/26/2011, writer spoke with SSRA [redacted] who advised that both he and ASAC [redacted] approved of the opening of captioned matter. At the request of ASAC [redacted] and SSRA [redacted] writer also spoke with Albany's former and current VCMO Program Coordinators SSA [redacted] and SSRA [redacted] who both approved of opening captioned case.

b6
b7C

In light of the above, it is requested that captioned matter be opened and assigned to writer.

***The identifying information for the Curriers is as follows: WILLIAM S. CURRIER, aka Bill Currier, white male, DOB 04/04/1961, SSN 009-56-3741, FBI# 751667EA3, HGT: 5'11", lka 8 Colbert Street, Essex, Vermont; LORRAINE CURRIER, white female, DOB 07/04/1955, SSN 008-42-5554, HGT: 5'4", lka 8 Colbert Street, Essex, Vermont.

Synopsis: To report work conducted and case status.

Details: The following summarizes the work conducted by writer for captioned case since case opening:

On 08/01/2011, writer traveled to Essex, Vermont and spent the day at the Essex PD's BCI office where writer met with Detective Lt. [redacted] and other detectives to discuss the status of their investigation. Writer also reviewed all available investigative reports, photos taken of William and Lorraine's residence and vehicle, and other various documents collected by the Essex PD. b6 b7C

On 08/03/2011, writer remained at the Rutland RA and began reviewing documents obtained from the social network website Adult Friend Finder (AFF), as well as printed out data obtained by Vermont ICAC from the Currier's home computer relating to Internet activity involving AFF. Writer created a spreadsheet depicting an event timeline as well as a timeline specific for all AFF activity. These spreadsheets/timelines remain works in progress.

Re: 7A-AL-49246, 08/12/2011

On 08/04/2011, writer traveled to Essex, Vermont and assisted the Essex PD in physical ground searches for the bodies of William and/or Lorraine Currier, or any evidence of their disappearance. The results of the ground searches were negative. Writer also spent time at Essex PD's BCI office and reviewed documents obtained from Lorraine Currier's desk at work and Facebook information obtained from William Currier's Facebook page, adding information to the event timeline as needed.

On 08/06/2011, writer continued reviewing printed out data obtained by Vermont ICAC from the Currier's home computer relating to Internet activity involving AFF.

On 08/08/2011, writer continued reviewing printed out data, obtained by Vermont ICAC from the Currier's home computer, relating to Internet activity involving AFF and updated the AFF timeline spreadsheet as needed.

On 08/09/2011, writer traveled to Essex, Vermont and reviewed William Currier's employment records, updating the event timeline as needed. Writer, along with Detective Lt. [redacted] and Detective [redacted] met with Sgt. [redacted] at South Burlington PD, regarding the AFF website activity. b6 b7C

On 08/10/2011, writer traveled to Essex, Vermont and assisted Essex PD with the execution of a state search warrant at the Currier's residence.

On 08/12/2011, writer continued reviewing printed out data obtained by Vermont ICAC from the Currier's home computer relating to Internet activity involving AFF.

Writer will continue to assist Essex PD with determining what happened to William and Lorraine Currier.

KIDNAPING - MYSTERIOUS DISAPPEARANCE

X [redacted]

Synopsis: To report work conducted and case status.

Details: The following summarizes the work conducted by writer for captioned case since 08/12/2011:

On 08/12/2011, writer reviewed printed out data obtained from Vermont ICAC from the Currier's home computer relating to Internet activity involving Adult Friend Finder (AFF). Specifically, writer created a handwritten tally sheet regarding "user handles" that were captured by the computer's Internet history.

On 08/15/2011, writer continued reviewing the Vermont ICAC home computer Internet history related to AFF and completed the handwritten tally sheet relating to the "user handles." Writer then added noteable AFF information to a timeline spreadsheet writer created for this case. Writer emailed the updated timeline to Lt. [redacted] and Detective [redacted] of Essex PD. b6 b7C

On 08/23/2011, writer traveled to Essex, Vermont and spent the day at the Essex PD's BCI office. Writer worked on the event timeline by reviewing the following information and adding

UNCLASSIFIED

254 [redacted] 01-ec

7A-AL-49246-3 b6 b7C

pertinent/relative information to the timeline: Lorraine's work desk calendar for April 2011, May 2011 and June 2011; Oil N Go records; Internet History for host site captured by Vermont ICAC from the home computer; VALIC retirement account records; Citibank crecit card (4501) account records; and Citizen Bank account transaction records for April, May and June 2011.

On 08/24/2011, writer traveled to Essex, Vermont and spent the day at the Essex PD's BCI office. Writer continued to work on the event timeline by reviewing the following documents and adding pertinent/relative information to the timeline: Bill's employment records for additional work time for June 2011; additional Citizen's Bank account information; People's United Bank accounts (5003 & 6498) records; photographs of documents taken by investigators from the Currier residence during the searches; and Bill Me Later/Paypal account records. Writer copied all home phone records from Fairpoint for review at a later date at the Rutland RA.

On 08/25/2011, writer traveled to Essex, Vermont and spent the afternoon at the Essex PD's BCI office. Writer, along with Lt. [redacted], went through all of the physical evidence from the Currier residence. Writer copied some of the documents seized from the residence, for further review at a later date. Writer also located thumb drives and external hard drives that had not yet been sent to the Vermont ICAC for analyses. Lt. [redacted] advised that he would have a detective get them to the Vermont ICAC as soon as possible. b6 b7C

On 08/29/2011, writer reviewed VICAP's draft timeline of Bill and Lorraine Currier's adult life timeline. Writer also worked on the event timeline by adding information from the copies of documents writer made from the documents seized from the Currier residence. Writer also received and reviewed the cell phone records, for Bill Currier's cell phone, which Detective [redacted] provided via facsimile. b6 b7C

On 08/30/2011, writer contacted Verizon Wireless (VZW) regarding the cell phone records they provided for Bill Currier's cell phone and learned that VZW had not processed the original subpoena request for records correctly and that there were additional records that were not provided by VZW. VZW advised they would re-process the request and provide the documents to the original requestor (Essex PD) within a couple of days. Writer notified the Essex PD, via email regarding the cell phone records' status.

FBI Records: The Vault — Israel Keyes LastKnownContact.com Part 09: Pg 27 / 184

To: Albany From: Albany
Re: 7A-AL-49246, 09/11/2011

On 08/31/2011, writer worked on the event timeline by adding all incoming phone calls to the Curriers' home phone for the months, beginning 04/01/2011 through June 2011, and some of the outgoing calls for the same time period.

On 09/01/2011, writer worked on the event timeline by adding the remaining outgoing calls made from the Curriers' home phone for the time period of 04/01/2011 through June 2011. Writer also added the June 2011 incoming and outgoing calls for Bill Curriers' cell phone to the timeline.

On 09/02/2011, writer read all police reports provided to writer, thus far, by the Essex PD, relating to the investigation.

On 09/03/2011, 09/07/2011 and 09/08/2011, writer worked on identifying the phone numbers calling in and out of the Curriers' home phone during the months of April, May and June of 2011, by comparing the numbers from the Fairpoint call logs to phone numbers already known by investigators via interviews of family members, friends and co-workers of the Curriers, and via Internet/Google searches.

On 09/09/2011, writer updated the event timeline with the phone numbers identified as to calling in and out of the Currier residence during the months of April, May and June 2011. Writer emailed a list of approximately 12 phone numbers that have not yet been identified, to Detective [redacted] and FBI IA [redacted] for assistance in identifying those numbers via searches in various databases they have access to. b6 b7C

On 09/08/2011 and 09/09/2011, writer followed up on phone number [redacted] which appears in the Fairpoint records as calling in to the Currier residence frequently. At the time of this EC, it is unknown if the subscriber of that phone number actually called the Currier residence or if Fairpoint captured that number to indicate an actual blocked number calling in to the residence. Essex PD is following up on this. b6 b7C

Writer will continue to assist the Essex PD with determining what happened to William and Lorraine Currier.

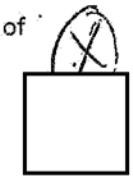
Classification: UNCLASSIFIED
==========

Hi [redacted]

As we discussed over the phone last week, file 7A-AL-49246 is a Kidnaping/Mysterious Disappearance case re a married couple that went missing from their home, in Essex, VT, under suspicious circumstances, on 06/08/2011. We opened a 7A case in August, when we were asked by the Essex,VT PD for assistance on the case. At this time, we have no idea where they are or what happened to them. We do not know if a crime occurred or not, and if a crime, whether it is a state or federal crime. The Essex PD continues to be the lead investigative agency with the FBI providing assistance as necessary. b6 b7C

Late last week, and again this Monday, I advised the Essex PD of your offer to speak with the contact for the family of the couple. I will notify you if I hear back with a request for your assistance.



Thanks for your help!!

b3 b6 b7C b7E

Hi all. I am looking for victim information on the above referenced cases. Please send me an email or give me a ring [redacted] b6 b7C b7E

FBI Records: The Vault — Israel Keyes LastKnownContact.com Part 09: Pg 30 / 184

Even if the case is now closed, you do not want a letter sent, there was an arrest, the state is prosecuting etc., I still need the information. Providing me the information - (date of incident, victim {which includes financial institutions} name, address, telephone #) - complies with the Justice for All law and keeps the case off the FBIHQ reject log. Also, I'm always available to assist victims with appropriate referrals and provide case notifications.

As always, I send out a standard letter, call victims on certain cases, make referrals when needed etc. but if you do *not* want me to contact, please let me know. Finally, if you could let me know the status of the case (declined prosecution, arrest, referred to state for prosecution, administratively closed etc) I can send the legally required letters. If there is no identifiable victim at this time, please let me know.

Thanks,

[redacted]

Attachments: Currier Master spreadsheet.xlsx (226 KB)

Hi [redacted] and [redacted]

Attached is the updated timeline (with updated phone sheet also). I added the cell phone calls for the new Currier cell# 923-6998. I also ID'd the subscribers for the four phone numbers on the timeline and phone sheet.

There should be two more phone numbers for which [redacted] will receive subscriber info: b6 b7C

[redacted]

I will add the subscriber info for the two numbers when that info comes in.

Take care,

[redacted]

Subject: Subscribers info

Good morning [redacted]!

I hope to update the Currier timeline today with the cell phone info and subscriber info for the unknown #s you subpoenaed.

Can you please email me the subscriber info you have been receiving for the numbers not yet identified on the spreadsheet? I would be happy to plug in that info on to the timeline. (I have the firefighters # and the # that is not assigned, which you emailed me about on Friday. I think there was some additional subscriber info you received on Wednesday when I was up there that I did not write down in my notes.)

Also, the three calls you emailed me about re the 923#.... I just want to verify, those are the only calls...which are all incoming...correct?

Thanks,

[redacted]

List of Currier things

[redacted] b6 b7C

Sent: Monday, October 17, 2011 2:56 PM

To:

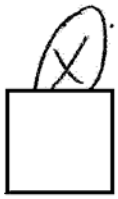
Cc: [redacted]

Hi [redacted] b6 b7C

As you requested, I am sending the list of issues I brought up in the meeting last week that you may want to follow up on regarding the Curriers:

1. Contact UVM and identify the computers with the IP addresses as listed on the timeline (and the IP Address spreadsheet) for June 2011 for the gmail email logins. I would then have UVM or ICAC obtain the Internet History for the date and time-frame for the login dates and timeframes for the gmail loging to see what Bill may have accessing/looking at on the Internet while on those computers. (Remember, if you look at the IP Address history spreadsheet, you will notice that when Bill logs in to his Yahoo and Hotmail accounts at work, he is using the same computer throughout April, May and June. However, for the gmail logins in June 2011, which is the only month provided by Google, all logins during work hours for that account are on computers with different IP addresses that the other.

2. Check the search warrant served on Google (?) re the gmail email account to see what dae range was requested for the records. Follow up with Google (?) regarding the documents provided for the gmail account if necessary. I noticed they only provided June 2011 login history with IP addresses. This also means they only furnished email messages for June 2011 as well.



3. Determine from Priority One Services if Bill had a retirement account and, if so, obtain the records for the retirement account to determine the status of the account and amount of funds, and/or any recent withdrawals. (I noted there were emails in Bill's work emails provided by UVM that indicate that Bill had a retirement account at some point, at least around the time that the companies switched from Charles River laboratories to Priority One Services.)

4. Re-interview Lorraine [redacted] as to her reporting of seeing Lorraine at Shaw's on Sunday, 6/5. Determine a time of day and/or whether this could have been another date as opposed to 6/5. (We do not have a financial transaction occuring at Shaw's that day, but it could have been a cash transaction.) b6 b7C

5. Interview any individuals who have recently been identified as subscribers of phone numbers calling in to, or were called by the home phone. (especially [redacted] There are others, their names and info are on the timeline.)

6. In regards to #5 above, I noticed that on 04/26/2011, it was out of the norm for various home phone calls (incoming and outgoing), after work hours between Curriers' home phone, [redacted] and the number for [redacted] along with a [redacted] cell phone number (whose subscriber has not yet been identified.. [redacted] is awaiting records.) Just something to flush out...it may be nothing but is out of the normal phone activity for the Curriers. I also wonder that if the number is [redacted] home phone, couldn't it be [redacted] actually using the home phone where he resides/stays at times instead of [redacted] b6 b7C

7. Contact People's United Bank regarding the 5/4 and 5/5 charges from the account using what appears to be a debit card for the account. (The bank records you ahve at the PD only show that there were MasterMoney card purchases made.The bank should be able to identify where, specifically, those purchases were made. These are the charges/debits that Lorraine appeared to be upset about in an email she sent Bill a few days later. I suspect the two charges for $128.50 on 5/4/2011 are related to the TracFone. The 5/5 charge for just over $100 (can't recall the specific amount but I listed it in the timeline re Lorraine's email to Bill) would also be interesting to learn what else Bill spent money on that Lorraine did not know beforehand.

[redacted] 10/17/2011 b7E

8. Please don't forget the travel realted websites I saw in the Internet History for the home computer. They were accessed on the same dates and include Greyhound.com and aeromexico.com, along with other websites for unknown airlines. Again, I don't want to read too much in to these, but remember that they are there, and occur in late April and as late as May 7th. I think you and [redacted] (or whomever is going to help on the case while she is [redacted] should go to ICAC and have [redacted] set you up on a computer where you can go through the list of websites visited by that computer. You will see what I mean about the travel sites. (Also, maybe something else will stick out to you that didn't to me.) b6 b7C

9. Ask ICAC to provide Lorraine's Internet history for April and May from her work computer to review for possible leads . They only provided June so far.

10. Have ICAC mirror image the work computer primarily used by Bill to obtain Internet history for the dates and times we know he was using the computer to login to Yahoo and Hotmail.

11. The K-9 tracking issue: There is a report of the dog tracking done from the Currier vehicle to the 2nd floor on 241 Pearl St. The K-9 handler should be contacted to obtain his definition for "showed interest in" vs. alerting as written in his report and as it pertains to his dog. You may want to conduct additional interviews of those on the 2nd floor.

12. [redacted] suggested that Lorraine's family members be re-interviewed for additional information. I agree. I think there are some issues that could be addressed in these interviews, like the Federal Tax Liability note found on the calendar in the kitchen. Also, maybe there are people known by the family who are acting differently since their disappearance (post-offense behavior) and the family may be able to provide information regarding that. b6 b7C

Give me a call if you ever have any questions about the above listed items or if you have any questions about the timeline and other spreadsheets.

Take care and good luck,

[redacted]

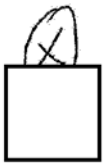
Hi [redacted]

About tomorrow...I don't know if I will make it up there, [redacted] Also, if I am back to work tomorrow, I may have to help out my partner with a search warrant. I will let you know my plans as soon as I know.

About the hairs, yes, the FBI Lab does anaylze hairs (aka trace evidence). They can process the hair to determine if animal or human, and if human, can determine various things about the person, such as race. They can also process the hairs for mitochondrial DNA (mtDNA) if the hairs are in good condition for that (not sure the scientific term for that), which is a higher sensitivity than nuclear DNA. As I recall with the mtDNA, it can link the DNA to a maternal-side of the hair donor. So, in other words, it could pinpoint if the hair belongs to bill or someone from maternal-side blood relative of Bill's or it can pinpoint the hair as belonging to Lorraine and a maternal-side family member. If you have known hair samples for Bill or Lorraine (from hair brush, hat, comb, etc...), they can compare the hair for similar characteristics. I have had hair analyzed in a prior case and it was very usefuk for that case.



I will try to get you a copy of the FBI Lab's handbook of available services. In the meantime, you can read more about what the FBI Lab can do for this case, via the fbi.gov website. At the top of the page select the tab that says "stats and services." If you look around on the website, you may find the handbook title Forensic Handbook or something like that.

As far as my thoughts on what other things to focus on, we can talk more when I am in Essex next. I am still unclear as to the physical evidence collected prior to me coming on board. I am also unclear about the phone records and if we have identified all the numbers in and out of the home phone. Also, did we get any of the suspects cell phone records. I guess I don't feel I know all that has been done yet to provide my opinion. I read neighborhood canvass reports done initially. For thoase that knew the Curriers, were they ever recontacted for more thorough interviews? I didn't see reports when I went through [redacted] binders, but maybe they had been done but not yet typed.

Again, we can speak more when I am up there again...hopefully tomorrow.

Take care,
[redacted]

b6
b7C

Hi [redacted]
Are you coming to Essex tomorrow? There is nothing major going on. I have a question for you. When they processed the car last week they recovered 2 hairs. I was told that the only lab doing DNA analysis on hair is the FBI. Do you know if that is correct? Also if you have any suggestions at things we should take a closer look at let me know. [redacted] suggested that if we don't get anything useful from the DNA we should think about polygraphing some of the relatives that had questionable alibis. [redacted]

Hi [redacted]

I hope we can find a tracphone # somehwere captured in the computer. I think the computers and thumb drives are very important to focus on. I am hoping we can get with [redacted] in the next week or two.

It is interesting that the websites you mentioned relate to interests of Lorraine, suggesting she did use the computer and could have seen Bill's AFF or other interests by chance. Hmmm...

Anyway, I will keep plugging away at the timeline. I still need to go through the home phones records, all email records and investigative reports and add that stuff to it.

In regards to the home phone, I will make an attempt to identify the known phone numbers and then list out the ones we will need to get subpoenas for subscriber info. [redacted] from the VSP told me at one point that she created a spreadsheet of known phone numbers identified for this case and that she gave it to [redacted] Can you please ask [redacted] to email me that spreadsheet? That will be helpful with my review of the phone records.

I will also focus on identifying additional search terms for ICAC. If [redacted] still has her search term list(s) that provided to ICAC, can you please ask her to email it or fax it to me? (My fax# is [redacted]

Also, I heard from [redacted] at VICAP today. [redacted] I will print it out and we can take a look at it.

I will also take a look at the AFF stuff for the dates you mentioned (4/27 and 5/2 or around that time) and we can see if any user handles at AFF stand out. We can also ask [redacted] for ALL computer internet history going back 60 days from their disappearance as we don't have that. (We only have it for a few days.) I think that info will be very helpful.

Have a great weekend. Be safe and take care during the hurricane at the fair.

Subject: Currier timeline

Hi [redacted],

I was going through the Currier's timeline this morning. It is interesting how Bill calls in sick on 4/27 and seems to start his AFF activity in earnest. On page 6 there are 2 websites gone to on 4/28. The pioneer woman, which is a cooking website, and The Blaze, which is a Glenn Beck website. These look like items of interest to Lorraine, not Bill.

On 5/04 someone (probably Bill) is looking at tracfone online. On 5/05 someone (probably Bill) goes to the Seven Days personals site. If he is looking to hook up there's a good chance he used a tracfone to do it. I can understand your opinion about the importance of finding any other phone of Bill's or Lorraine's for that matter.

Hopefully the thumb drive or the hard drives will give us something new to follow up on. I think the timeline is a really useful document. Thanks, [redacted]

RE: Currier Cell Info

[redacted] b6 b7C

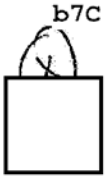
Sent: Tuesday, August 30, 2011 4:09 PM
To: [redacted]

Hi [redacted] and [redacted]

A few things...

1. I called Verizon Wireless today about the TracFone number for Bill (802-735-6601). They advised that they have more records going back further and did not process the subpoena accurately the first time. We should be getting call logs with cell site numbers and text msg logs. (Obviously, no text content is available.) Because your department requested the records originally, they will be providing the additional records the same way and to the same recipient as before. I was told to expect the records within a couple of days. (Yay!!! - I am hoping this gives us a lead...got my fingers crossed) [redacted] let me know when you get them. If you don't receive by Friday am, we can call down again. (I spoke with [redacted] at 1-800-451-5242, select the court orders option.)

b6 b7C



2. [redacted] when [redacted] and I went through the evidence last week, we came across an address book, that appeared to have belonged to Lorraine's deceased brother. On one of the pages listed cell phone numbers for Bill and Lorraine. The number for Bill was the above TracFone number (735-6601). The cell number listed for Lorraine was **802-735-6526.** I think we should subpoena Verizon Wireless for Lorraine's cell number. If we know Bill used his number in June 2011 then maybe Lorraine was using hers within the past year. Requesting the call logs and text msg logs and cell site stuff, and going back to 06/01/2010, as in the subpoena for Bill's number, would be adequate.

3. I asked Verizon Wireless about subscriber and payment info for both Bill's and Lorraine's TracFone account. They said we need to go through TracFone. I think we ought to subpoena tracfone for **subscriber info and billing info**, for any and all time frame for the existence of the two above phone numbers. You should also ask for any records of any accounts relating to Bill's or Lorraine's names, their known email addresses, their home address and their home phone number. It is possible one or the other may have purchased another TracFone cell phone for a possible "Secret" life we have not yet uncovered. Probably not but worth a shot. I realize a person can provide all false info when obtaining these TracFones, but knowing what we know so far about Bill and Lorraine, they probably used true, accurate information if they obtianed another TracFone we haven't yet identified.

4. I will forward you an email I received from the U.S. Attorney's Office for contact and subpoena info for TracFone. It should have all the info you need to get the subpoena request to them.

I'll be in touch. Be safe,
[redacted]

Subject: Currier Cell Info

[redacted]

When I was looking at the cell info for the presumed trac phone number (802)735-6601, they gave us the Switch location of Windsor, which I understand covers cell towers over a wide area, to include any in our general area. In the subpoena I sent Verizon I asked for specific tower information/GPS info, but could not decipher that out of any of the info they gave us. I also had Fusion look at it, and they

FBI Records: The Vault — Israel Keyes LastKnownContact.com Part 09: Pg 47 / 184

did not know either, or of any way to get that information. Just wondering if you knew if they would have that information, and/or how to get it.

Thanks. Sorry for all the emails today.

Hi [redacted], b6 b7C b7E

I am playing phone tag with the Winhall PD officer re the Garmin. I will keep working at getting in touch with him and ask him to search the pawn shop database for us.

I asked [redacted] to run the 2 VT phone numbers. I'll let you know what she/I find out.

And lastly...I still plan to be up there taking over your desk tomorrow am. :-)

AFF info

[redacted] b6 b7C

Sent: Thursday, September 22, 2011 4:20 PM
To: [redacted]
Cc: [redacted]

Hi [redacted] and [redacted],

I spoke with AFF's [redacted] today [redacted] re the SW records they produced for Billcu12. Here is what I learned:

1. The blacked out info all pertains to third party information, most of which are numbers and codes that won't mean anything to us per [redacted].

2. The last time a payment was made for the account was in 2008 for a Gold membership, which expired 1 year later in 2009, at which time the account dropped from Gold to Standard membership.

3. The Standard membership is FREE and is limited to what they can do on AFF. Standard members can only access 5 or 6 other standard members at a time. However, a Gold member can access a Standard member. Once that contact is made, a Standard member can then contact the Gold member back.

4. Chats and other written communications between users is only stored for 24 hours, then purged. This is why none were provided by AFF.

5. There were no emails in the Billcu12 account which is why none were produced.

6. There are no videos in the Billcu12 account.

7. There are [redacted] in the account, [redacted] These should have been provided by AFF per [redacted] (I told him we did not need [redacted]) b6 b7C

8. The Billcu12 account has three "friends.". Per [redacted] because the user handles are third party information, AFF would need a court order requesting the "Friend Network" information for user handle Billcu12. They would then only provide us the user handles. [redacted] was not sure what further legal process AFF would need to identify the individuals with those user handles. (I would think one court order asking for the Friend Network and all billing information for those friends should be acceptable.)

9. There is another website AFF's parent company operates called cams.com. One must pay to access it but it does not require a membership to be paid for. Once you pay to access, you can then pay to watch live "shows" of "models.". [redacted] thought we may want to research if Bill accessed this website.

10. [redacted] commented that it appeared as if someone cleared out Bill's AFF account. When I asked for date this occurred and other specific follow up questions, [redacted] said that he can't pinpoint a date but said he thought it was odd that someone who has been a member for 5 or 6 years would have no emails in his account. There is no record of any activity in the account other than the three friends and [redacted] (The Facebook issue of friends possibly being deleted came to mind when [redacted] spoke of his thoughts re the AFF acct.)

Just wanted you to have a written record of what I learned from AFF. It appears we were provided all information that was available, except for the [redacted]

Have a good night,
[redacted]

Currier timeline and other spreadsheets

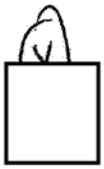
[redacted] b6 b7C

Sent: Thursday, October 06, 2011 2:39 PM
To: [redacted]
Attachments: Currier Master spreadsheet.xlsx (224 KB)

H[redacted] and [redacted],

Attached is the most recent Currier Master Spreadsheet. Please note that I sorted the data in the Master Timeline sheet and created additional sheets on the spreadsheet. You will find the following sheets in the attached spreadsheet:

1. Master Timeline (All data)
2. Timeline (All data minus the telemarketer calls, DirectTV calls and other minor misc stuff)
3. IP Address (All known IP address info we have for various computer activity)
4. Financial (only lists balances in accounts and noteable transactions...NOT a full financial analysis)
5. Phones (ALL of home phone and Bill's cell (735-6601)...still awaiting Lorraine's cell and the "new" cell# docs)
6. AFF - ALL (Logins, times while accessing site from home computer, all webcam broadcasts and chats)
7. AFF - Activity (Logins and times while on computer at the AFF site)



To give perspective to these sheets, the data comes from my review of everything that was *available* to review in the binders, subpoenaed documents and documents from evidence. I know that there are some tip sheets and police reports that either had not made it from CAD to the binders or have not yet been typed. I did not add any Facebook information to the Timeline as nothing stood out to me from recent times (April to June 2011). The Facebook information can easily be added to the Timeline at a later time, if needed. b6 b7C

The following was not available for me to review as of this date:

1. Lorraine's Internet History from her work computer for April and May 2011 (we only have June 2011 from ICAC).
2. Lorraine's cell phone records for #802-735-6526
3. The cell phone records for the "NEW" cell phone number: 802-923-6998.
4. Subscriber info for the several phone numbers calling into or out of the home phone.

I will be studying the sheets prior to our meeting on Wednesday for any anomolies or areas that may need additional follow up. I will share my thoughts with you on Wednesday.

As I mentioned, I have been told by management that I need to work on another case and will not be able to assist with this case until such time it is determined that there is likely a federal crime involved in Bill and Lorraine's disappearance. I will be happy to add Lorraine's cell records, the new cell# records and subscriber info to the timeline when those documents become available.

I am not deserting you totally. I am always here to dicuss anything that comes up and, at the very instant it may look like there is an interstate/federal aspect to the Curriers' disappearance, give me a call.

I have enjoyed working up there with all of you. Thank you for your hospitality making me feel like a fellow Essex PD detective (and Thank You [redacted] for letting me take over your desk while I am up there).

Please forward this spreadsheet to Lt. [redacted] Det. [redacted], and anyone else who will be attending the meeting Wednesday. I would love for everyone to take a look and see if anything stands out to them.

See you Wednesday,
[redacted]

Synopsis: To report work conducted and case status.

Details: The following summarizes work conducted by writer for captioned case since 09/12/2011:

On 09/12/2011, writer traveled to Essex, Vermont and spent the day at the Essex PD's BCI office. Writer reviewed the cell phone records for Bill Currier's cell phone number 802-735-6601, which had recently been received by Essex PD. Writer contacted the FBI's CAST Unit and requested they map out a cell site location for a phone call which occurred the morning Bill and Lorraine Currier were reported missing (06/09/2011). (NOTE: CAST provided the map to Detective [redacted] of the Essex PD, directly.) Writer met with members of the Essex PD and Vermont State Police (VSP) regarding the results of the cell phone records and the cell site location of the call received on Bill Currier's cell on 06/09/2011. Also on this date, writer reviewed the police reports pertaining to apartment [redacted] of the 241 Pearl St location, where the Currier's vehicle was located. Writer also contacted FBI Victim Witness Specialist [redacted] to inquire about possible assistance for the Currier family members in regards to Bill and Lorraine Curriers' mortgage. b6 b7C

Re: 7A-AL-49246, 10/17/2011

On 09/13/2011, writer traveled to Essex, Vermont and spent the day at the Essex PD's BCI office. Writer worked on the event timeline by reviewing the following information and adding pertinent/relative information to the timeline: Additional police reports not previously reviewed for interviews of the Curriers' family members and other witnesses (Co-workers, neighbors, etc...); and financial documents for the Barclays Visa credit card.

On 09/16/2011, writer traveled to Essex, Vermont and spent part of the day at the Essex PD's BCI office. Writer discussed the case status with Lt. [redacted], of the Essex PD. Writer worked on the event timeline by reviewing and adding the pertinent information from various printouts of Yahoo email messages from Bill Currier's Yahoo email account previously printed out by Detective [redacted] of the Essex PD. b6 b7C

During the afternoon of the same date, writer traveled to the South Burlington PD, where writer and Detective [redacted] met with Sgt. [redacted] regarding the Adult Friend Finder (AFF) website. b6 b7C

On 09/19/2011, writer traveled to Essex, Vermont and spent part of the day at the Essex PD's BCI office. Writer worked on the event timeline by reviewing the following information and adding pertinent/relative information to the timeline: Phone records for [redacted] (NOTE: Writer compared these phone records to Curriers' home phone records and determined it was NOT [redacted] calling in to the Currier home phone.); and June 2001 internet history records for Lorraine Currier's work computer. b6 b7C

During the afternoon of the same date, writer traveled to the Vermont ICAC office, at the Burlington PD. Writer, along with Detective [redacted] of the Essex PD, met with Sgt. [redacted] of the VSP, to discuss the status of the Vermont ICAC's review of the computer evidence and their findings so far. b6 b7C

On 09/20/2011, writer worked on the event timeline by adding miscellaneous information from the previous reviews of documents that had not been previously added during the reviews. Writer also contacted Officer [redacted] of the Winhall PD, and requested him to run the Garmin Quest in the pawn shop database, with negative results. b6 b7C

FBI Records: The Vault — Israel Keyes LastKnownContact.com Part 09: Pg 56 / 184

To: Albany From: Albany
Re: 7A-AL-49246, 10/17/2011

On 09/21/2011, writer traveled to Essex, Vermont and spent part of the day at the Essex PD's BCI office. Writer worked on the event timeline by reviewing the following information and adding pertinent/relative information to the timeline: Detective [redacted] in-box of documents not yet filed in Essex PD's case binders; photographs from the search of the Curriers' vehicle; all police reports relating to the VSP dog tracking and neighborhood canvass for 241 Pearl Street location where the Curriers' vehicle was located on 06/10/11. b6 b7C

During the afternoon of the same date, writer traveled to the Chittenden County States Attorney's Office, in Burlington, Vermont, and attended an interview of a local law enforcement source conducted by Lt. [redacted] of the Essex PD, regarding the Curriers. (NOTE: The information provided by the source was similar to tip information previously received by the Essex PD.) b6 b7C

On 09/22/2011, writer conducted ACS Universal Indices checks for the names and DOBs of individuals on the second floor of the 241 Pearl Street location, where the VSP's dog showed interest during the tracking from the Currier vehicle. One of the individuals was identified in ACS as having been [redacted] at one time. Writer contacted [redacted] and requested additional information regarding the individual. Also on this date, writer telephonically contacted Paralegal [redacted], of Adult Friend Finder (AFF), telephone number [redacted] to follow up on information provided by AFF pursuant to a Vermont state search warrant. b6 b7C

On 09/23/2011, writer proofread the event timeline, made appropriate changes and emailed the updated timeline to Lt. [redacted] and Detective [redacted] b6 b7C

On 09/26/2011, writer traveled to the Vermont ICAC office, located at the Burlington PD, and spent the day reviewing re-created html cached .gif files, photos, and websites/internet history for the Curriers' home desktop computer.

On 09/27/2011, writer traveled to Essex, Vermont and spent the day at the Essex PD's BCI office. Writer followed up on the Juniper.com information from the Internet History for the Curriers' home computer. Writer reviewed the credit reports for Bill and Lorraine Currier. Writer searched the Essex PD case binders for bus ridership records for Bill Currier but could not locate them. Writer reviewed all available closed tip sheets from

FBI Records: The Vault — Israel Keyes LastKnownContact.com Part 09: Pg 57 / 184

To: Albany From: Albany
Re: 7A-AL-49246, 10/17/2011

#1 through #98. Writer also updated the event timeline with additional work hours for Lorraine Currier for 6/7/11 and 6/8/11.

On 09/28/2011, writer reviewed the email records provided by Yahoo, Hotmail and Google (Gmail) for Bill Currier's email addresses. Writer added the IP address login history information for the Gmail account to the event timeline.

On 09/29/2011, writer worked on the event timeline by adding the IP addresses for the login history for the Hotmail and Yahoo accounts. Writer emailed the updated timeline to Lt. [redacted] and Detective [redacted], of the Essex PD. b6 b7C

On 10/03/2011, writer was notified by the Essex PD of the Tracfone information received via the Trafone records for Bill and Lorraine Curriers' cell phones.

On 10/04/2011, writer traveled to Essex, Vermont and spent the day at the Essex PD's BCI office. Writer assisted the Essex PD with contacting Verizon Wireless and making an Exigent circumstances request for information regarding the new TracFone number 802-923-6998. Through the request, it was determined that the phone was currently turned off and had no activity (calls or texts) for the past 30 days. Writer reviewed all remaining available closed tip sheets from #99 through #230. Writer reviewed the CD containing all of Bill's work computer account from the UVM computer, including his work emails.

On 10/05/2011, writer worked on the event timeline by adding the information from writer's review of the Currier's home computer while at Vermont ICAC on 09/26/11, the closed tip sheets and Bill Currier's work emails.

On 10/06/2011, writer created the following additional worksheets for the Current Master spreadsheet: A second timeline (without telemarketer calls); IP address; Financial; and Phones. Writer emailed the master spreadsheet containing the event timeline and these new spreadsheets to Lt. [redacted] and Detective [redacted] b6 b7C

On 10/11/2011, writer reviewed the Currier spreadsheets in preparation for the 10/12/2011 meeting scheduled with the Essex PD and VSP.

On 10/12/2011, writer traveled to Essex, Vermont and met members of Essex PD and VSP for the purpose of going over the

FBI Records: The Vault — Israel Keyes LastKnownContact.com Part 09: Pg 58 / 184

To: Albany From: Albany
Re: 7A-AL-49246, 10/17/2011

event timeline and other spreadsheets of information and discussing what stood out to writer, in addition to writer's suggestions for issues that need further investigation and/or follow-up.

On 10/14/2011, writer was provided information from Detective [redacted] of the Essex PD, regarding the Currier cell# 802-923-6998. Detective [redacted] also provided the subscriber information for four telephone numbers that had appeared in the Curriers' home telephone records. b6 b7C

On 10/17/2011, writer added the cell phone call information and the four subscriber information to the event timeline and the phones spreadsheet. Writer then emailed the updated timeline and phone spreadsheet to Detective [redacted] and Lt. [redacted] b6 b7C

CASE STATUS: During writer's file review on 09/11/2011, SSRA [redacted] advised writer that by mid-October 2011, writer's assistance with the Essex PD's investigation into the mysterious disappearance of Bill and Lorraine Currier would be completed if, at that time, the Essex PD and writer were not able to determine what happened to the Curriers, specifically if writer did not determine that their disappearance was related to a federal crime. b6 b7C

As of the date of this EC, it is still unknown as to whether or not a crime occurred as neither Bill nor Lorraine Currier have been located and nothing in the investigation has provided a concrete explanation as to what happened to them.

The Essex PD is currently awaiting cell phone records for Lorraine Currier's cell phone and subscriber information for two phone numbers that called in or were called by the Currier home phone number. Once received, writer will update the timeline and phone spreadsheet and provide a finalized master spreadsheet containing the timeline and other spreadsheets to the Essex PD.

After receipt of the cell phone records and subscriber information, and the updating of the timeline and spreadsheet, writer will not be providing further assistance with Essex PD's investigation, unless information is received by the Essex PD that suggests that the Curriers' disappearance was related to a federal crime. (NOTE: Lt. [redacted] and Detective [redacted] were notified of this by writer, on 10/12/2011, during writer's meeting with the Essex PD and VSP.) b6 b7C

Re. ISP Addresses at UVM

In the course of our investigation into the disappearance of Bill and Lorraine Currier we obtained the ISP
addresses of the computer Bill routinely utilized in his workplace **(132.198.70.224).** He frequently checked his Yahoo, and Hotmail, Email accounts from this computer.

In June we noticed that Bill was accessing a Gmail, Email account using different computers that the one we associated with his workstation. Following is a list of IP Addresses and the dates and times Bill accessed his Gmail account from them.

IP Address	Date	Time
132.198.38.145	June 01, 2011	3:31 PM
132.198.36.92	June 02, 2011	11:07 AM, 1:22 PM, and 3:06 PM
132.198.39.89	June 03, 2011	7:02 AM
132.198.36.202	June 03, 2011	9:15 AM
132.198.69.179	June 04, 2011	6:10 AM
132.198.37.239	June 07, 2011	7:32 AM
132.198.37.61	June 07, 2011	2:27 PM, 3:11 PM, and 3:14 PM
132.198.36.217	June 08, 2011	7:43 AM, and 8:45 AM
132.198.36.229	June 08, 2011	12:41 PM

It would be of great help to our investigation to obtain the Internet history for the dates and times listed. We are specifically interested in the Gmail logins and what Bill was looking at on the internet during those sessions. Could you please direct me as to what steps I will need to take to obtain that information. Thank you very much for your cooperation in this important investigation.

Sincerely,

Detective Lt [redacted] b6 b7C

Police take DNA samples in Currier investigation

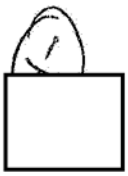
By Mike Donoghue

Copyright © 2011, Burlington Free Press

ESSEX — About a dozen people have voluntarily provided DNA samples to Essex police as part of the criminal investigation into the mysterious disappearance of William and Lorraine Currier about 4½ months ago.

Capt. Brad LaRose, the town's acting police chief, said the requests are part of the investigation the department has undertaken to try to determine what happened to the couple.

LaRose declined to say if any of the roughly 12 people providing DNA have been eliminated as suspects or whether any of the donors were now considered people of interest.



b6
b7C

He said the requests are as much about trying to eliminate people as they are about trying to find a suspect.

"We have no prime suspect," he said.

LaRose said it would not be a surprise to find the DNA of people that may have passed through the house lawfully, including other family members. Police might get a lead if DNA is found for somebody that should not have been in the house at 8 Colbert St.

"We cannot discuss numbers regarding how many are pending or who has been eliminated. There is more work being conducted at the labs," LaRose said.

The family's ranch-style house in a neighborhood off Susie Wilson Road in Essex has been searched by police at least three times, court records obtained by the Free Press show.

William Currier, 49, who worked at the University of Vermont, and Lorraine Currier, 56, who worked for Fletcher Allen Health Care, were last seen by co-workers leaving their jobs about 5 p.m. on June 8. The Curriers are believed to have been at their home at about 7 p.m. that day, but they have not been seen or heard from since, LaRose has said.

Essex police say they suspect foul play in the case but have offered little information about what they have found. LaRose said all people voluntarily provided DNA.

Police also have not had to go to a judge to obtain any type of non-testimonial court orders to be able to compare evidence in the case.

LaRose also said there have been no new search warrants or subpoenas obtained from courts recently. He had said in July that police had secured 13 search warrants and 18 subpoenas from Superior Court in connection with the couple's disappearance.

FBI Records: The Vault — Israel Keyes LastKnownContact.com Part 09: Pg 70 / 184

He said Sunday the Essex police, in conjunction with Vermont State Police and other agencies, are hoping to do another ground search early this week in an effort to find the Curriers or clues that can be used.

William Currier's sister reported the couple missing after the Curriers failed to report to work the morning of June 9.

That night police obtained a search warrant for the house, but have said little about the inside of the house. Detective Lt. George Murtie said that night there appeared to be freshly broken glass in a door that connected the attached garage and the living area of the house.

The case has generated considerable interest in the community, but police have been able to say little about the status.

The Burlington Free Press successfully petitioned Judges James Crucitti and Linda Levitt to release some public documents that Essex Police used to get the judges to authorize investigators to conduct the 13-court-ordered searches of private property.

Besides the family home, investigators also searched the couple's 1996 Saturn sedan, which an Essex officer found June 10 parked outside an apartment complex at 241 Pearl St. in Essex — less than a mile from the Currier home.

Some released search warrant documents have been redacted or blacked out by the Chittenden County State's Attorney's office. State's Attorney T. J. Donovan objected to a full release of the documents to the public.

Vermont Attorney General William Sorrell later took an appeal to the Vermont Supreme Court to try to block public disclosure of some details in the police investigation. The appeal is pending.

Call made to William Currier's cell phone used to define search area

Police say a phone call made to Bill Currier the day he and his wife were reported missing in early June has helped define the area police are searching today.

Three dozen police and Colchester Technical Rescue personnel are searching an area known as "68 Acres" in Essex which is partially abuts Vermont 15 across from Fort Ethan Allen. The area includes the Winooski River, which will be searched by boat.

William Currier, 49, who worked at the University of Vermont, and Lorraine Currier, 56, who worked for Fletcher Allen Health Care, last were seen by co-workers as they left their jobs at about 5 p.m. June 8.

William Currier's sister reported the couple missing after the Curriers failed to report to work the morning of June 9.

That morning, someone from UVM called William Currier's cell phone at about 7:30 a.m. Capt. Brad LaRose said at a briefing T uesday morning that that phone call, revealed after a subpoena for phone records, was used to triangulate an area where William Currier's cell phone was at the time. LaRose said William Currier didn't answer the phone then, and the phone has since died.

Police have said foul play is suspected in the couple's disappearance, and this morning LaRose said signs of a struggle were seen in their Colbert Street home.

Call made to William Currier's cell phone used to define search area

ESSEX — Police came up empty handed Tuesday as they combed through woods, fields and the Winooski River in the western section of Essex seeking clues in the largest search for William and Lorraine Currier since their mysterious disappearance in June.

"We found nothing," said Essex Capt. Brad LaRose, the acting police chief, after the search concluded. "It is disappointing on several fronts."

LaRose said the primary search area Tuesday was narrowed based on an unanswered telephone call made at 7:26 a.m. June 9, the day the couple were reported missing, to the cellphone used by William Currier.

Police subpoenaed phone records from Verizon after the couple disappeared. Using information released last month from those records, investigators focused their search area, LaRose said.

Police have known about the call to William Currier's cellphone from the University of Vermont, where he worked. The phone records provided in September in response to the initial subpoenas showed the phone signal used a cell tower in Fort Ethan Allen in Essex, police said.

LaRose said the FBI determined the general area that William Currier's phone was in when the phone call took a message from his employer. Investigators narrowed the search to roughly one-third of the area the cell tower covers.

"I consider it a significant piece of information and that we need to follow up on. It is one of the better pieces of information that we've had thus far in the case," LaRose said during a media briefing Tuesday morning at the Essex fire station on Sand Hill Road.

"The phone could have been thrown, discarded," he said. He said police determined the phone was dead in "the very, very early stages of the investigation." Police do not know where the phone is.

"This is about the range out for the particular panel," LaRose said pointing to the cone-shaped area searched. He said a

FBI Records: The Vault — Israel Keyes LastKnownContact.com Part 09: Pg 75 / 184

Burlington
FreePress.com

call farther out would have been picked up by another cell tower or panel.

He said police have no information about any use of Lorraine Currier's cellphone.

William Currier, 49, and Lorraine Currier, 56, who worked for Fletcher Allen Health Care, were last seen by co-workers as they left their jobs at about 5 p.m. June 8. William Currier's sister reported the couple missing after the Curriers failed to report to work the morning of June 9.

About three dozen state, local and federal law enforcement officers and Colchester Technical Rescue personnel searched an area known as "68 Acres" in Essex that partially abuts Vermont 15 across from Fort Ethan Allen. The area includes the Winooski River, which was searched by two boats from Colchester Technical Rescue, LaRose said.

The area covers the Whitcomb Farm on the south end of the search area and 68 Acres, which is the home of the Woodside Juvenile Detention Facility at the north end. There is a trail system throughout the area and several areas of low-lying muddy ground.

"It was pretty wet in the inner area," LaRose said. Between the flooding from Tropical Storm Irene and summer rain, little was dried out.

"It complicated things. There is standing water," he said. "We will get back down there again."

During the morning media briefing, LaRose said police would revisit areas searched before.

"We have searched many of these areas in the past, but not so much in the bigger denser area. We will be focusing on that. We will be going back to some of the areas we previously searched to make sure we have not missed any holes," LaRose said.

The cell tower area covers the Currier home on Colbert Street and where the car was located on Pearl Street in Essex.

LaRose said there has been no known communication from the Curriers or financial activity since the evening of June 8.

Police have said foul play is suspected in the couple's disappearance. LaRose released a partial timeline in the case Tuesday and noted in it that the investigation "revealed possible signs of a struggle" at the home.

He later clarified that to refer to broken

Burlington
FreePress.com

glass in a door that leads from inside the garage to the living area in the home.

LaRose also told the Burlington Free Press that when investigators entered the home with a search warrant June 9 that a bird cage was covered and that William Currier had laid out his clothes for work the next day. He said that was routine for the Curriers.

Besides Essex and Vermont State Police, officers from South Burlington, Colchester, Milton, Williston and Shelburne police, along with the U.S. Marshals Service, participated. Four members of Colchester Technical Rescue also assisted.

Before the search Tuesday, police had searched parts of Colchester, Williston, South Burlington and Richmond, LaRose said.

Police to lead ground and river search for Curriers Tuesday morning

ESSEX — Essex police plan to resume ground searches today for William and Lorraine Currier, a couple missing for more than four months.

Acting Police Chief Brad LaRose said Monday afternoon that he expects about three dozen law-enforcement officers from Essex police, Vermont State Police, several neighboring police departments and area federal agencies to participate.

He said the day will begin with a 10 a.m. closed-door briefing for the searchers at the Essex Fire Department on Sand Hill Road. A media briefing will follow as the officers begin to comb portions of the town, LaRose said.

Police have conducted several ground searches since the Curriers were reported missing in early June.

Police plan to use dogs during the searches, which will include a portion of the Winooski River. He said police plan to search targeted areas for most of the day.

Police have said foul play is suspected, but LaRose said police do not have any clear indication whether this case involves a third person responsible for the couple's disappearance or whether it is a domestic incident.

William Currier, 49, who worked at the University of Vermont, and Lorraine Currier, 56, who worked for Fletcher Allen Health Care, last were seen by co-workers as they left their jobs at about 5 p.m. June 8. Police said the Curriers are believed to have been at their home, at 8 Colbert St. in Essex, at about 7 p.m. that day, but they have not been seen or heard from since.

William Currier's sister reported the couple missing after the Curriers failed to report to work the morning of June 9.

The couple's car, a 1996 Saturn sedan, was found June 10 parked outside an apartment complex at 241 Pearl St. in Essex — less than a mile from the couple's home.

Albany, New York 12209-2095

Dear Agent Holly:

The summer of 2011 was a particularly challenging one for the Essex Police Department. In these tough economic times public safety resources are as tight as ever. I think it is safe to state that all law enforcement agencies have experienced economic strain.

The demands placed on the Essex Police Department in the past several months could not have been met without the assistance of our friends in law enforcement. I am referring primarily about the Currier case. The Burlington and Rutland Vermont Offices of the FBI came to our aid in a time of need. I know your agency sacrificed for the Essex Police Department and our community.

As the investigation progressed I asked for assistance from your agency. In the weeks and months that followed agents [redacted] and [redacted] provided hours of quality investigative work and analysis. The Behavioral Science Unit in Quantico, Virginia also provided helpful analysis and sound advice. All members of the FBI who provided assistance did so in an extremely professional and passionate manner. Undoubtedly, the FBI has an abundance of dedicated professionals that display a very deep pool of talent. b6 b7C

The Currier case remains a mystery. Hopefully, at some time in the future the case will find significant developments that will lead the investigation to a successful resolution. When it becomes necessary to refer back to the early stages of the investigation I am extremely confident that all aspects of this major case have been addressed competently. My confidence in the quality of this investigation is a result of the excellence I have witnessed.

I wish to thank all the agents of the FBI who have rendered assistance to the Essex Police Department. It is reassuring to have such resources available in a critical time of need.

Please pass along my thanks and gratitude. [redacted] b6 b7C

Sincerely,

Bradley J. LaRose

Subject: Currier UVM log ins

Hi [redacted]
I received an email from [redacted] the IT guy at UVM. He told me that the numbers he sent me in the disc I received last week were the "Firewall Logs". This week he sent me the records of the sessions on the UVM wireless network. He said that they all agree with the firewall logs. The consistent internal IP address, 10.245.41.193 means that they were all from the same wireless device. Furthermore it is an apple wireless device. I am assuming that this means that Bill was using UVM's wireless network to access stuff on his "I Touch" device. Do you know what type of information we have received from ICAC regarding that? Updated timeline and phone numbers

[redacted] b6 b7C

Sent: Monday, October 24, 2011 3:09 PM
To:
Cc: [redacted]
Attachments: Currier Master spreadsheet.xlsx (226 KB)

Hi [redacted] b6 b7C

Attached is the updated timeline. I added the 4/21/11 call from Lorraine's cell to home.

In review of Lorraine's cell phone records, as I mentioned on the phone, I saw two phone calls to [redacted] cell phone [redacted] made from Lorraine's cell, on 3/11/2011. This is the only time we have seen his cell# in any of the phone records for the Curriers, except for the possibility that when calls are made to/from [redacted] home phone number to the Curriers, it could be [redacted] while he is [redacted] (Don't forget the April or May phone calls one night between [redacted] phone # and [redacted] ..was it [redacted] and not [redacted] on the phone instead?)

[redacted]

Also while reviewing Lorraine's cell phone records, I noted several phone numbers I was not already familiar with. I tried finding these numbers via Google searches and anywho.com reverse lookup. Here are the numbers and what info I found:

[redacted]

802-656-3214: UNKNOWN (believed to be a number at UVM)

[redacted] cell# (we had this on a list somewhere...we had this # already)

802-863-4591: Yankee Medical, 276 North Ave., Burlington, VT 05401

[redacted] **UNKNOWN** b6 b7C

[redacted]

[redacted]

Good luck. Take care,

[redacted]

Essex neighbors feel loss of missing couple

ESSEX — The void in the neighborhood feels greatest during the holidays, Laurie Singer says.

Singer's family lived next door to Bill and Lorraine Currier for years. The couple's ranch-style home on Colbert Street in Essex, which used to come alive each Halloween and Christmas, has stood dormant these past six months.

"When it came to Halloween, everybody that walked by the house in the n eighborhood that knew them, they said, 'I miss the smoke that came out of the garage,' that sort of thing," Singer, 43, recalled last week.

This season, the Christmas decorations, like the singing plastic Christmas trees that once adorned the front lawn, remained stowed away.

"It's weird," Singer said.

Police detectives continue to sift through evidence in an effort to determine the whereabouts of the Curriers, who vanished f rom their home in June. Bill Currier, 49, who worked at the University of Vermont, and Lorraine Currier, 56, who worked for Fletcher Allen Health Care, were reported missing by Bill Currier's sister June 9, after the couple failed to report to work.

The Essex Police Department has two to five detectives working the case on any given day, acting Police Chief Brad LaRose said last week. The department also regularly asks the Vermont State Police for assistance, he said.

"We have developed further leads, which we are currently investigating," LaRose said. "This is information that we have developed through our investigative efforts, rather than an outside lead."

LaRose again requested that anyone with information regarding the Curriers' disappearance call the station.

The acting chief has said police suspect foul play and have uncovered "possible signs of a struggle" at the home.

Ground searches have turned up empty. Police have scoured swaths of land in Essex, as well as parts of Colchester, Richmond, South Burlington and Williston.

Burlington
FreePress.com

In the most recent large-scale ground search, which took place Oct. 25, police focused on an area around a cellphone tower in Fort Ethan Allen in Essex. The tower relayed an unanswered telephone call made at 7:26 a.m. June 9 to Bill Currier's mobile phone, police said.

"I don't envision us doing additional ground searches, unless we have specific information about a specific area, because of weather conditions," LaRose said last week.

Singer said she hopes police find the Curriers soon, to bring closure to their relatives.

"I hope for the family that something is concluded," she said.

The family has taken care of the Curriers' house in the couple's absence, Singer said.

"We always notice the house," she said. "We notice every time a cop car drives by. When the family put the light up in the 8window, we noticed instantly. ... It hasn't gone away for us."

Currier searches

Bill and Lorraine Currier were last seen leaving work at about 5 p.m. June 8. Police have said they suspect the Essex couple were at their home at 8 Colbert St. early that evening. At about 10 a.m. the next day, Bill Currier's sister reported the couple missing. By 10 p.m. that day, Essex police obtained a search warrant for the home and asked the Vermont State Police to check a camp in Norton that the family shared. The Curriers' car was found June 10 near a Dumpster at an apartment complex at 241 Pearl St. in Essex, about three-quarters of a mile from their home.

Here are searches police have undertaken:

- **June 10:** A police canine searches the area where the car was discovered.
- **June 13:** Police conduct searches at Gauthier Park, from Pearl Street west to Susie Wilson Road and the wooded area west of Lowe's on Susie Wilson Road. New England Canine assisted.
- **June 20:** Police search the dead end section of Susie Wilson Road by foot.
- **June 24:** Police search 68 acres on Pearl Street heading east; 199 Old Colchester Road; northern end of the Champlain Valley Fairgrounds; Parizo Drive, South Street; Cascade Street; Lamore Road; the pull-off area of exit 11 on the Circumferential Highway; River Road near Mazza's; Indian Brook Reservoir; Vermont 15 at the Browns River; Vermont 128 at the Browns River; the Essex side of North Williston Road; Williston Overlook; River Cove Road; Mill Pond Road in Colchester and Colchester Pond parking lot; and the water treatment area behind St. Michael's College.
- **June 28:** Cadaver dog searches near an undisclosed South Burlington residence near Burlington International Airport.
- **July 14:** Three cadaver dogs search Susie Wilson Road, Gauthier Drive and Pearl Street Park.
- **Aug. 4:** The Vermont State Police lead a search that covers Old Stage, Lost Nation, Colonel Page, Indian Brook and McGee roads.
- **Mid-September:** Verizon phone carrier provides more information in response to earlier subpoenas, and investigators determine a cellphone tower in Fort Ethan Allen was used to relay a call from Burlington to William Currier's cellphone at 7:26 a.m. June 9 that went to voicemail. The cellphone is dead and has not been recovered, but the FBI determines the general area for the next search.
- **Oct. 13:** Cadaver dog searches the north end of Kenyon Road in Richmond.
- **Oct. 25:** 34 police and rescue personnel — the largest search party in the case — comb woods, fields and along the Winooski River. Some areas are repeats, and police said they could return to some locations.

Information compiled by Essex police and the Burlington Free Press.

Re: In re: Missing Persons Case
USAO # [redacted]

Dear SSRA [redacted]

It is anticipated that matters occurring before the grand jury in the above case will be disclosed to you. This Office has so informed the United States District Court. Federal law imposes upon you an obligation of secrecy, prohibiting you from disclosing grand jury matters. Federal Rule of Criminal Procedure 6(e)(3)(B) adds that:

> Any person to whom matters [occurring before the grand jury] are disclosed . . . shall not utilize that grand jury material for any purpose other than assisting the attorney for the government in the performance of such attorney's duty to enforce federal criminal law.

If it is necessary for you to disclose grand jury materials to others in your agency for the purpose of assisting the government attorney conducting this grand jury investigation, records of your agency should be made to reflect such disclosure and the undersigned should be notified so that a report can be made to the court if required.

This is your notice of the secrecy requirement, please retain it in your files. Violations of this requirement are punishable by contempt proceedings. If you have any questions about that obligation, contact the undersigned Assistant United States Attorney.

Sincerely,

TRISTRAM J. COFFIN
United States Attorney

Title: (U) NCIC Offline searches for 6/8/11 and 6/9/11 **Date:** 12/20/2012

From: ALBANY
AL-8
Contact: [redacted] b6 b7C b7E

Approved By: SSRA [redacted]

Drafted By: [redacted]

Case ID #: 7A-AL-49246 (U) CURRIER, WILLIAM, S CURRIER, LORRAINE ESSEX, VT; 06/08/2011 KIDNAPPING

Synopsis: (U) To submit results of NCIC offline searches for 6/8/11 and 6/9/11, received from NCAVC/BAU-2, on 04/03/2012, to the file.

Full Investigation Initiated: 07/29/2011

Enclosure(s): Enclosed are the following items:
1. (U) Spreadsheet for NCIC offline searches for ORIs in Chittenden County, VT, for 06/08/2011 (7PM to Midnight)
2. (U) Spreadsheet for NCIC offline searches for ORIs in Chittenden County, VT, for 06/09/2011 (Midnight to 7AM)

Details:

On 04/03/2012, writer received two Excel spreadsheets of the results of NCIC offline searches for 6/8/2011 (7PM to Midnight) and 6/9/2011 (Midnight to 7AM) for ORIs in the Chittenden County area, in Vermont, relating to the mysterious disappearance of Bill and Lorraine Currier, from CIRG's NCAVC/BAU-2 Crime Analyst [redacted] conducted the NCIC offline searches. b6 b7C

On 04/04/2012, writer forwarded copies of the spreadsheets with the NCIC Offline search results to Detective Lieutenant [redacted], of the EPD, via e-mail, for his review.

UNCLASSIFIED

Title: (U) NCIC Offline searches for 6/8/11 and 6/9/11
Re: 7A-AL-49246, 12/20/2012

The two aforementioned spreadsheets, one for 6/8/2011 (7PM to Midnight) and one for 06/09/2011 (Midnight to 7PM) are being submitted to the file via this EC.

Hi [redacted]

I am very interested in this info. I will call you either tomorrow or Friday to discuss my thoughts. Btw, I thought the [redacted] calls were all on [redacted] There are 3 [redacted] calls in to Currier home ph on [redacted] And another call from [redacted] to Curriers on [redacted] Hmmm. One thought is it would be interesting to [redacted] Maybe you are on to something which may also lead you back to your POIs you have been looking at for some time. b6 b7C b7E

Talk to you soon,

Subject: RE: The missing Currier's from Essex

Hi [redacted]

I was on the phone with [redacted] when you e-mailed ☺. The information you've developed about [redacted] is very interesting... [redacted] b6 b7C

[redacted] In any event, this is an area that you are bound to investigate in addressing this case responsibly, and regardless of what facts will eventually reveal, you would be remiss not to look into [redacted]

That said, when an adult couple goes missing, the likelihood that the motive was personally connected to at least one of them is greater than the motive being connected to them only through a relative/co-resident. Unless there is more that I'm not aware of, I don't think that the Curriers had any significant involvement in [redacted] right? I am not ruling out a connection to [redacted] but it may not be [redacted] Could [redacted] himself have a personal motive to kill [redacted] b6 b7C

Also [redacted] and so would not be expected to be forthcoming. This may be because he has knowledge of/involvement in the Currier's disappearance, or it could be just that he is [redacted] and [redacted] b6 b7C

that [redacted] can't (obviously) report... Or [redacted] for that matter. But why abduct the Curriers? Even if you felt that they [redacted] why not just kill them right there and leave them?

Have you obtained the results of the forensic examination of the laptop that William Currier had just given away? I still believe that when you have a victim who has kept aspects of his life hidden, (especially sexual aspects), this is something that is a likely area of risk; at times extreme risk. Even if the motive in this case is not connected directly to William's computer activity, it may very well have to do with other actions he took, other connections he made in service to whatever interest(s) he was addressing through such activity.

I hope this adequately answers your questions [redacted] I know you're working hard on this case, and I will remain available to help. b6 b7C

Good luck + take care,
[redacted]

Hi [redacted]
I have been receiving some more information about [redacted] which may put this case in a different light. The short version is that [redacted] was more involved in [redacted] than initially suspected. At times he was seen [redacted]

FBI Records: The Vault — Israel Keyes LastKnownContact.com Part 09: Pg 121 / 184

[redacted] Does this make sense to you? I hope all is well on your end. [redacted]

Contact: [redacted]

Approved By: SSRA [redacted]

Drafted By: [redacted]

Case ID #: 7A-AL-49246 (U) CURRIER, WILLIAM, S CURRIER, LORRAINE ESSEX, VT; 06/08/2011 KIDNAPPING

Synopsis: (U) To request captioned case be closed; and to submit the Currier spreadsheet to the file.

Full Investigation Initiated: 07/29/2011

Enclosure(s): Enclosed are the following items:
1. (U) A spreadsheet containing a master timeline and misc other timelines of information regarding Bill and Lorraine Currier from 4/11 to 6/11.

Details:

It is requested that captioned case be closed. By way of background, this case was opened, in July 2011, to assist the Essex, Vermont Police Department with their investigation regarding the mysterious disappearance of Bill and Lorraine Currier, of Essex, Vermont, who were reported missing by a family member on 06/09/2011, when Bill and Lorraine Currier, both did not show for work at their places of employment that morning. From July 2011 to April 2012, writer assisted the EPD with their missing persons investigation. During this time frame, writer reviewed all documentation collected by the EPD, including police reports, employment, medical, phone, e-mail and

UNCLASSIFIED

Title: (U) Request to close case.
Re: 7A-AL-49246, 12/21/2012

financial records for the Curriers, as well as results of the computer forensic examination results for the Currier's home computer. Writer created a spreadsheet, which covered a time period of April 2011 through June 2011, for the purpose of creating a timeline of the Curriers' whereabouts and events occurring in their lives. The timeline was created for the purpose of assisting investigators with determining what may have happened to the Curriers. (The spreadsheet is being submitted to the file via this EC.)

During the evening of 04/06/2012, writer was notified by FBI Anchorage's SA [redacted] that FBI Anchorage had a subject in custody, Israel Keyes, who kidnapped and murdered an 18 year-old named Samantha Koenig, on 02/01/2012, in Anchorage, Alaska. Keyes, who confessed to murdering Koenig, also confessed to kidnapping and murdering Bill and Lorraine Currier, in Vermont. From the time of that phone call, on 04/06/2012, until present date, writer continued to provide assistance to FBI Anchorage for their investigation regarding Keyes and the kidnapping and murders of Bill and Lorraine Currier. However, all paperwork and reports, from that time forward, were documented to FBI Anchorage's file number 306-AN-15642. On 12/2/2012, writer was notified by Anchorage SA [redacted] that subject Israel Keyes was found dead in his jail cell that morning. Keyes committed suicide.

b6
b7C

In light of the above, it is requested that captioned case be closed.
